**Council on Teacher Education (p. 13)**

*(Recommend Changes in Bold)*

The Council on Teacher Education (CTE) advises the University community on teacher preparation. It develops or approves teacher education curricula, establishes admission and licensure policies (in conjunction with the State Office of Education), and works to improve the University's teacher education program. The council is concerned with: (1) the development of teacher education curricula; (2) the approval of all teacher education curricula; (3) the election, admission, and counseling procedures for students in teacher education programs; (4) the graduation requirements and the recommendation of students for professional licensure; and (5) the improvement of graduate programs in professional education (Utah State University Policy Manual 105.2.1(3)). All course approval forms and R401 proposals that affect a teacher licensure program are submitted to the CTE, which reviews and approves them and then forwards them to the Curriculum Subcommittee, except in the case of Graduate Programs, which are submitted to the Graduate Council. In addition, courses required for the “major/minor content areas” are not required to be reviewed by CTE, since individual colleges are responsible to ensure that appropriate content coverage has occurred when they recommend their students to
Secondary Teacher Education Program. Courses that should be reviewed by CTE would be any courses within the colleges that focus upon pedagogy – e.g., content methods courses, classroom management, curriculum development and assessment, etc. The CTE meets the third Monday of each month. Terri Gass is the current Staff Assistant for Teacher Ed and Licensing.

Subtitles or Customized Titles for Courses (p. 39)

CURRENT
