## CLASSES BATTLE WED.-TRACK AND FIELD MEET

Cardon Medals to Be Awarded  
High Point Winners—Sophs  
Have Strong Team.

Cosch Romney has a smile at last, for apparently old J. Pluve has abnegated his aberration upon the spring and will now let the boys frolic forth in their gym suits to show "what they got" upon the cinder path and on the field. In fact, girls, a big track meet has already been arranged and the big doings will take place Wednesday, April 14 on Adams field. The before mentioned meet will be in the nature of a class competition with the sophs going out in great swarms to retain their class athletic championship of the school. They won basketball and baseball, expect to take the most points in the inter-class meet Wednesday. William Jennings Bryan Cannon says his class will be there en masse to make its last athletic stand at the dear old Aggie school.

But listen, I haven't told you the big part of my story—I've kept my act 'till now so hear ye. The Cardon Jewelry company will give three medals of gold, silver and bronze, respectively, to the three men, or women for that matter, who score the highest in the track meet. "Frog" McDonald was high point winner last year and expects to prove that his win was no farce. However, there are several men who say he will have to hustle.

Among the men who are expected to enter, the following look like point winners:

Male and half mile: Richardson, Jacques, Christensen, Hart, Wayman, Conway, Bowen, Shorer, Barber and Byrne; 440 yard run: Duffort, Croft, Anderson and Shaw; 220 and 100 yard dashes: Croft, Deo, Falck, Hansen and Bellamy; High jump: Edwards, Sorenson, McDonald and McKay; high on hurdles: Edwards, Nelson, McDonald, Thorpe, Belnap and Dorius; shot put: Andrus, McDonald, Turley and McKay; discus: Worley, McDonald, McKay, Andrus; javelin: Worley, McDonald and Andrus.

The usual dark horses will be in for their share of the places in the various events.

## ADAMS TALKS TO K. K. K.

"Personality in Business" Theme  
of Address—Man Succeeds  
Who Does Things.

Mr. O. W. Adams, Cashier of Thatcher Brothers Bank, delivered an address upon "Personality in Business" before the Commercial Club of the Utah Agricultural College Wednesday. Cashier Adams was introduced by President W. C. Brimley.

The part personality plays in business transactions was emphasized by Mr. Adams. "Make friends both in and outside your business," said Mr. Adams. "Love your work and keep at it but not to the exclusion of all other interests. You must keep physically fit. You must take a wholesome interest in church and civic matters. Above all else you must meet your fellow man on a common level. These, with loyalty to employers and respect for yourself will insure success."

Remember, however, that the most successful man is not he who does things to succeed. He is the man who does things because they are right. Constantly doing the right thing will bring happiness and great success, as we ordinarily understand the term. Success is an incident of right living."

Grant Magley has discontinued school and gone to California where he is to fulfill a mission.

Blanche Mendenhall left last Friday for her home in Springfield where she was called by the illness of her mother.

## COLLEGE CREAM-LO COMPANY

A new commercial enterprise has been launched by some of our Faculty members who have organized a company known as the College Cream-Lo Company. Miss Charlotte Kunz is president, Mrs. Amy Merrill is vice-president and Dr. M. C. Merrill is Secretary-treasurer. The company is manufacturing and placing upon the market a lotion for hands and face. Miss Kunz, college nurse, has made and used this preparation for years with very gratifying success. Miss Edna Merrill was employed as artist to design the decorative label. For further information regarding this article students are referred to the advertisement appearing in this and each succeeding issue of Student Life.

## DR. JENSEN TALKS TO COSMOS CLUB

Discusses Inheritance of Ac-  
quired Characters—New  
Members to Be  
Elected.

The Cosmos Club held forth at Sigma Alpha Fraternity House last Thursday night. Dr. Jensen of the B. Y. C. led the discussion on the problem of Human Progress contained in the old phrase, the inheritance of acquired characters. A number of interesting experiments were referred to which tended to show that the chemistry of the blood stream may influence the germ plasma and in this sense an acquired character be transmitted. Alcohol seems to have this power.

Dr. Jensen pointed out the value of faith in a life eternal even though there is no particular evidence for it in science. His earnest sincerity made a profound impression on the meeting.

Cosmos Club intends to hold a meeting in the near future to elect members to fill the vacancies caused by some of the club members leaving school. As the verdict in favor of a man must be unanimous it is rather difficult to elect the full membership.

## PEDERSEN TALKS TO SCIENCE CLUB

At a meeting of the College Science Club Friday, April 2, Prof. N. A. Pedersen talked on "The Modern Novelists." His talk was very interesting and instructive and was much appreciated by those present. However, owing to the fact that so many of the members were out of town the attendance was rather small.

## FACULTY MEMBERS LECTURE AT SCIENCE MEETINGS

At the meetings of the thirteenth annual convention of the Utah Academy of Sciences recently held in Salt Lake City, the Utah Agricultural College Faculty was well represented as usual. The following took part on the program, discussing the subjects indicated:

Dr. F. L. West, "The Electron Theory of the Conduction of Electricity."

Professor O. W. Israelson, "Capacities of Soils for Irrigation Water;" Dr. M. C. Merrill and Professor T. H. Abell, "The Breeding of Canning Tomatoes;" Dr. F. S. Harris, "The Value of Farm Manure for Utah Soils;" and Dr. Willard Gardner, "The Capillary Transmission Constant and Methods of Measuring It."

Mr. O. W. Adams wishes to correct the statement that appeared in last week's issue of the paper which stated that he would present a chair to the Fraternity team winning the cross country race. Thatcher Bros Bank and not Mr. Adams, will present the prize.

## J. Morris Christensen Elected President of Student Body Organization—Wilford Porter Editor of Paper

Miss Andrus, Vice President—Miss Mendenhall, Secretary—  
Merrill, McMullen, McKay, Executive Committee—Falck,  
Nebeker, Smith, Athletic Council.

Terminating the most spirited political campaign held at the College in recent years the students, yesterday elected J. Morris Christensen as the guiding light in the Student Body organization, and Wilford Porter to push the official pen of the College.

From the beginning, the campaign was featured with literature of most all descriptions, featuring this or that candidate and explaining why he should be given authority. Heated arguments and hot speeches came in for their share of glory in deciding or forcing the merits of individual candidates. Though no blows were used to put over the campaign arguments, several catastrophes were prevented by the strong arm of a neutral on-looker.

Little need be said of the new President as his activity in student affairs has given him a wide acquaintance among the students and most everyone is sure that he will be a representative, hard hitting Aggie who can be depended on to steer the student body ship in an able manner.

The official College news will be in the hands of Wilford Porter as managing editor of Student Life. Porter is a graduate of B. Y. C., a recent member of the Quill Club and a consistent worker. With the experience he will receive during the remainder of this year he should be able to put out a very creditable paper.

Miss Andrus, the new Vice President is taking her first year's work at the Logan school, but during her short attendance has won considerable fame as the "most beautiful woman in school." She should be a capable assistant to the President.

For the secretaryship, Blanche Mendenhall received the largest number of votes cast for any candidate on the ticket. Miss Mendenhall is in her junior year at College. She was one of the organizers of the La-Kosmos club and is secretary of that organization.

Morgan McKay, Tom McMullen and W. J. Merrill are the men chosen to aid the president in an advisory capacity and thresh out the weighty problems in executive committee meetings. All are men of wide experience, have been active in student affairs and will be seniors next year.

For student representatives on the Athletic Council Louis Falck, Sidney Nebeker and Douglas Smith were favorites and will aid in directing and regulating the athletic activities of the College.

Hugh Harvey should make a "peppy" dispenser of motions and gestures that will make 1000 brazen Aggies sing loud and strong.

As a cheerleader, O. E. (Molly) Courtneyman has demonstrated his ability this year and with the experience gained should manage the cheering favorably next year.

## CLASSIC EVENT TONIGHT AT GYM. TITUS MEDALS WILL BE GIVEN

Former Professor to Give  
Medals to Best Court  
Artists.

At 8:15 sharp tonight in the Smart gym the gong will sound which will start the first round of an evening of ultra excellent boxing and wrestling matches for the benefit of the A. C. award fund.

With the sounding of the gong which will send "Fantom" Sealey and "Shadow" Andrus away for four rounds of blood and black eyes, as the first event of the evening, until the final knockout or draw in the last match, heavyweights and flyweights; bantam weights and middleweights; lightweights and paperweights, will strive for knockouts and knockouts, toe holds and hammerlocks, draws and cauliflower ears. "Seven" four round boxing contests and two wrestling matches, every one a main attraction," reads the program for the evening.

With such a roster of fistdom and mat stars as "Knockout Dead" Maughan vs. One Round "Whiskey" Anderson. This battle alone is worth the iron wheel to be charged for admission. "Fantom" Sealey vs. "Shadow" Andrus; "Toehold" Frog vs. "Chokehold" Worley; "Hammerlock" Dee vs. "Half Nelson" Smith, and "Sissor" Harris vs. "Science" Bertagnoli, the evening will be a classic. The above are just a few of the events.

The match between Harris and Bertagnoli will be a wrestling contest par excellence.

Bertagnoli was for several years holder of the state amateur wrestling title for 158 pounds, and Harris will attempt to prove that the fair sons of Cache valley are equal to Salt Lake's best.

The price of admission is one rock, the place the arena de Smart gym, and the time 8:15 sharp. Be there on time with your 1000 mills, a husky pair of lungs, and "double" for yourself. Your 1000 mills will entertain you for two hours of clean American sport and will also secure awards for our faithful athletes of 1919-20.

## ICE CREAM SUITS

Have you noticed the wind-harps or soup strainers or moustaches or whatever you wish to call those misplaced toothbrushes that the seniors are supporting just above their front teeth. It is merely a prelude for what is to follow. It is rumored that "Ice Cream" trousers are next on the program of senior oddities. Not only is the class as a whole odd, they have super freaks among themselves. For instance, their class president Doug. Cannon insists that his trousers be made with patch pockets and have a little row of red buttons down each side. The brush on Doug's face turned out to be red and all attempts to change its nature have been futile, therefore the red buttons. White shoes are also on the menu. The color of the hose is not mentioned but they will no doubt be green with yellow dots to harmonize with the landscape. It is not known whether the seniors are trying to fool themselves, the weather or their fellow students. We sincerely trust that the snow will not fade the yellow and green of their socks as a blending of the two colors would be undesirable. Developments will be watched by the students with keen interest.

## BARBER'S "CASEY" MAKES HIT

Intercollegiate World Publishes  
New "Casey at The Bat"  
Written by Former S. L.  
Editor.

Mr. George P. Barber, who has distinguished himself as "Student Life" editor, "Buzzer" manager, Aggie Club president and in numerous other ways, has now added another notch to his row of accomplishments.

Recently the "Collegiate World," a national magazine for college students, offered a prize of \$10.00 for a poem to succeed that famous baseball comic "Casey at the Bat." George proceeded to write a modern "Casey at the Bat," and as a result he now has a \$10.00 check safely deposited in the bank and his "Casey" appeared in the April issue of the College Weekly. The article with a note by the editors appeared as follows:

Casey at The Bat.  
Shades from the Immortal Casey, from the Utah Agricultural College comes the following by George P. Barber, editor of Student Life. Although we have received a number of "Ponies" calculated to suit the taste of Dr. De Wolf Harper (see February issue), this is by far the best one submitted so far. Get busy and give Mr. Hopper the poem he wants. We are inclined to think he desires something that will not (Continued on Page Two).

## Frosh to Present "Green Stockings"

Play Made Hit in New York—  
Cast Not Yet Announced.

Sometime in the near future the Frosh play, "Green Stockings" will be presented. It is a clever bright comedy with plenty of roles for pretty girls and handsome youths. The play tells the humorous story of how an older sister cleverly evades the old country custom of wearing green stockings at the wedding of her younger sister.

"Green Stockings," was written by Mr. W. E. Mason and was a big New York success for many years. Margaret Anglin, a noted actress, played the role of Cate. About five years ago the B. Y. U. dramatic club produced it with success.

The preliminary try-outs which were held last Tuesday were so crowded that it was necessary to hold another try-out Thursday. There was an abundance of material (Continued on Page Three)

## SECY BRIMLEY RESIGNS FROM FACULTY

Will Enter Business in Salt Lake  
—W. J. Merrill Gets  
Appointment.

Mr. Wilford C. Brimley, for the past two and a half years secretary to President E. G. Peterson, will leave the College at the close of the present school year to engage in business. He will be succeeded by W. J. Merrill.

Mr. Brimley will be associated with Earl M. Crandall and others in the Insurance and Real Estate business. This organization aims to render special service to the farmers and stock growers of the State in furnishing information as to available State and Government lands, which include irrigated, dry-farm and grazing lands, open to Homestead Entry, Desert Entry or purchase.

Insurance will be Mr. Brimley's specialty. He will have charge of organizing the county agencies in the State of Utah for the National Life Insurance Company of Chicago, and the Massachusetts Bonding and Insurance Company of Boston. He expects to stay in Logan several months before taking up offices with Mr. Crandall in the Desert Bank Building in Salt Lake.

Before coming to the College Mr. Brimley was with the State Land Office for six years and later clerk of the Granite School District for a year and a half. With his past experience in the State Land Office, at the College, and elsewhere, coupled with his pleasing personality and strong executive ability, Mr. Brimley should be able to give much helpful service to the public in the business he has chosen.

Wilford J. "Bill" Merrill, orator, debator and ex-class President has been chosen to be the President's right-hand man, to enter the sacred sanctum of the President's office and to keep the bearings of the great Aggie machine well oiled.

Bill has had considerable experience along this line, acting for some time as secretary to Dr. Harris of the Experiment Station, and also secretary to the Vitamin Company, during which time he spent several months as manager of their branch office in Kansas City, Kansas.

Recently he left the Vitamin Company so that he could complete his schooling which he will be able to do along with his work in connection with the President's office.

## STUDENT INJURED IN SHOPS

W. H. Kincaid Loses Part of  
Hand in Planing Machine.

A very sad and unfortunate accident happened in the College machine shops Saturday morning when William H. Kincaid a student, caught his left hand in the planing mill and completely tore off his index and middle fingers, and severely lacerated the rest of his hand.

The accident happened while Mr. Kincaid was planing down an exercise on the heavy planing mill. He had been cautioned by the instructor as to the danger of getting his hands near the revolving cutter blade and this, coupled with his experience around similar machines upon which he has worked, should have been enough to guard against such an unfortunate accident. But while thoughtlessly attempting to wipe the shavings from the whirling knife the rag used caught on the blade and in an instant his hand was drawn into the machine and ground to bits before he could extract it. He has been under the care of Dr. Allen, Federal board doctor for the College and is getting along nicely and is expected to leave the hospital today.

Mr. Kincaid is married and has been attending the College as a Federal vocational student in the school of Agricultural Engineering since February 24th of this year. He served as a private in the 62 Inf. Machine Gun company.

### GET TOGETHER.

Some misunderstanding seems to have arisen between the Federal and College students in regard to the status of the former in the institution. Just who is responsible for the attitude of the Federal men is not exactly possible to state; however we do know the attitude of the Student Body organization as a whole has been mis-represented to them by one and perhaps more unscrupulous persons who seem to be unable to see their own side of the question to say nothing of what other point of view or conditions might exist. As a result the men have been taught to think that they are not a part of the College and are being discriminated against.

Existing conditions seem to warrant a plain statement of facts. The attitude of the Student Body organization towards the Federal men has always been fair and cordial despite what might have been said by some radicals who are grossly lacking in facts. Most Federal men take all their work in the Engineering buildings and consequently do not frequent the main halls and take little or no part in activities, with the result that they are a little reluctant in mixing in student affairs—hence the wrong attitude towards them.

The Federal men are as much a part of the institution and organization as any man on the hill. The individual identity of the "Carry On" students should be interwoven and linked with the Student Body organization in the same way as the Freshman class or any other organization within the school, which would no doubt eradicate the existing stratification condition and result in more cordial and harmonious feelings throughout.

### DO YOU WANT THE R. O. T. C.?

The Utah Agricultural College owes its origin and existence to an Act of Congress, known as the Morrill Act, passed in 1862 which was an important factor in financing the college. This Act provides for at least one college such as the U. A. C. in every State in the Union, for the purpose of training men and women in agriculture, home economics, mechanic arts, and military science. The sciences or arts are of equal importance and must be included in the college curriculum on that basis.

Under the Act, 200,000 acres of land were given; the revenue from which should be spent in the maintenance of the college.

The War Department has done all in its power to make this work of military science interesting. The R. O. T. C. is the latest improvement. The Government has furnished equipment and clothing for the men, on head of in the old cadet organization. Rations and promotions were out of the questions in the old days of squads right and left.

These are facts that the older students can verify. They bought their clothing and went through the same old thing all during the entire year. Their equipment was not to be compared with the material we have now.

The R. O. T. C. may be taken away from the College if it does not receive more hearty support and the old infantry drill supplanted in its place. The War Department requires that 100 men shall be doing infantry work, 50 men doing coast artillery work and 50 in the motor transport division. We do not meet these requirements. Which do you prefer, the R. O. T. C., or the old organization? Do you want to be prepared as an officer or private in time of war?—B. P.

## Federal Board News

A. R. Dickman of Rupert, Idaho, aims to be a farmer.

Ted Jory of Salt Lake who was formerly a cowboy from Big Pine, Wyoming, will take up animal husbandry.

C. A. Nord has been transferred to the U. of U. to finish his course in Architectural Drawing.

Charles Fay has been transferred to Cincinnati to take work in Highway Engineering.

Joseph Christensen, Wayne Beane, and Herald E. Ashman are being put out on placement training to finish their course in bee culture.

L. H. Wilson has returned from Salt Lake where he underwent an operation for appendicitis.

The following Federal Board men have recently arrived at the College:

Francis Couch of Logan is taking correspondence work.

Emile Christensen of Brigham is taking up agriculture.

Merl W. Brown of Levan, Utah will study animal husbandry.

James L. Latimer of Salt Lake, who before entering the ser-

vice was a farmer at Nephi. He is going to study bee keeping, poultry husbandry and woodwork.

Karl S. Chamberlain of Cedar City will study general agriculture and forestry.

Ralph Park of Kamas, Utah is studying animal husbandry.

S. Roberts of Salt Lake will study poultry and bee culture.

Hiram Dalton of Vasata, California will specialize in concrete construction work.

Federal Board men are organizing a baseball team. Carl Hart is manager and F. B. Moreson, captain.

E. J. Diehl and Merl Gibson have just returned from Salt Lake where they returned to receive medical attention.

Mark Mullen, another federal man, who has been sick for some time past is back at school.

### HEAR YE!

Coach Joe R. Jensen hereby challenges any man in our alma mater to a handball duel—best two out of three falls.

All brass knuckles and spectators barred. Contest to be played according to Hoyle and Marquie of Queensberry rules. (Bowen and Cooley please take note.)

## What Aggie Alumni Are Doing

Howard A. Christensen '18, is applying principles of salesmanship acquired at the U. A. C. in his father's furniture store in Richfield. Mr. Christensen was manager of football in 1918. He also helped make the 1917 Junior Prom a success. He was a worker on the Buzzer staff and was a contributor to Student Life.

George Hansen, another Richfield graduate of '18, is doing miscellaneous work in New York. He is applying his college debating experience in saving souls.

Edith Hayball of the class of '18 is in Ogden working as assistant to the County Agent. In her Junior year she was on the Buzzer staff and was an officer in the Student Body organization.

Ernest Mohr, Andy's oldest brother, who was known as "Brick" on the football field, in Ruth, Nevada where he is chemist for one of the largest smelters there.

Lewis Jones '16 is teaching in Monroe high school.

Dan Baker of U. A. C. musical fame is teaching music in the Monroe

high school. He finished his college work in the summer quarter of 1918 and was Student Body president for that quarter.

George F. Holmstead is doing county agent work. He graduated in 1917, was class tennis champion in 1916, captain in the cadet battalion and was a Benedet.

Edna Whit '19, last year's Home Ec. Club president and the one who made a record for the Beaux Art Guild during her last year at college is applying home economic principles in the Richfield High School. Miss White was one of last years scholarship students.

Junius P. Ogden '13 is another U. A. C. contribution to the Richfield High School faculty.

Herbert Pack '13 was one of the best liked science teachers at the L. D. S. U. He taught there four years. Since the fall of 1918 Mr. Pack has been teaching Biological Science at the Davis High at Kayaville. The year after his graduation from the College he occupied the position in the Zoology department which Prof. Sorensen holds now.

### BARBER'S "CASEY" MAKES HIT

(Continued from page one)  
"smack" to much of the original Casey. Ten "berries" if we publish it. Mr. Hopper recites the best one. Fame and some fortune.

#### CASEY AT THE BAT

The field was black with thousands who had come to see them play. For Bungville mixed with Bingville at that smiling day in May. The fans had watched the rivals play for fifteen years or more, And none could say which had the edge, or which was to the fore.

But now the count stood three to four with Bingville in the lead, The final inning was at hand, and Bungville was in need. Of some big slinger who could knock a "home" o'er the fence, And Bungville's stock dropped downward—there was none in evidence.

A Bungville roofer rose to go, and some few followed suit, But loyal home-fans bawled them out and gave derisive howl. So now the stands had settled down to watch in sad despair. Their team go down in sore defeat before them, sitting there.

Maroney lifted up a fly that dropped into the mitt. Of Bingville's first, who didn't need to move a step for it. Bill Danford swatted hard a ball that cut the plate in two. And covered first and second base, and almost third base, too.

But frantic signals cut him short and kept him safe on third, While little Casey took a bat, and not a sound was heard. For Casey never hit the pill, he didn't have the nerve; He couldn't hit a slow, straight ball—let alone a curve.

Little Casey's face was blanched—his slender figure dropped. He could hardly see the bats when they came down to them he stooped. To pick out one that he could wield, and not o'ertax his strength; He finally chose a feeble thing—short both in weight and length.

When Casey took his station at the grime, dusty plate, The thousands gazed on Casey, and pronounced a tragic fate. His eyes were fixed unseeing upon the pitcher's arm. Poised to fling the deadly sphere at Casey's willing form.

The Bingville rooters saw with glee poor Casey standing there. They knew their whirlwind pitcher had scared Casey in the air. They shrieked, "Oh, see the silly boy some milk for mamma's dear," And piled insult upon insult for poor Casey to hear.

And Bingville's pitcher eyed his man, a sneer upon his face. He thought he'd never seen before so downright soft a case.

He braced his feet upon the ground and grasped the baseball—hard. Then flung his muscled arm aloft—poor Casey was of guard.

The stands rose up in one mad roar that crashed across the field. And little Casey's fear-blinded face a sickly grin revealed. The crowd was clamoring for his death, but sudden stayed their din. For Bingville's pitcher had wound up—and thrown a second "in."

Casey swung his fragile bat upon the empty air. He knew he couldn't hit that ball—what's more, he didn't care. He wanted just to get away from that blood-thirsty crowd, That just to tear him limb from limb clamored long and loud.

But suddenly he lost all fear, and set his face in hate. He'd show them he could hit that ball. That sped across the plate. The pitcher holds the sphere high, and now he lets it go. And now the air is shattered with the force of Casey's blow.

Oh, in that town of Bungville a crowd is going mad, But not with hate and anger for that Bungville crowd is kind; And little Casey is a glad—to have whatever he'd will. For Casey, little Casey, had connected with the pill!

### WOMEN

A woman is queer, there's no doubt about that. She hates to be thin and she hates to be fat. One minute its laughter, the next it's a cry; You can't understand her, however you try. But there's one thing about her which every one knows—A woman's not dressed till she powders her nose.

You never can tell what a woman she'll be. She's a law herself every hour of the day. It keeps a man guessing to know what to do, And mostly he's wrong when his guessing is thru. But this you can bet on, wherever she goes; She'll find some occasion to powder her nose.

I've studied the sex for a number of years; I've watched her in laughter, and seen her in tears. On her way's and her whims I have pondered a lot. To find what will phase her, and just what will not. But all that I've learned from the start to the close, Is that sooner or later she'll powder her nose.

At church or at ball game, at dance or at show, There is one thing about her I know that I know. At weddings or funerals dinners of taste, You can bet that her hand will dive into her waist; And every few minutes she'll strike up a pose. And the whole world must wait till she powders her nose.—Ex.

Brevity is the soul of wit. When directed to write a composition on baseball recently a Santa Monica (Cal.) schoolboy turned in three words: "Rain—no game." And a reward for his masterpiece he was sent from the class room for a visit to the principal's office. Is the sense of humor entirely lost among school teachers?

She—"My mind's made up." He—"What, is that artificial, too?" We all know how old Helene is because she has a street car book.

## De Laval Users are on Profit Side

No machine used on the farm returns a larger profit on the investment than a De Laval Cream Separator.

It saves from 25 per cent to 50 per cent of cream twice a day every day in the year over crocks and pans; and from 10 per cent to 25 per cent of cream over an in ferrior or half-worn-out separator.

With butter-fat at the present high prices these savings mount rapidly. Many thousands of users have found that their De Laval paid for themselves in a few months. De Laval users are always on the profit side of the ledger at the end of the year.

More De Laval are used than all other makes combined.

If you don't know the Local De Laval agent, write the nearest office below.

### Under the 'A'

Paul Hinckley spent last week end in Ogden.

Arvilla Roberts spent last week end in Salt Lake.

Charles Hart attended conference in Salt Lake last week.

Mrs. Effie E. Merrill spent the week in Salt Lake City.

Alice Howell is visiting her parents in Salt Lake this week.

Martha Kirkham spent last week at her home in Lehi, Utah.

Mr. and Mrs. M. H. Harris are spending the week in Salt Lake.

Lee Kenner and Stanley Prescott spent last week end in Salt Lake.

Lesta McCune has discontinued school and returned to her home in Nephi.

Fred Fiele and Rete Conroy were in Ogden last week visiting their parents.

Lee Mellor has discontinued school and returned to his home in Manti, Utah.

Mr. and Mrs. R. J. Becraft spent the early part of the week in Salt Lake, Ogden and Brigham.

Ethelyn Oliver spent last week end visiting with her parents Mr. and Mrs. Ruhl Oliver in Salt Lake.

Sidney Nebeker went to Salt Lake last Saturday to undergo an operation for the removal of his tonsils.

Nancy Finch, LaVon Sharp, Leone Evans, Gladys Jones, Fern Ommond, Viola Salmer, Lucile Talmage, Carol Cowley and Helen Woodruff were among the many visitors to Salt Lake last week.

### CHAFF

"There's a little chaff in every threshing!"

I. M. Cornfed.

The Stone Age is the hardest part of history.

Professor—A fool can ask more questions than a wise man can answer.

Student—No wonder so many of us flunk in exams.—The Cardinal.

We've had nine months winter so far this year and are living in hopes of three months late fall weather.

GIBBS LANGTON  
 "BUZZ" NIBLEY  
 MARY BUCHANAN  
 ALF. CHERRY  
 AGNES LINDSAY  
 JENNIE REECE  
 FRANK HAYES  
 —Paid Ad.

Perc—Do you know that fellow over there?

Sid—Yeah! That is Clegg, he sleeps next to me in class. —Ex.

Some men lack minds broad enough to make their ears stick out.

Sonse (producing roll at the bank)—What (hic) can I get for this?

Teller—"Four per cent."

Sonse—(handing over bill)—"Goodbye! Wrap up the whole works."

—Pitt Panther.

It is rumored that the Glee Club is working out up the new rag entitled, "When It's Rhubarb Time in Russia, Will You Bolshievsky Me?"—Miami Student.

### Who's Who In College

Homer Fornoff—Ninety-nine and forty-four hundredths per cent pure. Has a disposition like a June day and a smile that would move a sphinx. Is still in the plastic stage of youth, but interests us in spite of it.

Nadine Foutz—It's written that way in print to look more dignified, but she's really just "Ned". Always gets what she wants and gains your approval whether you have any or not. Possesses a ready wit and a magnetic personality. Has spirits of seniority at rare intervals, but is usually just the "we like 'em." Paul Hinckley—Blond as to complexion, doubtful as to age, and "smurky" as to general make-up. (Note—Adjective borrowed from Theta vocabulary. May have any possible shade of meaning from "handsome" to "not-yet-analyzed.") Says he could go with any girl he wants to if he wanted to.

Clarice Hansen—Can play extemporaneously anything from the category of the Great Masters. Knows the trick of putting jazz into the orchestra and class into classic opera. Has an aesthetic temperament and a natural affinity for (H)art.

Hugh Harvey—Tall, Napoleonic of nature, and gifted in the ways of play-acting. Belongs to that illustrious gang, the Glee Club, and has already won enough laurels to lie on for the rest of his natural college life.

Frank Hayes—Is called "John" or "Francis" or "Frank" interchangeably. May be identified by his olive green car and pleasant smile. Pays rent at the Sorosis House regularly, but isn't past scattering his sociability irrespective of sorority distinction.

### On Other College Campuses

#### ON OTHER COLLEGE OXFORD UNIVERSITY

Students from India are studying at the English university. One thousand of them are enrolled in the law school, 200 in medicine, and the others in miscellaneous work.

**NORTH WESTERN UNIVERSITY**  
 Two prizes, one of \$30, and one of \$20, are offered by the W. C. T. U. for undergraduate oratorical contests on prohibition at North Western.

**OHIO STATE UNIVERSITY**  
 Seniors at Ohio State University have petitioned the faculty to be excused from final examinations.

**U. OF PENNSYLVANIA**  
 The honor system is rapidly gaining favor among American universities. The U. of Pennsylvania is the latest university to adopt it; the motion being carried by an overwhelming vote of 2,900 to 100.

**COLORADO AGGIES**  
 A strictly co-ed prom from which men were barred but were plentifully mimicked was one of the recent events at Colorado A. C.

**GEORGIA SCHOOL OF TECHNOLOGY**  
 A special alumni issue of the "Technique" contains sixteen pages of exceptionally good alumni notes, pictures of graduates who have attained notable success, and articles written by the grads themselves.

**FROSH TO PRESENT  
 "GREEN STOCKINGS"**

(Continued from page one)  
 for each part and as many as twelve girls tried out for the same role. The cast will be announced soon and judging from the interest and ability which has been shown should be a very good one.

"You Never Can Tell," by Bernard Shaw, was at first thought of, but as the B. Y. College are presenting that play, Green Stockings was chosen and seems to be a wise choice. The last play put on by the Freshmen was the "Importance of Being Earnest."

"Loss of sleep means loss of beauty."

"Gosh! you must have gone to bed late."

Sigma Theta Phi entertained at an informal Kensington Saturday afternoon in honor of their patronesses. Musical selections were rendered by Evangeline Thomas, Lora Bennion and Pearl Shimmie. An Easter luncheon was served. The guests of honor included Mrs. Fred Parkinson, Mrs. Rhoda B. Cook, Mrs. Moses Thatcher, Mrs. Parley E. Peterson, Mrs. I. S. Smith, Mrs. W. G. Ruckebrod and Mrs. W. E. Carroll.

Miss Blanche Worley was the hostess of an Easter dinner Sunday evening. The table decorations were artistically carried out in Easter suggestions. Covers were laid for Afton Odell, Elma Bennion, Nadine Foutz, Geneva Rich, Mary Buchanan, Morgan McKay, Douglas Cannon, Morris Christensen, Erwin Crandall, Percy Smith and Clyde Worley.

Irene Rich and Delroy Gardner were dinner guests of Sigma Theta Phi last Friday.

Sorosis entertained informally last Friday evening at a "500" party. Miss Lucy Hatch of Woods Cross, sister of Mary and Miss Laurie Anderson were guests.

Phi Kappa Iota will entertain at a dancing party at the Bluebird hall, Saturday evening. About 50 couples are expected to attend.

Hattie Smith, Anna Egbert, Dora Fuller and Maurine Peterson were dinner guests at the Practice House last Friday.

Percy Smith was host at the Delta Nu house last Friday evening when he entertained the fraternity at dinner. The dinner celebrated their winning of the cross-country championship.

Last Sunday evening the house members of Sorosis entertained their partners at the Sorority house. A buffet luncheon was served.

Last Friday Delta Nu held initiations for Peter Johnston, '23, of Blackfoot, Lee Millor, '23, of Manti, Grant Magley, '23, Monroe and Carl Harris, '23, of Logan.

The annual banquet of the Delta Nu Fraternity is scheduled for April 30, in the Hotel Eccles. Morgan McKay is chairman of the banquet committee.

Sigma Theta Phi's sixth annual banquet is scheduled for May 28 at Hotel Eccles.

## SOPHS CINCH CLASS B. B. RAG

Some thing always occurs to  
brighten up weary late winter  
days that drag along into what  
should be spring. Despite the slushy,  
snowy, drizzly past few weeks the  
class Baseball Series has been going  
merrily on.

The first game of the season was  
played some time ago when the  
Junior-Senior team won over the  
Freshies with a score of 4-2. The  
next game played was between the  
Junior-Senior team and the Sophs.  
The Sophs won by a very close mar-  
gin and left their intellectual superi-  
ors to think sadly upon a score of  
2-1.

Then the Sophs picked on the  
Freshmen and showed marked superi-  
ority over our younger generation  
with a score of 7-4. The same after-  
noon the Fresh again met the  
Junior-Senior team and again the  
Freshies were defeated. This score  
was 5-2.

On Wednesday afternoon the  
Sophs and Seniors tangled and the  
Sophs cinched their right to the class  
title with a big score of 7-1. The  
College team prospects look bright  
with Dee, Falk Andrus, Sorenson,  
Loose, Worley and other good men  
a fast aggregation should result.

## DATE SET FOR AG. CLUB TRIP

In the Ag. Club meeting Tuesday  
it was decided that the annual long  
looked for trip of the club would be  
taken about May 1. In benzine bug-  
gies. They will go North as far as  
Richmond, and then West across the  
valley into Box Elder county. The  
best farms enroute will be visited,  
which include the Caine Farm in  
Cache county and the Hansen Live-  
stock Farm in Box Elder county.

This trip promises to be one of the  
best ever taken by the Ag. Club. The  
different methods of farming in the  
two Counties will be observed and  
compared.

To entertain the high school boys  
and girls of the State, while at the  
College, the Ag. Club plans to give a  
party for them on April 21. The  
members of the Club will also act  
as guides to the visitors and help  
them in every way possible.

## PROF. HENDRICKS IS CHAPEL SPEAKER

Eulogizes Colonel Higginson  
as Model of Clean  
Living.

Col. Henry Lee Higginson of Bos-  
ton, was one of the greatest charac-  
ters America has produced, accord-  
ing to Prof. Geo. B. Hendricks, who  
spoke to the students in chapel Tues-  
day. Reading extracts from his life  
the speaker emphasized the main  
things that Col. Higginson stood for.  
Clean living, sportsmanship, culture  
and a development of the arts and  
sciences were a few of the things  
which the life of this great leader  
teaches us.

As a young man Col. Higginson  
decided for a musical career, but  
before his education was completed  
the country was engulfed in the  
Civil war and he at once cast his lot  
with the North. Coming out of the  
war wounded, he returned to Boston  
and directed his efforts towards  
finance, becoming finally the head of  
one of the greatest trust companies  
in the East.

Working with unselfish energy,  
Col. Higginson succeeded in estab-  
lishing the Boston Symphony Orches-  
tra, an organization excelled by no  
other of its kind in the world, and  
an everlasting monument to the  
ideals of its founder. He also ob-  
tained a piece of ground not far from  
Harvard college on the banks of the  
river, which he presented to the  
public for use as a play-ground, in-  
sisting only that the name of the  
place should be Soldiers Field, in  
honor of the men who fought and  
died for the freedom of the slaves.  
Anyone who has visited this spot  
realizes the value to the community  
of an athletic ground such as this  
one on which has been built, the  
Harvard stadium.

Recently Harvard honored the  
name of Col. Higginson by selecting  
him as the ideal example of clean  
living and sportsmanship for the  
youth of the land to pattern after.  
His life was spent in the interest of  
his fellow men, in developing their  
manhood and raising their ideals.  
With his death late last fall, passed  
a man whom society will ever look  
upon as a great benefactor.

Prof. Hendricks' talk was well re-  
ceived by what seemed a ridiculously  
small audience. Other features of  
the program were solos by Elmo Coff-  
man and Prof. C. R. Johnson.

## FRAZER, NEXT LYCEUM NUMBER

Sir John Foster Frazer, author of  
"Russia of Today," "Life's Con-  
trasts," "Panama and What It  
Means," etc., will appear at the Ta-  
bernacle on April 12 as the next num-  
ber on the U. A. C.-B. Y. C. Lyceum  
course.

Mr. Frazer is a world traveler; was  
the first Englishman to cross China  
and knows many remote foreign  
countries as well as he does his own.  
He is the highest paid individual on  
the local circuit.

## TITUS MEDALS WILL BE GIVEN

(Continued from page one.)  
any previous year is eligible. All  
contestants place names in Student  
Life box immediately, in order that  
the contests may be started and  
finished before winter comes.

Clyde can pilot his benzine buggy  
with one hand.

## The Dance De Luxe

In the annals of those social  
functions we choose to term pre-  
eminently superior lines will be  
jotted telling of the memorable dis-  
play of grandeur that will permeate  
the atmosphere of T. Smart gym  
Saturday, April 17.

The fair young Dianas of Sigma  
Theta Phi are bubbling o'er with  
enthusiasm in anticipation of their  
post-season debut into 1919-20 social  
circles. Plans to surpass anything of  
its kind since the fall of Rome are  
being made to make the Theta even-  
ing of Jazz the peer of former  
dances.

To date, nothing has been said  
of decorations, but judging from the  
way the Theta maids are sleeping in  
class of late, their glimmering lan-  
terns must be burning far into the  
night, making ready for their gor-  
geous display on the above date.

In "The Isle of Conquest," Select's  
special attraction which opened at  
the Lyric Theatre last night for a  
two day engagement, Norma Tal-  
madge has one of the strongest roles  
of her career.

The story of Ethel Harmon (Miss  
Talmadge), who is unhappily wed-  
ded to a man whom she despises. Dis-  
patched, she is cast upon a deserted  
island with a single male companion  
—formerly a stoker on her husband's  
yacht—and while there learns true  
love and happiness. There vicissit-  
udes, both during their stay on the  
island and after they have been re-  
sued, and the way that happiness  
ultimately comes to them makes a  
fast moving story. Interesting and  
absorbing. Miss Talmadge's support-  
ing cast includes Wyndham Standing,  
Natalie Talmadge, Charles Gerard,  
Elder Hopper, Claire Whitney, Gar-  
ret Hughes and Joe Smiley.

## TWIN BEDS

Friday the 16th has been marked  
on the theatrical calendar for the  
presentation at the Lyric of Sals-  
bury Field and Margaret Mayo's in-  
ternational comedy success "Twin  
Beds" with the same great cast and  
production that will only play the  
principal cities. Laughter holding  
both its sides but ill expresses the  
condition of an audience witnessing  
"Twin Beds". A delectable story is  
told of the dire calamity that befalls  
when six people, assorted in couples  
and housed in three floors of a very  
fashionable big apartment house,  
have a neighborliness thrust upon  
them which fate never intended, and  
of the difficulties of acquiring peace  
and quiet in the home when nothing  
but a few feet of lathes and plaster  
separate one home from another. The  
authors have told their funny story,  
retaining your sympathy for every-  
body, and if you don't simply scream  
at the spectacle you should consult a  
doctor. Seats are now selling un-  
usually well.

The track at Adams field is now in  
good shape. All runners will be able  
to work outside from now on.

The boxing bout Friday night be-  
tween Joe Maughan and Whiskey  
Anderson should be as exciting as  
the Worley-McDonald bout is funny.  
Excitement will be plentiful the whole  
evening.

Now is the time to decide whether  
or not we want a state championship  
in track and baseball. Every one that  
is physically fit should be out for  
some line of spring sport and all  
others should resolve to boost.

Son—"All men are born free and  
equal, aren't they daddy?"  
Father—"Yes, but some men mar-  
ry."

"Say to Yourself: 'I'm Going to Save Now'  
and Hold to This Resolution. Make a  
Beginning, No Matter How Small."

Co-op Drug Co., Logan.

## Sport Notes

By "Doc."

Next Wednesday, April 14th is the  
date set for the interclass track meet.  
Why not win one of the three Cardon  
Medals? These three medals go to  
the three men that cop the largest  
number of points in the meet.

Arville Adams of Thatcher Brothers  
Bank has assured the Cross-  
Country runners that a leather chair  
will be given by this bank annually.  
The fraternity winning the largest  
number of points in the meet each  
year will get the prize.

Pesty Jarvis is back in Salt Lake.  
Our stellar athlete did himself proud  
while at the training camp with the  
Portland Beavers. Pesty knocked out  
two circuit clouts the first game.  
Pesty could play in the Canadian  
League but he is talking about re-  
turning to finish his college work.

The track at Adams field is now in  
good shape. All runners will be able  
to work outside from now on.

The boxing bout Friday night be-  
tween Joe Maughan and Whiskey  
Anderson should be as exciting as  
the Worley-McDonald bout is funny.  
Excitement will be plentiful the whole  
evening.

Now is the time to decide whether  
or not we want a state championship  
in track and baseball. Every one that  
is physically fit should be out for  
some line of spring sport and all  
others should resolve to boost.

## Tennis Sharks Get Together

A. C. racket wielders and tennis  
sharks got together April 1st and  
brought into being what hereafter  
shall be known as the U. A. C. Ten-  
nis Club. After an exciting discus-  
sion as to the relative merits and  
qualifications of the various candi-  
dates for offices in the organization,  
the following officers were elected.  
J. Waldo Parry, president; Joe  
Reed, secretary and treasurer;  
Ames Khan, manager.  
Membership cards have been  
printed and may be obtained from  
either of the above men upon the  
payment of a fee of 50c.  
It is desired to keep the courts in  
the best possible condition this year.  
Rules and regulations will be drafted  
by the Club to which all who play on  
the courts will be required to con-  
form.  
Plans are already under way for  
the first big tournament which will  
start just as soon as the weather  
permits.
