ATTENTION FOCUSED ON "JUNIOR PROM" MONDAY NIGHT

AGGIES GIVEN PRECISION OVER MONTANA STATE

Forensic Team Puts Over Convincing Argument—Merrill Strong on Rebuttal

Monday night, Feb. 23, two of the Aggie debaters collided, "head on" with the Montana State College team. The question was, Resolved that the Chinese Exclusion act should be amended so as to exclude the Japanese. Willard J. Merrill, and Douglas Smith upheld the affirmative for the Aggies. James W. Moore, and Charles E. Schurch maintained the negative for Montana.

Merrill, the first speaker for the Aggies, showed how the two races, yellow and white could not assimilate. He told of the condition of California and the rapid increase of Japs in the United States.

Moore, of Montana granted Merrill's argument, stating however that an amendment of the Chinese act was not the best way to solve the problem. He proceeded to show that to include the Japanese in an act with the Chinese would be stirring up their enmity, and cause trouble.

Smith of Utah, followed showing the results of the Chinese exclusion act and how much more efficiently it worked than the gentlemen's agreement. The Utah team had prepared a chart to show the results and with the aid of this were able to put their case to the gentlemen's agreement's failure to work and the effect of the exclusion act over very successfully.

Schurch, the last speaker for Montana, submitted a plan for a treaty with Japan to bar the Japanese which would not class them with the Chinese.

Moore opened the rebuttals by restating his case and trying to prove that so far treaties, such as the gentlemen's agreement, with Japan had been successful. Smith followed supporting the exclusion act as a solution. Schurch re-established the substitute plan of diplomacy with Japan. Merrill closed the debate showing that the Aggie plan was better.

One of the best rebuttals ever given in the A. C. chapel was given by Merrill, in closing the debate. He answered all questions, attacked some of the authority and left the impression that if this problem was to be solved it was for our government to solve it as the Aggies proposed and not for the Japanese government which he showed was ultimately the result of Montana's plan.

Judge H. R. Rolston, Prof. A. L. Sog both of Salt Lake City, and (Continued on page two)

Sorority Girls Will Sponsor Vaudeville

Vaudeville de luxe! also superb, the spitting and any of the other objectives commonly used to describe variety show of the highest order.

The time is March 14, the place, the Great Schenck, the girls—never mind about the girl—she'll be there plenty of her, too.

The sororities of the U. A. C. are sponsoring the production and also brushing most of the acts, which in and of itself speak very highly for our acts. Coach Jenson will present his Business Men's Athletic Club in one act. It is said that these men have attained such perfection in the art of tumbling and acrobatic stunts that only the fact that they are tied to Logan by vast business interests, has kept them from giving to the world, via the vaudeville circuit, what will be given in the Logan public for 50c.

The only professionals in the cast are a group of minstrels that the girls have imported and they refuse to say who, when or where, so publicity will have to be curbed for the present.

"Curley" Bowen Wins Handball Tournament

Fourteen Victories and No Defeats Gives Hard Hitter Undisputed Claim on Title.

"Curley" Bowen won the annual handball tournament with fourteen games won and none lost. Bowen was pushed to the limit by Henri, Barker, Tingey and Savage, but by playing a superior brand of ball when he needed to, he won a clear title to the championship.

"Curley" plays a fast, hard-driving game with no let up. He handles hard returns better than any other man in the tournament.

As winner he will be given a handsome medal appropriately inscribed.

Following is the standing of the leaders:

Player	Won	Lost
Bowen	14	0
Barker	13	2
Henri	13	3
Tingey	13	2
Savage	10	2

Dr. Brossard and Prof. Vickers have issued a challenge to the winners of the tournament to a series of singles and doubles. The challenge has been accepted and these games, which promise to be the most interesting ever held on the campus, will be played as soon as arrangements can be made.

Convention at "U" Great Success

Beginning of Closer Relations Between Institutions—Delegates Receive Royal Treatment.

The first convention of the Western Intercollegiate Press Association came to a close Saturday night after a banquet given by the Salt Lake Commercial Club. The convention is considered as being one of the most successful ever held in the intermountain west and promises to be the beginning of a movement that will link the institutions of the west in a fraternal chain.

For three days the delegates discussed and offered solutions to the problems that confront the editors and managers of the college publications. In order that the questions may be better answered and understood, experienced newspaper men were brought in to discuss at length the methods used by the successful city papers in overcoming the obstacles that come with the various publications. Noted advertising men, editors and ex-editors brought before the convention many helpful views that will materially aid the college editors and managers of the college publications.

By the round-table discussions the delegates became acquainted with the different systems used at the institutions and could thereby find a means of bettering their own system.

One of the most important things accomplished at the convention was the creation of a western intercollegiate news service which will enable the various publications of the association to receive news direct from each other member of the association.

Salt Lake City will be the headquarters for the mountain states. All news will be sent there to be condensed and sent to the University of California, the headquarters of the western coast states and to the University of Redlands, the headquarters of the southwest. The association has dreams of a radio service between institutions at some future date, as is in effect between coastal institutions.

During the time that the delegates were not in session the committee in charge was conducting sight-seeing tours, campus inspections, social affairs and other pleasures.

THE MUSES SMILE ON TWO OF THE MOST POPULAR STUDENTS OF SCHOOL YEAR

Aldyth Vernon Chosen as Fairest of Co-eds and Tommy McMullin, Hoopster of Renown Wins Coveted Honors Among Men.

The Miss 1921 Buzzer popularity contest reached the acme of interest last Friday afternoon and in the final hours gave Miss Aldyth Vernon and Tommy McMullin first places by a wide margin of votes. The contest closed promptly at 5 o'clock and within a few minutes the results were spread to the awaiting groups. Aldyth was acclaimed the most popular

TOMMY McMULLIN

lady in school and Tommy the most popular man. They have the distinction of every one in school. Very great enthusiasm was shown through the whole three weeks of the contest, the last afternoon becoming tense with suspense and interest. Uncertainty as to what the final outcome would be was felt from the start. The race was close and there were several who seemed to have equal chances. It can be said that the school is satisfied with the outcome.

ALDYTH VERNON

taken lacking two hundred of the needed number to put it across. The result, however, showing that there are many who haven't obtained one yet. The students leaving at the end of this quarter, especially, should see that before they leave the school they get a receipt from some member of the staff for a book.

There remains only a limited time in which to get snags in for the feature section. The campus invites the Kodak and the Buzzer wants the pictures.

SOUTHERN QUINT DEFEATS AGGIES BY FIELD GOAL

Rally in Last Part of Game Gives Provo Boost to Top Place.

After playing one of the best games ever staged in the Provo village, the Aggie basket ballers lost their final game of the Intercollegiate series, Saturday night by a single field goal. The final score was 30-25 and shows the closeness of the struggle. The Aggies did not start the usual lineup due to Perce Hansen's being sick. The B. Y. U. used the same squad that has borne the brunt of the season fighting for the southern contenders. The Provo team lead in the first half due to excellent passing, and the score at the end was 17-12.

The Aggie guards held their opponents to few field goals. Perce Hansen played a great game after being sent in and rung the bell four times from the field. The Aggie forwards were in turn closely guarded. Kirk Hansen and Maughan were high point shooters.

In the second half the Aggies staged a great comeback and in a few minutes piled up a four point lead. In the last five minutes of play the B. Y. U. succeeded in eking three field goals in succession, putting them on the long end of the final score. The way the Aggies broke up the B. Y. U. defense at many critical points.

SPRING QUARTER TO COMMENCE MONDAY

One Hundred New Courses Begin When Doors Open March 7.

The Spring Quarter will open Monday, March 7. Nearly one hundred courses will begin with the quarter, thus making it possible for students to enter the institution on March 7 under no handicap. Every department in the college is offering one or more of these new courses. It will also be possible for students to enter many other courses that have been running for some time where the work naturally falls into more or less separate divisions. Of rather special importance will be the new courses in auto and tractor operation and repair. Men who want elementary training fitting them to operate their own cars and tractors will find special courses particularly designed for them, while men who want to prepare for auto and tractor repairing as a profession will find advanced courses open to them.

Several new courses of much present interest will be offered by the School of Commerce and Business Administration. These include credits and collections, and statistical methods in business, by Dr. W. L. Vanhous, insurance, by Prof. D. E. Robinson, and labor problems by

Glee Club to Commence Tour of State Monday

Congregation of Music Makers Are in Good Tune For Their Annual Journey Southward.

The Glee Club takes its departure next Monday for the state tour. Practice has been vigorous and the men, all being in good trim, are looking forward to the commencement of a two weeks celebration after the close of the strenuous exams.

Among the latest to extend a special invitation to the musical body was the principal of Morgan High School who visited the institution last week. He, in behalf of his school, invited the club to a banquet to be given after the performance. Imagine Hugh Harvey and Jack Price, and Chas. Smith, Ernest Staker as trombone soloist, Mark Nichols as piano soloist and Jack Price as master magician will do their part to attract the audiences.

Telegrams have been received from various parts asking for the visit of the club but Professor Johnson does not feel like keeping the men out of school any longer than the time originally planned. He has agreed, however, to take the club to Preston for one night upon their return from the trip. That night will be March 23. Their singing in Logan the night of March 24.

The club has an abundance of good soloists this year. Those chosen to sing solos on the trip are Blackner, Albert, Moffitt, Wahlens, Harvey and Chas. Smith. Ernest Staker as trombone soloist, Mark Nichols as piano soloist and Jack Price as master magician will do their part to attract the audiences.

"Chimes of Normandy" Pleases Onlookers

Strong Voiced Leads Make College Opera Charming Performance

The opera season closed with the last staging of "The Chimes of Normandy" last Monday night. Friday night the merry crowd went to Wellsville where they played to a packed house. The audience was very appreciative and the company responded so well that many believe it was their best performance.

The opera itself, being light and clever, when played with as much spirit and enthusiasm as was put into the scenes, took well with all audiences.

Bob Blackner's wonderful voice was one of the best drawing cards as was manifest by applause at his first entrance each time that was sung was all and more than was expected. Jeannette Batt, as Germaine, the last Marchioness, played well with Blackner. Her voice was particularly good. The love duet between the two was a very pretty part and well executed, drawing applause at every performance.

The other leads, Glover Johnson as Sergeant, Jack Wahlens as Jean, Del Egbert as the miser, Hugh Harvey as the Bailiff and Wells Moffitt as the Notary, did very well, particularly Egbert. The members of the chorus supporting the leads deserve special mention.

All singers have spent a great deal of time and effort, as previous U. A. C. singers have always done, to maintain the high standard established in this activity. They have succeeded in doing so another year.

It was pleasant work and they all claim they had a good time and feel quite satisfied. By this time the merry singers will have been brought to earth once more with a week of term exams calculated for their special benefit.

It was pleasant work and they all claim they had a good time and feel quite satisfied. By this time the merry singers will have been brought to earth once more with a week of term exams calculated for their special benefit.

The other day a man dashed into the Great Central station with just one minute to catch the Twentieth Century. He made the ticket window in two jumps.

"Quick! Give me a round trip ticket!" gasped he.

"Where to?"

"B-back here, you fool!"—Aw-gwan.

SOCIAL EVENT OF SEASON NEAR AT HAND

JUNIORS PROMISE TO GIVE PROMENADE OF SUPERIOR CLASS

We can scarcely grasp the stupendous fact that only three days lie between us and the social event of the year. Yet, Monday night will unfold to bewildered eyes the mystery and charm of the—Junior Prom. The rest have been surprisingly brilliant, but this is to be the triumph of them all. The committees report that preparations are complete down to the minute detail. The decorations are waiting impatiently to be "strung up," and the programs boast the ingenious design of a real artist. In fact, John Huppi himself, is responsible for them as well as for the clever advertising which has been the object of so much comment. Nothing has been forgotten in the way of making this the greatest finale that ever graced the closing of a season. The magic of a few hours work will transform the Smart gymnasium into a place of enchantment. This much we promise—the rest remains to be seen.

Federal Board Students Institute Welfare Com.

The Federal Board students have recently instituted a Welfare Committee for the purpose of aiding all trainees at the college.

The committee will commend and encourage all meritorious work of the Federal men as well as offering aid and suggestions to help each man maintain his health, follow his vocation and develop into good substantial American citizens. It will also listen to various complaints and call before it trainees whose actions or work justify investigation. In case the man fails to profit by such a conference, his name will be handed to Mr. Bearns, coordinator for the Federal Board for disciplinary action, and as a result he may be dropped temporarily or permanently from the pay roll.

The welfare committee and the scope of its activities have the full approval of the local officials of the board as well as C. W. Ihle, local supervisor and H. Allen Nye, District Vocational Officer. The local American Legion post No. 7 of Logan also has representatives on this committee, and all proceedings relating to the disciplining or dismissal of members will be filed with the officer of this post.

The institution of this committee is a result of its sanction by the trainees at the college at a recent meeting of the Federal Club. At the college meeting it was decided to leave the selection of the personnel of the committee to the local Federal Board officials. As a result of this action Prof. Ray West counselor and J. B. Bearns selected men of excellent scholarship and representatives of the various departments of the college. Their names together with their employment objectives are as follows:

Israel Abbott, Chairman—Industrial Chemist.

Harold O. Burgen—Auto electrician.

John J. Etter—Agricultural Engineer.

Percy C. Thomas—Accountant.

Vernon Young—Agriculturist.

Hendricks Medal Contest Wednesday

The contest for the Hendricks Medal will be held in the chapel next Wednesday, March 9 at 1 p. m. A handsome gold medal will be given to the one giving the best extemporaneous speech.

STUDENT LIFE WANTS—

A live wire to serve as desk manager, a worker in every sense of the word, one that is not afraid to soil his fingers or miss a meal, one that has time and ingenuity. It matters not whether male or female, black or white, Jew or gentile so long as his middle name is work. Application will be received by the editor before Wednesday next.

NEWS SERVICE CREATED

Among the many important actions taken at the convention of the Intercollegiate Press Association one stands out above the others—that is the creating of an intercollegiate news service. Heretofore the colleges of the intermountain west have been in communication only by exchange papers. With the beginning of the news service, direct communication will be carried on between colleges of Utah, Colorado, California and Idaho, and it is hoped that more states will come into the association in the near future. This is a great movement in that it will create a broader interest between colleges of the west and widen the scope of college journalism. By this service the campus publications will be able to serve a greater purpose than just that of printing local news.

AN APOLOGY

It has been the policy of Student Life to hold its columns open to any student who has a message to give, a constructive opinion to offer, some news item to contribute, or some wholesome "fanny line" to lend. It is not its policy however, to allow personal sentiment to the extent that some student's character is in any way placed in danger. It is not its policy to allow students to put in print some insult that they dare not openly give to the one that it is intended to reach.

The policy of Student Life is to give the students freedom of the press and that means to tell the truth at the right time.

The editors wish to apologize to the readers of the paper for a certain article appearing in the last issue. By some mistake it found an open column. It is hoped by all that future articles of that nature will find a safe home in the waste basket.

A CLEAN POOL

Judging from comments frequently overheard in the gymnasium, students are loath to go into the pool for a swim after the water has been in for three or four days, and find it almost impossible to swim in. College students are not responsible for the water becoming so quickly. During the afternoons there is always a number of small boys floating around the gymnasium. They walk around the edge of the pool with shoes on, tracking mud and dirt in with them. Even though most of them are probably good clean boys, it is poor policy to allow them in the pool at any and all times.

It is a fine thing to give the boys of the community the privilege of using the pool but it is only fair to the students that this privilege be restricted to a certain time at the end of the week—Saturday afternoons would be a good time.

CONVENTION AT "U" GREAT SUCCESS

(Continued from page one)
able entertainment. Nothing was left unturned to insure the members of the convention a pleasant stay at the University. The various fraternities and sororities entertained the delegates in a way that will make the associations at the "U" long remembered.

At the final meeting following the banquet an election was held for the 1922 officers. As the constitution provides that the editor of the publication at the institution where the convention is to be held automatically becomes president, and as Stanford was selected as the place of the convention next year, the editor of the Daily Palo Alto will be president of the convention. Mr. Kretschmer, editor of the Rocky Mountain Collegian, Colorado A. C. will be vice president and Mr. Holden of Redlands University will be secretary.

OVERHEARD
IN THE HALL

He—What shall we do Sunday Evening?
She—Let's go down to the Presbyterian church.

She (coyly)—George, darling, you have such affectionate eyes.
He (thrilled)—Dearest do you really mean it?
She (horrified)—Yes, they are always looking at each other.
—Virginia Reel

CLUB MEETINGS OF
THE PAST WEEK

The Quill Club met at the Theta House Tuesday evening March 1. After disposing of the business before the club, President Delroy Gardner read an interesting original article entitled "The Moody Drug Clerk."

The story was a portrayal of the reveries of a young, and poor drug clerk sitting in the home of a prominent and wealthy lawyer who has since passed away, and whose bust was occupying a prominent position in the room in which the clerk was sitting. Constructive criticism by the members present followed.

A short discussion as to the available magazines for the members to submit the articles they have been writing was held. Miss Oberhansley read a letter from Lowry Nelson, an old member of the club, encouraging the present membership to continue what he termed, the good work.

At the next meeting of the club, to be held at the Exaltion House, March 15, prospective members of the club are to submit papers. Any students interested are extended this invitation. Among those who will submit papers are Mr. Hinman, Miss Lila Vernon, Mr. Reid Gardner, Miss Sybil Spande and Mr. King Hendricks. Miss Kays will also tell of her journalistic experiences. Mr. Porter will report on the possibility of joining a national organization.

Federal Club

The Federal Club held its first stag party last Friday evening at the Commercial rooms, about seventy-five members being present. The fore part of the party was given over to a program which included a talk by Morgan McKay, a member of the executive committee of the college. He encouraged the Federal men to take part in student activities, that they were ap art of the student body and the institution was proud of the Federal men.

Dr. Carroll spoke for thirty minutes in which he recalled some of his experiences in the fighting forces of Uncle Sam. He congratulated the Federal men for the great improvement they have made during the past year. He said that the Federal men maintained a high average in grades and a great many were surpassing the common mark.

Mirl Brown sang two select solos. The remainder of the program was featured by several instrumental selections from the Mandolin club. Refreshments and amuses were served and the remainder of the time was spent in getting acquainted with each other and relating experiences of army days.

KORRESPONDENCE
JOHN TO HANS

Dear Hans:
I think I have to tell you about this school. Voy know every Wednesday we go in da Student body meeting. I don'ta know vitch body he mean I tank maybe he mean everybody Vell yust da same ve go and take our body. Last time I git up in da morning an feel purdy tuf, and ven I go to skool I take examinations. Den I go en da student body meeting. Vell von feller he tel us how some big felled down in Provo he chase little Tony all around da basketball and how ve git beat. Ven he tel dot I feel tuf some more but da gies club he sing song and da band he play and right away I feel good. Ven da band he play a long time I feel purdy good and vild da band play some little yane she look side vays to me and by jeminy I yust can't sit still. I feel yust like I been in da saloon. Vell yust ven I tank I vill haf to squevel de band he stop and ve all go out. I feel so good I go on a nother class and take examination and today I git back my papers. On da paper I write ven I feel tuf da teacher he make beg B and dat mean "Bum" and on da one I write after student body I git better mark. Da teacher he put F on it dat mean Fine. I yust know dat yane and dat make make me git good mark. Vell I tote you I vone miss student body again. Next time I bane going to tote you bout my yane (Dat mean fleks in Sved).

JOHN.

LOVE LEND—I hear you had a battle with Helen, the other day.

Short Stout—Yes, she sneered at my apartment so I knocked her flat.

—Gargyle

Thrilling
There was a tap at the door. He arose and turned it off.—Lampoon.

BULLETIN BOARD

Course in Life Insurance
Re-scheduled

The course in life insurance, listed as Business Administration 5 in this catalog and scheduled for Mondays from 2 until 5 has been re-scheduled, according to Prof. Robinson, who teaches the course. It will be given on Tuesdays, Thursdays and Saturdays from 8 until 9.

The course will take up such questions as the functions of life insurance, the fixing of insurance rates, legal aspect of life insurance, etc. A short discussion of other forms of insurance will be given.

BUY A BUZZER

Students who have not bought their Buzzer may do so today from 12 to 1 in main hall.

ONLY CHANCE

One more chance to buy a Buzzer before you go home. Get one today at noon at table in main hall.

Triangular Debates March 11

The triangular debates have been scheduled for Friday March 11. The B. Y. U. will send an affirmative team here while our negative team will engage the University affirmative team at Salt Lake. Full announcements will be made in next issue of Student Life.

Farm Motors to Be Repeated

Farm Motors 2 will be repeated during the Spring Quarter for the special advantage of college students who want advanced work in auto repair, according to Professor A. H. Powell. This course will be changed somewhat to meet the particular needs of students wanting work in auto. Students who have had elementary auto courses or who have much practical experience can enter the course will be given on Mondays, Wednesdays and Thursdays at 8 o'clock. Laboratory periods are provided on Tuesdays and Thursdays from 2 to 5. Five credits will be allowed for the course.

Rimes On Reuben

Young Reuben won a heap of fame While at the A. C. College
He tacked great honors to his name By showin' superior knowledge.

He peddled shirts and hose and tacks To pay for his tuition.
He peddled eggs and flour sacks, Ford tops and ammunition.

He wrote ten thousand lines of rimes And sent them to the press.
This gathered in a few stray dimes To help keep up his dress.

He finally won a little scroll That says you have the knowledge
To scratch your name from off the roll And leave the A. C. College.

He's settled now beneath the hill Ready to pay life's game.
There's someone to help him thru the mill, One who just changed her name.

They're bound to win, these working sharks.
They learn to meet life's knocks.
In a few short years they live in parks,
While the drones live on the rocks.

Answer Me That!

Long have I wrestled
With questions rather solemn
And now my pen has nestled
To ask them in this column.

Here's two questions pretty straight
I hope you'll let them by
Who of all young men does Jim
Haught?

Oh, why is William Shy?
Many hours have I sought
An answer to my wish
On whose fence was Warren Westcott?

And where does Lynwood Fish?
A couple eashed me lots of worry
I've eashed them pro and con,
Whose mule does Mister Allen Curry?
Where has Vere Burgeon?

From this stuff I now must turn
I've had a strange mishap.
What make of weeds does John Blackburn?
And where will Stan Belnap?

SPRING QUARTER TO COMMENCE
MONDAY

(Continued from page one)
Mr. J. B. Harrison.
Students entering for the Spring Quarter are urged to register on March 4 and 5 in order to be ready for class work on March 7, the opening day.

Dairying is most profitable

PRICES for dairy products have held firmly, while the cost of feed has been greatly reduced. Because of this there is relatively more profit than ever in dairying, and many farmers are turning low-priced feed into high-priced butterfat. An eminent dairy authority says that you can make over \$2 to \$3 a bushel by feeding to good cows.

And De Laval Cream Separators have done more than any other factor to place the dairy industry on such firm and profitable basis. They are cream, time and money twice a day every day in the year. They produce steady cash income. They have made the market accessible, even though you live 500 miles from a creamery. They keep the skim-milk on the farm to produce another crop of calves, hogs and poultry. They are made well that 20 to 30 years' service to a De Laval is not unusual. Over 2,500,000 are in use in all parts of the world.

You need a De Laval more than ever. There is a De Laval agent near you—see him.

Chamberlain spent the week in Ogden.

Campbell visited his parents in Ogden last week end.

Croft spent the latter part of last week at his home in Ogden.

Burnham was absent from school part of last week due to illness.

Merrill spent Monday and Tuesday nights at his home in Richfield.

Hayes has discontinued school and leaves today for his home in Lake.

West has discontinued school and returned to his home in Lake, Oregon.

Hadfield was called to his home in Salt Lake last week end on account of sickness in the family.

Tooth was called to her home in Mantle on account of the death of her father. She will not return.

Lindsay visited in Heber last week end and attended the U. A. C. B. Y. U. game.

Charles James Hart vacated his home to migrate to one of the residential residences of the local Providence.

Wilford D. Porter and Homer spent four days of last week in Lake attending the interstate prevention convention.

Peterson, Agnes Stevens, Mendenhall and Almira Bagley spent the week in Franklin.

Earl Sutherland was a dinner guest at the Sig house Tuesday.

Victor Linblad was entertained by the Phi Kaps Friday night.

Elma and Erna Benson and Ethel Merrill were guests at a slumber party at the Theta house Saturday night.

George D. Casto was a guest of the Epsilons Sunday.

Erving Jensen, '18, appopular Phi Kap is a guest at the chapter house this week.

Alpha Delta Epsilon entertained at a dancing party at Hotel Eccles Tuesday night in honor of their members who are leaving school this term.

Do you know why I want you?—I can't think.

—You guessed it.

—Chaparral.

—I heard from a mother's letter to me in camp.

—Willie: Don't shoot the little fellow, remember they love life as you do.—Lord Jeff.

—It's a passionate tie," said the girl after the marriage ceremony.

Society

Wednesday night the Delta Nus paid an informal visit to the Sorosis house. The evening was spent very enjoyably.

Sunday the Sorosis house girls entertained Frank Hayes, Melvin Arnold and Louis Ballif at dinner. The center piece consisted of daffodils. Covers were laid for twelve.

Marguerite Judd, a popular member of the Sorosis house squad will leave Thursday for Salt Lake.

Miss Zina Haight of Oakley, Idaho, is leaving school this quarter. She will attend the Albion Normal.

Miss Madge Hansen was the dinner guest at the Beta house Sunday.

Miss Gladys Holt and Mattie Cowan will spend next week in Salt Lake.

Miss Charlotte and Zina Kunz were guests at the Beta house Sunday.

The Alpha Gamma Phi announce the pledging of Karl Chamberlain of Provo and James W. Trask of Denver, Colorado.

The Alpha Gamma Phi fraternity will give its opening party Friday night on the fourth at the Wigwam at 7:30. Dinner will be served, covers being laid for forty-six members and guests. The remainder of the evening will be spent in dancing. Music is to be furnished by the Weaver orchestra.

Wilford E. Perry and John J. Etter were given their final initiation at the Omicron chapter house last week.

Elsie Peterson, Agnes Stevens, Mendenhall and Almira Bagley spent the week end in Franklin.

Earl Sutherland was a dinner guest at the Sig house Tuesday.

Victor Linblad was entertained by the Phi Kaps Friday night.

Elma and Erna Benson and Ethel Merrill were guests at a slumber party at the Theta house Saturday night.

George D. Casto was a guest of the Epsilons Sunday.

Erving Jensen, '18, appopular Phi Kap is a guest at the chapter house this week.

Alpha Delta Epsilon entertained at a dancing party at Hotel Eccles Tuesday night in honor of their members who are leaving school this term.

SIDE-LIGHTS ON THE DOINGS OF SOME OF THE GRADUATES AND THE DIFFERENT FIELDS IN WHICH THEY ARE WORKING SINCE LEAVING THEIR ALMA MATER

20. AMY LYMAN MERRILL, '13

Supt. U. A. C. Practice House
Amy Lyman came to the U. A. C. for the first time in 1912 after having her high school and college work at the Ithaca N. Y. High School the University of Utah, the University of Chicago, and Columbia University. She therefore graduated after being in residence here only one year.

One of the important and outstanding things Miss Lyman did as an A. C. student was to join with a group of girls living at the old Sigma Theta "Beaneys" and help organize the Sigma Theta Phi Sorority.

Immediately after graduating she was appointed Home Demonstrator in Sanpete County, the first in Utah and one of the first in the United States. Accepting the hand of M. C. Merrill she was married in 1914 and spent the next year in St. Louis with her husband. During the war Mrs. Merrill was again appointed Home Demonstrator for two months, this time in San Juan County. Appointed to her present position in the spring of 1919 she spent that summer at the Practice House of Columbia University and also visited most of the Practice Houses in the United States.

With her duties with the Practice House girls and her work on the Student Affairs Committee, the Attendance and Scholarship Committee and her motherly responsibility for her little adopted daughter Betty Jane, now one and one-half years old, Mrs. Merrill is an exceedingly busy Alumnus.

21. STANFORD MADSEN, '16
Farmer, Mantle, Utah.

Believing that it is good development for students to engage in athletics and student activities, Stanford practised what he preached while in college.

Members who are leaving school this term. Delroy Gardner, Charles Carter, and Lawrence Jones were the committee in charge.

Sigma Alpha entertained the Montana debaters at dinner Monday night.

"Bill" and Ethel Merrill were dinner guests at the Theta house Sunday.

Pots Hellenic, a new organization on the campus, spent the holiday Tuesday hiking up Logan canyon. Seventeen enjoyed the hike.

Mary Buchanan of Salt Lake, Ned Foutz, Ogden and Roma Larsen, Preston were week end guests at the Theta house.

Vernal Willie was a dinner guest at the Sig house Sunday.

Aaron Christensen, Sigma Alpha alumnus and the first member from Sanpete was entertained at the chapter house Tuesday.

Thetas entertained Louise and Ada Whitaker and Margaret Benson at dinner Wednesday.

Sigma Theta Phi held final initiations Friday Feb. 18 for Agnes Stevens and Pat Chamberlain of Ogden, Louis Cherry, Mt. Pleasant, Thelma Peterson, Portland, Oregon, Lois Mendenhall, Springfield and LaRue Madsen, Logan.

Thrus some mistake the following society notes did not appear in last issue.

Erwin Crandall and Victor Larsen two popular Phi Kaps of last year were guests at the chapter house Monday and Tuesday.

Sigma Theta Phi entertained at a dinner party at Hotel Eccles Tuesday afternoon. Covers were laid for twenty-five. Crystal bowls with red, white and blue flowers formed the centerpiece. A theatre party followed.

Henry Steward was a dinner guest at the Sig house Wednesday night.

Russell Kelly has moved to the Phi Zeta house to occupy Harold Peterson's place.

Art Caine, a Phi Kappa Iota alumnus was a guest at the chapter house Wednesday.

Sigma Alpha entertained informally at the chapter house Tuesday night. Music and dancing afforded

here and was active in track work for three years, becoming Captain of the Track Team in 1916. His major was in Irrigation and Drainage and he took a prominent part in the Agricultural Engineering Society. Fraternally, Madsen became a Phi Zeta Pi. To his class his Alma Mater is indebted for the splendid fountain in front of the Main Building.

On October 2, 1918 he married Grace Anderson. They call their little Aggie, Barbara.

22. E. R. PRICE, '14
County Agricultural Agent, Heber, Utah.

Attracted to the Camp of Beatrice, he and she were married the year following his graduation. Today there is a Robert Glen Price who is assisting his daddy as general Assistant County Agent, and hence E. R.'s success is assured.

In addition to the requirements for his scholastic work in Agriculture E. R. found time to play football one year and basketball two years. The Ag. Club also received the benefit of his enthusiasm.

After graduating, he taught the high school boys the principles and practices of agricultural science until 1917 since which time he has been a live-wire county agent of Wasatch County.

23. HOWARD A. CHRISTIANSEN
Manager, Richfield Furniture Co.

Howard in his chosen profession is now putting into practical use the splendid training he obtained in the A. C. School of Commerce. While at College he lived the life of the all-round student and took an active part in the work of Student Life and the Booster, the Commercial Club, being Vice President of the same one

year. His big interest now is to enrich the western country via the commercial fertilizer route. Here again his commercial training comes in handy.

At College he took an active interest in the Commercial Club, becoming President of the same one year. He was also a jolly performer in that famous old Dutch Band of those days. Fraternally, Grover became a Phi Kappa Iota.

His big interest now is to enrich the western country via the commercial fertilizer route. Here again his commercial training comes in handy.

Bill—I had my nose broken in three places last summer.

Bill—But why do you persist in going to those places?—Tiger.

Bee—I am invited out to a party and my watch isn't going.

Voe—Why, wasn't it invited?—Virginia Reel.

Do you know this song, "Nobody knows how dry I am?"

Sure. That's the bottle song of the republic.—Siren.

Helpful Hints to He and She Who Expect to Attend the Junior Prom

FOR MEN ONLY

1. If you haven't a date by 7:30 Monday night call up your lady friend, she will be expecting it and will have plenty of time to dress before 9 p. m.

2. If you have a dress suit and have sent your white front to the laundry choose your best flowered shirt, it will look attractive under a white vest.

3. If your white bow is soiled a bright four-in-hand will hang well down a stiff front.

4. If you don't care to buy a winged collar for the occasion a soft one of most any kind will do provided it's white.

5. If you can't locate any pumps or patent leather button shoes try blacking your army shoes, no one will notice them at the dance.

6. If you haven't been used to wearing black socks a bright red or green pair would not be out of taste.

7. If you have a full dress coat and have misplaced your waistcoat a light brown with red and green stripes or a dark street vest of most any kind will be permissible.

8. If you have no white gloves a cheap pair of cloth gloves can be purchased for a small sum. Those with red or brown tops are preferable.

9. Medals, pins, chains or decorations of any kind showed be worn on the left lapel of the coat.

FOR WOMEN ONLY

1. Don't commence your dress until 8:30 p. m. You need a quiet sleep until that time.

2. If your dress is not completed you will have time after your escort arrives, he will not mind waiting an hour or so.

3. If you haven't enough hair to make a stunning Marcel wave a small roll of cotton placed under the original hair will give a good effect.

4. If your slippers are brown and you desire them to be white, dip them in a paste composed of one cup of flour, one white of egg, one cup of milk. By adding a cup of sugar the silver effect will be produced.

5. If your slippers are black, then red, green or white and black hose should be worn. Avoid all suggestions as to the contrary of this hint.

6. Be sure to miss supper Monday night. The fast will tend to make your mind clear and give you a better disposition.

7. If your partner has your card and some friend wants a dance give it to him without hesitation it will keep you in good standing with your boy friends.

8. When refreshments are being served go with every fellow that asks you, if you decline to do so it may offend him.

9. Rings, watches, pins, lockets, bracelets, etc., should be worn. They denote past activities.

Any suggestions contrary to the above should be frowned upon and considered as coming from a low-brow source.

R. D. Thatcher Depicts Anti-Social Activities Attorney With Wide Experience Tells of Results of Crime.

Attorney Roy D. Thatcher was the speaker in chapel Monday. His talk was especially interesting due to his wide experience in administering the law. He gave interesting accounts of cases showing types of anti-social activities. He showed the problems that confront the officers of the law in dealing with these cases.

Attorney Thatcher said that only as men work together can achievement be obtained. Throughout the world there are two powers, one which causes cooperation and advancement, the other of retrogression and destruction. Crimes are merely a representation of this destructive force by enforcing the law unless the public agree and in its administration. Because the student will in the future create public opinion he asked them to correct their ideals and to realize that every anti-social act is a direct attack on every individual in the community. "Civilization," said Attorney Thatcher, "has lighted a torch and it is our duty to keep that torch burning. It is our responsibility whether it burns bright or dim." He appealed to all the students to give thought to these matters. "We do not gain much with all our training and accomplishment if we allow anti-social acts to destroy that which is created."

Musical Numbers Features of Assembly

This week's student body meeting was featured by several musical numbers and a review of the basketball games at Provo last Saturday evening.

Members of the A. C. opera company started things off in fine style by singing "Silent Heroes" from "Chimes of Normandy," with Bob Blackner singing the solo. The glee club offered two selections, the first an original and the second "Nine Tailors" with Hugh Harvey singing the solo. Dr. Wanlass, a spectator of last Saturday's game at Provo gave a synopsis of the game but could hardly tell why the Aggies didn't win. He said they came very close, but the ball would some how circle around and down into the hoop and then fly off on a tangent. He intimated that the hoops were a trifle spooky, and perhaps the ball was doped. The boys, he added, put up a wonderful fight. The band then rendered a selection which was followed by an appeal from President Morris Christensen for the students to give their entire support to the team and "clean up" proper on the B. Y. C. Tommy McMillin then adjourned the assembly.

Permits For Training Return in Few Weeks

Many ex-service men who are entitled to receive vocational training have not filed their petition because of the red tape that it requires to go thru before receiving word from the authorities and because of the length of time it takes. In order that the process may be shortened and action taken at once, the committee in charge have been perfecting the system until now returns can be made known within a few weeks. Leo K. Homer has just received a permit for vocational training after having filed his petition only six weeks previous.

The first drill period in the new quarter will be devoted to an inspection by Colonel M. M. Falls from the headquarters of the B. O. T. C. Colonel Falls is coming largely to ascertain the possibility of keeping up the equipment of the College. In order to maintain it there must be an average of fifty cadets registered for each unit. The inspection next Tuesday will largely determine the policy of the government with respect to the school's equipment.

The report of the contest recently completed in rifle shooting among all the colleges and high schools in the Rocky Mountain and Pacific Coast States shows the University of California first with a score of 174 while the score of the local College R. O. T. C. team was 158.

The student body of the University of Nevada has adopted rifle and pistol shooting as one of the minor sports. Any student who qualifies as a marksman and who meets in other qualifications to be decided by the athletic committee and be awarded the circle "N" and granted the privilege of wearing the same.

Ambitious Youths Spend Energy on Perilous Climb

The record hike of the year in distance and strenuousness was made last Sunday when four A. C.'ers made it to the summit of Mt. Logan and back in eleven hours, without skis or snowshoes. Milt Hanson, Buzz Nibley, Clarence Neunswander and Virg Norton were the hikers. The ascent up Little Baudy and other difficult places was made easier by following a well marked elk trail. Quite a large herd of the animals passed them going up side ravine but firearms not being allowed, a shot was taken with the camera. The summit was reached at 4:30 in the afternoon. They report a large depth of snow along the way and about nine feet on the summit.

If anyone else takes the hike, the first four all recommend milkweed cream and other special antidotes for the sun and snow-burn effects.

Legislation to Provide For New Department at A. C.

One of the most important pieces of legislation affecting the A. C. ever framed in the Utah Legislature is the bill now in the hands of the Governor to permit the teaching of psychology and pedagogy. The bill passed the senate last week and the Governor's signature to the measure is expected. The passing of the bill will undoubtedly lead to a new department in the school devoted to pedagogy and the general preparation of teachers for public and high school teaching. Training in practically every college subject will then be available at the A. C. while the general subject of pedagogy will be taught special emphasis will probably be laid on the subjects of agriculture, mechanic arts and home economics. A major in pedagogy will be given in this line.

The creating of the department will do away with the system of exchanging professors with the University of Utah, capable of preparing students for teaching work. Under the act the University will also be permitted to give a certain amount of work in home economics. With the almost certain creation of the new department, heads of the school are looking over the colleges of the nation for a possible department head, who can be brought to the A. C.

Parking System Working Effectively

The state-wide campaign to add to the attractiveness of Utah by encouraging the laying out of beautiful grounds for public buildings and homes and helping in the planning of city parking systems and public parks started last year by the Utah Agricultural College is proceeding rapidly under the direction of Mr. Emil Hansen, landscape gardening expert of the College. Already this year Mr. Hansen has outlined many new projects and at present he is visiting different sections of the state where his services have been requested.

A New Mark Twain Paramount- Artcraft Picture "Huckleberry Finn"

Presented by Jesse L. Lasky
As real, as fresh, as appealingly human today as when Mark Twain—his eyes a-twinkle—called them from his heart and wrote them down forever in the world's greatest romance of youth.

Freckle-faced Huck Finn; Tom Sawyer, with his marvelous plan; "Fags" Finn and his jug of rum; those sassy old rascals, the "King" and the "Duke"; Black Jim and sweet-faced Mary Jane.

Now, in this irresistible photoplay, they live before your very eyes—with all their charm, their escapades, their lovable, laughable ways.

A tale of other days on the Mississippi—Fishing with a hundred immortal adventures—Mellowed with such laughter—Softened by a few tears.

A Picture as Great as the Story

LOGAN HIGH SCHOOL

Friday, March 4th

Shows Start at 7 and 9 o'clock
Come Early and Avoid the Rush

Sport Notes

Alfred W. Anderson, formerly of the East Side High School, has entered the A. C. Alfred was a star lineman on the Leopards eleven and through his excellent playing was given a place on the all-state team for 1919.

Tomorrow night the Aggie basketball quint will finish its season when it tangles with the B. Y. C. team on the "Y" floor. Every student should be on hand to help the team win. It is a hard job to win in the B. Y. gymnasium.

After being four points ahead and only two minutes left to play the Aggies were forced to lose to the B. Y. U. in Provo last Saturday night. Swenson of the B. Y. team threw three baskets from difficult angles during the last minute and a half of play and this gave the Provo team the long end of a 30-28 score.

Percy Hanson played a very strong game for a sick man. "P" had been suffering from a sore throat all week but when he got into the game he gave them all he had and when the final whistle blew Percy could not stand on his feet.

In the last half of the B. Y. U. game the Aggies played the best ball that they have shown during the year.

Some mathematician scratched his head and said that the U. A. C. lost the state championship by a margin of only five points. This is true when you figure that two points would have won the game from the U. of U. in Salt Lake and that three points would have won from the B. Y. U. in Provo last Saturday.

The first call for track and baseball candidates will be for Monday, March 7. The meeting will be held in Coach Romney's office in the gym.

The cross country run will be held April 7. The course that was used last year will be used again this spring. Remember that the competition will be individual, inter-class and interfraternal. Manager Hansen is busy getting the prizes for the runners.

A squad of several men are busy getting Adams field in shape for spring athletics. Dozens of loads of cinders have been hauled on the track and the runners should have a better course this year than they have been used to for the past few seasons.

Clarence Neunswander and Virgil Norton have started training for the quarter mile and they both look like they will make good.

"Chick" Hart is expected to duplicate his excellent track work of last year again this spring.

Some of the sprinters that have been seen in action at Adams field are Ballif, Falck, Hanson, Neunswander, Norton, Taylor, Belnap, and Dorius. Among the jumpers that have been limbering up are Croft, Bowman and Ivins.

"Whisky" Anderson will likely be out again this spring to take care of the pole vault.

Morgan McKay, Clyde Worley, Milt Hanson, and "Fat" Andrus are all ready to commence working with the weights.

Baseball prospects are very bright this year. Many of the likely candidates have put in some time playing ball in some of the leagues in Utah. Among these men are Nelson, Marlock, Andrus, Ivins, Belnap, Milt Hanson, P. Hanson, Ballif, Belnap, Dorius, Bowen, Erickson, Anderson, McMillin and Falck.

It has been definitely announced that there will be some spring football this year. Because of so many early season games next year spring practice is quite necessary.

WOMEN'S VARSITY AT U. OF N.

The University of Nevada boasts a strong women's varsity basketball team. The squad composed of eight women with Coach Catherine Summers has been touring the coast, defeating co-ed teams in California and Oregon.

A tank of fishes placed in the cafeteria where they could be fed by the students after each meal would be a highly desirable thing. It would develop a fish-ery and be highly e-Kahn-omic.
