

Associate Editors

ERIN E. HARPER has joined *Human–Wildlife Interactions* as an associate editor. She currently serves as the human dimensions specialist of the USDA/Wildlife Services' National Wildlife Research Center. She earned a B.S. degree in natural resources and environmental sciences from the University of Illinois at Urbana-Champaign and an M.S. degree in human dimensions of natural resources at Colorado State University. Her professional interests include human–wildlife conflict, wildlife damage management, rural sociology, psychological theory, survey methodology, and environmental communication.

MARK LARESE-CASANOVA, M.S., will serve as a special issue associate editor for *Human–Wildlife Interactions*. He is an extension assistant professor at Utah State University and director of the Utah Master Naturalist program for USU Extension. He developed and has taught Utah Master Naturalist field courses to educators, managers, and volunteers for the past 11 years. He has conducted extensive evaluation of short- and long-term impacts of his programs, which have revealed significant and lasting impacts on the participants. He currently serves on the Board of Directors of the Alliance of Natural Resource Outreach and Service Programs, the national organization for Master Naturalist programs.

Become an Associate Editor

Human–Wildlife Interactions recruits associate editors (AEs) to assess and edit manuscripts and to provide publication recommendations to the Editor-in-Chief. For information about becoming an associate editor for *HWI* as a part of the editorial board or as a special issue AE, contact Terry Messmer, *HWI* Editor-in-Chief, at terry.messmer@usu.edu.
