To Whom it may concern:

Utah State University contacted Helen M. Knight Elementary to create items for the time capsule buried on April 1, 2022. The representatives of USU, Lianna Etchberger and Samantha Campbell, and I, decided on posters from kindergarten through 6th grade, as that is what is currently attending H.M.K. Elementary. We especially wanted posters from our youngest students.

Each teacher had their class create a poster with small tidbits of information and advice to pass along to a future generation. A lot of creativity went into the posters, with the children’s hearts at the center of that creativity. Posters will be displayed during the Ribbon Cutting ceremony. USU will enclose a digital copy in the time capsule.

Helen M. Knight Elementary is happy to participate in this activity and hopes that future students enjoy seeing articles from the past as they open the time capsule.

Sincerely,

Jill Tatton
Principal
