Tim Curran, Ph. D.

# Research Question

---

What is the relationship between depression  
and conflict styles?

---

# Outline

---

- Problem
- Significance
- Theoretical Grounding
- Research Goals & Methodology
- Key Results & Contributions
- Future Directions

# Problem

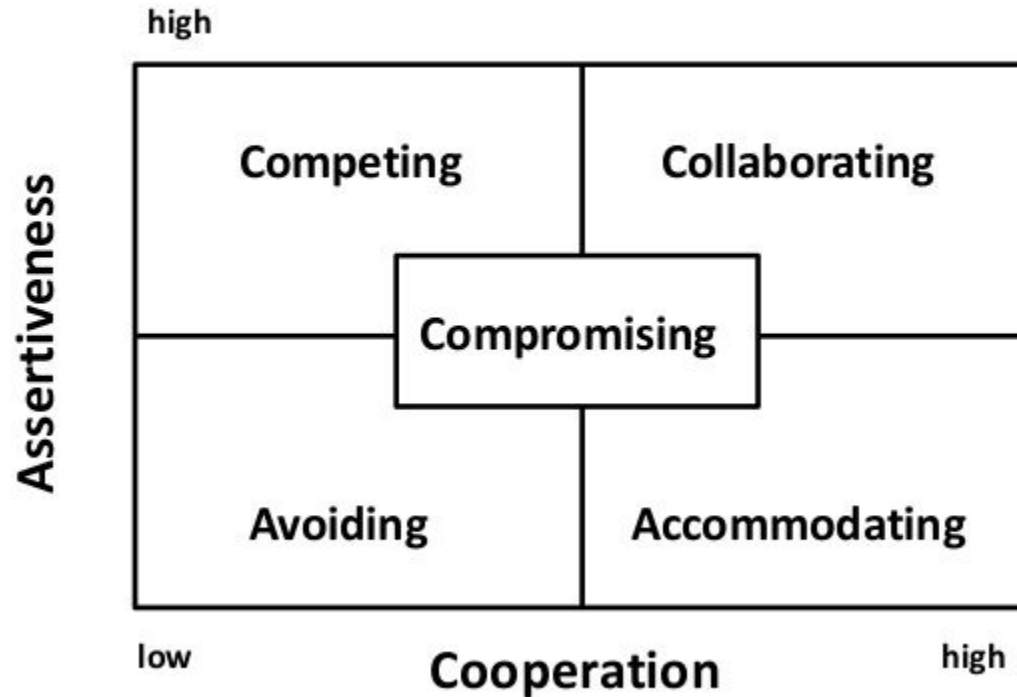

Why is it important?

# Theoretical Grounding

# Conflict management styles

Based on Thomas-Kilmann Conflict Mode Instrument

# Goals and Methodology

---

- Find relationship between depression and conflict styles
- Survey of 235 mother/child pairs
- Used self reports
- Ran analyses on 5 styles and depression

# Results

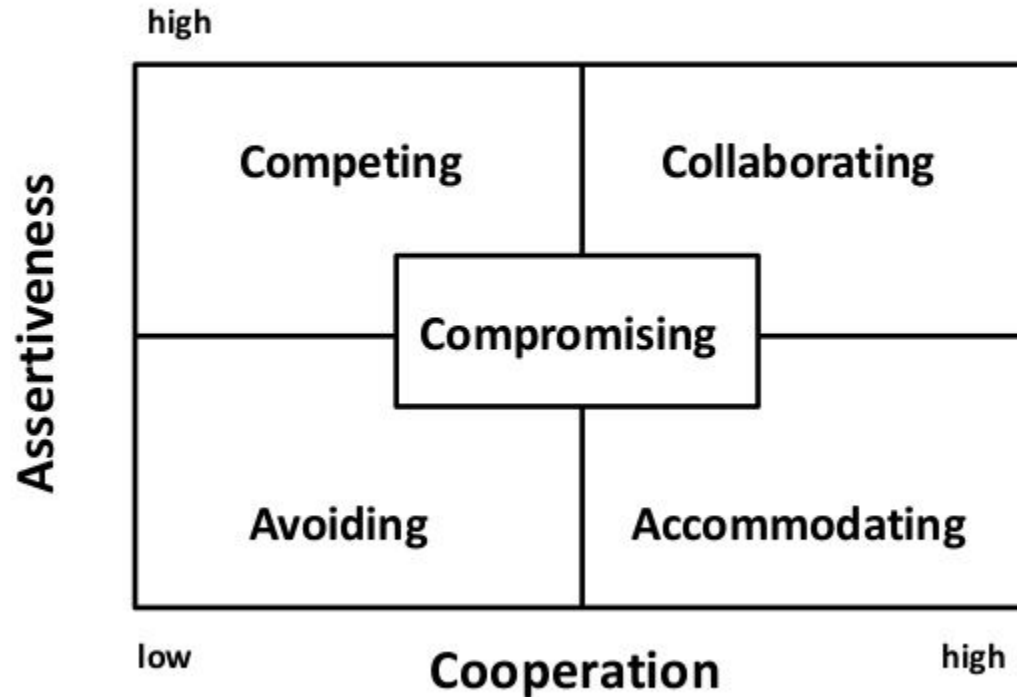

---

- Negative Correlation: Accommodating, Compromising, Collaborating
- Positive Correlation: Avoiding
- No Correlation: Competing

# Contributions

---

# Conflict management styles

Based on Thomas-Kilmann Conflict Mode Instrument

# Future Directions
