Section II: Program Proposal

Program Change Description/Rationale
Present a brief program change description. Describe the institutional procedures used to arrive at a decision for the change. Briefly indicate why such a change should be initiated. State how the institution and the USHE benefit by the change.

The Master of Business Administration program in the Management Department of the Huntsman School of Business would like to change the title of its "Shingo Leadership and Operational Excellence/Manufacturing Management" specialization to "Supply Chain Management". The new title is much simpler, better describes the primary conceptual content of the courses, and better communicates the skills and competencies graduates possess to organizations hiring program graduates.

Explain how the action is consistent with the institution's Regent-approved mission, roles, and goals. Institutional mission and roles may be found at higheredutah.org/policies/policyr312/. Indicate if the program will be delivered outside of designated service area; provide justification. Service areas are defined in higheredutah.org/policies/policyr315/. Will faculty or staff structures be impacted by the proposed change?

This is a title change. No change in impact.

Finances
What costs or savings are anticipated from this change? If new funds are required to implement the change, indicate expected sources of funds. Describe any budgetary impact on other programs or units within the institution.

This is a proposed title change. There will be no change in finance or budget.
