IDAHO SUCCEEDS IN DEFEATING THE AGGIES

DR. PETERSON RETURNS FROM EAST

BRINGS IMPORTANT NEWS — R. O. T. C. AT U. A. C.

Dr. Peterson returned last week from his trip to Washington D. C., where he attended the convention of the American Association of Agricultural Colleges. President Peterson brings to us news of two movements, now on foot, which may affect the U. A. C. and which cannot but prove of extreme interest to students of the College.

At the meeting in Washington Federal officials announced and explained a plan whereby it is hoped to create a reserve corps of army officers. Details of the R. O. T. C. (Reserve Officers Training Camp) plan are as follows: Students attending Land Grant Colleges throughout the country will be privileged to obtain free military uniforms for drilling. At the expiration of the first two years of drill work, those desiring to continue their military training may sign a contract, whereby they promise to volunteer for service in case of war. Those signing such a contract are allowed nine dollars per month and on graduating will be permitted to become temporary Second Lieutenants at one hundred dollars a month. It is evident that, with free uniforms provided, the first two years and nine dollars a month the last two, many young men who now find it impossible to attend college would be able to obtain a higher education.

It is not the object of the R. O. T. C. movement to force militarism upon any school, but simply to add young men to attend college and at the same time supply the country with a competent class of citizen officers, who can serve their country in time of need.

This matter will be presented to the Board of Trustees immediately and, if favored by that Board, application for the necessary appropriation to install the R. O. T. C. will be made.

The second question of importance discussed at the convention of agricultural college workers was the proposed Newland's Bill. It is the purpose of this bill to give the agricultural colleges aid in their agricultural work.

BIG SHIRT TAIL PARADE

Shirt tails and pajamas reigned supreme in the business section of Logan Wednesday evening. The people of the Cache metropolis, out in force to complete their Thanksgiving purchasing, were treated to a demonstration of college spirit that the annual shirt-tail parade alone can furnish. Theater goers at the Lyric were forced to forget Blanche Sweet while the long line of night-shirted Aggies, led by assistant yell master Fitzgerald and the Be-No boys, spelt their way down the aisles and out again. Visitors at the Bluebird laid their straws aside and feasted at the Hotel Logan dropped knives and forks to watch the supporters of the white and blue "snake" dance about the tables in the candy store and the dining room.

From the hotel the serpentine followed the band to Second North

where the Freshies had started a crackling bonfire. Here the Sigma Alpha boys and the Sorosis girls sang and proclaimed the salvation of Aggie spirit. Amid wild cheers Asa Bullen, Ray B. West and Coach Jack Watson told what such support as was being evidenced could do to aid a football team.

Thousands of townspeople witnessed the parade and the rally, keenly enjoying the capers of the college lads.

LOUD SOCKS MAKE BIG HIT

ANNUAL EVENT ATTRACTS MUCH ATTENTION

McKAY AND GALEY WIN PILLOWS

Morgan McKay and Evelyn Galey are the noisiest couple in school. Such was the verdict of the judges of the "loud socks" parade Wednesday. It was no easy task, however, for Miss Sevey, Lowry Nelson and Alma Wilson to decide to whom belonged the honor of creating the greatest uproar by means of those glad rags which bedecked the pedal extremities of members of the U. A. C. student body on the annual "Loud Socks Day."

After the general parade had passed across the stage, the judges called Messrs. Van Wagner, Becraft, McKay, White, Merrill, McBride and Anderson to again display their colors. Misses Jessie and Emma Eccles, Mary Clayton, Evelyn Galey, George Davidson and Karma Parkinson were also called to add their splash of color to the already dazzling display of holiness.

The judges deliberated some ten minutes, during which time Song Leader Eb. Kirkham led in a spirited song practice. Miss Galey and Mr. McKay were announced as winners and were each presented by Mr. Nelson with an A. C. pillow, the prizes offered by Mr. Coburn in behalf of the bookstore.

FRESHIES CLASS CHAMPIONS

DEFEAT SOPHS 13 TO 6 IN FINAL GAME

In a hotly contested game the Fresh team nosed out a victory over the Sophs last Saturday, thereby winning the class football championship. Fumbles were costly to the Sophs, the first touchdown coming as a result of a fumble occurring in the first period behind the Soph goal. Sutton recovered the fumble for the Fresh.

In the third period the Fresh again carried the ball over when Crane intercepted a forward pass. A pretty forward pass in the fourth period, Turner to Merrill, netted the Sophs forty yards and placed the ball close to the goal. Croft carried the ball over on a line plunge, but failed to kick goal.

On straight football the Sophs gained more ground than their opponents did but fumbles lost their gains.

Croft and Merrill played the best ball for the Sophs while Crane and Sutton played a strong game for the Fresh.

U. A. C. BOOSTER APPEARS

ADMIRABLE COLLEGE SPIRIT DISPLAYED BY BE-NO CLUB

Again the ever-ready Be-No Club has come forth with a very commendable exhibition of true college spirit.

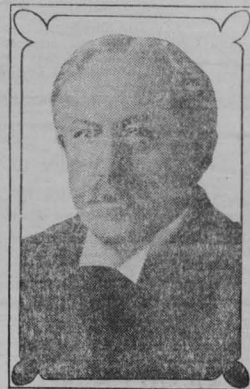

The U. A. C. Booster, a twenty-page paper, published by the Club and distributed free to the students of the College, represents an admirable loyalty to the U. A. C. which should prove an inspiration to every student on College Hill. None but those who have had experience in publishing work can appreciate the labor and time which is necessary to make a paper like the U. A. C. Booster.

The paper in itself is not what it would have been had the University of Idaho been willing to supply pictures of their team. The Be-No boys were not successful in their endeavor to obtain cuts from the U. of I. However the literary work displays originality and furnishes good reading throughout.

If we be not mistaken Louie Rowe and Stubby Peterson deserve special credit for their work on the Booster.

DR. JORDAN TO LECTURE

LYCEUM COURSE OPENS DECEMBER 6

DR. D. VID STARR JORDAN.

On December 6th we will have here to lecture, Dr. David Starr Jordan, the renowned author and lecturer. Dr. Jordan is perhaps the greatest advocate of disarmament for universal peace, in the world, and his address here will be upon that subject. At the present time no other international question demands more serious thought and consideration, and the fact that it will be presented by a man who is spending practically all of his time in its furtherance should make it particularly forcible to all interested in present day problems.

This is the first number on our Lyceum course for this season. Every year under the auspices of the combined U. A. C. and B. Y. C. student bodies a Lyceum course, including only a few attractions of the highest class, is arranged for the evening.

Coach Watson's Men Take The Small End of a 15-27 Score at The Hands of Bleamaster's Northwesterners. Idaho's Bulk Too Great for the Local Eleven. Largest Crowd of the Season Witnessed Fast Performance.

The Utah Aggies closed the 1916 football season by taking the short end of a 27-15 score from the University of Idaho. Playing against big odds, superior weight, and a slippery field that prevented a real exhibition of their speedy backfield, the Aggies were steadily forced into the small end hole. No one could criticize the Aggies, in fact every one was loud in their applause for them, but the 200 pound line of the Northwesterners, was simply too big for the 170 pound men of the Aggies defense line. Our local backfield was able to uncork speed at times that simply bewildered the Idahoans, but this brilliancy was soon overshadowed by the heavy pounding of the massive Idaho line and their hard hitting backs. Utah lost not because she was outplayed, but because she was outweighed.

"Stubby" Peterson Stars

Stubby Peterson was probably the bright spot in the Aggies line-up. It was the little shifty back field man who grabbed a forward pass in the second quarter and ran 35 yards to a touchdown, tying the score. It was the same 120 pound piece of lightning that time and time again prevented Idaho scoring when their backs had shifted through our line-up. Kapple, playing probably for the last time in an Aggie uniform, gained a place in the heart of every student at the College and every fan who witnessed the game. Not only did he general his team in almost perfect fashion, but he was one of the most consistent ground gainers for the local aggregation and a star

on defense. Johnson, who is also playing his last season for the Aggies, performed wonderfully on defense and was always a dependable ground gainer. Captain Judd at right guard, was a tower of strength to the line. The big star broke through Idaho defense time and again, often sending the offense for a loss. Every other man on the line-up could be mentioned with as much praise. It was a game of eleven stars playing with every ounce of strength there was in them. No Aggie need feel downcast over the result of the meet.

Idaho also had some wonderful players. Gerlough playing left half for the Northwesterners, bore the brunt of the offensive work, beside being one of the best tacklers on the field. Dingle at quarterback played a clever, heady game, and helped add to Idaho's score. Keane at the other half and Capt. Hays at center, both played a game worthy of mention on any gridiron.

Idaho Begins Scoring

Scoring began in the first quarter. Utah kicked off, Idaho returned 40 yards. Idaho made her downs once and this added to a five yard penalty on Utah for offside, took it to the Aggies' 7 yard line. Idaho crossed on two straight line backs by Thompson and Gerlough. The goal was kicked. Utah, not to be outdone, scored in the same quarter. Receiving the ball on her own 20 yard line, the Aggies went for a touchdown in four downs. Kapple, Peterson, Johnson and Kapple respectively, slipped by Idaho's defense for a total of 80 yards, and a touchdown. The crowd simply went mad, and refused to be quelled. Kapple missed goal, making score 6-7. The next scoring took place in the second period when Idaho was forced to punt from her own one yard line. Moscow's center fumbled, the Aggies broke through and blocked the pass, scoring a touchdown, putting Utah one point to the good. Things were sure looking rosy for the Aggies. In the same quarter Idaho received the ball on her own 20-yard line and by a series of line plunges advanced to the middle of the field. The Aggie team fought like demons but Idaho's bulk was too much. Two fumble plays and another series of line bucks crossed Utah's line again. Idaho kicked goal. Score 14-8.

Aggies Take Lead

The third quarter saw the score changed again. Kapple, with the ball on Utah's 40-yard line, heaved a pass to Stubby Peterson. Every Idaho man was after the little back, but in an almost miraculous fashion he squirmed his way through that entire line up and planted the pig skin squarely behind the post. Aggie hopes flew to the sky when Captain Judd kicked goal.

Stubby's play was followed by an equally spectacular one by Keane for Idaho. The Moscow back received the ball on the kick-off immediately following the Aggie score and marched through our entire aggregation for a touchdown. Gerlough

Benedicts Revel In Annual Dance

After the babies had been snugly tucked away in slumberland the U. A. C. Benedicts and wives met in the Ladies gym, Monday evening, and enjoyed one of the good times that only Benedicts know how to arrange. The old time quadrille was the feature of the evening. Could you have seen those Benedicts "hit the lumber with their leathers," you would have adjudged them the liveliest crowd in school. It is good to be a Benedict.

Workers Return From Institute

Miss McChayne has just returned from an extension trip to Carbon, Emery and Millard counties. She was assisted in her institute work in these counties by Miss Goldie Faux and Raphael Olsen, the child specialist. Miss McChayne reports that Miss Pettie White, Home Demonstrator in Millard county is doing an excellent work in the homes in the district under her supervision. The women who attended the classes conducted by Miss McChayne expressed themselves as much benefited with the instruction they received.

COLLEGE ROLL

Since the publication of the College Roll many questions have been asked regarding the basis of computing scholarship standing and eligibility to the first and second rolls. The article "New Basis of Scholarship," published in this issue of Student Life will clear up all doubt in this respect. One discrepancy will be noted, however, between the rules as announced and the first roll as posted in the hall. In explanation of this fact Mr. Peterson says that one condition was overlooked in making up that list. It will be noted that no one having more than three hours of B grades is eligible to the first roll. This fact eliminates all but eight of those whose names now appear on the honor list. The revised roll is as printed on our first page.

A WISE MOVE.

The action of the editor of the 1917 Buzzer in commencing work on his annual at this early date is indeed commendable. The experience of previous builders of year books has proved that it is unwise to delay the taking of pictures and the selling of subscriptions until the last few months of the school year. At that time work becomes congested and at best the staff members have ample to keep them engaged. Beginning, as Mr. Weeks is, thus early in the year, he should be able to complete his work without any undue rush or strain next May. We congratulate Mr. Weeks and Mr. Kirkham on the diligence with which they have entered upon the task of editing the annual and suggest that all whose pictures are needed be prompt in doing their share to make the work of the Buzzer staff as light as possible.

WINTER IS COMING.

The suggestion which appeared on the editorial page of last week's Buzzer issue, that some sort of a shelter be provided for students at the street car stop at the foot of College Hill, is entirely commendable. As therein stated, it is exceedingly undesirable that students leaving the warm rooms of the college buildings be compelled to stand out in rain and snow while they await the coming of the street car. Some small building to protect them from the snow and rain would be of great service. If it be possible to have such a building erected, now is the proper time to build it, before winter sets in in earnest.

If the report of the ejection of Coach Reeds from Cummings Field at the Utah-Aggie game is correct, students of our sister institution should be reminded that there are some extremes to which they cannot afford to go, even to win a championship.

OUR WINTER STUDENTS.

Thus far, the Winter Course students have appeared somewhat lost. Little, if anything, has been done to aid them to feel at home here. Now that they have been admitted to the special class, they should be made to feel that they are a potent portion of the Student Body. The Specials should take them in and make a special effort to have them take an active part in College activities.

Some people are wondering if there is only one man in the Junior class.

"Miss Todd" informed us that she had a "massage for the women," and immediately proceeded to "rub it into" the men.
"Man will always be man; not so with woman."
We did not know woman was to be the Superman.

Nothing that a 1916-17 student can take away from the U. A. C. will give him more future pleasure than a Buzzer.

You will find your own picture, those of your special friends, of your instructors, of the football, basket ball and track men in the Buzzer. You will never begrudge the price of your annual.

NEW BASIS OF SCHOLARSHIP

Dr. Peterson, in behalf of the Committee on Scholarship, announces that a new system of determining eligibility to the College Roll and of awarding scholarship A pins has been adopted.

The College Roll has for its purpose the raising of the scholarship of the students of the A. C. The awarding of scholarship A pins has for its object the isolating of a few students whose record is exceptionally good. This year the standing of students will be calculated on a slightly different basis from that employed in previous years.

The most important change to be adopted affects the basis on which scholarship A awards are to be made. Formerly the grades were multiplied by the number of

hours and the aggregate taken as the determining factor in the standing of the student. This year standing will be computed on a fifteen hour basis. If a student is carrying twenty hours of work, his total grades will be multiplied by fifteen twentieths. This will make it possible for one carrying fifteen hours work to compete for scholarship honors with one taking any number of hours.

The fifteen hour basis will not be used in determining standing on the College Roll.

In calculating scholarship, A is considered 95, B 85, and C 75, and the number of hours credit given for a course is multiplied by the grade obtained in that subject. For instance, if in a three hour course an A grade is obtained, the total would be 3x95. No student having

an aggregate grade of less than 140, and no one having a B grade in more than three hours work can possibly obtain standing on the first College Roll. For eligibility to the second roll, one must have a total grade of at least 1250 and must have no more than three hours of C grade.

In the awarding of Scholarship A pins, no student having a C grade in any subject will be considered. In previous years it was impossible for a Freshman to obtain this award for scholarship, on account of the fact that many of the upper classmen were carrying so many hours of work that the student having but fifteen or sixteen hours could not obtain the same aggregate grade. With all calculations done on a fifteen hour basis, Freshmen and upperclassmen will have an equal opportunity to obtain a Scholarship A pin.

HOME EC. GIRLS ENTERTAIN AG. CLUB

Saturday night the H. E. C. girls entertained the members of the Ag. club at an informal dance in the ladies' gymnasium.

The hall was artistically hung in pink and blue, the recently adopted colors of the Home Economics club, two cosy corners adding much to the pleasing aspect of the decorations.

The general handshake, the "tucker waltz" and three two steps a la John Paul Jones served to shake off what bashfulness the farmers brought with them into the gym and the crowd was soon buzzing with a genuine good fellowship. The two largest clubs of the college drew much closer together than they have been in the past.

SENIORS FOUND GUILTY.

At the second session of the Senior Court, held in room 289 before Judge J. W. Thornton, last Thursday, four cases were disposed of. Messrs. Clyde Stratford and Delore Nichols were found not guilty. Mr. Perkins pleaded guilty to the charge of having willfully absented himself from the Senior dance given in the Smart Gymnasium, Oct. 23rd. Mr. Jos. E. Otte was found guilty of a similar charge. Grant Ivins conducted the prosecution and Harold Peterson defended the accused. Sentence was deferred in the cases of Messrs. Perkins and Otte.

Remember the Commercial Club ball, Dec. 11th.

Have you your partners for the Commercial Club ball?

George Holmstead was the first student to purchase a 1917 Buzzer.

The Delta Nus announce Alfred Budge, Spencer Hlener and Morgan McKay as members of the fraternity.

LaVon Bennion sold forty-one Buzzers last Friday. We suggest that she try her hand with Wear Ever.

The Pi Zets entertained Sorosis Monday evening at a picture show party followed by dancing and refreshments at Murdock's.

Miss Erma Allen was called to Salt Lake Sunday to attend the funeral of her cousin, Stewart Reid, who was drowned in Provo river.

Dr. E. G. Peterson will lecture to the Benedicts Club in the Woman's building Sunday, Dec. 3, at 2:30 p. m. All students are invited to attend.

Dr. F. S. Harris, Director of the Experiment Station, has just returned from a three weeks' sojourn in the East, where he went to attend meetings of Agricultural societies and to visit experiment stations.

Dr. Carol has given two examinations in An. Hus. 3 within the last week and will give another Saturday. Members of his class said they were willing to take one yesterday but requested that it be given at the football game.

Miss May Hutchings slipped and fell while coming down the stairs from the third story of the main building Tuesday. She was carried unconscious to the Sorosis room where she was revived. Dr. Porter assures us that she received no serious injury.

CHARITABLE PERIWIGERS

Furnish Entertainment at Fourth Ward

The Perwigger club stepped into the lime light as a charity organization last Friday night when it presented Hyacinth Halvey in the Fourth ward chapel. The Perwiggers furnished the major portion of an evening's entertainment which was given by the Sunday School. As was the case when they appeared in the same play on the College campus, the members of the club were enthusiastically received by the appreciative audience. The performance was a credit to the Perwig club and to the College.

MANY TRY FOR PLACES ON CAST

The preliminary tryouts for the College play are progressing nicely. Much interest is being manifest by the students; three complete casts are now seriously at work. The final tryouts will be held sometime next week.

Funk Delivers Thanksgiving Address

Thanksgiving chapel exercises were much enjoyed by all. From the first note of the splendid choir selection—"The Earth Is The Lords and the Fullness Thereof"—to the sincere singing of "America" by the congregation, the services were replete with the Thanksgiving spirit.

Senator J. W. Funk, the speaker of the day, spoke impressively on service and the adequate preparation for efficient application to life's tasks.

Senator Funk advised the students not to be in too big a hurry to finish school, for it is necessary that the tools one works with be sharp and well tempered to make the deepest impression.

A degree and the thing it stands for is only the foundation. The structure must be built later when the student finds himself directly confronted with his life's work.

The Senator concluded by expressing the wish that every A. C. student might mould his life in a manner that will render credit to the College.

Representative-elect Jos. E. Cardon endorsed the remarks of Senator Funk.

FRESHIE TEAM DISAPPOINTED

LOOSE CHANCE TO HUMBLE IDAHO TECH.

As the Freshman team strengthened by the addition of Statton and Smith, was on the eve of its departure to invade Pocatello yesterday, word came that the Idaho Tech. boys could not meet the infants.

This news came as a keen disappointment to both the members of Coach Goodspeed's squad and their backers on College Hill. Neither the team nor the rooters were satisfied with the result of the recent game with the I. T. I. boys and all were desirous of a chance to wipe out the sting of that defeat.

But the Pocatello lads took on the heavy U. of Idaho team Monday, and when the game was over, they were so shot to pieces that they were willing to disband for the season.

The Freshies, who have worked faithfully, fully deserved a trip and a chance to humble their northern vanquishers.

IDAHO SUCCEEDS IN DEFEATING THE AGGIES

(Continued from page one)
 failed at goal. Score stood 15-29 in Idaho's favor. Idaho concluded the day's performance by another score in the fourth quarter. The Aggies held for downs in the middle of the field, but were penalized 15 yards for holding. Idaho took the ball and plugged it to our 3-yard line. Utah, from all appearances held, but after measuring twice the officials decided it as first down for Idaho. Idaho scored on second down, Dingle carrying the ball.

Becker Offers Aid
 It was just at this point that one of our local followers, a little overpowered by the influence of John Barleycorn, offered his services to the local eleven. In fact, he was so persistent that it took two or three of his friends and one of Idaho's 200 pound guards to convince him that his services were not necessary.

No further scoring was done, though Dingle, of Idaho, tried for a place kick in the last few minutes, but failed. Twitchell, who was forced to remain out of most of the game with two broken ribs, finished his football career at the A. C. by playing the last two minutes of the game. The big plunger, though he had no opportunity to carry the ball, was heartily cheered and ended his career in a blaze of enthusiasm. Game ended with the score standing 15-27.

It was the first time that Utah had ever met the University of Idaho, but we trust it will not be the last. The boys from the northwest showed a game fighting spirit and were every one gentlemen. It's true there was some rough playing, but taken as a whole, the game was as clean an exhibition of football strategy as one would want to see. Idaho, we are glad to have met you.

Line-up and summary:
 IDAHO UTAH
 Bershear, L.e. Mohr
 Arnahan, L.t.r. Morrell
 Jackson, L.g.r. Judd (Capt.)
 Hays (Capt.) c. Cannon
 Wiley, r.g.l. Reese
 Martinson, r.t.l. Sutton
 Evans, r.e.l. Lindquist
 Keane, r.h.l. Peterson
 Dingle, q. Kapple
 Gerlough, l.h.r. Johnson
 Thompson, f. Lewis
 Substitutions: Idaho—Robinson for Bershear.
 Aggies—Gardner for Reese, Scoring: Touchdowns—Idaho, Gerlough 2, Keane 1, Dingle 1. Aggies, Kapple 1, Peterson 1. Goal from field: Gerlough 3, Judd 1. Touchback, Aggies 1.
 Referee, Ashton; Umpire, Gregory.

DR. PETERSON RETURNS FROM THE EAST

(Continued from page one)
 cultural engineering work. The bill, which it is hoped will soon become a law, proposes to appropriate \$15,000 a year to each agricultural college throughout the country for research work in road building, rural architecture, water supply, farm power, and kindred subjects. As questions of engineering are among the most vital problems connected with the welfare of agricultural communities, an appropriation to aid in solving them would be of inestimable worth to the rural classes. An appropriation such as that proposed would make possible the establishment of an Experiment Station where research work in engineering problems would be conducted.

Dr. Peterson visited several Agricultural Colleges while in the East, notably the Pratt Institute in Brooklyn, and the college at Ames, Iowa.

QUILL MEETS

The Quill Club met Friday afternoon in room 107 and listened to a true love story from the pen of Harold Peterson. The story was set in a Montana mining camp and was full of good description and realistic interest. Miss Ila Fisher read a poem, "O, Christmas Spirit."

Deutscher Verein Celebrates

Sprechin Sie Deutsch? Nein! Then you can't guess the good time Der Deutsche Verein had Monday evening when they were entertained at the home of Miss Karma Parkinson.

Everything was done to make the evening as typically German as possible. German songs were sung, German games were played, German thoughts were expressed and finally real German refreshments were served. The Club was also favored with several German solos by E. Ben Parkinson. It was decided during the evening that the Club should meet at regular intervals during the winter and several interesting things are being prepared to furnish amusement. If you speak German you are invited to join.

DR. JORDAN TO LECTURE

(Continued from page one)
 tertainment of the students.

We have been very fortunate in this season's bookings; we have been able to contract for the best attractions on the Lyceum circuit.

After Dr. Jordan, the next number will be on December 18th, when a musical program will be given by three Utah artists: Prof. J. J. McClellan, the famous Salt Lake Tabernacle organist, Miss Florence Jeppeson, favorite opera contralto, and Miss Roumania Hyde, Salt Lake's leading violinist. With three such artists on one bill, we are assured an entertainment strictly high class and decidedly worth while.

Following this, in January, will be Prof. S. H. Clark of the University of Chicago, popular dramatic reader and impersonator. The large and appreciative audiences which are always attracted by Prof. Clark is evidence of his ability.

We do not know why March has been chosen, but it has been selected as the musical month; three numbers are scheduled in this month, all of which are musical. The first is Mr. James Goddard, Grand Opera soloist from the Royal Grand Opera, Vienna, and the Imperial Grand Opera, Vienna, whence he comes with highest recommendation. This will be on March 14th. On the 19th we will have with us the Zoellner String Quartet, considered on the circuit as being even better than Brahms' Quartet, which was so popular last year. In fact, they are rated as second best in the whole country. Finally, on the 30th, Schildkrets Hungarian Orchestra will be in attendance. To music lovers these attractions will undoubtedly prove a rare treat.

The last number of the season is booked for April 27th, when the eminent Lyceum lecturer Edward Amherst Ott, will lecture on "Sour Grapes, or Heredity and Marriage." To state that he is deservedly in a class with the other numbers is ample recommendation for him.

From the above brief outline of the season's numbers we are sure the students can see that our Lyceum course is to be strictly high class, and extremely interesting and entertaining. You can not afford to miss a single number.

FRESHMEN WIN CLASS CHAMPIONSHIP

(Continued from page one)

Freshmen, Line-up:
 Soph Freshmen
 Egbert, l.e. Holden
 S. Budge, l.t. Sutton
 Rowe, c. Skinner

De Laval Superiority

Demonstrated Once More
 At the National Dairy Show

Butter made from cream separated by De Laval Separators made the usual clean sweep of all highest awards at the great National Dairy Show held in Springfield, Mass., in October.

In the Whole Milk Creamery Butter Class the highest award was made to N. C. Nelson, of Grove City, Pa., who is user of a De Laval Power Separator.

In the Farm Dairy Butter Class, the highest award was made to Mr. P. H. Robinson, of Egypt, Mass., buttermaker on Thomas W. Lawson's famous farm, and for fifteen years a De Laval user.

Aside from the gold medal and highest awards in these important classes, the great majority of all other awards and highest scores were likewise given to De Laval users, again conclusively demonstrating the superiority of De Laval dairy products.

In the Market Cream Class, the three highest scores were achieved by T. P. Lindsay, Southboro, Mass., Branford Farms, Groton, Conn., and A. S. Harris, Fitchburg, Mass., respectively—all De Laval users.
