- NURS 3210 (CI) .......................................................... Brock Dethier
- NURS 3230 (QI) .......................................................... David Brown

Business
Substitution for Exploration Requirement ...........................................Kaylee Roholt

Request: Allow the Exploration Requirement to be met by one additional depth course for Aviation Technology – Maintenance Management (ATMM) majors (60 declared majors currently).

Justification: Since fall 2012, ATMM students graduate with an average of 157.58 earned credit hours. The major requirements are lengthy (84 credits) and time intensive (multiple classes have 12+ contact hours each week). There is no room/need for electives in the plan of study by the time general education, major requirements, and upper division requirements are met. Allowing the exploration requirement to be satisfied with an additional upper division depth class would prevent ATMM students from registering for a lower division course that serves no other purpose.
Background: I am an academic advisor in the College of Ag and Applied Sciences. My ATMM students are required to answer to two governing bodies: Utah State University and the Federal Aviation Administration. Satisfying both entities is a wonderful combination, but makes for a very buys four years. I am looking to keep our students as close to 120 credits and four-years as possible.

Data Collection for Writing/Communication Update

Adjourn:
GENERAL EDUCATION SUBCOMMITTEE MINUTES

November 15, 2016
8:30 am – 9:30 am
Old Main - Champ Hall

Present: Lee Rickords, Agriculture and Applied Sciences (Chair)
        Michele Hillard, Secretary
        Larry Smith, Provost’s Office
        Kacy Lundstrom, Library
        Dean Adams, Engineering
        Dick Mueller, Science
        Kris Miller, Honors
        Claudia Radel, Natural Resources
        Barbara Williams, Registrar’s Office
        Brock Dethier, Writing Program
        Harrison Kleiner, Connections
        Bob Mueller, Regional Campus
        Laura Gelfand, Arts
        David Brown, Quantitative Intensive
        Susan Haddock for Stephanie Hamblin, Exploratory Advising
        Konrad Lee, Business
        Dan Mclnerney, American Institutions
        Shelley Lindauer, Education and Human Services
        Brian McCuskey, Humanities

Absent: Janet Anderson, Office of the Provost
        Ryan Dupont, Life and Physical Sciences
        Jessica Hansen, Academic and Instructional Services
        John Mortensen, Student Services
        Cindy Dewey, Creative Arts
        Mykel Beorchia, University Advising
        Melanie Nelson, USU Eastern
        Damon Cann, Social Sciences
        Ashley Waddoups, USUSA President
        Matt Sanders, Humanities and Social Sciences

Visitors: Joyce Kinkead, Professor, English
         Dillon Feuz for Brian Warnick, Agriculture and Applied Sciences

Call to Order – Lee Rickords

Approval of Minutes – October 18, 2016
Motion to approve the minutes from the October 18 meeting made by Brian McCuskey. Seconded by Laura Gelfand. Minutes approved.
**Depth Requirement for Teacher Education Majors** ................................................ Larry Smith

Teacher Education students as they think about course work for the spring. New licensure requirements by the USBOE where all TE students must take both a 3 credit course in technology, as well as 3 credits of English language learner. TE students will now have total credits of over 120. Retroactive and applies to students in program now. USBOE doesn’t want them over 120 credits. Gen Ed committee consider on a temporary basis only a suspension of the depth requirement for TE students for 3 years. Faculty in TE will work on blending the depth requirements in the curriculum. Depth requirement is at USU only. No other institutions require this. Caine College of the Arts and the College of Engineering are supportive of this request. TE students are held to a higher standard due to their majors. This is for all education, elementary, secondary and special. How will the three-year timeframe be monitored? Have dean or faculty come and report periodically on progress. Should not set a precedence in disallowing depth courses for other majors. Reaffirm to students that the depth courses are necessary in their education.

*Motion to approve the suspension of Depth Humanities for Teacher Education students made by Claudia Radel. Seconded by Laura Gelfand.*

Amendment motion to require annual report from CTE made by Konrad Lee. Seconded by Laura Gelfand.

**Course Approvals/Removals/Syllabi Approvals**

**ADVS 5630 (CI) APPROVED** .......................................................... Brock Dethier

*Motion to approve CI designation made by Dick Mueller. Seconded by Konrad Lee. Designation approved.*

**APEC 1600 (BAI) APPROVED** .......................................................... Dan McInerney

BAI courses should not become niche courses specifically tailored toward majors. The APEC department improved the course to broaden the BAI between the College of Agriculture and Applied Sciences and the College of Natural Resources. Makes it broader than what is currently offered to students. Look at new courses requesting BAI designation and making absolutely meet the requirement/rubric. Review courses every three years.

Each designation subcommittee look at their requirements and make necessary changes/requirements. R470 standards have been updated by the state.

*Motion to approve BAI designation made by Shelley Lindauer. Seconded by Brock Dethier. Designation approved.*

One vote in opposition.

**BIOL 5630 (CI) APPROVED** .......................................................... Brock Dethier

*Motion to approve CI designation made by Dick Mueller. Seconded by Konrad Lee. Designation approved.*

**CMST 5800 (CI) APPROVED (change in Curriculog to 2 credits)** .......................... Brock Dethier

*Motion to approve CI designation made by Dick Mueller. Seconded by Konrad Lee. Designation approved.*

**Business**

Data collection for writing/communication committee........................................ Joyce Kinkead

Next semester Dr. Kinkead’s class will do an analysis of courses with CI designation. The Institutional Review Board approved the proposal and would give these students an authentic research experience while providing the Gen Ed committee with data that will help with the oral/written communication issue. Results of this work would come back to Gen Ed at the end of the spring semester. The class will be looking a syllabus to make sure the communication requirements meet expectations. Nee to make sure that the Provost is in agreement with this and
that all deans and department heads are informed and make clear that this is not about faculty evaluation but about syllabus evaluation. This effort provides students with a research experience and the Gen Ed committee would receive the data they are looking for.

Motion to accept this research assistance made by Dick Mueller. Seconded by Kris Miller. Assistance/information approved.

Discussion/Review of information gathered regarding lack of adequate writing/communication skills in students.

- ACT Report on College Readiness
- SAT Data
- Utah School Assessment
- Writing Skills – National Data
- English 1010 Objectives
- Assessment Rubric
- Survey of Graduate Engineering
- Graduate Training: Results of a Survey of Employers

Not sure that the data provided really helped with the issue at hand. Information was interesting but doesn’t really help with the body of evidence to prove there is a problem. Collecting data across campus will be more helpful than the national information/data that has been provided. Student writing data is available through the Library and it was agreed upon that the Gen Ed committee cannot solve this problem on their own. Need to communicate writing resources, that are available on campus, to the faculty so they are aware of resources that can be utilized. Could provide training on writing and using rubrics for faculty so they can effectively evaluate others. It was suggested that writing fellows could help cover the needs. However, funds would be required to hire more fellows. If funds were available colleges or departments could hire someone to help/teach specific writing skills/techniques. Writing centers are integral for regional campuses.

Should a meeting be held in December?
No December 20, 2016 meeting. Next meeting is scheduled for January 17, 2016. Any critical designation requests can be reviewed and approved via Curriculog and email.

Adjourn: 9:37 am
