March 29, 1904.

Prof. G. L. Swendsen,
Salt Lake City, Utah.
My dear Sir:

I shall appreciate it if you will kindly write me at once your opinion of Mr. A. P. Stover for our work in civil and irrigation engineering. As nearly as I can learn, he has been giving special attention to irrigation work, but I am not sufficiently acquainted with him or his work to know whether he would be likely to meet our requirements. Please express yourself freely, as I shall treat your communication in a confidential way.

I may be in Salt Lake during the latter part of this week.

Very truly yours,

President.
