Radical Change Adopted

COLLEGE YEAR TO CONSIST OF THREE TERMS

The advisability of divisoning the school year into three terms has been given intense consideration by the faculty for a number of weeks past. At the last faculty meeting a final vote was taken which resulted in the passage of the three term provision by an eighteen to fifteen vote.

Recommendations will be made to the Board to place the school on a basis of three terms, consisting of twelve weeks each. Some credits will be given as now and will be based on 1 hour of recorded credit for one lecture period per week for eighteen weeks.

Part of the courses will be made semester courses with daily recitations; some will go through two semesters and some the full year.

This arrangement will permit of more concentration of work. Instead of taking, as now, from five to eight courses continuously through the semester or entire year, two or three courses can be taken and finished each semester. Thus the student can enter on a few well chosen lines of work instead of scattering his energies among so many different studies.

This change will be a great boon to winter course students who under present conditions are forced to drop into courses already begun and drop out again before they are finished. With this change they will enter at the beginning of the second semester, begin new course which they will complete by the close of the semester, when they will be forced to drop out. Thus, they get full courses instead of fragments, they

(Continued on Page 4)

FACULTY REJUVENATED

WOMAN'S LEAGUE ENTERTAINS AT THE SMART GYM

The fossilized remains of a once exuberant youth—now metamorphosed into the U. A. C. Faculty—were resurrected, revitalized and almost restored to the primitive state, last Monday night, when the U. A. C. Faculty Woman's League entertained the members of the Faculty and their escorts at the Woman's Gym.

The fore part of the evening was taken up with a musical program, under the direction of Professor C. R. Johnson. The program comprised two selections by the Ladies Glee Club, made up of members of the League, a vocal solo, "For You Alone," by A. E. Blackner; vocal solo, "Because," by Mrs. George Helmsstead; quartette, "Come Where the Lillies Bloom," by the U. A. C. quartette; and a piano solo by William Peterson.

The remainder of the evening was spent in dancing, games, the solution of Chinese puzzles, and partaking (frequently) of the delicious contents of the punch bowl. The hall was very tastefully decorated.

The officers in charge and the League, are to be congratulated upon the staging of this successful event.

Officers of the League are: Mrs. F. S. Harris, president; Mrs. Lewis A. Merrill, vice president; Mrs. W. E. Carroll, secretary; Mrs. A. H. Saxer, treasurer.

Executive Committee: Mrs. Lewis A. Merrill, Mrs. E. G. Peterson, Mrs. C. L. Dunford.

Juniors Plan Unique Party

Next Monday night the gym will witness one of the strangest sights of its whole history, when the Juniors entertain the Seniors at a war party. It will not be a war party from the attitude of actual conflict, but from the point of view of dress alone. No doubt the hall will be full of khaki clad boys, aged veterans of early wars, red cross nurses, with a generous sprinkling of war brides, not to mention gladiators, etc., etc. The long-suffering public of the fifth ward should in all fairness be given warning not to be alarmed at anything which it might see abroad on the above specified date and not to shoot under any circumstances. The purpose of the party will be not only to enjoy a delightful evening but will tend to serve as an act of preparedness also.

Specials Swimmers Win

DAHLQUIST SHOWS GOOD FORM. RECORDS STAND UNTIL BROKEN

The Specials paddled themselves to an easy victory in the inter-class swimming meet last Saturday afternoon. The no-class men rolled up a score of 38 points while the Freshmen, nearest contenders, were able to garner but 16.

A large and enthusiastic crowd witnessed Scott Dahlquist, Lyle Geddes, "Count" Turner, Hopkins and Parley Larsen win the meet. The work of Dahlquist, who took three firsts, was the feature of the contest. Jones, for the Freshies, with two firsts and a second was a close second to the former state champion. The records made in this meet will be recorded as the College records and will stand until broken in some future meet.

Events

20 Yards Dash—Scott Dahlquist, Sp. first; Doug. Cannon, Soph. second; "Count" Turner, Sp. third. Time, 10.1.

60 Yard Dash—Scott Dahlquist, Sp. first; Lyle Geddes, Sp. second; Doug. Cannon, Soph. third. Time 35.2.

Breast Stroke—Scott Budge, Soph. (Continued on Page Three)

THETA BALL PERFECT SOCIAL

DECORATIONS SHOW INGENUITY. CROWD SMALL

The Theta ball given on the eve of St. Patrick's Day was doubtless, from many standpoints, the most perfect social event of this year. The decorations were unusually good, and are no doubt responsible for much of the distinction of the party. An unusual degree of originality was exercised in the execution of this feature of the ball. The music stand in the center of the hall, made a particularly pleasing effect.

The charm of real enjoyment seemed to possess the crowd, which although unfortunately small, was exceedingly congenial and good-natured. It really was unfortunate that more students did not take the opportunity to participate in this rare social event.

A feature of the party, also was the almost total absence of flowers. Special mention should be made of the excellent quality of the music.

Peterson Receives Medal

LEVI EDGAR YOUNG TALKS ON PATRIOTISM. REV. LEWIS PRESENTS MEDAL

After many delays, caused by the bad weather conditions, Professor Levi Edgar Young, representing the Sons of the American Revolution, reached the U. A. C. last Wednesday to take charge of the presentation of the gold medal offered by the society which he represents to Harold Peterson, winner of the recent oratorical contest on patriotism.

Dr. George Thomas introduced Professor Young as an ideal type of the American citizen.

Professor Young spoke of our American nation, of how it is different from other nations. He said the American Sons of the Revolution are organized in order that they might encourage American citizenship, patriotism and liberty. Our ideals of freedom and liberty are new and different from those of European nations. The United States came into existence when it could have a new conception of liberty, freedom, and patriotism.

Speaking of the present war, he said, the struggle of today is the expression of the preparation in the past. The great factor which will tend to stop the war is, sentiments growing out of intellectual progress. The United States is now in a position to help the rest of the world in this respect, and she is only carrying out the ideals of the constitution as laid down by its framers. The United States has become an ideal home. President Wilson votes in his particular unit, as do all other people, but not only for his unit, and he has been called out of his unit to look after all other units, and when any trouble or danger threatens us, we lay separate all units and unite into what is the Government (Continued on Page Three)

PI ZETS FRATERNITY CHAMPS

FRATERNITY TEAMS PLAY FAST BASKETBALL. MUCH ENTHUSIASM SHOWN

The boys of the Pi Zeta Pi Fraternity proved themselves the champion basketball tossers of the fraternities of the College, when at the end of a terrific struggle with the Sigma Alpha team, Wednesday afternoon, they claimed the big end of a 30 to 24 score.

The game marked the close of one of the most interesting and keenly contested basketball series that has been staged at the College this season.

Unable to get track men outside the gym, Coach Watson decided to pull off an inter-fraternity basketball series. Unexpected interest was displayed in every game and fans were furnished with some real amusement, as well as seeing several fast hoop games.

Thursday afternoon the Phi Kappa easily won from the Delta Nus, 32 to 19, and the Sig Alphas nosed out the Alpha Deltas 20 to 16.

Tuesday the Pi Zet boys took the Phi Kapp team into camp to the tune of 28 to 25, and the Delta Nus put the Alpha Deltas in the cellar 13 to 3.

The final game Wednesday afternoon, between the Pi Zeta Pi and Sigma Alpha team was far closer than expected. Dopers had it that (Continued on Page Four)

Junior Prom Only Two Weeks Off

Junior Prom booths will be sold at auction in chapel today. This is one of the events of the year and never fails to occasion an immense amount of comedy. The Prom is now but two weeks distant and those in charge are in work up to their eyes, trying to make the affair one of the biggest social functions ever attempted here.

It has been decided to make the Prom as informal as possible. No flowers will be worn and those bringing them will be obliged to check them at the door. The question of dress will be left wholly to the discretion of students themselves.

Prom week will be celebrated as usual with open house by the fraternities and sororities and several other functions. Several hundred invitations have been sent out, but there are a few left. If you have friends whom you wish invited give the committee their names at once.

Goddard At The Tabernacle

FAMOUS BASSO-BARTONE DOES NOT SING UP TO FORM

Mr. James Goddard, famous basso-bartone, who appeared in the Tabernacle last Friday night hardly lived up to his reputation. Confessedly, Mr. Goddard was not at his best, and from the rendition of his first number the audience clearly lost interest and failed to call out the best in the singer.

A combination of circumstances worked against the real success of the evening's entertainment. In the first place, the audience was small and seemed, from the first, to have little sympathy with the performer; there were no outbursts of enthusiastic applause and the order in the hall was not the best. Then, Mr. Goddard was not singing up to standard. He is finishing a long engagement and was worn out with overwork. There was a marked absence of feeling in the rendition of the first few numbers, and a lack of tone and quality. Mr. Goddard warmed up to his work by the time he reached "Danny Deever" and sang the last (Continued on Page Three)

DUNFORD HANDBALL CHAMPION

After a series of hard fought games, in which the outcome was often doubtful, Dunford and Halton, the leaders in the race for handball honors, played the deciding game on Tuesday, March 13.

Halton led out and took the first game. Then Dunford limbered up and by means of short corner shooting and a peculiarly effective twirl, gathered in the next three games.

The games were exciting most every minute, and volumes of noise was generated by the supporters of each contestant. At times the floor seemed to be filled with whirling arms and heads and other appendages and the little black ball was kept moving rapidly.

The champion is prepared to defend his title, won by eight straight games or sets, (i. e. three games won in five), against all comers in the school.

The handball club will run a short doubles tournament to wind up the (Continued on Page Four)

Debating Season Closes

UNIVERSITY OF IDAHO MEETS U. A. C. NO DECISION RENDERED

Last Friday morning at 11 o'clock in the College chapel, the University of Idaho met the U. A. C. in the third annual debate between the two institutions, and the final debate of the season. The question at issue was, Resolved: That the senate of the United States should adopt the following rule:

The senate may, at any time, when a bill, treaty or other measure is under consideration, by a vote of two-thirds of the senators present, and acting, taken without debate, adopt an order fixing the time when debate upon such bill, treaty or measure shall cease, and when a vote upon the same, and all amendments pending, or that may then be offered shall be taken without further debate; and, in the order fixing the time for taking such a vote, it may also limit the time which a senator may occupy in debate between the operation of such order and the final vote upon such bill, treaty, or measure; it being agreed that if any such rule be desirable this is the best that can be devised for the purpose.

The affirmative side of the question was upheld by Messrs. Clarence Taylor and Frank Koch of the U. of I., while the negative was defended by George Hansen and Samuel Morgan of the College.

(Continued on Page Four)

INDOOR CLASS MEET TOMORROW

INDOOR COMPETITIVE SEASON TO HAVE FORMAL CLOSING

The competitive indoor track work of the season will be brought to a fitting close with the class record meet tomorrow afternoon. The records made in each event will be filed away to stand as the official indoor records until broken in the annual meets of the future.

While it is yet early to make any accurate forecasts, we are justified in advancing a few optimistic opinions on our track prospects. We know nothing of the green material in school awaiting the coming of spring to show their worth, but a few authentic rumors indicate that the present "dope sheet" will be upset by the new men.

Those who have thus far distinguished themselves are: Captain Twitchell, who with Hudman, Crookston, Price, and a few others will take care of the weights; Kapple, Stubby, Ted Bennion, Ballif, Hatch, Backman and Turner will make "em" ramble in the sprints and relay, while White, Anderson, Neilson, Lowe, Barker, and Clinger, are running strong in the distances. Hanson, Cannon, Cox and Snow are ready for the high hurdles, while Coffman and Hatch will contest for the lower obstacle race. Croft, Bennion and Backman are ready to due battle in the quarter. In the jumps Becraft, Kapple, Poulter and Adams, are working hard to break the Provo combination of Larsen and McDonald.

The coaches see an abundance of hard work ahead for their track candidates, and while not attempting to forecast any definite results are far from pessimistic over track prospects.

Volume XV. FRIDAY, MARCH 23, 1917. Number 25.

A WORD OF WARNING

Two weeks from today officers for next year's Student Body Organization must be nominated. In looking for candidates, in the meantime, several important things must be kept in mind. The officers to be elected are practically all executives; with the exception of the Cheer Leader, Song Leader and Editor of Student Life, every officer has a vote in determining the policy of the Student Body. We want men and women who have shown executive ability to be our officers next year. Those who lead should be popular; they should be able to unite the students and create a spirit of real enthusiasm and of whole hearted support in all College activities. We want likeable officers.

Just a note of warning. We should consider individuals as such in this election, not as members of any organization, club, fraternity, or sorority. We must place the good of the College above any personal consideration and above any thought of societies existing within the College. Let us keep the welfare of the Student Body uppermost during the coming campaign.

TRACK MEN NEEDED

The lateness of spring, making it impossible to do track work outside the gymnasium, has greatly increased the task before Coaches Watson and Jensen. With none too much material to work with, the coaches had expected a difficult task, when they came to develop a winning track team. The delay in getting out of doors has doubled the difficulties to be overcome.

This unavoidable hindrance makes it necessary that every man who can get over a hurdle, throw a hammer or perform in any other way on track or field get out and work for a place on the team. Now is the time to show a true spirit of support.

PUBLICITY NEEDED

The failure of our downtown papers to give publicity to the recent high school basketball tournament, the most important event which has taken place at the College this year, brings to our attention a condition existing here which deserves the attention of those in charge of the affairs of our institution. There seems to be no understanding between the College and the Logan papers in regard to the furnishing of news of what is happening on the hill. Many events of importance pass entirely unnoticed by the downtown periodicals. By thus allowing the people of Logan and Cache valley to remain ignorant of what is going on at the College, we are missing one of our best opportunities to boost for our Alma Mater.

We have been assured by the downtown papers that they welcome news from the College and will always give such news a prominent place in their columns. Mr. Robinson, of the Publicity Department, can not attend to this work. It seems to us that someone should be appointed to supply our papers with an account of all the events of importance which take place on College Hill. Just where such an appointment should be made is not exactly clear, but it appears to us that the Student Body could urge such an appointment through the proper channel. We cannot afford to miss this opportunity to boost.

A NEEDED ORGANIZATION

With the completion of the inter-collegiate basketball schedule and the approach of the track, baseball, and tennis season, we are forcibly reminded of the unorganized condition which exists in college athletic circles in the state. Managers and coaches of the three institutions of Utah which make up the Inter-collegiate League experienced much trouble in arranging dates for their basketball games. And now they will begin to "dicker" and possibly to bicker, over dates for track meets, baseball games, and tennis tournaments. Through personal experience last spring, we learned that it is not easy for a manager, by means of correspondence, to arrange suitable dates with the two southern schools.

We suggest that the U. of U., B. Y. U. and U. A. C. get together in a closer organization, one which will enable them to meet annually in Salt Lake City and make up a satisfactory schedule for the basketball series and for all branches of spring athletics. Such an organization would save coaches and managers much trouble, would eliminate much unnecessary bickering, and would tend to promote a much better feeling among the schools participating in college athletics in Utah.

Farm Managers Disappointed

Members of the Farm Management class, who were planning a trip to Sevier County, were keenly disappointed when notified last Tuesday by Professor Greene, that the trip would have to be canceled. Owing to the appointment of a Public Utilities Board, by the recent Legislature, the railroads of the state are unable to issue any passes or rates at present. Without obtaining rates the members of the class are unable to make the trip to Sevier County. A trip to some nearby section is now being considered.

Glee Club Sings At Preston

On the evening of Thursday, March 15, the College Glee Club gave a very successful concert at Preston. The work of the singers was up to standard and was thoroughly enjoyed by a large and enthusiastic audience.

COSMOS MEET WEDNESDAY

Cosmos Club will meet next Wednesday evening at 7:30 at the Sigma Alpha house. Ivor Sharp will lead in a discussion of the Russian situation.

Baseball Sure This Spring

A baseball and tennis manager will be appointed by the Executive Committee at its meeting next Thursday. Several live men are being considered for the position, and which ever one is appointed, the College is assured a good season in the national pastime.

From present indications, the University will not decline to play baseball, as was the case last year, and a fast inter-collegiate league is almost a certainty.

LYCEUM NUMBERS

Next Friday the Schilckret Hungarian Orchestra will appear as a number on the Lyceum course. Remember the date.

Monday evening, April 2, Albert Spalding violinist, and Rudolph Ganz, pianist will appear in the Tabernacle, under the direction of the Lyceum committee.

These men are two of the best artists in America. They could not be obtained by giving a fixed guarantee, but will perform for a part of the receipts. Students will be charged one half the regular price of admission for this concert.

Ancient Farming

Herodotus, in the year 450 B. C., said that good cultivation yielded two-hundredfold in the Valley of the Euphrates. Even in that land of Eden, poor cultivation yielded but fiftyfold.

In 1898, the average Wheat yield per acre in New York State was 21.2 bushels; in 1907, 17.3 bushels per acre; in 1912, but 16 bushels. European yields are more than double.

Isn't it time for our farmers to get down to business methods? Home Mixed Fertilizers will help.

GODDARD AT TABERNACLE

(Continued from Page One)
 two numbers with more feeling and expression than he had been able to get into the earlier part of the program.

Mr. Goddard has a wonderful volume and a wide range and with a thoroughly appreciative audience, would, no doubt, have been able to satisfy Logan's music lovers much better than he did. As it was, the concert, though poorly attended, was greatly enjoyed. But the students and townspeople were expecting the musical treat of the season and were somewhat disappointed at the quality of the program.

The work of Mr. Smith, at the piano, was of a high order, his selections being good and his rendition very pleasing.

Logan people will look forth to Mr. Goddard's coming next summer with the Chautauqua performers. At that time they hope to hear him at his best, and expect that he will more fully justify his fame.

**HOLSTEIN
CATTLE**

The most profitable dual purpose cattle are Holsteins, as impartial investigations conducted by experiment stations of Michigan, Iowa and Nebraska have conclusively shown. The Holsteins showed a greater gain per steer at a less cost per pound of either roughage or grain than any of the other breeds. Holstein calves are big, strong and grow quickly, and Holstein beef is as fine in texture and taste as that of any cattle. Purebred Holsteins have firmly established themselves as the world's best dual purpose breed. There's big money in the big "Black and White" Holsteins.

work instead of being a side issue for which special arrangements and accommodations must be made which in themselves are, to an extent, inadequate in answering the needs of winter students.

This arrangement will open the A. C. to many for whom college doors are now closed. The practical farmer, the house-wife, and those who may have time to get away from their duties can enter the College and take concentrated courses best suited to their needs and likings.

In all probability school will begin a week earlier in the fall and close a week earlier in the spring. This also has its advantages, important among them from the athletic standpoint is that it gives us an even break with the U. of U. in beginning our football season.

Another change of some importance which will be instituted at the beginning of the next school year will do away with the longstanding custom of holding school on Saturday. After long discussion, the Faculty of the institution has decided to hold regular work on Monday next year and make Saturday a holiday.

It is hoped by this change to solve the "blue Tuesday" problem and also the problem of Saturday laboratory work, which has been so often interrupted in the past.

DEBATING SEASON CLOSES

(Continued from Page One)

Circumstances connected with the debate tended to deprive it of much of the interest which naturally should have attached to so important a subject. The recent filibuster in the Senate has aroused public feeling to such an extent that the question of the desirability of some means of closure seemed hardly debatable. Further, failing in an attempt to obtain judges from Salt Lake City, Mr. Casto was unable to satisfy the Idaho men and no judges were provided for the debate. Mr. Casto offered to allow the Idaho debaters to choose any three men in Logan, Cache Valley, or Pocatello, but for some reason they declined to accept this offer. As a result, no decision was rendered and each team had the satisfaction of considering themselves the victors.

The upholders of the affirmative based their argument for the adoption of closure on the grounds that the Senate rules which were made a hundred years ago do not satisfy the needs of that body today, that the present rules allow a few men to prevent important legislation, and that the rule proposed would solve this difficulty.

The negative based their arguments on the grounds that the present rules have served the needs of the country for a century, that there has been no demand on the part of the people for any change, that closure would make it possible for a majority to stifle debate, and that the granting of power to the Chairman of the Senate to hold speakers

to relevant speeches would solve the problem of unlimited filibusters.

Both sides of the question were well handled. The Idaho men had the popular sentiment strongly in favor of the proposition they were supporting, but the Utah solons put up a strong argument in favor of the negative side.

The methods of the debaters were quite in contrast and it is not easy to say which would have met the approval of a judge of the debate.

The delivery of the northerners was superior to that of the local men, but they failed to analyze their subject and define clearly the issues on which a decision could be based. Though fluent and eloquent, they showed very little organization in their constructive speeches. In the rebuttals they were exceptionally strong.

The Utah speakers were especially careful to point out the issues at stake and then proceed to clear up each issue as they went along. Careful, logical reasoning was in evidence throughout their arguments. In rebuttal Mr. Hansen fell down slightly, being uneasy and talking too rapidly to be readily understood.

We would say that from a standpoint of oratory, the Idaho team must surely have won the decision, but if cold, logical, constructive reasoning be taken as the basis of judgment, the Aggie representatives had a shade the better of the argument.

Judge Call of Brigham City acted as chairman of the debate. He made some interesting remarks on debating methods, at the conclusion of the contest.

PI ZETS FRATERNITY CHAMPIONS

(Continued from Page One)

the boys from the hill should win an easy victory, but the "Sigs" put up a good fight from the beginning and up to the last minute the result of the game was doubtful.

Parry and Ballif at forward for the Pi Zets put up a pretty game, while Snow, at center, for the Sigs, showed an exceptional amount of fight.

The winners of the inter-fraternity series will meet the Logan Business Men's team tonight at 8 o'clock. The down-town team is made up of old time stars and should give the Pi Zeta Pi boys a hard fight. The lineup for the Business Men will be:

Specials To Entertain Winter Students

Tonight the members of the special class will entertain the winter course students at a misfit party to be held in the Woman's Gym. All members of the class are expected to be present to give the departing short course students a royal send off.

Date Set For Opera

Professor Johnson has chosen Thursday, April 19, as the date for the first presentation of the opera "Iolanthe." Professor Johnson and his songsters are working every day in preparation of the musical numbers, and Manager Delore Nichols has the work of staging the opera well under way.

DUNFORD WINS HANDBALL CHAMPIONSHIP

season. Some promising new men from the Salt Lake City high schools are showing good form and next year will doubtless see the best tournament yet.

The Senior members wish the club success and eventual recognition by the Student Body, for handball has come to stay.

Promptness Our Hobby

Here is The Heart Of The NEW DE LAVAL

THE new De Laval Separator bowl, with patented tangential tubular milk passages and patented removable milk conveyor, makes possible in a bowl of given size and weight, operated at a given speed, greater skimming efficiency and capacity than has ever before been attained in any other cream separator bowl.

But aside from the big advantages of greater capacity and closer skimming, there are many other important improvements in the New De Laval.

All discs are now interchangeable and are unnumbered. There are fewer discs. On account of greater simplicity of bowl construction, the New De Laval is easier to wash, and capacity considered, is still easier to run than before. High grade construction and design, together with perfect automatic lubrication, are a guarantee that the splendid De Laval record for durability will be maintained in the new style machine.

New Catalog will be mailed upon request
