April 7, 1903.

Mr. J. S. Baker,
Bozeman, Mont.

My dear Sir:—

I am pleased to learn from your letter of the 2d inst. of your connection with the U. S. Geological Survey as well as with the Agricultural College of Montana. In considering the question of employing men in our Engineering departments, I did not know but you might find it advantageous to accept a position with the College should there be an opening for you. At the meeting of the Board, held Saturday last, arrangements were made for next year's work.

Wishing you continued success. I am,

Yours very truly,

President.
