NUMBER 4.

SUPPORT NEEDED

(By A. C. C.)

The first football game of the season will be played on Adams Field tomorrow between the Montana Aggies and our own Aggies. Our boys have been working hard and a few students have been on the field each night to encourage them. However, we know nothing about the strength of the Montana Aggies this year, but if the same old A. C. spirit exists; "Fight 'em square, Fight 'em fair, Fight 'em, Fight 'em, Fight 'em!"—we are sure to win.

This all depends on the attitude of the Student Body. At the Student Body meetings a fine spirit has been shown, and the Freshmen, especially, are to be commended, and we will need you, Freshies, tomorrow. However, the upper classmen should not sit back and let the Freshies do it all, because there are a lot of them. To quote from the Herald-Republican, "Too many people, as they acquire, or think they acquire, culture (Seniors take notice) feel that it is undisciplined to show warm admiration. They think that an air of cold criticism shows more experience of life. All of which is a mistake. Enthusiasm is one of the great forces of the world. The more freely it is expressed the more freely people feel like going ahead and doing things."

That our team will "do things" there is no doubt, for they will all fight for the dear old A. C., providing they get the proper support. Now Seniors, Juniors, Sophs, Freshies, Preps, and Faculty, put on your colors, get out your pennants and help us to WIN!

STUDENT BODY DANCE

At 8:30 tomorrow evening, following the big football game, the student body is to have another big time in the form of a dance. All who were at the last dance know that there is a good time in store for them. Don't be afraid to ask the girls. We missed several of them last week. They are as anxious to go as we are to have them. We can assure you all a good time. Student body cards are good. We wish to invite the visiting team to join with us and we will try to make them feel at home.

MONTANA AGGIES vs. UTAH AGGIES

The Montana game will start promptly at 3:30 o'clock Saturday afternoon on Adams Field. Admission to the field will be fifty cents, except for students, whose activity cards will admit them.

Freeman Bassett, of Salt Lake, has been secured as referee for the game. Palm, of Salt Lake, will umpire, and Harry Stoney, of Logan, will act as headlinesman.

Both teams will make an appearance on the field at about three o'clock, or shortly afterwards. All students are therefore urged to be in the bleachers before three o'clock in order that the teams may be cheered as they trot upon the field.

All new students must master the cheers and songs for tomorrow's game, and in giving yells and songs, care should be taken to keep in time with the yell-masters. The cheering should be one of the features of tomorrow's contest.

Students of the College will group together in the west bleachers.

OUR REPRESENTATIVES AT THE IRRIGATION CONGRESS.

The recent irrigation congress held at Calgary, Alberta, Canada, on October 5th to 9th, was attended by Dr. E. D. Ball and Dr. F. S. Harris. Other Utahns in attendance were Major Richard Young who presided over the congress this year, George A. Smith, vice president and State Engineer Beers, an A. C. alumnus. Dr. Ball returned the first of the week and reports the congress, but Dr. Harris stopped off at Leathbridge and also at Cardston, his old home.

The representatives at the congress were treated most royally by the people of the town, which has about 10,000 inhabitants, but the entertainment was mostly under the direction of the Canadian Pacific Railway company, which is owner of most of the irrigation projects in the vicinity as well as the large hotel which is a second "Hotel Utah." The street cars were free during the entire time the congress was in session. Free automobiles were always waiting at the door, and as Dr. Ball expressed it "They wouldn't let you walk. They would chase you down the street to give you a ride." The delegates were banqueted, they were taken 160 miles to the largest irriga-

tion project in North America, they were entertained in every conceivable way.

The session was good and much interest was taken though the attendance was small. There were, however, representatives from Russia and Australia as well as from all parts of Canada and western United States. They were all caught in the heaviest snow storm at Calgary in ten years.

For the coming year Dr. Widtsoe is state vice president, Dr. Harris is on the committee on resolutions, and Dr. Ball is on the executive committee. Dr. Ball passed a resolution of great importance—that proposed to unite the dry farming and irrigation congresses. A committee was appointed to meet a like committee from the Dry Farming Congress.

The main topic discussed was the problem of the settler on the land in contrast to the engineering side which has usually been the center of discussion.

DRY FARMING CONGRESS.

The Dry Farming Congress was visited only by Dr. Stewart of this institution. President Widtsoe intended going, but was detained at home on account of his wife's illness. There was no grain judging team sent to the congress this year, as was the last two years.

UNUSUAL ACTIVITY IN DEBATING

Debating prospects for this year are exceptionally bright. More debates will be held and from all indications a larger number of students will try for the team than ever before during the history of the institution. Besides several of last year's debaters, we have with us many men and women who have had considerable experience in debating, in speaking and in appearing before the public in similar capacities. Already a large number of students have made inquiries regarding the tryout question and are anxious to get busy on it. We are pleased that so many are displaying interest in this activity so early in the season. It can mean but one thing—a banner year in debating.

Coach Teetzel has issued about forty four football suits. Only eleven men are needed for a team. Everybody cannot play football, but certainly every one has the ability to learn to debate. Now if we can have between forty and fifty men out for football, can we not have at least double this number out for debating. Is it not a splendid opportunity for the women of the College?

We shall need more representatives than ever this year. At least eight debaters will be chosen and probably more. Nearly the same number needed as for football, and you can try out without getting some of those "necessary bumps."

At present we have one triangular debate definitely arranged and another well under way. Our contract to debate the University of Utah and the Brigham Young University was signed last year. This year we shall send a team of two men to Salt Lake to debate the U. of U. and Provo will send two representatives here to debate with us. For a triangular debate each school has to uphold both the negative and affirmative side of the question chosen. This arrangement offsets any advantage derived from just debating one side of a question. The other triangular meet will be composed of the Agricultural College of Oregon, University of Montana, and the U. A. C.

(Continued on page six.)

STUDENT BODY DANCE TOMORROW NIGHT

Class Notes

JOHN FINLEY
Senior Class President

SENIORS.

On Friday the dignified class of the college met to elect leaders who should conduct the present Seniors to success and fame. Many new faces were seen which were not familiar to the class of last year, but a hearty welcome was given to all.

After the preliminary discussion of class aims and class ambitions it was moved and carried that the present Senior class should eclipse all former classes in its class spirit and loyalty and set a mark to which all future classes might aspire.

Mr. Edwin Smith, the president of last year's Junior class, held the chair until his successor was chosen, after which the newly elected president gave his speech of welcome and took charge of the remainder of the meeting.

The voting was done by ballot and the following officers were elected:

President, John Finley.
Vice President, Lillian Elder.
Secretary, Lavinia Maughan.
Treasurer, Glenn Alleman.
Executive Committee, Homer Christensen, Hedwig Benson, Alice Morrison.

Athletic Manager, Russell Packard.

Debating Manager, J. B. Walker.

Cheer Leader, Leonard Davidson.

Student Life Representative, Inez Maughan.

* * *

The class president reports that there are at present about sixty-six members of the Senior class.

* * *

That the class is a live one, is proven by the fact that plans are already under way for a splendid class party to be given some time during the present month.

JUNIORS ORGANIZE.

That the Juniors mean business is quite evident. They are surely alive and active. From their success last year we might expect something from them. At the class election last Friday an unusually "progressive" spirit was shown which indicates that they are going to do some-

thing before this school year closes. The following staff of officers is an evidence of this fact:

President, Alma L. Wilson.
Vice President, Louise Ogden.
Secretary and Treasurer, Edith Peterson.

Cheer and Song Leader, Will Evans.

Executive Committee, Anna Taylor, Will Starley, Wallace Budge.

Manager of Junior Prom, Glenn Voorhees.

A. L. Wilson is exceptionally strong as a leader and will, with the aid of his able assistants, handle the affairs of the class in a proper and business-like manner. Voorhees, too, is strong, and will no doubt proceed to make the Junior Prom this year better than it has ever been. At the next meeting of the class the following officers will be chosen: Business Manager of Buzzer; Athletic Manager; Debating Manager.

SOPHOMORES.

PROCLAMATION

Freshmen! Freshmen!

The time draws near when ye infant blubbering waifs shall come to your own. Too long have ye roamed at will as impudent aspirants in the midst of your superiors. Ye even so far forgetting yourselves as to intrude your putred presence into the circles of your upper classmen. Down to your lowly station and rise as your betters have risen. Even from the larvæ stage must ye evolve as nature intended. Back to your uncouth level and there hibernate until the call of nature shall unfold your dormant shroud of green. First climb the hill before ye presume to view the valley beyond.

On this day of days the counsel hath met and conferred with the most High. Even as the brand of Cain a mark shall be yours. What is more appropriate than a green skull cap with a yellow button attached? This little insignia places you in your proper rank, the "Lowliest of the Lowly." Elevate yourselves from the depth of unmitigated animalisms. May ye some day attain a higher station. Yea may even in the dim future cast off your verdant shroud.

Hark Ye! Hark Ye!

On the first day of Nov. of this year of our Lord, 1914, this act becomes Law.

1. That ye obtain a Regulation Green Hat, with a Uniform Sized Yellow Band.

2. That ye wear said hats out of doors at all times, or as hereinafter excepted.

3. That this hat shall be worn on and off the campus.

4. That ye refrain from Queening on the campus.

5. That ye act as guides to visitors at our school.

6. That ye see to the needs of visiting athletic teams.

7. That ye be unpretentious, remembering that old adage, "Children Should Be Seen and Not Heard."

(Exceptions to Art. 2.)

1. Hat need not be worn on Sunday.

2. Hat need not be worn when in Military uniform on drill days.

3. Hat must be worn every Tuesday and Friday.

—Contributed by Sophomore Class.

FRESHMEN MEET.

In last Friday's meeting a spirited contest was waged among the Freshmen regarding class colors. Committees were finally appointed to select suitable combinations for headgear, etc.

Resolutions were also voted upon regarding attendance at meetings and door-keepers were appointed to prevent any member leaving before the meeting was adjourned.

A committee of five was selected to arrange songs and yells as contributions to the handbook. Mr. Wyler, cheer-master, was appointed chairman of this committee. The class saw fit, however, to disregard his suggestion that three members of the committee be ladies, and selected only two. How fortunate that our cheer-master is so interested in the ladies.

THE REIGN OF THE WEAK.

(By a Freshman)

A number of local highbrows, claiming allegiance to the Sophomore class, had, in their child-like way, been dosing a good deal of noise-making of late. This noise, ridiculous and meaningless, conveyed to the ears of the Freshies naught but the sound of harmless threats and tinkling symbols.

All fair minded and unbiased students, who had in any way probed into the case, admit that this "Reign of Terrors" instituted by the Sophs instead of aiding, is rapidly overlapping and shadowing their sense of dignity. Modesty and conservatism are thrown to the winds in their stead only vain threatenings and desperate words of force are being indulged in. Oh! ye Sophomores! See ye not what confronts ye? Never before in this school's history has such an industrious and studious body of Freshmen graced the noble halls as has this year been assembled. Think ye, Sophs, that we are incapable of governing ourselves? Come use your valuable time in making your own laws and in making plans for your own headgear. Were it that we really felt superior power, we should certainly lose no time calling for your aid. But said power is yet to be demonstrated. Re-

main confined to your own realm, Sophs, and make no effort to govern the strong, for even so, what ye sow so shall ye reap.

TO THE SOPHS.

Having waited in vain for some move on the part of the Sophomore class, the Freshman hereby challenge the Sophomores to a flag rush. Details can be arranged with the Freshman athletic manager. Imagine the signature of every "Freshie" in school.

This year the Exchange department of "Student Life" will attempt to perform a dual purpose; that of offering occasional friendly criticisms of the papers received as well as printing brief extracts which contain items of interest to our own student body. If possible we wish to select its contents so that it will not become entirely a comic supplement, as has been the fate of so many exchange columns.

Several substantial weeklies are making their regular appearance, while one or two of the monthly high school papers have strayed in. Now that school is well under way in most institutions we expect our list to increase rapidly.

Most of the incoming papers contain accounts of annual contests which have been waged between the Sophomore and Freshman classes.

At the A. C. of Montana, according to The Weekly Exponent, supremacy between the under classmen was decided by a tug-of-war which took place over the "Frogger." Thirty-two men participated on each side. The weight of the two teams being about 4700 lbs., a piece. The struggle was very bitter, lasting about eight minutes, at the end of which the 18's managed to pull the entire Sophomore team through the icy waters of the frog pond.

At Michigan A. C. the underclassmen tested their strength in a series of contests, consisting of a football rush in which the two entire classes participated.

ed; a canvass pull between thirty men from each class; a tug-of-war across the Red Cedar river, between twenty-five representatives of each class and a final flag rush at the historic elm where the entire classes again met.

Each contest counted a certain number of points, and as the Sophomores lost only the football rush they were declared winners by a score of 10 to

At the Colorado State College of Agriculture the Sophomores showed themselves masters of the Fresh tribe by winning the series of contests by a score of seventy-five to twenty-five.

The series consisted of a cane rush, a sack rush, a ladies football game and a barrel rolling contest.

In order to show their humility and their respect for the strength of the 17's the Freshmen will wear green caps for the remainder of the year.

Dr. Archer W. Hendrick was recently chosen president of the U. of Nevada, to fill the vacancy caused by the death of Dr. Stubbs.

The department of Horticulture at the State College of New Mexico recently installed three canning outfits so that they can care for their surplus of fruits and vegetables.

At one Agricultural College, 129 Freshmen out of a total of 253 registered were reared in the city.

Volume XIII. Number 4.
Friday, October 16, 1914.

THE THOUGHTS expressed by President Widtsoe, at our Tuesday chapel exercises, relative to the liberal mixing of out of door life, fresh air, and sunshine with our class room routine, are worthy of our consideration. Most of us are used to country life and out of door work, yet there is a tendency on the part of the more industrious to throw our whole soul into our lessons and forget that our text books are only an aid in helping us to better understand the truths of nature which are all about us. The text book is a guide for our course, an outline to direct our efforts, but the campus, the mountains, the streams and lakes, in fact all things in nature comprise our laboratory. The faculty members are our leaders in the search for knowledge, but all mankind are our instructors. See to it that your development is symmetrical, well

aimed but expansive. To a tired brain an hour's sleep or an hour's walk over the hills in the morning air will aid more towards passing a hard examination than twice the time spent in aimlessly running your eyes over the pages of a book without knowing a word of its contents.

IS IT YOU?

IS IT you who have been offering so much criticism as to the kind of material which has appeared in your school paper? Is it you who have made this complaint— not to the staff— but about the staff? Is it you who have declared that the paper was not worth the reading? Is it you who have found so many ways to improve the paper? Now be frank—is it you?

Is it you who have tried to make the paper a success? Is it you who have been a liberal contributor? Is it you who have brought your criticisms to the members of the staff in the true spirit of one who is trying to benefit? Is it you who have had a good word for your school paper? Now be frank once more—is it you?

Is not this your paper? Are you not responsible for its success? There is bound to be a knocker somewhere. Is it you?

DUTCH BAND

Shall we have a Dutch Band in the U. A. C.? This is a question which has been brought up in many instances in the past and should be definitely decided upon now.

This is a Student Body affair and should be taken up by the students themselves.

Student Life would like to have the views of the students on this proposition.

Please take this seriously for it means that either the student body will have a Dutch Band or it will not.

Drop your views or suggestions into the Student Life box.

OCTOBER.

Now the warmth of the summer is ended
And the stillness of autumn abounds,
Not a sound can be heard, not a song of a bird,
Not a voice from the children's play ground.
The landscape partakes of the silence
While a haze shields the tall mountain's crest,
And as far as is seen the meadows serene,
Are now being lulled into rest.
E'en the stately old forest once verdent
Has now donned a more brilliant hue,
And in scarlet and gold, the trees young and old,
Stand out 'gainst the sky's hazy blue.

OVERCOATS

A bit unusual you may think for us to be talking Overcoats in October, but remember that this is an unusual store; unusual in the quality of its merchandist; unusual in the greater values it offers.

Among a score or more excellent coats, here is the Kuppenheimer King George. Correct, dressy, beautifully tailored from the best domestic woollens and a selection of foreign fabrics you'll scarce be able to duplicate anywhere at any price.

MAKE ME A CHILD AGAIN.

Monday night the Home Economics Club entertained in honor of the children of the school. Little Miss Lillian Elder, with her long ringlets and dainty blue dress was the presiding genius of the party and in keeping peace and preventing the little boys from making all the little girls cry from having their hair pulled or their Teddy Bears stolen, she did herself proud.

About seventy little guests enjoyed the evening. A notable feature of the affair was the democratic spirit displayed. The child in calico was treated with the same consideration and kindness as was the child elegantly clad in silk or embroidery, and the wee miss with the tightly braided "pig-tails" had if anything a better time than the child whose beauty might have caused envy and childish heart-aches to those less favored by nature or art.

All sorts of long forgotten games were brought to life; even to "wink and choose" in which master Glenn Ballantyne, Bobbie Reed and Tommy Snyder showed great promise. Miss Saunders proved herself skillful in pinning the tail to the donkey

and won the "booby prize." (In a grown up party this would be called the consolation prize.)

When all the restless, childish feet were thoroughly wearied, all of the guests were seated on the floor where they were given red sticks of candy, apples and peanuts in such quantities that the mothers might have had occasion for considerable worrying.

When the tooting of the car announced the time of departure, every one rushed pell-mell down the hill without the formalities of expressing their appreciation for the splendid time which all had enjoyed.

Nobody knows why the conductor of the car became so upset by a crowd of children that he forgot to change the headlight and the car started homeward casting bright, gleaming rays toward the place where so many happy hours had been passed.

The Student Body dance given last Saturday evening in the Smart gymnasium was a great success. A good crowd of students turned out and every one had an enjoyable time.

TENNIS FOR GIRLS.

Many of the girls are asking about what we are going to do about tennis. The courts are fine and there is no reason why we can't have a series of tennis tournaments among the girls, and have a winning team to meet the girls from the other colleges of the state. Now is the ideal time to learn the game.

A meeting for the purpose of discussing tennis will be held tomorrow at 11 o'clock in the Woman's gym. All girls interested in tennis be sure and be there.

OH YOU U. A. C.!

(Tune to Oh you Rah, Rah Boys)
Whose that making all that noise,
It's a bunch of U. A. C. boys,
Like the rattle of the battle they're
waking up the town.

At the school they always work,
And you'll find they never shirk
Always in it every minute, they
never come in late.

With a rixity, raxity, is boom bah!
A. C., A. C., Rah, Rah, Rah!

CHORUS

Oh you U. A. C.,
We are proud of thee,
And for ever true we'll loudly shout
your praise, Rah, Rah, Rah!
Our bag, blue and white,
Stands for what is right,
People want to know the reason
Why we have successive season.
Oh you U. A. C.

II.

Every where your students are,
Your fame reaches near and far,
Your high aim
Will make your fame
The best known in all the states.
Be the journey rough or fair
The U. A. C. is always there.
Always in it every minute,
They make the old place hum.

Blessed is the man who, having nothing to say, abstains from giving wordy evidence of the fact.—George Eliot.

I find no place that does not breathe,
Some gracious memory of my friend.—Tennyson.

TIRELESS TOILERS FOR TRADE

DE LAVAL CREAM SEPARATORS are the cheapest as well as the best

LOOK AHEAD!

DON'T TRY TO SAVE \$10.00 TODAY if it means a loss of 25 cents a day for all the years a cream separator may last you.

THAT'S JUST WHAT YOU WILL do if you buy a cheap or inferior cream separator simply because its first price is a little less than that of the De Laval.

WHEN A PRUDENT MAN BUYS a cream separator he knows that what he is really paying for is not just so much iron, steel, brass and tin, whether it is called a separator or not.

WHAT HE WANTS IS A MACHINE to perform a certain service, and he must be sure of the machine doing the work for which it is intended as thoroughly and with as little effort as possible on his part.

THOUSANDS OF BABCOCK AND other tests have proved that the De Laval skims closer than any other cream separator under any conditions, and particularly under the harder conditions always experienced at times.

JUST THINK WHAT A LOSS OF as little as 10 cents worth of cream at each skimming means to you in a year—twice a day for 365 days—over \$70.00, and with as many as ten cows the cream loses alone from an inferior separator usually amount to more than this.

CREAMERYMEN, WHO ARE DEPENDENT on their separators for business success, have long since found out the difference between

De Laval and other separators, with the result that De Laval factory separators are almost universally used the world over today.

DE LAVAL SEPARATORS ARE identical in all sizes, for one cow or a thousand, and the differences between separators are just the same with the smallest machine and the largest. They mean as much relatively to the little as the big user.

THEN THERE IS THE SAVING in labor because of the easier running and greater capacity of the De Laval over other machines and the less care required in cleaning and adjustment, worth at least 10 cents a day.

AND THERE IS THE INDISPUTABLE fact that a De Laval machine lasts from ten to twenty years as against an average of from two to five years in the case of other separators, or five times the average life of competitive machines.

THESE ARE THE REASONS why De Laval Separators are cheapest as well as best, why thousands of other machines are yearly being replaced with De Laval and why their use is rapidly becoming as universal on the farm as in the creamery.

IT SHOULD BE REMEMBERED, moreover, that if first cost is a serious consideration a De Laval Separator may be bought on such liberal terms that it will actually save and pay for itself, as many thousands of them have done.

These are all facts every De Laval local agent is glad of the opportunity to prove to any prospective buyer. If you don't know the nearest De Laval agent simply write the nearest main office, as below.

The DE LAVAL SEPARATOR COMPANY

165 Broadway, New York.

REPORTS FROM WASHINGTON.

Some of the most recent findings of the United States department of agriculture, will doubtless be of interest to the students and friends of this institution. A few of the more important results are selected and given below.

Examination for Appointment as Forest Ranger.

The United States civil service commission announces an examination for assistant forest ranger on October 19 and 20. The examination will be held at National Forest headquarters in Utah at Ephraim, Escalante, Kanab, Logan, Moab, Panguitch, Provo, Richfield, St. George, Salina, Salt Lake City and Vernal.

Candidates must be able-bodied men between the ages of 21 and 40, capable of enduring all the hardships of outdoor life. The examination consists of two parts: (1) the answering of practical questions relating to land surveying, timber estimating and lumbering, land laws, mining, and livestock business; and (2) a field test including riding and packing. Practical experience rather than book learning is the first requirement. Ability to make maps and to write intelligibly, however, are necessary qualifications. Applicants must also be residents of the state in which they seek employment, and should be familiar with local industrial conditions and topography.

Assistant forest rangers are appointed at a yearly salary of \$1,100, and are eligible to promotion to higher grades, including vacancies in the position of deputy supervisor and supervisor.

BEAUTIFUL OFFICE IN MECHANIC ARTS BUILDING.

I did not know till this week, when I chanced to step into the office of the mechanic arts department for the first time, what genuine artistic work was being done by the students of that department. The room is entirely fitted out—walls, ceiling, and furniture—by the students of this school. The beautiful quarter sawed desk, I am told, is the work of first year students at the school. The harmony and neatness of appearance is the striking characteristic. It speaks well for this department of our practical education.

Rumor has it that Wallace Budge, "Prof. Haverts and Hebe Morrell are organizing a secret German society which has met together several times of late in the Janitor's room in the northern extremity. It is said plans are being perfected for a wholesale raid on Prof. Arnold and his light brigade of local French and English valiants who have also effected an or-

ganization. Feeling is running high, but those who know claim the Germans will outnumber their foes at least two to one. Deutsche patriots who are willing to cast their lots for the Wohl of the Vaterland will see either of the above gentlemen at once. The password is "Deutschland, Deutschland über 'alies'."

—Contributed.

HOME SWEET HOME.

I wandered through the busy streets
Of a city large and grand
Twas far across the sea from home
"Twas far from native land,
And tho' that city's fame had spread
O'er land over foam
The thot that came near to my heart
Was the thot of home sweet home.
I climbed historic mountains
To the castles on the Rhine,
I gazed at scenes which would inspire
The soul with thots divine,
I drank at crystal fountains
From the snow clad mountain's
dome,

But one thot still returned to me
The thot of home sweet home.
I viewed the master paintings,
And the statues far renowned,
The old and crumbling relics
In the ancient cities found.
They had come from Babylon and
Greece
From Carthage and from Rome,
And yet the thot most dear to me
Was that of home sweet home.

THE STOMACH OF AN A. C. STUDENT.

Dedicated to the mistress of the
different boarding houses.
(With apologies to Owen Meredith).
Oh, hour of all hours, the most blessed
upon earth,
Blessed hour of our dinners! the city
of his birth;
The bills that for candy he owes,
The twaddle of friends, the chin-music
of foes;
The sermon he heard when to the
chapel he last went
All these things a farmer-student
may forget,
And not be the worse for forgetting;
but yet
Never! Oh! never our luckiest sinner
Hath unpunished forgotten the hour
of his dinner!
Indigestion, that conscience of every
bad stomach,
Shall relentlessly gnaw, and pursue
him with some ache,
Or some pain; and trouble remorseless
his best case
As 'dogies' once troubled the sleep
of "Hungry Pete."
We may live without work, music
or art;
We may live without friends, we
may live without books;
But civilized men cannot live without
COOKS;
We may live without work, what is
work but grieving?
We may live without hope, what is
hope but deceiving?
We may live without love, what is
passion but pining?
But where is the man that can live
without dining?

UNUSUAL ACTIVITY IN DEBATING.

(Continued from page one)

For these debates one team will go either to Missoula or Corvallis and the other remain in Logan. In addition there is the Montana College of Agriculture and Mechanical Arts with whom we have debated for several years.

The question for try outs will be announced in a few days. Watch for it. You don't even know your own ability until you try. And please remember—there is no reason under the sun why the women of the U. A. C. cannot become just as successful in debating as the men.

Seymour Quinney, at one time a student at this institution, re-entered Tuesday, after spending the last three years in Germany. Mr. Quinney will be sure to be a live wire in the Student Body.

William Batt and Hazel Lee, both former well known students of the A. C., were married last week. The young couple will make their home in Logan this winter, where Bill will continue his duties on the Logan police force.

THINGS THAT PUZZLE A FRESHY'S MIND.

Whether horse radish grows in the stable,
Whether egg plants are found in the henery,
Whether a night mare is a driving horse,
Whether honey is made from honey-suckles,
Whether gooseberries are related to geese.

—D.A.F., '16.

YELLS FROM DELTA NU FRATERNITY

(By Bob Major.)

Ruff and tuff, we're the stuff.
We're the gang that's hard to bluff.

Utah Aggies, football maggies
Sh-h-h hear (Utah, Mont, etc)
cry "enuff."

U. of Utah bah! bah!
Utah Aggies rah! rah!
U. of Utah bah! bah!
Utah Aggies rah! rah!
U. of Utah bah! bah!
ba-a-a-h-h-h, B-a-b-i-e-s.

War! war! death! death!
Stop, litsen, hold your breath
Moaning gasping dieing men
U. of U. is skinned again.

Malted milk, satin, silk,
Steak right off the neck
We're sure to win,
And what a sin to
Brand Utah a "has been."
With a dare,
Not a care
While others stop to stare
Utah Aggies everywhere. A

Ding dong bell
Utah's in the well
Who put her in?
Jones and Harry Green.
Will she get out?
Not while we're about.
Will she live long?
No you're sadly wrong.
I've begun to think she's on the blink.
She's getting mighty meek
And looking pretty weak.
I'll tell you what's the matter
We'll surely make things scatter.

A person never really does
his duty unless he does it for
the real pleasure of the thing.

The Gem City Novelty Co.

8422 Bittner Street
Dayton, Ohio

Every loyal student will be at the game tomorrow.

All girls interested in Tennis meet in the Woman's gym. Saturday at 11:00 o'clock.

The latest word from H. B. Schweitzer tells us that he is running a big farm in Richfield.

Howard Brossard, the "Million Dollar Baby" of last year's football team, returned to school the first of the week.

The Physical Education department entertained successfully at a "get acquainted" swimming party Saturday last. Nearly fifty girls were present and enjoyed it immensely. After swimming, refreshments were served in the Woman's gymnasium and dancing followed.

The chapel exercises held last Tuesday were most interesting and instructive. Prof. N. A. Peterson gave the address with "War" at his subject. The singing was also superior to anything we have heard for a long time. The full hour chapel services are certainly an improvement over the old twenty minute system which the students are quick to realize and appreciate as they show by the increased attendance.

Don't forget the dance tomorrow night in the Smart gym.

The town's people boost for our team. Don't let them outdo the student body.

Don't forget the definition given in chapel Tuesday, that a pessimist is one, who of two evils chooses both.

STUDENT BODY OFFICERS AND MANAGERS, take notice that you are to be present at officers meeting every Wednesday at 12:40 p. m. in the student body room.

The Thetas will entertain in honor of Sorosis and the Fraternities this evening in the Woman's gymnasium. Dancing will be the feature of the evening.

Last Wednesday evening the Phi Kappa Fraternity had a rousing merry time at the Frat house. During the fore part of the evening the five new men being initiated did not think it was so funny. But later on they laughed with the rest. The party dispersed from Murdocks, after light refreshments. The new men (the goats) were Lyle Judd, Joe Snow, Homer Christensen, Alma Wilson and V. Palmer.

Dr. Titus returned Sunday from the State Fair.

The Phi Kaps are the proud owners of a brand new piano.

Anna (in Botany): "Say, Erma, what comes after life?"
Erma: "Death."

Ross Beattie is going to give a demonstration of some of the new dances at the next Student Body dance.

The Sorosis girls entertained at their new house Sunday evening. Light refreshments were served.

Nine of the Pi Zets enjoyed a splendid day's hunting in the canyon Sunday. The chickens were served Monday night.

Prof. Thatcher is to be congratulated on the splendid showing made by the choir Tuesday. The choir now numbers fifty-seven voices and furnished us better music Tuesday, although so early in the year, than we heard at the close of last year.

Clinton Kjar was seen around the halls last week. As yet, he is undecided whether or not to attend school this year.

A meeting of all girls interested in tennis will be held tomorrow at 11:00 in the Woman's gym. Be sure and be there.

"Hungry Pete" is wearing a badly skinned nose, as a result of some one's mistaking his face for the landscape in last Saturday's game.

Ernest Mohr, a graduate of '13, and a star football and basketball player, visited the college during the early part of the week. Ern was coach at the Branch Agricultural College last winter.

Since Dr. Widtsøe advised out-door amusements in chapel, we wish to remind the students and the girls in particular, that tennis is among the best of these. There are now plenty of tennis courts and racquets may be obtained at the gymnasium.

GET TOGETHER AGGIES!

Tomorrow on Adams field Coach Teetzel will line his 1914 football team in the initial schedule game of the season against one of the strongest gridiron elevens Montana Aggies have ever put in the field. He will need the combined strength of every student of the college here, as will the team in its fight to uphold the standard of Blue and White.

The results of three weeks of strenuous practice will be thrown against Coach Bennion's month and a half of drilling. The Bozeman team is reputed to be of exceptional strength this season and is expecting to catch us rather unprepared. Coach Teetzel, however, has been doing wonders with his squad and in less than a month has a formidable eleven ready to take to the gridiron.

The football men will do their share. Coach Teetzel has thoroughly performed his duty. It is now up to every student of the Utah Agricultural College to be at Adams field tomorrow, decorated from head to heels with Aggie colors and pennants and in full possession of a lusty pair of lungs. Also see that your friends attend the game.

CAN WE BEAT THEM.
SURE WE CAN.

Coach C. T. Teetzel returned from Salt Lake Monday after witnessing the University of Utah in action against the Wyoming eleven, with considerable respect for the prowess of the Crimson football warriors.

"They're just fifty per cent faster than we are right now, declared the coach. "The men are playing better together than

our team and never before did I see a University of Utah football team work so strong interference and tackle so well as the present one."

Coach Teetzel desires all those who think the Aggies will have an easy time to trim Utah Thanksgiving to change their ideas. He avers the present Crimson team causes him more worry than any Utah eleven of the past. He calls attention to the fact that the Utah team is made up of more experienced men than his, which is decidedly true, but, as the skeptic would remark, "What's experience in a struggle with perfectness?"

The coach is not worrying so much about the Thanksgiving game, just at present. He has plenty of food for thought with the game tomorrow. The Montana Aggies have boasted that this year they would trounce us in a fashion that will long be remembered. Talk is cheap, however.

Basketball practice is being held every afternoon in the gymnasium. Homer Christensen has the rim tossers in charge and reports his string of fifteen men as performing in a masterly manner. Several stars of southern Utah high schools are on the squad and will be eligible after the midyear. A basketball wreath will be welcomed this year and the chances for winning are encouraging.

But, returning to the original subject, the initial football game of the season tomorrow on Adams Field will be one of the fiercest of the season. It is attracting wide-spread interest throughout the Intermountain region. The men who will likely start tomorrow's game will be Peterson, Green and Jones in the backfield and Captain Godbe at quarter. Snow and Owen will be at the tackle positions and Griffin and Anderson in guards. Naylor, Doutre, Walker and Pearl Jones are the sets of ends. Hugh Williams will be at center.

Men are born with two eyes and one tongue, in order that they should see twice as much as they say.—Colton.
