

Denver, Aug. 30, 13.
Pres. W. J. Kerr, Logan, Utah.
Dear Bro.

I have understood that a number of students have been able to secure employment about the College to assist them through a term of school.

Recently I returned from a very expensive trip to England and am very desirous of attending school this year, but being very much behind will be compelled to work my way. I do not wish to impose in any way, but whatever you can do, will be gratefully remembered by your Bro. Jos. B. Faus

Kindly reply.

Henefer, Utah.

Dear Sir:

Replying to your favor of Aug. 30th, will say that a number of students do work around the College to help pay their expenses. It is impossible to say, however, at this time just how much work there will be, but I shall be glad to help you in this connection in every way I can. Your name will be placed on the list of students desiring employment, and if you will apply at the office early in the year, we may be able to arrange to give you some work.

Yours very truly,

W. J. KERR, President.
