74-23-11
Stanford University, Cal.
April 11 03.

Pres. W. Kerr.
A. I. College, Utah.

Dear Sir: Will there
be any opening for a position in
chemistry next year?

This spring I shall complete
the work here leading to the B.A.
degree, and shall spend next sum-
mer doing post graduate work at
the University of California.

I graduated in the four years
normal course at the B. Y. Academy,
Provo, in the year '97. The three
years following I taught as
principal of the Wilson and Plain
city schools. Mosiah Hall was

to superintendent. Since that time
I have been studying in this
University, with last summer
in the University of Cal.

If you will have any opening
I shall be pleased to furnish
recommendations. Let me hear
from you at your earliest
convenience.

Very respectfully,

Chas. E. Maw
