STATE SOLONS ARRIVE FOR BIENNIAL INSPECTION

'A' GIRL DEBATERS MEET 'U' CO-EDS ON TUESDAY

Fraternity and Sorority Question Issue.

Aggies Experienced

To Be Held in Tabernacle at 8:00 p. m.

The initial intercollegiate debate of the season will take place on Tuesday, February 1, when one U. A. C. Woman's debating team, upholding the affirmative side of the state question, will meet the U. of U. opposition in Logan, and the other, or negative team, will journey to Provo on the same day to debate with the B. Y. U. The local debate will be held in the tabernacle at 8 p. m., and is open to all townspeople and students.

With only two women from last year's varsity team back, promising debaters from the Brigham Young College, the Logan High School, and South Cache High school, have been recruited to fill the vacancies, and according to Prof. Vickers, debating coach, their ability is reassuring. All of these women have had either college or high school inter-school experience, and come to the Aggie team as seasoned debaters. The negative team is composed of Louise Shepherd, Leora Tarbett and Miriam Maycock; the affirmative team is composed of Abbie Scholes, Laura Bankhead, and Elsie Wyatt.

Miss Shepherd, who debated at the A. C. last year, came to the College with two years of inter-scholastic experience at Logan High; Miss Tarbett, also of last year's team, has had one year high school experience at the B. Y. C. Miss Maycock and Miss Scholes came directly from college debating at the B. Y. C. Both have also debated on B. Y. high school teams also. Miss Wyatt, from South Cache, and Miss Bankhead from Logan High had each one year of inter-school debating. Miss Bankhead is the only Freshman on the team, and is probably the youngest student ever to represent the college in this activity.

A pertinent issue challenging the attention of every thinking college student and every one interested in colleges, has been chosen as the state question. It reads: "Resolved, that social fraternities and sororities be abolished from American colleges and universities."

Paewai Relates Customs And Problems of Maori

Cosmopolitan Club Talk Well Received.

Niki Paewai, native New Zealander, gave a well received talk before members and guests of the Cosmopolitan club Friday night.

Mr. Paewai's talk centered about the agricultural and government problems of New Zealand and the tribal customs of his people, the Maori's. He was chosen by his home government to study in America means of improving the present Agricultural and social conditions existing in New Zealand. He intends doing four years of college work at the Utah Agricultural College and two years of advanced study in the east, before taking up the governmental duties that await him at home.

The club meeting was well attended. It is one of a series planned by the club officers to which students and faculty members are heartily invited. Members of the club and people interested in hearing the talks are asked to watch the bulletin board for the notice of the next meeting.

Notice to Seniors

According to a recent ruling of the College Council, all Seniors must submit an application for a degree. These applications are due February 1. Forms may be obtained at the Registrar's office.

REGISTRAR.

DR. WILFRED T. GRENFELL

THE famous medical missionary, Dr. Wilfred T. Grenfell, is to lecture here in the near future, and will prove to be one of the outstanding platform treats of the season. Dr. Grenfell is known the world over as the man who accomplished the seemingly impossible in his remarkable service to his fellow-beings on the bleak and barren coast of Labrador.

Grenfell to Speak in Chapel Wednesday On His Experiences

Famed for Medical Missionary Work on Coast of Laborador

Dr. Wilford T. Grenfell, famous medical missionary, will speak in chapel Wednesday on the regular lecture series. Dr. Grenfell unfolds epic stories of the northland in his tales of work, service and achievement on the barren coast of Laborador. His are stories that kindle the imagination and stir the hearts of all who believe in the brotherhood of man.

Unsought honors have been heaped upon Dr. Grenfell because of his generous service in the interests of his fellow men. His story is one of accomplishment in the face of seemingly insurmountable difficulties.

Dr. Grenfell first visited Labrador in 1892 and then began one of the great service works of the world, covering one thousand miles of coast with hospitals, nursing stations, orphanages, school, a Seamen's Institute, a hospital steamer and a fleet of first class power boats.

His subjects are "Midst Ice and Snow in Labrador," "Tales of the Labrador," "The Adventure of life."

Secretary W. M. Jardine Opens Stock Convention

Aggie Cabinet Member to Hear Stockmen's Testimony

Secretary of Agriculture W. M. Jardine, who came west to hear testimony of stockmen in opposition to the increased grazing fees proposed on national forests, was the principal speaker at the opening day's session of the thirtieth annual convention of the American National Livestock association Tuesday. The livestock men, here from a dozen western states, opened their convention at 10 o'clock in the Hotel Utah with C. M. O'Donel, New Mexico, president of the association, presiding. Governor George H. Dern delivered the address of welcome for the state, with J. M. Macfarlane Salt Lake, president of the Utah Cattle and Horse Growers' association extending felicitations for the stock men of Utah.

A. W. S. Hold Girls' Meeting; Mrs. Moench Bell Reads Play

The A. W. S. held another of its series of girls' meetings Monday.

President Erma Worley was in charge and the program given was vocal numbers by Ondulyn Eckersel, gypsy dance, Olive Ensign, another of Vesta Schaub's clogging stunts, a medley of popular choruses by Annie Pearson and the reading of a one-act play by Mrs. Ruth Moench Bell.

Mrs. Bell prologued her reading with a short informal talk on the opportunities and responsibilities of college girls. The play she read was a Harvard Workshop play, called "The Bank Account."

The faculty at the University of Minnesota numbers 1,250, making it the largest faculty in any American college.

HIGH SCHOOL DAY COMMITTEEMEN MAKE PLANS

Coach E. L. Romney Chairman of Central Committee.

To Come May 7

Competition to Be Done at The High Schools.

The committee in charge of High School Day met on Tuesday to begin preparations for the day, to be held May 7, which is an annual affair at the College. Members of the committee are as follows: Coach E. L. Romney, chairman; Henry Oberhansley, Dean Dancy, Alice Keeley, Sydney Stock, Thelma Fogleberg, Vera Carlson, Frank Christensen, J. R. Jensen, Reed Bailey, Walter Hall, Clinton Vernon, Marjorie Gowans, and C. E. McClellan.

The committee members have been divided into sub-committees which include: Invitation, Reception and tour of Campus; Transportation Lunch and Band Concert; Horse Shoe Pitching; Tennis Tournament; Northern Division Track and Field Meet; Scholastic Competition, and the Assembly.

The meeting was short, as it is yet rather early to make plans. The Scholastic Competition committee, however, is beginning work at once. Because of limited time on May 7, they find it well to have most of the competition of such a nature that the work can be done at the High School and merely judged at the College. The committee finds that care must be taken in mailing out instructions to competitors, so that they may know definitely where and when competition will be held. This committee includes Reed Bailey, C. E. McClellan, Sydney Stock and Miss Thelma Fogelberg.

The purpose of High School Day—is to help advertise the College and its advantages to the graduating classes of the High Schools in the state and also of Southern Idaho. The competition, sports and the scholastic competition makes the day one of interest and worth to the many students of secondary schools who hope to come to college.

Accounts Rendered On Faculty Women Loans

Several Loans Can Be Had Upon Application Very Soon.

In this issue of Student Life is given a report of the U. A. C. Faculty Women's League Loan Fund. This fund, started in 1918-19 with a deposit of $50 as a nucleus, has increased until at the present time it amounts to approximately $1270. In establishing the Loan Fund, the Faculty Women's League felt that there was need of such a fund to help girls complete their college course. Senior girls have always been given preference in the lending of money from the fund, although there have been exceptions.

While the report shows that at the present time there is no balance, still several notes will be due within the next few weeks. If any girls (Senior girls preferred) are interested in borrowing money from this fund at the nominal rate of 4 per cent, it would be well at an early date to get in touch with the Loan Fund Chairman, Mrs. Pittman (Experiment Station).

(Continued on Page Two)

Plummer-Camp Flag To be Awarded in Chapel Today

O. M. Plummer who was to have presented the Camp-Plummer flag and talked on club work in the Student body meeting scheduled for today will make the presentation in the special assembly for the visiting legislators. The flag signifies highest honors in club work and becomes the possession of the Extension Division for a year. Dr. William Peterson, Director of the Experiment Station and Extension Division will receive the trophy.

LAWMAKING BODY TOURING CAMPUS AND INVESTIGATING DEPARTMENTS BEFORE VOTING ON APPORTIONMENTS

Roster of Legislature Contains Names of 75.

The State Legislature for 1927 is composed of seventy-five members. This number is exclusive of the many state officers, clerks etc. that function with it. The ranks of the visiting law makers is swelled by some of these state officers and also by the presence of many of the Legislators wives, bringing the total up to about 130.

The political body is extremely cosmopolitan being made up of Farmers, Doctors, Lawyers, Stockmen, mining men, and in fact men from every walk of industrial life in Utah, drawn from every corner of the state. A. B. Irvine, Salt Lake is president of this year's senate. A. M. Jorgenson, Salina, is Speaker of the House. A complete roster of the Legislature follows:

Box Elder—John W. Peters, Brigham.

Cache—Wm. H. Griffin, Jr., Logan.

Rich, Morgan, Summit, Wasatch and Dagget—Fred Egan, Park City.

Weber—John S. Lewis, Ogden, C. R. Hillingsworth, Ogden.

Duchesne and Uintah—Thos. W. O'Donnell, Vernal.

Salt Lake—Herbert S. Auerbach, Salt Lake; E. R. Callister, Salt Lake; Dr. C. F. Westphal, Magna; J. Wilmer Booth, Midvale; Hamilton Gardner, Salt Lake; A. B. Irvine, Salt Lake;

Utah—Lecoy Dixon, Provo; Clifford E. Young, American Fork.

Juab and Millard—Joseph T. Finlinson, Leamington.

Sanpete—W. D. Candland, Mt. Pleasant.

Sevier, Wayne, Piute, Garfield and Kane—D. H. Robinson, Junction.

Beaver, Iron, and Washington—Lucius N. Marsden, Parowan.

Carbon, Emery, Grand and San Juan—Knox Patterson, Moab.

Davis and Tooele— Henry W. Stahle, Bountiful.

House Of Representatives

Box Elder—A. W. Hansen, Fielding; C. J. Dewey, Deweyville.

Cache— N. F. Dullen, Richmond, John H. Kemp, North Logan, Howard P. Leatham, Wellsville.

Rich—T. J. Tingey, Woodruff.

Weber—Louis J. Holther, Ogden, David L. Stine, Ogden, C. K. Winans, Ogden, D. J. Hammon, Roy.

Morgan—H. N. Crouch, Morgan.

Davis—W. P. Epperson, Kaysville.

Tooele—John J. Gillett, Tooele.

Salt Lake—Byron D. Anderson, Salt Lake, Claude Anderson, Garfield; M. B. Andrus, Draper, M. C. Ashton, Salt Lake, Horace C. Beck, Salt Lake, W. A. Crane, Herriman, P. H. Coggin, Salt Lake, Mrs. A. J. Lowe, Jr., Salt Lake, Ray S. McKitty, Salt Lake, R. Verne McCullough, Salt Lake, Milos E. Miller, Salt Lake, W. J. Coppin, Salt Lake, Mrs. Julia Smart, Salt Lake, C. L. Spiegel, Salt Lake, Mrs. H. S. Tanner, Salt Lake, Elias S. Woodruff, Salt Lake.

Summit—R. R. Fletcher, Parley's Park.

Wasatch—James B. Wilson, Midway.

Utah—J. O. Stone, Vineyard.

(Continued on Page Two)

Former Dean Sends Furniture Fund Gif'

Others Contribute Recently

Miss Jessie Whitacre, former Dean of the School of Home Economics at the College, just recently sent her check for $50 to go towards the furniture fund of the new Home Economics practice cottage.

Dr. Whitacre took her Ph. D. at Chicago last year, and is now located in Texas in charge of Home Economics research under the Purnell act in that state.

Other recent contributors to the Cottage fund are: Mrs. E. G. Peterson, Miss Helen Knott, and Miss Vera North, a senior student of last year.

Party On 2-Day Visit to College and Cache.

Sensing its responsibility to the people of the State of Utah, who look upon the Agricultural College as a vital force in the educational system of the State, the Legislature, in keeping with long established custom, today is paying an official visit to this institution. During this visit, buildings will be inspected, curricula reviewed, an inquiry made into administrative problems as they may be represented by the Board of Trustees, the President and Deans of the various schools of instruction. Having thus obtained first-hand information concerning the college, the Legislators naturally will feel better qualified to act upon matters affecting this school, which may later be brought to their attention.

Governor Dern has just submitted his budget recommending the appoctionments to the various state departments including the department of Education. The Utah Agricultural College's apportionment appears as a separate item under the appropriations directed to education, and will be voted on as a separate item. It is mainly to secure such information as will enable them to pass upon the college's apportionment, knowing at the time of voting the conditions at the college, that the Legislators are here today.

The party of visitors which numbers about 130 left Salt Lake City yesterday at 2:00 p. m. on a special Oregon Short Line train. The first stop of consequence was made at Wheelon at 4:15 p. m. where the Utah Power and Light Company's power project, Cutler Dam, was inspected and dinner was served to the visitors. The power plant inspection lasted up to 6:30 p. m. when the party entrained for Logan where they arrived at 7:20. Upon arriving at Logan the Legislators, now the guests of the college and Logan City, were whirled to the several stopping places prepared for their reception, the Hotels Eccles and Logan and the College dormatory, where they refreshed themselves and rested. At 8:15 they were the guests of the college at the Tipica Orchestra concert at the Capitol Theatre. The encampment film

Players Fail to Talk Parts "Trippingly On The Tongue"

Hesitancy Due to Lay Off

Members of the cast of the "Goose Hanks High" met Wednesday night in an effort to recall their lines of two months past. It was a stuttering group that went through the first rehearsal in preparation for the Idaho tour.

Chester J. Meyers, director, thought five or six more practices would see the cast as finished as when it produced the play before Christmas. The entire cast are not hesitant in expressing their enthusiasm about the trip. Their one desire being to leave the towns in which they visit with the idea that U. A. C. ranks high in drama.

According to George Harris, manager of the varsity players, arrangements are now complete and Pocatello, Rexburg, Blackfoot, Shelley and St. Anthony will be the towns visited. The art department is busy painting banners for each of the towns played. The Bingham stage line is going to furnish a big coach for the transportation of the cast, director and manager.

The cast which will make the trip are as follows:

Mr. Bernard Ingles..... Fred Hogan
Mrs. Ingles..... Virginia Wardley
Hugh Ingles..... Reed Johnson
Lois Ingles..... Emma Green
Brad Ingles..... Lee Skanchy
Dagmar Carrol..... DagMar Lyman
Aunt Julia..... Mrs. Fred Hogan
Ronald Murdock..... Rulon Walker
Noel Derby..... Paul Layton
Leo Day..... Heber Ellsworth
Mr. Kimberly..... Ted Carlisle

1903 Aggie Footballers Meet At Luncheon

Jardines, Peterson, Adams, Swendsen, Caine, on First Squad To Lick Utes.

Days of Aggie football in 1903 were recalled at a luncheon Tuesday given in honor of Aggie gridders of that year. The eleven of that season was the first ever to defeat the University of Utah and Secy. of Agriculture William M. Jardine, who is now a Salt Lake visitor, played left halfback for the Blue and White machine.

Those on the team in 1903 included: Secy. Jardine was left halfback and captain of that 1903 squad. O. W. Adams, vice president of the Utah State National bank, who played the other half back position, was host. Warren G. Swendsen, recently Idaho commissioner of reclaimation, now with the Amalgamated Sugar company at Twin Falls, manager; John T. Caine III, chief of the packers and stockyards administration of the department of agriculture, trainer, and Dr. E. G. Peterson, president of the college now, publicity manager, and J. T. Jardine, director of the extension division of the Oregon Agricultural college, brother of the secretary, who played in the line, completed the reminiscing group.

University Students Exposed to Radical Second Time in Year

Erstwhile Harvard Grad Calls Student Aid in Armed Revolt

The sanctity of the University student body has been violated again. Coming about a month after Scott Nearing's famous visit, Albert Wefsbord, strike leader, communist, and Harvard graduate, gained access to the campus and succeeded in delivering a violent tirade to an audience of students and faculty members against the "capitalist system" without any of the University authorities being the wiser until the damage, if any, was done.

That the seemingly inocuous talks on labor problems by a Harvard graduate, to which Dr. Thomas readily gave his permission, should develop into plea for the students to join organized labor in an armed revolt against the present system, was more than Dr. Thomas had counted on. Permission to hold the meeting would have been denied, he says, had he only known definitely the nature of the talk to be given.

Dr. Welsbord's audience proved to be skeptical in spite of its being composed of reputed "radicals" and he was closely questioned after his speech on some of his most radical statements.

The talk was not sponsored by any specific group, but mainly by students who had heard him speak Sunday at the Labor temple.

Principals In Trial By Programs Remain Silent

February 4 and 11 Wreathed In Deep Mystery

Little can be learned as to just what is going on in the rival camps in the line of preparation for the coming trial by programs, which begins February 4 and ends February 11.

The girls say that Feb. 4 will see "an array of talant the like of which has never been shown" cavorting on the chapel stage with a "nerve, vigor, splendor and dash that will petrify the boys."

On the other hand the boys have stewed up a virile collegiate concoction of campus cleverness that they say they daren't breath a word about for fear of causing the girls to default in despair.

The rest of the student body is marking time till Feb. 4 rolls 'round. They've got to be shown!

Did you hear of the Scotchman who, during the last eclipse, tried to send a telegram as a night letter?

"Yep, getting prepared for being run out of school." —Ex.

$855 PLEDGED TO AUGMENT ANNUAL FUND

570 Notes Signed For February Payment

Publication Assured

Various Sources Increase Total to Near $3,000.

Unusually fine cooperation on the part of the Student Body in the matter of financing a Buzzer for this year has given prospects a more hopeful cast than at any other time during the quarter. In fact it is a certainty now that there will be a year book even if it must be a somewhat deleted one. Present plans for accumulation of funds bring the total available to nearly $3000. The sources listed are as follows:

With added registration of this quarter there is in the regular fund..... $500.00
Advertising should bring..... 250.00
Sale of space will add..... 450.00
There is a surplus in the General Expense Fund which will warrant a transfer of..... 200.00
During chapel services Wednesday voluntary pledges of $1.50 were made by 570 students. These total..... 850.00
The grand total of these approximate figures is..... 2500.00

There is a debt from last year's publication, which was illegally incurred and which will in all probability be repudiated, which will advance the fund another $280.00. Also there is a probability that because of the unprecedented favorable balance of other student body accounts there may be a loan of a hundred dollars or so negotiated between departments. This would be repaid at fall registration next year.

Several applications have already been received by the executive committee for the editorship of the current annual and others are expected. These must be delivered at the college post office, addressed to President Frank Christensen, before noon day at noon, for the committee is to choose among them at that time in order that a beat for the publication may have as long a period as possible to plan and produce. Manager Sheldon Winn has asked that he be considered for the position, and is really well qualified in that he has followed the whole situation closely ever since it was first precipitated. In case of his success Richard Stratford, present assistant manager will become manager and the committee will select another assistant. Rex Ostler, in his resignation, suggested and highly recommended Clinton Vernon, who is an associate editor, for the position; the other associate, Harold Peterson, may also be a candidate. A number of students who have had experience on high school staffs may decide to cast their hats into the ring.

Whoever may direct the book must have the united support of individuals and organizations in order to produce a worthy product before the close of the Spring quarter. Usually at this time copy and photographs are well on their way into type and

THE LEGISLATORS AND THE COLLEGE

Student Life, voicing the sentiment of the entire Student Body, whole-heartedly welcomes the Legislature to this campus. As students we are glad to see the Legislators and to know of their interest in this school. The Utah Agricultural College, we are aware, is a State school with state-wide functions; and the Legislature, made up of men and women representing all counties of the State, must make sure that this institution fulfills its functions, not only upon this campus but also on the farms and in the homes and communities of Utah.

The Student Body entertains the belief that those who make up the present Legislature are favorably disposed toward this school. In all probability today's visit will strengthen their desire to see the institution flourish. We are certain of this, if the distinguished visitors will look for a moment beyond our buildings and grounds, beyond our budgets and catalogs, and catch a glimpse of the hopes, the ambitions and the desires of the young men and women who in these halls are seeking both physical and mental equipment that will enable them to become useful citizens, capable of successfully coping with the problems which in the future will confront the citizenry of Utah. After all, is not the true worth of legislation affecting education measured accurately by its effect upon student welfare?

As students we sense here no policy but what aims to advance the moral, social and economic welfare of the Commonwealth; we see here no faculty member, nor any of our own group, but who shares the high ideals of this institution; and there is not one of us but whose earnest hope is that the Utah Agricultural College may be permitted to fill an ever greater place in the hearts of the thousands of people it regularly serves.

AGGIE PEP'S ELAN VITAL

As Student Life pointed out last week, there are any number of extinct organizations supposedly extant in some form on the campus which seem to be like the century plant in their blooming habits. In this issue we should like to call the attention of the student body to the Intercollegiate Knights, who seem to us to belong more to the genus of the ever-bearing strawberry.

About fifty percent of the vaunted Aggie Fight has its inception, at least, in this organization of avocational athletic fans. They convene rallies, lead cheers, inaugurate new stunts, publish dope sheets, and in a thousand ways act as flunkies to the Great God Sport.

A queer fact about the club is that a former president of the institution denied a charter to the group of original members. These men, undaunted by lack of official recognition, went ahead with their plans and quoted the president's words as the name or the organization, calling it the Be-No Club. This club was among the first of its kind in America—since that time a number of national, intercollegiate groupings have been formed, such as the Knightsenf which the Be-Nos are now a chapter.

One of the best ways to boost the school is to boost its athletics, and boosting the Be-Nos is achieving this end.

WHY PROFESSORS GET GRAY

These are some of the reasons: The bluffer. The boy with the loud voice and empty head. The fellow who took the course before. The sweet little co-ed who doesn't know what it's all about, but who needs at least a B in the course. The silent third who might have something worth while to say but who keeps this something hidden. The collegian who hasn't read that far in the text and attempts to stage a filibuster and throw the class off the track. The deadly serious young radical who knows only that he's radical. The equally serious young conservative who believes only what his grandfather believed. And the boy who is taking the course just for the credit. The sleepers don't count unless they snore.

Sixty years of class discussions have given us sympathy for the professor. No wonder he gets gray.—Ohio State Lantern.

Sponsors Burst Forth In Chic New Uniforms

To Appear Once a Week

The sponsors of the R. O. T. C. Regiment came out in their new uniforms for the first time this year last Tuesday. To commemorate the occasion they paraded through the main halls and visited the Military Science Classes. The girls intend to wear these chic white uniforms, now lacking only a cap to be complete, at least once a week for the rest of the year.

COLORADO U. is planning an all-university wrestling tourney, the patch of which is a silver loving to be handed to the winning team. Fraternities are asked to enter teams.

U. OF S. CAL. deplores its lack of upper-class tracksters; has too many dash men and not enough out for either distance runs, jumps, shot put or discus. Work of freshmen promises rosy future in track.

The Ivory Tower

L. S.

Solons and Sororities
Black Bottom
"Abbies' Irish Rose"
Buzzer

Who would like to be a solon today? what? What I can't understand is the fact that legislators want more pay.

They come up to Logan on a special train, state pays for that, dine at the expense of chamber of commerce and what's best of all sleep in sorority homes. We poor boys are kicked out after twelve on Saturday night. Maybe state solons were college boys when sorority houses were unheard of. Guess the girls want to show them the advantages their boys would have in college today as compared with their time. Its a good way to break down the predjudices of some of the men regarding sororities as a place to idle, smoke and pet.

I'll bet the legislators will pass a bill, when they go back to the capitol, making it a felony to even charge sororities rent.

Black Bottom is what the latest dance is called. I hope it doesn't look as dowdy as it sounds. One could easily get the impression if you hadn't seen the dance, that the antics would include a lot of sitting down business. I guess when you dance it, you are required to wear white pants, so the dance will be more pronounced.

"Abbies Irish Rose," is going to come to Logan again. This perenial comedy of Anne Nichols has completed over 2000 performances on Broadway. Just think, over five years at the same theatre. The author has made over five million on this little vehicle. And every one wonders why? It was refused by many producers when it was written. Heywood Broun once said, "What could be a greater curse on the theatre goers than to wake up some morning and find "Abbies Irish Rose" playing in all the theaters in New York. One visitor remarked that "the company has leased a Christmas tree reserve." When it plays in Logan again it will be the fourth Xmas tree they have used here, so you can easily see the cause of the great shortage in Xmas trees.

Well I guess everybody is rejoicing over the fact we are going to have a Busser. It would have been nothing short of a tragedy to let our freshman class go home without them being able to show their parents some tangible result from college. Why a picture to them means as much as the bizarre senior garb means to the graduates.

And think of the boy who was a sub on the basketball team who never even got his name in print, going home and not being able to show his folks he at least wore an suit.

Cross Questions Part of New Debating System

Chairman to Judge Questions

Embodying a pseudo-judgeship and a system of cross-questioning, an entirely new style of debate will be inaugurated at Washington University this year.

A modified form of the Oregon method will be employed, consisting of a 20-minute speech from each team, each talk being followed by 10 minutes of cross-questioning, and a final summary and rebuttal, 10 minutes for each side. The chairman will cease to be a figurehead and will act more in the capacity of the judge, as he will decide upon relevancy of questions asked by the debaters and will also act as interpreter of certain issues brought up.

Colorado Court Ousts Lindsey; Was On Chapel Speaker Series

Ben B. Lindsey the famous juvenile court judge who spoke in chapel not long ago on "Why Kids Lie" has recently been ousted as judge of the Denver juvenile court.

Judge Lindsey, whose fame is international, was removed by the State Supreme Court upon the action of his late opponent in the recent election.

Characterizing his removal as "the most astounding thing" he had ever seen Judge Lindsey avows that he will fight to the bitter end.

engravings, while at present extremely little has been done.

Bids from various publishing plants in the state will be asked for without delay, as soon as a plan can be formulated for a book to cost not more than $3000. The photographing, too, will begin immediately.

The executive committee earnestly requests that all those who have signed pledges remit within the next few days. It is hoped that others who did not see fit to pledge themselves will add their contribution to the total signed for. Committees will be handed the signed slips to collect in person.

Make the Grade with a Remington Portable

STUDENTS everywhere have found the Remington Portable Typewriter indispensable in their college work.

You can't get away from the fact that neatly typewritten reports and theses get better attention from the profs, and very often mean better marks.

The Remington Portable weighs only 8½ pounds, net. It is the smallest, lightest, and most compact portable with standard keyboard. The machine can be tucked away in a drawer when not in use, for the case is only four inches high.

This handy helper, which takes all the drudgery out of college work, can be bought for as little as $10 down and $5 monthly.

Under The "A"

Elmo Keller, an Aggie of last year, was a dinner guest at his fraternity house, the Delta Nu, Sunday afternoon.

Prof. Frank R. Arnold entertained Roy Ross and Lyle Watkins at dinner at the Hotel Eccles Sunday.

La Mond Robinson, George Q. and Claron Spencer of Salt Lake, and Delbert Smith and Jack Freeze of the U. of U. were guests of the Delta Nu fraternity Monday evening. They attended the Frat Melee.

Frank Beal was the guest of Velva Backman at the dormitory Monday evening.

Lois Dunn was the dinner guest of Ruth Hart at the dormitory Wednesday evening.

"Pug" Warner, Sigma Chi of Salt Lake, was a dinner guest at the fraternity house Saturday evening.

Pi Kappa Alpha announces the pledging of Harry Todd.

The active members of the Zeta Chi sorority were entertained at a slumber party at the home of Mrs. Wayne Henrie, Saturday evening, after the basketball game. The fore part of the evening was spent pulling candy and popping corn. Several snappy vaudeville stunts were put on by different groups. Breakfast was served to twelve girls.

Monday evening following the Fraternity Melee, the Midas entertained their partners at a buffet luncheon at the chapter house. Entertainment was furnished in the form of impromptu songs and stunts. Twenty-eight couples were present.

Pi Kappa Alpha announces the final initiations of Vernon Budge, Charles Harding, Hoard Tanner, Jean Ostler, Reynold Reeder and Alma Burgoyne.

Dr. and Mrs. Gardner were the guests of the Epsilon fraternity Sunday afternoon for dinner.

Friday evening a few of the dormitory girls were entertained at the Pi Kappa Alpha house after the basketball game. Cards and dancing whiled away the hours. The girls were Helen Hyde, Fannie Spencer, Connie Shaw, Helen Towers, Frankie Miles and Phylis Peterson. Light refreshments were served.

Edythe Johnson returned to school Monday after an illness of two weeks at her home in Preston.

Ethyl and Winifred Holmgren were the guests of their sister De Esta at the dormitory Monday evening. They attended the Fraternity Melee.

Enoch Hansen, an Aggie student, has for some time been confined to his bed with pneumonia.

Virginia Pfister spent the week-end at her home in Ogden.

The Sorosis sorority will entertain at a dinner dance this evening at the Hotel Eccles in honor of the following pledges of the sorority: Truth Taylor, Melba Thornley, Erma Lloyd, Roma Middleton, LaMar Lyman, Hazel Cook, Elva Boden and Orpha Sweeten. Mrs. Carrie C. Hendricks will act as toastmaster and the following will respond: Bessie A. Merrill, Helen Pett and and Damaris Sutton. The Arcadian orchestra will furnish music. The committee in charge consists of Margaret Thomas, Faye Pedersen and Florence Sutton.

* * *

Clinton Vernon has returned to school after recovering from an appendicitis operation.

* * *

The Phi Caps entertained at a house party after the game Saturday night. Those present were: Verna Walker, Leah Edwards, Louise Frandsen, Hortense Marble, Janice Jenson, Thelma Taylor, Faung Geddes, Sermon Smith, Alton Maughan, Bill Burnett, Sterling Reese, Dode Cranney, Eldon Cates and Theron Smith. Cards and dancing were features. Luncheon was served.

Pratt Wright, Aggie graduate of '25 was a campus visitor and week end guest at the Epsilon house. He is teaching school at Hinckley, Ida. LaVern Zundell spent the week end at her home in Willard.

Mr. and Mrs. Frank L. West were dinner guests at the Epsilon house last Thursday evening.

Lenore Croft, Roma Knight and Normia Watkins former Aggies and Sorosis attended the basketball games in Logan last week-end.

Final initiations were held at the Theta house, Saturday night.

Final initiations were held at the Epsilon house last week for Thais Merrill, Ernest Dutson, Earl Hawkes, Lee Roberts and Vernon Dutson.

The Gamma Xi Gamma sorority entertained at the home of Evelyn Hodges Thursday evening. Stunts, games. A delicious luncheon was served.

The Omega Tau fraternity announces the completion of final initiations for DeWitt Smith and Russel Keetch.

Miniature of Military Ball Decorations Shown Sponsors

A miniature representing the decoration scheme for the Military Ball has been prepared by the Committees in charge of the Ball and was shown to the cadet officers and sponsors yesterday. Those who caught a glimpse of the miniature agreed that the plan under way is unique and new.

The committee in invitation are at work with their lists, and wish students to hand in the names of those whom they would like to come to the ball. Names of only those who are likely to come should be handed in. A ballot box for the lists will be publicly posted soon. In the meantime Allen Bollsen weiler and Bonne Adamson will receive the names.

U OF IOWA is having an athletic plant built which will be the largest of its kind in the world. The building covers three acres and on being completed will include a gymnasium, locker room, and showers for 5,000 students, sixteen handball and squash courts, a swimming pool, and a field room in which will be eight tennis courts, one regulation sized football field, one regulation sized baseball diamond, a cinder track—including a 100-yard straightway—, and a soccer field. (Sounds like a fairy tale, but it isn't.)

Melee Among Social Successes of Season

200 Guests in Attendance

A check for the Melee.— Last Monday night at the Dansante, the Frat Melee, one of the biggest of annual Aggie social functions, was put over by those in charge in a style that the guests have described as "peppy" "well done" and "one of the best this year".

The hall was decorated in the colors of the several fraternities, the feature of the decorations being a large disc in the center or a black and white border composed of the emblems and crests of the seven fraternities participating.

About two hundred couples were present. The patrons and patronesses were President and Mrs. E. G. Peterson; Dean and Mrs. F. L. West; and Mr. and Mrs. F. P. Champ.

The Arcadians furnished the music. The programs were formal, lettered in gold and white. Wafers and punch were served.

Credit for the affair is due to The Panhellenic representatives and the officers of the seven campus fraternities who lent their efforts and influence to make the party the success it was.

score or more parties and each group lead by professors and students set out. The morning tour lasted up to 12:00 o'clock, noon, when the whole party repaired to the college cafeteria for dinner.

In the afternoon there will be a special assembly. The program of which appears on another part of the page. After the assembly the inspection will be resumed until 4:00 when a light cafeteria luncheon will be served and the visitors will leave the campus for their train which leaves at 5:00.

President H. G. Peterson and several others journeyed to Salt Lake yesterday morning and returned with the party yesterday evening.

The college officials are working under the direction of Prof W. W. Henderson, chairman of the central committee. The local Chamber of Commerce and leading townspeople are aiding materially, especially in the housing and transportation of the visiting body.

Music will be furnished at the noon meal in the cafeteria by a string trio composed of the Misses Geneva Schaub, Leah Schaub, and Melba Thornley.

Farmers Battle Bobcats in Season's Toughest Series

TWELVE OF HOOP SQUAD TO TRAVEL TO BOZEMAN IN PRIVATE PULLMAN; COMING CONTESTS SEEM CRUCIAL

Ott Romney's Rangy Crew Constitutes Chief Competitor for Conference Cup.

PRIVATE CAR CHARTERED

Dick Romney, twelve of U. A. C's. finest, Trainer George Nelson, and Manager Kenneth Smith, leave Sunday at 4 o'clock on a special Pullman for Bozeman. Reduced rates have been offered for the private car, which enable fifteen men to be taken for only a few dollars more than the customary ten. The private car also obviates the necessity for an extra night's stay at a hotel with attendant expenses.

The team will return Wednesday at seven if the game projected at Pocatello does not materialize; otherwise sometime Thursday.

THE BOBCATS

If Romney is able to beat his brother Ott, at Montana State College in Bozeman next Monday and Tuesday evenings, he may well lay claim to having the sort of basketball team Coach Roberts of the B. Y. U. says he has—one worthy to claim the national championship. This is because Ott has a squad composed of long segments of greased lightning. That they lost to the U. of U. in their second conference game last Saturday was a stroke of Nemesis, who allows no one to stay at the top of the heap long, unchallenged. Montana was as surely off, as Utah was on. Much the same sort of thing occurred in the Smart Gym the previous night but with a less serious outcome, for Aggies finally won.

Not only do the Bobcats average over six feet in height and ten seconds in speed, but they are playing before a Montana crowd on a Montana floor. They have played sixteen games in and about the coast conference this season, and won twelve. They won from the Vandals of Idaho University, and that team subsequently went to the top in the coast conference loop.

Herbert Wimmer, captain, has played for three years at forward and is an exceptional ball rustler as well as a scoring ace. His partner at forward, "Tommy" Thompson, was a member of Divie High's all-Utah basket quint two or three years ago, and from all accounts is a fit opponent for our "Flash" Nielson. If the rest of the team is lightning, he is thought itself, and he has an uncanny habit of swishing in midfloor pokes.

Those who thought Hartwig's place at center would be impossible to fill will be astonished that Frank Ward can be so much better. He is from Southern Utah also. Breeden and Glynn are huge, and rarely allow under basket shots. Hawley and Worthington will be unable to withhold the ball over their heads as they did with Collins and Rowe.

THE FARMERS

Romney's twelve basket-polishers are all set, with the rough spots displayed last week-end eradicated. The regular line up which has played on nearly every quint since 1922, will start. This is Martindale, Sanders, guards; Worthington, center; Nielson and Hawely, forwards. The other seven men have not been definitely chosen but will probably include Carl Davis, Wes Schaub, Noel Benulon and Bob Gibbons.

Red Wade, who has been using crutches for several weeks is able to walk but will not be in condition to enter the struggle again for several weeks. He should bolster the substitute roster immensely upon his return.

The Aggies seem to be unbeatable when they are going well but unfortunately they do not set seem to have developed the consistency requisite of most championship aggregations. Their passing game is superb, seeming often to consist of pure intuition, and it will cause their score to mount rapidly even when they are unable to locate the net normally. Student Life predicts that no team will beat the Aggies this year without scoring more than forty points. Romney's essential plan is to develop offensive tactics to a maximum; having in view the fact that no opponent can shoot baskets while his men have the ball and are shooting at their own hoop.

PRACTICE GAMES

Arrangements are practically completed for a conflict with an Alumni team from Idaho U., to be played Wednesday night in Pocatello. According to playing manager Robert Jackson the squad has defeated the Vandal varsity and a number of equally strong quints this year.

On the Saturday following Utah Apes of the Copper Loop will come up to tussel the Farmers in the Smart Gym. This team is composed of ex college stars and has already the Brigham Young Cougar's pelt hanging from its belt.

BRANCH A. C.—The very decided misfortune of having had his foot frozen, prevents Le Grand Holland from making a birth on the U. A. C. basketball team.

Nil Nisi Bonum

De Rifle Club

As it in answer to a statement made in last week's Bad Lingo column, comes a letter from an official of the U. A. C. girls' rifle team. The statement: "The U. A. C. girls' rifle team, in its present condition, is scarcely worth a one-fifth of a column's mention."

The answer:

"In last week's Student Life there appeared an article pertaining to the lack of girls' athletics at the U. A. C. This article dealt with athletics in general but aimed a stinging blow at the Girls' Rifle Team:

"This team is in its infancy as yet due to a lack of student body support. No division of any organization can advance very rapidly without support, both financial and moral. Until this year, we (the girls' team) have used old guns that were in poor condition. Now we have four new rifles and are making a very commendable showing. We won our first match by about sixty points. No girl on the team shoots a score of less than 90 points, and no score made by a boy is higher than one made by a girl.

"If our team isn't worth a fifth of a column please don't use that space for harmful criticism. If you can't boost us leave us absolutely alone."

AGGIES DEAL B. Y. U. DOUBLE-DECKED DEFEAT

Competition Keen in First Night's Game; Romney Five Hits Stride Second Night.

Waiting for the final shot of the timekeeper's gun nearly cost U. A. C. her front seat in the Western Division basketball marathon, last Friday night, before Romney's hoop-lancers finally turned a deaf ear on the spirited bowling of five Provoman cougars and won by a 50-47 score.

The game began like most games finish—in a burst of speed, and continued in like manner to the end. Players on both teams scored instinctively and steadily whenever they entered the scoring zone. While neither team was master of its fate, each kept a jealous eye on the fortunes of the other. Mid-floor guarding was applied with such vigor that it often resulted in fouling. Fouls were plentiful. At the same time, all of the players were past-perfect at lancing the hoop with free throws. During the first period, loose guarding under the baskets allowed Aggies and Cougars alike to score time and again on sudden break-aways; but these breakaways were more closely watched throughout the final period. Summary:

SATURDAY NIGHT

From the standpoint of competition, last Saturday's game was some cooler shade of that which preceeded it. The Cougars were unable to score to any extent due to the close guarding of the Aggies, while the Romney five seemed to have struck its natural stride and worked its criss-cross attack to perfection. Worthington, Aggie center, who received the ball on the feeding end of the attack, pushed in ten double-counters during the game.

SAPS AND BANKERS WIN THURSDAY TILT

Last times last night, in two keenly close conflicts, the freshman league passed its sixth round of games when the Saps slipped a 29-21 defeat to the Steppers and the Solicitors received a severe 21-18 chastisement at the hands of the Bankers.

The first game began at a lively pace, with Dutson, Sap forward, finding in shots from all quarters of the floor. The half ended 14-5 with the Saps on top. In the second period the entire Stepper quint rallied and raised their tally to 21. Inspite of this the Saps managed to ride out on the wave of victory.

In the second battle, while all concerned found it rather difficult to pierce the hoop, Korth, Childs and Beal, Bankers; and Larsen and Graff, Solicitors, managed to inject something of the thrill element into the game.

Summary of the two games:

SAPS	F	G	TP
Dutson, f	1	6	13
Merrill, f	2	2	6
Walker, c.	0	2	6
Wright, g.	0	1	2
Turner, g.	0	0	0

FRESHMEN COP SWIMMING MEET WITH 23 POINTS

Larsen, Frosh, High Point Man — Olsen Breaks Record, Unofficially.

Walt Hall got his water-threshers in action in an inter-class meet yesterday afternoon, which was captured by the Frosh with 23 points, tallied by three firsts two seconds and two thirds. The other classes finished: Sophomores, 14; Juniors 18; and Seniors, 5.

Paul Larson, of the Frosh, won first place in the breast stroke and in fancy diving to cop high point honors. The feature of the meet was clocking of Leland Olsen at 18 seconds in the 40 yard dash. It this time can be repeated at the state meet it will lower the present record three seconds.

Gerald Crockett and Abner Larson, two lettermen of year before last, were unable to compete owing to recent illness. These two, with Phillips and Olsen, who have repeatedly broken the 40 yard record, will make a formidable relay team if all goes well.

The diving and relay events were somewhat modified in order to comply with early season conditions. The plunge was omitted.

Hall acted as starter, Budge as scorer, Sauer and Crockett as judges of finish, Sorenson as timer, and Barrows as judge of springboard diving.

Places were awarded as follows: 40 yd. dash; Olsen, J. Phillips, So; Smith, So. Time: 18.

100 yd. dash: Phillips, So; Olsen, J. Hacking, Fr. Time: 1:07.

Breast Stroke: P. Larsen, Fr; Flamm, Fr.; Hurtt, So. No time taken.

Back stroke: Hawkes, So. Time 1:36

Relay: Frosh, Hacking and Flamm; Seniors, Smith and Hurtt; Sophs, Hawkes and Richards.

Diving: Larsen, Fr; Flamm, Fr.; Hacking, Fr.

TENNIS BALL TO FLY IN GYMNASIUM SOON

Playing Season Will Be Advanced By Innovation—Courts to Be Dragged.

According to Coach Romney preparations are being made for installation of a net at midfloor of the main gym, in order that tennis aspirants may get their eye on the ball in advance of the tennis season. Chalk lines will be marked and those who are able will work out under the direction of Captain and manager Lund Johnson and Coach Percy Smith, at odd hours during each of the next few weeks.

Snow is to be removed from the two main courts immediately so that their readiness may be advanced.

Ramblers Sight Deer During Hike To Cedar Flat

At noon, last Saturday, after slipping on sash gloves, jackets and overshoes as hikers who face cutting January blizzards are said to clothe themselves in, ten members of the Aggie Ramblers club faced the sullen grey of the eastern mountains and, without once flinching, hiked steadily into the frozen wilds. (A word on the side: Officers of the club considered the ten-man turnout as a rather encouraging sign, especially since only ninety members stayed behind.) The time lacked possibly ten minutes of being 2:30 when the ten hikers approached the vicinity of Cedar Flat. Suddenly, as they reached the brow of a small hill, they wer taken aback at the sight of a herd of grazing animals. Whether the animals were deer or a herd of cows and calves, the Ramblers could not say. They were evidently not interested in finding out as they returned to town at 4:30 that afternoon.

Chicken supper March 10.

BAD LINGO

1.—We Gaze With Pity.
2.—Why Not New Bleachers?
3.—In Memorium.

WE GAZE WITH PITY

We gaze with pity at the dying Rambler's Club. What was once a lively much-talked-about organization now seems on the point of yielding its ghost. The Club itself resembles many of its members in that it is sort of a spineless jellyfish of an affair. It lacks a common purpose as well as organization. It owes the painful prolongation of its demise to the constant efforts of its two typical members Roland Monson and Bill Walthers.

NEW BLEACHERS

Why can't some solution be found for overcrowding of Smart Gymnasium at basketball games? We have noticed that after complimentary tickets, seats for downtown sale, and those for officials are reserved, there are few, if any, choice seats left for students. It's a student's game—why can't some arrangement be made to let them see it favorably?

We suggest that four or five deck collapsible bleachers be substituted for our inconvenient, antiquated bench system. Added space should pay for this innovation before replacement becomes necessary.

It's our opinion that some students are standing rather than be seated in some sequestered spot out of sight of the floor.

IN MEMORIAM

Our remark in last issue concerning the girls' rifle team evidently drew blood. In the letter which came back, Miss Bahen, rifle club president, asks us not to mention the team unless we do so by boosting it. We bow in humble obeisance, but think at the same time that our "remark" was not entirely wasted. Which recalls the old Chinese story of the ass which would not cross the bridge until someone pricked its tail with a bodkin.
