## SPRING DANCING CHARMS CROWD

Dancing And Singing of Parker  
And Johnson Girls Is Splendid  
In Moonlight Setting on Col-  
lege Hill.

We faint must wax eloquent. In the quiet, peaceful hours of the evening and the resplendent moonlight, while the pleased onlookers sat in attention rapt, the barefoot dancers came forth and gambled o'er the lea, like the sprites we read about in books. And such a setting! Ivy covered walls, variously colored lights, the wide expanse of green lawn, the great dome of blue sky. Every available window in our historic hall of knowledge filled to overflowing, so the Sorosis must needs utilize the upstairs balcony. Verily an O. Henry could have made an inspiring story out of the Spring Festival.

It was refreshing. We are led to believe that out-of-doors and barefoot are the chief requisites for successful dancing. The combination promotes spontaneity of expression and free, unhampered abandoned grace, as the poets would say.

We enjoyed it. It was an oasis in our desert of usual hackneyed entertainments.

To better show our appreciation of the Spring Festival, we must a wee bit criticize and suggest a few improvements which might have been made. The program could have been carried off with a little more dispatch. The waits between the numbers were somewhat tiresome and detracted from the merits of the production. There was also a little repetition in the songs. But these are minor faults, and we forget them in the excellence of the dancing.

The Swedish and Danish folk songs were much enjoyed by the audience. The costumes savored of the native, and the dancers caught the spirit of the northern climes.

Very charming and dainty was the "Feast of Little Lanterns." The operetta brought out a pleasing new voice, that of Claire Gosnell. The plot of "The Feast of Little Lanterns" was engaging, but here again we must add a critical word. The voices did not carry in the open air as well as they could have done and the play was not quite lively enough to rid it of monotony at times.

Miss Parker's interpretation of a Chinese wedding dance caught the

## TABLET IS GIFT OF 1919 SENIORS

Outgoing Class Presents School  
With Gold Star Memorial  
Plate to Honor Aggie War  
Heroes.

The parting gift of the class of '19 to the school will be a bronze tablet set in a large boulder "in memoriam" to the Aggies who lost their lives in the war.

It was originally planned to give a waiting station at the foot of the hill but since the street car line may eventually be extended up on the hill this plan was abandoned.

The memorial tablet will be of a design similar to a cut, drawn by John Huggi for the 1919 Buzzer and will be mounted in a boulder similar to the one near the Logan Tabernacle. A gold star will be placed at the top and under this the column of names which the gold star in our service flag represent.

The Honor Roll to be placed on the tablet is as follows:  
Fred Grant, Louis H. Rowe, Clayton P. Preston, Guy B. Alexander, George B. Cook, George B. Parkinson, Maurice K. Miles, John R. Draper, Edwin M. Gray, Dewey H. Ottosen, Horace M. Argyle, Ray Grovers, William O. Funk, Walter R. Hanks, Milton G. Hanson, Barney Justerson, Joseph A. Morrison, Edward H. Walters, Joseph C. Williams, Lawrence H. Evans, Roy DeWitt, Amos G. Hatfield, Ray D. Peterson, Leroy A. Eyre, Thorvald Rowley.

### THE NEW

V. D. GARDNER

Student Body President 1919-20  
Installed with other officers on  
Tuesday.

## AWARDS MADE IN LAST CHAPEL

All Athletes And Officers Re-  
ceive Marks of Distinction—  
New Officers Installed—To  
Mail Medals.

The Student Body Organization held its annual award day exercises in the College Chapel Tuesday, June 3rd, when awards were made to Athletes, Student Body Officers, the managers of different activities, debaters and to some students who had rendered service of merit income activity. Prexy L. H. Hatch of the Student Body officiated as chairman.

Previous to the presenting of awards several amendments relating to athletics, and awards, to the Constitution of the Student Body Organization were discussed and voted on by the Student Body. Professor L. R. Humphries an alumnus member of the U. A. C. athletic council officially presented the Cardon and West Medals. The Cardon medal given by the Cardon Jewelry Co. of Logan to the best all-around athlete in school was awarded to C. W. (Stubby) Peterson. James E. McDonald was awarded the West Medal, given by Dr. F. L. West, chairman of the U. A. C. Athletic Council to the man winning the highest number of points in the annual class track meet.

Del Gardner, Student Body President for 1919-20 delivered an inauguration speech of great brevity in which he stated for himself and the rest of the 1919-20 officers that they considered their election to office a very high honor, and that they would strive for a successful year next year.

The following Student Body officers for this year received a student body "A" pin and medal: Lorenza H. Hatch, Lucile Rogers, Adaline Barker, V. D. Gardner, Andrew J. Mohr, Lucian Mecham, William J. Snow, Orchesta Merrill, Wallace McBride, Halvy Bachman, James A. McCulloch Jr., A. Hulme Nebeker, Victor R. Larsen, Joseph Reed, Clem Hayward. (Continued on page two)

## Alpha Sigma Nu Meets For Last Time Of Year

Two men and four women will be chosen from the Senior class next fall, to bring to maximum membership the Alpha Sigma Nu, the Senior Honorary Society.

The Senior Society met Tuesday and it was decided that the new members submit a list of Seniors to the charter members of the society next year by October 13 and the latter make their selections from the list and forward them by mail. In order for a Senior to thus become a member of Alpha Sigma Nu, he or she must receive a majority of the votes cast, in this case seven or more if all twelve charter members vote.

The present members of the 1920 society chose Hulme Nebeker president for next year.

Miss Gertrude Hindman, Lt. Scott's sister-in-law left Logan for her home in Kansas City, Missouri on Tuesday.

## Doctor Peterson Expresses Spirit of Optimism Regarding All Work

The Editor of Student Life, on the occasion of the last issue of the present year, has asked me to say a few words to the students of the College.

I feel very proud of the students this year because of their unusual spirit and loyalty, which has been a decisive factor in bringing the year to so successful a close. The most unusual year in our history, it has proved to be the year of greatest opportunity and advancement as far as the College itself is concerned. Ushered in with military ceremonial attending the dedication of the Students' Army Training Corps, which signaled our serious and organized effort to meet the challenge of German learning and industrial efficiency, it has witnessed the demobilization of the S. A. T. C., following the armistice of November 11, which marked the collapse of the German Empire. The most terrific scourge of modern times forced adjournment of civilian class work until late in January, the military work from early October to late January being under strict quarantine. The fiscal year just ending has witnessed a very large growth by way of buildings and equipment.

It has been a year, all in all, of severe trial and effort but a year which has brought the College very far forward in its great program.

You are interested in the future. It is rasy with promise of growth, development and increased opportunity to be useful. You are acquainted with the physical im-

provements which the summer, it is hoped, will see consummated. The enlargement of the educational field of the College insures during the coming year an even larger response from the public to our work. The war has brought strongly forward the true meaning of industrial and vocational education. This College in Utah is the institution of higher learning especially created by law to lead out in these fields of work.

The scholarship of this year has been high; the public life of the school spirited and clean. The debating and dramatic work has been of the usual high order. The Glee Club was an organization long to be remembered. Only within a few days we witnessed the final athletic event of the year characterized by the finest possible standards of sportsmanship and grit and demonstrating hard and consistent training.

It has been a genuine pleasure to be one of you this year. A fine democratic spirit has been here at once clean and refined as well as vigorous. Let us keep it so.

As we look back over the year there is one emotion that silences all else—reverence for our men who died in the service of their Country—near twenty, who lie in France and at home. They gave their lives for us and for the institutions which we hold dear. Let us not permit this great sacred year to pass without trying to feel just what that means.

E. G. PETERSON.

### THE OLD

L. H. HATCH

Student Body President 1918-19,  
who saw his last service on  
Tuesday.

## SENIORS MAKE FAREWELL TOUR

"Salt of The Earth" to Spill  
Briny Tears And Oratory at  
Scenes of Last Four Years  
Endeavors on Sunday Eve.

The grand final inspection of the campus of the U. A. C. by the class of '19 will be made on the night of Sunday, June 8, at 7 p. m. No doubt many maudlin tears will be shed by the mighty Seniors at this viewing for the last time the old scenes of torture—and pleasure.

Some famous speeches will be delivered by the different buildings by members of the class who have spent many a long and lonesome hour at these old haunts. L. H. Hatch will deliver the Presentation Speech; Lora Bennion the speech at the Women's Building; C. Werner Peterson will deliver the speech at the Gym; Ellen Barber at the Chemistry Building; Almond D. White at the Mechanic Arts Building; and J. T. Wilson will tell how it feels to study until eight o'clock at the Main Building.

Special music has been arranged for the Grand Final Promenade by William O. Peterson. Said music will emphasize the doleful smiles on the countenances of the '19'ers and several strong men, armed with clashing cymbals and booming drums have been hired (at fabulous wages) to drown the sobs of the mighty group as they bid last, fond heart-breaking farewell.

Ah, woe is me! I can hardly pencil these trenchant sentences for quivering with sympathy and sadness. (Ed. Note: This is a Senior product.)

The Grand Final Promenade will begin at 7 p. m. and end only when the last building ceases its sobs of anguish as the class of '19, salt of the earth, passes by.

## Dr. Peterson Returns From Trip To South

President E. G. Peterson and members of the Board of Trustees have returned from a profitable trip to various communities in the southern part of the State. While in the South they attended the commencement exercises at the Branch A. C. at Cedar City, where a successful year has just been completed.

On the outgoing trip the party visited Extension and Experiment workers in Utah, Juab, Millard, Beaver and Iron counties. On the return the examined those in Sevier and Sanpete. In these counties they found the County Agents and Home Demonstrators uniformly receiving the support and the appreciation of the people. The Junior Extension workers also are sharing in the enthusiasm of their co-laborers. In connection with the Extension work the President and his associates met with the chairmen of the County Farm Bureaus and heard reports of some of their farm projects.

An important phase of the trip was to examine problems pertaining to the condition of the livestock of var-

(Continued on page two)

## ALUMNI DINES GRADS MONDAY

Business Meeting And Installa-  
tion on Saturday—Dance And  
Banquet Monday—Class of '99  
Reunites.

The Alumni Association of the U. A. C. will be joyfully on the job for the next three days. Tomorrow (Saturday) at 8 p. m. the annual business meeting and social will occur in the library. At this time the class of 1919 will be formally taken into the membership of the association.

A good informal social time is assured, following the installation of the new members.

The annual banquet comes Monday, (June 9) 6 p. m. The program promptly at 6:30 p. m. A splendid menu is being prepared and will be served in the library. Special decorations of the tables and the room are being arranged by the art department.

A five piece orchestra under the direction of Lew Edwards will furnish music during the banquet.

Roy F. Homer, '04, will act as toastmaster and the responses will be as follows:

"Prospects and Possibilities".....  
President E. G. Peterson, '04.  
"The Days Work".....Wm. Peterson '99  
"The World's New Slogan".....  
Dr. W. E. Carroll, '09  
"Labor is Life".....Pres. A. W. Ivins  
"Sowing and Reaping".....  
Mrs. Mildred Torgerson Rich '06  
"Where Do We Go From Here".....  
Ruby Osmond, '19

The traditional custom of holding class reunions every ten years will be followed this year and the classes of '99 and '09 will be prominently represented on this occasion.

All Seniors and Alumni who wish to attend the banquet are requested to leave their names with Mr. Coburn in the secretary's office not later than noon tomorrow. The fee for the banquet and ball will be \$1.75 per plate for Seniors and \$2.25 per plate for Alumni and additional guests.

The Alumni ball, the final event of the school year will be held in the gymnasium immediately after the banquet. An eight-piece orchestra will furnish the music and a good time is expected. All students are invited. The admission will be 75c per couple.

Alumni schedule:  
Business meeting and social—  
Saturday 8:00 p. m. in Library.

Banquet and reunion—Monday,  
6:30 p. m.—Library.

Grand ball—Monday—After ban-

quet, Gymnasium.

## FINAL WORD BY BUZZER STAFF

200 Page Book To Be Mailed By  
Middle Of Summer—Paper  
Shortage Delays Printing—  
Must Know Correct Address.

Dear Fellow Students:

We know you are all just dying to see the 1919 "Buzzer." We can't say that we blame you. If it weren't for being immodest we'd concede, "It is going to be a fairly good book," but being naturally modest we merely say "Two hundred pages of real class in between a cover of grey crash, with blue trimmings. Oh Gosh!"

We got everybody's physog in the "Buzzer." That is, everybody who wanted it in. Several of our highly esteemed friends were just too busy to bother with the "Buzzer." We extend condolences.

We tried to get your "Buzzer" to you before school closed. But it was not to be. The book has been ready for the printer for some time but they were held up by a delayed shipment of paper. So we added a few finishing touches, and you won't be out any for waiting.

We'll send your "Buzzer" to you about July 10, when you will have plenty of time to browse through it's pages at your leisure. If any of you want to change your address or get another half dozen copies, get busy at once. There won't be any extra copies printed.

(Continued on page two)

## SUCCESS MARKS Y'S FIRST YEAR

Hold Discussions And Build  
Foundation For Big Service—  
Man To Estes—Wrisley Back  
Next Year.

The College "Y" bids adieu to its first year's work of service to the men of the Utah Agricultural College. The "Y" was initiated at the school under favorable circumstances, it being brought here while we were training several hundred men from the intermountain country in the S. A. T. C. When the camp was demobilized, and the campus more or less vacant of the students, the "Y" had little to do but exist. In February school began in full swing and the "Y" again had an opportunity of service.

A "Y" room was opened on March 5 and every day since has been a gathering place for many men of the school. Games, music, letter writing, magazine reading and chats have been engaged in.

The first "Y" rally was held on April 11th at which Prof. William Peterson gave a talk the theme of which meant "success." Since that time other rallies have been held, the most important being two at which Stitt Wilson plead for more serious thinking on present day reconstruction and labor problems. Mr. B. M. Cherrington of Berkeley met the "Y" Council on two occasions and gave instructive suggestions on methods in College "Y" work.

The discussion groups in which College problems were talked over were organized and nine successive meetings of the five respective groups brought excellent results.

One member of the Council, C. Ray Kimball, with prospect of an association going also, has been appointed to represent the U. A. C. at Estes Park this summer for the purpose of getting opinions and methods from other colleges in conducting "Y" work. With this experience our representatives will be a source of valuable information and guidance to the council.

A "Y" budget of \$425 has been subscribed which will be collected at the beginning of school next fall to defray expenses. Already arrangements for issuing a pocketbook or calendar of school activities has been made; committees for various activities have been appointed and everything is ready for a start at top speed at the opening of school next fall.

From present knowledge Mr. Wrisley, the "Y" secretary will be assigned to an army camp for work in the Y. M. C. A. department. He expects to attend a "Y" summer school at Ashburn, California. This will be a conference of College "Y" secretaries of the western division who will go into details of making the work function in the colleges. They will discuss and make plans for next year's work. He expects to be back by September ready for a banner year in U. A. C.'s Y. M. C. A.

## Periwiggers Entertain Cast of Angel In House

Thursday night the Periwiggers gathered at Leora Thatcher's home to see Mae Edwards, Lucile Rogers and Claire Cardon enact "The Maker of Dreams."

Mae Edwards did the role of the merchant and created quite a realistic atmosphere in trousers, having had much experience and thorough training along this line. Claire Cardon as Pierrette, and Lucile Rogers as Pierrot did exceptionally good acting. Both of the girls have had considerable experience in College and Periwig plays. The play was directed by the cast with the assistance of Miss Huntsman who gave some valuable constructive criticism.

The Drama cast was special guests and voted the evening most delightful. Besides the Periwig Club and "Angel" cast, Mr. and Mrs. N. A. Pedersen, Miss Mabel Parker, Vance Wilson, Lucian Mecham and Chase Kears were present as specially invited guests.

Did you ever eat up all your crullers and decided you wanted "seconds" and when you saw the mess sergeant looking at you suddenly that you weren't hungry and got up and went out? So did we—Ex.

## BENEDICTS TAKE PRIDE IN DEEDS

11.9 Percent of Enrollment In  
Wedded Bliss—Although Self-  
Supporting Figures Show  
Great Activity in School.

The A. C. has always prided itself on the fact that each year among its students are a large number of married men and women, who come to avail themselves of the wonderful opportunities offered at the College.

These benedicts, though occupied with family duties and in most cases earning the money to defray school expenses while attending school, find time for school activities. Most years see benedicts in numerous very prominent positions, which shows of their school patriotism and activity as well as their ability as leaders.

This year, though an extremely abnormal one, and one with a very small registration, shows a comparatively larger registration of benedicts.

To show how active benedicts are in school activities the writer has listed the activities in which benedicts have participated during the current year, which which he is familiar.

Total students in regular enrollment at the College 1915-19, 471. Fifty-six of these are married which makes 11.9 per cent of the enrollment. Twelve of the fifty-six are Seniors and one is a post graduate receiving a masters degree with the 1919 class.

Activities participated in and prominent officers held:

Student Body President, Executive Committee two, Manager and Assistant Manager Dramatics and Socials; Valedictorian, Senior Class; Student Life staff 4, Ag. Club Link staff 1, Buzzer Editor, Gamma Sigma Delta 3, Alpha Sigma Nu 5; Oratorical contests 1, debating 2; President Agora Club 4 members, President Glee Club, President Ae. Club and four officers, President Be-No Club, President Senior Class and 3 officers. Honorable mention: Cardon medal winner, given to best all-around athlete; Basketball squad 2; Baseball and Track 5; Instruction 2; Fellow in Botany; Printing department 1; Helper in Agronomy Department 1; Helpers at Cattle Barns, 2.

Although in some cases the above records include the same men in various capacities it shows the qualities which benedicts pride themselves upon.

## Beta Delta's Banquet At Hotel Eccles Tonight

This evening at eight o'clock the Beta Delta Sorority will hold its Fourth Annual Banquet at the Hotel Eccles. The mezzanine floor will be made attractive with bowers of white and yellow rosebuds. Covers will be laid for forty. The table decorations will be baskets of white roses tied with boxes of yellow tulle.

Miss Eva Joy Nielson will act as toastmistress and the following girls will respond with toasts: Miss Irene Rich, Helen Thatcher, Naomi Larson, Hilma Matthews and Georgene Davidson.

Former sororities members who are expected to be present are the Misses Isabelle Buck of Park City, Ella Matthews of Oakley, Idaho, Zina Bens, Majorie Turner, Florence Dinsmore, Olena Krumpelmen and Myrtle Koopp of Ogden, Alta Calvert, Ma. LaVoye Osmond, and Aggie Tarbet of Salt Lake City and Myrtle and Georgene Davidson of Brigham City.

## Solon Barber Will Edit Summer School Paper

Sol Barber, present news editor of Student Life and father of the "Such Is Life" articles appearing this year in the sheet, as well as being Be-No Grad, Tennis shark and endy other things around the Institution, will further pursue his journalistic love by running the Summer School Student Life. Sol is employed in the Department of Information Service and will work on the sheet in conjunction with his other work.

Full opportunity to give way to individuality is open to Ye Summer School Ed. for he is managing editor, news editor, reporter, business manager and all.

Ella Matthews of Oakley, Idaho, and an old Aggie of two years ago, is here visiting the Institution. She will remain for the Beta Delta annual banquet this evening.

## LOCALS

### Invitation To Students

A special invitation is extended by the President's office to all students to attend the Baccalaureate Sermon, Sunday, June 8, at 11 a. m., and the Graduation Exercises Monday, June 9, at 2 p. m. Dr. James E. Talmage will deliver the sermon and the Reverend Peter A. Simpkins will address the graduates.

Adela Warner spent last week end in Ogden.

Veda Mason of Willard is visiting friends in Logan this week.

Ruth Thomas of Malad is visiting her sister Kate Thomas this week.

Isabel Buck of Park City is a guest at the Beta Delta sorority house.

Lieutenant Walter Scott spent last Sunday and Monday in Salt Lake.

Ona King and Sybil Hopkins went to Ogden Monday to hear Madame Schumann-Heink.

Mrs. Blythe Crawford Foote of Sacramento, California, is a visitor at the Institution this week.

Professor Daines is back at school after having undergone a minor surgical operation last week.

Corporal James E. Tilton, assistant in the military department, has a five day pass to Salt Lake City.

Connie Nelson, Hollie Baxter, Mabel Hendricks, Coroline Wyatt and Ruby Parsons and Evelyn Cook were among the old Sorosis at the Sorosis banquet Wednesday evening.

Majorie Turner, Lena Rumpelmann, Myrtle Koeb of Ogden, Eva Joy Nielson of Ephraim and Myrtle Davidson of Richburg are in Logan for commencement and their sorority banquet.

The Sigma Theta Phi sorority entertained at a lawn party Thursday evening at the Bennion home. The evening was spent at cards and dancing. Ice cream cones and wafers were served.

The Sigma Theta Phi sorority entertained at a formal tea in honor of the senior members. The color scheme was carried out in yellow. Nadine Foutz, Louise Bird, Evagline Thomas and Eleanor Silver poured tea.

Thursday evening the Sigma Theta Phi Sorority and their partners enjoyed a lawn party at Smith's home on First East. Japanese lanterns and spring flowers graced the lawn where dancing and cards furnished the entertainment. Refreshments were served to fifty.

Miss Joan Moen and Miss Hattie Smith entertained at the Smith home in honor of Miss Whitacre, Miss Elizabeth Underwood, Miss Hunter, Miss Beers, Miss Kyle and Miss Mabel Parker. Mr. and Mrs. Charles Sorenson and Dr. Melvin Merrill were also guests. The evening was spent at five hundred.

New women's Pan Hellenic members for 1919-20 are Claire Gosslund and Louise Bird representing Sigma Theta Phi; Adeline Barber, LaVon Sharp and Nancy Finch representing Sorosis and Nancy Rich and Hilma Matthews representing Beta Delta. Adeline Barber is president of the organization.

The Sigma Theta Phi sorority will hold its Fourth Annual Banquet tonight at 7:30 in the Bluebird Hall. Roses will be used for decoration.

### West Point Appointment

Any male student who is desirous of attending the U. S. Military Academy at West Point may benefit himself by seeing Mr. Brimley immediately. Congressman M. H. Wellington has secured for the A. C. an appointment without examination to the Academy for any A. C. man between 17 and 22, who wishes to go.

An immediate conference with Mr. Brimley is necessary.

## BRIGHT SUN IN 19 FOOTBALL SKY

Falk, McDonald, Harris, Oleson, Anderson, Maughan, Crookston Form Nucleus For Strong Champ Contenders.

The present indications point to another championship season for football for next year. After the loss of the "A" men of last year will be back their places will be taken from High School and Army team stars. It is doubtful as to whether "Pistol" Cannon and "Moose" Stiefel, all conference men, and Clyde Worley, punter and guard of the "17" team, will be able to attend school next fall. Their places will be hard to fill as they are all men of experience and natural ability.

If Cannon does not show up next fall "Snail" Harris of last year's Freshie squad seems to have the best chance of the center position as he knows the game and is full of fight every minute. "Lonesome Lake" Falk will fill Stiefel's shoes at quarter so if "Nig" does come back he will probably be shifted to a half back position. Falk has had four years of high school football and was all state quarterback two years. He has also played quarter for two seasons with the 145th Field Artillery. Luke knows the game from A to Z, is fast on his feet and a born fighter. "Fat" Andrus has signified his intention of trying football next year and will try out for Worley's guard if Worley does not come back. "Fat" should make good in football as he has the weight, natural ability and fight. "Fat" hasn't had any football experience but with his other athletic experience he ought to learn the game in a hurry. Crookston will be back to hold down his guard position and with his last year's experience he has promised to hold down one side of the line alone. "Festy" Worley needs an introduction to Utah athletic followers and nothing need be said for him other than that he will hold down his position in his usual way. Einar Oleson will be back to take his old position at fullback. Einar is a hard worker and hits the line low and hard. He may also be called upon to punt next year if Worley leaves. "Whiskey" Anderson will be out again fighting for a tackle position. The A. C. needs a few more hard workers with the kind of fight "Whiskey" has.

There is still some possibility of Dave Cox coming back to school to do graduate work. We need a man like Dave in the backfield as every one knows what a fine showing he made on the Freshie squad in 1916. Perry Hansen is another old Aggie backfield star who may yet be induced to return to school as he will be eligible next fall. Joe Maughan who made a great name for himself at tackle on the 145th Field Artillery team, will be able to take care of one of the tackle positions. Joe knows the game is a hard worker and big enough to stop any team even if they come at him eleven at a time. "Jock" Jordan will be back to fight it out for a line position and if need be will try out for the backfield as he has held down a backfield job on the Salt Lake High team for a number of years. "Jock" is another big fellow. He is also fast. Doubtless can try to beat him out of the marks in a 440. James "Economy" Frog McDonald will knock 'em all dead at end. "Frog" was all Montana end for seven or eight years in High School, so he ought to know the game. Everyone is anxious to see "Frog" run down the field with a forward pass.

Other men less familiar to Aggie bleacher inhabitants in a football way, but who may surprise some, body are Howard McDonald, all state tackle in 1914, Cyril Hammond, Ollie Edwards, "Digger" Ferguson, Morg McKay and "Fusser" Wayman.

Zelda Kirkham, Dorothy Chipman, Eliza and Jean Hindley, Effie Fullmer, Gretta Benson and Ida Hayward are in Logan to attend the Theta banquet.

## SUMMER SCHOOL STARTS JUNE 10

Twelve Weeks of Work Given In Smith-Hughes And General Academic Work—Health Law Met.

There was a time when the last Aggie lingering about the campus after the close of the second term found the halls empty and saw the buildings being prepared to be closed throughout the summer. This was sure to make the Aggie gloomy and he wondered if he would ever have the chance to leave his work and return some winter and see the halls and campus alive once more.

But that time is happily past. The last graduate this year will not see the closing of the Institution, but rather the opening of the biggest term of the year, when the Summer Quarter opens on June 18.

Teachers from all part of Utah and the neighboring states are expected to come to the A. C. during the summer to take their Smith-Hughes work and meet their certificate requirements. High school and college students who were not able to come to school during the winter are already arriving and inquiring about room and board. Many of the students who have been here throughout the Fall and Winter terms are thumbing the Summer catalogue and wondering who the Student Body president will be, who will edit Student Life, and how many lawn parties, musicals and canyon parties there will be.

Courses ranging from astronomy to supervised play are being offered and it seems as if the choice courses of the year are being concentrated in the Summer Quarter. Every department is represented and the strongest members of the faculty will remain, some during the first six weeks, but most of them through the entire quarter.

N. A. Pedersen and Miss Kyle will handle the English department and practically every course offered during the winter will be repeated.

Courses in Pedagogy given under the direction of the University of Utah, will attract all teachers and prospective teachers. Dr. Reuben L. Hill, our new professor of Chemistry will teach four different courses in Chemistry.

Dr. R. O. Porter, Coach Romney and Miss Parker will have charge of the physical education. Their chief purpose will be to promote the physical welfare and safeguard the health of the students for they believe that physical efficiency forms the foundation of all other efficiency. Courses in General Gymnastics, Folk Dancing, Play and Games, Swimming, Social Dancing, Football, Baseball, Basketball and Track and Field will be given.

The Summer Quarter will have two terms of six weeks each. Students will be allowed to attend either term or both terms. As many as eight and one-half credits may be taken each term or seven-teen credits for the two terms. This is the maximum also for the Fall, Winter and Spring terms.

No requirements for admittance are prescribed but students will be advised as to the courses they will be best able to handle.

The entrance fee is \$6.00 for either term or for both terms and good board and room may be had for \$6.00 or \$6.50 a week, so that the expenses will be within the reach of everyone's purse.

The special features of the 1919 Summer Quarter are that the courses meet all requirements of the New Health Education Act; full opportunities are given to prepare for Smith-Hughes work in Agriculture, Home Economics and Industry; teachers will find courses that will meet all certificate requirements; and a full quarter's work toward a degree may be secured. Courses will be given in the following:

Accounting and Business Practice, Agronomy, Animal Husbandry, Applied Arts, Bacteriology and Sanitation, Botany, Chemistry, Economics, English, Farm Mechanics, Finance and Banking, Foods and Dietetics, History, Home Administration, Library Economy, Mathematics, Mechanic Arts, Modern Languages, Music, Pedagogy, Physical Education, Physics, Physiology, Poultry, Public Speaking, Dramatic Art, Sociology, Stenography and Typewriting, Textiles and Clothing and Zoology.

## CHAFF

"There's a little chaff in every thrashing"—  
I. M. Cornfed.

We can't all get medals but in order that more of us can, we suggest that medals be given to the biggest knockers, kickers and sore-heads about the college.

Be sure and come to the commencement exercises and see Herman Ransperger smile as he gently trips up the stage for his diploma.

Aggie students are sure strong for moonlight dancing. Wednesday eve about fifteen of our esteemed students motored to Smithfield for a moonlight frolic. McCulloch says the only protest he has against the moonlight dancing is that you can't see well enough to pick your partners.

The attendance committee laid off school every day. "Frog" always was great on the finish.

"Soul" Barber says he is going to walk next to Lucile Rogers all during commencement exercises. Congratulations Lucile. "Soul" is such a fine little fellow as we all know.

## SPORT NOTES

It is hoped that next year will see some more men about the College with the kind of spirit that has been displayed by such men as Ad. White, Summer Hatch and Harold Nagle. Ad. White and Summer Hatch have gone out for various forms of athletics and although neither was successful in winning a letter they deserve a great deal of credit and respect for the true Aggie spirit they have displayed. Harold Nagle did not quit running just because he did not get a letter in the dual meet with the U. of U. as some of the boys did, but he stuck with it in spite of the injury it was doing him and won second place in the 440 at Provo. Athletics will always be on a high level at the A. C. if we continue to have such men as the above.

"Doc" Fordham, an old Aggie graduate and track man was seen looking over the old haunts last Wednesday. "Doc" is looking the same as ever in spite of the fact that he was severely gassed. He was connected with the intelligence department of the first division and served fifteen months on foreign soil.

But three athletes, namely Niels Nielson, Dave Cox and C. W. Petersen will be lost by graduation this year. There is still a chance that Dave will be back next year to do graduate work.

"Jack" Cohn says he only had three years of football and as he is entitled to another year he is going to do some post graduate work next fall and try out for the team. That's the right spirit Jack.

Coaches Jensen and Romney will give courses in coaching in the summer terms. These courses will be very helpful to present coaches and those who intend to follow the coaching game.

Professors Daines, Wallis, Fletcher and Frederick along with Secretary Brimley are busy lining up a faculty football team for next fall.

## Titus Tennis Medal Won By George Eccles

George Eccles, a member of this year's tennis team won the Titus Medal by winning the final match from Paul Jenkins recently. The score was 6-4, 6-4.

Eccles has been playing consistent tennis all year and his winning of the Medal came as a recognition of his ability.

Eva Cragun of Ogden is spending a few days in Logan visiting friends before attending the Sigma Theta Phi banquet.

Professors, Physiology, Poultry, History, Public Speaking, Dramatic Art, Sociology, Stenography and Typewriting, Textiles and Clothing and Zoology.

## THREE R. O. T. C. UNITS AT A. C.

Fully Equipped Infantry, Coast Artillery And Motor Transport Units Provided For—Dine Third Platoon.

Aspirants for military fame and loyal citizens of our country will be given full opportunity to qualify as experts in Infantry, Motor Transport or Coast Artillery by attending the classes in those units to be established at the U. A. C. next year. All three units will be fully established with officers and equipment by fall. Major Robert C. Campbell has been assigned to the College as Coast Artillery officer and will report soon to work out the schedule for the year's work. The officer for the Motor Transport unit has not been assigned as yet.

The Infantry unit will have one or two machine guns as well as the other essential equipment while the Motor Transport unit will have two or three trucks, motorcycles, cars, etc., and the Coast Artillery unit several big guns with which the top of Mt. Logan can be kept clear of all enemy. All units will be fully uniformed at the beginning of the year.

The schedule of work has not been fully planned but will consist of some practical work in which all the units will participate, and some particular theoretical work for units separately.

The training camp at the Presidio of San Francisco will open June 21, and all officers from here are to report at that date. After the camp there will be held a conference of all officers on duty at schools in the Western Division. At this conference the schedules of the different schools as worked out by the respective officers will be discussed, and unified so that in 1919-20 all schools will be doing practically the same work.

The work as taken up by the R. O. T. C. unit this year has consisted mostly of physical education during the winter term. During the Spring term the practical drill was indulged in to a greater extent. Along with it, however, the platoons received firing on the range, competition in drill, tags of war, relay races, and various other activities. At each of these events the three platoons were given a rating and at the end of the year's work they were averaged. The third platoon under Sterling Harris received the highest number of points. In recognition of their good standing the platoon was given a dinner at the cafeteria last Wednesday at which time Harris was presented with an automatic revolver, caliber 45, model 1911, by Lieutenant Walter Scott.

The work of the R. O. T. C. was very creditable considering the conditions under which it has been laboring. With our present corps of officers back with some addition, and the men of this year in ranks with the great number of new men who will be here there will be a unit next year to compare with any of the schools of the Western Division.

Word has just been received that drill will be compulsory at the University of Utah next year. To old Aggies this is good news, not only because we have felt that the University was being favored in the past, but this will give another avenue through which the Crimson can be trampled under the White and Blue.

Mr. and Mrs. Charles Osmond, former students of the U. A. C. are spending a few days in Logan visiting friends and relatives. Mrs. Osmond will attend the Beta Delta banquet.
