## 1.2 General Education Designation

course

## General Catalog Information

## General Education Designation Information:

Before submitting a proposal requesting a General Education designation please review the criteria for the desired designation on the General Education Subcommittee website here -

[http://www.usu.edu/epc/subcommittees/general\\_education/criteria/](http://www.usu.edu/epc/subcommittees/general_education/criteria/)

Courses must support and promote the goals of the University Studies program objectives. They should build on a significant number of the goals expressed in the rubrics for the appropriate breadth and depth categories which can be found on the website listed above. Please feel free to attach homework assignments or any other documentation that can show how the proposed course meets the designation objectives. The subcommittee reviewers will not be able to access any course materials in Canvas so please include all documentation as attachments to this proposal.

Please note that all Depth Courses must be at the 3000 level or above. They must be accessible to non-majors who have a level of academic preparation appropriate for upper division courses.

If you have questions while completing the form, please contact Amber Summers-Graham at 797-1166 or [amber.summers@usu.edu](mailto:amber.summers@usu.edu)
