LET YOUR VOICE BE HEARD

July 7, 2009 by cpehrson

Each year, the Disability Law Center (DLC) seeks input from the community on a variety of issues impacting the more than 400,000 people with disabilities in Utah. The information that they receive through the survey helps them to identify and address the issues that are important to people in Utah.

The Disability Law Center (DLC) is a private non-profit organization that is the designated Protection and Advocacy agency for the state of Utah committed to enforcing and strengthening the laws that protect the opportunities, choices and the rights of people with disabilities.

Taking this short, anonymous, online survey is an opportunity for people in Utah with disabilities, their families, and other advocates to share the disability issues that most impact their lives. When a single voice is joined by other voices, it has a louder sound, and when joined with the DLC voices, it cannot be ignored.

I encourage you to think about the issues that affect your life or the lives of those you know, and take 5 minutes and fill out this survey.

To make sure your survey counts, please complete it by July 24, 2009. The results of this survey will be posted on the DLC website in September.
