CARBON

51

Dear Julie,
I have
been a lot of fun
going to school with
you these past years.
I'll never forget working
with you for a school day.
Lots of love to a swell
girl.

Love,
Hayden Batastov

Hi Julie
It's been fun taking an
English with you. Lots
of luck & success in the
future
Pearl

EASTERN UTAH

SPECIAL COLLECTION

Dearest Julie:

As the year comes to a close and I
probably will not come back, I hope
that you will remember the good old
school day that we have enjoyed together
for a little more than three years. You
were a wonderful friend when I was
a scared newcomer at Spring Glen. Thanks
for giving me the courage & friendship
that I needed. Thanks also for the companion-
ship that we have enjoyed. Not even to
mention the times you helped me to
get a theme started. Luck & success to
a girl that hopes to become a good Dr. I
know that your wishes & hopes will come
true as no one deserves better.
Love
Beverly

Dear Julie

Here we are at the end of
all our school day (for a while anyway).
Julie, its really been fun (and very
convenient at times) to sit across
from you in English this year.
I hope we get together next year
and have as much fun as we did
this year. All the happiness and
success in the world to a very
sweet gal.

Mary Ellen

Dear Satch-looky,
Keep hanging on to your wallet
especially when some body like
myself is around. He enjoyed
myself in all sorts of ways.

Be good this
summer and
have lots of fun.

Dear Julie,

It really has been
fun going to school
with you these past
few years. You're really
a sweet girl and there's
nothing you all the best
of everything in the
world. I hope I see you
around next year
again.

Rosemary
H

Dear Julie:

I have really
enjoyed your friend-
ship very much.
You're a sweet girl
with loads of
personality.

Be good this
summer and
have lots of fun.

Dear Julie,

It really has been
fun going to school
with you these past
few years. You're really
a sweet girl and there's
nothing you all the best
of everything in the
world. I hope I see you
around next year
again.

CARBON COLLEGE

Hoping you
have a successful
year Betty McManis

Dear Julie,
Luck & Success
to a swell year
Betty McManis

Dear Julie,
Remember the 2
girls who got the
vice in the 9th grade
and now vice in the
10th grade. When
you called me to visit
you and I did not
and truly a great
change to 15th grade

NO-PARKING

The GYMNASIUM was completed in 1938. It is owned by the Carbon School District. It has a seating capacity of 1200 and affords adequate space and equipment for a complete program in health education, with proper emphasis on intramural sports.

For the CARBON COLLEGE STADIUM, land was deeded to Carbon College by Price City. Construction was completed in 1949. The scoreboard was built by Instructors E. A. Call and Ace Roberts in 1950; the Price Rotary Club contributed \$300.

MEN'S DORMITORY. In 1918-1930 two dormitories were maintained by the Board of Education for high school students who lived too far from Price to ride a bus daily. One of them is now used for office space by the Board of Education; the other still serves as a dormitory.

The VOCATIONAL ARTS BUILDING was completed in 1938. Later an addition for the business department and an extra room for the shop were constructed by students employed by the National Youth Administration. In this building are up-to-date facilities for instruction in business subjects, machine-shop work, woodwork, auto mechanics, and welding.

The WOMEN'S APARTMENTS are in a war-surplus building, remodeled and completed by the carpentry class, wired by the electricity class, and first used in 1948.

The BASEBALL FIELD was originally a rodeo ground for the Robbers' Roost Roundup and has also been used as a football field.

The VETERANS' APARTMENTS are in war surplus buildings brought to the campus in 1946.

The CHEMISTRY BUILDING is a war-surplus structure moved to the campus in 1947 and is used by the college chemistry students.

The MUSIC BUILDING, the oldest on the campus, was originally built for Carbon County fair exhibits. It was once used as an emergency jail during a strike.

E. ALLEN BATEMAN

Student Council

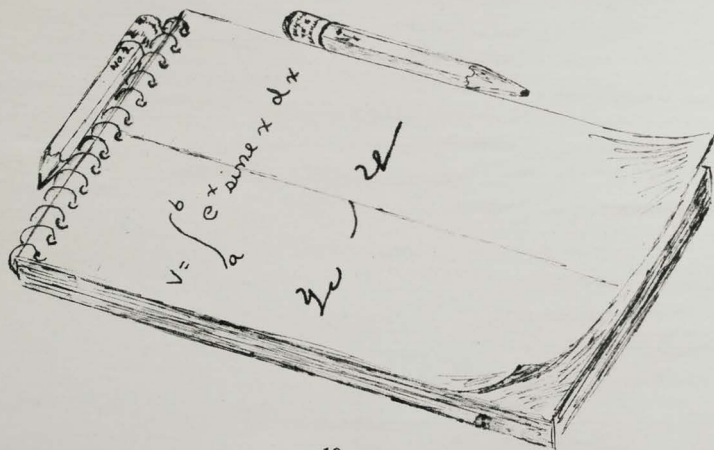

Standing: Sharon Stoddard, Scott Jeffs, Brent Lindstrom, Nick Nikas, J. B. Thompson, Advisor. Seated: Burl Hoopes, Patsy Burdick, Arlen Clavel.

The screen today shows you the production staff behind mighty Carbon. Despite a depleted force caused by the loss of our vice-president to the air force, the Student Council has worked together to make this one of Carbon's best years. Under the able guidance of their advisor they directed the path of Carbon during this memorable year — bolstering her spirit when her boys went to war, when they lost a game — praising her when fate was kind.

They worked to give us assemblies, shows and dances, and endeavored to build up a newer and better Carbon — to increase her fame by inviting the Junior Colleges of the Intermountain area to hold their Good-Will Conference here next year.

It is with great pride in a job well done that we present the staff behind the great production — Carbon.

Clarke Nielson
President

Sophomores Officers

Ah! There are lumps in our throats and tears in our eyes as we look back over the happy hours spent at Carbon College, and come to the realization that no more will we be a part of it. We have had our share of the fun, the headaches, the excitement, and the glories, which dwell forever in "Old Carbon's" halls. These happy memories will be with us always. Though we go on through life and strive for higher and higher goals, the help, guidance, and knowledge we have received from this school will be rungs in our ladder of success.

We are leaving, yes, but our spirits will remain to guide those who will later pass through the halls of our Carbon College.

Freshmen Officers

This year is a winning year for the Freshmen. We may be "greenies," but we sure know how to pick the winners, what with queens and skits and all. Our numbers may not be large, but our feeling of weakness and helplessness holds us together. College is quite a jump from high school. Term papers are strictly a menace. Each time a new quarter begins we dig for money; we wouldn't keep away for anything, however. Although college is new to us, it is a challenge and we recognize it as a door to a happier and better future for all of us. We the "Frosh of '51" are looking forward to another year at Carbon College and are prepared to take what comes. Perhaps it will be easier when we learn the ropes.

Senior Officers

Our last year of high school will soon be over; that long awaited date of graduation will be here, and there will be a parting of the ways for many close friends and classmates. Our trails will divide, but though our paths lie in different direction, always will remain the happy memories of our senior year at Carbon. We, "the Mighty Seniors," have had a glorious year, and have accomplished much, with the help and guidance of our wonderful supervisors, our willing and faithful class officers, and our loyal classmates.

We are stepping into an entirely new and different phase of life; perhaps we are a little frightened, but pleasant thoughts and happy memories of our senior year will forever linger in our minds, and enable us to meet the demands of this new journey.

Junior Officers

"We are poor little lambs who have lost our way." No truer words could be used to describe us at the beginning of our first year at Carbon. However, it didn't take long for us to learn the art of sneaking into the lunch line, using only "I ben sick" excuses, and skipping classes for a snack at "The Milky Way." Many things were strange and interesting to us. Wow! Those two-hour tests. Along with the bitter came also the sweet experiences of swishing formals and up-swept hair-dos at our annual Junior Prom.

How we have envied the seniors and college kids with their big important airs, but to no avail. Our one big hope and desire for the future is to achieve higher glories and surpass these envied seniors and college kids. We can if our slogan remains, "United we stand, divided we fall."

Pi Gamma Chi

Betty Lou Allred
President

Shanna DeAngeles
Vice-President

As in any attractive picture there must be a contrast of lights and shadows, which gives the picture interest, so every light and shadow in the Pi Gamma sorority's activities this year added something to the picture.

The first highlight placed on our canvas was the note given to the rushees, inviting them to the annual gym slumber party and the formal tea. That began the delightful array of elements in our picture.

One dark shadow was in the picture, the fact that '50-'51 found us beauleless because of the demand for Carbon men by Uncle Sam. In sharp contrast to this was the brilliant light of the rings that many of our members flashed after Christmas.

The other lights on our canvas were organized to keep the picture harmonious. Our Cherie reigned during a snowless Snow Carnival, Betty Jo as Sweetheart Queen, and our float took first place during Homecoming.

This, our tenth anniversary year, we were proud of our pins which we wore the spring quarter and of our lovely Spring formal, our picnic at Delicate Arch, our new furniture, and our other highlights in this year's picture of lights and shadows.

The Lambda Delta Sigma is affiliated with the national fraternity of the same name. It is an organization of the Church of Jesus Christ of Latter-day Saints Institute of Religion. Anyone, L.D.S. or not, who is willing to accept and live the practical ideals of the fraternity and to be loyal to its aims and program is eligible for membership.

The Lambda Delta Sigma at Carbon College consists of two chapters: Mu Omega, which is the women's chapter, and Mu Alpha, which is the men's chapter. The Greek letter "Mu" has been given to Carbon College by the national officers to differentiate our college from the organizations in other colleges and universities.

The purpose of Lambda Delta Sigma is to promote fellowship, leadership, intellectuality, cultural life, and religion.

"C" Club

The Block "C" Club is an organization that has added more than most people realize to the functioning of Carbon College student body.

Its members were active as officers of classes and clubs. They brought glory to the blue and gold in all their fields of endeavor — athletics, dramatics, and speech.

But as the roll is called, we salute the members who have answered the call of our country rather than the call of our club, that yearbooks similar to ours may continue to be read by millions throughout the world.

In appreciation we salute:

Ski Club

Carbon College Ski Club led a very active season. For the first time it was recognized by the school as an official club.

In November the club got off to an early start with a two day trip to Alta and Brighton which proved fun for all that attended.

Although 1951 was a poor year for skiing, as far as snow was concerned, the winter carnival, which was held January 24 thru January 27 was fun and successful.

A ski film on the World Skiing Olympic Races set the event off to a good start followed by the annual Snow Ball. Next came the annual downhill and slalom races at Clearcreek, which were held in perfect weather, and ended another Winter Carnival.

The entire club is indebted to Pres. Summerhays, club adviser, who made most of these activities possible.

Eaglette Club

Taking the theme from their annual Eaglette-Booster Banquet for the football boys, the girls who wore the gold and blue in 1950-51 gave many a Boost and many a Cheer. The Eaglettes were on hand to Boost the football and basketball teams at all their games, and could be heard cheering madly for the lettermen whom it is their duty to support. They gave a Boost to several of the important days at Carbon by participating in competitive skits, and on February 2 they started the ball rolling in the competitive assemblies by presenting their Rhapsody in Color.

Throughout the year the Eaglette Club was busy giving a Boost wherever it was needed and a Cheer when it seemed best. All and all the Eaglette Club, with the help of Nan and Stubby has been an active and busy club throughout the year.

Carbonette Club

Duties performed by the Carbonette Club for Carbon College are ushering at the Civic Auditorium and attending to the infirmary. When on infirmary duty, they are supervised by their adviser Miss Betty McNamara, who is a registered nurse. Girls learn how to make beds, and how to apply hot and cold packs, and how to take temperatures.

They usher in uniforms or formals at school and civic functions held at the Civic Auditorium.

They participated in Hello Day, sponsored Sadie Hawkins' Day, and nominated candidates for Homecoming queen and queen of the Sweetheart Ball. They presented a competitive assembly March 30.

Senate Club

Starting out the year with the motto, "To Serve Always", the Senators can proudly end another year of worthy services to Carbon College.

The operation of the projectors and the raising of the flag were daily tasks for these boys. Their annual banquet, this year the Silver Anniversary, honoring the lower division football squad, was given by the Senate Club with the aid of the Pep Club. The Sweetheart Ball, which is one of the nicest formal dances of the year, will remain in the minds of those who attended. The painting of the "C" on Wood Hill was a difficult task.

Finally, to conclude a successful year the Senators put on a competitive assembly which was enjoyed by everyone.

Majorette Club

The Majorette Club was formed for the express purpose of marching with the band. This year they have taken on new duties. All the teachers were contacted and every one needing help was assigned one Majorette to help him. A teacher may call on his Majorette to help him at any time. One girl is excused each day to help Mr. Longhurst in the shop. Majorettes answer the telephone, do typing, and help the teachers in the shop as much as possible. These new duties have made the girls feel that they are filling a greater need in our school than ever before. During the Christmas season, the Majorettes were given first honors for their decorated tree. A Majorette, Betty Jo Hansen, was named candidate for "Miss Television," served as first attendant to Homecoming Queen, and was chosen Beauty Queen during Beauty Week. Majorettes took part in the competitive assemblies and with their marching and fancy maneuvers added much to Band Day. To finish Band Day properly, they presented a dance that night.

Distributive Education Club

This club is an organization of seniors in high school enrolled in vocational cooperative part-time distributive education classes. The main purpose of this club is to train members in merchandising and salesmanship. Members work 15 or more hours a week in the merchandising establishments of this county.

The local club completed their charter on November 14, 1950, to become an official club of the school. The state club charter was also developed by Carbon members.

The Club participated in many activities during the school year. The most important project was the individual merchandise manuals. Other activities were the D. E. assembly and radio program, intramurals and many different social activities. The highlight of the year's work was the annual convention held in Salt Lake City.

Rex McArthur was elected president of the Distributive Education Clubs of Utah and was in charge of all the state club activities including the annual state convention. Rex also attended the national convention at Tulsa, Oklahoma.

Lettermen Club

This year the Lettermen's Club is composed of 31 members, who proudly wear the school letter and colors on the athletic fields and courts and on the campus.

Because of a change in the Utah High School Athletic Association rules, permitting the wearing of block letters in high school, the name of the club was officially changed from the Athletic Club to the Lettermen's Club. This year Carbon was in the Big Eight, class-A competition in football. To earn a football letter an athlete has to play in six different quarters, regardless of the time put into each quarter.

In addition to playing on the turfs and hardwoods the club engaged in such activities as a skit on Hello Day and participation in the competitive assemblies. The Lettermen float on Homecoming Day won recognition as the float pertaining to the theme of the homecoming celebration. Each year the club sponsors a Round Robin Basketball Tournament for the junior high schools of this area.

The club sponsored a dance on Coed Day. At the end of the year a party was given by the junior lettermen for the senior lettermen.

The Lettermen's Club has completed successfully the school year of 1950-51.

Pep Club

The smartly uniformed members of the Pep Club, a high-school organization, render their service to the school by working at the office switchboard and managing hall duty. However, their primary function is to support the football and basketball teams by cheering and marching at the games. This year, the Peppers ranked first in the annual Hello Day skit, and their float, "A Star in My Crown," tied for first place on Home Coming Day.

The boys on the football squad were honored by the Peppers and Senators at the annual Pep-Senate Banquet which was held December 11.

In April the Peppers presented their competitive assembly, which was both entertaining and original.

Number 9

A meeting of the two D. E. classes will be held in the near future. Its main purpose will be to plan future activities.

Because of the Thanksgiving holiday, there will be no school on Thursday and Friday of next week. This, for the boys, means four days of feasting. That is, until the food is gone. For the girls, however, it means four days of dishwashing.

Wednesday, November 15, was the day that the State Committee on the Judiciary, headed by Sen. J. William Bricker, held a public hearing for the first time in the modern history of the National Association of Manufacturers. The hearing was held in the Senate Chamber of the U.S. Capitol Building in Washington, D.C. The hearing was held to hear testimony from the members of the National Association of Manufacturers regarding the proposed amendments to the National Labor Relations Act. The hearing was held in the presence of a large number of members of the Senate and the House of Representatives. The hearing was held in the presence of a large number of members of the Senate and the House of Representatives. The hearing was held in the presence of a large number of members of the Senate and the House of Representatives.

J. Nile Washburn
Adviser

Mr. Bird is hoping to place many of the D. E. students during the Christmas rush selling.

SENATORS AT IT AGAIN

Back in the old swing are the senators. Yes! they're handing out soda pop and candy at the basketball games. They've got that never-say-die-spirit this year.

Your patronage is appreciated by the boys.

BOYS IN

won't be long before the new members of the High School Letting Club will be sporting their new letterman sweaters.

Art Department Aids Kenilworth Xmas Show

Continuing a practice followed for the past several years, Kenilworth is again depicting the Christmas by placing the paintings of Christmas around the city.

Carbon's art department is helping this year by furnishing paintings. Mr. Carl Olson, instructor at Carbon, has the paintings in oil, painted on large pieces of wood.

There are five paintings depicting wise men at the Birth of Christ, a painting of an organ, and a painting of a home scene with a family sitting in the living room, decorating a Christmas tree.

Jeniene Young, Joyce Young, Patty Erickson, Marian Worthen, Gale Hamelwright, Joe Williams, Dean Shimmmin, Jerry Andersen, Charles Madsen.

PINS AWARDED TO SEMINARY STUDENTS

Price tabernacle was the scene of the Seminary pin presentations Wednesday at 8:00 p.m. Approximately 86 students received three-year pins and 25 received four-year pins. The "Sword of Truth" was the theme with the program as follows:

Organ prelude, Margaret Thompson; scripture, La Dean Petty; prayer, Eddie Shiner; welcome address, Lauren Miles; girls' chorus, "Invocation"; talks, Bill Cowan, Catherine Morgan; male quartet, "Stouthearted Men"; remarks, Elton L. Taylor of the LDS board of education; girls' quartet, "Christmas Carol"; meaning of theme, Clark (Curly) Powell; meaning of pin, H. Clyde Davis, principal; class song, class, led by Joyce Gardner and accompanied by Elsabeth Williams; awarding of pins, President Cecil Broadbent; remarks, Martin C. Ririe; prayer, Claudia Hawks. At 9:30 a dance to Jimmy Dart's orchestra was held.

STUDENTS GET GRADES

Students at Carbon high school Thursday, December 13, could have been happy and spent another cheerful day in old Carbon's halls, if it hadn't been for teachers giving grades.

third of the price they should have paid. This is not fair. I know not where the fault lies but wish the matter could be cleared up in the future.

GIB HANSEN.

ENGLISH CLASSES ASSIGNED ESSAYS

Essays are being assigned by most of Carbon's high school English classes this week. The subject of the essays is "Employment in the Physical Handicapped."

Tom Watkins, David Thompson, Marian Worthen, Gib Hansen, Dean Denison, David Bunnell.

FACULTY BANQUET PRECEDES BALL

Faculty members and wives held their annual banquet last Friday night before the Preference Ball. A full course dinner, program, and community singing were enjoyed by all in the cafeteria. Mrs. J. Gardner was in charge of ceremonies. Dean Denison and Mrs. J. Gardner were members of the Preference Ball.

Kayo Niwa
Editor

Beverly Anderson
Associate Editor

Carbon

The editor and assistant editor shared the responsibility of getting out the yearbook. Their job, to keep the staff members plugging along on the work assigned to them was ably handled by Kayo and Bev. Their combined efforts have gone to make the Carbon a real T. V. special.

Messrs. Yack and Williams have put in another strenuous year working as advisers to the staff of the Carbon, and as usual, theirs has been an exacting job, consuming time and energy. Their long experience in previous years has been an indispensable aid to the inexperienced staff. To them the staff gives thanks for their patient and tireless help.

John Yack
Adviser

V. E. Williams
Adviser

The business department had the hard job of making the yearbook self-supporting. First they had to persuade students to part with \$4.50 for a subscription. Second, they had the impossible job of convincing businessmen that it would be wise to advertise in the book. Downtown they were known as "leeches".

Paul Taylor
Asst. Mgr.

John Angotti
Business Manager

Clarice Vigor
Asst. Mgr.

Relentlessly tracking down victims, and faithfully attending assemblies and sports events, the yearbook photographers have done a fine job of turning out our yearbook pictures. If, however, you don't like the way you look in some of the pictures, just remember — these boys are not re-touchers, just photographers.

John Oyharcabal, Joe Williams, LeRoy Stevens

Rita Clavel, Mary Austin, Elisabeth Williams
Marilyn Mead, Joice Hardee

The general staff has always had steady work to do, typing, writing articles, and cutting and pasting pictures. They don't receive any glory, but they do the work that must be done, take the blame if things don't go right, and in general keep things rolling.

Gib Hansen, David Putman, Jack Farikoff.

The yearbook artist, David Putman, displayed his ability throughout the book with clever cartoons, sketches, and designs. Gib Hansen kept the sports section up to date on all the scores and results of our Carbon teams. Jack Farikoff, the layout man, worked on setting up the arrangement of pictures, sketches, and written material for each yearbook page. These fellows have been an important part of the working machinery of our staff.

College Football

The Carbon College Golden Eagles soared through a tough but glorious year of football, winning six games, losing three and tying one. Coaches Jackson Jewkes and Lyle Koller, former football star at the Brigham Young University, led the Carbon College boys through a very fruitful year of football. The Eagles were powerful in all departments of play. Two of the players, Tom Burr and Harold Cunningham, received offers to play for the University of Utah, and both were placed on the All-Conference team. Burr was nicknamed "Jack-rabbit" for his unorthodox way of running and set a new conference scoring record by leaping and sprinting to pay dirt to chalk up 108 points during the season. He was a backfield man, and Cunningham played on the line. These boys received some very good backing from a team composed of two complete squads. One was an offensive team, the other a defensive team. The school was well represented by these athletes.

Pres Summerhays, Coach
Carl Poglajen, Captain

Grant Smith, Captain
Mayne Clingman

The hard-fighting Dinos, led by "Pres" Summerhays, won two games, tied one, and lost five in their first year back in the big eight from which they had been removed a few years previously. In the first game with Granite, Mayne Clingman, fullback, received a serious neck injury. This disheartened the boys, and the game slipped through their fingers, 21-20. In the rain, Carbon held a powerful Jordan to one touchdown, but couldn't muster the push to score herself. Later Carbon downed Provo; things looked bright. Then came South and West who had the edge over Carbon. Home-coming rolled around and it was feared Carbon would lose its first home-coming game in history. But the mighty Dinos downed highly rated East High by a substantial margin. They lost the final game with a highly polished Davis Dart aggregation. Carbon was well represented in the pig-skin fanfare by a swell bunch of guys and a grand Coach.

College Basketball

The Golden Eagles, of Carbon, found themselves in third place of the southern division of the ICAC when the season play came to an end. Coaches Jackson Jewkes and Lyle Koller brought their charges through a fairly good year of basketball. They won eight of their sixteen league encounters. The boys, fighting to the last minute in every game, faced some very stiff opposition and were constantly pushing the first place team until the final few games of the year. Louis Bosco, sparking forward for the Eagles, left for Uncle Sam's team toward the end of the season. This left Coach Jewkes with the problem of filling Louie's place and, with the short amount of time in which was left to do this, Mr. Jewkes couldn't seem to juggle the players to come up with a winning combination. They finished out the season by dropping their two first games in the ICAC tournament held at Weber College.

Malcolm Beck gained recognition by being placed on the All-Conference Southern Division first team and Max Smith was placed on the second team. Tony Welch and John Westenskow also gained All-Conference recognition.

High School Basketball

Carbon, sporting an inexperienced team at the start of the season, developed very fast under the guidance of Coach Dolan Condie, former University of Utah star. Mr. Condie, a highly likeable person, taught the boys from Carbon a slightly different brand of ball, which the players mastered well. The student body and the county fans gave the team very good support and were with the boys all the way. The Dino quint had a very good year, winning eight out of ten home games. They experienced some very close shaves in a number of games, which they won by one or two points made in the final seconds. Carbon gained a playoff game with Logan by having a better won-and-lost average than the fourth place team of Region One. Losing the game to Logan made them ineligible for the state tourney.

Tony Pellegrino.

Because of the draft, and we don't mean the breeze, Carbon College was short of baseball material. The boys who remained or were missed by the call to arms, put forth a great effort and at the time of the publication deadline the team has attained the first place spot in the I. C. A. C. Southern Division, and there is only one more league game to be played.

The success of this aggregation is due largely to the outstanding and powerful pitching record of Bill Harris and Johnny Byrge, who are not pictured above, and Jimmy Bowns. The excellent hitting record of B. Harris and J. Byrge is another reason for being in the top spot in the division.

High School Baseball

Coach Dolan Condie, DeLee Montoya, Naize Giordano, Grant Smith, Rex McArthur, Jack Woodward, Sonny Fratto, Knute Crawford, Wally James, Earl Larcher, Clark Powell

Martin Bezyack, Tom Conover, Scott Jeffs, Gib Hansen, Elvin Juliano, Louis Mele, Carl Poglajen, John Paloni, Ernest Etzel, Donald Nelson.

Carbon High had a very strong squad at the start of the spring season. Bolstering it were a number of players from the third-place state American Legion team; and players from other strong teams around the county were present also. Coach Condie was highly enthusiastic, but told the boys championships have to be won. They are not just handed over without any effort. Because of publication deadline, the results were not available.

College Track

Coach Jewkes, biting his fingernails, scraped together a small college track squad. The boys were really in there giving their best. But Uncle Sam seems to come first in any sport.

High School Track

The Dinos had a potentially great track team this year, and Coach Pres Summerhays urged the boys to work hard to bring home some laurels this year. The team was loaded with talent from the junior high track teams of last year. Five returning lettermen, of whom three won places in the Region 8 meet last year, together with some other seniors who hadn't been out for track, rounded out the squad.

Wrestling

Coach Claude Cowley, Keith Dillard, Gene Heath, David Jessen, Horace Oliphant, Junior Beacco, Gerald Robinson

MISS
T V
JENIENE YOUNG

Paul Alexander

Miss Jeniene Young was chosen Miss Television of 1951 for the Carbon. Mr. Paul Alexander, T-V announcer for KSL, was the judge. He is well qualified having had much experience in the TV field. Mr. Alexander writes: "After several enjoyable weeks of assiduous scanning of the five contestants vying for the honor of being "Miss Television of 1951", I come up with these findings:

"The winner is Miss Jeniene Young. She has a sweet, winning smile, a pleasantness, a genuineness of radiating affability.

"The other contestants have these outstanding qualities:

Miss Betty Jo Hanson, good bone structure, well-proportioned shoulders

Miss Frances Duffy, symmetry of form and an interesting balance of hair style with facial contour.

Miss Connie Platis, warm ingratiating personality.

Miss Phyllis Daskalos, full, easy smile, and overall diminutive facial structure.

"May I thank the Carbon College '1951 Carbon' for the privilege of choosing 'Miss Television of 1951.'"

Homecoming

Once more the alumni of Carbon returned to the old alma mater on October 26, 1950, to renew their school spirit and revive old memories. The present tenants of the "halls of Carbon" came through with flying colors in a highly successful Homecoming Day to the theme of "A Carbon Dream." We proved to all that the spirit of Carbon will always be kept alive by that loyal object, the irrepressible Carbonite. Homecoming events got off to a good start with a bonfire on the campus and a pep rally on the main streets of Price and Helper. The annual competitive skits were held in the civic auditorium, and were a rousing success, with the senior skit winning first place. At eleven o'clock Carbon's usual gorgeous parade of floats depicting the theme was reviewed by students, alumni, and patrons. A delicious luncheon preceded the football games, in which both the high school and college teams were victorious. A dance in the gym concluded another beautiful and successful homecoming celebration.

Queen Beryl Brooks on Pep float

The Pep float and the Eaglette float tied for first place in the float contest.

High School Debate

Back row: Katheryn Zele, Tom Redd, Elisabeth Williams, David Thompson, Carlene Pace, LeRoy Stevens, Marie Nelson, Paul Taylor, Sharon Stoddard, Alan Bartlett;
Front row: Catherine Morgan, JoAnn Leonard, Kara Lee Bean, Faye Olsen.

High School Speech

Jerry Andersen, David Thompson, Paul Perkins, Ardyth Gibson, Sherry McDonald, John McDonald, Frances Nielson, Gale Hamelwright, Patty Erickson, Ellen Bentley, Aleen Taylor, Louise Bryner, Cherie Hansen, Demetria Campbell.

The lower-division speech students have been quite busy this year. There were two state meets in which they participated, one a debate meet, the other an interpretative speech meet. The district meet at Jordan had a number of Carbon contestants. And the "TRUSTY" old Carbon College bus carried a goodly number of people to the Weber meet in Ogden.

This year, participation in high school speech has far exceeded that of other years considering the size of Carbon; and the directors, Mr. George Morgan and Mr. Elmo Geary, have been quite pleased. Junior participation was particularly good even at the most crucial time in the life of a junior — the Junior Prom. The speech trip to Jordan coincided with the Junior Prom, but many of the students went and returned tired, but still ready to promenade. Nineteen girls and nine boys were on the bus to Weber. Despite the usual ill luck of speech students two of our debate teams, one boys' and one girls', passed the preliminaries. (They automatically lost one round by being late). The championship Ogden team won from the boys. Jimmy Banasky, one of Carbon's most promising orators, went to Davis to the oratory meet.

We all feel that this has been a good year and hope that those people who took part in the activities this year will be here next year to give Carbon a boost in the speech department, both in the high school and in the college.

Bonnie Faddis and Phyllis Daskalos

Keith Busey and Clarke Neilson

College Debate

Mr. Geary, Mr. Morgan, Mr. Washburn, Advisors

Van Washburn and Nick Nikas

College Speech

Brent Lindstrom, Van Washburn, Clarke Nielson, Keith Busey, Nick Nikas, Merlynn Anderson, Beth Frandsen, Nan Leonard, Bonnie Faddis, Phyllis Daskalos, Wilma Meyer.

The first trip of the year for the college speech students was to the University of Utah in Salt Lake. The usual bad luck of speech trips was almost non-existent — that is to say, the Carbon College bus waited until it was in the outskirts of Salt Lake City to have something go wrong. The girls were almost locked out of Carlson Hall but was that the fault of the bus? At this meet, first place in oratory was pulled down by Nick Nikas. The other students placed in a number of events so as to place Carbon second only to the U in total number of points.

A trip to the debate meet at Cal Tech in Pasadena placed two of our teams, Nick Nikas and Van Washburn and Jerry Andersen and Charles Madsen among the top eleven teams. This was in spite of the fact that Carbon was one of the smallest schools represented.

The National Phi Rho Pi Junior College Tournament was held in Houston, Texas this year. On April 24, Bonnie Faddis, Phyllis Daskalos, Keith Busey, Nick Nikas, and Van Washburn, accompanied by Mr. George Morgan, left for Houston to participate in the National Tournament. Each person was able to reach the finals in his

respective event and two of them attained national champions in oratory. Nick Nikas, a national champion, won first place in men's oratory, second place in oratorical declamation and was in the final panel in extemporaneous speaking. Bonnie Faddis, also a national champion, won first place in women's oratory and third place in radio speaking. Phyllis Daskalos won third place in women's oratory. Van Washburn reached the finals in poetry reading and Keith Busey also reached the finals in radio discussion.

We are extremely proud of these students for their splendid performance and the success they have achieved in winning national championships and bringing honor to themselves and the school. The gentleman who is accountable for the success of these champions is Mr. J Nile Washburn, while Mr. George Morgan and Mr. Elmo Geary receive credit for the excellent coaching in debating and other speech activities.

All who participated received valuable experience that will aid them in whatever career they may choose while traveling along life's highway.

INTRAMURAL DIRECTORS

Donna Hansen

Claude Cowley

Intramurals

There is nothing like competitive sports to bring the members of a club, a class, or any group closer together. This year the clubs and classes competed in basketball, volleyball, tennis, badminton, and softball. These games were played during the noon hour.

Both the male students, the faculty, and the so-called weaker sex participated in these games. A hard, and in most cases, clean fight was made for top honors. Too bad we can't all be winners. The Pep Club took first place in girls' basketball. The Bithell and Heinlein homerooms took first place in men's basketball.

Hello Day Skit

Carbonettes
Carbon Backstage

Senior — Hello Day Skit

THE EYES AND EARS OF CARBON

Sept. 9 — Registration began. Such Crowds!

Sept. 14-16 — Dinos and Grand Junction fought 13-13 at Junction, and Weber beat the Eagles at Ogden.

Sept. 18 — Class elections.

Sept. 21 — A.W.S. elected Valene.

Sept. 22 — Get-Acquainted Dance after Carbon-Granite game, which Carbon lost. Too bad, but guess everyone knows everyone else now, anyway.

Sept. 23 — Eagles beat Westminster 39-14. Good game.

Sept. 27 — Hello Day. Everyone went crazy signing cards. Mr. Bryner didn't lack for pencil customers. Mr. Merrill is really good at dance calling.

Sept. 29 — College tied with Ricks college at Rexburg; Jordan won from the Dinos at Jordan. Oh, well, can't have everything.

Oct. 2 — "Square that cap!" "Roll up those pant-legs!" "Back door, freshmen!" Frosh initiation week.

Oct. 4 — A. M. S. officers chosen.

Oct. 6 — Sophs and Frosh had a party tonight. Cuter than cute, especially that duet by Lars and Mrs. Jones. They and Miss Erickson sure did a bang-up job of "Rye Whiskey." Naughty! Naughty! No hard liquor on the campus.

Oct. 10 — Pi Gams had tea at Pat's. Long ride to Dragerton, but worth it.

Oct. 11 — Peppier by the minute, school had a pep rally for both college and high school.

Oct. 12 — Much needed vacation. Poor teachers went to meetings with "Bells of Freedom" for theme; studes enjoyed freedom from bells for two days.

Oct. 13 — Lowry Air Base lost to Carbon in a game that looked bad for us at the start. Those big bruisers on the Base team were giants.

Cagey Situation

Is that your Hair, or are you holding a Mop?

What would this book be without Archie?
Ha! Ha!

THE EYES AND EARS OF CARBON

Oct. 20 — A.W.S. and A.M.S. assemblies. Anne Ashton, "Charm Girl" was charmingly late, having missed the road again this year. Oh, well, we girls know how to sit down properly now anyhow, and Beautician Queen Betty Jo Hanson with her attendants, Faye Olsen and Jeniene Young presided while we waited for the charming Mrs. Ashton.

Oct. 23 — Floats, floats, and more floats. In Stubby's room the question for the day was: "Will Mr. Gill be here soon? Somebody's got to help us with them there floats — after all —"

Oct. 26 — Beautiful day, beautiful floats, beautiful girls, good assembly — everything was just a Carbon Dream. Queen Beryl with her attendants Dian and Betty Jo reigned supreme while the Dinos made our dream come true by beating East and the Eagles wound up with a win from Snow. The dance was a cap of perfection on the whole glorious day.

Oct. 30 — No school — the boys went chasing deer instead of dears. Boy, but those deer ran for their lives!

Nov. 10 — Oh boy! Eaglette Banquet! Such excitement as you never heard. Carbon lost to SICE, but not from lack of trying. Never knew the Eaglettes could have so much spirit.

Nov. 16 — Always some die-hards who don't want their pictures taken, but Kayo used his usual tact, and we staffers missed very few people in the last day of picture taking.

Nov. 22 — "What am I bid?" Don't feel bad, Mr. Merrill. Your wife wouldn't have given you up even if you had brought more than 5 cents. Yes, those little Carbonettes were auctioning boys off right and left. And we thought slavery wasn't allowed in the U. S. The matinee dance was terrific. Congratulations, Carbonettes.

Nov. 27 — Simmer down, simmer down, Mr. Merrill! And congratulations on that appointment as assistant to the President.

Nov. 29 — Something new's been tried. The chorus sat in the south bleachers of the gym today. Better acoustics, we understand. Wonderful chorus, acoustics or no acoustics.

Could this be the night before?

Which shall it be?

And they put on the Homecoming Assembly

Say, girls, what's the big attraction?

Carbon song birds.

THE EYES AND EARS OF CARBON

Dec. 1 — Whew! Tests are over for another quarter. And those Eaglettes and Boosters just had a banquet for the football boys. Bev and Nan were really "crackin' 'em." Dr. Jones couldn't make it, but Mrs. Jones substituted nicely. Bad news tonight, though. Bear River took the Dinos for a cleaning.

Dec. 5 — Back to school for another quarter. Philosophy has come to Carbon. Mr. Larsen hopes we have deep thinkers here. Who knows?

Dec. 6 — "Big Hearted Herbert" — great! No matinee for studes, but what the heck — it's more fun riding the bus at night anyhow. That Geary's a great guy. (So was Herbert, down deep, you know!)

Dec. 7 — "Remember Pearl Harbor" — ninth anniversary of that fateful day. Korean news looks bad, but Carbon still preserved the "status quo."

Dec. 8 — "When the Deep Purple Falls" That A.W.S. did it again. They get better every year. Experience is the best teacher, they say; but we'll vote for Mrs. Jones any day. The most preferred men, Grant Turner and Paul Perkins, were revealed by Val.

Dec. 12 — Clever musical show on homemade musical instruments. That boy was really a clown.

Enjoyed "The Milky Way" tonight, first arena-style play in Carbon County. The cast swore about the pages they left out, and Nan missed her big scene; but we didn't know the difference. And you should have seen Marilyn Mead stumble as she brought in that bottle of "whiskey"! Mrs. Jones can really cook. Her party for the cast was indeed tops after the play.

Dec. 14 — Lines of the Milky Way change every day. Nan got her big scene, anyway.

Dec. 16 — Exciting night. We lost wrestling matches to Grand Junction, though Junior Beacco wrestled ferociously to a victory over the Junction's heavy contender. Carbon won the basketball game in a point by point victory.

Dec. 21 — Big game tonight. Gila College lost by 5 points, but oh! how those Arizonans played. Mr. Hansen gave his Christmas recital tonight. The human Christmas tree was really sump'n.

Deep thought.

Try a peppermint.

All together now, YELL!

Inspiring and effective.

THE EYES AND EARS OF CARBON

Dec. 22 — Last day of school before Christmas vacation! Matinee dance was fun.

Jan. 3 — After a wonderful week, we reluctantly turned our backs on the turkey, cranberries, mince and pumpkin pies and beautiful, luxurious days of laziness. The only consolation: May 25 is just 5 months away.

Jan. 10 — Uniforms all over the place! "Gotta get my picture taken!" Club pictures for the yearbook.

Jan. 11 — Oh, boy! Seniors and sophs met to plan graduation! Makes you realize that the time is drawing nearer and nearer.

Jan. 12 — In a double-header the high school beat Tintic and the college mowed Dixie down. Show at the Civic Auditorium today. Girls came out of "The Keys of the Kingdom" with that "PECK LOOK" on their faces.

Jan. 16 — Dwight Griswold lectured very interestingly on the Foreign Aid Program.

Jan. 18 — Trouble, kids! Seems that everyone has been waiting for the last bell to ring before starting for class. But no more — have to go to Mr. Merrill or Dr. Jones for an excuse now.

Jan. 22 — Oh, boy! There's good news today. Boys can continue school and join the service of their choice after graduation. Uncle Sam's being good to us. Huh, gals?

Jan. 24 — Ski Carnival began with the showing of a movie "Ski Champs", breathtaking jumps, expert slaloms and other professional skiing arts.

Jan. 25 — State Fish and Game Commission gave a show on wild life, picturing habits of animals in a colorful way.

Jan. 28 — College speech students back from the U. Congratulations, Nick and Bonnie, especially.

Jan. 29 — Brent Lindstrom is our new Veep. Oh! 'most forgot! Congrats, Sharon, on winning first place at the DAR Pilgrim contest. Sure are proud of you.

Feb. 2 — The Eaglettes presented the first competitive assembly today. Sheer magic, to say the least — "colored" our whole day. And do you know the high school Athletic Club now bears a new name — The Lettermen's Club?

Anticipation

Christmas Cheer

Home Cooking DUH!

Snow Carnival

THE EYES AND EARS OF CARBON

Feb. 8 — Through the bulletin grapevine we heard that "somebody" had been caught matching pennies in the library and roundabout.

Calvin Funk gave an interesting lecture for high school students. He's been in Finland studying as a foreign exchange student.

Feb. 10 — College debaters returned from Cal Tech with two teams from Carbon in the first eleven debate teams. They lost only to the tournament champs.

Feb. 13 — Senators' Sweetheart Ball. The crowning of Queen Betty Jo topped the evening.

Feb. 14 — Someone wasn't too sleepy after the Ball to play a practical joke. Parties unknown gave the library students quite a fright before diminutive Lucile came to their rescue and unlocked the string of locks on the library door. No one missed classes (darn it).

Feb. 21 — What were those naughty words from Nan and Beth after the Eaglette-Majorette game? We heard 'em, yes, we did.

Feb. 26 — More locks on the library door. "Tain't funny, McGee!" 'Nuff's 'nuff. Weldon Thacker's essay, "Employment for the Handicapped," won first place at the state.

Feb. 27 — The Detroiters didn't show up, so Mr. Merrill "coaxed" some audience entertainment for us. (You know, "coaxed": "Get up there, or no credit in physiology!")

Mar. 2 — High-school speech students off to Weber to try their luck.

Mar. 5 — New quarter, with a clean slate. Spring is on its way.

Mar. 9 — Juniors practicing in earnest for the Prom.

"Cafe a la Carbon" presented by the Major-ettes.

Captain Put Mossman thrilled and chilled us with his acrobatics and motorcycle riding.

Mar. 12 — Whee, juniors! Kinda proud of your rings, huh, kids?

Mar. 16 — Oh! that Junior Prom! Lighting was unique, and the decorations were out of this world!

Mar. 19 — Have you wondered about you and the Atom? Well, guess you won't any more since listening to James Pitton's lecture.

Junior Promenade

Hey, What Goes On!

Business Session.

THE EYES AND EARS OF CARBON

Mar. 21 — Ah, spring! when a young man's fancy . . . Carbon played host to the Region 5 speech and drama meet and the business meet. New faces around. Carbon did pretty well in business, though we didn't enter speech contests.

Mar. 28 — Exciting month for juniors. Proms and things and now English and I. Q. tests.

Mar. 30 — "Carbon Backstage"—quite interesting. Two "darkies" stole the scene, for the Carbonettes.

Apr. 2 — Oh, boy! No school today. Miner's holiday, so Carbon took off, too.

Apr. 3 — You know, we're just sure that the play Romance is a Racket will win first place in the Ogden meet. The acting was really something. Funny, too.

Apr. 5 — So much talent at Carbon! The "Mikado" was really sump'n.

April 13 — Friday the 13th, but no bad luck today. The Senior Hop with black cats, ladders and such went off "superstitiously."

Apr. 14 — Sure enough, the performers in the play "Romance is a Racket" were so good that they won an excellent rating at the State Drama Festival held at Provo.

Apr. 17 — Enjoyed the U Symphony Orchestra. Even "longhaired" music is enjoyed when played so well.

Apr. 20 — Now I ask ya, do we really want to give the country back to the Indians? The Lettermen left us undecided, but one thing we're sure about, their assembly was heap big entertainment

Apr. 27 — Music, Music everywhere. No classes the last two periods so we could attend the Regional Music Festival and enjoy the bands from the high schools in Eastern Utah as they filled the air with music while they performed and maneuvered.

May 2 — Damsels on Discs was jockeyed around by the Peppers.

May 16 — Whee!!! Ye old "Carbon" was issued today. That is, provided everything went off as planned, but you know what they say: "The best laid plans of mice and men (and the year-book staff) aft gang agley."

May 25 — today marked double graduation of high school and college. For some it will be the end of school days. Some will join the armed forces; some will go on to college, possibly here at Carbon but whatever we do and wherever we go we'll always remember with nostalgia our days at Carbon.

Autographs

Dear Julie;

Well the journey is finally over. The day we all dreamed about.

You a swell gal Julie, who will go far in life. Keep smiling and success and happiness will be yours.

Good luck,
Pat Malady

Dear Julie,

I'll always remember you as the smartest girl, rather person in chem. We really had some gay days in there didn't we? I know that I won't have to wish you success cause a gal with your talent will always be successful. Keep as nice and wonderful as you are now.

Lots of Luck and Happiness
Pat Malady.

Hi Julie

I have known you for almost 4 years now and have enjoyed your friendship. It has been fun taking chem. with you. Lots of Luck and Success to a swell girl.

Always a friend Norman
Zukernick

Julie, I think you have found 'That something'. You are a truly fine girl. I shall be interested in your future life. Best love

Autographs

Dear Julie;

Or should I say Doc,
I have really enjoyed
your friendship these
past years, I don't
know what I would
have done without you
in English this year (don't
let Mr. Leary see this) (he he)
I know that in the year
to come you will be
noted for your great
paintings, because you
have so much talent
& have never met any-
body with so many
talents like you have.
Take advantage of your
opportunities.

A friend
Always
Margy G.

Hi Julie,

I've been great
fun going to school with
you since the 1st I don't
think you would
have been too
much fun without
your muscles and
brains.

What would we
have done in volleyball
without you.

I wish you all
the luck and success
you can hold.

Love Audrey Gibson

"Hi Julie"

It's been nice
knowing you this
past year, and taking
English with you.
Here's wishing you
the best of luck and
success.

A friend
Bob Mrauhl

Autographs

Dearest Julie,

I think your the
most wonderful person
I have ever known. You
just can't help but be a
great success. I want to
wish you loads of luck.

Always your friend,
Guthrie Henric

1951

Dear Julie,
Thanks for helping me
write those electronic equations
in Chemistry. I still don't know how to
do them about being a doctor. If you're a
good one maybe I'll come to you when I get
always a friend
Carma Burdison

Dear Julie,
I have enjoyed taking
Leym with you this
year. I remember the
fun we used to
have playing folly Ball.
Well here's wishing
a swell gold a lot
of success & luck.
a Pal
Mario Dumay

May 18, 51
Dear Julie,
I hope you have
a great time. I hope you
meet again. I hope you
have a lot of luck.
Carma Burdison

Autographs

Dear Julie

It's been fun knowing you. Hope
to see you a doctor. You'll be very
good. I "enjoyed" the dusty walks
home.

I love

Marian

(your neighbor
and fellow brain)

Dear Julie,

It's been fun taking
gym with you this
last year. I hope
that you have
lots of success
in the future.

Joe Wisner

(a classmate)

Dear Julie,
It has been fun
knowing you. I think
you are a very good
person. I hope you
will be a doctor. I
love you. Joe Wisner
(a classmate)

Dear Julie
I have known you
for quite some time
and really think
you're swell.

A girl always -
Joanna Penrich

Autographs

Dear Julie,
It's been nice
going to school
with you the last
three years. I
certainly appreciated
your help in Geometry.
Freddy Hardin

Julia
You are a smart as well as a swell kid
You are bound to make a success,
if you stay the same as you are
now. Have all the luck and
Happiness for you
Bill Hoyer

Dear Julie
I have been a real pleasure. I know
you. I think you are a real artist in
every sense of the word. You have
a personality that very few people
are capable of having. Keep it hid.
You are one person that is nice.
everyone. Lots of luck in the
future.

Bill Coleman
Dear Julie
May you have
the best of luck
possible. You're
one girl who deserves
it. A friend always
don't forget to write
Bill Coleman

Hi Julie
Have it your fun going to school
with me. I will go - and as
soon as I will have writing the
lots of luck, success - happy
a friend always
Bill Coleman

Dear Julie
I have known you
for quite some time
and really think
you're swell.
A girl always -
Joanna Penrich

Autographs

Dear Julie,

I've really enjoyed your friendship since I've known you. You have been a wonderful friend and I know you will go far on the road to success. Best of luck to you always.

Best wishes,
Mary Sacca

Dear Julie,

What fun we've had in Chem & English this year. You're really swell to know. Hope you have success in everything you attempt. Good luck.

Your friend,
Mary Heath

Dear Julie,

It has really been fun taking chemistry with you this year. You're a swell girl and I wish you lots of luck and happiness.

Your friend,
Pat Jackson

Hi Julie.
It's been fun knowing you in art and English where I copied all your work.
Loads of luck
Chris

Hi Julie!
I hope you're
happy & love
Don't forget me!
Love & hugs
Chris

Autographs

Dear Julie:

It was very nice knowing you
for two years. Lots of luck &
happiness in years to come

Your friend
Sally Christie

Dear Julie,

It's really hard to tell you how
much I admire you. The way you
study and work is really a wonder.
You're a great kid and I wish you
all the success in the world. If
work means success, your life
will be full of it. Good luck, I
have really enjoyed knowing you.

Always a friend,
Gay Kendrick

Dear Julie,

How's the Brain? It's been
fun going to school with you this year.
We've really had a lot of fun in Geometry.
There's nothing a swell kid all the
luck and success in the world.
I find always
Beth Hansen

Dear Julie

We have known each other for a good many years now and our paths may part for a while but I think we will see each other in nursing training.

We really have had fun together. I shall never forget our friendships as long as I live.

Remember the last day in Chemistry. I wish it hadn't ended like that.

I really couldn't wish a sweeter girl more happiness and success in the world.

I hope we will see each other after graduation.

Lots of Luck.

Love

Calath McDemis

Dear Julia -

Here is to a swell girl who's got brains
plus a personality - I wish you all the
luck & success in the world, you
deserve it - A friend always
Jo Ann Leonard

Dear Father,
I have been thinking of you
very much lately, and wondering
how you are getting on. I hope
you are well and happy. I
am well at present, and hope
these few lines will find you
the same. I am, my dear
father, ever your affectionate
son, John Smith.
