Feb. 7, 1907.

Mr. H. H. Seebeck,  
Twin Falls, Idaho.

Dear Sir:

Your favor of the 24th instant inquiring in regard to your son entering this institution is just received. Replying will say that persons may enter school at any time during the year. Just at the present time there is a number of newly graduated public school students registering, provisions being made for them to pursue the required work advantageously.

In regard to summer school, it has been the custom in the past to have a summer session for five weeks, but the work outlined is of an advanced character, designed to meet the demands of the public school teachers of the state.

It occurs to me that you might not possess one of our catalogues, so I am sending you one today under another cover, in which can be found information in regard to work, conditions of admission, etc.

Any further information desired will be gladly given.

Truly yours,

Secretary to President.
