Vince Lafferty, Regional Campuses and Distance Education  
( representing Ronda Menlove)  
Wendy Holliday, Merrill-Cazier Library  
Bill Jensen, Registrar’s Office  
Cathy Gerber, Registrar’s Office  

Absent:  
David Hole, Academic Standards Subcommittee Chair  
Representative from Caine College of Arts  
Representative from Graduate Council  
Tanner Wright, Academic Senate President  
Trevor Nelson, Graduate Student Vice President  

I. Minutes of the 1 April 2010 meeting  
David Olsen moved to approve the minutes of the 1 April 2010 meeting. Charlie Huenemann seconded; motion carried.

II. Subcommittee Reports  
A. Curriculum Subcommittee  
Ed Reeve reviewed the Curriculum Subcommittee business.

All courses were approved  

No action was taken on the request from the Department of Animal, Dairy and Veterinary Sciences to consolidate three graduate degree programs, including a proposed Animal Health and Disease Specialization into one MS/PhD Degree Program. The proposal needs to be resubmitted using the new revised R 401.
No action was taken on the request from the Jon M. Huntsman School of Business to offer a Master of Science in Financial Economics to be housed in the Department of Economics and Finance. This proposal needs to be resubmitted using the new revised R401. This proposal also needs to be approved by the Graduate Council and the Budget, Faculty and Welfare committees before being submitted to the Curriculum Subcommittee.

The discussion item pertaining to whether or not the instructor and/or advisor should have the permission to override prerequisites will be continued at the October 7, 2010 meeting.

Ed Reeve will be updating the Curriculum Subcommittee Handbook. A link to the handbook will be sent to all members once it has been updated.

Just a reminder that the semester course approval form must have signatures from both departments/colleges if the course is multiple listed. Also remember to attach a syllabus for all new courses.

B. Academic Standards Subcommittee

Academic Standards Committee Meeting Minutes
08 April 2010 ESLC 245
Convened 2:30 pm
Attendees: Chris Call (CNR), John Mortensen (Registrar), David Hole (Agriculture), John Barton (RCDE). Ed Glatfelter (retired faculty).

Agenda items:
Certificates
The committee discussed the certificate approval process and reviewed the policies at various other institutions. We reached a consensus that the policies and procedures regarding certificate development and approval of the University of Utah best meet the needs that USU has. That policy is attached. Since the R401 form and the procedure for Board of Regents approval is in a state of change, it was decided to pass the recommendation on to the EPC, but not write specific language until the new program approval process is in place.

Latin scholastic distinctions
Currently transfer students may graduate with a degree from USU with 30 hours of USU coursework but are only eligible for Latin scholastic distinctions after completing 40 hours of credit in residence at USU. After discussion, there was no motion to change the current policy.

Incomplete policy
The current USU policy does not explicitly state that any portion of the course must be completed by a student that is requesting an incomplete grade. After discussion and review of policies at other Utah institutions, USU’s current policy is the only policy that does not stipulate that at least a substantial portion of the course must be completed with a passing grade to be eligible for consideration of an incomplete grade. The approved suggested language is attached.

David Hole will chair the academic standards sub-committee for the 2010-2011 academic year.

The meeting was adjourned at 3:10 pm.

Subject: FACULTY REGULATIONS – Chapter VIII –Section 21 (9-8.14)
UNDERGRADUATE CERTIFICATES

POLICY
Undergraduate certificates are given in recognition of a pattern of courses, often drawn from several departments, which, when taken together, produce an emphasis that is not
the same as an academic major or minor but that gives a student a competence worthy of some formal recognition.

Undergraduate certificates shall require at least 20 semester hours of designated work. The Council is willing to consider appropriately supported requests for waiving the minimum hour requirement.

Proposals for new undergraduate certificate programs are created by departments and colleges and submitted for approval to the Undergraduate Council, which will send approved proposals on to the Faculty Senate and the Board of Trustees for their review and approval. Proposals for new undergraduate certificates requiring 20-29 semester hours of designated work do not need be considered by the Board of Regents; they will be added to the annual list of certificates submitted to the Commissioner of Higher Education in December of each year.

Proposals for new undergraduate certificates requiring 30 or more semester hours of designated work need to be presented to the Board of Regents as an Information Item (see R401-4.1.1).

Students who fulfill the requirements of an undergraduate certificate that has been approved by the Board of Trustees will have the certificate recorded on their University of Utah transcript.

GUIDELINES

A. DEVELOPMENT OF NEW UNDERGRADUATE CERTIFICATE PROGRAMS

1. Proposals for new undergraduate certificate programs are created by departments and colleges and submitted for approval to the Undergraduate Council providing the information outlined in Section B. Proposals for undergraduate certificate programs that need to be presented to the Board of Regents as an Information Item shall be submitted using the template and providing the information in the Board of Regents Policy R401, Section 9.4.

2. Proposals must be accompanied by endorsement from the department heads and deans of the college in which the contributing coursework is housed, as well as from those academic units whose students or programs could be affected by the creation of the new undergraduate certificate.

3. Interdisciplinary undergraduate certificate programs are encouraged.

B. CRITERIA FOR PROGRAM SUBMISSION

Proposals for new undergraduate certificate programs shall include the following:

Need. A statement of the need for the proposed certificate and the basis for such a need, supported by either externally or internally derived data;
Educational Objectives. A statement of the educational objectives of the certificate.

Impact on Existing Programs. The certificate proposal will address the question of the impact of the program on any related programs.

Courses. A statement of the proposed course sequence associated with the certificate, including titles and course descriptions both for existing courses and any new courses that may be developed. The proposal will address the possibility of program delivery using distance education approaches.

Student Advisement. Identify the department/college office that will coordinate the certificate program, advise students, and communicate with administrative offices.

Budget. Describe the costs of the certificate program and how the program will be funded.

Library Resources. Confirmation from the appropriate University library, or libraries, that current resources are sufficient to meet the research needs of the certificate program.

Approved Language:

**Incomplete (I) Grade**

Students are required to complete all courses for which they are registered by the end of the semester. In some cases, a student may be unable to complete all of the coursework because of extenuating circumstances. The term “extenuating” circumstances includes: (1) incapacitating illness which prevents a student from attending classes for a minimum period of two weeks, (2) a death in the immediate family, (3) financial responsibilities requiring a student to alter course schedule to secure employment, (4) change in work schedule as required by employer, (5) judicial obligations, or (6) other emergencies deemed appropriate by the instructor. The student may petition the instructor for time beyond the end of the semester to finish the work. If the instructor agrees, two grades will be given, an “I” and a letter grade for the course computed as if the missing work were zero. An Incomplete Grade Documentation Form must be filed by the instructor in the department or college office. Students may not be given an incomplete grade due to poor performance or in order to retain financial aid. An incomplete grade may be granted only if the student has completed the majority of the course and is passing the class at the time. The student is required to complete the work by the time agreed upon (which may not be longer than 12 months). If no change of grade is submitted by the instructor within the prescribed period, the “I” will be removed and the letter grade originally submitted with the “I” will remain as the permanent grade for the course. Arrangements to complete the missing coursework are to be made directly with the instructor awarding the “I” grade, and in accordance with departmental and other USU policies. In the absence of the original instructor, special circumstances must be handled by the department head. Documentation of the reasons for granting
an “I” grade and required work to be completed in order to remove the “I” grade must be recorded on the *Incomplete Grade Documentation Form*, which must be filed with the departmental office. Resolution of the “I” grade does not involve a complete repeat of the course, only the completion of missing coursework. A **student does not reregister for the course.** All “I” grades must be changed to letter grades prior to graduation, regardless of whether or not the course is required for the degree. Dissertation, thesis, directed study, and independent study courses taken for graduate work are exempted from this policy.

Approval of the April 8, 2010 Academic Standards Subcommittee minutes was tabled until the October 7, 2010 meeting.

The Academic Standards Subcommittee consists of the following members:
David Hole-EPC-Ag-Chair
Layne Coppock-EPC-NR
John Barton-RCDE
Michael Lyons-HASS
John Mortensen-Registrar
Stephanie Hamblin-Advising

The code charges EPC to appoint four faculty members and one student from EPC and additional members as they desire.

"The subcommittee shall consist of four faculty members and one student appointed from the Educational Policies Committee. Their terms will correspond to their Educational Policies Committee terms. Additional members may be appointed to the subcommittee for two-year terms by the Educational Policies Committee to lend expertise."

As a result, the EPC needs to identify two additional EPC faculty members and the EPC student representative to serve on this committee. The meetings are currently scheduled for the third Thursday each academic month at 3:30pm.

The Educational Policies Committee appointed Richard Mueller and Charlie Huenemann as the two EPC faculty members who will serve on the Academic Standards Subcommittee. The EPC student representative on the Academic Standards Subcommittee will be determined later.
