Winter Term Opens U. A. C. Remembers U.A.C. Delegates To UTAH AGGIES AGAIN December 3 Student Soldiers Washington CARRY OFF THE HONORS

Utah Agricultural College Expects Big Enrollment For Three Month Period

Arrangements are being made to accommodate several hundred practical farmers, housewives, and business men at the Utah Agricultural College on December 3, the opening of the Winter term at the institution. Such wide-spread interest is being manifested by citizens of both Utah and Idaho in this innovation in school work that a record attendance is expected. By this special division of the College year into three terms of three months each, it is possible to enter the institution at the beginning of any term for regular college work.

"There are actually thousands of men and women throughout the West who can attend school for three months during the winter as well as not," said President Peterson in discussing the opportunities offered by this special winter term. "For these men and women who find that they want to secure the latest information in agriculture, home economics, farm motors, farm mechanics, or the like, or who want to add to their general knowledge, some special work in Science, English or history, the winter term at the Utah Agricultural College has been especially adapted."

Aside from the exceptional opportunity thus offered to the mature citizens, high school graduates who want to secure college work leading to a degree will find practically the entire curriculum open to them. All students who have had two years of high school work, and all over eighteen, whether with high school training or not, will be admitted to the many valuable vocational courses offered.

"Peer Gynt" Pleases

LARGE AUDIENCE ENJOYS RE-N-DITION BY LOGAN ARTISTS

The Students Million Dollar Friendship Fund committee are pleased with the results of the benefit concert of Tuesday evening. As Miss Huntsman, Mr. and Mrs. Spicker and Miss Gates are well known for their excellence in their respective fields, it is only necessary to say they scored another success on this occasion.

Miss Huntsman read the play "Peer Gynt." The Spicker trio played the Peer Gynt music by Greig and Miss Gates sang the solvig songs.

The College Play

It is about time for the try-outs for the annual college play which is to be produced. In January To the end of deciding on a play and taking the preliminary steps toward the tryouts which must be called in a week or ten days. Miss Huntsman director, would like to meet all the students interested in the college play in Room 359, next Tuesday afternoon at four o'clock. In order to encourage the annual production of a Freshman play it has been decided that Freshmen are not eligible to the college play inasmuch as they will have an opportunity to test their dramatic skill in the Freshman play, thereby getting a training that will

(Continued on Page Four)

Christmas Packages to be Sent to All Known Alumni or Former Students

At its meeting last Thursday the student body voted to send a Xmas package to all available former A. C. students. The girls are to do the work while the fellows agree to pay the mailing and other expenses connected with the move. The work is in charge of the student body council of defense. The work of the women will be supervised by the U. A. C. branch of the Red Cross.

The following suggestions concerning Xmas packages have been issued from the headquarters of the Mountain Division of the Y. M. C. A.:

1. Nothing should go in them which will not keep fresh from the time of packing until Christmas.
2. Dried fruits and other food products should be packed in small tin or wooden boxes, one-quarter to one-half pound size.
3. Hard candy, including chocolate, would probably be safe in tin foil or heavy cardboard, but no soft chocolates nor anything that could possibly be crushed should be used, as the other contents of the package might be spoiled thereby.
4. Several dainties packed in oblong tin boxes each holding a quarter of a pound, will provide a better variety for a packet than a larger quantity of a single confection.
5. No liquids nor articles packed in glass should be placed in the package.
6. For wrapping the gifts use a khaki-colored handkerchief, twenty-seven inches square, and form the base of the packet by placing on the center of the handkerchief a pad of writing paper about seven by ten inches.
7. Select a variety of articles either from the suggested list (or according to individual wishes) to an amount not exceeding \$1.50, and arrange them on the pad of paper so that the entire package shall be the width of the pad and approximately five or six inches high.
8. Wrap and tie with one-inch red ribbon and place a Christmas card under the bow of ribbon. A card bearing the greetings of the Chapter would be desirable.
9. Wrap the parcel again in heavy, light brown manila paper, and tie securely with red, green or

A. C. Freshies Play East Side High

On Saturday, Nov. 10, our Freshie warriors clash with Coach Tommy Fitzpatrick's griders from the East Side High school of Salt Lake. The game will be played on Adams Field and as the East Siders are strong this year the contest should be an interesting and exciting one.

The East Side High will probably be the State High School champions this fall and fans who follow the team from year to year know Fitzpatrick will have a snappy bunch.

The Aggie Freshmen should put up a real game. They have had careful coaching and Jensen expects them to put up a real scrap from first to last. The game will be called at 2:30, on Adams field. Admission will be 25c.

College To Be Represented At Annual Meeting of the National Association of Agricultural Colleges and Experiment Stations

This week has witnessed the departure of Pres. E. G. Peterson, Prof. John T. Caine, Miss Ravenhill, Miss McChoyenne and Director Harris of the Experiment Station for Washington, D. C., where they will represent the U. A. C. at the annual meetings of the National Association of Agricultural Colleges and Experiment Stations. These meetings will be held during the coming week.

Prof. Caine will stop over at St. Louis to attend the convention of Extension directors, in which the problem of obtaining farm help through the co-operation of the U. S. D. A. Farm Management Bureau and the Extension Divisions of the Agricultural Colleges throughout the land, will be discussed.

Dr. Harris has gone east via the Northwest and will return through the Southern states, gleaning ideas along the way from Experiment stations. He will be accompanied on his return from Washington by Prof. Caine.

Miss McChoyenne, Miss Ravenhill and Pres. Peterson have work in Washington connected with the food conservation campaign, in addition to attending the association meetings to be held from the 12th to the 16th of November.

B. F. Riter, Jr., Speaks In Chapel

FORMER EDITOR OF STUDENT LIFE MAKES Y. M. C. A. APPEAL

Tuesday the students showed intense interest in the Y. M. C. A. talk given by Mr. B. F. Riter Jr. He said that at the larger eastern universities the Y. M. C. A. used to be a joke, but since it has performed such unusual service in the war it ranks as one of our most worthy national institutions. It has been given an official status by an act of congress and its secretaries are authorized to draw on the Quartermaster's department for their supplies.

The danger in making a soldier is that the man in him should be destroyed and he becomes a man killer rather than a fighting machine. The presence of a clean soul makes the difference. A letter from home or a prayer may be the simple forces necessary to keep the soul lamp burning.

When our soldiers do return from the great adventure it will be more deadly for them to have lost their ideals than their eyes or arms.

B. Y. C. Student Body Cheer For U.A.C.

The student body of the B. Y. C. voted to attend the U. A. C.-C. A. C. football game en masse Tuesday and root for their friends on the hill. They occupied the east bleachers, and though they had no cheer leader, made themselves heard again and again.

Last Year's Conference Champions Defeated By Watson's Light, Speedy Hustlers

Alumni Home Coming Planned

ROUSING RALLY AND DANCE TO PRECEDE GAME WITH COLORADO U

The Alumni Executive Committee is busy making arrangements for the "home coming" celebration to be held Nov. 16th and 17th. It is intended to have a number of former football stars on the rostrum at a rally on Friday night and then give a dance Saturday night after the game.

Each Club, Sorority and Fraternity will be asked to prepare a stunt for the rally.

The faculty committee is Byron Alder, A. H. Saxer and M. C. Merrill. They are cooperating with a Student Body committee composed of Heber Meeks, Hulme Nebeker and Mr. Ballif.

Sophomores Win Annual Freshie-Soph Mele

Sophomores 5
Freshmen 4

Between halves of the U. A. C.-C. A. C. game Tuesday, a contest took place that was not so one-sided as the aforesaid game proved to be.

Nine sandbags were lined up in the middle of the field; the Freshmen and Sophomore teams then appeared at opposite ends of the field. If appearances can be taken into account, old clothes must have been in great demand just before this contest. Some of our heroes were gaily clad in football suits, old and disreputable; some were dolled up in what seemed to be the work clothes of the head automobile greaser of some large and busy garage; and some proudly wore ordinary overalls. The Freshman team was the pick of the class in size while it appeared as if the entire male enrollment of the Sophs was present. The Sophs were supperl in numbers, the Freshmen in size.

At a signal, both teams dashed madly in the general direction of the center of the field. Some siezed bags and were lucky enough to get away without being pinned to the ground by their enemies. Soon all the loose bags were resting in the shadow of the goals and three or four groups were engaged in death grapples. Mr. Clyde, Freshman, made himself famous by wrestling a bag from his opponents and galloping frantically to the goal and dashing, equally frantically, back to engage in the fray. Mr. Ballif, Sophomore, also distinguished himself by getting the first Soph bag to the goal, and also by his headlong diving into masses of struggling combatants.

Finally the advantage of superior numbers told and the Sophomores emerged victorious with five bags to their credit, to the Freshies' four.

History of this season's football games repeated itself yesterday on Adams field. The Logan farmers turned last year's tables on the Colorado Aggies by winning 47-7. Considering that Utah played the same straight football that was used against the Artillery team, and that Peterson, the speedy quarterback, was out of the game, it is no wonder the Aggies are putting in a strong bid for conference championship. Several unusual, open plays are held "up their sleeve" which were not seen in Tuesday's game.

Colorado was plainly outclassed, their one touchdown coming as a result of the Utah backs taking a nap on a kickoff, letting Colorado cover the ball within a yard from the Utah goal and then pushing it over at the beginning of the second quarter. Hoerner kicked goal. Except for a goal drop kick from the field by Stiefel this was the first scoring of the game and served to shock Utah into the daring, deadly work that won the game.

"Stubby" Peterson went in at quarterback, but received a jolt that put him out in the second quarter, as Watson did not want to take any chances of having him out of the next two Conference games. Barlow, a new man with no previous football experience, took his place and attracted a great deal of attention by deftly nabbing a couple of passes and making a 50 yard field run.

While the Aggie work was uniformly good, Jarvis and Stiefel were stellar ground gainers. Conkwright hammered the heavy Colorado line for consistent gains which was a happy surprise to the fans who considered the Utah team too light for gains through the line. Mohr and Twitchell worked on the line in a way which lines them up as possibilities for all conference tackles. Mohr raced through the Colorado line and caught a forward pass from Stiefel, which almost grazed the shoulder of a Colorado man who was watching him, making the third touchdown.

Cannon, at center, could be seen on offensive breaking up plays behind the Colorado line.

Upon winning the toss, Captain Twitchell chose to kick and Colorado chose the south goal to defend. The scoring was started by Stiefel late in the first quarter kicking a drop goal from the twenty yard line. Colorado kicked off to the Utah yard line and Utah did not cover it, apparently thinking the ball would be put in play on the 20 yard line. Colorado fell on the ball. The referee called Coaches Watson and Hughes out to get their opinions on the dispute which this caused, and a cheer went up when Watson replied, "You are the referee," and stayed on the bench.

At the first of the second quarter Colorado made the yard between them and the Utah goal. Hoerner kicked goal. On line bucks Utah came within striking range and Jarvis went over for the first Utah

THAT CONFERENCE PENNANT

Do we realize that we are well out on the high road to becoming the champions of the rocky mountain Conference? Almost startling isn't it?

The Denver University is the only other school that has not been defeated. She plays the mines and the Colorado College. They are both strong teams and if she is defeated by either and we beat the Colorado and Utah U's, then on a percentage basis the pennant must be hung out in the Logan canyon breeze. If we, nor the Denver U are defeated, why not arrange a game with them?

WHY NOT HEAR THE TABERNACLE ORGAN?

Our lyceum numbers are materially decreased this year compared with last. We are re-trenching in our expenditures. Why not avail ourselves of the opportunities for elevating entertainment that are to be found right in our midst.

The public has a chance to hear the large, modern, pipe organ in the tabernacle only in congregational or choir singing. It must have occurred to many that it is regrettable that an instrument with such a wonderful range of expression can not be heard playing the best of the classical and popular music.

Consider the value of a concert on Saturday afternoon, say every two weeks. Students, townspeople, and people from the rural towns who are in to shop could attend and receive rest for their souls, in these days of strain, through the spirit of the delicate tones.

If the students signify a desire for such concerts, the move should be organized and a competent committee of faculty and students appointed. Then if the Student Body assumes the responsibility of financing it, either through a small charge of admission or with Student Body funds, and it is presented to President Ballif of the Cache Stake, in its proper light, it would probably be acted upon favorably. It seems worthy of consideration.

COLLEGE CALENDAR

Leave all information concerning events for the coming week at the President's office by one o'clock of each Wednesday.

Thursday, November 8—Cherniavsky Trio, Logan Tabernacle, 8:15 p. m.

Friday, November 9—Science Club postponed one week, when Professor Byron Alder will discuss "Some Modern Poultry Practices."

Ag. Club Ball, Smart Gymnasium, 9:00 p. m.

Saturday, November 10—Aggie Freshmen vs. East Side High School, Adams Field, 2:30 p. m.

Tuesday, November 13—Captain Henri Bloch, French Army, lectures before Prof. Arnold's French classes at Bluebird Hall, 8 p. m.

Thursday, November 15—Faculty Meeting, 12:10 p. m.

DEBATING

It is now time to begin preparations for the interclass debating contests to be held this year. Great interest has been shown in the class debates in years past and there is

no reason why there shouldn't be this year. So Seniors, Juniors, Sophomores and Freshmen please elect your class debating managers and be ready for business in the near future.

THE BIRTH OF "OUR DIRECTOR"

Once upon a time when the Woman's Building was the dormitory and the men slept where the women now cook, or doze in class, Professor A. H. Uppam was head of the English department, and Professor H. J. Stutterd was head of the Art department. It was known about the campus that a college hymn was sorely needed. In response to this need Prof. Uppam called Prof. Stutterd into his room one day and startled him by asking that he whistle the strains of Maryland. At first Stutterd objected to such an undignified procedure in the dormitory, but when Uppam confided to him that the spirit of poeey was upon him he began. Then to the inspiring strains of Stutterd's whistling, Uppam composed our college hymn which to this very day kindles love for U. A. C. in the hearts of students and alumni.

EUROPEAN UNIVERSITIES

Some of the greatest universities of Europe are less than a year old. Many of the students have no feet. Scores of others are short a hand or an eye.

The faculty cobbles its own shoes and wishes it hadn't lost its toothbrush.

Everybody connected with these more recently established universities of Europe is uniformly dirty, ragged and lousy.

The flag-and-drum department of war has a great deal of the dramatic to recommend it; the prison camp lacks several points of being thrilling.

The deadly monotony of it drives many a man mad. Authentic reports state that ten per cent to twenty per cent of all prisoners of war are insane.

To save their minds, classes are organized to study everything from Sanscrit to Insect Powder. And university professors are to be had in abundance, prepared to teach anything within the range of human interest.

In each of the European prison camps, social workers are now maintained to organize and promote such studies, recreations, games and sports as may save the mind of many a young fellow headed toward melancholia.

A man who has lost his foot is in a bad way, but he may make a crutch. Up to this time, nobody has thought out the problem of an artificial brain.

It is expected that the increased number of social workers to be added to these camps, this winter, will save many a life.

Last year, it will be remembered, the college students of America contributed more than \$200,000 to what was known as the "Students' Friendship War Fund."

Dr. John R. Mott, upon his recent return from a tour of the European prison camps, states that hundreds—if not thousands—of lives were saved, last winter, by this means.

It is asserted that, in many cases, a Ten Dollar bill would have bought all the necessities to keep a prisoner alive—to buy a sick man food suitable for an invalid, or an Overcoat for some anaemic fellow with insufficient clothes.

By the way, had you noticed the inferior grade of Worcestershire Sauce we're getting lately?

Takes a triple dose of the stuff to make a steak taste like anything at all.

Wonder what's the matter?

The war prisoner—that's what ails everything.
The thought of him takes our appetite.

He haunts us—he does—with his lean, unshaven jaw.
And his sunken eyes.
And loose teeth.

BATTLE-HYMN OF THE REPUBLIC

The following song is to be the Congregational hymn at chapel next Tuesday. Kindly learn it:

Mine eyes have seen the glory of the coming of the Lord;
He is trampling out the vintage where the grapes of wrath are stored;
He hath loosed the fateful lightning of his terrible swift sword.
His truth is marching on.

I have seen him in the watch-fires of a hundred circling camps;
They have builded him an altar in the evening dews and damps;
I can read his righteous sentence by the dim and flaring lamps;
His day is marching on.

I have read a fiery gospel, writ in burnished rows of steel;
"As ye deal with my contemners, so with you my grace shall deal;
Let the Hero, born of woman, crush the serpent with his heel,
Since God is marching on."

He has sounded forth the trumpet that shall never call retreat;
He is sifting out the hearts of men before his judgment seat;
O, be swift, my soul, to answer him! Be jubilant, my feet!
Our God is marching on.

In the beauties of the lilies Christ was born across the sea,
With a glory in his bosom that transfigures you and me;
As he died to make men holy, let us die to make men free,
While God is marching on.
—Julia Ward Howe.

IN SOCIETY

President and Mrs. Peterson entertained the College Faculty at a delightfully informal reception last Monday evening from seven to eleven at their home. Though an innovation, it proved to be a very welcome addition to the social calendar of the College.

Every guest spent a most enjoyable evening getting better acquainted with the new members of the Faculty and their wives, and renewing the pleasant associations of former members.

A delicious buffet luncheon was served in the artistic dining room under the direction of the hostess, assisted by Mrs. Dr. Harris, Mrs. Joseph Jensen, Mrs. N. A. Pederson, and Miss Jean Cox. A mass of beautiful, old rose tinted chrysanthemums graced the center of the long table, making a charming color scheme with the silver and gray decorations of the room.

The living rooms were also simply but tastefully decorated with dark red, and white chrysanthemums the combination proving very effective.

During the evening, Professors Spicker and Johnson favored the guests with violin and vocal solos. This proved to be effective as judged by the number of encores they were urged to render. An orchestra stationed in the library added much to the harmony of the evening's entertainment.

NOTICE

The U. A. C. students million dollar friendship fund committee announces that it has work for all men wishing to work out their contributions. See Professor Carroll in Room 127.

Locals

Doctor and Mrs. John A. Widtsoe were visitors at College during the week.

Mr. Lowry Nelson was a dinner guest at the Practice House Saturday noon.

Sorosis announce the pledging of Louise Howard, Edna Merrill, Nancy Finch and Miss Thurgood.

Last Wednesday Miss Ravenhill entertained the Home Economics club with a reading on "Recent War and Social Conditions."

Del Mar Egbert, a student son-gster of last year writes that his future field of missionary work will be Brooklyn, N. Y.

Students are reminded that regular attendance at chapel is required by the Faculty, and that absence therefrom is being recorded.

Henpecked, (who has been picking ducks and is covered with feathers): "I have finished the ducks, dearie, now will you come and pick me?"

Prof. Johnson in choir practice Monday: "All choir members will take seats in the gallery Tuesday so as not to interfere with the 'decoration committee'."

Miss Ravenhill, superintendent of the Practice House left for Washington, D. C. Tuesday morning. During her absence Miss Cox and Miss Moen will be in charge.

The U. A. C. Faculty Women's League will meet Friday, Nov. 9 at 3:45 at the home of Mrs. N. Alvin Petersen. The Reverend Mr. Lewis will speak.

Wednesday, Nov. 7 the Home Economics club held its weekly Red Cross meeting. The work is progressing rapidly. Mrs. Georgia B. Johnson gave a very interesting reading and music was also enjoyed.

Mr. Ray Becraft held a private consultation on the couch with each white dove at his old Fraternity home Saturday. He was given a hearty welcome by the inmates of the Practice House but towards evening made a hasty retreat.

The official bulletin board of the college is located in the lower hall opposite the President's office. All students are expected to examine it as frequently as necessary and to be informed of any notices or information appearing thereon.

Last Saturday and Sunday, Hulme Nebeker was the guest at a charming week end party given by his father in Bear Lake. The farm was decorated with pigs, sheep, cows, horses, barbed wire fences and opportunities for hard labor. Games such as branding calves, mending automobile tires and digging spuds were hilariously indulged in. It was very pleasing to notice the absence of taxis, flowers, dress suits and expensive gowns. A light buffet luncheon consisting of ham and eggs, potatoes and gravy, bread and butter, mush, etc., was served three times a day in the kitchen. At the conclusion of the party each guest was presented with enough good advice to keep him on the straight and narrow path indefinitely.

touchdown. Stiefel kicked goal. After an exchange of punts this determined march was repeated by Utah and Conkwright shot through for a touchdown. Stiefel kicked goal. Another touchdown in this quarter was made by Mohr's coupling with a pass. Again Stiefel kicked goal.

The first scoring in the third quarter was by Stiefel, who ran 65 yards for a touchdown but missed the goal. Then he fumbled a Colorado punt, recovered it, ran 80 yards for another touchdown and kicked the goal. A drop kick by Stiefel completed the scoring in the third quarter.

After an exchange of punts the Utah men took the ball down the field in the last quarter and made their last score on a forward pass, Jarvis to Stiefel.

ALLY YOURSELF WITH RED CROSS WORKERS, THE BUSY PEOPLE

U. A. C. Red Cross girls are answering the call of the times. They are now in real work, knitting and sewing.

The articles to be knitted are:

1. Sweaters.
2. Mufflers.
3. Helmets.
4. Socks.
5. Wristlets.
6. Wath clothes.
7. Hot-water bottle covers.

So you see there's lots of work for all who know how to ply the knitting needles; and if you don't know how come and learn. They have competent instructors and also plenty of willing helpers among the girls, so get your needles and practice yarn and join us Wednesday at 4:30 p. m., Woman's Building.

Some of you may be more interested in sewing. This field also offers plenty of material. The various articles to be made are:

1. Hospital sheets.
2. Operating gowns.
3. Convalescent robes.
4. Bed socks.
5. Bandage-foot socks.
6. Operating leggings.
7. Nightgales.
8. Operating caps.
9. Pajamas.

Many of our members are spending all their spare moments sewing. Several articles are nearing completion already, and others are cut out just waiting for a seamstress. Why not YOU be the seamstress.

Last Wednesday forty-one girls plied their needles busily while Miss Ravenhill read an article on the war; then discussed further Mr. Bartholomew as he viewed the war situation and its significance to us.

The Home Economics division completed its organization. Mary Hansen was elected as third member of the Executive committee. Effie Jones and Bessie Morrison were appointed to act on the Membership committee.

What is needed now is for every-

one of the 200 A. C. girls to get in to active service with the Red Cross work. The Country needs your help and you need to take advantage of the opportunity of serving.
GET BUSY!

U. A. C. REMEMBERS STUDENT SOLDIERS

(Continued from page one)
gift cord, and use Christmas labels or American flags as desired.

THE COLLEGE PLAY

(Continued from Page One)
make them valuable dramatic material for the regular college play in their Sophomore and upper-class class years. All students however, Freshmen included, are welcome to attend the preliminary discussions and readings and every student who is interested in dramatics whether he intends to enter the tryouts or not, is cordially urged to be present at next Tuesday's meeting, Room 359 at four o'clock.

A. E. SMITH TEACHING IN RICHFIELD

A. E. Smith, Benedict, is doing his "bit" in a real way to support the football team in its aspirations for a place in the Rocky Mountain conference sun. He has left school and gone to Richfield to take Captain Twitchell's place as teacher in the high school until Cap. is through with the football season. This was done as a service to the school and shows a desirable attitude toward the Alma Mater.

**This
'Warning Signal'
Insures proper
speed on every
NEW DE LAVAL
Cream Separator**

NINE people out of ten turn the separator handle too slowly. Thousands of tests with experienced separator operators show this to be the case.

Other tests made by the highest authorities have shown conclusively that there is a big cream loss when the cream separator is not turned fast enough.

Such cream losses are avoided with the New De Laval. The Bell Speed Indicator on the New De Laval is a "warning signal" that insures proper speed at all times. No matter who runs the De Laval, this "warning signal" tells when the speed is not right. You hear it, and do not need to see it. This one feature alone may easily save the cost of a cream separator in a few months.

But that is only one of the big advantages of the New De Laval.

Other advantages are greater capacity, closer skimming and easier turning, simpler bowl construction and easier washing.

All discs are now interchangeable and are unnumbered. There are fewer discs. On account of greater simplicity of bowl construction, the New De Laval is easier to wash and, capacity considered, is still easier to run than before. High grade construction and design, together with perfect automatic lubrication, are a guarantee of durability and satisfactory service.
