NUMBER 6.

## DR. PETERSON AT EL PASO

### EXPLAINS THE MOTHERCRAFT COURSE TO IRRIGATORS

At the recent Irrigation Congress, held at El Paso, Texas, President E. G. Peterson delivered an instructive lecture on the work of agricultural colleges. Dr. Peterson said in part:

The colleges and high schools have encountered, and still encounter great difficulties as they adjust their courses to the needs of the community. And those who have followed especially the history of the agricultural colleges of America, cannot but be fired with enthusiasm because of the spirit which pervades their institutions—a spirit at once vigorously patriotic and democratic, and imbued with a fine desire to serve.

The Agricultural Colleges have done more than any other one thing to shape the educational affairs of the nation. They have met the old objection that the colleges produced drones and snobs by turning out men who have eagerly engaged in the work of the world. Our own Agricultural College of Utah has men in all the important industries of the west, leaders of these industries, reclaimers of the desert, builders of the western empire. For every cent that has been expended upon the Agricultural College it has returned to the State a dollar. The State is justly proud of the record and the prospects of the institution.

These colleges are now approaching in their orderly development a great practical field which up to this time they have occupied only in part. This field includes the immediately practical phases of agriculture, stock raising, agricultural manufacturing, mechanic arts, home making and related work. Their other great field is in the field of higher education as such. In addition to training its students for proficiency in the work of the farm, business office, shop and home, it must pro-

(Continued on Page Four)

## FACULTY CRUSHES ENTHUSIASM

### ATTEMPTED RALLY FAILS

The first attempt on the part of the A. C. Student Body to show a wee bit of ENTHUSIASM for the football team was crushed in a most ruthless manner by members of the faculty, last Saturday morning. Not having had a rally at the College preceding the football game with the U. of Wyoming, a few students undertook to arouse some enthusiasm for the game by holding a big rally at eleven o'clock. Through a misunderstanding, some one "started something" at 10:10 and Dr. Thomas and Capt. Santschi were on hand in a moment to disperse the crowd. A second attempt to stir up some noise at 11:50 ended little better, though the snake dance through the halls, to the tune of "No School Today," was participated in by a large number of students.

Unfortunately several examinations were scheduled to take place on this Saturday (on a Saturday when there was to be a football game!) and some of the instructors declared that they would fail every man who did not appear to take the examinations as scheduled. Even Mr. Casto, so recently himself taking a leading part in such rallies, expressed himself in full sym-

pathy with the older members of the faculty. The fact that most surprised the students, however, was to see their old friend Capt. Santschi posted on the stairs taking the names of the leading offenders and threatening to suspend any student who joined in the "rough stuff." The Thomas-Santschi combination was too formidable for the weak-hearted College boys and depression reigned in the halls of the College on the hill.

## FRESHIES PLAY POCATELLO

A return game with the Idaho Technical Institute will be played tomorrow afternoon on Adams Field by the gridiron representatives of the Frosh class. It will be remembered that it was this same team that one year ago rolled up a score of 54 to 0 against the A. C. Freshman team.

The strength of the invaders may be judged to some extent when we consider the fact that one week ago the "U" Freshmen succeeded in winning by a 12-7 score only after a desperate struggle. The "U" Freshman team is composed of old high school players and they were able to roll up a score of 27-7 in their favor when they played the West Side High eleven. Our first team playing the West Side eleven, scored a 20 to 3 victory, a total of four points less than the "U" Freshmen did over the same team.

But let them come, our Frosh team is aching to go. They may be new at the game, but they fight the harder. Coach Goodspeed has an eleven determined to bring credit to their school first and second to their class. "Red" Cox, A. C.'s coming fullback, is a line-plunging demon. "Teddy" Bennion and Olson will make a speedy pair of halfbacks. Jimmy Wiltmore will pilot the team and Sponberg and Pyper will be on hand for a backfield position. The line, selected from the following men, Gardner, Snow, Hobush, Grant, Woodruff, Jones, Despain, Cannon, Neefley and Tanner will make trouble aplenty for the opposing backs.

The Freshmen need our support as truly as the first team does. They are the college players of tomorrow. The game at 2:00 o'clock tomorrow promises to be as interesting as any inter-collegiate contest. Be there.

Dr. Davis will referee; O. W. Adams umpire, and Stoney will be timer.

## FRESHIES HUMBLE SOPHS

Last Friday night the Freshies triumphed over the Sophs in their annual "scrap" which was held on the tabernacle grounds at 8:00 p. m. Coming in the darkness, and being of short duration, the rush furnished very little amusement for the crowds who gathered to witness it. But it did give the Freshies an opportunity to demonstrate their superiority at the rough and tumble game. Forming two lines fifty feet apart equal numbers of each class were released at given intervals and fought to carry their opponents into their own ranks, where they were allowed to paint the faces of their victims.

The Seniors and Sophs play the first game of the interclass football series this afternoon at 4 o'clock.

## SQUAD OFF FOR NEVADA

### STUDENTS MARCH TO STATION

The Student Body turned out in force at eight o'clock yesterday morning and gave Coach Watson, Manager Howells, and their squad of sixteen football men a rousing send-off at the O. S. L. depot. After gathering at the corner of Main and Center streets, the students marched to the station, led by the band and singing the College songs. Rousing cheers as the train backed out of the station sent the boys away with a determination that should bring a scalp back from Nevada.

The following men were selected by the coach to take the trip: Judd, Lindquist, Rees, Cannon, Gardner, Sutton, Morrell, Smith, Kapple, Twitchell, Peterson, Johnson, Mohr, Hendricks, Lewis and Curtis.

## NICHOLS MANAGER DRAMATICS

Mr. Delore Nichols has been appointed by the Executive Committee to fill the vacancy caused by the resignation of Mr. A. E. Palmer, Manager of Dramatics and Socials. The selection of Mr. Nichols to this office was indeed a happy choice. No member of the Student Body is better fitted to take charge of the dramatics and social activities of the College. Having been actively identified with Miss Huntsman and her work for two years, and being at present manager of the Periwig Club, Mr. Nichols is thoroughly acquainted with the business connected with the management of dramatics. He has also taken an active part in class affairs, having acted on many important committees, including that of the Junior Prom. Under the management of Mr. Nichols the socials and dramatics at the College are assured a successful year.

## POLITICIANS AT CHAPEL

### BAMBERGER AND ROBERTS ADDRESS STUDENTS

Chapel exercises Wednesday were a peculiar mixture of politics, sociology, and religion. The Honorable Simon Bamberger entertained the students with a speech full of sound advice and liberally flavored with politics. The Honorable B. H. Roberts called the assembly back from the thoughts of consolidation and prohibition and carried them into spiritual realms. His speech was indeed a feast to those who enjoy a taste of the religious.

Mr. Bamberger spoke of his rise from poverty, of his appreciation of the educational advantages which the young people of Utah enjoy, of the nature of Utah's resources, and of the need of trained men to develop the state. His advice to the young men was to the effect that if they expected to accomplish anything worth while in the world, they should abstain from drink and from the use of tobacco.

After reviewing briefly the history of the consolidation question, Mr. Roberts delivered an impressive sermon on the need in every life of a fixed comprehension of the existence and nature of God. For a

successful life, in the broader sense, this central thought should be firmly fixed and all actions should move out from that sense of the existence of deity. The one great need of everyone engaged in the serious business of life is to come to a knowledge of this beneficent force, this great controlling power. The feeling of the true relation of man to God will give unthinkable moral and spiritual strength.

The choir rendered "Just As I Am," in a very pleasing manner. Mr. J. E. Kirkham and Miss Mabel Larsen singing the duet part.

## SANTSCHI SELECTS OFFICERS

Captain Eugene Santschi Jr., last Thursday announced the assignment of officers and non-commissioned officers to the Cadet Battalion. Four complete companies are organized. The department has the support of the President in a degree unprecedented. The men like the new O. D. uniform extremely well. We should have an unparalleled year of success in Military training.

The roster is as follows:

### Staff Officers

To be Major, Moses F. Cowley.  
To be Adjutant, Lee Dean, 1st Lieutenant.

To be Quartermaster, Miles Browning, 1st Lieutenant.

### Non-Commissioned Officers

Sergt. Major, Charles Price.  
Quartermaster Sergt., Hulme Nebeker.

Color Sergt., Howard Hudman.

### Company A

Captain, Sumner Hatch; Lieuts., Thomas Hughes and E. C. Kent; 1st Sergeant, Arno Kirkham; Sergts., Stock, Kirby, Knudson; Corporals, Stanley Nelson, G. A. Croft, Stanford, W. D. Richards, Funk, Hale.

### Company B

Captain, H. Mark Earl; Lieuts., J. M. Hughes, Wm. Turner; 1st Sergt., J. W. Poulter; Sergts., Douglas Cannon, Young, Jerman; Corporals, F. L. Anderson, Plinton, Backman, Joe Lowe, Harry Halton.

### Company C

Captain, Geo. Holmstead; Lieuts., I. Jensen and one to be appointed, 1st Sergt., Heber Meeks; Sergts., Ewing, Schow, Barlow; Corporals, Dunford, Clark, P. Nelson, A. D. White, Coffman.

### Company D

Captain, F. Richards; Lieuts., S. R. Barber and Carl Peterson; 1st Sergt., J. O. White; Sergts., Croft, Christiansen, Ballif; Corporals, G. B. Cook, Thorne, Boberg, Mitchell, Sutton, Douglas Smith.

## COMMERCIAL CLUB BUSY

A meeting of the Commercial Club was held Friday, October 13, for the purpose of electing new officers to fill vacancies caused by the failure to return of some of those elected last year. The officers filled were those of President, Vice President, Cheer Leader, and members of Board of Governors. The list of officers is now as follows:

President, James O. White.

Vice-Pres., Howard Christiansen. Sec-Treas., C. W. Nisson.

Cheer Leader, Lewis Rowe.

Board of Governors, Geo. S. Bates, S. L. Ballif, and Lyle Judd. Publicity Committee, W. J. Merrill, chairman; L. T. Ralph, J. W. Parry.

A special committee composed of (Continued on Page Four)

## AGGIES LOSE SECOND GAME

### SCORE 23-10 IN FAVOR OF THE COWBOYS

Wyoming came forth in the second conference game of the year for the Aggies and left the farmers thirteen points in the rear. The Aggie players were not outplayed, as the score might indicate.

Fumbles robbed the Aggies of at least an even break with Wyoming when "Stubby" who is usually "dead sure" as far as punts are concerned missed two very near the Aggies goal line. Cartell of Wyoming recovered both fumbles and later plunged over the few remaining feet to score two touchdowns which netted the invaders thirteen points.

In general teamwork the Aggies were equally as effective as their opponents. They repeatedly held for downs while they ran back punts, recovered fumbles and tore through the line on a par with Wyoming. In executing forward passes Wyoming failed entirely, while the Aggies scored one touchdown; one twenty-five yard gain and several shorter gains as the result of passes. Aral proved true to his name when he connected with two high passes, scoring one touchdown and making a long gain on the other. Kapple intercepted a pass near the end of the second quarter and made a brilliant run of thirty yards.

All Wyoming had to offer was Cartell, a speedy right half-back and Craig, a lanky fullback, who only needed to extend himself about twice to make his yards. This same man did the punting for his team, intercepted forward passes, called signals and found holes in the opposing line. Twitchell, however, brought the willowy Craig to earth for a few minutes in the third quarter when he hit him low.

A place kick by Kapple in the first quarter from the forty-yard line, the forward passes of the Aggies and the work of Craig were the features of the game.

Injuries prevented Captain Judd from entering the game until late in the third quarter and it was impossible for him to play up to his usual brilliant form.

On the line "Swede," Cannon, and Mohr played the best ball, while the backfield men all carried the ball for good gains.

Wyoming had the long end of the score, but the important thing about it was the fact that every Aggie fought all the time. Utah will discover this fact November 11.

### The Line-up

U. A. C.	WYOMING
Lindquist.....	l.e. ....May
Morrell.....	l.t. ....Partridge
Rees.....	l.g. ....Banks
Cannon.....	c. ....Long
Gardner.....	r.g. ....Snell

Volume XV. FRIDAY, OCTOBER 27, 1916. Number 6.

There seems to be some lack of harmony on the part of members of the faculty as to the time of closing their classes. At least one instructor whose word is to be considered seriously has told the members of his classes that it is their right to leave any lecture in time to reach the following class before the sounding of the second bell. On the other hand, an instructor of equal standing has absolutely forbidden his students to leave his classes until he has formally released them.

There are some instructors who have formed the habit of prolonging their lectures until it is impossible for their students to reach their succeeding classes on time. In such cases, what are the students to do? As indicated above, advice on the matter is conflicting, and some students are at a loss to know what course to pursue in such a case. Can the faculty not give us something official as to their attitude in this matter?

### THE HOOD

Let us remind contributors to the "Hood" once more that we desire all articles submitted to be signed. It is no more than proper that we know whose ideas we are publishing.

### THAT FOGY

"College life," the fogy said, "is for the boob who's lost his bean; No man who's sound within his head should e'er within such walls be seen. Some old guys with bearded chin have left the farm and joined the crew; who if 'twas right would be in pen to suck their finger for a stew. This College stuff I don't require; it's all for babes and empty jays, I know as much in one half hour as College dudes in ninety days. Their "Trig" and "Math" and "Chem" and "Zoo" is not for heads like mine to learn. The things I want most bad to know is how to milk and run a churn. "Chem" and "Math" and "Trig" and "Gym" will never haul a load of hay. They simply form the cracks wherein the spider webs may form and stay." With this old toad I can't agree; his brain is loose within its walls. What he has said I cannot see for he was raised behind the stalls. He sees but cows and pigs and rye. He knows that grain won't grow on stone, but when it comes to knowing why there's never anybody home.

MAZE WALTON.

## The Hood

### AMEND THE CONSTITUTION

The controversy which has arisen since the action of the Executive Committee in appointing Mr. Cowley vice-president of the Student Body has brought me to the conclusion that an amendment to the Constitution is necessary.

In my opinion the Executive Committee acted wholly within their constitutional rights, but the very fact that there has been a controversy is evidence that such a process of filling vacancies is unsatisfactory. Men may thus come to office through intrigue. For by the very simple process of resignation a person by the conniving of his friends may be given a position which the students would never have bestowed upon him. Carrying the idea a little further the whole roster of Student Body officers might thus be changed. Not an official would be a representative of the Student Body. Such a process invites corruption and leads to incompetency.

The method is in opposition to the very fundamental principle of democracy. It gives to a few the power to place in vacancies officers who preside over the whole Student Body. Any person coming to office by this means is not representative of the students. Who is there that wants to hold such a position without the sanction of those whom he represents? Over them stands an officer without their approval. Their mouths are absolutely closed; they cannot register a protest against his appointment. It is autocratic in its nature and fundamentally wrong. In a democracy the will of the people makes their laws and the sanction of the people sustains their officers. We should

hold these principles inviolate if we would maintain the democracy of our Student Body.

It is unjust to the Student Body and to the officers. We are far removed from the Middle Ages. Over the walls of despotism reared against the advancement of liberty and freedom has grown the moss and lichens for centuries. We need no arguments to persuade us that it is justice to the students that they say who shall preside over them. We need no arguments to persuade us that it is justice to the officers that they be sustained by the Student Body.

Some may argue that if an appointment is unsatisfactory a two-thirds vote of the Student Body will remove the officer appointed. That is side-stepping the issue. You have still robbed the Student Body of sanctioning whomsoever shall be appointed. To recapitulate the present method is unsatisfactory for it invites intrigue, corruption and incompetency. It is in opposition to the fundamental principle of democracy, for the officer so appointed is not representative. It is unjust for it takes from the students the right to sanction, and from the officer the right to be sanctioned.

For these reasons I am persuaded that the Constitution should be amended so that appointments made to fill vacancies in Student Body offices must be ratified or sanctioned by the Student Body. The appointive power was given to the Executive Committee for the purpose of facilitating the business of the Committee.

With such an amendment as I propose the facilitating of business will not be interfered with, and we will be preserving a fundamental principle of democracy which we can not take the hazard of transgressing.

MECKS.

### INVITATION FROM KASIUS

Ray Beecraft has received the following letter from Peter Kasius, President of the Student Body of the University of Utah:

"I note by Student Life that athletics have received a vigorous impetus in the person of your new coach. I also note with regret that the season opened somewhat disastrously for you, but we too have drunk from the same bitter cup from the hands of the same bunch. The interest here is now centered on the outcome in California, and on the game with Boulder the following week. We confess modestly (as only a U man can) that we have championship aspirations. Will they be shattered on Nov. 11? We are already planning great things for that day. This is what we expect. The usual several hundred from Logan. The usual four quarter fight between the elevens, (with the usual result.) The usual friendly rivalry between the bleachers. An unusual celebration after the game in honor of all the visitors—plenty to eat—lots of noise—a mixed stampede with orchestra accompaniment. Remember we expect a veritable mob. Sincerely,

PETER KASIUS.

### DO WE WANT THEM?

An editorial which appeared in the Student Life of October 13 should again be brought to the attention of the Student Body. The suggestion should be acted upon by the Executive Committee and faculty, forbidding the aggressiveness and soliciting of such student parasites as life insurance agents, solicitors, etc. In my opinion the halls of the A. C. are no place for such business. I am heartily in favor of taking drastic measures against this student nuisance, that the Student Body appoint a committee to investigate and see what can be done.

A repetition of last spring's insurance campaign would not only be embarrassing to those students who fall victims of such solicitors but it would lead a visitor to wonder why a modern savior did not come and overthrow the "tables of the money changers" and rid the halls of business transaction. Student Body and faculty, when shall we put up the sign "Solicitors Not Allowed."

DELORE NICHOLS.

"Say Billy, vot's a preferred creditor?"

"That's a guy ye owe money to wot ken lick ye."

## Locals

Miss Barbara Larsen spent the week end at her home in Brigham

Della Morrell writes from Thayne, Wyoming, that Will Evans, '16, and Mable and Sybil Spande "are in this vicinity."

Alma Esplin, '16, has asked to have Student Life sent to Cedar City. Mr. Esplin is County Demonstrator of Iron county.

Andy Anderson, '16, writes from Afton, Wyoming, that if Student Life doesn't reach him soon, he'll be in Logan after it. He came.

The Dixie Normal College, in conjunction with the Academy at St. George, Utah's southern most college, is undertaking the publication of a school paper.

For Rent.—One room furnished for lodging or housekeeping, cheap if taken this month. First house in rear, back of court house. Mrs. Le Roy Benson.

"Dave" Freedman, '16, has been visiting his friends at the College this week. Dave says that he could not resist the call of business. He had registered for a commercial course in Harvard.

Evangeline Thomas, contralto, Mr. Clarence Hawkins, clarinetist, and Mr. L. Sardon, violinist, all Utah artists, will appear in the Tabernacle, Friday night, Oct. 27, at 8 p. m. Tickets 35c and 50c.

Mr. Wallace L. Murdock, '16, has sent his alumni fee from Stevensville, Montana. He is working as cow tester in the Bitter Root Valley. He is doing the first work of the kind to be conducted in Montana.

The letterhead of the Star Valley High School contains the names of the following U. A. C. alumni: J. S. Robinson, '16, Principal; R. R. Bacon, '14; A. W. Anderson, '16; Enoch Nelson, '16; Josephine Burton, '13; Della Morrell, '13; and H. D. Clark.

Since the arrival of the cadet "unies" our halls have taken on the appearance of a citizens training camp. The new suits are of the regulation Uncle Sam variety and seem destined to become quite popular. In fact, a large number of cadets have already appeared fully clad regardless of the obnoxious smell of bug juice which seems to have accompanied every uniform. Some of the fits may be classed as questionable also and will necessitate considerable growth on the part of some students. Meanwhile we are all waiting breathlessly for the first official appearance of the entire battalion when we will no doubt be very agreeably surprised.

Mrs. Ida L. Allen was a guest at the Sorosis house Sunday and Monday.

Mr. Andy Anderson, '16, was a visitor at the Pi Zet house the fore part of the week.

Mrs. M. F. Cowley spent the week end in Logan visiting with her son, Moses. She was a guest at the Sigma Alpha house Sunday.

### SOPHS ATHLETIC MANAGER

At a special meeting of the Sophs held Wednesday "Stubby" Petersen was elected football manager by acclamation. The Sophs have a lot of good material and are going to give the other classes the race of their lives for the football championship this year. Most of the men who played on the class team last year are back, and with the members of the Freshmen team disqualified for the class series, the prospects for the Sophs taking the series are very bright.

### TO MEMBERS OF FACULTY

Why don't the faculty members get their Student Body cards? At the three football games, there has not been a faculty member with the exception of two, show his student-body card. The faculty should support these activities as well as should the students. Without money we can have no football games and any other kind of games, therefore let's see every member of the faculty "fork over five beans" and obtain his card.

HOWARD CHRISTIANSEN.

### COACH CALLS FOR BASKETBALL MEN

At the call for basketball men the Gymnasium should be the scene of much activity. There should be many recruits out for places on the basketball team. All men who are not out for football and those who would like to try for a place on the College team should be out every night, so that they may be in fit shape when the season starts. Preparedness is the watch-word today, therefore get your togs on, and begin the preliminary work for a hard, winning basketball season.

With Captain Johnson back, and such other regular string men as Kapple, Smith, and Twitchell, we should have a nucleus around which a strong quintette can be built. There are already about fifteen men practicing regularly in the gym. There are a good many men in school this year who have made good at the hoop-game in their respective high schools. McKay from the Weber Academy, who played on the state championship team, should be a good man for the center position, and with all the other men from the different high schools, the Aggies should have a winning basketball team.

Fame tarnishes in time, and men grow out of fashion as well as language.—Marcus Aurelius.

**Purebred Registered  
HOLSTEIN  
CATTLE**

The preliminary report of tests covering the period since 1909, and just published by the Iowa Agricultural Experiment Station, states that the average of records made by first generation heifers by a purebred Holstein sire, shows an increase of 71 per cent milk and 42 per cent fat, at an average age of 3½ years, over the record of their scrub dams at the average age of 6 years. These dependable reports show very plainly that the introduction of a purebred Holstein bull to a herd of common cows will materially increase production and profits. There's big money in the big "Black and White" Holsteins. Send for FREE Illustrated Descriptive Booklets. The Holstein-Friesian Association of America, P. L. Houghton, Sec'y, Box 280, Brattleboro, Vt.

**SOCIETY**

The Sigma Alpha Fraternity entertained at a "rush" party Saturday evening at their home on East Center.

The Delta Nu Fraternity announces that Douglas Cannon is now a full-fledged member.

October 19 Sorosis Sorority entertained their members and new pledges at a "movie-Bluebird" party.

The Senior class held its first party October 23 in the Woman's gym. The official garb was "sack aprons and overalls," making the assembly closely resemble one of those good old "corn huskings" of which grandma tells. There was a jovial spirit for the haughty (?) Seniors frolicked like children in country dances and on the haystack. The rustic effect was further enhanced by corn stalks apparently growing close to the walls. Apple cider, gingerbread, and luscious Jonathans were the appropriate refreshments served.

The Delta Nu Fraternity entertained at progressive cards Oct. 23. Seven tables were played. Dr. G. Hill and Prof. N. A. Pederson were among those present.

The P. Zeta Pi Fraternity and thirteen guests spent a pleasant evening at cards on Saturday, Oct. 21.

Some people ask "Are there any Juniors in the A. C. this year? And we answer by saying: Could they but half know, what a gala time these Juniors spent at their first "Pow-Wow" last Saturday night, they would never mourn again. The particulars are in every way a secret, but to put the Freshmen wise and to keep the Seniors posted, we say these few words:

A grand gathering at the Tabernacle.

1—7 p. m.

Migration to Lyric.

1—Gallery seats intended.

2—Dutch style requested.

Peek in at Murdock's.

1—Dancing.

2—Talking.

3—Drinking (punch).

At Home.

1—11 p. m.

The Liveliest Time Ever.

(a) All absent members sorrow filled.

Chairman Nichols of the Ag. Club Ball, with his aids, are very enthusiastic over the possibilities for the best Ag. Club ball ever given. The delicate tints and colorings of autumn with their beautiful blendings will form the color scheme of the entire decorations, which will be worked out in autumn leaves.

The corners of the gymnasium will be made attractive by booths to be built and decorated by the departments within the School of Agriculture. The committees are now planning their booths with an originality and brilliancy worthy the stamp of "Made in Paris."

This is not all. Something you all know, yet you don't; seen yet not seen; felt, still it is obscure; wanted, but still wanting; will be there.

The girls are ready to be asked now. Ask them.

The specials held an informal get acquainted party in the Woman's gymnasium Wednesday night. Dancing was interrupted just long enough to permit a handshake and a get acquainted game. The boys drew partners for the evening.

**QUILL CLUB**

The Quill Club will hold a special meeting at the Sigma Alpha Fraternity house next Thursday at 7:30 p. m. All desiring to become members should submit contributions before Thursday at 1:00 p. m.

No great thing cometh suddenly into being.—Epictetus.

**DR. PETERSON AT EL PASO**

(Continued from page one)

duce leaders of thought and must itself be the exemplar of the advanced civilization which it preaches. It must therefore graduate men and women who will go into the profession of teaching or be leaders in the world of scientific research and investigation. It must prepare the new army of county agents who represent the most important and significant educational movement in America today. It must husband the most advanced scholarship and learning. No one denies to Agricultural Colleges this function.

One of the most interesting problems of the immediate future is the problem of meeting adequately the pressing need for men and women trained for proficiency in the industries which the Agricultural Colleges represent. Here if they have failed at all they have failed in part.

They have possibly taught too much chemistry and physics and not enough crops and animal husbandry and diseases of crops and animals and soil, and soil treatment. They have not given the girls enough training in mothercraft. They will now occupy this field of the intensely important and intensely practical.

The question of delicacy in regard to women's work sometimes raised here may be ignored as senseless. It reminds one of the attitude of the thinkers of one state of our history, who would not deign to look into a horse's mouth to see how many teeth he had, but would consume many hours in learned discussion of the question, consulting at length all authorities but the horse himself.

A course in Mothercraft, I know, should be surrounded by a finer sentiment than that which surrounds our average course in science. There should be no spirit of idle curiosity; but rather a deep, spiritual regard for the subject matter. The Agricultural College of Utah this year, (and first among the public institutions of America, according to my present information) frankly has outlined and is now very satisfactorily, to us, giving work in Mothercraft. Girls are assigned to the work in homes, with the mother responsible in all cases, and the care of the child is undertaken under the supervision of the college physician. Credit is given for the work according to the time spent and the problems encountered. In a practice house, according to our plan, children will be brought with their mothers, and the girls will be given practice in the feeding, clothing and instructing of the children. There are play hours and work hours, depending upon the age of the child.

You will be interested to know that the response has been immediate. Girls take to the work. It calls for their best effort. It means more to them than the most complete knowledge of chemical technique. It is our firm plan to enlarge this sphere of our activity, and decrease the amount of work now demanded of girls in the exact sciences.

**COMMERCIAL CLUB ELECTION**

(Continued From Page One.)

Geo. S. Bates, chairman; S. L. Ballif and L. T. Ralph was appointed to investigate and make recommendations for a new Constitution for the Club.

In comparison with the number of men registered in the School of Commerce the attendance was small. We have capable officers and if the commercial men will only support us we can make this a good live Club, and of benefit to every member. Get in with us and boost and let's make this the biggest and best Commercial Club the school has ever had!

A meeting of the Commercial Club was held last Friday for the purpose of considering the new constitution. This was discussed and amended, being finally passed upon and accepted.

**DE LAVAL  
SEPARATED CREAM**

The most important of all butter-scoring contests are those that take place at the National Convention of the National Buttermakers' Association, held in recent years in conjunction with the National Dairy Show. The first prize winners at every convention of the association since its organization in 1892 have been as follows—all De Laval users:

1892 Madison, Wis.—Louis Brahe, Washington, Ia.  
1893 Dubuque, Ia.—C. W. Smith, Colvin's Park, Ill.  
1895 Rockford, Ill.—F. C. Oltroge, Tripoli, Ia.  
1896 Cedar Rapids, Ia.—Thomas Milton, St. Paul, Minn.  
1897 Owatonna, Minn.—H. N. Miller, Randall, Ia.  
1898 Topeka, Kan.—Samuel Haugdahl, New Sweden, Minn.  
1899 Sioux Falls, S. D.—A. W. McCall, Creston, Ia.  
1900 Lincoln, Neb.—H. T. Sondergaard, Litchfield, Minn.  
1901 St. Paul, Minn.—E. O. Quenvold, Owatonna, Minn.  
1902 Milwaukee, Wis.—E. L. Duxbury, Green Bay, Wis.  
1904 St. Louis, Mo.—L. S. Taylor, Glenville, Minn.  
1904 St. Louis, Mo.—J. C. Joslin, Minn. World's Fair Grand Prize Butter.  
1906 Chicago, Ill.—A. Carlson, Rush City, Minn.  
1907 Chicago, Ill.—A. Lindblad, North Branch, Minn.  
1908 St. Paul, Minn.—J. C. Past, Hector, Minn.—J. C. Past, Hector, Minn.  
1909 Milwaukee, Wis.—A. J. Anderson, Otisco, Minn.  
1910 Chicago, Ill.—Albert Camp, Owatonna, Minn.  
1911 Chicago, Ill.—A. J. Anderson, Otisco, Minn.  
1912 Chicago, Ill.—A. L. Radke, Plato, Minn.  
1913 Chicago, Ill.—O. N. Petersen, Rapidan, Minn.  
1914 Chicago, Ill.—Thomas Sadler, Oelwein, Ia.  
1915 Mason City, Ia.—Emil G. Oman, Delano, Minn.

(There were no national conventions in 1894, 1903 and 1905)

Such evidence of the superior quality of cream produced by the De Laval Cream Separator no cow owner considering the purchase of a cream separator can afford to overlook.
