*USU Course Prefixes and Funding (8:30 – 9:00 am Noelle Cockett)*

The provost stated that funding from the Provost's office will still be available for Gen Ed breadth courses that have changed from the USU prefix to a more specific prefix as long as additional seats are needed in that particular course. There were discussions about how departments have been and will continue to add seats and help predict the seats that will be needed in future semesters. The Provost's new budget model will help fund additional seats as needed regardless of delivery mode (online, face-to-face, or broadcast).

The reduction of summer 2015 tuition resulted in a 25% increase in enrollment, most of which occurred in online classes. The "take more—save more" adjusted tuition plan will be in effect for summer 2016 courses, many of which will be general education courses. The first 7-weeks and full 14-week summer sessions are popular. Taking summer courses helps some students complete the 30 credits a year that are needed to remain on-track for on-time graduation. Another issue is that Logan and nearby areas provide only a limited pool of people who are qualified to teach these classes. USU is limited on instructors, classroom space, and getting enough TAs for summer because students continue as RAs to support faculty research rather than working as TAs. UTFs could potentially help with this concern.

This item will be discussed again at next month's meeting.

### *Syllabus Tracking Tool*

The Curriculum Subcommittee has established a working group look to help standardize a basic course syllabus template. John Louviere has met with the working group and showed them the syllabus tracking tool, which may also serve as a central repository for syllabi. There are certain accreditation items that need to be on all syllabi. This process will assist students, faculty, accreditation needs, and others who review syllabi. John Louviere will be invited to the next General Education Committee meeting to demonstrate the tracking tool.

*Motion to adjourn made by Harrison Kleiner. Seconded by Dawn Kirby. Adjourned at 9:45 am.*
