Mr. W. J. Kerr,

Logan, Utah.

Dear Sir:

I have replied to your telegram of the 26th instant, giving you in round numbers the average daily attendance in the public schools, and the total expenditures in the United States for public schools. I regret that I have no statistics later than 1904 for your use. The returns for 1905 have not yet come in from all the States and the tabulation of these statistics will not be in print for several months to come.

I send you, under separate cover, my Annual Statement, which is the latest publication on the subject, in the hope that it may contain some items of interest to you.

Very respectfully yours,

[Signature]

Commissioner.
