HELPING OUT AND HAVING FUN--DOUBLE THE PLEASURE

May 31, 2011 by cpehrson

Have some time on your hands now that summer is coming? Common Ground Outdoor Adventures is looking for volunteers to help with any of their summer activities.

Common Ground provides outdoor recreational activities for youth and adults with disabilities. They provide adaptive equipment and support which allows those with disabilities to participate alongside their peers. This summer’s activities include fishing, canoeing, rock climbing, and rafting the Green River, to name a few.

Common Ground will be holding its next volunteer training session on Tuesday, June 14th at 6:00 PM at the Common Ground office, 335 N. 100 E. in Logan. Come learn about the people they serve, the activities they provide, and the adaptive equipment and techniques they employ to make their outdoor activities accessible to people of all abilities!

Volunteer opportunities are also available to help around the office, to maintain the grounds, equipment and more!
