## SILICONES HAVE EVEN TEMPERERS

The various members of the silicone family all have one remarkable similarity—their sturdy resistance against either very high or very low temperatures.

This ability to remain unruffled in tropic heat or antarctic cold has endeared the silicones to all scientists and engineers who are losing sleep over temperature problems.

Flight engineers, for example, have found that the silicone rubber developed through General Electric research is just the thing for gaskets in high-flying gas-turbine engines. Since silicone rubber retains its resiliency over a temperature range from -55 to 520 F, gaskets made of it keep the engine's joints safe and tight against the heat of scalding gases or the cold of outer space.

Plastics engineers have a preference for silicone oils and greases. Applied to hot molds at temperatures up to 575 F (ordinary oils break down long before reaching this temperature), these silicones keep the molded piece from sticking, and thus reduce breakage, save money, and speed production.

In case the names have puzzled you, *silicones* are the compounds made with *silicon*. Silicon is our second-most-common element, and an ingredient of glass and sandy beaches. It's only in the last few years that scientists have begun to realize what silicon can do.

Silicones are one of the many problems occupying the minds of General Electric scientists and engineers. General Electric employs 6,000 engineers and 900 chemists, physicists, and mathematicians—the largest technical staff outside of American colleges and the U.S. Government. This staff is behind every product General Electric makes.

PRES. W. W. GARDNER

*The election of Wilford W. Gardner, '21, to the presidency of the USAC Alumni Association to replace D. A. Skeen, '09, who resigned to accept an appointment on the USAC Board of Trustees, came as a merited recognition of his steadfast interest in Alumni work. He was just completing a three year term on the Alumni Council, two years of which he served on the Executive Committee and during which time his record of attendance at meetings could not be beaten.*

*Pres. Gardner attended USAC from 1902 to 1907 and then transferred to Oregon State. Later, returning to Utah, he was granted his degree here in 1921. He is a member of the Salt Lake Rotary and Country clubs, a member and director of Salt Lake Chapter of Sons of Utah Pioneers, and he is active in various civic and community affairs. He has a host of friends in the state and will make an ideal president.*

*Mr. Gardner has spent the major portion of his life in the contracting business which he operates with his son, Wilford B. Gardner, under the name of W. W. Gardner, Contractors, with offices in the Interurban Depot Bldg., Salt Lake City.*

Dear Alumni Members:

During the past 20 years the U.S.A.C. Alumni Association has had eight secretaries, a record in which we can take very little pride. Four of the changes have occurred in the past four years and they have left

the Alumni Association handicapped in many ways.

With this past "tenure of employment" uppermost in mind, the Executive Committee took its time in replacing Jack Croft when he resigned more than a year ago. Even though the Association stood still for a year, the Committee was determined to fill the post of Executive Secretary with a man who would fit into and push a vigorous Alumni program, and who would be at the same time interested in the position as a permanent one.

Through the cooperation of President Harris and the College Board of Trustees, we were able to set up a salary schedule which is attractive and also to provide a minimum budget for office expenditures. That the budget is minimum for "normal" needs is indicated by the fact that a major portion of it has already been used in attempting to catch up on back work which has accumulated during the past year or so.

In appointing Leonard W. McDonald, '39, to the post of executive secretary of your Association, the Executive Committee acted unanimously in making the choice. He had been secretary from 1941 to 1944 and had won the respect and support of Alumni members.

During this period Mr. McDonald stood firm in his loyalty to the Alumni Association and its services to the College, sometimes even at the expense of his personal welfare. It was on this basis that your Association officers made the appointment. We know where Mr. McDonald stands on Alumni problems and on the Alumni program and he has our full support. He has proved himself anxious to keep Alumni officers fully informed and is bending every effort to carry out the program which we outline.

As a new Alumni and College year opens, your Association officers call for your support of the Secretary and the Alumni program. All of us are enthusiastic with our prospects for the year. We know that we are on the right road. We have delayed long enough. Now is the time to move forward again.

(Signed) W. W. GARDNER, '21  
President

## "ADOPT AN AGGIE" . . . . .

It is doubtful that this story could be duplicated anywhere in the United States. It is the story of a town and county which turned a housing shortage into a minor housing surplus. It is the story of our beloved Logan and Cache Valley and its people who answered an Aggie call for help in the same spirit that they have been answering similar calls for assistance from time to time since the founding of the college in 1888. It is a story which will make every Aggie heart beat a little faster with swelling pride: Listen—

The housing shortage for students was tight and serious. The latter half of August saw College officials and Logan townspeople looking with apprehension at rapidly approaching September 11 when the fall influx of students was expected to reach its peak with an accompanying demand for housing far outnumbering available accommodations. College housing director C. (Les) Pocock and M. R. Hovey, secretary of the Logan Chamber of Commerce, were being flooded with desperate appeals for living accommodations. Les' notebook showed a total of 357 students who could not be taken care of. His housing list, which normally

● FINAL REPORT ON ADOPT AN AGGIE WEEK brings good news to members of Joint College-Logan Housing Committees Left to right, M. R. Hovey, secretary, Logan Chamber of Commerce; Mayor Curtis L. Miner, Committee chairman; Alumni Secretary Leonard W. McDonald, committee vice-chairman; Ray Nelson, Editor of Herald Journal; Robert H. Holden, Representative of Salt Lake Tribune, Logan agency; and C. L. Pocock, College Housing Director. Other members were: Carl Sanders and Dean Carlton Culmsee.

# Citizens Open Homes to Incoming Aggie Students When Appeal is Made to Ease Housing Shortage

takes several pages to cover rooms and apartments, was a mere half-page.

Conservatively, it was estimated that 400 students would be unable to find accommodations. It was in this situation that a joint College-Logan committee was called together to study the problem and see what could be done to alleviate the increasing pressure for housing of students. Mr. Pocock reported that he was positive accommodations were available in private homes, if the proper appeal could be made to the citizens. Working upon that thesis, the committee under the chairmanship of Curtis L. Miner, Mayor of Logan, outlined a program to acquaint the people of Logan and other towns in Cache Valley with the housing problem which was facing a good share of the incoming college students.

Mayor Curtis proclaimed September 1 to 6 as "Adopt an Aggie" week and urged that all residents of

the city "move over" and make room for an Aggie boy or girl, or a couple. The Herald Journal, edited by Ray Nelson, '35, gave a banner headline announcement and then during the entire week carried daily stories on the drive for housing.

Reed Bullen, '29, president of the Logan chapter of the Alumni Association and manager of radio station KVNU, gave liberally of the station's time, both in special programs and in spot announcements to "plug" the campaign. The two Logan theatres, under the direction of Ray Taylor, manager, assisted with announcements. The Capitol Theatre during the week carried on its entrance the line—"This is ADOPT AN AGGIE week" in red letters a foot high. The manager of Logan's new Drive In Theatre joined in the combined effort to make Cache Valley citizens conscious of the college's pressing housing needs.

As part of the publicity program,

four thousand assorted leaflets were distributed in the streets of Logan during one busy afternoon. Theme of the leaflets was that plenty of accommodations could be made available if people would "move over." "The college can feed them (the students), but they need a place to stay, a room, a bed."

Logan city sent to all homes a special mailing of "Light bills," excepting that no sums were listed on the card, only the words: "You can do your share to solve the housing shortage. Adopt an Aggie this winter." Needless to say, meter-users read their "bill" with growing interest.

And the results?

Well, a tentative and hopeful goal of 400 accommodations had been set. By the end of "Adopt an Aggie" week, some 250 accommodations had been offered and filled. By the end of the second week the goal had been surpassed and the number had

### Board of Trustees Reorganize in July

In a reorganization of the College Board of Trustees, Hyrum M. Blackhurst of Salt Lake City, was named chairman, replacing C. G. Adney who retired after many years of devoted service to the institution. It is anticipated that formal recognition of that service will be made in the near future.

Other officers named on the Board's executive committee were E. H. Street, vice chairman; A. W. Chambers, Dr. W. W. Merrill, Merrill N. Warnick, and R. E. Berntson, secretary-treasurer.

Other members of the board, including Heber Bennion, Jr., '13, are James S. Prestwich, Charles Redd, Ray E. Dillman, Thorpe B. Isaacson, L. C. Montgomery, D. A. Skeen, '09, Mrs. Ella V. Reeder, and W. W. Gardner, '21, who as president of the Alumni Association is an ex-officio member of the Board.

### Faculty Assoc. Officers Announced for 1947-48

Prof. Ira N. Hayward is the 1947-48 president of the College Faculty Association and is outlining a full schedule of events for the current school year. Assisting him are Clara P. West, vice president; and Ina Doty, secretary. Membership in the Association is maintained by a large majority of the faculty. It is expected that a vigorous membership campaign will be pushed to enroll the balance.

### Foresters' Homecoming Breakfast

School of Forestry Alumni will meet for a Homecoming breakfast Saturday, November 8, at the Bluebird in Logan, Don P. Drummond reports. He requests all who plan to be back for that day to notify him immediately so that reservations may be made. The event has been set for 8:30 a. m.

## Greetings From President Harris . . . .

It is a great pleasure for me to report to the Alumni Association that the prospects for the coming year are unusually favorable. The early registration indicates that we will have the largest enrollment in the history of the Institution. The faculty has been greatly strengthened to meet the needs. Approximately fifty new members of the staff have been added since last year. Through grants from the Government, we have more classroom and laboratory facilities than we have had, and the housing facilities are greater than ever.

We hope that as many of the alumni as possible will be able to return to the Institution to note its growth and progress. Everyone likes to be associated with a "going concern," and certainly Utah State Agricultural College is now a growing concern in a big way.

I am glad to report that we are being made proud these days of the accomplishments of the Alumni of the College. They are serving in capacities of leadership all over the world. We are glad to have many former students write to us telling us of their work. I hope that all of you will keep in touch with your Alma Mater.

—F. S. Harris

### Hendricks Named Sec.-Treas. Of Big Seven Conference

Elevated recently to the post of Secretary-treasurer of the Big Seven conference, was Dr. King Hendricks, chairman of the USAC Athletic Council and College Librarian. The post became vacant upon the withdrawal of Colorado University from the conference and Utah State was fortunate in placing Dr. Hendricks in this key spot.

The Athletic Council at the College now has the following membership: Dr. Hendricks, chairman; Professors Byron Alder, George Caine, H. B. Hunsaker, Edward Payne, Laurence Stoddart, J. E. Christiansen; Coach E. L. Romney, and Executive Secretary Russell E. Berntson.

### Cornaby Given Post As Art Dept. Head

Floyd V. Cornaby was appointed professor of art and head of the art department to succeed Prof. Calvin Fletcher as a result of Board action on September 20. Prof. Cornaby is a graduate of the Brigham Young university and is at present in Washington D. C., supervising the establishment of the arts and crafts phase of the manual arts therapy division, department of medicine and surgery, veterans administration.

Prof. Cornaby has an M.A. degree from Columbia university and has done further study in art schools on both east and west coasts. He has taught at Skidmore college, Saratoga Springs, N. Y. and was four years in the armed forces. He established the educational training program at the AAF convalescent hospital, Fort Logan, Colo. Prof. Cornaby will assume his duties later in the year.

## AGGIE FOOTBALL TEAM RATED TOPS IN MATERIAL AS SEASON OPENS

Coach E. L. "Dick" Romney's Utah Aggies, co-champions of the Skyline Six conference last season, will enter gridiron play this fall as probable champions of the circuit. Last December the '46 season ended with the Aggies and the Denver Pioneers sharing the top seat in the conference. Sports writers and enthusiasts are plugging the spirited Aggies for high honors again this year.

The football season for Aggie fans will be enhanced by installation of stadium lighting to provide three games under lights. The lighting system is said to be "most powerful in the state."

### OLD MAIN GETS FACE LIFTING FOR SCHOOL YEAR

"Old Main" has had her face lifted!

Redecorations began in June when carpenters, plasterers and painters took their tools to the basement of the building and began working up.

Result: the cement floor has been covered with asphalt tile, much of the woodwork has been replaced, office space in the basement north wing has been reconverted to supply badly needed offices, and walls throughout are newly painted cream and green.

The "Old Girl" now feels fortified to accommodate the current record enrollment.

### Nelson Replaces Hall In P. E. Department

Dale Nelson, 1942 graduate of Utah State, and outstanding trackster of several years ago, has been named intramural supervisor at Utah State this year, according to Prof. H. B. Hunsaker.

Nelson succeeds Vaughan Hall who has been granted a year's leave of absence to work as director of physical education and recreation in the state department of public instruction.

Other physical department staff members for the year are Prof. Hunsaker; Israel Heaton, instructor in recreation and major training; Ken Vanderhoff, instructor in sports and minor sports coach; Ken Farrell, graduate instructor in sports.

Elizabeth Ann Dutton, instructor in major training and sports; Elizabeth Whitney, dance and major training; Shirley Nelson, intramurals and sports; and Donna Hogge, graduate assistant in sports.

### HOMECOMING NOV. 8

Homecoming has been set for Saturday, November 8, when Utah State will play Colorado university. A full program is being worked out and will be mailed to each alumnus on our mailing list about the middle of October. Look for your Homecoming Bulletin and plan to rejoin your friends and classmates on that date.

Opening game of the year pitted the Ags against San Diego State on Sept. 19. The game was played at night and ended in a 24-19 score in the favor of San Diego.

Four men ended the '46 season as all-conference selections, and all will don grid togs this fall. The quartet consisted of George Nelson, tackle; Ralph Maughan, center; Jay Van Noy, halfback; and Frank "Buss" Williams, fullback.

Other regulars set to return are Norval Hansen, end; Moroni Schwab, tackle; DeMont Walker, guard; Evan Sorenson, John Worley and Merlin Maughan, halfbacks; and Jack Sorenson, quarterback. Freshmen will be unable to compete in varsity play because of a pre-war conference ruling which has been re-instated.

On Romney's coaching staff are Howard "Tuff" Linford, line coach who was given much of the credit for building the 1946 powerhouse; Paul Marston, backfield coach; Joe Whitesides, end coach and scout; and Marvin Bell, freshman coach who will assist with quarterback training.

Other night games on the docket, in addition to that played with San Diego, will be Wichita university, Sept. 26, a game billed as the Centennial event; and Montana university, Oct. 10.

Ken Webb

C. L. Pocock '27

### Pocock Named Chairman Of Homecoming Arrangements

C. L. Pocock, college chairman of public relations, has been named general chairman of the Homecoming committee to guide preparations for the annual return of alumni members to the campus, November 8 when the Aggies will meet Colorado university. The choice is an ideal one for "Les" knows probably more Alumni and former students than anyone now on the campus.

Les graduated from the college in 1927 after which he taught school in Tooele for two years. He returned to the campus and worked in the Secretary's office until 1931 when he was shifted to his present post in the Public Relations office.

Mrs. Pocock is the former Frances Thomas. While attending the USAC, she served one term as secretary of the studentbody organization. She and Les have three children.

Assisting with Homecoming preparations, and representing the students on the general committee will be Kenneth Webb of the Student Council.

### Ken Webb Assists With Homecoming Plans

Representing the Student Council on the Homecoming general committee, is Kenneth Webb, chairman of special events. Ken is from Richmond, a sophomore, and has already won himself a reputation for getting things done right and on time. Last year he was in charge of Freshman Week on the campus and that has been labeled as one of the most successful yet.

Ken has a host of new ideas for Homecoming. He will work with C. L. Pocock, general chairman, and between them they will turn out a program which will whet the interest of returning Aggie Alums.

# What the Alumni Are Doing

1905-12

**James E. Barrack, '05**, is a hardware and auto dealer in Fairbanks, Alaska. In 1905, he was one of 22 graduates which made up the largest graduating class at the U.S.A.C. up to that time. He writes: "Let's have more news about the class of '05."

**W. Ernest Carroll, '09**, former head of the College department of animal husbandry, and his wife, the former Lenore Ure, are residing in Urbana, Ill., where Dr. Carroll is associate director of the Illinois agricultural experiment station.

**Dr. Walter J. Crocker, '08**, chief clinical pathologist at the Philadelphia General Hospital for 21 years, died in May at his home after an illness of a year. A former state amateur heavyweight boxing champion, he continued that sport for many years. He was a 33d degree Mason. He is survived by his wife, Rosa

B. Crocker, and a daughter, Dr. Helen M. Crocker.

**Professor Franklin A. Wyatt, '10**, died at his home in Edmonton, Canada, May 24, following a heart attack. Since he received his master's and doctor's degrees at the University of Chicago, he had been living in Edmonton where he was director of agriculture and soils at the University of Edmonton.

**Dr. Newel H. Comish, '11**, professor of business administration, University of Oregon at Corvallis, is the author of four books and over 100 magazine articles appearing in professional, scientific and business magazines.

**Dr. Edgar B. Brossard, '11**, current senior Republican member of the U. S. Tariff Commission, has gone to Geneva, Switzerland, to participate in the second session of the United Nations conference on trade and employment.

**John S. Welch, '11**, former Idaho state commissioner of agriculture, died in

his Logan home, August 21, following several months illness. At the time of his death he was Cache county supervisor for the Farm Security administration. With his wife, Eulalia Sorensen Welch, Mr. Welch completed an LDS mission in New Zealand where he was also president of the Maori Agricultural college. Later he served as bishop for six years in Jerome, Idaho. He was a high councilman in both Hyrum, Utah, and Boise, Idaho LDS stakes. His four children have all been Aggies. Edith Welch graduated in '36 and is married to Floyd T. Morgan, professor of speech. John S. Welch, '41, was the valedictorian for his class; while Robert S. and Julia are still students here.

**Clara Hyde Turner, '12**, who is living in Morgan, in a recent letter to the Alumni office proudly describes her five grandchildren, all of whom she expects to be Aggies, in time.

**Hervin Bunderson, '12**, has resigned as Superintendent of Box Elder County district schools, a post he has held the past 14 years. In recognition of Mr. Bunderson's service, the school board adopted a resolution "expressing appreciation for efficient services performed during a difficult period of depression and war."

**William J. Wilson, '12**, an Eden resident for a number of years and an active church worker, died July 10 in an Ogden hospital of a heart illness. For a number of years Mr. Wilson taught at the Grantsville high school before accepting a mission to New Zealand for the LDS church. For three years he was an instructor in a college there as well as performing his mission work. At the time of his death he was secretary of the Eden Irrigation Company.

1913-17

**Dr. John I. Lauritzen, '13**, is engaged in research on the physiology of sugar cane, as a senior physiologist with the U. S. Dept. of Agriculture. He resides in Chevy Chase, Md.

**E. L. Barrett, '13**, visited entomologist friends on the campus in June. He manages a large pest control service, with headquarters at Berkeley, California.

**Rupert Morrill, '15**, a farmer in Kimberly, Idaho, and his wife, the former Zella Miller, have four children, all of whom were students at Utah State; two of them are Aggie grads: Laren, '36, and Alley, '38.

**Wilford F. Heyrend, '16**, who is a teacher and farmer in Rigby, Idaho, has two sons who graduated from the AC, Dr. W. Wendell, '36, and Noel B., '38. He has one other son and a daughter, and is rightfully proud of the fine record his children are making.

**David Parker Murray, '16**, widely known throughout Utah and Idaho for his work with boys' and girls' 4-H club work, died April 16 at the family residence in Logan following an extended illness. Mr. Murray was state 4-H club leader for the Utah Extension Service from 1923 to 1939 when he retired because of ill health. He was the first Madison County, Idaho

Front Row, left to right: Mrs. Victoria Lundberg Anderson, '97; W. W. McLaughlin, '96, chairman of the Society of 50-year Graduates; Rachel Maughan Wadsworth, '97; Joseph J. Larsen, '97.

Back row, left to right: Joseph R. Thomson, '96, secretary of Society; Dr. Amos N. Merrill, '96; Thomas H. Humpherys, '97; and Albred A. Hart, '97.

## Society Holds Fifty-year Anniversary Reunion

The Society of Fifty-year Graduates of the college marked the Society's second annual anniversary by a dinner meeting reunion held at the college during Commencement. Chairman of the group is W. W. McLaughlin, '96, of Berkeley, California, while Joseph R. Thomson, '96, of Richmond, is secretary.

Five new members were initiated into the Society when the class of 1897 returned to the campus for its reunion. The initiates included three men and two women: Alfred Hart, Bloomington, Idaho; Thomas H. Humpherys, Logan; Rachel Maughan Wadsworth, Logan; Victoria Lundberg Anderson, Pocatello, Idaho; and Joseph J. Larsen, Newton.

Members of the class who were unable to attend the services were: Charles A. Jensen, Santa Paula, Calif.; Charles Pond, Island Park, Ida.; and Clara Foster Bacon, Glendale, Calif.

Chairman McLaughlin, Secretary Thomson and Dr. Amos N. Merrill, Provo, all members of the class of '96, were on hand to welcome the new members into the Society. Other members of the Society, all members of the class of '94, are Robert W. Erwin, LeMay, Mo.; Martha Hoyt Myrick, Salt Lake City; and Andrew B. Larsen, Salt Lake City.

county agent. Born in Wellsville in 1864, he was active in the Church of Jesus Christ of Latter-Day Saints and in civic work. Following his graduation from the USAC, he taught school in Cache County and in Idaho. He is survived by his widow, Mabel Shipley Murray, '36, and four sons, David P., William Guy, Louis Paul, and Robert P. Murray.

**Joseph Einer Otte, '17**, is a physician and surgeon in Littleton, Colorado. When he visited Utah State last September, he found no one he knew, but says he is happy "to see how 'UAC' is growing."

**F. Bervard Nichols, '17**, formerly of Brigham City, is now at the University of Pittsburgh, where he is editor of the "Pittsburgh Business Review" in the Bureau of Business Research, and associate professor of economic research.

**Dr. John O. Ellsworth, '17**, has joined the staff of the University of Denver as professor of marketing and advertising. Prior to this appointment he was dean of commerce at Texas Technological college. He received his M.S. and Ph.D. from Cornell University.

## 1918-24

**Gerald Thorne, '18**, entomologist for the U. S. Dept. of Agriculture, has trained most of the outstanding young entomologists now conducting research in the U. S., according to **Dr. George F. Knowlton, '23**. He visited the USAC in June to discuss research problems.

**Hyrum P. Jones, '20**, a teacher in the L.D.S. Seminary, Spanish Fork, has five boys, three of whom will be in college this year. Mr. Jones is also first counselor in his ward bishopric, and secretary-treasurer for the Spanish Fork Kiwanis. His wife is the former Martha A. Kirkham.

**Gen. Frank T. Hines, '20**, U. S. Army retired, is the U. S. Ambassador to Panama, and is living in the Canal Zone.

**Ray J. Silvers, '21**, in his first visit to the campus since his graduation, expressed his amazement in the growth of the college. Buildings new to him were the Commons, Library, Women's Residence Hall, Field House, Stadium, and Rural Arts Building. The quadrangle, as he remembered it, was just a dusty field. Mr. Silvers has retired from business. He was formerly manager of the J. C. Penney Co. store in Tulare, California.

**J. Harold Clawson, '21**, with his wife, the former Leora Gibbs, Logan, recently stopped in Logan for a short visit. He is employed by the Puget Sound Power and Light Co. as controller of the Seattle firm.

**Dr. Rulon Smith, '24**, a college instructor at Santa Monica City College, has been elected to the California Council of Education which represents the 50,000 teachers in California. He is also on the Southern Council of Education in California which represents 15,000 teachers.

**Comfort M. Bachman Bock, '22**, with her two daughters, Margaret 14, and Ann 12, are living at Nagoya, Japan with her husband, Frank Bock, who is on foreign duty with the U. S. Army.

● **GETTING SET FOR VERNAL CHAPTER ORGANIZATION** meeting, scheduled for Saturday, October 11, at 8 p. m. in Vernal. An invitation has been extended to interested Alumni to attend. Reservations for the dinner meeting may be made by writing Clair Hopkins, president. Shown above, first row, left to right: Dean Eyre; Doyle Landon, vice president; Beth Swenson Hall. Second row, Ruth Swenson Eyre, Mr. Hopkins, and Jay N. Hall. Not present when photo was taken were Ruth Lundell, Secretary, and Howard Calder, Alumni Council member.

Besides being physician and surgeon in Lafayette, California, **Dr. Emery R. Ranker, '24**, is a member of the Berkeley Stake presidency. He and his wife, the former Irene Thorley, have 3 children, Emery, Jean and Elaine.

**Kimball J. Cranney, '24**, former Salt Lake manager of the National Biscuit Co. and subsequently assistant advertising manager at the general offices of the same firm in New York City, has returned to Utah to become associated with **N. V. (Hod) Sanders, '27**, in the Clover Club Foods Co., at Kaysville.

He has been on the staff for two years, before which he studied there and was awarded his M.S. in music in 1945. The college of music recently presented him in a musical program. His wife is the former **Olive Neilsen** '38.

**Seth (Whitey) Maughan**, Utah Aggie grid great of 1939 and 1940 has been appointed football coach at South Cache high school. Following graduation from USAC he entered the army. He played pro football for one fall with the Detroit Lions, then returned to USAC for a year's study on his masters degree.

1942

**Dorothy Jensen Larison** and her husband, James M. Larison, recently moved into their new home in Roy, Utah, where they soon expect to welcome home their three-year-old daughter, Sharon, who was stricken with polio in 1945. Thanks to surgery, the child will be able to walk again without crutches or braces.

## Citizens Open Homes

(Continued from Page 5)

climbed to 438 accommodations upon which there had been an actual check. A great number of Logan's citizens and those in surrounding towns who had never before opened their homes to students did so, and the battle was won. "Les" Pocock began to be aware of a change in the tide. Home owners were beginning to inquire why they hadn't been assigned boys or girls. The housing problem for single boys and girls had been licked and there began to appear a small but comforting margin of "available accommodations."

Only unsolved problem, and that still continues, is the accommodations for married couples—especially those with children. But even here the work of the joint committee has brightened the picture. Wires to congressmen and to authorities of the Public Housing Authority in San Francisco have stirred action towards the completing of some 56 Pre-Fab apartments and 20 city supervised units. This work had been stalled since early last spring. It is hoped that the impetus given the program will result in the early completion of these units.

The College has been going ahead with its work on Quonset apartments. At the present time they have completed approximately 60 units and will continue on until the demand is met. Mr. Ben Van Shaar, Housing Manager, is hopeful that before long even the couples will be able to find haven while attending school.

That is the story. The famed Aggie spirit of friendliness, consideration, and goodwill which pervades the campus has found its counterpart in Logan and Cache Valley. Along with President F. S. Harris, the Alumni Association salutes the citizens in the city and county. Thank you, thank you.

**Robert E. Corey** dropped the Alumni office a card inquiring about this fall's Home Coming game. Bob is planning to be in on the event. He and his wife, the former **Betty Lou Balch**, are living at Salem, Oregon.

#### 1943

**Dr. Ted B. Bernhisel** visited in the Alumni office in July to pay his dues. He is now taking special internship training at St. Luke's hospital in Chicago, Ill. Following his graduation from the U. of Utah medical school, he interned at the Dee Hospital in Ogden for a year.

**Mr. and Mrs. Gordon Porter** have returned to Logan following two years in Brazil, where Gordon was employed by the foreign service, U. S. State Dept. Mrs. Porter is the former **Lorraine Anderson**, '41. Gordon, the son of Dr. and Mrs. **R. O. Porter**, '12, will teach in the Logan high school.

**Lowell Pack** visited the Alumni office in July. Following his release from the Navy, he has been employed with a private engineering firm in Pasadena. His wife is the former **Marjorie Taylor** of California. They have a two-year old son, Brent.

**Vaughan E. Hansen** has been awarded a research assistantship at the University of Iowa, Iowa City. He received his M.S. this spring in engineering and hydraulics at the U.S.A.C.

#### 1944

Kenneth D. Stephens '42, and Dorothy Hoffer Stephens welcomed a baby daughter, Judith Ann, in May. They also have a son, K. Dean, Jr. At present Kenneth is a student at the Univer-

sity of Chicago.

Barbara Beth was the name given to the baby girl born to Mr. and Mrs. Dale Steed in July. Mrs. Steed is the former Beth Emmett. At present Dale is engraver for the Max Brunson studio in Logan.

Mr. and Mrs. Harold Simpson '41, are the proud parents of a baby boy born Dec. 18, 1946. Harold is a modest fellow and, therefore, failed to notify the Alumni Office of this big event in his family. Mrs. Simpson is the former Adella Rutkowski. Harold is now attending school at the University of Wisconsin.

Dr. and Mrs. Madison Thomas '38, announce the arrival of a new baby girl, Gloria, born July 27, 1947. Mrs. Thomas is the former Marian Peterson '37. They are making their home in New York City.

On July 31, Clarence (Pete) Randall '45 and Janet Cannon welcomed a new son at the Cache Valley Hospital. This is the first child for the young couple. Pete just recently received his doctor's degree from the Northwest Pacific College of Dentistry and has now opened an office in Logan.

● Lyn (Suede) '47, and Phyllis Sederholm Larson '47 announce the arrival of a baby daughter, Kristen, in July. Lyn is editor of Student Life for the coming year.

Mr. and Mrs. Ross W. Sargent welcomed a baby girl, Kathleen, April 4. They have one other child, Suzanne, two years old. Mrs. Sargent is the former Mary Maughan '44.

## To All "A" Men:

### Announcement

A reorganization of the Utah State "A" Men's Athletic Association is being made to enable it to effectively meet the challenge for stronger support of the College's athletic program. From the reorganization will come a stronger and more virile association than has ever existed. And such an organization is needed to carry forward the "AGGIE SPIRIT" which through the years has won the admiration and respect both of opponents on the field and onlookers in the grandstand.

Under the capable leadership of Cantril (Flash) Nielsen, president; Marvin Bell, vice president; and Herman (Mouse) Nelson, secretary, a program has been worked out in conjunction with the Athletic Council which will assure a bigger and better athletic program at Utah State. The "A" Men's group is expected to play a strong role in that program. Directors of the Club are: Rudy Van Kampen, Fred Allen, Glen Worthington, Clinton Vernon, Ellis Wade, Sterling Harris, and Cliff Poole.

### New Constitution

It is felt that the present constitution of the "A" Men's group should be changed in several respects. First, to extend the period the president holds office from one to two years, with similar changes for the directors and other officers. Second, to allow for the handling of the secretarial work by the USAC Alumni Office, and third, to officially approve informal action which granted your present officers authority to change the dues of the organization. Other changes possibly should be made to streamline the association.

### New Program on Life Membership and Dues

At the banquet dinner given in Salt Lake City in June to honor the championship track teams, "A" Men representatives gave approval to your officers to move ahead with a new membership program. Under its provisions, Life Membership initiation fee of \$10.00 is charged each and all "A" Men who affiliate with the Association. This payment covers the first year's annual dues, after which yearly dues of \$3.00 are charged. Benefits from these fees make your membership the biggest athletic bargain yet offered—two tickets to all home games. Full details may be had by writing the "A" Men's secretary, Herman Nelson, Logan, or the Alumni Secretary.

### Items on "A" Men's Program

Under the list of activities which President Nielsen is proposing will be found: 1, Scholarships for Athletes; 2, Aggressive field program of contact work; 3, Support for campus and other events such as Athletic Banquets, Thanksgiving Game banquet, Homecoming activities; 4, Full-fledged promotional program in support of the "A" Men's Association among potential members; and 5, the setting up of an organization which will "carry on" more strongly than ever each year through close cooperation with the Alumni Association.

### REORGANIZATION BREAKFAST—HOMECOMING TIME

An "A" Men's breakfast has been scheduled for 11 a.m., November 8, the day of Homecoming. You can get in the swing of things by attending. New officers will be elected and the proposed changes in the constitution will be considered. Plan to attend by making reservations now on the enclosed form. All "A" Men are invited.
