Articles

Human–Canid Interactions

Do urban red foxes attack people? An exploratory study and review of incidents in Britain <i>Bethany Bridge and Stephen Harris</i>	151
Advancing best practices for aversion conditioning (humane hazing) to mitigate human–coyote conflicts in urban areas <i>Lesley Sampson and Lauren Van Patter</i>	166
Instability of glucocorticoid metabolites in coyote scats: implications for field sampling <i>Erika T. Stevenson, Eric M. Gese, Lorin A. Neuman-Lee, and Susannah S. French</i>	184
Evaluating red wolf scat to deter coyote access to urban pastureland <i>Meghan M. Louis, Samuel M. Tucker, Michael K. Stoskopf, and Suzanne Kennedy-Stoskopf</i>	192

Human–Bear Interactions

Is the banana ripe? Andean bear–human conflict in a protected area of Colombia <i>Sergio Escobar-Lasso, Juan C. Cepeda-Duque, Margarita Gil-Fernández, and José F. González-Maya</i>	200
Resource use by American black bears in suburbia: a landholder step selection approach <i>Farshid S. Ahrestani, Mark A. Ternent, Matthew J. Lovallo, and W. David Walter</i>	216

Managing Wild Pig Damage

Ecological factors influencing wild pig damage to planted pine and hardwood seedlings <i>Micah P. Fern, James B. Armstrong, Rebecca J. Barlow, and John S. Kush</i>	228
Intake of supplemental deer pellets containing ground blueberry juniper by wild pigs <i>Jessica L. Glasscock, Travis R. Whitney, David G. Hewitt, Susan M. Cooper, Fred C. Bryant, and Christina M. Toenjes</i>	239

Managing Human–Wildlife Conflicts

Spatial and temporal dynamics of human–wildlife conflicts in the Kenya Greater Tsavo Ecosystem <i>Joseph M. Mukeka, Joseph O. Ogutu, Erustus Kanga and Eivin Røskaft</i>	255
--	-----

Contents

Role of farmer knowledge in agroecosystem science: rice farming and amphibians in the Philippines <i>Catherine R. Propper, Lisa J. Hardy, Brittni D. Howard, Rica Joy B. Flor, and Grant R. Singleton</i>	273
Distribution and activity patterns of large carnivores and their implications for human–carnivore conflict management in Namibia <i>Summer Fink, Richard Chandler, Michael Chamberlain, Steven Castleberry, and Shannon Glosenger-Thrasher</i>	287
Human Dimensions of Wildlife Management	
Indigenous Guardianship and moose monitoring: weaving Indigenous and Western ways of knowing <i>Jesse N. Popp, Pauline Priadka, Megan Young, Kevin Koch, and James Morgan</i>	296
Caring for the circle of life: wildlife rehabilitation and sanctuary care <i>Donna J. Perry and Jacob P. Averka</i>	309
Bird Strike Mitigation	
Assessing vulture translocation as a management tool to mitigate airport bird strikes <i>Weber Galvão Novaes, Tarcísio Lyra dos Santos Abreu, and Rafael Soave Guerta</i>	325
The Back Page	
When pigs virtually fly <i>Jessica L. Tegt</i>	334
Call for Papers
