Kellogg's College Agency.

H. S. KELLOGG
MANAGER

31 Union Square
New York

Recommends graduates with University
training for all kinds of College positions.

AN intelligent aid in the selection of College teachers, designed to help in the selection of the *right* candidate. Friends usually think more of the needs of some worthy professor than of the vacant position. The University when applied to cannot always supply a candidate of the right age, experience, training or salary. The **COLLEGE AGENCY**, a strictly professional, business helper, seeks only to place the best candidate possible.

Why we can help you. 1. We save your time. 2. We have a wide acquaintance among men and women with special preparation and satisfactory experience. 3. Our discriminating system is based on *fitness* and *judgment*. 4. The Manager has recommended teachers to colleges for several years. If you are an employer of men and women these points must appeal to you. The Manager will use his utmost skill in selection and recommendation.
