The provost congratulated the faculty on their assistance in getting students through another successful semester. COVID numbers have stayed steady at around 7-10 cases a day. Hopefully we won’t see a surge after Thanksgiving. All courses were in the green status right before the Thanksgiving break. Approximately 85% of students have registered their vaccination status and uploaded their materials. USU will follow up with those who haven’t uploaded and those who haven’t yet gotten vaccinated. 70% are fully vaccinated, 7% have expressed an interest in being vaccinated and the Logan campus is at 87%. Watch for a press release that will be going out at the end of this week regarding vaccinations. Still working on the issue of getting students trained regarding sexual misconduct. The numbers have come down, but we still have approximately 1500 students who have not yet been trained. Students needing face-to-face training will still have a hold put on their registrations. Connection instructors will be asked to work with their students and encourage them to get the training completed. Faculty members expressed appreciation for the communication that goes out to them. The first edition of the provost’s newsletter will go out in January. It will contain three to five articles that won’t be found anywhere else. These will come out monthly during the spring semester. There will probably only be one during the summer semester. The executive order from the Biden administration regarding vaccination for individuals working on federal contracts has been sent out. Information will be coming from President Cockett on what protocols USU will follow. This does not affect federal grants, only federal contracts. Lisa Berreau will be sending out a follow up email after the President’s goes out.

Reports

Academic Freedom and Tenure Annual Report - David Feldon
Motion to approve the Academic Freedom and Tenure Annual Report made by John Ferguson. Seconded by Corey Christiansen. Report approved.
There were no faculty grievance hearings during the 2020-2021 academic year. Only one inquiry was sent to Mike Lyons, who was the chair of the committee. David Feldon is the chair for the 2021-2022 academic year.

Libraries Advisory Council Annual Report - David Wall
The Library Advisory Committee met two times during the 2020-2021 academic year. David Wall is the chair for the 2021-2022 academic year. Been working on the continuing response to COVID 19. The library took a 2.3% budget cut (instituted across campus) which came to an amount a little over $253,000. They were able to use one-time acquisition money to cover the cut. Brad Cole has retired and Jennifer Duncan is the interim dean. Need clarification on who the Library Advisory representatives are from the College of Agriculture and Applied Sciences, Extension, and the College of Science and College of Natural Resources.

Code 401 Track Changes | Clean 1st Reading - Scott Hunsaker
Motion to postpone faculty code 401 until next senate meeting made by Scott Hunsaker. Seconded by John Ferguson. Postponed.
In doing some research we found that some of the 401 code had not yet been acted upon by the USU Board of Trustees.

Code 402 Track Changes | Clean 1st Reading - Scott Hunsaker
Motion to move the section 402 of the faculty code back to PRPC for further discussion and 2nd reading. Amended motion to send faculty code to dean’s council for review made by John Ferguson. Seconded by Danielle Ross. Moved to dean’s council and then to PRPC.
A new template is being used for the code This does not constitute a change in code it just brings things in line with other USU policy codes. References within other code numbers will be made. Committee membership language has been included. Fix the word “chari” to “chair” on page 17. Provost Galey will take this to the college deans before the second reading. Faculty should inform constituents that these code changes are taking place.

Working hard with the strategic planning group on graduate education. Currently working with five additional task force groups. Grad student professional development is being looked at so that we can provide some offerings for the students. Continuing to work with Richard Cutler on cutting the red tape out of the program. Identified several things that have been waived and there were no problems so we’re questioning if we need to continue with them in the future. The provost’s goal is to look at student success and what is blocking them from progressing. Looking at curricular complexity and courses that have high DFW numbers. If a class is identified the university will not swoop in, the situation will be used as a catalyst to open communications and see what can be done to assist the faculty member and students. Registration request went out on the 20th of October regarding vaccinated students. Getting a robust return on students who have uploaded their vaccination record. Under the Department of Justice, we are required to get every student trained on Title IX. If they are not trained we are required to place a hold on the student’s registration. Faculty can mention this in their classes so that it is a continual reminder to the students. Continuing and first-time non-residential students can do a longer first-time online training. Reporting numbers are down so it is hoped that the training is working. Student and faculty training is slightly different. Students do not receive the reporting training like the faculty, staff and administration. Nick Morrison will continue to assist with the faculty code rewrite.

Educational Policies Committee – October 6, 2021 - Paul Barr
(Will be reported at the November 29 Faculty Senate meeting)

PRPC Update - John Ferguson
Scott Hunsaker is now the chair of PRPC. Soon the Faculty Senate will begin voting on the faculty code updates. The updates will be posted on the Faculty Senate website for all faculty to review. Most people won’t notice the non-substantive changes but will still need to be voted on. The question was asked if we should an email to all faculty or is it the responsibility of the senators to notify their department faculty. It was suggested than an email be sent with links to the faculty senate website where the changes will be posted. The responsibility for each individual senator will be greater than normal to stay on top of all these changes. Faculty Senate leadership is asking for everyone to do their homework before the meetings so that the process can be smooth. The policy will also be on a new template that will look different, but the content has not changed. The number referencing is going to be changing. The rewrite committee is working with the Legal Department to make sure that everything is being done correctly. The numbering sequence can be changed without going through the whole voting process. Most of the faculty code was written for term faculty and now we are making sure that term appointments and others are consistent. Certain sections of code are contradictory, and we need to make sure that they are aligned and won’t leave USU open for grievances and lawsuits. Next month the 401 and 402 code changes will move forward for a vote. These faculty code rewrites will have both a first and second reading just like the substantive changes.

The COVID situation is doing well. Big thank you to the faculty for all they are doing and have done to keep their classrooms up and running and their students happy and healthy. One of the things that is really helping the situation is the seating chart arrangement. This has helped with containment and reporting. Thank you to the faculty members who took advantage of this arrangement. Over 8,000 seats and 1300 classes have been registered. This is approximately 12,000 individuals who have recorded their seating to date. This has really helped track and keep classes that are designed to be taught via face-to-face. We have only had one class that went to the red state and after speaking with the instructor it was moved to orange within an hour. Cache Valley numbers are going up, but the university is remaining low. USU us feeling very positive about where we are right now. One more reminder that if faculty, staff, or students are sick they should stay at home. We must be vigilant in our efforts. On October 20 students can start viewing their class schedules. If a student has already uploaded their vaccination information, they won't see anything. Students can, however, upload their vaccination at that time. Those who are not vaccinated but plan to before spring can do so when they are vaccinated. Those who do not plan to be vaccinated can opt out. Right now, the CDC is saying you should be vaccinated whether you have been exposed or not.

The Provost’s Office has about a half dozen initiatives and goals that have been set up. We will be sharing them with the faculty as we begin rolling these programs out. The first one that will be mentioned today is that we are looking at a team to do a deep dive into graduate education. This is an inclusive team that includes several faculty members as well as administrators who are involved in graduate education. We are looking at everything related to recruitment and retention as well as the graduate students’ experience. There will be more information to come. Will be setting up some listening forums with faculty members. The goal is to have action items in place by mid spring.

Information
Education Policies Committee – September 2, 2021 - Paul Barr
General Education – discussed what they are doing in terms of their goals for this year, and particularly the assessment plans that they had for that.
Academic Standards – discussed the language of the post humous degrees from USU. It’s always a sad situation when we have a student that’s not able to complete their degree for one reason or another. It was felt that we did not have the appropriate language regarding this issue so we put together some new language that will be used as guidelines for the colleges. The language essentially says that if a student is within two semesters of completion of their bachelor’s degree and would complete within two semesters of their bachelor’s degree, we would initiate the process of providing that post humous degree. If a student is within one semester of completing their associate degree their family would receive the post humous degree. If a student isn’t in either category, we would provide a certificate of completion. This process will work a lot better. The second item is the involuntary leave policy, or what we describe as a university-initiated leave. This is for the cases where students are either at harm to themselves or harm to other individuals on campus, and it’s in the interest of the university to initiate this
policy for the students to protect themselves and give them an opportunity to come back in full standing. There is a committee, and they will work on a process for bringing back the student.

Curriculum Subcommittee – approved 80 course requests and one R401. The registrar's office request that an open dialogue happen between colleges and departments when their courses impact others. Vice Provost Cutler came to Curriculum and spoke regarding the graduate studies program at USU.

Telework Policy Draft | Summary of Changes - Doug Bullock
We have been working on this policy for quite some time even before COVID and we were beginning to vet the idea/concept of the new, future work at Utah State University. This policy has been reviewed by a lot of different stake holders to try to make sure there is input from all groups. Looking to finalize the policy this month. Also looking at flexibility for the individual units and at the accountability piece so that leadership is comfortable that we’re protecting the student experience and that we’re still taking care of our internal customers. This policy is a privilege and not a benefit and not all positions will qualify for telework. The needs of the department and the employee must be considered. The request will be formalized with a signed agreement in ServiceNow. There is flexibility to have units try it before they jump completely into it. See report for types of telework that are available. Not all positions qualify for telework – see report. Lastly, there are several tools that are in the process of being built. There will be a teleworking website that will have all these resources listed. There will also be training via Linked-in learning. Human Resources is available for any consultation regarding questions or issues regarding the teleworking policy.

Educational Policies Committee Annual Report - Paul Barr
Motion to approve the Educational Policies Committee Annual Report made by Scott Hunsaker. Seconded by Joel Ellsworth. Report approved.
Had 700 course requests filtered through throughout the academic year. Had 57 R401s that were approved. One department split last year, the Languages, Philosophy and Communication Studies. USHE is asking if 3000 and 4000 level classes in the junior and senior year of the student’s programs? Looking closing at keeping those classes in the junior and senior year. Gen Ed subcommittee had 20 proposals approved with general education designations. Academic Standards Subcommittee changed the amount of time that we could use for a leave of absence. Seeing more and more students ask that credits be transferred from non-credit institutions. Busy year even with COVID.

University Business - Noelle Cockett, President | Frank Galey, Provost
Motion to move Title IX forward on agenda while President Cockett is present made by Timothy Taylor. Seconded by Scott Hunsaker. Motion passed.

Students are back on campus, and we had a fantastic Connections event for the freshman and the week of welcome was well attended. The president appreciates the faculty who are working on their classes however they are being delivered or set up. USU has implemented a vaccine requirement for students, and they will need to be vaccinated by spring semester. They will be asked on the spring registration screen to declare whether they have been vaccinated and if they plan to be vaccinated. They can opt out for religious, medical, or personal reasons. The university will offer vaccinations on campus and there was a clinic set up for day on the quad. The next week it will be in the Eccles Conference Center from 1:00 – 4:00 pm and on September 27 it will be the same time at the Taggart Student Center. Drop ins are encouraged but it will go smoother and more streamlined if students schedule an appointment. Why doesn’t the faculty and staff have to be vaccinated? The state legislature passed bills that leaves it up to the universities. USU cannot change anything for students who cannot or will not get vaccinated. They will still be able to attend class in person without masks. Testing is still going on at the east stadium and the numbers are much smaller than last year. Under a hundred tests per day now. We do have active cases in USU Eastern and the Logan campus, however, the numbers are still lower than last year. Appreciate everyone doing their part. Today President Cockett will be posting a revised interim policy 340 which is the responsible reporting employees for sexual misconduct. Last year in May 2020 the Department of Education sent out additional and modified regulations for Title IX under the Civil Rights Act. A couple of months later, August 2020, the Office of Equity developed four interim policies and they are on the USU policy website under the 300 sections. As time went on, the university realized there were problems with policy 340. All faculty were considered resource communications employees unless they supervised students or were faculty advisors for a student organization. The feedback was that faculty were confused about when they were reporting employees and it was difficult to know which resources to provide to students. After discussion with the faculty senate presidency, the Office of Equity has come up with the change to make all faculty responsible reporting employees. Faculty will need to let students know that they are responsible for reporting any issues that come to their attention. There are two exceptions; if a student discloses sexual misconduct on a paper or during a class discussion or if the sexual abuse happened when they were a child. Posting the policy today and will send out an all-faculty email regarding the change. Recently received a report on the trainings being held in small rooms and so the Office of Equity is now holding the trainings virtually. Keep the comments coming and things will be revised as needed.

Provost Galey – Today was the first day where we were able to get seating charts input by our students. Sent out a few emails to the faculty regarding the seating chart. John Mortensen’s team will help put signs or locations on the floor if you teach in a circle or students move regularly. Contact the provost or CIDI folks if you continue to have questions regarding the seating charts. Shout out to John Ferguson, Paul Barr, and Scott Hunsaker on streamlining the rewriting of the faculty code. The committee has
given some compensation to Nick Morrison who is helping with rewriting and reformatting the code. If there are some substantive changes, they will be brought back to PRPC separately. The provost has developed six academic priorities and he will bring them back to the Faculty Senate. One priority is improving and strengthening the graduate education program. Thanks for all you do to keep the classrooms up and running.

COVID Containment Strategies - Frank Galey | Boyd Edwards
Covered during the university business.

COVID Management Preferences Survey - Boyd Edwards | Sarah Klain
*Motion to support the survey going forward made by Kim Hales. Seconded by Timothy Taylor. John Ferguson requested an amendment to the motion to include a new motion that access to the raw data be a small number of people. Seconded by Corey Christiansen. Target USU faculty/community.*
Sarah Klein is speaking on behalf of herself and others who have children who are unable to get vaccinated. She personally doesn’t think that the Utah State legislature is doing everything they can. Feels we are not in compliance with the CDC. Wants to do a survey for faculty and staff to understand as a community what is the majority opinion on COVID management processes. Developed a survey that states certain policies as well as the bills of the legislation. Over 1,000 institutions require vaccination and mask mandates. Sarah feels that USU may lose faculty because of this issue.

Faculty Reporting of Sexual Misconduct - Hilary Renshaw | John Ferguson
President Cockett provided a great overview of the change to the policy for faculty reporting of sexual misconduct. Came to integrity of implementation. Sometimes the issues were being reported as a student of concern report. Trying to make exceptions fit. Working with John Ferguson and hoping to get data and feedback. Some are frustrated with the change but still want feedback and concerns. Make sure that there is faculty input and role in the process. Setting up a committee that will meet at least once a month with the Office of Equity. Please reach out to any of the committee members if you have any issues or concerns. Faculty should never assume that someone else will report the abuse/misconduct. It is their responsibility to report. People on the committee have the experience from legal, psychology, etc. and they can help with the policy. USU is currently under a settlement with the Department of Justice to fix this problem. Most institutions are making their faculty reporting employees, not just USU.

Empowering Teaching Excellence Annual Report - Neal Legler | Travis Thurston
*No motion was made to approve the report.*
Highlights from Empowering Teaching Excellence (ETE) and CIDI. The new faculty orientation went well and the ETE conference was held virtually and was well attended. Used Cares funding for a ACUE course and 26 faculty members earned national certification. Provided a lot of support this past year. Excited about the new website: [www.teach.usu.edu](http://www.teach.usu.edu). The group extended their hours and are providing a chat option for any questions. Two instructional designers have been assigned to each college. Looking at some of the common usability issues to help make things work better.

Have been working on the faculty code rewrite. Introduced this in February 2021 to help identify conflicts between 300 and 400 level code. Substantive changes will be referred to PRPC. John Ferguson will take over as the PRPC chair. Faculty code 401 and 402 are ready for faculty review and suggestions. Ran into a few issues so they will go up in the next week or so. Approval of Minutes – March 29, 2021
Motion to approve minutes made by Don Busenbark. Seconded by Michael Pate. Minutes approved as distributed.

University Business - Noelle Cockett, President | Frank Galey, Provost
Provost Galey – Reminder that we will be holding debriefing sessions by college in mid-May. Would love to have as many faculty as possible stop in. John Louviere, Paul Barr, Provost Galey and Robert Wagner have pulled these sessions together. There is also a faculty survey that is being developed and will be sent out next week. They will be looking for information regarding what worked and what didn’t during COVID and how USU should be moving forward. Using this information as we develop new strategies and guidelines. A huge thank you to everyone who helped in getting classrooms assigned and scheduled.

President Cockett thanked Timothy Taylor for serving as the faculty senate president during this strange year. She appreciates his accessibility and willingness to participate in meetings. She also thanked the nursing students and department for their help with the clinics. Bear River Health Department contacts Ellis Bruch the middle of each week to relay how many doses and what types will be available. The have indicated that USU has done an amazing job and they were to capture 1,000 people each time. This last week it was opened to USU employees, staff and faculty as well as families and individuals older than 18. Blanding and the Eastern campus have indicated that their health departments are providing the clinics and they are up and running. The question was asked if USU will require mandatory vaccination for staff and students. We are not keeping in line with what other Utah Higher Education institutions are doing. After thinking this through we thought the availability of opting out would not drive anyone out. The institution doesn’t think mandating it will drive up the number of individuals receiving the vaccination. Currently doing a lot with open communication to students and staff on why they should consider being vaccinated. Based on information we have received; accessibility is a major factor in getting those who are undecided. We will continue with clinics if Bear River Health provides the vaccine. USU is still requiring mask use on campus. USU took the direction of saying that the masks have kept us safe to date and will continue through at least the spring semester. We haven’t had much resistance. Masks will probably be around on campus for the foreseeable future. USU would rather see a shortening of the social distancing from six feet to three feet and mask wearing will help with this. It will also open classrooms and will offer more in-person classes and activities. Only 1,000 individuals have uploaded their vaccination records. It is hard to tell if we can have a very accurate report of the number of vaccinated. Currently approximately 30% of Cache Valley have completed their vaccination.

EPC Monthly Report – April 1, 2021 - Paul Barr
General Education course designation was approved – ENVS 4550 – QI.
There was a discussion regarding the training of instructors for the CL outcomes (ENGL 1010 and 2010). Class sizes range from as low as 25 to a high as 400 students.
Academic Standards Subcommittee – Discussion regarding amending the valedictorian selection criteria verbiage in the Utah State General Catalog. Discussed amendments to the current university repeat
policy. Create a university-initiated withdrawal policy. Recent changes in the Office of Civil Rights (OCR) allows the implementation of such a policy.

Curriculum Subcommittee approved 45 course requests as well as four R401 proposals. Elected Matt Sanders as the new Curriculum Subcommittee chair for the 2021-2022 AY. Curriculog has been shut down and will reopen the first week of July. A small working group has been put together to look at updating the Curriculum/EPC handbook.

Committee on Committees Annual Report - Joe Koebbe | Jan Thornton

Members of the committee are Joe Koebbe, Crissa Levin, and Maureen Hearns. All three are new to the committee and are working very hard to get everything ready. They have noticed that they are not getting many responses from faculty members who are willing to serve on the various committees. Joe held a Zoom meeting and felt that that helped a little. A Qualtrics survey will be sent soon to help fill the committees. Working diligently to get committees in place and so that we can have chair and chair elects nominated and in place at the beginning of the academic year. Since all three members started at the same time it was recommended that they stagger the committee members so there can be training and overlap. Also want to have a date like March 1 to have the chair elects determined. They felt that this should not be left until the last meeting.

Motion to approve the Committee on Committees Annual Report made by Ralph Meyer. Seconded by Don Busenbark. Report approved.

Calendar Committee Annual Report - Renee Galliher

Calendar Committee met and revised the academic calendar based on recommendations from the USU COVID-19 taskforce. Made changes to the fall 2020 semester to move remote delivery following the Thanksgiving holiday through the end of the fall 2020 semester. Changed spring semester and have three-day weekends to take the place of spring break. Considering how implement and emphasize diversity and inclusion in the official calendar and to use it more intentionally to embrace these issues. Tabled the process and will spend this next year working with different stakeholders and see how we engage with the calendar. The president’s taskforce for diversity and inclusion are looking at this as well. The committee welcomes feedback from all stakeholders on how to implement some of these changes/updates.

Motion to approve the Calendar Committee Annual Report made by Don Busenbark. Seconded by John Ferguson. Report approved.

Recruitment and Retention Annual Report - Heidi Kesler | Katie Jo North | Janet Anderson

Due to COVID travel and event restrictions, Admissions had to cancel or change many in-person events to a virtual format. However, many events were able to be held in person with approved safety protocols. Came up with a test-optional for admissions and scholarships and they have learned many great things from this. Adapted many events from in-person to virtual. Some virtual options will be maintained because they have worked so well. The Student Achievement Collaborative is a joint effort by the Office of the Executive Vice President and Provost and Academic and Instructional Services to focus on the success of all students at USU. USU Ready campaign came in response to feedback from students due to COVID. Looking at creating a front and center newsletter and speaker series. Student Academic Achievement Alerts – this new form has robust case management and a workflow component. It is in the same database as Student of Concern, Conduct and Sexual Assault reports.

FDDE wanted to help move the needle of diversity and inclusion issues. They want to be proactive and make a difference. Received some interesting data from the survey that Boyd Edwards sent out. Often the complaint was not having faculty relationships that were supported. There were also positive relationships in faculty mentoring. A good relationship needs to grow organically.

Intro

COVID-19 is changing

In late July, 2021, the Center for Disease Control (CDC) reported surging COVID-19 cases in various regions of the US, largely attributed to the delta variant.

The Utah state legislature passed bills in 2021 that 1) block vaccine passports on college campuses and government buildings in the state, and 2) prohibit mask mandates in higher education. For more information on the bills, see HB 308 and HB 1007 respectively.

As of August 17, 2021, a total of 52.5% of people eligible to be immunized (ages ≥12) in Cache County are immunized with a COVID-19 vaccination according to the Bear River Health District.

The Pfizer COVID-19 vaccine is anticipated to get FDA certified in September, which provides an opportunity to change COVID-19 risk management strategies on the USU campus.
This survey aims to understand COVID-19 management preferences among USU faculty and staff.

A growing number of institutions of higher education are requiring students to get the COVID-19 vaccine before returning to campus (click here for the full list).

Would you support requiring students to get the COVID-19 vaccine?

Talking Points for USU Policy and Procedures 340 – Faculty as Reporting Employees

Background Information For Required Reporting of Sexual Misconduct

- In August 2020, the USU Office of Equity designated faculty members as resource connection employees under interim policy. This means that faculty members were not required to report disclosures of sexual misconduct to the Office of Equity but were required to offer resources and reporting options to the disclosing party. Faculty members had reporting obligations if they received a disclosure from someone they supervised, or if they served as a faculty advisor to a student organization.
- After conducting pilot trainings and receiving feedback in Spring 2021, the USU Office of Equity changed faculty members back to reporting employees in July 2021 (previously called "responsible" employees). This means that faculty members are required to report disclosures of sexual misconduct whether or not they received a disclosure from someone they supervised or served as a faculty advisor to a student organization. Historically at USU, faculty have been designated as reporting employees.

Reasons Faculty were Changed Back to Reporting Employees under USU Policy and Procedures 340

- Simplicity and Integrity in Implementation
  - After receiving feedback from the pilot trainings in Spring 2021, the Office of Equity found that it was confusing for faculty to be resource connection employees and also have reporting obligations. It was not always clear when they were required to report disclosures of sexual misconduct and faculty were also unclear in what circumstances they were considered a supervisor, i.e. had reporting obligations. In addition to that, it was difficult to message to students when faculty would be considered a resource connection employee and when they would have reporting obligations.
  - Some faculty expressed concern about being able to remember and also being responsible for sharing all available resources, given that their primary role is research and teaching. Instead, it is better for the Office of Equity to be the expert in responding and providing resources to individuals who experience sexual misconduct.
  - The Office of Equity is better equipped to implement supportive measures in order to ensure fairness and to prevent students from having to tell their story to multiple faculty members. With the full picture of supportive measures being provided, the Office of Equity can help ensure that supportive measures are supporting the student and ensuring access to education, rather than inhibiting a student’s academic success.
Information Sharing regarding Claimant’s Story

- It is important that the University is transparent with individuals who disclose sexual misconduct about how their information might be shared. Disclosures of sexual misconduct to faculty may be reported to the Office of Equity because if the information is shared in a student of concern report or with a supervisor then it is reported to be reported to the Office of Equity. It is better if a faculty member is able to be honest with a student about where that information will go before a student makes a disclosure. This will allow the student to decide if they want to go to a confidential resource or continue to share with the faculty, rather than having the student share all their information and being blind-sided when the information is eventually reported to the Office of Equity.
- Faculty will not have to be put in the difficult decision of deciding whether to report or not as their obligations are more straightforward. The Office of Equity can then be the experts in making sure individuals receive resources and information about their options.

Exceptions to Reporting

- The Office of Equity has received feedback that faculty do not want to report when a disclosure of sexual misconduct is made in a paper or during class discussions. This is now an exception to required reporting of sexual misconduct. Also, faculty would not typically need to report sexual abuse that a student disclosed happened to them when they were a child.

In summation, the main reason that faculty are classified as reporting employees is that the University believes it is the best way to keep the campus safe as well as offer resources and support to individuals who have experienced sexual misconduct.

The Office of Equity will collect data and feedback regarding faculty as reporting employees and will assess this model in the next few years to determine whether any adjustments should be made based on the data.

Questions:

1. **What is your current understanding of reporting obligations for faculty at USU?**

2. **According to USU Policy and Procedures 340, the following individuals are reporting employees:**
- Faculty;
- Teaching Non-benefitted Positions;
- Graduate Teaching Assistants;
- Graduate Research Assistants; and,
- Postdoctoral Fellows.

Do you have feedback related to this group being designated as reporting employees?
3. Below is a list of exceptions related to reporting employee obligations. Are there any exceptions you think should be added to this list?

Faculty Senate Involvement  
The faculty senate has created a working task force to serve as a liaison between the Title IX office and the faculty. This task force will assist in the facilitation of information gathering and in the spirit of shared governance ensure the involvement of faculty in the future development and implementation of policies.

The members of the task force include:  
Alison Cook, John Ferguson (Chair), Jennifer Grewe, Melanie Domenech Rodriguez, Colby Tofel-Grehl, and Derrik Tollefson.

Reporting Employee Obligations Exceptions (subject to change)  
A Reporting Employee’s obligations do not apply to Sexual Misconduct in circumstances where the Reporting Employee is the Claimant. In addition, there is no Reporting Employee reporting obligation when the disclosure of information about Sexual Misconduct is made through:

- Applications to the University or a specific program offered by the University;
- Human subject research, subject to the review of the University’s Institutional Review Board;
- Job applications and interviews;
- Office of Equity resolution meetings;
- University-led focus groups related to Sexual Misconduct;
- Sexual Misconduct prevention trainings provided by designated prevention specialists;
- Public awareness events;
- Protected Health Information (PHI) generated by clinical care teams who are providing services subject to HIPAA that are designated as “Healthcare Provider Covered Components” in the University’s Hybrid Entity Declaration (clinical care teams include but are not limited to faculty, clinicians, student trainees, and support staff engaged in Covered Component work), except where such PHI may be evidence of sexual misconduct between a client or patient and a member of a clinical care team; or,
- Work submitted in course assignments and discussions related to course materials.

When the disclosure of information about Sexual Misconduct is made to:

- A Pastoral Counselor who is associated with a religious order or denomination, recognized by that religious order or denomination as someone who provides confidential counseling, and is functioning within the scope of that recognition as a Pastoral Counselor;
- A Process Advisor serving in that role in an Office of Equity Formal Investigation or Informal Resolution process;
- A spouse, domestic partner, or immediate family member by their spouse, domestic partner, or immediate family member; or,
- Certain designated care teams defined in USU Procedures 340 that routinely review health information and/or records pursuant to a limited release of information agreement.
When the disclosure of information about Sexual Misconduct is made concerning:

- Privileged requests for legal advice; or,
- Sexual Misconduct that occurred outside an employment or education program or activity and:
  - The claimant was not a student, program participant, or employee at the time of the incident; and,
  - The respondent was not a student, program participant, or employee at the time of the incident; and,
  - The respondent is not a current student, program participant, or employee.

PRPC Subcommittee 400 Code Rewrite
Subcommittee was voted and approved to take on the task by Faculty Senate on February 1, 2021

Purpose of the subcommittee:
- Identify conflict between 300 and 400 level code.
- Identify potential substantive changes and refer to PRPC.
- Clean-up outdated terminology (e.g., chancellor, regional campus, etc.).
- Reformat to match the new template being used for all university code.
• **Membership:**
  
  • Nikki Kendrick: Subcommittee Chair, PRPC Chair 2020-2021
  • John Ferguson: FS President-Elect, PRPC Chair 2021-2022
  • Nick Morrison: Faculty writer
  • Timothy Taylor: FS Past President
  • Scott Hunsaker: PRPC member (new for 2021-2022)
  • Paul Barr: Provost’s Office
  • Cliff Parkinson: Legal Affairs
  • Chelsea Grant: Legal Affairs
• The subcommittee has met regularly since February 2021.

• Sections 401, 402, and 403 will be ready for faculty to review by the end of August 2021.

• Faculty will be able to find copies of the revised code in the new template on the Faculty Senate website.

• The code looks different, but the substance is the same.
• Non-substantive change
• Original text 401.5.2(1):
  • Appointment as a career and technical education contract faculty member requires a minimum of six years of documented applicable work experience at an industry-defined level of competency, hold current industry credentials, and must meet accreditation standards.
• Re-phrased text 401.5.2.1:
  • Those appointed as career and technical education contract faculty must have a minimum of six years of documented, applicable work experience at an industry-defined level of competency, hold current industry credentials, and meet accreditation standards.
  • Adjusted sentence structure for clarity
• Non-substantive change

• Original text 404.1.2(6):
  • "that administrator shall advise the appropriate academic dean, chancellor, or vice president for extension and agriculture, or regional campus dean, of the decision."

• Re-phrased text 404.1.2.6:
  • "that administrator shall advice the appropriate academic dean, or vice president for extension, or statewide campus director, of the decision."
• Substantive change referred to PRPC
  • 401.4.1
    • The faculty with term appointments consists of individuals appointed to perform specialized academic duties that make substantial and regular contributions to a university academic unit, but do not have the permanence of appointment of tenured faculty.

• There was discussion in the subcommittee about adding language to the effect:
  • Term appointments shall not be made for less than 0.5 FTE.

• This would align the term appointments with tenure-eligible appointments for protection of faculty in term appointments.

• As this is adding language that does not already exist in this section, the subcommittee has referred it to PRPC for discussion in the 2021-2022 academic year.
The Educational Policies Committee (EPC) met on Sept 2, 2021. The agenda and minutes of the meeting are posted on the Educational Policies Committee web page (www.usu.edu/epc).

During the Sept 2, 2021 meeting of the EPC, the following actions were taken:

1. **General Education Subcommittee**
   - A significant discussion on General Education assessment plan occurred. Harrison Kleiner is working on this assessment plan and will provide an update for the Gen Ed committee for input.

2. **Academic Standards Subcommittee**
   - The Academic Standards Subcommittee will be looking at language on Post Humous degrees in October. The goal is to make the process smoother. Depending on the standing of the student, there will be various options of recognition.
   - The proposed language for the involuntary withdrawal policy will be circulated to the members of EPC for final input. This will include an opportunity for student leadership input. The Academic Stands Subcommittee approved the language by electronic vote.

3. **Curriculum Subcommittee**
   - Approval of 80 course requests.
   - Request from Career Services in the Office of the Executive Vice President and Provost to change the name from Career Services to Career Design Center.

4. **Other Business**
   - Fran Hopkin and Toni Gibbons from the Registrar’s Office made a report regarding the utilization and effectiveness of the impact report. In the past, the Registrar’s Office had been reviewing at these requests in silos and not holistically. The group found that there can be problems that can be detrimental to student completion. The registrar has seen a benefit using shared information. Instead of just cutting and pasting the impact report, it is recommended that the proposing unit explain what the impacts are. This information should be reviewed at the college curriculum committees before it is moved on the university level committees. It is incumbent on those colleges/departments who identify a problem with the impact report to work it out with all those affected or impacted. The Registrar’s Office will compile a spreadsheet of deletions, deactivations, or course number changes. This information will be shared with the department heads. The spreadsheet will not be sent out until after the agenda is completed and sent. Colleges and departments can also reach out and collaborate on the changes. This will help keep the catalog and Degree Works accurate and current.
   - Interim Vice Provost Cutler presented a summary report of the School of Graduate Studies activities for 2020-21. The Graduate School distributed approximately $1.3M of CARES 2 funding to help support graduate students. The feedback received was very
positive regarding the funding distribution. The Graduate School also surveyed the students to identify concerns. The third survey showed that approximately 40% of the students identified as struggling with mental health. This upcoming year, the Graduate School will gather data on teaching assistants across the different units including pay and workload. Finally, the Graduate School will focus on recruitment efforts and how they can more effectively assist colleges and departments in these efforts.
University Policy 3xx: Telework

Category: 300 Personnel  
Subcategory: Employment  
Covered Individuals: Benefit Eligible Employees  
Responsible Executive: Vice President for Business and Finance  
Policy Custodian: Office of Human Resources, Associate Vice President of Human Resources  
Last Revised: New

3XX.1 PURPOSE AND SCOPE
Utah State University (USU) permits telework arrangements when doing so benefits both the department and the employee. Telework arrangements are successful when the job, person, environment, and work situation are appropriate. Telework can improve productivity and job performance; promote administrative efficiencies (e.g., reduce office and parking space needs); reduce traffic congestion, pollution, and transportation costs; and promote the recruitment and retention of a highly qualified and diverse workforce by providing a stronger work/life balance.

3XX.2 POLICY
Telework is a privilege, subject to university approval, and is not a university-wide benefit. It can be discontinued by the department head/director or dean/vice president at any time if it is not serving the department’s objectives. Depending on the nature of work to be performed, not all positions will qualify for telework. Each telework decision will be made on a case-by-case basis by considering the employee’s work responsibilities and performance, whether the position must be performed in person at a campus location, the need and desire of both the department and the employee, schedules, and the overall likelihood for success. If USU establishes telework as a condition of employment, based on the university’s business needs, it will be stated when the position is advertised and/or when telework is approved.

The dean/vice president, department head/director, supervisor, and teleworker must all agree to the work arrangements and expectations by signing a telework agreement [link] prior to commencing telework. The telework agreement must address expected job performance and deliverables.

Regular or flexible telework may be approved on a temporary, trial, or ongoing basis as follows:

- Regular full-time telework - An employee works every workday at a location other than a USU location.
- Regular part-time telework (Hybrid) - An employee works one or more workdays at a location other than a USU location and the remainder of the week’s workdays at a USU location (e.g., M-W alternative work location from home; Th-F work from USU workplace). The schedule is fixed to be the same each week to facilitate meeting schedules and other office activities.
- Flexible telework - An employee varies their work location throughout the week based on business and/or personal work/life needs. Only positions that can support this variety should be approved under this method.

Surge telework is for those positions that a dean/vice president and department head/director has identified as being able to temporarily telework on days where the Utah Division of Air Quality has forecast an air quality of "unhealthy" (red) or higher at least 48 hours in advance for that county/location. Since surge telework is expected to be temporary and infrequent, it does not require a formal telework
agreement. USU positions that provide in-person services, or which have an in-place-duties requirement are not eligible for surge telework and will still report to their normal work location as scheduled.

Surge telework may also be approved by appropriate campus leaders during other special circumstances, such as predicted heavy snowfall or other situations that could pose a risk to employee safety or health.

**Campus Leaders Who Can Authorize Surge Telework for Special Circumstances:**

- Main Campus in Logan - USU president or designee.
- Statewide Campuses - Vice president of Statewide Campuses in consultation with the respective campus associate vice president.
- Extension Offices - Vice president for Extension.

Americans with Disabilities Act (ADA) telework may be approved as a reasonable accommodation under the ADA where alternative, reasonable accommodations cannot be identified and/or implemented. Such accommodations need not be approved where predictable and regular onsite attendance is deemed to be job-related, uniformly enforced, and consistent with business necessity (i.e., essential). Employees or supervisors with questions about the ADA telework request process can contact the Office of Human Resources for more information.

The USU president may approve telework in response to community crises, natural disasters, pandemics, or similar events.

### 2.1 Evaluating Positions for Telework

Departments may consult with the Office of Human Resources to analyze the nature of a position and how the work is performed to determine which positions are appropriate to designate or approve for telework.

Several factors [link] should be considered in determining the feasibility of telework, including the supervisor’s ability to adequately supervise the employee, whether any duties require use of systems, equipment, or tools that cannot be replicated or provided at the alternative work location, and the potential impact to other team members’ workload.

With rare exception, telework should be performed within the state of Utah as laws and compliance requirements related to payroll, unemployment, workers compensation, and other employment situations can vary significantly from state to state. Before a position can be considered and approved for regular out-of-state telework, the location being considered must be reviewed by a telework eligibility committee which includes representatives from Payroll/Finance, Risk Management, Legal, a departmental IT support person, and Human Resources. If a position is approved for regular out-of-state telework, any compliance costs related to such positions will be borne by the employing department.

### 2.2 Eligibility

#### 2.2.1 Evaluating Employees for Telework

When a telework request is made, the supervisor and department head/director determine if telework is feasible either on a trial or ongoing basis. Eligible employees must meet the following criteria:

- The employee has been in the position for a minimum of six (6) months—this requirement may be waived if the employee is specifically hired for a telework arrangement.
- The employee has no active, formal corrective actions on file for the current or preceding performance review period (see USU [Policy 311: Setting Expectations and Managing Performance](#)).
- The employee has demonstrated an ability to work productively and successfully in their work habits.
• The employee’s assignment is conducive to telework without causing reductions in services to students, inequities, or workload imbalances with other team members.

Once the supervisor and department head/director have confirmed eligibility for telework, the request will be sent to the respective dean/vice president for final approval.

A teleworking employee is responsible for any personal tax and insurance implications of a telework arrangement as well as conforming to any local zoning regulations.

2.2.2 Ineligible Positions

This policy applies only to those who work away from their USU location for one or more days per week on a regular basis and not for ad hoc situations. Ad hoc situations will be coordinated and approved by the employee’s supervisor in accordance with that department’s practices.

Some positions are not typically eligible for telework such as: faculty roles tied to on-campus programs and instruction; direct service positions; facilities trades workers; custodial workers; student-health staff; residence-life staff; coaches and athletic support; receptionist positions; agricultural production staff; research animal and plant care staff; library circulation staff; IT direct support positions; environmental health and safety staff; and place-specific positions, such as police officers, grounds workers, and parking support staff. The respective dean or vice president has discretion in making the final determination as to whether a position is eligible for telework.

2.3 General Expectations and Conditions

2.3.1 Compliance

Teleworking employees must comply with all federal, state, and local laws as well as university rules, policies, and practices, and agree and understand that violation of such may result in the termination of the telework arrangement and/or corrective or disciplinary action.

2.3.2 Hours and Location of Work

The teleworker is responsible to record all hours worked in the same manner as they would in the normal USU workplace. Overtime hours for nonexempt employees require the advance approval of the supervisor. The university continues to expect the same level of productivity and availability from remote locations as from the normal USU workplace. (See USU Policies 311 and 378: Overtime)

Supervisors may require employees to report to a central USU workplace as needed for work-related meetings or other events or may meet with employees in the alternative work location or via virtual tools/technology as needed to discuss work progress or other work-related issues. Supervisors should provide enough notice to ensure the teleworker can be in attendance in person when required. Commuting to or from a central worksite at the beginning or end of the day will not be considered compensable time or be eligible for mileage reimbursement unless otherwise specified in the approved telework agreement.

2.3.3 Setting Up an Alternative Workspace

Teleworkers are expected to secure and maintain an efficient and safe workspace that provides adequate connectivity to systems and resources to complete duties and communication in an effective manner. Employees with questions should consult with the Office of Environmental Health and Safety for general safe office standards and office ergonomics. Because telework is considered an extension of the USU workplace, injuries or illness that occur as a result of their university assignment, during scheduled work
hours and within their alternative workspace, will be covered per USU Policy 364: Worker’s Compensation.

USU assumes no liability for damages to an employee’s real or personal property throughout the telework participation.

2.3.4 Alternative Workspace Distractions

Teleworking employees are expected to be productive and available as agreed in the approved telework agreement. This includes ensuring that teleworking employees are free from unnecessary or excessive distractions that could affect productivity, attendance or participation at virtual meetings, or limit the ability to return to campus for work when requested. Examples of distractions include, but are not limited to, the need to care for other adults, children, or pets in the home during agreed upon work times. Teleworking employees should make necessary arrangements to ensure the alternative workspace is conducive to work productivity and minimizes the potential negative impact to the teleworker or other departmental colleagues.

Excessive distractions that impact productivity or ability to attend and participate in meetings may be considered a performance issue and result in the modification or termination of a telework agreement. Alternatively, employees may collaborate with their supervisor on other options such as flexible scheduling, reduction of FTE, etc.

2.3.5 Equipment and Materials

USU will provide the appropriate equipment and materials needed by employees to effectively perform their duties as agreed upon between the employee and their supervisor. The department may, but is not required to, duplicate resources between the normal USU workplace and the alternative work location. Telework employees may use university owned equipment only for legitimate university purposes. Unapproved out-of-pocket expenses will not be reimbursed. All university policies and procedures regarding equipment will apply to teleworkers as they do for all other employees (e.g., inventory controls, data security, equipment disposal, etc.)

The teleworker must exercise reasonable care for the equipment and should take appropriate action to protect the items from damage, theft, or unauthorized use. The employee will be held liable for damage caused by negligence. University equipment will be maintained, serviced, and repaired by university personnel as well as meet all safety standards. Supervisors will ensure that training on equipment usage will be provided where needed. The department will stipulate who is responsible for installing equipment and transportation to and from the normal USU workplace for repairs or service.

The telework agreement may permit employees to use their own equipment, provided the use of such equipment has been approved and meets IT security, management, and policy requirements. In this situation, USU is not responsible for the cost, repair, or service of the employee’s personal equipment, unless otherwise expressly agreed to in advance in the telework agreement.

2.3.6 Costs of Telework

USU is not obligated to assume responsibility for operating costs, home maintenance, or other costs incurred by employees in their alternative work location. USU may provide a communication allowance per USU Policy 518: Cell Phones.

2.3.7 Information Security and Data Protection
Employees must safeguard university information used or accessed from the alternative work location, in accordance with Utah State University’s policies. (See USU Policy 319: Employee Privacy and Confidentiality.) Telework employees must agree to follow university approved security procedures to ensure confidentiality and security of data. Teleworking employees should not save files locally or on non-USU equipment. All computer and communications devices connected to USU network are subject to monitoring, whether or not they are owned or operated by USU. The teleworker must notify university personnel immediately if any unauthorized access to university systems occurs. For additional information about information security and data protection see USU Policies 550-579: Information Technology.

2.3.8 Intellectual Property

Intellectual property created by USU employees within the scope of their employment regardless of their work location fall under the scope of USU Policy 587: Intellectual Property.

3XX.3 RESPONSIBILITIES

3.1 Teleworker

- Establish a work environment that is safe and free from distractions.
- Carry out the agreed upon work duties while working at the alternative work location.
- Be productive and available during agreed upon work hours.
- Be responsible for any tax implications that affect telework.
- Report to the normal USU workplace as scheduled or requested.
- Safeguard all sensitive or confidential information.

3.2 Supervisor

- Consult with the department head/director and the Office of Human Resources to determine if telework arrangements are appropriate. Supervisors must ensure that telework decisions are made for appropriate, nondiscriminatory reasons and provide clear benefit to USU operations.
- Require employees, who request a telework arrangement, to sign the telework agreement then send a copy of the signed agreement to the Office of Human Resources.
- Work with the employee to set clear expectations, requirements, availability, communication protocols and methods, engagement, etc. to ensure the department’s needs are met and that the employee may be successful.
- Clarify on-site and off-site schedule requirements and provide as much notice as practicable for call back situations for on-site meetings or work needs.
- Develop a means to accurately record hours worked and evaluate work performance.

3.3 Department Head/Director & Dean/Vice President

- Approve, deny, or revoke any telework agreement.
- Ensure that telework decisions are made for appropriate, nondiscriminatory reasons; provide clear benefit to USU operations; and are handled equitably across departments.

3.4 Office of Human Resources

- Answer questions, provide guidance as needed, and file telework agreements.

ITEM FOR ACTION

Re: New USU Policy 3XX: Telework

SUMMARY OF NEW POLICY

- **Telework Intent and Scope**- Telework must meet both department and employee needs. It is a privilege and not a right and is subject to management approval. Not all positions are eligible for telework. Decisions will be made by leadership on a case-by-case basis.

- **Telework Benefits**- In successful arrangements, it can improve air quality, reduce traffic and parking congestion, decrease space needs, and promote recruitment and retention of faculty and/or staff, as well as, provide increased productivity.

- **Types of Telework**- Telework may be approved on a trial or ongoing basis.
  - **Regular full-time telework** - An employee works every workday at a location other than a USU location.
  - **Regular part-time telework (Hybrid)** - An employee works one or more workdays at a location other than a USU location and the remainder of the week’s workdays at a USU location (e.g., M-W work from home; Th-F work from USU office). The schedule is fixed to be the same each week to facilitate meeting schedules and other office activities.
  - **Flexible telework** - An employee varies their work location throughout the week based on business and/or personal work/life needs. Only positions that can support this variety should be approved under this method.
  - **Surge telework** – For positions that a dean/VP & department head/director has identified as being able to temporarily telework on days where the Utah Division of Air Quality has forecast an air quality notice of “Unhealthy” (red) or higher at least 48 hours in advance for that county/location. Since surge telework is expected to be temporary and infrequent, it does not require a formal telework agreement. USU positions that provide in-person services, or which have an in-place-duties requirement are not eligible and will still report to their normal work location as scheduled. For other special circumstances (e.g., bad weather) surge telework may be authorized by President, VP Statewide Campuses or VP Extension as appropriate.
  - **ADA Accommodation**- Telework may be approved as a reasonable accommodation under the Americans with Disabilities Act (ADA) where alternative reasonable accommodations cannot be identified and/or implemented. Such accommodations need not be approved where predictable and regular onsite attendance is deemed to be job-related, uniformly enforced, and consistent with business necessity (i.e., essential).
  - **Community Crisis, Disaster, Pandemic etc.**- USU may initiate or approve when necessary.

- **Eligibility and Structure**
  - Six (6) months of employment (unless position is specifically hired as a telework position).
  - In good standing (no active corrective/disciplinary actions).
  - Demonstrated ability to work productively and not negatively impact load on departmental colleagues or affect student services.
  - Certain positions requiring in-person work are ineligible (see examples in 2.2.2).
  - Formal telework agreements are required.
  - Supervisors may expect attendance in person for meetings or other events.
  - Time reporting should still be done as normal.
  - Tools, equipment, and space issues should be addressed as part of agreement and ensure a safe workspace for the employee.
  - Intellectual property, Information security and data protection policies must still be followed.
  - The alternative workspace should be free from unnecessary or excessive distractions.

- **Compliance**- USU and employees must comply with all applicable laws. Any consideration of out-of-state telework (should be a rare exception) must be reviewed by the telework eligibility committee (payroll/finance, risk, legal, IT support, and HR). Departments bear the cost of compliance.

Faculty Senate Report
Athletics Council

Mission: The Athletics Council advises the President with respect to the athletics program. The duties of the council are to: (a) help maintain an athletics program compatible with the best academic interests of the university; (b) assure compliance with the rules of the National Collegiate Athletic Association (NCAA), and the university athletics code; (c) review and recommend to the President and the Board of Trustees all intercollegiate athletics budgets; and (d) recommend policies and procedures for all aspects of the intercollegiate programs. The annual report from the Athletics Council to the Faculty Senate includes both future and current issues facing the Athletics Department. Each issue is reviewed by the Athletics Council to ensure the Department of Athletics is operating within the guidelines of the NCAA and Utah State University.

I. Athletics Council Issues/Actions during 2020-21 academic year (highlights briefly described below from the four scheduled AC meetings – October 10, 2020; November 18, 2020; January 27, 2021; and April 14, 2021 as well as each of the subcommittee’s meetings that meet twice during the academic year)

1. Student Academic and Athletics Eligibility and Intercollegiate Sports
   - Academic performance of student-athletes for each of the USU teams was reviewed during each semester.
   - Academic Progress Rate (APR) and Graduation Success Rate (GSR) reviewed for each team (refer to Academic Performance data listed below).

      i. Graduation Rates – Federal Rate:
         - The 14-15 cohort rate is 72% with a 4-class average of 70%***
         - The 13-14 cohort rate is 61% with a 4-class average of 69%
         - The 12-13 cohort rate is 69% with a 4-class average of 70%
         - The 11-12 cohort rate is 78% with a 4-class average of 67%
         - The 10-11 cohort rate is 65% with a 4-class average of 66%

• The 99-00 cohort rate is 61%, with a 4-year average of 64%
• The 98-99 cohort rate is 64%, with a 4-year average of 62%

*** publicly released November, 2021.

The NCAA released the first Graduation Success Rate (GSR) for all teams of all NCAA Division I Member Institutions in December 2005. This rate, a 4-year average that can be directly compared to the Federal Rates’ 4-year average mentioned above, is a more accurate snapshot of how scholarship student-athletes graduate. Students who transfer to USU that fall into one of the cohorts are counted in this rate (they are not counted in the federal rate) when they graduate; students who transfer from USU and are academically eligible at the time of transfer do not count against USU graduation rates (as they do with the federal rate). The overall USU GSR for the 4-year cohorts encompassing 2010-2013, to be publicly released in November, is 93%. This is up from 92% posted for the 2009-12 cohort, which led the Mountain West Conference as well as all of Utah’s 4-year institutions.

b. Academics/Awards

• Composite cumulative 3.38 (through Spring 2021) Student-Athlete GPA.

• 283 Academic All-Mountain West Conference Selections (3rd most in MW Conference) 2020-21 with a 3.00 or better GPA. An additional 16 gymnasts earned Academic All-Mountain Rim Gymnastics Conference honors.

MEN’S BASKETBALL
• Utah State finished the 2020-21 season with an overall mark of 20-9, marking the first time the Aggies have won 20 games or more in three consecutive seasons since 2010-13. USU also posted a conference mark of 15-4.

• Utah State earned its third-straight NCAA Tournament bid, losing in the first round against No. 6-seed Texas Tech, 65-53.

• Junior center Neemias Queta set Utah State’s single-game, single-season and career block records this season. Queta recorded nine blocks in the Aggies’ 62-50 victory over Colorado State in the Mountain West Tournament semifinals. Queta led the nation with 97 total blocks, breaking his previous single-season school record of 84 set during his freshman year. Queta finished his career with 219 blocks, far surpassing the previous school record of 155 career blocks set by Gilbert Pete (1986-89). Queta’s career total is also tied for third all-time in Mountain West history, matching the University of Utah’s David Foster (2006, 09-11).

• Utah State dominated the glass all season, ranking second in the nation with a rebound margin of +10.3. Additionally, the Aggies out-rebounded every opponent they played, averaging 40.69 boards per contest. Queta led the charge, ranking fourth in the nation in total rebounds with 294.

• USU ranked 13th in the nation in blocks per game (5.0), led by Queta’s 97. Utah State’s 145 blocks this year ranked second in school history, two shy of the all-time mark of 147 set during the 2018-19 season.

• Utah State led the Mountain West in rebounding (40.5), rebounds allowed (30.4), defensive rebounds (27.9), offensive rebounds (10.1), blocks (4.97) and assists (15.97). In league games, Utah State led the Mountain West in scoring defense (60.6), scoring margin (14.7), field goal percentage defense (.383), rebounding (41.3), rebounds allowed (30.0), offensive rebounds (12.8), defensive rebounds (28.5), rebounding margin (11.3), assist-to-turnover ratio (1.30), blocks (5.16) and assists (17.79).

• Junior forward Justin Bean earned second-team all-Mountain West and Mountain West all-tournament team honors this season as he ranked second on the squad in both points (11.4) and rebounds (7.7) per game, while also recording a team-leading 38 steals on the year.

• Utah State scored 928 points in the paint this season, outscoring all but four opponents from inside. The 928 points represented almost 45 percent of the Aggies’ total points this season.

• Freshman guard Steven Ashworth totaled 76 assists during the year to rank seventh in a single season among freshman in USU history. His assist-to-turnover ratio of 2.0 (76 assists/38 turnovers) ranks second all-time among freshmen in USU history.

• On April 5, 2021, Ryan Odom was named the 20th head coach in Utah State program history.

• Utah State had nine men’s basketball players earn academic all-Mountain West honors, while nine players were named MW Scholar Athletes.
**WOMEN’S BASKETBALL**

• Utah State women’s basketball finished the shortened 2020-21 season with a 4-20 overall mark, including a 2-16 record in league play to finish 11th in the Mountain West. USU’s season came to a close in the first round of the Mountain West Championships, where the Aggies fell to the eventual tournament champion Wyoming, 69-41.

• Utah State was led by graduate forward Jessica Chatman, who averaged a team-best 11.3 points and 6.9 rebounds per contest in her lone season as an Aggie. Chatman, a transfer from Southern Utah, averaged 31.5 minutes per contest and was the only USU player to play in and start all 24 games this season.

• Sophomore guard Shyla Latone made her mark from deep in her first season as an Aggie, including going for a program-record tying nine 3-pointers in the final game of the regular season against New Mexico. This was the most 3’s by any player in a Mountain West game in conference history, and was also the third-most in the NCAA this season.

• Freshman guard Meagan Mendazona opened her collegiate career with an impressive debut, going for 18 points, seven rebounds, five assists, four blocks and four steals in a win over Montana. This was the most points by a USU freshman in their debut since Katie Toole scored 22 against Sacramento State in 2015-16.

• In USU’s game against Fresno State on Feb. 6, the Aggies dished out a program-record 29 assists on 34 made shots, led by sophomore guards Kamalu Kamakawiwo’ole and Faith Brantley, who each had a career-high seven dimes. This was tied as the 10th-most assists in a single game by any team in the NCAA this season.

• Utah State had to deal with more adversity than most during the 2020 season, and it was not due to COVID-19. On Nov. 7, Frank Maile was named the Aggies’ interim head coach after USU Vice President and Director of Athletics John Hartwell announced the dismissal of Gary Andersen. Then, on Nov. 15, starting junior QB Jason Shelley was dismissed from the team for violation of team rules. Utah State then had its top wide receiver in junior Deven Thompkins, its top running back in senior Jaylen Warren, its starting safety in senior Troy Lefeged Jr., and senior inside linebacker Cash Gilliam all opt out for the remainder of the season and enter the transfer portal.

The shortened season, which included just two regular-season full-team contests, began with a clean sweep at the Dixie State Invitational for the Aggie men’s and women’s teams. Todd won the men’s race and was one of three Aggie finishers in the top-5 as he finished with a time of 23:40.5, while junior Mica Rivera placed second overall in the women’s race with a time of 20:43.4.

UNIVERSITY HONORS PROGRAM

Annual Report

Fiscal Year 2020-2021

October 8, 2021
A. OVERVIEW

1. Honors Mission and Leadership

The University Honors Program trains a diverse community of tomorrow’s leaders by engaging them in civil discourse, research and creative projects, and local and global humanitarian work. The program embodies Utah State University’s land-grant mission to prioritize academics, foster diversity of thought and culture, and serve the public through learning, discovery, and engagement. The university therefore guarantees the program adequate infrastructure and resources, including an appropriate budget and faculty, staff, and administrative support, and commits to building and sustaining a robust Honors Program at the heart of the USU Aggie experience.

In keeping with USU’s land-grant mission, the program aims to recognize and develop the potential of students to become future change agents, even when students do not yet see that potential in themselves. Our vision is to build an increasingly rich and diverse community of students, faculty, alumni, staff, and stakeholders who represent the best that Utah State University has to offer.

The 2020-2021 fiscal year marked the seventh year of the University Honors Program under the leadership of Dr. Kristine Miller, whose role as Director began on July 1, 2014. Her creative, collaborative development of this university-wide Honors Program, publications and presentations on Honors education, and service on the Board of Directors for the National Collegiate Honors Council has established USU as a national leader in Honors education. During the 2020-2021 fiscal year, Dr. Miller’s title changed to “Executive Director,” and 10% of her role shifted from teaching in the Department of English to pedagogical administration in the University Honors Program, resulting in a 75% commitment to Honors administration and a 25% commitment to her duties as a tenured Professor of English.

2. Personnel

In addition to the Executive Director, the Honors Program employs three 1.0 FTE professional staff positions: the Academic Advisor, Program Coordinator, and Program Assistant. See Table A-1 for a list of personnel employed during the reporting period.

The Creative Resilience of USU Honors
Over the course of FY 2020-2021, the University Honors Program’s “Dare to Know” became far more than an intellectual or academic challenge: the program dared—and empowered—students, faculty, alumni, staff, and stakeholders to connect and engage with one another, despite the difficult circumstances of a global pandemic continuing into its second year. By the end of FY 2019-2020, Honors, like other USU units, had made the transition to virtual delivery of course content, programming, and student-support services. The program demonstrated its maturity, stability, and resilience by continuing to produce the highest caliber outputs, outcomes, and impacts, as demonstrated in last year’s annual report.

FY 2020-2021 put the program’s strength and resilience to the test with what became a full year of distanced work and collaboration; virtual advising and student-support services; and Zoom and Canvas delivery of academic content and curricular, professional, and social programming. Honors rose to these challenges with creativity and compassion, building a highly productive year with 1) a stable and resilient continuation of our program’s essential activities and core programming, including two signature annual Honors Program events; 2) two innovative, high-impact new programming series (Honors Dare to Care and The Honors Passion Project) designed to promote student and stakeholder engagement and community-building; and 3) imaginative and transformative planning for the future, which culminated in the development of an ambitious three-year Honors strategic plan and included the establishment of a statewide Honors pilot and the tuning of the Honors holistic admissions process to institutional values of access and inclusion—values at the heart of both last year’s annual report and the program’s new strategic plan.

Stability and Resilience

The University Honors Program’s stability and resilience in FY 2020-2021 are visible in almost all relevant metrics of program performance. The following key metrics demonstrate the health and maturity of USU Honors, even as the COVID-19 pandemic entered its second year:

- A stable student population of 666 participants
- A stable graduation rate, with 40 students—corresponding to 25% of the 2017 first-year cohort—completing all program requirements and graduating with University Honors in 2020-2021
- Continued broad faculty and staff engagement across all of USU’s eight colleges and from 43 academic departments and programs
- Expansion of Logan-campus partnerships
- A 15% increase in this year’s applicant pool to 442 first-year students, despite the suspension of in-person recruiting
- Record enrollment in Honors Connections (99% of incoming students participating in seven sections), despite the suspension of in-person Honors orientation
- Completion of 676 Honors advising appointments, all of them virtual
- A broadened donor base and a 10% increase in gifts this year
B. CREATIVE RESILIENCE

- A total of 20 HONR-prefix courses or departmental Honors sections, matching the previous year’s record high
- Significant expansion (+60%) of our successful, high-impact Honors Book Labs, all of which met by Zoom this year
- Successful implementation of 25 Honors co-curricular events (+130%), primarily under the umbrella of two innovative new series of programming
- Continued professional development and financial support of Honors student employees, with a 10% increase in funds allocated
- A 25% increase in scholarship funds awarded, with a further 20% increase in commitments to students for the next fiscal year
- A stable number of Honors student conference presentations this year, despite limitations on travel, with 95 Honors students delivering 94 virtual oral and poster presentations
- A 20% increase in optional transcript designations (University Honors, Undergraduate Research, Global Engagement Scholar) awarded to Honors students

More specifically, the University Honors Program demonstrated its continued stability and resilience by bookending FY 2020-2021 with two high-profile signature events, both of which were held virtually for the first time: the 45th Annual Honors Last Lecture and the Honors Medallion Ceremony, a celebration of the year’s Honors graduates. Both events were well attended and enthusiastically received by participants, and both demonstrated the health and maturity of the USU Honors Program during a particularly challenging time.

*The 45th Annual Honors Last Lecture: “After the Vaccine: The United States Discovers Public Health”—*As in previous years, Honors students nominated, interviewed, and selected candidates for the distinction of 2020 Honors Outstanding Professor. Soon after the students selected Dr. Seth Archer from the USU Department of History for this distinction, the Honors Program made the decision not only to deliver the 45th Annual Last Lecture as a Zoom webinar, but also to use the technology to enhance the event. Dr. Archer pre-recorded his lecture, “After the Vaccine: The United States Discovers Public Health,” in USU’s Russell/Wanlass Performance Hall, the established site of the Honors Last Lecture since 2013. After the broadcast on October 21, 2020 (Figure B-1), the event concluded—for the first time in its 45-year history—with a live question-and-answer session. Moderated by Dr. Kerin Holt of the Department of English, the Q&A was a fitting and engaging conclusion to a classic Last Lecture delivered in a novel format and setting. Attended by an audience of 180, many of whom stayed and submitted questions to the Q&A, the lecture reached a broad audience of Honors students, faculty, alumni, administrators, friends, and stakeholders.
B. CREATIVE RESILIENCE

**Figure B-1.** Dr. Seth Archer (History), 2020 Honors Outstanding Professor, delivers the 45th Annual Honors Last Lecture via Zoom webinar.

The recognizable venue of the Russell/Wanlass Performance Hall, along with the addition of a live Q&A, demonstrate not only the stability and resilience but also the creativity and resourcefulness of the University Honors Program. A clear benefit of this year’s approach was its accessibility to a broad audience in real time: friends, alumni, students, and faculty tuned in from around the country for this special event, and all had the opportunity to engage directly and meaningfully with the speaker. Furthermore, this 2020 model gave the program both confidence and flexibility in planning for an in-person 46th Annual Last Lecture in 2021: with the rise of the Delta variant in September, the University Honors Program was able to pivot quickly and seamlessly to this tested Zoom-webinar format, knowing that we could once again deliver a first-rate event.

*The 2021 Honors Medallion Ceremony*—On May 4, 2021, the University Honors Program was proud to showcase our 2020-2021 graduates at the annual Honors Medallion Ceremony, delivered for the first time as a live Zoom webinar with over 200 attendees. Beginning with a slideshow highlighting each graduate’s accomplishments and future plans, the event featured students and their faculty mentors, with professors reading the titles of their students’ capstone projects and then "presenting" Honors medallions in fun, creative exchanges between pinned Zoom windows. With the help of Honors staff behind the scenes, each mentor-mentee pair thus enjoyed a moment in the spotlight, and—just as would have occurred at an in-person event—each USU college then shared a brief celebration on the virtual stage, allowing students, faculty, and college administrators to cheer visibly and audibly for their Honors graduates (Figure B-2), as friends, families, peers, professors, and staff celebrated in the chat.
Following introductory congratulations from USU Provost Frank Galey and Vice Provost Paul Barr, Dr. Jodie Barker Ream delivered the 2021 Honors Alumni Keynote address. A 2009 USU Honors graduate with a physics major and minors in mathematics and classics with a Latin emphasis, Dr. Ream is a space plasma physicist at the Massachusetts Institute of Technology, where she contributes to NASA’s Psyche Mission on the team investigating the asteroid’s remnant magnetization. Dr. Ream’s talk emphasized the impact of an Honors education on her everyday life. For her, Honors offered more than just a useful set of skills: the program helped her to develop a confident, proactive mindset and to seize every professional opportunity. Dr. Ream’s story resonated with both our graduates and current Honors students. One first-year student told Honors, "This event was special because it changed how I define the Honors community. Both graduating students and alumni are still part of the community." The student concluded, "Attending this event made me want to take advantage of my time in Honors and do my best to succeed now and after I graduate. I’m happy to be part of USU Honors!"

Like the virtual 45th Annual Honors Last Lecture in the fall, the spring Honors Medallion Ceremony in FY 2020-2021 demonstrated the stability and resilience of a program committed to delivering its signature events during a global pandemic. Perhaps even more importantly, both events highlighted the program’s creative approach to community-building in a time of isolation. In FY 2019-2020, the Honors Program reacted quickly and positively to the pandemic restrictions that affected USU’s graduation ceremonies, sending each graduate a personal letter from the Honors Program Executive Director,
coordinating with the Registrar’s office to include Honors graduation certificates and medallions in USU’s mailed graduation boxes, and creating a celebratory slideshow for our graduates, many of whom also agreed to be featured on Honors social media. With more time to plan and consider the needs of our students, faculty, friends, and families in FY 2020-2021, the Honors team decided to use Zoom technology to expand our audience and foreground the Honors Aggie family that includes current students, recent graduates, and alumni. The virtual Honors Medallion Ceremony created the sense of belonging and support that matters most to our students: they experienced the fact that Honors Aggies are forever and felt the ongoing support of faculty, staff, friends, and family. Recognizing that our community extends well beyond the physical space of our usual ceremony venue in the Taggart Student Center, the Honors Program embraced the necessity of distance to make that community more visible.

Creativity and Compassion

Priorities for the University Honors Program in FY 2020-2021 were to promote personal well-being and build a sense of community for the nearly 700 Honors students attending classes online and via Zoom in Logan, throughout Utah, and across the United States. To meet those challenges, the Honors team created, planned, and implemented a series of innovative new programs designed to guide students in practicing self-care, caring for others in their community, and connecting more closely with alumni, friends, and partners in our Honors Aggie family. The program’s imaginative approach to building community and empowering students in FY 2020-2021 made concrete, measurable progress in support of students not physically on the Logan campus, an area for growth described in the University Honors Program’s 2019-2020 annual report.

Honors Dare to Care—Planning for this series began in Summer 2020, with the goal of establishing a year-long set of meaningful events to launch in Fall 2020. The Honors Dare to Care series included 16 events that engaged 177 students in conversations with peers, faculty, and staff on topics such as voting and civic responsibility, fighting implicit bias, acting an upstander, working to combat racism, and practicing physical and mental self-care. In planning and implementing this important program, Honors established new partnerships with several USU programs and offices, including the Center for Persons with Disabilities, the USU Inclusion Center, and the Office of Equity. The dare to students in this series was a challenge to engage in difficult conversations with peers and professionals in the Aggie community—and thus to contribute to the common good. Recognizing that a challenge may have been more than some students could accept in last year’s circumstances, the program changed the name of this series to Honors Cares and shifted the focus to helping, rather than challenging, students in Fall 2021. The decision to move compassion for students to the heart of this programming demonstrates not only the program’s ongoing engagement of the Honors community but also its creative, dynamic approach to facilitating such engagement.

The Honors Passion Project—In Fall 2020, the Honors Program also introduced The Honors Passion Project, an inspiring series of virtual lunchtime conversations with Honors friends and alumni about their passions, pastimes, and pursuits beyond the workplace.
B. CREATIVE RESILIENCE

Honors students joined these popular monthly Zoom events to learn more about the passions that drive our friends and alumni, whose interests this year ranged from large-scale LEGO builds (Grant Holyoak, '16) to sculpture and math (Dr. Lawrence Cannon) to digital humanities mapping (Corey Clawson, '09) to the history of dogs (Erin Butikofer, '20). One highlight of this series came in October 2020, when Honors alumna Erica Hawvermale (Cultural Anthropology, '17) shared her very creative passion project in a presentation entitled, “Anthropologist by Day, Mandalorian by Night.” Hawvermale’s engaging talk focused on the joy of making her own Star Wars costumes and wearing them in volunteer activities such as lightsaber performances at children’s hospitals and readings at local libraries (Figure B-3).

![Figure B-3. Honors alumna Erica Hawvermale (Cultural Anthropology 2017) reads in character at a virtual United Through Reading event.](image)

Like the signature events that expanded Honors community with the creative use of Zoom, this innovative program connected Honors Aggies across the country. Through their presentations for The Honors Passion Project this past year and their ongoing work in the Honors alumni mentoring programs, our alumni model how to build a balanced life, care for oneself, connect compassionately with others, and make positive impacts on one’s community. More broadly, the continued engagement of these alumni with USU Honors shows our students that Honors Aggies truly are forever and that the Honors community cares deeply about each of its members.

Imagination and Transformation

Despite a challenging year that focused Honors resources on an uncertain and dynamic present, the Executive Director led the Honors staff in FY 2020-2021 to imagine and plan
for the program’s future. In keeping with national trends in higher education generally and Honors education specifically, Dr. Miller prioritized inclusive admissions and support for students, and she engaged Honors staff with the Honors Faculty Advisory Board, USU Admissions, and the USU Statewide Task Force to revise Honors admissions requirements and messaging, coordinate test-optional admissions at the institutional and programmatic levels, and create a USU Honors Statewide Pilot on the Brigham City, USU Eastern-Price and Uintah Basin campuses. These priorities, along with the work accomplished over the past year, helped shape a three-year strategic plan that will reinforce the program’s strengths and transform ideas about its limits (Figure B-4).

**USU Honors 2021-2024 Strategic Plan**—This ambitious plan clearly articulates the University Honors Program’s mission and vision and commits the Honors community to a comprehensive action plan focused on four key goals:

- Program assessment, review, and planning
- Honors access and inclusion
- Structured retention of student participants
- Community engagement within Honors and between our program and the community

Imagined and drafted by the Executive Director in collaboration with university administration, the Honors Faculty Advisory Board, and the Honors Program staff, this document will guide programmatic decision-making and resource allocation over the next three years. We are proud of our work over the past year and ready for the challenges to come.

Honors by the Numbers
In FY 2020-2021, the USU Honors Program:

Served an Honors student population of 666 students—61% of whom were female—from all eight of USU’s colleges, 43 of 54 USU departments, and 92 of 115 academic majors.

Recruited 192 new first-year and 20 current/transfer students to the program from a pool of 465 applicants.

Graduated 40 students with University Honors.

Involved 188 USU faculty and staff from 43 departments/programs in teaching and other academic activities, including mentoring, advising, service, and assessment.

Engaged with 662 Honors alumni through an annual newsletter, regular messaging, and alumni-student programming and mentoring.
1. Student Participants

In FY 2020-2021, the Honors Program served a population of 666 students—409 female (61%)—making up 5% of the undergraduate student population on USU's main Logan campus. Compared to this USU main-campus population, a smaller percentage (7%) of Honors students identified as belonging to an underrepresented racial or ethnic minority (URM) or as being first-generation college students (8%, Table C-1). Among current and transfer students admitted to the program, URM students make up a larger proportion, which matches the percentage on USU’s Logan campus. These data suggest the important role of USU faculty in identifying and recruiting outstanding performers as Honors students after they reach USU.

The largest number of Honors students in one college (156) once again came from USU’s College of Science (CoS), making up 23% of the Honors student population, a small increase from last year. This percentage is only slightly higher than that in the College of Engineering (ENGR, 20%), with the Emma Eccles Jones College of Education and Human Services (CEHS), the College of Humanities and Social Sciences (CHaSS), and the Jon M. Huntsman School of Business (HSB) all accounting for 12-15% of the Honors student population. As in previous years, the smallest percentages of Honors students come from the College of Agriculture and Applied Sciences (CAAS, 7%), the Caine College of the Arts (CCA, 4%) and the S.J. and Jessie
C. PARTICIPANTS

E. Quinney College of Natural Resources (QCNR, 3%, Figure C-1A), although all three colleges increased their Honors student participation by 1-2% over the previous reporting period.

Figure C-1B shows the student breakdown by college for USU’s general student population on the Logan campus. The most notable discrepancy between that general population and Honors is a substantially larger proportion of undeclared students in the general population, which complicates a potential comparison. Still, the Honors student population appears to consist disproportionately of students who have settled on a major, with students from ENGR and CoS noticeably overrepresented, and students from CAAS significantly underrepresented. Compared to previous reporting periods, Honors participation from CEHS more closely matches the percentage of CEHS students on the Logan campus overall.

Student participants in the Honors Program represented 43 academic departments or programs (USU: 54) and 92 majors (USU: 115).

This year, Honors welcomed 192 first-year students, a 10% decrease from FY 2019-2020. The proportions of male and female Honors first-years are still skewed markedly toward female students when compared to the incoming student population on USU’s Logan campus (Table C-1), albeit significantly less so than in previous years. It is important to note that Honors has developed intentionally inclusive admissions processes. Nevertheless, although students identifying as belonging to a URM made up 11% of students who were offered admission to Honors—a number that exceeds the percentage of URM students among the incoming AY 2020-2021 class on USU’s Logan campus—fewer of those students accepted their place in Honors. As a result, URM students made up only 5% of the incoming first-year cohort in Honors.

The Honors Program graduated 40 students this year, representing 6% of the total Honors student population and 25% of the 2017 first-year cohort that would graduate within four years in 2021 (Table C-1, Table H-1, Figure G-1), roughly on par with previous years. Two-thirds of this year’s graduates were female (Table C-1), which is a change from the previous reporting period, when a plurality of our graduates were male, but consistent with long-term trends in our program. For a comparison of the Honors Program’s completion rate over time, see Figure G-1.

2. Faculty and Staff Participants

In FY 2020-2021, Honors actively engaged 188 USU faculty, staff, and graduate mentors/instructors in teaching and related academic activities, including mentoring, advising, assessment, and other service work (Table H-2). While that number represents a significant decline from a three-year high of 250 in fiscal year 2019-2020, such a decline is perhaps to be expected, given the limitations on engagement during the COVID-19 pandemic.

As in previous years, faculty and staff engaged with the full spectrum of Honors activities, including teaching Honors courses (Tables E-4, E-5) or USU 1010 Connections sections (Table E-3); leading Honors Book Labs (Table E-6); working with students on Honors Mentoring Agreements and capstone projects; guiding national scholarship applicants; serving as Departmental Honors Advisors (DHA, Table H-3); reviewing admissions and scholarship applications; engaging in program evaluation and assessment by serving on the Honors Faculty Advisory Board (Table H-4); and helping to expand the reach of Honors through service on the Honors Statewide Campus Task Force (Table H-5).

Almost half of these faculty and staff members participated in more than one category of engagement with the Honors Program. Faculty/staff participants included 51% women, and the group was once again comprised predominantly of early-career faculty, with 71 (38%) at the Assistant Professor rank, a fact that continues to illustrate the perceived value of Honors engagement for professional development and career advancement. Honors-engaged faculty belonged to 43 departments or other academic units from all eight USU colleges and USU Libraries. The highest number of faculty involved with Honors was from CHaSS (29%), followed by CoS (14%). The proportion of faculty from the remaining six colleges ranged from 5-13% (Figure C-2).

3. Alumni Participants

The Honors Program draws on the professional expertise and positive attachment of a cohort of 1,174 alumni, 712 of whom are female (61%). During FY 2020-21, the program actively engaged with 47 (4%) former Honors Aggies in the Honors Alumni Mentoring Program (AMP); additionally, 41 of our alumni (4%) participated in the Ask an Honors Alum program initiated in April 2020 in response to the pandemic and the transition to remote course delivery in spring semester. A further 18 alumni participated in our new Honors Alumni Connect program, an introduction and gateway experience to alumni mentoring for first- and second-year Honors students who might eventually participate in the AMP. In addition, three alumni shared passions and hobbies with students in virtual meetings as part of our new series, *The Honors Passion Project*. The program communicated with the entire Honors alumni community through the USU Honors Program’s Annual Newsletter, which was delivered to 662 email addresses.

With the help of USU Alumni Relations, we were able to improve the quality and information content of our alumni database during this fiscal year. Figure C-3 provides for the first time a complete breakdown of Honors alumni by time since graduation: 19% of these alumni are recent graduates (<5 years), 20% are early-career professionals (5-10 years), and 61% are mid/late career professionals (>10 years).

The Honors Program enters into productive, mutually beneficial partnerships on campus and within the wider local, national, and global communities with the aim of creating opportunities for students and faculty, advancing best educational practices, and extending the footprint and impact of USU Honors beyond the boundaries of our program.

1. USU Partners

   **Ongoing Partnerships:**

   **Aggie First Scholars**—Honors has worked with Aggie First Scholars to identify Honors/first-generation student overlap and has used that information to inform both future recruiting and retention efforts and shared programming.

   **Aggies Think Care Act**—Honors is a member of the ATCA committee. The Executive Director represents the program at monthly meetings and shares updates to help foster collaboration on inclusive programming between academic and student-services units.

   **Allies on Campus**—The Honors Program Executive Director, Coordinator, Academic Advisor, and Program Assistant have completed Allies training.

   **Center for Anticipatory Intelligence**—The Honors Program collaborated with the CAI to plan and implement an informational recruiting session for Honors students via Zoom.

Honors and OGE continued their collaboration in the implementation of an Honors Integrated Research Experience for Undergraduates (HIREU), which included a study-abroad component. This program was discontinued in Spring of 2021 when lead instructor Dr. Steve Young left USU.

Office of Research—Honors continued to work with the OR to recruit and admit Undergraduate Research Fellows (URF), participate in URF programming and cohort activities, coordinate research funding matches with Undergraduate Research and
Creative Opportunities (URCO) grants, and develop and model best practices for research mentoring at USU.

E. PROGRAMMING

ESSENTIAL ACTIVITIES
Defined as the annually recurring tasks that sustain the long-term health of the University Honors Program, our essential activities provide critical services to current and prospective students.

1. Recruiting
Honors staff and student volunteers participated in 10 virtual recruiting events during FY 2020-2021 (Table E-1), engaging 57 incoming and prospective students in conversations about the benefits of the USU Honors Program. The virtual nature of recruiting in this reporting period resulted in a substantial reduction in the number of students engaged. (The program engaged with 862 incoming and prospective students in FY 2019-2020.)

2. Admissions
The USU Honors Program received 442 first-year applications during FY 2020-2021, a 14% increase over the previous reporting period (Table E-2). The average high school GPA of applicants was 3.90; the average ACT score for those students who chose to provide one as part of USU’s test-optional admissions process was 29.0.
These scores are slightly but noticeably lower than in the previous reporting period and may reflect our programmatic recruiting decision to emphasize mindset over academic scores. From this applicant pool, Honors invited 354 students to join the program (80\% of applicants, compared to 84\% of applicants in the previous reporting period). Accepted students had slightly higher scores across the board than those denied admission (GPA = 3.91, ACT = 30.0 for admitted students, compared to GPA = 3.77, ACT = 25.1 for non-admitted students), which is lower for both sets of scores and for both groups than last year.

Of the 354 students accepted into the program, 151 either did not respond to our invitation or declined their place. While not all students who declined provided reasons for the choice, most who did so indicated that they planned to attend another institution. The admissions process resulted in a first-year class for FY 2021-2022 of 203 students (+6\%), of whom 37 deferred their enrollment (Table E-2).

Compared to the previous year, our program saw an increase in the percentage of applicants who self-identified as URM (10\%, +1\%) or first-generation college students (7\%, +1\%, Table E-2). Our holistic and inclusive admissions process once again assured that these students’ applications were given due consideration, resulting in 91\% of URM applicants and 86\% of first-generation student applicants being offered a place in Honors; however, only half of both URM and first-generation admitted students accepted the invitation.

Honors also received 23 complete applications from current USU and transfer students during this reporting period. From that pool, 21 were offered admission, with all but one accepting their place in the program. These students are typically identified and referred by faculty as outstanding performers once at USU or at their previous institutions.

3. Orientation

During the pandemic, orientation activities were significantly reduced. With the help of Honors staff and student volunteers, our program developed an orientation video featuring a presentation by the Executive Director, which we made available on the Honors website and sent by email to incoming first-year students; this video was viewed 236 times. Additionally, we conducted an Orientation Q&A session on Instagram, in which a recent Honors graduate answered 22 questions from incoming first-year students. This Q&A reached 169 users.

4. Honors Connections

Honors again collaborated with USU Connections to provide a meaningful transition-to-college experience for 164 incoming first-year Honors students, 99% of the incoming Honors cohort (USU comparison: 61%). All seven Connections sections had Honors student peer mentors assigned to them, giving new students both Honors faculty and student guides as they began their time at USU (Table E-3).

5. Theme Housing: Honors House

Honors once again collaborated with USU Housing and Residence Life to provide theme housing for up to 96 Honors students in Building C of the Living Learning Community complex. All floors are staffed by Resident Assistants who are also Honors students and who receive specialized training from Honors staff so that they can more effectively engage and support Honors residents.
6. Advising and Mentoring

The Honors Program’s Academic Advisor and peer advisors completed 676 advising appointments during FY 2020-2021, all of them virtually. Honors requires advising each semester, and the program ties this requirement to good standing and priority registration to ensure compliance. The distribution of appointments by month is shown in Figure E-1. Not surprisingly, the bulk of advising takes place in late fall, as students prepare to register for spring classes, and in late spring, as students approach graduation and registration for the following fall semester. Nevertheless, it is noteworthy that advising is a year-round activity.

![Figure E-1. Honors academic advising appointments by month during FY 2020-2021. Black = Academic Advisor appointments; grey = peer advisor appointments.](image)

7. Website

The Honors website (honors.usu.edu) continues to be one of the program’s key modes of communication with prospective and current students, faculty, alumni, and stakeholders. In addition to providing information about mission and goals, Honors requirements, and student opportunities, the website highlights student and alumni achievements and thus promotes positive attachment to the program. The website serves as a portal for students submitting admissions applications, applying for leadership positions and funding, and scheduling advising appointments and or faculty applying to teach in Honors and requesting documentation of faculty work for promotion and tenure.
During FY 2020-2021, the Honors website received 61,139 page views (+3% over FY 2019-2020) in 21,339 visits (+72%) by 13,765 visitors (+11%), with an average session duration of 5:37 minutes (+46%). After the Honors Program’s home page, the five top-viewed pages were the first-year application page (7,155 views), application home page (6,534 views), Honors Book Labs page (5,145 views), “What is Honors?” page (3,673 views), and Honors courses page (3,350 views).

8. Development

During FY 2020-2021, the Honors Program worked once again with USU Advancement and Alumni Relations to create messaging for USU’s annual mail and “A Day of Giving” campaigns. The program also developed and sent an electronic annual newsletter to Honors alumni.

Program staff facilitated communication between Honors student scholarship winners and the donors who supported them. In addition, Honors timed the mailing of its annual holiday card to alumni and stakeholders with the university’s annual year-end giving campaign, contacting current and former students’ parents as well as Honors alumni. As a result of these development and fundraising activities, the program received 86 gifts (+59%) from 48 donors (+82%), totaling $30,685 (+10%).

ACADEMIC PROGRAMS

The Honors curriculum features four types of core activities that build students’ portfolios of completed work and reflection as they progress toward Honors graduation. These activities include Honors coursework, Honors-in-Practice applied learning, required Honors capstone projects, and attendance at and reflection upon academically oriented co-curricular events on campus, virtually, and in the community. The embedded reflection at each stage of the curriculum ensures that every Honors student can clearly articulate the value and trajectory of their academic experience in college. The development of a self-aware personal and professional narrative defines the Honors educational experience at USU.

9. Honors Courses

Honors Introductory Experiences (USU GE Breadth)—In FY 2020-2021, Honors funded the teaching of six Honors Introductory Experience courses, all of which were taught for the first time in a three-year rotation after having been proposed, reviewed, and accepted in the previous year. Enrolling a total of 147 students, these courses met a range of USU GE Breadth requirements (Table E-4), including Humanities (BHU), Creative Arts (BCA), Social Sciences (BSS), and Life Sciences (BLS). Specially selected by both the Honors Faculty and Student Advisory Boards as outstanding experiential-learning opportunities, these courses featured hands-on interdisciplinary learning designed primarily for first-year Honors students. With enrollments capped at 25, the classes also allowed for meaningful mentoring interactions between faculty and students.
Honors Think Tanks (USU GE Depth)—In FY 2020-2021, Honors offered two team-taught, cross-disciplinary Think Tank courses: one was previously taught in FY 2019-2020, and the other was a new course. Each Think Tank combined coursework that met both USU’s GE Depth Humanities/Arts (DHA) and Social Sciences (DSS) requirements. These two Think Tank courses allowed 48 Honors students to earn their choice of DHA or DSS credit while enjoying an innovative, interdisciplinary, team-taught approach to USU’s GE requirements (Table E-4).

Departmental Honors Sections—In addition to GE courses chosen through a competitive committee review process and taught by select Honors faculty, students can enroll in Honors sections of required courses in some disciplines (Table E-5). As in the previous year, these sections were offered by the College of Engineering and the Departments of Biology; English; Kinesiology and Health Science; Mathematics and Statistics; and Plants, Soils, and Climate. A new addition to the line-up of departmental
Honors sections this year was a course focused on careers in government and public service offered by the Department of Political Science and taught by Honors alumnus Neil Abercrombie, Vice President for Federal and State Relations. Collectively, Honors sections of departmental courses offered in FY 2020-2021 enrolled a total of 175 Honors students.

10. Honors in Practice (HIP)

USU has developed an innovative system that awards Honors points for completion of the Honors curriculum. Rather than taking additional credits, students can fulfill GE requirements and apply academic knowledge with a range of high-impact activities, including research, creative work, professional-development programs, and community or global engagement. Students then document and reflect on that work for points that demonstrate how they have enhanced the required work of their major(s).

**Honors Mentoring Agreements (HMA)**—These formal agreements between students and faculty propose and document completion of mentored Honors work outside the classroom. Every agreement requires students to document at least 20 hours of mentored experiential learning beyond the classroom, and each is overseen by a faculty mentor, a Departmental Honors Advisor (faculty), and the Honors Program Executive Director. These experiences can include research, creative work, study abroad, internships, service projects, or Honors Excel (graduate) courses taken with faculty and departmental permission. Despite the challenges posed by the ongoing COVID-19 pandemic, 28 Honors students pursued or completed 32 HMAs in FY 2020-2021, engaging with 23 USU faculty and 8 non-faculty, non-USU mentors in the process.

**Honors-in-Practice Programs**—In addition to student-faculty structured mentoring agreements, the Honors Program itself structures some HIP experiences for its students. Students earn points over the course of a year in these Honors-run programs, which include the Honors Alumni Mentoring Program, the Honors Leadership Academy, and service on the Honors Student Advisory Board. For the first time in FY 2020-2021, our program also offered a semester-long structured experience to introduce first- and second-year students to alumni mentoring: Honors Alumni Connect.

**Honors Book Labs**—A short-term version of an Honors HIP program, this curricular innovation allows faculty and Honors students the opportunity to read and discuss books in small cross-disciplinary groups (no more than five students per lab). The labs meet four times for an hour per week in the second through fifth weeks of each term. Faculty and students alike enjoy the opportunity to talk with people outside their disciplines about books of mutual interest, without grades or faculty evaluation of students (Honors awards points based on student reflections). Faculty have led these labs as teams, taken field trips, invited guest speakers, or tied their labs to a campus speaker series.

Faculty from 22 academic departments across six colleges led 40 Book Labs serving 195 students in FY 2020-2021 (Table E-6). Honors increased both the overall number of Book Labs (+60% over the previous reporting period) and the times in which they were available (for the first time, Book Labs were offered throughout the summer), with the aims of building community and increasing engagement among our Honors student and faculty populations, particularly since a great deal of programming was cancelled or postponed during the pandemic. Honors supports this high-impact learning experience by hosting showcases that introduce the next term’s labs, purchasing books for all participants, and evaluating student reflections for Honors points after each term.
In FY 2020-2021, a virtual Spring Book Lab Showcase was held on November 17, 2020, and a summer/fall virtual showcase was held April 14, 2021, both via Zoom webinar.

#### 11. Honors Capstone Projects

Honors continued a very successful one-credit/one-point capstone preparation course (HONR 3900) that allows students to study and reflect upon previous capstone proposals and projects in their disciplines. Taught by Honors Executive Director Dr. Kristine Miller, this course asks students to examine prior capstone projects and proposals, draft ideas for their own projects, talk with peers about these ideas, meet with faculty to develop the ideas, and submit capstone proposals in preparation for their own required Honors capstone projects. Offered in fall, spring, and summer, this course served 57 students in FY 2020-2021.

To provide ongoing support to Honors students working on their capstone projects, Honors continued the Capstone Support Group, instituted in FY 2017-2018 as a series of inspirational and logistical meetings tied to a set of reference materials in Canvas. Students met six times over the course of the academic year, with program staff facilitating conversations focused on students sharing capstone projects, reporting on progress, hearing from recent Honors graduates, and receiving guidance on capstone formatting.
E. PROGRAMMING

Fifty-four faculty mentored 61 Honors students working on capstone projects this year. Forty of these students completed capstones and graduated with Honors during FY 2020-2021 (Table H-1); the remainder are ongoing. Spring 2021 Honors graduates Kirsten Barker (Music Performance) and Christian Lange (Physics) each received the Joyce Kinkead Outstanding Honors Capstone Award, which carries a $500 cash prize.

12. Co-curricular Engagement

Honors students participate in, reflect upon, and earn Honors points for attending co-curricular events on and off campus. In FY 2020-2021, 245 Honors students (+12% from the previous reporting period) submitted 601 co-curricular reflections (+19%) for Honors points after attending virtual events.

In its weekly co-curricular messaging to students, Honors advertised a total of 331 virtual co-curricular events, and the program itself hosted 25 such events (Table E-7), more than doubling the previous year’s number. These Honors events included the 45th Annual Honors Last Lecture, delivered by Dr. Seth Archer from the Department of History virtually via a pre-recorded Zoom webinar and followed by a live Q&A moderated by Dr. Kerin Holt from the Department of English.

ENGAGEMENT, ENRICHMENT, AND COMMUNITY BUILDING

USU Honors does far more than administer an effective program and deliver desired outputs and outcomes. Many of the program’s resources are devoted to activities that engage our participants, enrich the Honors experience, and build community. FY 2020-2021 proved particularly challenging in this regard due to the exclusively remote nature of both our work and our delivery of programming and content. Despite these obstacles, the program both continued many of its signature community-building efforts in either their original or an altered form and created new, innovative, high-impact activities for our students and other stakeholders.

13. Weekly *Honors in the Know* Messaging

In FY 2020-21, Honors generated 66 email campaigns in MailChimp: 34 for students and 32 for Honors-engaged faculty and staff. Delivered each Monday morning, these weekly messages featured important program announcements, deadlines, and job/internship opportunities; summarized virtual Honors events and co-curricular activities across campus; and advertised contact information for program staff and peer advisors.

The student email was sent to an average of 684 recipients and had a 45% open and a 5.4% click rate, rates that are, respectively, almost three times the industry average for mail campaigns of this nature. The faculty email went to an average of 400 recipients, getting a 42% open rate, almost three times the industry average; the click rate was 2.3%, which is above industry average. Overall, the Honors Program’s weekly event emails reached 15,759 users and engaged a minimum of 1,497 at any given time.

36
14. Annual Newsletter

As in previous years, the Honors Program generated an electronic “Year-in-Review” annual newsletter aimed at an audience of alumni and program stakeholders. The newsletter was emailed to 662 recipients and had a 34% open rate, slightly more than twice industry average. Of that potential readership, 1.1% clicked on embedded links to access secondary content referenced in the newsletter, which is comparable to industry average. However, it should be noted that the Honors Program Annual Newsletter contains far fewer clickable links than mail campaigns used by commercial or non-profit entities upon which that average is based, since almost all of the content is contained within the mail message itself.

15. Honors Holiday Card

As in previous years, the Honors Program sent a holiday card to our partners, stakeholders, alumni, faculty, and students (Figure E-2). Based on a design by Honors alumna Hannah Baldwin (Interior Design, ‘20), this digital greeting card was sent to 2,106 email addresses.

**Figure E-2.** 2020 Honors Holiday Card (design by Honors alumna Hannah Baldwin, Interior Design, ‘20).

16. Faculty-Student Socials

This opportunity for faculty-student networking and socializing was not offered during FY 2020-2021 due to the COVID-19 pandemic.
17. New Series: *Honors Dare to Care*

This series of activities, new in FY 2020-2021, was designed to engage Honors students with both their community and the issues and topics that matter to the members of that community. Over the course of two terms, Honors held 16 events involving 170 students (Table E-7), with topics ranging from the positive healing power of laughter and story-telling to the importance of voter registration, from the value of expressing gratitude to the challenge of being an upstander and addressing implicit bias and racism.

18. New Series: *The Honors Passion Project*

A second new series, *The Honors Passion Project*, featured virtual lunchtime discussions with Honors alumni and friends about their passions, pastimes, or pursuits beyond work and academics. Over the course of two terms, Honors engaged three alumni and one friend and benefactor of Honors in four of these well-attended and well-received events on a variety of entertaining and inspirational topics (Table E-7), with an average participation of 18 students per event.

19. Honors Graduation Celebration

The 2021 Honors Medallion Ceremony was held virtually via a Zoom webinar available to graduates, faculty, friends, and family. The ceremony featured an Honors alumni guest speaker, Dr. Jodi Barker Ream (Physics, ‘09), along with representatives from the USU Provost's Office, all eight USU colleges, the Honors Faculty Advisory Board, and 29 of our 40 Honors graduates and their mentors from FY 2020-2021. The ceremony was also attended by an audience of 122 people.

20. Donuts with the Director

This morning meet-up with the program’s Executive Director was not offered during FY 2020-2021 due to the COVID-19 pandemic.

21. Honors Brain Break

This finals-week series of snacks and socializing was not offered during FY 2020-2021 due to the COVID-19 pandemic.

22. Faculty Appreciation Social

Honors was unable to hold its traditional faculty appreciation social at the end of the spring semester because of COVID-19. In lieu of this annual event, the Executive Director expressed by email her deep appreciation for the many talented and passionate faculty from across the institution who supported both Honors and our students this year.
E. PROGRAMMING

PROFESSIONALIZATION

In addition to engaging curious students and equipping them with the academic skill to think critically and to communicate clearly, Honors prepares students for the next steps on their educational or career paths. The following comprehensive list of programming attests to the importance of professionalization in the USU Honors Program’s curriculum. Anecdotal evidence suggests that these activities have been largely effective and are well received by both students and faculty.

23. Alumni Mentoring

*Alumni Mentoring Program (AMP)*—In its sixth year, the highly successful Honors Alumni Mentoring Program once again paired current Honors students with successful alumni for a structured, collaborative, curriculum-based mentoring experience. In a departure from previous years, Honors limited participation in the program—with some exceptions—to students in their third and fourth years. This decision responded to a low completion rate among first- and second-year students in previous years, and it led to the creation of the introductory one-semester Honors Alumni Connect program, geared toward first- and second-year students.

After receiving 47 expressions of interest from alumni, Honors staff were able to match all 26 student applicants with 23 alumni mentors from different employment sectors and career stages (Figure E-3). Despite new limits allowing only students nearing the end of their undergraduate careers (Figure E-4), the percentage of students completing all program requirements (62%) was low (comparable to FY 2019-2020). While this result seems to suggest that the change in audience may not have had the desired effect, the circumstances of the pandemic complicate any interpretation of this data. Most importantly, student reflections on the experience suggest that those who completed the program had a highly impactful experience. As this program moves into its seventh year, the consistently high return rate of alumni to the program also indicates that the AMP continues to be a rewarding and meaningful experience for our mentors.

*Honors Alumni Connect (HAC)*—New in FY 2020-2021, this semester-long program took the place of the previous year’s Ask an Honors Alum program, which allowed students to ask a question or hold a brief conversation on a topic of their choice with an Honors alum. Honors designed HAC as an introduction to alumni mentoring for first- and second-year Honors students and a gateway to the year-long Alumni Mentoring Program. Honors recruited 18 alumni in Fall 2020 and was able to match 11 of them with all 16 students who applied for the Spring 2021 inaugural run of the program. All 16 students, half of them in their first year and half in their second year, successfully completed the program. The curriculum consisted of three lightly structured conversations about the Honors experience, the importance of putting learning into practice outside of the classroom, and the value of graduating with Honors, and all students submitted a detailed final reflection on their experience as part of the program. Honors aims in the coming year to grow what appears to be a potentially engaging and productive program.

24. Meal with A Mentor

This opportunity for students to enjoy an Honors-sponsored one-on-one lunch with a respected mentor was not offered during FY 2020-2021 due to the COVID-19 pandemic.

25. National Scholarship Mentoring and Application Support

The University Honors Program coordinates student applications to prestigious national scholarships and fellowships (with the exception of international scholarships like Fulbright and Boren, which are coordinated by the Office of Global Engagement). Honors-engaged faculty member Dr. David Peak from the Department of Physics once again conducted a Goldwater Scholarship “boot camp,” mentoring a select cohort of students in Fall 2020 and working with a faculty committee, including the Honors Executive Director, to review applications and to select four USU nominees from among six finalists. Of these four nominees (Ethan Ancell, Jonathan Mousley, Melissa Rasmussen, and Manuel Santana), two (Ancell and Santana) won Goldwater scholarships.

The Honors Program Coordinator, who coordinates fellowship advising in our office, provided mentoring and logistical support for USU’s nomination of two Truman nominees, Madeleine Alder and Emilee Matheson.
26. Student Employment

*Undergraduate Teaching Fellows (UTF)—With dedicated support from the Office of the Provost, the Honors Program once again selected UTFs to assist in each of its HONR-prefix courses. Six Honors students were hired and assigned to these courses, based on faculty recommendations and a competitive application process (Table E-8). In addition to the standard trainings for all USU employees, these students received valuable training, mentoring, and professional development in the areas of peer mentoring, instructional technology and Canvas, and identification of students of concern.

**Peer Advisors**—Honors matched a monetary commitment from the Office of the Provost to provide two peer advisor positions for our program. The program decided to hire five Honors students for these positions in FY 2020-2021 (Table E-9). In addition to the standard trainings for all USU employees, these peer advisors benefitted from valuable mentoring, training, and professional development in student advising, Box usage, and Canvas navigation from the Honors Academic Advisor. Peer advisors kept regular virtual office hours to assist in Honors student advising and peer mentoring, providing 825 hours of support to our students.

**Peer Tutors**—Honors did not offer peer tutoring in FY 2020-2021 due to the remote nature of our program’s operations. Instead, Honors students were referred to institutional resources available through the Writing and Math and Statistics Tutoring Centers, which were able to move their activities online to deliver tutoring support to students.
Office Assistants—Honors employed two Honors students (Trinda (Jensen) Hyde, Madison (McArthur) Aller) as Office Assistants to support our professional staff in their remote work.

Honors Postgraduate Fellow—Newly created in FY 2019-2020, this position benefited both the Honors Program and a recent graduate and thus continued this year. Honors intends the role as a professional bridge for recent Honors graduates, and the Honors Postgraduate Fellow works closely with the Executive Director and Honors staff on collaborative projects, including writing and editing of blog posts, website content, and email campaigns; construction, implementation, and analysis of surveys; editing and building of Canvas content; and planning of student-engagement and cohort-building activities. Two recent graduates served in this role during FY 2020-2021: Emma Hallock (English, ’20) and Savannah Daines (Human Biology, ’21).

27. Student Leadership

Honors Student Advisory Board (HSAB)—Honors contributed to the professional development of eight students (Table H-6) by inviting them to represent their colleges on the HSAB. These representatives enjoyed leadership activities such as recruiting for Honors; participating alongside faculty in the Honors admissions process for incoming students; developing programming, events, and community-engagement activities for Honors students; and consulting with the Executive Director on the Honors curriculum, including review of new Honors course proposals.

In a departure from previous years, the program assigned four distinct roles (Honors Ambassador, Peer Educator, Community Builder, and Publicist) to each of four pairs of HSAB members, asking them to innovate, plan, and implement/lead activities related to that role over the course of the year.

The Honors Ambassador role focused on sharing the value of Honors with students who have not yet applied to the program. The Honors Peer Educator role consisted of sharing the value and requirements of Honors with students who are already part of the program. The Honors Community Builder role was designed to facilitate creation of social bonds and a sense of community among students who are already part of the

E. PROGRAMMING

program. The Honors Publicist role focused on developing, reviewing, and distributing social media content with an intentional and logical communications plan. These four roles align with the curricular areas of focus introduced to first- and second-year students in our Honors Leadership Academy.

Service on HSAB is integrated into the Honors curriculum as Honors-in-Practice work, allowing board members to earn three Honors points upon documentation in the Canvas course-management system of mandatory engagement in Honors social and recruiting activities, completion of their assigned HSAB role, and submission of a comprehensive reflection about how their HSAB experience met Honors learning outcomes. Invited students may earn an additional 1.5 points by repeating the HSAB experience for a second year, an opportunity that ensures continuity and preservation of institutional knowledge and memory on the HSAB. One student member returned to the board to serve a second year in this reporting period. Similarly, one first-year board member in FY 2020-2021 agreed to serve a second term in FY 2021-2022.

*Last Lecture Committee*—Honors invited seven students to serve on the selection committee for the 2021 Honors Outstanding Professor (Table H-7), a process that became necessary when Dr. David Brown of the Department of Mathematics, who was initially chosen for this honor, had to defer his presentation to 2022. The student-run committee was responsible for soliciting nominations of outstanding faculty from their Honors peers, reviewing those nominations, choosing finalists to interview, conducting those interviews, and selecting the 2021 Honors Outstanding Professor. This year’s award went to Dr. Timothy Chenette from the Department of Music in the Caine College of the Arts, who will record and deliver virtually with live Q&A the 46th Annual Honors Last Lecture on November 3, 2021.

*Honors Leadership Academy (HLA)*—Now in its second year, the HLA is a program designed for first- and second-year students who aspire to be future leaders—in Honors and beyond. Pursuing a year-long curriculum, participants are trained in four key areas:

- Honors Ambassador—learning and sharing Honors benefits with others
- Honors Peer Educator—learning and showing peers how to navigate Honors requirements
- Honors Community Builder—joining and creating Honors community
- Honors Publicist—following and promoting Honors in social and other media

All 32 students who applied for this program in Fall 2020 were admitted into the academy. Of this group, 16 completed all program requirements (Table H-8); collectively, they form a talented and engaged pool from which Honors (and the institution more broadly) can draw future student leaders for service as ambassadors, peer mentors, and advisory board members.
28. Thank-a-thon

As in previous years, Honors used the occasion of the end of the semester to encourage students to write thank-you notes to faculty, staff, alumni, and donors who made a difference in their lives. The importance and power of expressing gratitude is a recurring theme in the Honors Program’s preparation of students for the next stage of their educational and career paths. Due to the COVID-19 pandemic, both the fall and spring events were held virtually, and students were encouraged to express their gratitude by email.
In FY 2020-2021, Honors distributed almost 35% of its spendable (non-salary) budget to student participants in the form of scholarships and awards, research funding, and miscellaneous academic and professionalization funding. The program disbursed an additional 50% of its spendable budget to faculty and their academic departments to support the development and teaching of selected Honors courses. This funding included:

$12,250 in scholarship and award funds to 16 Honors students, with an additional $13,500 committed for FY 2021-2022 to 14 more Honors students.

22 undergraduate research awards totaling over $3,000 to 21 Honors students.

$4,250 in miscellaneous academic and professionalization funding to support mentoring, Honors Book Lab, and engagement or enrichment experiences.

~$32,500 in student wages, allowing Honors students to gain professional experience as teaching fellows, peer mentors, peer advisors, and office assistants.

$54,300 in direct funding to academic departments and Honors-engaged faculty to support teaching and development of nine Honors courses.
F. FUNDING

1. Student Funding

_Scholarships and Awards_—Through a competitive application and review process, Honors awarded $13,500 in scholarships to 14 students for FY 2021-2022 (Table F-1). The program distributed $11,250 of the $11,500 in scholarship funds awarded in the previous fiscal year to 16 recipients in FY 2020-2021. The Honors “Dare to Know” Book Award, available to students at all levels of the program, was awarded to twelve students, increasing the number of recipients for this award for the second year in a row.

In addition, two Spring 2021 Honors graduates, Kirsten Barker (Music Performance) and Christian Lange (Physics), earned a Joyce Kinkead Outstanding Honors Capstone Award, which carries a $500 cash prize.

_Research and Creative Work Funding_—Despite the ongoing limitations of the COVID-19 pandemic, Honors students continued to conduct research or creative work and to attend academic and professional conferences. We were pleased to grant 22 undergraduate research and creative awards totaling almost $3,500 to 21 students engaged in the pursuit and/or presentation of research or creative work; of these awards, $3,000 (85%) was disbursed (Table H-9). Although this amount represents more than a two-thirds decrease from the previous fiscal year, the change was due primarily to the significantly lower cost to students of attending conferences that were almost all held virtually. Notably, both the number of awards made and the number of students awarded actually increased this year, in comparison to FY 2019-2020. These awards also included one funding match for the Undergraduate Research and Creative Opportunities (URCO) Grant Program, issued as part of the Honors Program’s ongoing partnership with USU’s Office of Research (Table H-10).

_Study Abroad Funding_—Due to institutional, national, and international travel restrictions during the COVID-19 pandemic, Honors received no applications and made no awards in this category in FY 2020-2021.

_Honors Book Lab Funding_—To support student participation in Honors Book Labs (Table E-6), Honors purchased books for 195 students as well as some faculty members for a total of $3,640.44. This amount represents a 40% increase over the previous year’s funding, owing to the intentional expansion of this popular program to build community during the pandemic.

_Miscellaneous Support_—In addition to the other listed categories, Honors also supported a student community-building activity in Spring 2021 (Honors Spring Scavenger Hunt) with an additional $609.98.

**Student Wage Support**—Honors contributed to the professional development of 21 Honors students by offering them employment in our program. In total, Honors allocated almost $30,000 to support two Honors Peer Advisor positions, two Honors Office Assistant positions, an Honors Postgraduate Fellow position, and eight UTF positions for all Honors courses offered in Fall 2020 and Spring 2021 (Table H-11). Although we were unable to fill one of the UTF positions, we greatly increased funding to peer advisors and the Honors Postgraduate Fellow to provide additional student and programmatic support during the COVID-19 pandemic. As a result, we exceeded our initial allocation by almost 10%, disbursing a total of $32,377.02 in FY 2020-2021. That number includes support from the Provost’s Office for UTFs and Peer Advisors in the amount of $15,820, bringing our program’s contribution to $16,557.02.

Honors did not offer peer tutoring in FY 2020-2021 due to the remote nature of our program’s operations. Instead, Honors students were referred to institutional resources available through the Writing and Math and Statistics Tutoring Centers, which were able to move their activities online to deliver tutoring support to students.

2. **Funding to Faculty and Departments**

The program supported the teaching of eight Honors courses (four each in Fall 2020 and Spring 2021) with $45,000 (Table E-4). In addition, seven Honors faculty received course-development funding of $500-$1,000 per course in Summer and Fall 2020 (for a total of $6,000) for the creation of new Fall 2020 and Spring 2021 Honors Introductory Experiences and Honors Think Tanks. Honors also supported the teaching of an Honors section of PE 1063: Strength and Conditioning in Fall 2020—a new offering (initially planned for the previous fiscal year but postponed at the time), which was a positive experience for both students and instructor.

Dr. Christopher Scheer (Music) and Dr. Tsung-Chen Shen (Physics) each received a Joyce Kinkead Outstanding Honors Capstone Mentor Award, which carries a $500 cash prize, for their work with the graduates winning outstanding capstone awards this year. In addition, Raymond Veon of the Department of Art and Design won the 2021 Friend of Honors Award, which also comes with a $500 cash prize, for his work on behalf of the program.
In FY 2020-2021, Honors students generated a large number of relevant outputs and outcomes fully or partially attributable to their participation in the USU Honors Program:

- **40 capstones** deposited in electronic format by USU Libraries in Digital Commons
- **94 presentations**, involving **95 Honors student authors**, at local, state, regional, national or international conferences
- **70 optional transcript designation awards**, including University Honors, Undergraduate Research, and Global Engagement Scholar
- **32 awards and honors** at the national, university, college, or departmental levels

OUTCOMES

6. Graduation

During FY 2020-2021, 40 students successfully completed all requirements for graduation with University Honors. This number represents 6% of this year’s Honors student population and 25% of the 2017 (t-4) first-year Honors cohort. Figure G-1 illustrates the Honors Program’s completion rate based on four-year cohorts between 2005 and 2021. Formerly run with different graduation requirements for each department, Honors was renamed in 2014 as the University Honors Program, a university-wide program with shared requirements across disciplines.

![Figure G-1](image-url)  
**Figure G-1.** Honors Program completion rate (graduation with Honors) at time t as a percentage of incoming first-year students at time t-4.
7. Academic Action and Discontinuation

*Academic Action*—In an effort to support students and to help them grow as they take academic risks, the Honors advising staff proactively communicates with students about their status in the program through supportive messaging with non-threatening language tuned to each student’s stage in their undergraduate career. Internally only, these actions are collectively referred to and noted in the student’s advising file as “academic action.” Because students are required to meet a 3.5 cumulative USU GPA threshold (which may be petitioned) to graduate with Honors, these messages both treat single-term grades realistically and frame those grades within the larger picture of progress toward Honors graduation.

In FY 2020-2021, Honors sent “academic action” messages to 77 students whose GPAs had fallen below 3.0 for the current semester, as well as 64 students whose cumulative USU GPA was below a threshold determined by their year in the program: 3.34 for second-year students (22 academic action emails), 3.44 for third-year students (24 academic action emails), and 3.50 for fourth-year students/students in their final year (10 academic action emails).

*Discontinuation*—The Honors Program’s decision in 2019 to end the practice of involuntarily removing students for failure to meet GPA requirements, schedule regular advising appointments, and/or earn Honors points meant that more students took ownership of this process. In FY 2020-2021, 122 students voluntarily withdrew from the program for a variety of reasons (Figure G-2), with all but one of them remaining at USU.

![Figure G-2](image)

*Figure G-2.* Student withdrawals from the USU Honors Program in FY 2020-2021 by stated reason.
8. Transcript Designations

*University Honors*—Every student who successfully completes the University Honors Program requirements earns a University Honors transcript designation. In FY 2020-2021, the following 40 Honors students graduated with University Honors, a number similar to that of FY 2019-2020:

Barker, Kirsten  Beck, Richard  Benson, Sierra  
Brunson, Kallen  Butikofer, Abby  Carson Heaps, Corinne  
Daines, Savannah  Dooley, Kip  Dusenberry, Baylee  
Edwards, Taylor  Flores, Sierra  Forest, Jordan  
Frischkorn, Cara  Goodwin, Braysen  Ha, Jennifer  
Hand, Haley  Herron, Michael  Horrocks Barton, Abbey  
Jones, Gerald  Jones, Jace  Kartchner, Holland  
Kennedy, Jeffrey  Kjar, Andrew  Lange, Christian  
Lewis, Selendra  Morgan, Jackson  Nathel Jones, Emma  
Nelson, Aleksander  Oliver, Alicia  Patchett, Gianna  
Pointer, Stephanie  Randall, Kinzie  Scott, Lexie  
Smith, Abigail  Sorensen, Natalia  Sotillare, Ben  
Tebbs, Alexandra  Van Leeuwen, Fiona  Van Wagoner, Katherine  
Warner, Jayme

*Undergraduate Research*—All students seeking the Undergraduate Research transcript designation must complete a minimum of two semesters of undergraduate research, scholarship, or creative activity supervised by a faculty mentor, present their work through a recognized venue, and submit to the Office of Research an application for this transcript designation. In FY 2020-2021, the following 26 Honors students earned an Undergraduate Research designation, a 115% increase over FY 2019-2020 that is attributable primarily to a concerted effort by Honors advising staff to inform students and motivate them to seek the designation:

Barker, Kirsten  Brunson, Kallen  Daines, Savannah  
Dooley, Kip  Dusenberry, Baylee  Edwards, Taylor  
Flores, Sierra  Forest, Jordan  Frischkorn, Cara  
Ha, Jennifer  Hand, Haley  Herron, Michael  
Horrocks Barton, Abbey  Jones, Gerald  Kjar, Andrew
Global Engagement Scholar—The University Honors Program offers its students the opportunity to ground their Honors work in topics of global concern. Focusing on both academic understanding and practical application, Global Engagement Scholars are students who have learned to think deeply and engage thoughtfully with the international issues that shape their disciplines. The Global Engagement Scholar transcript designation communicates to future employers and/or graduate programs the student’s commitment to international communication and understanding. Honors students seeking this transcript designation must demonstrate foreign language competence, accumulate nine credits/points of study abroad or other Honors-in-Practice work in an area of global concern, make a returning traveler presentation to the Honors community, and complete an Honors capstone project that demonstrates substantial engagement with global issues in the student’s discipline.

In FY 2020-2021, four Honors students earned a Global Engagement Scholar designation, a 300% increase over FY 2019-2020:

- Butikofer, Abby
- Clarkson Heaps, Corinne
- Ha, Jennifer
- Kartchner, Holland

1. **General Education Subcommittee**
   - No meeting (nothing to report)

2. **Academic Standards Subcommittee**
   - A discussion of the wording of the Email Communication Policy in the General Catalog was had. This included new language surrounding the preferred student email address. The Academic Standards Committee proposed new language for the catalog and the EPC modified to the language to help provide clarity. The language will be sent back to the Academic Standards Subcommittee. It now reads:
     
     "USU provides an official A#@usu.edu email account to all students for use during their academic career. The university uses this address to send important communications to students.

     "It is the responsibility of all students to check their email accounts on a regular basis. Students will be held accountable as being officially notified when any correspondence is sent by university representatives to their official email account."

   - A discussion occurred regarding the graduate post-humous degree. A revision of this new language was needed for graduate degrees. It now reads:

     "When a current USU student dies, the Office of the Provost will initiate a review of the academic work that has been completed. If it is determined, in consultation with the academic advisor, department head and dean, that the student could have reasonably completed all remaining requirements for a bachelor’s or a doctoral degree (a four-or more year degree) with an additional two semesters of enrollment, the degree will be granted. There were no representatives from the following: College of Ag. and Extension; College of Science; College of Natural Resources.

2020-2021 Activities
The Library Advisory Committee met 2 times during the 2020-2021 academic year (10/29/2020 and 3/22/2021). Below is a summary of the discussions.

Library’s Continuing Response to COVID-19
Following on from the previous academic year the library continued to implement various policies and procedures to allow maximum use/access within the (often shifting) guidelines for safety. The hope was to operate at normal hours and accessibility for the Fall 2021 semester.

Library Budget and Acquisitions
The library took the 2.3% budget cut (instituted across campus) which came to an amount a little over $253,000 but were able to use one-time acquisition money to cover the cut. Some publishers giving a break on inflation costs for the coming year(s). Taylor & Francis agree to 0% inflation for 2021 and 2% per year the next several years. Elsevier also proposed a 0% for the year with lower levels over the next 3 years.

Library Positions
The Library had 7 people take advantage of the VSIP one of whom was the Data Management Librarian, Betty Rozum. Rozum’s replacement, L. Wynholds began working for the Library in January. Three other successful searches resulted in Nicki Fuller joining the library as the new Online Learning Librarian; Terri Jordan joining as the new Folklore Curator; and Jason Folkman
as the new Electronic Resources Librarian. Learning and Engagement Services gained a first-year experience librarian in January 2020, Katie Strand. Over the last year a significant part of her role coordinating Library instruction for first-year programs such as English Composition and Connections. As part of the COVID-19 response she worked to transition these programs to online.

**Initiatives and Ongoing Issues**

1. Provision of book-drop facility with disability access. A book-drop was established on the north side of the library, but access was quickly impeded by the placement of a recycling bin. The importance of an easily and freely accessible drop-off point for those with limited mobility was emphasized and a letter was drafted to appropriate stakeholders (Facilities, Parking etc.) to raise concern and address the possibility of resituating the drop-box.

2. COVID-19 related issues notwithstanding, the library was able to keep student employees working throughout last academic year a transcription project during last year and began working hard on EDI and developing a Land Acknowledgement. Over the academic year, Digital Initiatives created 6 new digital exhibits, created 21 new digital history collections, increased faculty collaborations for the Institutional Repository, and supported 154 courses with Open Education Resources including 13 grants to adapt, adopt and create OER.

3. Special Collections and Archives worked to provide as much access as possible to collections within COVID protocols including instruction to 48 class sessions, creating online learning objects, and adapting general reference & research support to Slack, Zoom and email.

4. Patron Services were able to keep the building open while maintaining social distancing and mask wearing. The library had reduced hours for both fall and spring semesters but expanded hours post-Spring Break 2021.

5. Librarians worked very closely campus wide with AIS to move courses online and moved all library instruction online, moved reference assistance virtual, increased online chat, moved the assignment design workshop to virtual format, and worked toward incorporating DEI into teaching practices.

6. Dean Brad Cole retired from USU in the summer of 2021. The current Interim Dean of the Library is Jennifer Duncan.

The term “school” has been used in two different ways at the university. In all cases but one, a “school” is the equivalent of a “department.” In one case, the Jon M. Whenever the term “college” is used in this policy, it will encompass all academic colleges and the Jon M. Huntsman School of Business.

An academic unit is a group of faculty with an identifiable teaching, research, or other academic mission. To be designated an academic unit, the group of faculty must fulfill all of the following criteria: (a) have an identifiable curriculum or formal description in current university catalogs or other publications; (b) have a separate, identifiable budget; (c) be designated an academic unit by decision of the Educational Policies Committee and ratification of the Faculty Senate, and approved by the president, the Board of Trustees and the Board of Regents.

401.8 AUTHORITY OF THE FACULTY

8.1 Policy Statement

(1) 8.1.1 American Association of University Professors Joint Statement.

Although this policy statement may contain some provisions that are the same or similar to certain principles promulgated by the American Association of University Professors (AAUP), this policy statement is not intended to incorporate AAUP principles and interpretations, and any such incorporation by reference is expressly disclaimed.

(2) 8.1.2 Faculty Responsibility for Educational Process.

The faculty has primary responsibility for such fundamental areas as curriculum, subject matter, and methods of instruction, and those aspects of student life which relate to the educational process. In those exceptional circumstances when the power of review or final decision of the president is exercised adversely on these matters, it shall be communicated to the faculty. Following such communication, the faculty shall have the opportunity for further consideration and further transmittal of its view to the president.

The faculty sets the requirements for the degrees offered, determines when the requirements have been met, and recommends to the president that the degrees be granted.

(3) 8.1.3 Faculty Status and Related Matters.

Faculty status and related matters, such as appointments, reappointments, non-renewals of appointments, terminations, dismissals, reductions in status, promotions, and the granting of tenure are primarily a faculty responsibility. The primary responsibility of the faculty for such matters is based upon the fact that its judgment is central to general educational policy. Furthermore, scholars in a particular field or activity have the chief competence for judging the work of their colleagues; in such competence it is implicit that responsibility exists for both
adverse and favorable judgments. Determination in these matters should be first by faculty action through established university procedures, reviewed and approved by the president, followed where necessary, by the approval of the Board of Trustees and/or the Board of Regents.

8.1.4 Collegial Governance of the University.

There is shared responsibility in the governance of the university with a meaningful role for the faculty. This role includes participation in decisions relating to the general academic operations of the university, such as budget matters and the appointment of administrators. The faculty should actively advise in the determination of policies and procedures governing salary increases.

Organizations and methods for faculty participation in the collegial governance of the university should be established wherever faculty responsibility is present. The organizations and methods may consist of meetings of the faculty members of a department, college, library, extension, other academic unit, or the university as a whole; or they may take the form of faculty-elected committees in academic units and a faculty designed, approved, and established committee through the joint effort of the faculty and the administration.

8.1.5 Faculty and Administration Communications.

Suggested means of communication among the faculty university administrators, and the Board of Trustees are:

(a) circulation of memoranda and reports,
(b) joint ad hoc committees of the groups,
(c) standing liaison committees of the groups, and
(d) membership of faculty members on administrative councils, committees, and other bodies.

8.2 Legislative Authority of the Faculty

Subject to the authority of the Board of Regents, the Board of Trustees, and the president, the faculty shall legislate on all matters of educational policy, enact such rules and regulations as it deems desirable to promote or enforce such policies, and decide upon curricula and new courses of study. The legislative power will normally be exercised by the Faculty Senate. In all matters except those within the authority of the Faculty Senate, the faculty retains original jurisdiction.

8.3 Appellate Authority of the Faculty: Right to Review and to Modify Faculty Senate Actions

Faculty members who are eligible to vote in Faculty Senate elections shall have the appellate power to review Faculty Senate actions by means of a special meeting. Upon the written petition of 10% of these faculty members, or upon the written request of 25 senators, the faculty must meet to reconsider Faculty Senate actions and to ratify, modify, or
repeal them. The petition or request must be submitted to the university president as chair of the faculty.

401.9 MEETINGS OF THE FACULTY

9.1 Calling Meetings

Meetings of the faculty may be convened upon the call of the university president. Upon receipt by the president of a written request or a written petition as provided in Policy 401.8.3, Appellate Authority of the Faculty: Right to Review and Modify Faculty Senate Actions, the president must call a meeting of the faculty within ten working days to discuss and/or act on issues raised in the request or petition.

9.2 Notice

Faculty must receive individual notice of the meeting and its agenda a minimum of five days before the meeting, unless a majority of them waives that notice prior to or at the meeting or unless the university president waives the notice on the grounds of emergency.

9.3 Quorum

Any number over ten percent of the faculty eligible to vote in Faculty Senate elections shall constitute a forum for discussion at faculty meetings, but no vote shall be binding unless a quorum is present. Fifty percent plus one member of the voting faculty shall constitute a quorum. A quorum being present, all actions shall be by majority vote of those in attendance with voting power. Meeting procedures shall be governed by the most recent edition of Robert's Rules of Order.

401.10 CHAIR OF THE FACULTY; SECRETARY OF THE FACULTY

The president of the university (and in the president's absence, the executive vice president and provost) is the chair of the faculty and presides over all meetings of the faculty. The president of the university shall appoint a secretary for the faculty who will also be ex officio Executive Secretary of the Faculty Senate. The secretary shall record all actions of the faculty when it meets, and shall preserve the records in a form convenient for reference.

401.11 COMMITTEES OF THE FACULTY

The faculty may appoint, at any time, such committees as the work of the university may require. These committees must report to the faculty and to the Faculty Senate the progress of their work and the action they have taken.

401.1 PURPOSE AND SCOPE

This policy explains the composition and authority of the University's faculty, including a description of all ranks, governing principles, and calling of faculty meetings.

401.2 POLICY

2.1 Faculty Membership

Utah State University is an institution of higher education comprising multiple, geographically dispersed campuses, each of which employs faculty. The faculty consists of the president, the provost, academic deans, and other members of the tenured and tenure-eligible faculty, faculty with term appointments, faculty with special appointments, and emeritus faculty as defined herein. All appointed faculty, without regard to which campus they are assigned, are members of the Utah State University faculty.

2.2 Definitions

2.2.1 Faculty Defined; Faculty Categories

The terms "faculty" and "faculty members" designate university employees as described under Policy 401 appointed for the purpose of carrying out one or more of the following primary functions of the university: (1) academic instruction and technical training, (2) enlargement of knowledge through research and other creative activities, and (3) dissemination of knowledge through extension, service, and other methods.
Faculty members receive appointments in one of the following four separate categories: (1) tenured or tenure-eligible appointments; (2) term appointments without eligibility for tenure; (3) special appointments without eligibility for tenure and; (4) emeritus appointments.

2.2.2 Academic Units and Academic Departments Defined

The term “school” has been used in two different ways at the university. In all cases but one, a “school” is the equivalent of a “department.” In one case, the Jon M. Huntsman School of Business, the term is used as the equivalent of a “college.” Throughout the remainder of Section 400, whenever the term “department” appears, it is assumed to encompass all “schools” except the Jon M. Huntsman School of Business. The latter is governed by policies that apply to colleges, not departments. Whenever the term “college” is used in this policy, it will encompass all academic colleges and the Jon M. Huntsman School of Business.

An academic unit is a group of faculty with an identifiable teaching, research, or other academic mission. To be designated an academic unit, the group of faculty must fulfill all of the following criteria: (a) have an identifiable curriculum or formal description in current university catalogs or other publications; (b) have a separate, identifiable budget; (c) be designated an academic unit by decision of the Educational Policies Committee and ratification of the Faculty Senate, and approved by the president, the Board of Trustees and the Board of Regents.

An academic department is a group of faculty with an identifiable teaching, research, or other academic mission. To be designated an academic department, the group of faculty must fulfill all of the following criteria: (a) offer or administer a degree, certificate, or some other official credential of the university; (b) have an identifiable curriculum and formal description in current university catalogs or other publications; (c) have a separate identifiable budget; (d) be designated an academic department by decision of the Educational Policies Committee and ratification of the Faculty Senate, and approved by the president, the Board of Trustees and the Board of Regents.

All academic departments are academic units. Two academic units are not academic departments. These are the Library and Extension.

2.3 The Tenured and Tenure-Eligible Faculty.

2.3.1 Description and Eligibility. The tenured and tenure-eligible faculty consists of those individuals appointed to carry out the university's scholarly and educational functions and who have been or may be granted permanent status (Policy 405.1.2, Permanence of Appointment Conferred by Tenure). They receive their appointments within academic units. All faculty in this category either hold tenure or enter the process that may lead to the granting of tenure. Tenured and tenure-eligible faculty appointments will not be made for less than 0.5 FTE.

2.3.2 Academic Ranks: Core Faculty. Tenured and tenure-eligible faculty members appointed to an academic department are the "core" faculty and hold one of the following ranks: Instructor, Assistant Professor, Associate Professor, or Professor. See Policy 405.2, Tenure and Promotion: Criteria for Core Faculty Ranks, and Policy 404.3, Appointment Procedures, Tenured or Tenure-Eligible Faculty and
Faculty with Term Appointments, for a detailed discussion of the criteria for appointment or promotion for these ranks.

2.3.3 Academic Ranks: Librarians. Faculty members appointed to the academic unit of the library hold one of the following ranks: affiliate librarian, assistant librarian, associate librarian, or librarian. See Policy 405.3, Tenure and Promotion: Criteria for Librarians and Policy 404.3, Appointment Procedures, Tenured or Tenure-Eligible Faculty and Faculty with Term Appointments, for detailed discussion of the criteria for appointment or promotion for these ranks.

2.3.4 Academic Ranks: Extension. Faculty members appointed to the academic unit of Extension and who fulfill general Extension responsibilities hold one of the following ranks: Extension Instructor, Extension Assistant Professor, Extension Associate Professor, or Extension Professor. See Policy 405.4, Tenure and Promotion: Criteria for Faculty with Extension Ranks, and Policy 404.3, Appointment Procedures, Tenured or Tenure-Eligible Faculty and Faculty with Term Appointments, for a detailed discussion of the criteria for appointment or promotion for these ranks.

2.3.5 Academic Ranks: Professional Career and Technical Education. Faculty members appointed to the School of Applied Sciences, Technology, and Education with responsibilities for professional career and technical education will hold one of the following ranks: Professional Career and Technical Education Instructor, Professional Career and Technical Education Assistant Professor, Professional Career and Technical Education Associate Professor, or Professional Career and Technical Education Professor. See Policy 405.5, Tenure and Promotion: Criteria for Professional Career and Technical Education Faculty Ranks, and Policy 404.3, Appointment Procedures, Tenured or Tenure-Eligible Faculty and Faculty with Term Appointments, for a detailed discussion of the criteria for appointment or promotion to these ranks.

2.3.6 Exceptions. Under extraordinary circumstances, exceptions to Policy 401.2.3, The Tenured and Tenure-Eligible Faculty, may be made to the qualifications for appointment in the various ranks in order to fulfill the mission of the university. Exceptions require petition to and approval by the president and must specify a time period for meeting the qualifications.

For those faculty whose salaries depend on extramural funds, the appointment is dependent upon the availability of those funds. Term appointments are established only in an academic unit.
Appointments for less than one academic or calendar year's duration are made to the temporary, not term appointment, ranks (Policy 401.2.5.2.3, Temporary Ranks).

At the time of retirement and upon recommendation of the president and the approval of the Board of Trustees, faculty members may be awarded the honorary rank of Emeritus preceding their final academic rank.

2.7 List of Faculty

Each year the university will publish a list of all faculty in an electronic format that is readily accessible, which states the faculty category and the academic unit to which they are appointed or, in the case of emeritus faculty, to which they were appointed.

2.8 Authority of the Faculty

2.8.1 Policy Statement.

2.8.1.1 American Association of University Professors Joint Statement. Although this policy statement may contain some provisions that are the same or similar to certain principles promulgated by the American Association of University Professors (AAUP), this policy statement is not intended to incorporate AAUP principles and interpretations, and any such incorporation by reference is expressly disclaimed.

2.8.1.2 Faculty Responsibility for Educational Process. The faculty has primary responsibility for such fundamental areas as curriculum, subject matter, methods of instruction, and those aspects of student life which relate to the educational process. In those exceptional circumstances when the power of review or final decision of the president is exercised adversely on these matters, it will be communicated to the faculty.

Following such communication, the faculty will have the opportunity for further consideration and further transmittal of its view to the president.

The faculty sets the requirements for the degrees offered, determines when the requirements have been met, and recommends to the president that the degrees be granted.

2.8.1.3 Faculty Status and Related Matters. Faculty status and related matters, such as appointments, reappointments, non-renewals of appointments, terminations, dismissals, reductions in status, promotions, and the granting of tenure are primarily a faculty responsibility. The primary responsibility of the faculty for such matters is based upon the fact that its judgment is central to general educational policy. Furthermore, scholars in a particular field or activity have the chief competence for judging the work of their colleagues; in such competence it is implicit that responsibility exists for both adverse and favorable judgments. Determination in these matters should be first by faculty action through established university
procedures, reviewed and approved by the president, followed where necessary, by the approval of the Board of Trustees and/or the Board of Regents.

2.8.1.4 Collegial Governance of the University. There is shared responsibility in the governance of the university with a meaningful role for the faculty. This role includes participation in decisions relating to the general academic operations of the university, such as budget matters and the appointment of administrators. The faculty should actively advise in the determination of policies and procedures governing salary increases.

Organizations and methods for faculty participation in the collegial governance of the university should be established wherever faculty responsibility is present. The organizations and methods may consist of meetings of the faculty members of a department, college, library, extension, other academic unit, or the university as a whole; or they may take the form of faculty-elected committees in academic units and a faculty designed, approved, and established committee through the joint effort of the faculty and the administration.

2.8.1.5 Faculty and Administration Communications. Suggested means of communication among the faculty university administrators, and the Board of Trustees are: (a) circulation of memoranda and reports; (b) joint ad hoc committees of the groups; (c) standing liaison committees of the groups; and (d) membership of faculty members on administrative councils, committees, and other bodies.

2.8.2 Legislative Authority of the Faculty. Subject to the authority of the Board of Regents, the Board of Trustees, and the president, the faculty will legislate on all matters of educational policy, enact such rules and regulations as it deems desirable to promote or enforce such policies, and decide upon curricula and new courses of study. The legislative power will normally be exercised by the Faculty Senate. In all matters except those within the authority of the Faculty Senate, the faculty retains original jurisdiction.

2.8.3 Appellate Authority of the Faculty: Right to Review and to Modify Faculty Senate Actions. Faculty members who are eligible to vote in Faculty Senate elections will have the appellate power to review Faculty Senate actions by means of a special meeting. Upon the written petition of 10% of these faculty members, or upon the written request of 25 senators, the faculty must meet to reconsider Faculty Senate actions and to ratify, modify, or repeal them. The petition or request must be submitted to the university president as chair of the faculty.

2.9 Meetings of the Faculty

2.9.1 Calling Meetings. Meetings of the faculty may be convened upon the call of the university president. Upon receipt by the president of a written request or a written petition as provided in Policy 401.2.8.3, Appellate Authority of the Faculty: Right to Review and Modify Faculty Senate Actions, the president must call a meeting of the faculty within ten working days to discuss and/or act on issues raised in the request or petition.
2.9.2 Notice. Faculty must receive individual notice of the meeting and its agenda a minimum of five days before the meeting, unless a majority of them waives that notice prior to or at the meeting or unless the university president waives the notice on the grounds of emergency.

2.9.3 Quorum. Any number over ten percent of the faculty eligible to vote in Faculty Senate elections will constitute a forum for discussion at faculty meetings, but no vote will be binding unless a quorum is present. Fifty percent plus one member of the voting faculty will constitute a quorum. A quorum being present, all actions will be by majority vote of those in attendance with voting power. Meeting procedures will be governed by the most recent edition of Robert’s Rules of Order.

2.10 Chair of the Faculty; Secretary of the Faculty

The president of the university (and in the president’s absence, the executive vice president and provost) is the chair of the faculty and presides over all meetings of the faculty. The president of the university will appoint a secretary for the faculty who will also be ex officio Executive Secretary of the Faculty Senate. The secretary will record all actions of the faculty when it meets and will preserve the records in a form convenient for reference.

2.11 Committees of the Faculty

The faculty may appoint, at any time, such committees as the work of the university may require. These committees must report to the faculty and to the Faculty Senate the progress of their work and the action they have taken.

Senate shall be reported to the faculty as provided in policy 402.4.2(3), Distribution of Agenda
and Minutes.

402.2 AUTHORITY OF THE SENATE

The authority of the faculty is delegated to the Senate. The Senate legislates and sets policy for
matters within the collective authority of the faculty. See policy 401.87, Authority of the
Faculty. The Senate shall have the power to act for and represent the faculty in all matters of
educational policy, including requirements for admission, degrees, diplomas, and certificates;
and in curricular matters involving relations between colleges, schools, divisions, or
departments.

The Senate shall also have the following powers: (1) to receive and consider reports from any
faculty committee, and from any council, department, division, administrative officer, library, or
college, and to take appropriate action; (1) to receive and consider reports from any council,
department, division, administrative officer, library, college, or faculty committee and to take
appropriate action; (2) to consider matters of professional interest and faculty welfare and to
make recommendations to the president of the university and other administrative officers; and
(3) to propose to the president amendments or additions to these policies.
2.1 Senate Power of Internal Governance; Referral of Matters to the President
The Senate shall have the power to make rules governing its own procedures and to establish its own order of business. All other matters considered and approved by the Senate shall be forwarded by the Executive Secretary to the president of the university and, in appropriate cases, to the Board of Trustees.

2.2 The President, University Administrators, and Board of Trustees
The Senate is an advisory body to the president of the university. While the Senate votes on policy and procedural issues, including but not limited to policy and procedural issues in these policies, these actions and recommendations cannot be implemented without the approval of the president of the university. The Board of Trustees advises the president of the university and approves or disapproves any policy or procedural change. Approval or disapproval of Senate actions, whether by the president of the university or by the Board of Trustees, shall be reported back to the President of the Senate by the president of the university, or a designee, in a timely manner following the Senate action. When Senate actions receive final approval, it is the responsibility of university administrators and administrative bodies to implement the action.

2.3 Senator's Handbook
Each senator shall receive a current Senator's Handbook which explains briefly the role and operation of the Senate. The Handbook will include: (1) provisions of this policy pertinent to Senate proceedings, rules, and membership; (2) a simplified statement of the Rules of Order; and (3) rules for calling meetings. The Senate Executive Secretary must ensure that each newly elected Senator receives a Handbook no later than the September meeting of the Senate.

402.3 MEMBERSHIP; ALTERNATES; TERM; VACANCIES

3.1 Membership
The Senate shall be composed of the following members: (1) sixty faculty members assigned in proportion to the number of tenured, tenure eligible, and term appointed faculty in the academic colleges, the Regional Statewide Campuses, USU Eastern, Extension, and the Library. Each unit is to be represented by a minimum of two elected senators. These sixty will be elected by and from faculty members eligible to vote in Senate elections (see policy 401.4.2(e) Policies 401.4.3.4, Limits on Faculty Participation (Term Appointments) and 401.5.3.2, Limits on Faculty Participation (Special Appointments)); (2) the president and the executive vice president and provost of the university or their designees; (3) eight appointees of the president of the university who shall be a vice president, an academic college dean, or a regional vice president for statewide campuses, dean, or a chancellor, six of whom must hold faculty appointments and must be designated annually preceding elections to the Senate; (4) the chairs of the Academic Freedom and Tenure Committee, the Budget and Faculty Welfare Committee, the Professional Responsibilities and Procedures Committee, the Faculty Diversity, Development and Equity Committee, and the Faculty Evaluation Committee if they are not one of the faculty members...
elected to the Senate; and (5) three students, who shall include the Utah State University Student Association (USUSA) President or a designee, the USUSA Academic Senate President or a designee, and the elected graduate student representative or a designee. With the exception of faculty holding special or emeritus appointments, any member of the faculty who is not designated as a presidential appointee is eligible for election to the Senate.

The Committee on Committees (CoC) oversees the annual apportionment of senate seats, assigns senators to committees as required, and provides information to appropriate administrators regarding elections for senators, alternates, and committee members. (Policy 402.12.2, Committee on Committees (CoC))

3.2 Alternates for Elected Members

Senate members are expected to attend its meetings regularly. In cases of unavoidable absence, including sabbatical leave, professional development leave, assigned teaching, and unpaid leaves of absence, senators will arrange for an elected alternate senator to attend in their place (see Policy 402.10.2, Election of Faculty Members to the Senate). The alternate shall have full voting rights.

Senators must notify the Executive Secretary of the Senate in writing (email is acceptable) whenever alternates will replace them. If a senator fails twice to make a documented effort to arrange for an alternate during an academic year, then that senator’s position will be considered vacant (see Policy 402.3.4, Vacancies).

3.3 Term

Faculty members elected to the Senate shall serve three-year terms or, as provided in policy 402.3.4, Vacancies, complete the three-year term vacated by a faculty member. Terms shall begin July 1 following elections, and Senators may be re-elected once, after which a faculty member is ineligible to stand for election for one year. The term of office for student members of the Senate shall be one year and shall coincide with the term of USUSA and graduate student officers. The term of office for presidential appointees shall be one year and shall begin July 1. A presidential appointee can be reappointed to consecutive terms, up to a maximum of six years, after which the appointee is ineligible for appointment for one year.

3.4 Vacancies

A senate seat shall be declared vacant if a senator (1) resigns from Faculty Senate, (2) is no longer a member of the faculty of the academic unit from which he or she was elected, or (3) misses two regularly scheduled senate meetings during an academic year without making a documented effort to arrange for an alternate and keeping the Executive Secretary of the Faculty Senate informed in writing (email is acceptable). The Executive Secretary of the Senate reports all vacancies to the Committee on Committees. The Committee on Committees will then contact the affected academic dean, or vice president, or, where applicable, the chancellor or regional campus dean, who will appoint an alternate elected senator to fill the seat within 30 days (see Policy 402.3.2, Alternates for Elected Members). Colleges whose alternates are not
responsive to requests to fill in for senators with planned absences or which do not have sufficient alternates will be required to run a replacement election (see Policy 402.3.1, Membership). The Faculty Senate Presidency will address other vacancies on a case-by-case basis. For vacancies among Presidential appointees, the president shall appoint a new senator within 30 days (see Policy 402.3.1, Membership).

402.4 RECORDS; AGENDA; MINUTES; ORDER OF BUSINESS

4.1 Records

The records of the Senate shall be kept by the Executive Secretary for the use of the members of the faculty, the president of the university, and the Board of Trustees. Records are public unless otherwise specified by action of the Senate in accordance with state law (see Policy 402.8, Senate Executive Secretary).

Under the supervision of the President of the Faculty Senate, the Executive Secretary shall ensure that Senate actions approved by the president of the university, or where necessary by the President and the Board of Trustees (see Policy 402.2.2, The President, University Administrators, and Board of Trustees), are distributed to faculty on all campuses within an appropriate time frame and included in the Senate records.

A copy of the Executive Committee meeting agenda must be sent to each senator executive committee member at least five days before regularly scheduled meetings.

(2) 4.2.2 Faculty petition to place an item on the agenda.

Any 25 faculty members may petition the Senate to obtain consideration of any matter within the Senate's authority. The petition shall be presented in writing to any Senate member, who shall then give notice of the petition to the Senate or to its Executive Committee. The Executive Committee shall place the matter raised in the petition on the agenda of the next regularly scheduled Senate meeting or, at the discretion of the Senate President, on the agenda of a special meeting called in accordance with the provisions of Policy 402.6.2, Special Meetings.

(3) 4.2.3 Distribution of agenda and minutes.

One week prior to each Senate meeting, the Executive Secretary shall make available to all faculty a copy of the agenda of the next meeting and minutes of the prior Senate meeting.

(4) 4.2.4 Publicizing and publication of recommended changes in policies or procedures.
Under the supervision of the President of the Faculty Senate, the Executive Secretary shall ensure that Senate actions recommending a change in this policy or in other university policies or procedures are communicated in a timely manner to all campuses.

402.6 MEETINGS; QUORUM

6.1 Scheduled Meetings

Regularly scheduled meetings of the Senate shall be held on the first Monday of the month at 3:00 PM from September through May unless otherwise specified by the Senate.

6.2 Special Meetings

Special meetings shall be held at the call of the Senate President or upon petition of any 10 senators. The petition must be written, must state the purpose of the special meeting, and must be submitted to the Senate President. Upon receipt of the petition, the Senate President must call a special meeting within 12 working days. Senators shall receive at least five days’ notice of the special meeting and its agenda unless a majority of them waives that notice prior to or at the meeting.

6.3 Quorum and Voting

A majority of the members of the Senate shall constitute a quorum for the conduct of Senate business. All actions or recommendations of the Senate shall be by majority vote of the members and alternates present. Voting shall be by secret ballot upon passage of a motion to that effect.

6.4 Consulting with Constituents

The elected senators shall communicate and/or meet regularly with their constituents to answer questions and discuss Senate business.

402.7 SENATE PRESIDENT, PRESIDENT-ELECT, AND PAST PRESIDENT

7.1 Duties of the Senate President

The Senate President shall preside over and conduct meetings of the Senate and its Executive
Committee and the Faculty Forum and its Executive Committee. The Senate President shall see that Senate actions are accurately recorded and that all actions approved are implemented or forwarded as appropriate.

7.2 Duties of the Senate President-Elect

The immediate past president shall serve as a voting member of the Faculty Senate Executive Committee and Faculty Senate for a period of one year immediately following his/her term as Senate President. The immediate past Senate President shall also serve as a member of the Senate Handbook Committee (see Policy 402.12.10, Senate Handbook Committee (SHC)).

7.4 Eligibility and Term
The Senate President-Elect/President shall be elected annually from and by elected Senate members, as provided in Policy 402.10.3, Elections within the Senate, to serve for a three-year, non-renewable term. During the first year he/she shall serve as the Senate President-Elect, during the second year shall be the Senate President, and during the third year shall serve as Past President, the first year, as Senate President-Elect; the second year, as Senate President; and the third year, as Past President.

Any elected senator who is completing or has completed one year of a faculty Senate term is eligible to serve as President-Elect/President, subject to the following exceptions: Senators who are completing their terms are not eligible, unless they have been re-elected to the Senate for an additional term. The election of the Senate President-Elect/President is understood to be an extension of that individual's term in the Senate for the number of years necessary to fulfill a term as Senate President. If an extended term is necessary for the new Senate President, then the individual so chosen will become a supernumerary member of the Senate and the regular schedule of elections to the Senate from that individual's college will be unaffected.

402.8 SENATE EXECUTIVE SECRETARY
An Executive Secretary of the Senate shall be appointed by the president of the university. See Policy 401.10, Senate Elections. The duties of the Executive Secretary are: (1) under the direction of the Senate President, to prepare agendas for all meetings of the Senate, the Faculty Forum, and the Executive Committees of each; (2) under the direction of the Senate President, to keep minutes of the meetings of the Senate, the Faculty Forum, and the Executive Committees of each; (3) to distribute copies of both agenda and minutes; (4) to forward actions, policies, and reports of the Senate to the president of the university; (5) to gather items and data that the Executive Committee may present at Senate meetings; (6) to prepare and present, at the September and March Senate meetings, an accounting of the implementation or non-

9.1 Membership of the Faculty Forum; Description

Faculty Forum consists of all elected Senate members, and the chairs of the Academic Freedom and Tenure Committee, the Budget and Faculty Welfare Committee, the Professional Responsibilities and Procedures Committee, the Faculty Diversity, Development and Equity Committee, and the Faculty Evaluation Committee. The Faculty Forum meetings are a means of open discussion for elected Senate members and the committee chairs without participation by or from the president of the university, the executive vice president and provost, the presidential appointees, academic deans and department heads, chancellors, regional campus deans, or the student members of the Senate, unless specifically requested by the Executive Committee of the Faculty Forum (see Policy 402.9.3.(2.), Executive Committee of the Faculty Forum). Election results shall be made public.

10.3 Elections within the Senate

Nominations for the office of President-Elect shall occur from the floor during the April penultimate regular Senate meeting of the academic year. Elections shall be by secret ballot completed prior to the May last meeting of the academic year.

402.11 SENATE COMMITTEES: AUTHORITY, ACTION AND PROCEDURES

11.1 Purpose; Reporting

The Senate appoints and discontinues such standing and ad hoc committees as it deems necessary to carry out its duties.

The Senate establishes advisory committees to study and to make reports and recommendations to it on matters under faculty jurisdiction and to carry out the decisions of the Senate relating to its functions and responsibilities. Senate committees receive their authority from the Senate and shall report their work and make their recommendations to the Senate. No Senate committee may alter the reports or the recommendations of another Senate committee.

11.2 Membership; Elections; Terms; Vacancies

Only members of the faculty eligible to vote in Senate elections are eligible for election and appointment to Senate standing committees (see policy 401.4.3(4) Policies 401.4.3.4, Limitations on Faculty Participation (Term Appointments) and 401.5.3.2, Limitations on Faculty Participation (Special Appointments) for limitations).
Faculty Participation (Special Appointments) for limitations).

Unless governed by committee procedures otherwise stipulated below in Policy 402.12, Senate Standing Committees, non-Senators of Senate standing committees are elected at the same time and according to the same procedures that elect Senators (see Policy 402.10.2, Election of Faculty Members to the Senate). Terms shall be three years, and shall begin July 1 following elections, and are renewable once, after which a faculty member is ineligible to stand for election for one year. Terms shall be staggered so that approximately 1/3 of them expire annually.

A vacancy shall be declared among the elected committee members if that member resigns, is terminated, goes on extended medical leave, or has four or more unexcused absences from regularly scheduled committee meetings during an academic year. If a vacancy occurs, then a replacement will be appointed. The Senate Committee on Committees will appoint seats vacated by representatives of the Faculty Senate, and the academic deans, vice president for extension, chancellor, or regional vice president for statewide campuses deans or executive directors, will appoint seats vacated by representatives of the academic colleges, Regional Statewide Campuses, USU Eastern, Extension, and the Library.

Appointed members of Senate standing committees are chosen from the elected membership of the Senate; the Committee on Committees prepares a slate of nominations during the summer for approval by the Senate at its May-first meeting of the fall semester. Terms shall be two or three years, as stated below (Policy 402.12) for a particular committee, and shall be renewable once. Terms shall be staggered. Vacancies will be filled upon recommendation to the Senate by the Committee on Committees.

11.3 Senate Committee Procedures

11.3.1 Committee action; meetings; quorum; majority and minority reports.

Senate committees shall not act independently of the Senate. All statements and actions of Senate committees shall be approved by the Senate before they are official, except for routine actions of the Educational Policies Committee which shall be submitted to the Senate as information items (see Policy 402.12.6.13, Duties). Committee work shall be accomplished as a body. Committee meetings shall be held as required to meet the duties of the committee. Meetings shall be held at the call of the chair or upon written request, submitted to the chair, by committee members or the Faculty Senate Executive Committee. A majority of committee members shall constitute a quorum for conducting business. Committee actions shall be by majority vote of the quorum present. Minority committee reports may be submitted to the Senate by dissenting committee members.

11.3.2 Committee minutes.

Minutes shall be taken at all committee meetings and a copy shall be filed with the Senate Executive Secretary as part of the Senate records. The minutes shall include copies of all forms, statements, and reports which are presented to the Senate for action.
11.3.3 Chairs.

Unless otherwise specified, all standing committees and subcommittees of the Senate shall elect chairs annually, preferably at the last meeting of the academic year.

402.12 SENATE STANDING COMMITTEES

12.1 Executive Committee

12.1.1 Duties.

The Executive Committee shall perform the following duties:

Any elected senator who is completing or has completed one year of a faculty Senate term is eligible to serve as President-Elect/President, subject to the following exceptions: Senators who are completing their terms are not eligible, unless they have been re-elected to the Senate for an additional term. The election of the Senate President-Elect/President is understood to be an extension of that individual's term in the Senate for the number of years necessary to fulfill a term as Senate President. If an extended term is necessary for the new Senate President, then the individual so chosen will become a supernumerary...
member of the Senate and the regular schedule of elections to the Senate from that individual's college will be unaffected.

2.8 Senate Executive Secretary

An Executive Secretary of the Senate will be appointed by the president of the university (Policy 402.2.10, Senate Elections). The duties of the Executive Secretary are:

The Faculty Forum meetings are means of open discussion for elected Senate members and the committee chairs without participation by or from the president of the university, the executive vice president and provost, the presidential appointees, academic deans and department heads, or the student members of the Senate, unless specifically requested by the Executive Committee of the Faculty Forum (Policy 402.2.9.3.2., Executive Committee of the Faculty Forum). During meetings of the Faculty Forum, participants may discuss subjects of current interest, question and debate any policies and procedures, and formulate
recommendations for consideration by the Faculty Senate. The Faculty Forum does not exercise the legislative authority of the Faculty Senate.

2.9.2 Meetings; Agenda; Notice. The Faculty Forum will be scheduled during the academic year by the Officers and Executive Committee of the Faculty Forum (Policy 402.2.9.3, Officers and Executive Committee of the Faculty Forum). This annual scheduled meeting of the Faculty Forum will be open to all faculty members to attend and speak, with the exception of those excluded by Policy 402.2.9.1, Membership of the Faculty Forum; Description.

Business at special meetings of the Faculty Forum will be conducted by Faculty Forum members. The Faculty Forum Executive Committee will set the agenda for all Faculty Forum meetings.

The agenda will include all items raised by the petition(s), together with items deemed pertinent by the Executive Committee. The minutes and agenda for all Faculty Forum meetings will be distributed in accordance with Policy 402.2.4.2.3 Distribution of Agenda and Minutes. Notice of the Faculty Forum meeting will be given in the previous Senate meeting and distributed to faculty on all campuses.

2.9.3 Officers and Executive Committee of the Faculty Forum.

2.9.3.1 Officers. The Senate President will preside over and conduct meetings of the Faculty Forum and its Executive Committee. Annually, the Senate Committee on Committees will apportion the number of elective Senate positions to the academic colleges, Statewide Campuses, USU Eastern, Extension, and the Library in proportion to the number of tenured and tenure-eligible faculty. The minimum representation from each of these academic units will be two.

2.10.2 Election of Faculty members to the Senate.

2.10.2.1 Scheduled Date; Notice to Academic Deans, the Vice President for Extension, and the Vice President for Statewide Campuses. Elections of faculty representatives to the Senate and sufficient alternate senators to serve when regular senators cannot attend, are held by academic colleges, Statewide Campuses, USU Eastern, Extension, and the Library. Elections will be supervised by the
Senate Committee on Committees. Elections will be conducted during the spring semester of each academic year, in time to be announced at the last regular meeting of the Senate. Additional elections will be held as necessary to ensure the availability of alternates to fill vacancies in unexpired terms for the duration of those terms. The Senate Committee on Committees will notify the appropriate academic deans, vice president for extension, or vice president for statewide campuses of the number of senators to be elected annually by their faculty and the date by which the elections must be held.

2.10.2.2 Nominations. After receipt of notice that annual elections will be held, the appropriate academic deans, vice president for extension, or vice president for statewide campuses directors will communicate with their faculty members eligible to vote in Senate elections (Policies 401.2.4.3.4, Limitations on Faculty Participation (Term Appointments) and 401.2.5.3.2, Limits on Faculty Participation (Special Appointments)) for the purpose of nominating Senate candidates and alternates. There will be at least two candidates for each vacancy.

2.10.2.3 Voting. Faculty members with tenured or tenure-eligible appointments and faculty members with term appointments may nominate and vote for candidates and alternates in Senate elections. Balloting within each academic college, the Statewide Campuses, USU Eastern, Extension, and the Library will be by an appropriate method to ensure timeliness, fairness, and verifiability.

2.10.2.4 Verification and Notice of Election Results. The academic colleges, Statewide Campuses, USU Eastern, Extension, and the Library must submit the names of nominees elected to the Senate Committee on Committees on or before the final date set for the conclusion of elections. The Committee on Committees will verify all election results and then inform the Senate of the names of new members at its last regularly scheduled meeting of the academic year. Election results will be made public.

2.10.3 Elections with the Senate. Nominations for the office of President-Elect will occur from the floor during the penultimate regular Senate meeting of the academic year. Elections will be by secret ballot completed prior to the last meeting of the academic year.

2.11 Senate Committees: Authority, Action, and Procedures

2.11.1 Purpose; Reporting. The Senate appoints and discontinues such standing and ad hoc committees as it deems necessary to carry out its duties.

The Senate establishes advisory committees to study and to make reports and recommendations to it on matters under faculty jurisdiction and to carry out the decisions of the Senate relating to its functions and responsibilities. Senate committees receive their authority from the Senate and will report their work and make their recommendations to the Senate. No Senate committee may alter the reports or the recommendations of another Senate committee.

2.11.2 Membership; Elections; Terms; Vacancies. Only members of the faculty eligible to vote in Senate elections are eligible for election and appointment to Senate standing committees (Policies 401.2.4.3.4, Limitations on Faculty Participation (Term Appointments) and 401.2.5.3.2, Limits on Faculty Participation (Special Appointments)).
Unless governed by committee procedures otherwise stipulated below in Policy 402.2.12, Senate Standing Committees, non-Senators of Senate standing committees are elected at the same time and according to the same procedures that elect Senators (Policy 402.2.10.2, Election of Faculty Members to the Senate). Terms will be three years, will begin July 1 following elections, and are renewable once, after which a faculty member is ineligible to stand for election for one year. Terms will be staggered so that approximately 1/3 of them expire annually.

A vacancy will be declared among the elected committee members if that member resigns, is terminated, goes on extended medical leave, or has four or more unexcused absences from regularly scheduled committee meetings during an academic year. If a vacancy occurs, then a replacement will be appointed. The Senate Committee on Committees will appoint seats vacated by representatives of the Faculty Senate, and the academic deans, vice president for extension, or vice president for statewide campuses will appoint seats vacated by representatives of the academic colleges, Statewide Campuses, USU Eastern, Extension, and the Library.

Appointed members of Senate standing committees are chosen from the elected membership of the Senate; the Committee on Committees prepares a slate of nominations during the summer for approval by the Senate at its first meeting of the fall semester. Terms will be two or three years, as stated below (Policy 402.2.12) for a particular committee, and will be renewable once. Terms will be staggered. Vacancies will be filled upon recommendation to the Senate by the Committee on Committees.

2.11.3 Senate Committee Procedures.

2.11.3.1 Committee Action; Meetings; Quorum; Majority and Minority Reports. Senate committees will not act independently of the Senate. All statements and actions of Senate committees will be approved by the Senate before they are official, except for routine actions of the Educational Policies Committee which will be submitted to the Senate as information items (Policy 402.2.12.6.1.1, Duties). Committee work will be accomplished as a body. Committee meetings will be held as required to meet the duties of the committee. Meetings will be held at the call of the chair or upon written request, submitted to the chair, by committee members or the Faculty Senate Executive Committee. A majority of committee members will constitute a quorum for conducting business. Committee actions will be by majority vote of the quorum present. Minority committee reports may be submitted to the Senate by dissenting committee members.

2.11.3.2 Committee Minutes. Minutes will be taken at all committee meetings and a copy will be filed with the Senate Executive Secretary as part of the Senate records. The minutes will include copies of all forms, statements, and reports which are presented to the Senate for action.

Senators who have completed at least one year of their Senate terms are eligible to serve on the Committee on Committees unless they are at the end of their Senate service and have not been re-elected.
