Ok, here is another contender and perhaps a pretty serious one. We'll see wether its just another flash in the pan, but according to one report this may "break the internet." http://www.etonline.com/news/153821_chelsea_handler_mockes_kim_kardashian_paper_mag_cover_with_her_own_bare_butt/ ↗ Move forward with caution, you will see Kim Kardashian's butt... and other's. Its all over FB, Twitter, and the news. People are dialoguing about race, the body, and whole lot more. I'll post more material later tomorrow.

Her's some more on that. Some memes that have generated some buzz about race and body. http://www.huffingtonpost.com/2014/11/12/kim-kardashian-memes-paper-cover_n_6146636.html ↗

As mentioned in comments above, the topic of body as a whole could be a contender if we can narrow it down to a site and form. Renee Zellweger's face was a hot topic a few weeks ago. Some dude commented on Taylor Swift's butt the other day.
