HELP EXPAND RECREATIONAL OPPORTUNITIES FOR PEOPLE WITH DISABILITIES

June 1, 2011 by cpehrson

Logan City is gathering input from individuals with disabilities and their families in the Cache County area on ways to improve their parks and recreational activities for people with disabilities.

As they create their next five-year plan, the Logan Parks and Recreation Department wants to know what changes could be made to make the parks and the community activities more accessible and appropriate for individuals with disabilities and their families.

A focus group will be held this Friday, June 3 at 9:00 a.m. at Willow Park, 419 West 700 South, Logan, Utah.

All those who would like to have input into what happens in the next few years will want to attend and share their ideas and needs.

If you have questions, please contact Gordon Richins at the CPD at 435-797-2832 or gordon.richins@usu.edu.
