**Discontinuation of Specializations in EdD and PhD: Management Information Systems, Instructional
Technology, Occupational and Adult Education, Special Education**
09/17/2012

Section I: Request

The faculty in the School of Teacher Education and Leadership (TEAL) requests deletion of the areas of specialization in the EdD and PhD degrees including: management information systems, instructional technology, occupational and adult education, and special education. These areas of specialization were created when the EdD and PhD were interdepartmental degrees which is no longer the case.

Section II: Need

The interdepartmental doctoral program no longer exists. Further, there is no need for these specializations in the EdD or PhD in the School of TEAL because these areas of specialization are now offered in other departments. There are no students enrolled in these areas of specialization in the EdD or PhD in the School of TEAL, and with the exception of special education, these areas of specialization are currently listed in the graduate school as inactive in the School of TEAL.

Section III: Institutional Impact

There is no institutional impact. These areas of specialization are offered in other departments by the faculty who historically taught and mentored students enrolled in those specializations.

Section IV: Finances

Deletion of these areas of specialization does not impact finances.

Section V: Program Curriculum

*****THIS SECTION OF THE ABBREVIATED TEMPLATE REQUIRED FOR EMPHASES AND MINORS ONLY.*****
