Correspondence with
Joseph Howell
House of Rep.
Jan. 20, 1904.

Hon. Jos. Howell,
Washington, D. C.

My dear Sir:

I shall very much appreciate it if you will kindly send me a copy of the mining school bill introduced on Jan. 4th by Mr. Mondell of Wyoming, with the proposed amendment by the National Association of State Mining Schools.

Wishing you continued success, I am,

Sincerely yours,
Jan. 28, 1904.

Hon. Jos. Howell,
Washington, D. C.

My dear Sir:

I am just in receipt of your favor of the 20th inst., enclosing a copy of the bill introduced in the House by Mr. Mondell of Wyoming. I have examined the bill carefully, in connection with a letter received from President White of Georgia, Chairman of the Executive Committee of the American Association of Agricultural Colleges and Experiment Stations; also the amendment to the bill, proposed by the National Association of State Mining Schools.

While the bill is a compromise, unavoidable perhaps because of the conflicting interests involved, and the varied conditions affecting land grant college and mining educational work throughout the country, it is a good one and I have no changes to suggest. It is very gratifying to know that there is such interest taken in the bill, and that the prospect of its passage by the House is so favorable.

For a number of years I have received the Congressional Record, but it is not now being sent me. If it is practicable and convenient for you to have the Record sent me, I shall appreciate it. If the Government will hold the Record until the close of the session, and send me bound volumes, I should prefer them in this form; otherwise, if the daily issues are sent me, I can have the volumes bound as they are completed.

With kindest personal regards, I am,

Sincerely yours,
February 4th, 1904.

Dear President Kerr:

I shall be pleased to reserve for you one copy of the Congressional Record to be sent to you in bound form at the close of the session,—this as per your recent request.

With kind personal regards, I remain,

Very truly yours,

Joseph Howell

Pres. W. J. Kerr,
Agricultural College, Logan, Utah.

Dear President Kerr:-

Through the joint efforts of yourself and those whom I asked to assist in the late examination of candidates for Annapolis, I was soon able to make an appointment as required. I must not allow the occasion to pass without expressing my hearty appreciation of your services in connection with the examination. I trust that in return for your kindness, I shall be able to serve you in some way.

Yours sincerely,

Joseph Howell

Pres. W. J. Kerr,
Agricultural College,
Logan, Utah

My dear Sir:

From what you say regarding the Bill to provide for the
re-incorporation of the National Educational Association it
appears to be a measure that I can support without reserve. I do
not recall that I know what the grounds of opposition to it are – those
to which you refer. I shall be glad to look into it further though
and trust I will find myself consistently able to give it my hearty
support.

Very truly yours,

Joseph Howell

Dear Representative Howell:

I thank you for your favor of the 27th ult. regarding the Adams and Mondell Bills, and your enclosure of a copy of the former.

Wishing you continued success, I am, with kindest regards to yourself and Mrs. Howell,

Very truly yours,
March 8, 1906.

Hon. Joseph Howell,
Washington, D. C.

My dear Sir:

I am just in receipt of a letter from President Nathan Schaeffer of the National Educational Association calling attention to opposition which has arisen in Congress to a bill introduced as H. R. 10,501 for the reincorporation of the National Educational Association.

On account of the national character of this organization, it seems important that this bill be passed in order that the protection of the permanent fund of the Association may be assured. The plan of reincorporating, as approved by the Association at its last annual meeting, so far as I am able to observe, has no objectionable features.

Any assistance you may be able to render in securing the passage of the bill will be appreciated.

Respectfully yours,
March 2, 1907.

President W. J. Kerr,
Agricultural College,
Logan, Utah.

My dear Mr. Kerr:

I have directed that the War Department send the Agricultural College a set of the "Records of the Rebellion" for the Library. I trust these volumes will arrive at an early date, and that you will find them an instructive addition to your Library.

With sincere best wishes for the College and yourself, I am,

Yours very truly,

Joseph Howell.
