AGGIES SCALP THE OPPORTUNITIES FOR U. MONTANA U. A. C. Cadets

UTAH BACKFIELD PROVES TOO
SPEDDY FOR THE
NORTHERNERS

The fast A. C. team added another victory to their growing list last Saturday when they humbled the Montana Grizzlies by a score of 21-6. Considering that the Utah team was outweighed ten pounds to the man, Aggie fans have reason to feel elated. Montana did not have the joy of carrying the ball over the Aggie goal line—their six points being made by two drop kicks from the field.

Montana won the toss, received the kick-off and advanced to mid-field. There Utah stiffened and Mathews trying for a goal from the field, booted the ball into the line and Worley fell on it. Hanson and Stiefel made it first down in two drives and then "Stubby" Peterson loped 45 yards for a touchdown. Stiefel punted out to Peterson and then kicked goal.

With the second kick-off Montana reached the Aggie 35 yard line where they were held and Mathews of the Bruins sent a drop kick between the goal posts. A second drop by Mathews in the second quarter completed the scoring for the Bruins and left the score at the first half Utah 7, Montana 6.

In the first few minutes of play in the third quarter Montana lost the ball on downs. Peterson and Stiefel made it first down and then Hanson sprinted 28 yards for the second Aggie touchdown. Montana tacklers missing him at every step. Stiefel kicked goal.

In the fourth quarter Conkwright sprinted 20 yards to the middle of the field, and then Stiefel ran 50 yards for the third touchdown. The 80 yard march had been made in five plays before Montana rooters could get their breath.

A royal welcome is planned when the team returns, and Aggie fans are jubilant over the chances to repeat this dose for Coach Bennion's Montana Aggies tomorrow.

Freshman Football

JENSON'S JUNIORS TO MEET THE
OGDEN HIGH SCHOOL
SATURDAY

The Freshman Football squad will take on the fast Ogden High school for a game here next Saturday. Coach Jensen has had a difficult time in securing enough freshmen to make a full team, but with the promise of games the freshmen have come out the last ten days. Most of the boys are green as far as football is concerned, but they are willing to learn and before the season is over no doubt will make a fast combination.

The game will be on Adams Field at 3 p. m. No admission will be charged. The entire Student Body should be out to shout for the boys that will make the varsity next year. Harris, Nabriskie, Sheriff "Henroid" West, Leonard, Pearson, Brocken, Bernston, Langton, Eccles, Jordan, and President Hayward have been working over time lately to get the boys out so that some games might be arranged. The Freshman will take on the Idaho Tech next week. This game will be played in Pocatello.

LIMITED NUMBER MAY ENTER
THIRD RESERVE OFFICERS
TRAINING CORPS

In recognition of the excellence of the military instruction given at the Utah Agricultural College, this school has been designated as one of the seventy three colleges and universities in the United States from which men will be received at the Third Reserve Officers' Training Camp. This information, which was just received by the College in the form of an official bulletin, means that a certain number, not yet decided upon, of the graduates and undergraduates of the Utah school will be eligible for entrance to the third camp to be held from January 5 to April 5, 1918. These camps will be conducted primarily for the training of enlisted men in the regular army, National Guard, and the National Army. To these camps it has been decided by the war department to admit a certain number of graduates and undergraduates of universities, colleges, and schools which have earned recognition by having had military training under army officers during the past ten years. The entire number of such college students in all camps will not exceed 2,490.

The official government bulletin states qualifications and conditions governing the application of college men as follows:

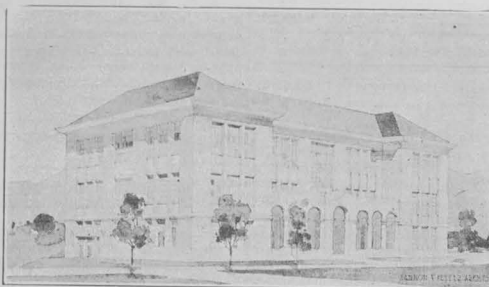

"Graduates and undergraduates of the institutions listed, who will be between 21 and 31 years old on January 5, 1918 are eligible to apply for admission.

Applicants may be married or unmarried, but other things being equal examining officers will give preference to unmarried men.

Graduates and undergraduates of these institutions who did not take the course of military training offered by the institution are not eligible for admission.

"Graduates and undergraduates who are eligible as indicated above and who desire to be admitted to the training camp must apply on the blanks provided for the purpose and forwarded the completed applications to 'the instructor in military tactics' of the institution from which the applicant graduate. Instructions as to application should be followed carefully. Letters of recommendation are not wanted, but only the names of three responsible citizens who know the applicant best. Each applicant must be examined physically at his own expense by a reputable physician who will fill out the physical report forming part of the official application blank. Applications will be received between October 15 and December 1. No application received after December 1 will be considered, but will be promptly returned to the applicant. Examining officers will be instructed to designate the full quota of principles and the same number of alternates, provided the number of qualified applicants admits of this.

All men who successfully complete the three months' course and are so recommended will be carried on a list as eligible for appointment as second lieutenants and will be commissioned as vacancies occur in the order of merit determined by performance while at the training school. Provided 'That their service between date of graduating and date of occurrence of their vacancy has been satisfactory' (Continued on Page Four)

Splendid Animal Husbandry Building Soon To Be Completed On Campus

IN ADDITION TO CLASS ROOMS WILL HOUSE THE DAIRY AND
FORESTRY DEPARTMENTS

When the big dairy and animal husbandry building shown above and now being erected is finished, the Utah Agricultural College will have the best equipped and most modern building in the west devoted exclusively to animal husbandry. The building will be three stories and a basement high. The first floor will house a large and modern dairy manufacturing plant which will include rooms for the making of butter, cheese, cottage cheese and ice cream. A model farm dairy is located on the first floor, equipped for demonstration where the farmer can see in operation the dairy he should have on his farm. A large ice room, coolers, refrigerator plant, meat curing room, and cheese curing room will be located partly on this floor and partly in the basement. The rest of the first floor will be given over to offices, and a roomy amphitheatre, where large classes can meet, and where farmers and

housekeepers may assemble in their annual round-up gatherings.

The second floor is to be given over to offices, class rooms, and experimental and student laboratories. Here will be located milk testing rooms, separator rooms, and churning laboratories.

The third floor is to be given over to work in forestry. Here problems in range management will be worked out, and the care of cattle and sheep on the range, taught. The care of our national forests will also be part of the work.

With the completion of this splendid building, the College will be in a position to further emphasize its work in dairying and animal husbandry.

With enlarged and newly equipped laboratories at hand, it will be able to carry on experimental work on an enlarged scale, and to offer its students even better opportunities for study than it has been able to offer in the past.

City And College Will Celebrate

BIG DEMONSTRATION BEING
PLANNED TO DO HONOR TO
RETURNING FOOTBALL
HEROES

Monday night loyal Aggies and wide-awake citizens will meet in a big rally to pay honor to the football team that overwhelmed Montana "U" last Saturday and, we trust, will overwhelm Coach Bennion's warriors tomorrow. The rally will be held at 7:30 on Main street, between Center and First North intersections. Arrangements for the celebration are being made by a joint committee of Commercial-Boosters and students. While a mighty secrecy is being maintained regarding the exact nature of the "stunts" to be pulled off, it is fairly certain that one feature of the rally will be a huge torch light parade in which Coach Watson and his football heroes will occupy places of honor. From the traditional Aggie flat wagon rostrum Logan boosters will tell why they are proud of their team, Aggie rooters will tell how they expect to support a championship aggregation, and the Coach and players will tell how they got Montana's scalp (or scalps we hope), and how they are going to work to get (Continued on Page Four)

Students Help Farmers

LEAVE BOOKS TO HARVEST
BEETS AND POTATOES ON
SATURDAYS

Encouraged by the ready support of the students last Friday, when an hour's canvas secured some fifty volunteers for Saturday farm work, the committee on student employment of the College launched a campaign to secure at least one hundred men to work in the fields next Saturday to help the farmers harvest their crops. The students see both the patriotic and the financial angles of the appeal and are ready to enroll in the movement. Many faculty members, to whom we suppose the patriotic appeal is stronger, have signified their intention to help dig potatoes or top beets.

The agricultural experts at the College are urging the farmers to make haste and harvest their crops while this good weather lasts, the labor shortage is, in many cases, hindering the harvesting. This patriotic action of the students will do much to allay the labor shortage. However, the College cannot handle the situation without co-operation on the part of the farmers. Each farmer who wants student aid for next Saturday should send or tele- (Continued on Page Four)

Faculty And Students Prove Patriotism

LARGE LIBERTY BOND TO BE
BOUGHT AND DONATED TO
STUDENT LOAN FUND

At meetings of the Faculty of the Utah Agricultural College and of the Student Body of the Institution, held simultaneously last Thursday noon, it was decided that the entire school unite in the purchase of at least one \$1000 liberty bond. These decisions were an outgrowth of a burning desire on the part of both faculty and students to lend their support to the government in this time of need. It is not expected that anyone subscribing toward the purchase of this bond consider his donation in lieu of an individual purchase, but that it be given in addition to any other purchase contemplated.

The enthusiastic reception given the idea by the students indicates that, in all probability, more than one bond will be purchased. According to plans formulated by the committee in charge of the matter and accepted by the Institution, every student is to be asked for at least one dollar, every alumni member for at least two dollars, and faculty members for larger donations. With the full support of the students and faculty promised, and with the support sure to be accorded the move by the alumni members, it is not improbable that at least two thousand dollars will be raised.

Several plans are under consideration concerning the disposition of the interest money to be realized on the investment. It is suggested that the money be used as an annual prize to be given at each commencement to that student who, during the year's work, has approached most nearly the Utah Agricultural College ideal. Another plan is that the interest go to form a Liberty Bond scholarship to be given annually according to certain regulations. A third plan, and one combining the merits of the above two, is that the money be used to establish a Liberty Bond Scholarship to be given only to students who have spent at least one year at the Institution, and who in their work have approached most nearly the ideal student.

This united action of the faculty and students at the Agricultural College must demonstrate more than anything else the patriotic spirit of support to governmental policy present throughout the Institution. It cannot fail to encourage those few persons who have not yet decided to buy their bond to subscribe at once. It should stimulate the sales of the liberty bonds throughout the state.

LOOK AND LISTEN FOR THE PERIWIGGERS

No training camp making ready for real action is any busier these days than the Periwig club getting ready to stage a war play on the campus Friday evening October 26th. The play is one of Percy Mackaye's one-act "Yankee Fantasies," the theme is war, the setting a battlefield. We don't know the exact nature of the attack, nor the kind of weapons to be used. Whether its bayoneting or bombing, but with such high (dramatic) explosives as Lowry, Trolley and Milt on the firing line and Claire on the cheering line with Miss Huntsman applying the fuse, there ought to be a fine display of pyrotechnics. At any rate, keep the date open, Friday the 26th, and we'll tell you more about it in our next issue.

EDITORIAL

PUBLISHED WEEKLY BY THE STUDENTS OF THE UTAH AGRICULTURAL COLLEGE

Entered as second-class mail matter September 19, 1908, at Logan, Utah, under the Act of March 3, 1879.

Printed by the Earl and England Publishing Company, Logan, Utah

A. HULME NEBEKER, '19..... Editor
GEORGE B. COOK, '18..... Business Manager

Volume XVI THURSDAY, OCTOBER 18, 1917. Number 6.

Have you bought your share of the College liberty bond? If not, why not? You can afford it. It is the one thing you can not afford to be without.

We are sending our best blood to France to lick the Huns. A statistician has demonstrated that \$100 in equipment will save a man by increasing the fighting efficiency of the army. Where can you invest a dollar to better advantage than saving one-hundredths of a man's life?

Then it is a sane business investment for the college. Many worthy students find themselves running short of funds in the spring and a loan fund is kept to help such out. This loan fund needs reinforcing. What if a student fails to donate at least a dollar to the cause, and next year finds himself or herself in the embarrassing position of receiving the interest from the liberty loan in the form of a scholarship?

That the College has a maternal interest in her sons who are now with the colors is shown by the effort being made to compile a list, giving the name, address, branch of service, and office held, if any, by all who were once U. A. C. students, and are now in uniform—army, navy, or red cross.

Any who come under this description are asked to send in the information asked for above at once to the President, U. A. C., Logan, Utah. If persons knowing of former A. C. students now with the colors would write such information to the above address or phone it to 101 it would be greatly appreciated.

As soon as possible it is intended to publish a soldiers issue of Student Life, which is hoped to be a medium of news exchange for Aggie soldiers located in the various camps. Articles dealing with any phase of camp life would, therefore, be welcome.

A plan is under consideration by which Student Life will be placed in the Y. M. C. A. library of each Military Camp in the country.

Students can do a great deal to make the soldiers issue of Student Life a success.

There are probably four or five hundred men formerly connected with the College now with the colors. They have an interest in the school and what other Aggie men are doing in the army. Student Life hopes to convey the news from those who have it to those who want it. Letters or pictures from soldiers will add greatly to the value of such an issue and will be gratefully received by Student Life.

STUDENTS SHOW "PEP"

That there is real ginger and go in the U. A. C. student body was proved last Thursday by their two-block sprint to the station. The train arrived when the crowd was yet two blocks from the station causing real alarm to spread lest it should pull out before the Aggie football warriors were again told how much was expected of them in Montana; how much hope and inter-

est are centered in them. Did they get there? Why every student was there, looking as happy as a blue ribbon hen at a poultry show. Cheers and songs were the natural escape for part of this energy. These were sprinkled along the entire line of march from the college to the depot. Considering the warmth of the afternoon and the rate of march it is a distinct credit to the physique of the students that no one had to be carried, while

but very few yielded to the temptation to ride in motor cars.

Using an express wagon as a rostrum, Captain Twitchell gave a speech which a damsel said was "short but sweet." The latter quality must have come from his genial grin, because "fight" is hardly a "sweet" word.

The comforting conclusion is that the students of the U. A. C. love the U. A. C.; that any properly organized move they undertake can be sure of real support from each student; that next to the glory of fighting for the Stars and Stripes comes the honor of loyally supporting the white and blue.

STUDENT LIFE WILL COMPLETE ITS STAFF

The following is a suggestive list of subjects for the try-outs for Student Life Staff:

Self starters.
Types of farm animals at the College.
Should the College Farm pay?
Trees and shrubs on the campus.
Outdoors in October.
What is school spirit?
Should Faculty members cheer with the students?
Is Uniform Dress for girl students desirable?
Should physical education for Junior and Senior girls be compulsory?
The effect of war on women's fashions.
Possibilities in Red Cross work.

Other topics having any news value whatever will be acceptable. Articles should be in the box at the door of Student Life office by Tuesday of next week. Though it is not intended that the name of the writer be published, all articles must be signed. While details for the organization of the staff have not yet been worked out, there are enough vacancies to give students interested in writing for the college paper an excellent opportunity of winning a place on the staff, or as a reporter:

PRACTICE HOUSE PERIODS

As has been already announced, the Practice House will be opened for the first group of six Senior students on Friday next, the 19th, and it is hoped that before long all members of the Faculty and Student Body will have had an opportunity to inspect the arrangements. The periods of residence for the current College year will be as follows:

Period 1, October 19 to November 30.
Period 2, December 3 to December 21; January 7 to 21.
Period 3, will be subdivided for special groups of graduate students as follows:
February 1 to 14; February 15 to 28; March 1 to 14.
Period 4, March 15 to April 25.
Period 5, April 26 to June 4.

FRESHMAN PARTY

Last Friday evening the Freshman class gave their first party in the Womens' Gym. The party was very well attended and a delightful time was spent in games and dancing.

Watch the Freshman class this year; big things are expected of them and they are going to give a good account of themselves.

R. J. S.

A number of examples of fine art reproductions (copied prints, medallions, and others) are in the Art department and can be seen by any one interested.

Doctor Titus, formerly head of the Zoology and Entomology departments, called at the college Monday to see his friends. He is engaged by the U. S. D. A. as sugar beet technologist.

PROFESSOR HOGENSON REPORTS LARGE EARNINGS OF STATE BOYS' AND GIRLS' CLUBS

The boys and girls of Utah in their organized club work, will have earned nearly nine hundred thousand dollars when their projects are completed this fall, according to a preliminary estimate of gross earnings just made by State Leader of Boys' and Girls' Clubs J. C. Hogsenson, of the Extension Division of the College. This is a mighty sum, but Professor Hogsenson has so itemized his estimate that we cannot doubt but that he knows what he is talking about. This amount will be distributed over the various agricultural and home economic activities of the boys and girls as follows:

5260 acres of gardens at \$86.00 an acre.....	\$452,360.00
800 acres of sugar beets at \$80.00 an acre.....	64,000.00
1000 acres of potatoes at \$300.00 an acre.....	300,000.00
150 acres of mangels at \$105.00 an acre.....	15,750.00
51000 chickens at 30 cts. each.....	15,300.00
4000 hogs at \$40 each.....	16,000.00
200 calves at \$45 each.....	9,000.00
8000 quarts of fruit at 40 cents each.....	3,200.00
20,000 loaves of bread at 5 cents each.....	1,000.00
2000 articles of clothing at 80 cents each.....	1,500.00
	\$878,210.00

Thirty six thousand boys and girls have been co-operating in this work during the past season. The district leaders expect that thirty thousand of these will complete their projects.

SORORITIES ANNOUNCE RAW RECRUITS

Sorosis announces the following pledges: Lydia Hanson, Lucy Langton, Connie Nelson, Caroline Wyatt, Holly Baxter, Norma Tanner, Helena Jacobs, Orla Harris, Irene Ricks.

The Thetas announce the following pledges: Della Bischoff, Hazel Goyno, Dorothy Chipman, Jean Hindley, Mary Hansen, Elsie Petersen, Fay Stewart, Isaura Bentley, Ina Heywood, Elnora Amussen, Lillian Morgan.

Pledges to the Beta Delta Sorority are: Mrs. George H. Hill, Irene Rich, Beth Ericson, Bernita Bingham, Geneva Thomas, Ona King, Marjorie Turner, Geneva Rich, Ella Milner, Cloe Nelson and Sybil Hopkins.

Locals

J. Fish Smith, '16, is at Camp Funston, Kansas.

Freshmen should remember that a football team cannot be made in one night.

George Holmstead, '17, is County Agricultural Agent of Weston county, Wyoming.

Byron F. Crookston is at the 20th Engineer's Camp, American University, Washington, D. C.

Harry Halton, '18, is in training at Camp Grant, Rockford, Illinois, for the ambulance corps.

Scott M. Budge, '19, is studying at Columbia University, N. Y. Of course he is studying medicine.

Someone suggests that the Salt Lake reporters who wrote up the U. A. C.-Montana game were suffering from writer's cramp.

If the Freshmen can defeat Ogden High school, watch them go after Pocatello. The Pocatello aggregation has always defeated our freshmen.

Ried German and William Linford returned Monday from a brief trip to Evanston, Wyoming. Installing stoves was the reason given for the journey.

Poulter said he went to Salt Lake on business for the Chemistry department last Thursday. By his happy look he must have made a good bargain.

The Freshman football team gave nine rabs, when their old friend Zabriskia came out for practice again. Zabriskia sprained his ankle over two weeks ago.

Douglas O. Woodruff, a popular student of last year, writes from 2707 Clarke St., Milwaukee, Wis. He is doing missionary work for the Mormon church.

Mrs. John A. McAllister died Sunday evening of ptomaine poisoning at the home of her daughter, Mrs. Major R.L. Binford, Salt Lake city. Mrs. McAllister has been closely connected with the college through her family and sons-in-law, Major Binford, who was commandant at the U.A.C. for three years, and Prof. Hendricks. Student Life sincerely offers its sympathy to those who are bereaved.

WHEN THE "S" FELL OUT

"We are thoroly to thay," explained the editor of the Skedunk Weekly News, "that our comphing-room wath entered lath night by thome unknown thoundrel, who thtote every 'eth' in the ethabthment, and thutceeded in making hith ethcape undetected.

"The motive of the miththreat doubtleth wath revenge for thome thuppothted inthult.

"If thall never be thaid that the petty thtiple of any thmall-thould villain hath dithabled the Newth, and if thith meet the eye of the detethtable rathcal, we beg to athure him that he undereththimated the rethourceth of a fith-clath newth-paper when he thinthkth he can cripple it hopelethly by breaking into the alphabet. We take ocatation to thay to him furthermore that before next Thuthrday we thall have three elmeth ath many etheth ath he thtote.

"We have reathon to thuthpect that we know the cowardly thunkk who committed thith act of vandalthm, and if he ith ever theen prowling about thith ethabthment again by day or by night, nothing will give uth more thaththfathion than to thoot hith hide full of holeth."—Tit-Bits.
