Official Organ of Students To Be Changed in Make-up

STUDENT LIFE TO APPEAR ON STANDARD PRINT—TO
CHANGE FROM SIX TO SEVEN COLUMNS—
REFORMATION CONSIDERED WISE.

At the Student Life Staff meeting Wednesday, it was decided to add more columns to the sheet and change the grade of paper used. Wilford D. Porter, editor of the publication presented the proposed change before the members of the staff who were highly in favor of adopting Mr. Porter's suggestions. Heretofore, Student Life has been made up of six columns and printed on cheap Royal book paper. As the large publications are getting away from the amateurish forms of journalism and adopting those of the city newspaper, it was thought wise to have Student Life printed on the same standard print.

Years past Student Life appeared the form of a monthly magazine, and a high grade of book paper, when the magazine was replaced by a weekly sheet the book paper was used. Since then several changes have been made in the use of paper used always leaning toward the more common grade. Some may have the idea that the change of the standard print will lessen the appearance of Student Life, it may do in their opinion, but which paper has had its day for large publications. This statement is evidenced by the number of exchanges that come to the office.

With the change from six to seven columns comes the problem of finding sufficient material of a worthy nature to fill them. This problem is easily solved by the creation of the Intercollegiate News Service which is in working order at the present time. The seven columns afford an opening for such news, causing a closer relationship between the colleges and universities of the western states. Another reason for more advertising can be added which will offset the additional cost of printing. According to conservative figures received from the publishing company, Student Life, on the new plan, can be issued cheaper than it is at the present time.

The additional eight inches will furnish a space for an occasional feature story, a luxury that has been refrained from due to lack of space. The first issue of the new sheet-up will probably be on March 10.

10,000 Spectators See Stanford Defeat U. of C.

(By Western Intercollegiate News Service)

STANFORD UNIVERSITY, March 10.—Probably the largest crowd ever witnessed a basketball game on the Pacific coast saw Stanford win its three-game series with University of California last night. The 10,000 spectators who gathered at the game in the West were increasing in public interest. The game was held for the construction of a new stadium pavilion which will be dedicated for the next season.

CHICAGO POET MAY COME AS SPECIAL LYCEUM NUMBER

Carl Sandburg, of Chicago, writer of the "new verse," will appear as a special number on the U. A. C. Lyceum next Thursday. He plans now under way to materialize. Mr. Sandburg is appearing in Salt Lake on Wednesday under the auspices of the University Extension division. The excellence of the entertainment he affords has made Mr. Coburn and the other members of the A. C. Lyceum committee strive to get him here.

B. Roland Lewis in his class contemporary poetry at the University of Utah recently said if you want to feel the whole man, vital pulse of America; you want to hear the song of the very day in which you live, you give ear to the poetry of our greatest contemporary poets. Carl Sandburg is the man. Mr. Sandburg reads his own poetry. If he can be induced to appear here student cards will be good. The place will be announced later.

(By Pacific Intercollegiate News Service)
UNIVERSITY OF NEVADA, March 10.—The University of Nevada, unit of R. O. T. C. made twelfth place in the rifle shot held by all units in the Ninth Corps Area a short time ago. California placed first, with a score of 1760 out of possible 2000 while Nevada made 1527 points.

SCALPING MATCH TO HEAD BILL FOR SPRING

Two Blood-thirsty Tribes to
Hold Pow-wow on Adams
Field Saturday.

Everything is set for tomorrow's clash on the dark hunting ground of Adams field, when some fifty or more bloodthirsty grizzly warriors of the U. A. C. class will fly at one another's scalps. Spring football headlines the bill just now in the minds of Aggie sport followers. From among forty to sixty five men over every night this week, working like demons in rain, mud or slush the coach is wearing a smile of extreme broadness. Spring football has been tried before but the crowd of huskies that have been drawn out in the last week, certainly exceeds any showing ever made in the state for number, pep and enthusiasm. Not a night has passed without a turnout of at least four squads of mud stained men with the idea of grabbing a place on the team next fall.

During the week the men have been given about everything that could be crowded into that space of time. Dick has given the boys a line on receiving, punting, forward passing, blocking and tackling and in fact all of the big points that the prospective champs will have to master. The last few evenings the men have been split into squads and given some real scrimmage under Falk and McDonald. The tackling dummy has received some hard handling during the week.

Saturday Captain Falk's "Utes" and Captain McDonald's "Navajos" are slated for deadly combat. The scalping will begin at 2:30 and the coach has expressed his intention of sending in every man who has been out. Not only will a spring football game be a novelty, but when you deposit your ten coppers at the gate you (Continued on page two)

New Plan Submitted For Future Proms

Doctor Merrill Recommends
Methods Whereby Machinery
May Run Better.

After a rough investigation of the various phases of the Junior Prom, Dr. M. C. Merrill, who had been appointed to look into the situation, submitted the following recommendations.

1. That the old embarrassing and uncertain method of raising funds for the Junior Prom by auctioning booths be abandoned.

2. That inasmuch as the Junior Prom is given in honor of the Seniors that the Senior class be relieved from any responsibility in decorating the hall.

3. That because, while classes may come and classes may go, the faculty hangs on forever, the faculty be relieved from any responsibility in decorating the hall.

4. That the Sophomore class take one end of the hall and the Freshman class the remaining end, and that said classes be responsible for the decorations of the booths or other arrangement they make for their respective portion of the hall.

5. That for the privilege of being allotted this distinction, the Sophomore class and likewise the Freshman class pay \$25.00 each to the Junior Prom Committee of the Junior class for the purpose of helping to defray expenses.

6. That the privilege of being left out of the strenuously competitive game of "Pussy-wants-a-corner, how-much-will-you-bid" the faculty annually assesses itself the sum of \$50.00 to be turned over to the Junior Prom Committee of the Junior class to help defray expenses.

Dr. Merrill claims that the above plan of procedure for future Junior Proms is far superior to the present one and if adopted will take the monkey wrench out of the Junior's machinery.

Headline in daily paper: Two autos Collide on Road Crossing; Three Women Killed; Damage Amounts to But Few Dollars.

DEBATING TEAM CHOSEN TO MEET MICHIGAN

Merrill and Funk Selected to
Uphold Aggie Honors in East
—Will Leave April 20.

Wilford J. Merrill and LeRoy Funk have been selected by the debating council to debate Michigan Agricultural College. They leave about April 20 for East Lansing where the debate will be held. The question for discussion reads, "Resolved that the United States should adopt the Cabinet Parliamentary system of Government, Constitutionally Waived", the affirmative side being upheld by the U. A. C. team. The debate there is held without judges.

The trip to Michigan is a very desirable one and was arranged for as a reward for work done in this activity. This, together with seniority and experience formed the basis of the selection. Both Mr. Funk and Mr. Merrill will deserve the privilege of going to Michigan and the honor of the selection and as representatives of the school should do much to establish permanent debating relations between the East Lansing college and the Utah Agricultural College.

Both men are alumnus of the North Cache High school. They did considerable debating there, Mr. Merrill being on the interclass championship team during his last year. While here Mr. Funk has engaged in two intercollegiate debates, last year with Montana State and this year with the B. Y. U. Mr. Funk has had four intercollegiate debates; University of Wyoming in 1917, B. Y. U. in 1920, Pomona College in 1920 and Montana State College this year. Both men are members of the Aggie Club and as well as debaters are writers of ability, being members of the Quill Club.

Election Prospects Are Being Cited

Merrill, Diehl, Alvord, Fornoff,
Hart Look Good For Chief
Executive Position.

With primary elections scarcely three weeks distant political rumbles are gathering momentum in the halls.

The chief interest is centered as always on the two pivot positions in student body life, president of the student body and editor of the student paper.

The attentive person will hear most often probably the name of Bill Merrill mentioned for president. Bill unquestionably possesses real executive ability and an unlimited amount of pep. He is considered one of the best of college debaters and has also displayed a keen interest in outdoor sports. Bill has shown a large capacity for work and also he will continue to act as secretary to the president, he should be able, with the facilities which he has at his command handle student body work as well.

Other prospects who have been mentioned are Lee Kenner, Chick Hart, Harold Alvord, Steve Diehl and Homer Fornoff.

Kenner is president of the junior class and was also a member of the stock judging team which won second place at the North Western Stock Show. It is not known definitely whether Lee will be back next year or not.

Chick Hart is editor of this year's Banner, and also he has spent his time chiefly in athletics, possesses marked ability as a leader.

Harold Alvord has proved to be an excellent manager of basketball this season, he is not only a live wire but has had considerable executive experience and would make a good president.

Steve Diehl is characterized chiefly by his love of hard work. He is managing the Aggie and with Gardner and Barber has been responsible for the unusual success of the Aggie comic publication.

Homer Fornoff is president of this year's Aggie. (Continued on page two)

Date of Annual Roundup May Change to August

Extension Staff Considers Th
Change Would Be More
Effective in Summer
Month.

The date of the annual roundup at the college may be changed from January to August, if a movement inaugurated at a recent meeting of the entire Extension Staff is carried through.

At this meeting Dr. Evans brought up the matter of holding the roundup during a summer month instead of on the usual winter dates. A motion that the plan be carried out the coming August was made and carried with unanimous approval of all the Extension staff and county and home agents. Tentative plans for a six day convention are already under way and a determination to try it at least once has been expressed by various members of the Extension staff. Whether the January Roundup will be entirely done away with has not yet been decided. In the event that it could be held early in August it would leave the school free to specialize more on project work at the January gathering. Instructions in agricultural club work and home demonstrating could be more effectively distributed. So there is the probability of carrying through both conventions, giving a more specialized purpose to each.

It is felt that perhaps more benefit to the farmers and housewives would follow a change in the date. During the summer the boys and girls are out of school and could therefore take care of the farm and household while the parents took a week's recreation and instruction at the college. Its entire campus and laboratories would be at their disposal during the absence of the students, and speakers from the various departments would be more free to give their lectures and demonstrations to the visitors.

It is pointed out that in the summer the farmer could travel to the roundup in his automobile, getting a chance to observe crops in counties along the way and when he arrived he could be shown the experimental Station under actual growing conditions. This would add more interest and practical worth to his visit than to be shown only the results obtained by the college and government experts, as at present. At the time of the winter Roundup, roads are usually unsuitable for the auto and visitors lose the enjoyment of making the trip at their leisure through surrounding counties.

In the last few years most of the counties have conducted organized trips both for observation and as a holiday for the farmers and Extension department workers aim to merge these summer excursions into a final conclusion at the A. C. if present plans are carried out.

Frosh Play to Emerge February 25

"Miss Hobbs" is being rehearsed nightly by an enthusiastic cast of Freshmen. The play is an interesting little comedy which offers an opportunity for the players to show off all the versatility and cleverness they possess. It is full of humorous situations and refreshing dialogue and bears out the reputation of Jerome K. Jerome which puts him in the class of playwrights who delight the public. Everything now looks very promising, and it is certain that the play will emerge March 25. It is to be staged in the auditorium of the Logan high school.

With mother nature smiling kindly upon Logan during the past week spring sports began to seethe at the U. A. C. A call for track, baseball and spring football candidates was issued last week and about ninety men responded.

The annual cross country run has been postponed for April the 7th with such men as Hart; last years winner, Christensen, Barker, Richardson, Griffin and Martini entered a great race should be the result. Track Manager E. R. Hansen has secured about forty prizes from the town merchants. These prizes vary from silk shirts to woolen sweaters.

Immediately following the cross country, the class track meet will be held. For the three high point men a gold, silver and bronze medal will be given by the Cardon Jewelry Co.

Two dual meets, one with the "U" and one with the B. Y. U. and a meet with the O. A. C. as well as the state meet should make for a big season in Aggie track.

In May a track team composed of the Aggie point winners will be sent to Denver to compete in the Rocky Mountain Conference meet. This will be the first time for years that the Aggies have entered a team in the Conference competition.

The sprints which have been the Aggie weak point in past years will be taken well care of this spring. Louis Ballif, winner 1918 state meet, Perce Hanson, Iorpus, Falk, Neuschwander, Norton and Belpap are the ten second men in the Aggie camp.

In the 440, Nagle, J. Croft, Owen, Chick, Neuschwander, Norton, Hansen, Croft and Belpap have signified their intentions of running. Croft is a brother of the second place winner in the 440 dash and winner of the 120 yard hurdles of the past year, and is rated a greater runner than his brother.

Chick Hart, Bryan, Richardson, Barker and Christensen are the Aggie distance men and all are capable of doing the mile under five minutes. Chick is showing better form than when he won the half mile in the state meet last spring and should set a new record in that event this spring.

With the Andrus brothers, Whiskey Anderson, Hansen, Ellis, Bowman, "Butch" Knowles, Judd and Worey taking care of the end events, the Aggie score should not suffer because of lack of talent. These are all old men and can be depended upon for points.

Baseball also came into the limelight during the past week. Andrus, Ivins, Croft and Hansen, the aspirants for the heaving boys are limbering up daily and showing world's of class for so early in the season.

The first baseball games will be the class series held during the first of April. From the showing made during the class scramble the variety will be picked.

Tennis also has come in to its (Continued on Page Two).

Nevada to Debate Brigham Young U.

(By Pacific Intercollegiate News Service)

UNIVERSITY OF NEVADA, Reno March 15.—Nevada's first intercollegiate debate will be held here March 18 when Brigham Young University will meet the Nevada team to decide the question: "Resolved that Congress should pass a law prohibiting strikes in public utilities." Harrison and Westervelt will argue for Nevada.

CLASS MANAGERS TO MEET

All class athletic managers are requested to meet in Coach Romney's office in the gymnasium at 3:45 Monday. If the classes have not appointed managers then the class presidents should be at the meeting.

THE NEWS SERVICE IS BORN

The Western Intercollegiate News Service was born at the University of Utah Saturday morning, when the first letters were sent out from that institution. Appearing in this issue are several of the "gem" of news" giving an idea of the type of information with which the service deals.

Relations between the various institutions of the west have rather primitive, rather on the unusual order, but with the institution of the news service this frontier-like feeling will be broken down and in its place will appear a close connection similar to the connections between cities of the country.

Sociologists tell us that the one great factor in the method used for socialization is communication. The service will create and strengthen social relations between the halls of learning.

The first letters left the Utah Agricultural College this morning.

RADICAL CHANGES

Every year since Student Life commenced to exist marked changes have been noted, the editor having in mind a greater and more journalistic publication. The marked change this year will be the addition of one column per page and the use of Standard Print instead of the English Royal book paper.

"A radical change," some have said. "A degenerate step," others have remarked. Whatever the opinion may be, the editors are thoroughly convinced that the change is a progressive one tending to make a greater Student Life.

GIVE 'EM THE HELLO

At Stanford University everybody says hello to everybody else whether he knows the other person or not. It is a tradition at that institution to greet the fellow student with a kind word, full of life and vigor, a word that is used so much but yet could be used a great many more times than it is now. It's mere utterance when the day is gloomy, and the jaw has an inclination to sag, brings a feeling of gladness to the oppressed. Try this on the next person you meet. It matters not whether you have seen his face before, he is a co-seeker and merits the easy expression HELLO.

SCALPING MATCH
TO HEAD BILL
FOR SPRING

(Continued from page one)
can bank on one of the best after-noon fun so far. From the in-terest shown on record by the down-town sport supporters, the college rah-rah, artists will have plenty of support in the bleachers. This is a good chance for the students to boost Aggie sports and any one who has been down to the field this week will agree that the boys deserve credit.

The following are the "Ute" braves who will strive for the vanguard bell Saturday: Hansen, Bachman, Anderson, Stegfield, Hendricks, Evans, Nichols, Harris, Taylor, Wood, J. Anderson, Owens, Coles, Woodley, Conroy, Westcott, Currey and Rice. Tonight the two clans will meet in separate council to arrange signals for the affray on the morrow. Those who will wear the Navajo war feathers are: Croft, Ivins, Bingham, Ritter, Richardson, Hyde, Haldeman, Smith, Linford, Peterson, Norton, Cannon, Dawson, Bentley, Bryan, Stanner, Cowan, Nuenschwander, Beland, Williams, Adams, Ellison, and Kilburn. Pat Worley will referee the fracas.

Physics Class Marvels
at Work of X-Ray

On Saturday March 12 Prof. West's Physics classes attended an X-ray demonstration at the Utah-Idaho Hospital, which is equipped with one of the best X-ray outfits in the country. Prof. West explained the mechanism of the apparatus and Dr. E. S. Budge of the hospital explained its operation. He brought in a patient who evidently had one or two broken ribs and an actual photograph was taken. The plate was then developed and members of the class were able to see what fractured ribs look like on an X-ray photographic plate. One of the girls then stood between the bulb and the screen and other members of the class were able to watch the movements of the ribs as she breathed or

see her heart beat. Then the bulb was raised so that her head appeared on the screen and they were able to count her teeth or see what the hair pins in a girl's hair looks like when the hair is invisible. Dr. Budge then explained briefly how the various parts of the body can be studied, and how abnormal conditions can be detected, by means of X-ray photographs.

K. K. K. STAGE
ST. PATRICK'S BALL

Despite the fact that the party came in the middle of the week, that there was another dance, and that the American Legion staged its show the same night, the members of K. K. K., the College Commercial Club put on their eleventh annual ball in the Thomas Smart gym last night with all the éclat of other years.

One hundred and fifty couples enjoyed the spirit of the last big party of the year in the pleasantly transformed gym. The ceiling was of green lattice work, set off by suspended ferns. Around the sides of the gym were arches of green, and white filled with potted plants. Programs and refreshments also showed the green of St. Patrick.

Patrons of the ball were: Mayor William Howell of Logan, Dr. William L. Wanless, Professor P. E. Peterson, Professor Wilbur Thain, Mr. George W. Shidmore and Mr. E. Tatt Benson and partners.

Douglas Smith, President of the Club and general chairman of the ball was aided in making it a success by Milton Hansen, Louis Ballif, Waldo Anderson and Lamar Peterson, in charge of decorations; Kiefer B. Sauls, Lawrence Carter and Claude Adams, in charge of refreshments, and Bill Bell and Dave Daley in charge of publicity.

That's What Makes 'em Afraid

There is no reason why people should not take more to flying because when they are in the air their fears are groundless.

CLUB MEETINGS OF
THE PAST WEEK

Rifle Club
The Rifle Club is keeping the targets warm in the gallery. Last Friday a competitive match was held with the Logan Gun Club. The final score was 976 to 961 in favor of the College squad. Floyd Larsen, E. H. Eastman, F. F. McKinnon, Arthur Tanner, Charles Linford and Ival Christensen represented the rifle club for the U. A. C. McKinnon made the highest score of 170. With about fifty observers the contest was characterized by the most keen interest from start to finish. At no time, until the end, was it known just which way the contest was going. Fred Blatter from the Logan Gun Club made the remarkable score of 179 out of a possible 200, but this was overbalanced with the consistent shooting of the Aggie sharpshooters.

Today a contest will be held between the J. R. Winchester Rifle Club of Logan and the second team from the College Rifle Club. The old agronomy laboratory will be used as before.

The club met yesterday and decided to construct an outdoor range for the twenty-two rifle. This will probably be located near the old win break.

A week from Friday a contest will be held with the best team of Logan, so the interest is keen for the making of places on the shooting squad.

Quill Club

The Quill Club met in regular session Tuesday evening at the Epistolary fraternity house. Delroy Gardner had charge of the meeting. Wilford Porter gave a report of his investigations concerning National Literary Societies and the possibilities of the U. A. C. Quill Club, the best of these articles to be read at club meetings. "The chances are good," said Mr. Porter. A story of a shepherd and his dog, their love and devotion to each other and the final death of the dog, was the theme of a paper entitled "Jim's Gold," submitted by Sidney Nebeker.

Miss Kaye, honorary member, talked to the club. She told how her newspaper work started and the interest she takes in the writing game. She said that she has a strong feeling that one can succeed if they will stick to their work. At her suggestion a plan was worked out whereby each member of the club will write one article every month, the best of these articles to be read at club meetings.

Miss Geneva Ensign submitted a paper entitled "The Tomboy." Karl Hinman trusted his chances on a personal essay "The Screened Porch."

At the next meeting at which Miss Kaye will be hostess, papers already submitted by Laid Vernon and Rylt Spande will be read. Professor Rylt Spande will be read. Professor Rylt Spande will be read. Professor Rylt Spande will be read.

Those present were Misses Kaye, Robinson, Delroy Gardner, W. J. Merrill, Vernal Willis, E. H. Han-son, Wilford Porter and Lettie Fank. The Misses Vernon and Spande were guests of the club.

Cosmopolitan Club

The Cosmopolitan Club met at the Commercial Club rooms on Monday evening. Mr. Yao was the speaker for the evening. His subject was that of "China," his native land and was treated in a very interesting and instructive manner. He stated that the Chinese thought a great deal of the Americans and that the relations between the two countries were very cordial. In the Chinese schools, the children are taught all of the best things that America has to offer from her history, her literature, etc., while in America that is not true, in regard to China. The education of America has been such that we think of the Chinese as a nation of opium fends, bandits, laundries, chop and say vendors.

Mr. Yao stated that the picture shows were mostly responsible for this and that their scenes of China and the Chinese people were certainly misleading. The Chinese in America today, came from only four cities in southern China and that it was unfair to judge the whole nation by four small cities. As to chop suey he laughed and said he didn't know what it was until he came to America. In conclusion, he stated that the Chinese were a very industrious and economical people.

Bolshevik Romance

The Bolshevik Romance took shelter from the rain last Sunday at the George G. Rich Casino with his

girls as hostess. As a preliminary to the afternoon's study, forty verses from Horatius at the Bridge were quoted. Valinda Worley rendered the "Dietrae" with a show of true feeling. Aldyth Vernon, Lettie Rich, Clyde Worley and Morris Christensen were reinstated as members.

Science Club

At the meeting of the College Science Club last Tuesday Dr. Frank L. West spoke on "Science and Religion." He showed that though at times there has seemed to be antagonism between these two fields, yet a fairer understanding has shown that instead of contradicting each other they really support and aid each other in constructive good work.

Tennis Club

A meeting of the Tennis Club was held Friday at 1 o'clock in room 280. Twenty-five tennis enthusiasts were present. W. J. Merrill acted as chairman, and problems confronting the club were discussed. Tournaments to increase the interest in tennis to take place as soon as the weather permits were advocated.

The following officers were elected: President W. J. Merrill; Vice-President Jennie Reese; Secretary-Treasurer, Glen Loveless. A club fee of one dollar will admit any one interested in tennis into the club.

Benedict Meeting

Last Wednesday the Benedicts Club met to discuss the various business affairs of the organization. The question of funds for the purpose of putting the club's pictures in the Buzzer was considered. Plans were made for a party to be given in the near future.

BULLETIN BOARD

The Booklover's will meet this evening at 7:30 o'clock at the home of Miss Sarah Huntsman, west Center street with Miss Cecelia Kaye and Miss Sybil Progger as hostess. The poetry of Alfred Noyes and Edgar Lee Masters will be read and discussed by Sidney Nebeker and Lettie Rich.

LAST CHANCE

Today and tomorrow students may see the photographer about their pictures for the last time. After Saturday all proofs will be destroyed and no more accepted. Students who have neglected to see proofs to the photographer should do so by Saturday. It's your last chance.

Don't Miss It.

You can't afford to miss it. Miss what? Professor Fletcher at the famous English Lord "Woodyrich," in the "Penman" at the High School tomorrow evening, March 19. Seats on sale at the Men's Shop. Adv.

ELECTION PROSPECTS
ARE BEING CITED

(Continued from page one)
years Sophomore Class. He appears to be very well liked and has considerable executive ability.

There are a number of excellent prospects for Editor of Student Life. Vernal Willis a contributor to the paper for the last two years has the qualifications of a good editor and is favorably spoken of among the students.

King Hendricks, now assistant editor of Student Life, is also a good prospect.

It is probable that Wilford Porter will return and should be willing to accept the position again would undoubtedly repeat his excellent work of this year.

It is expected that many new prospects will be brot to light within the next two weeks and that for the next month political activities will become the favorite indoor sport.

(By Western Intercollegiate News Service)

UNIVERSITY OF UTAH, March 17.—At the request of the editors of the following publications, Dr. George Emory Fellows, head of the department of history at the University of Utah, has written an article depicting Utah's development economically, politically, and educationally during the last ten years.

"The article with its statistical tables will show," said Dr. Fellows, "that beyond the question of a doubt, Utah has passed more advanced educational legislation during the past ten years than any other state in the country."

Wendell Thompson spent the week in Salt Lake.

Gladys Jones visited her parents in Salt Lake last week.

Zina Haight has left school and is her home in Oakley, Idaho.

Agnes Lindsay spent last week end in Provo and Salt Lake.

Gladys Holt spent the week end visiting her parents in Spanish Fork.

Maud Price has discontinued school and returned to her home in Provo.

Alvin Hintze has discontinued school and gone on the road for the sales mills.

George Spencer and Robert Caman visited their parents in Salt Lake last week.

Bill Bowen has left school and is his home in Ogden preparing to move for Nevada.

Norma Hussey has returned to school after a few weeks absence due to a serious operation.

Geneva Hatch, Carol Hansen and Mary Hatch spent last week at their homes in Wood Cross.

Almina Bagley, Lois Mendenhall, Betty Chamberlain and Agnes Stevens spent the week end in Ogden.

Harold Mitchell, otherwise Desmond, has discontinued school and is in search of the almighty dollar.

Clay Adams, Ray Dawson and Ed. Olson have taken up quarters in the Alpha house for the remainder of the term.

Elvin Virgil Norton, Clarence Alvin Neuenchwander, Warren Dinty Scott and Willard Milton Hansen set down to Salt Lake to purchase new spring collars and socks.

Alf Cherry and Ches Seeley entertained the Sigs at a supper at the Sante last week during the illness of their cook. Carrots were the main feature.

Society

King Hendricks was the honored guest at a dinner party given Sunday by Audene Merrill at her home in Richmond. A basket of red and white roses formed the centerpiece. Louise and Ada Whitaker, Evelyn Palmer, Irene Thorley, Beth Tullis and Claudia Funk were guests.

Sigma Theta Phi entertained the B. Y. U. debaters at dinner Friday night. Gladys Loyd, a member of the team spent the week end at the chapter house.

Prof. C. D. Steiner was a dinner guest at the Sigma Alpha house Tuesday night.

Irao and Banchie Budge were hosts at an informal home evening at the Practice house Wednesday night. Mrs. M. C. Merrill read a one-act play, Miss Margaret Worley sang several selections and Elma Cowley gave a reading. Light refreshments were served. Mrs. Joseph Odell, Mrs. William Worley, Miss Hattie Smith, Miss Johanna Moen, Mrs. O. H. Budge, Florence Odell, Margaret Worley, Florence Carlisle, Grace Wood, Margaret Budge, Clara Partridge, Almina Bagley, Maria Anderson, Cleo Budge, Eva Borkman, Alice Pedersen and Rachel Bankhead enjoyed the affair.

Osmond Jorgenson and Stanton Belnap were dinner guests at the Sorosis house Sunday.

Betas entertained at a theatre party Wednesday night.

Elma Cowley entertained at dinner Sunday for Winona Cherry and Reva Lewis.

Mr. Elvin Lushman of Ogden was a week end guest at the Pi Zeta Phi chapter house.

Letty Rich entertained members of the Latin Club at dinner Sunday.

The Sig Alpha house mother entertained at dinner last night for the men living at the house. Special guests were Irishmen "Dinty" Westcott and "Shanty" Conroy. Three Irish cakes graced the table while shamrocks formed the centerpiece. Seventeen green shirted Sig Alphas sat at the table.

A WHAT?

"23: 'What is a ten sided figure?'"

"24: 'A dead parrot.'"

"23: 'A what?'"

"24: 'I mean a play-gone.'"

AGGIES AGAIN WIN STATE DEBATING CHAMPIONSHIP

Forensics Teams Secure Only Unanimous Decision of Triangular Debate.

As a result of the triangular debates held last Friday night, the Utah Agricultural College debating teams once more brought to Logan the intercollegiate debating championship of the State. Although each negative team won, while each affirmative lost, the Aggie team received the only unanimous decision of the evening, at Salt Lake City, while losing at Logan by a 2 to 1 vote. The Brigham Young University won at Logan, two judges, and one at Provo, making a total of three, while the University won two judges at Provo. This gives the Aggies four judges out of a possible six, B. Y. U. three out of six, and the University two out of six. Last year, also, the Aggies team which went to Provo won the only unanimous decision, while losing by a two to one vote at Logan, giving them the State title for 1920. In previous years, with each school winning one and losing one contest, this has been the method of determining the championship.

In Salt Lake City a very appreciative audience at Barratt hall had the pleasure of listening to one of the best debates ever held between the schools. Both sides were well prepared; both teams were exceptionally strong, and the result was a debate well worthy the name—a real fight from start to finish with the result constantly in doubt until the very last. The work of the University debaters was of a very high order, that of Miss Sessions being especially commendable. The Aggie team, Judd, Hendricks, and Frischknecht, worked like a well-oiled machine, each member coming in for his share in the victory, although the final rebuttal of Hendricks undoubtedly clinched the negative case. They succeeded in showing that there is no need for such a court in Utah, that it would not accomplish the desired purpose, and that it would be an economic burden, and would operate against the great economic law of supply and demand. The chairman of the meeting was Pres. J. A. Wittson, and the judges, Attorney A. M. Cheney, Mr. E. M. Ledyard, and Judge A. E. Morgan.

Logan debating fans were also given a rare treat in the contest with the B. Y. U. Presenting a splendidly prepared case, the Aggies showed that the establishment of a court of industrial relations, patterned after that of Kansas, is a logical step in the development of the processes of law and order, that it would operate equitably for all the parties concerned, and that there is a need for such an agency in Utah because of the lining up of factions

DOUGLAS SMITH

THE TEAM THAT MET MONTANA STATE COLLEGE. QUESTION: RESOLVED, THAT C. S. SHOULD AMEND THE CHINESE EXCLUSION ACT TO INCLUDE JAPANESE. DECISION UNANIMOUS FOR AGGIES.

W. J. MERRILL

preparatory to a mighty struggle.

The affirmative case was very clearly and convincingly presented. As in the University debate, our team composed of Funk, Cornwall and Ranker, was very well balanced. Although Funk was the outstanding man, the work of his colleagues merits the highest praise. The B. Y. U. team, while not nearly so well-balanced, did very good work, especially in points. The chairman of the meeting was City Judge Asa Bullen, and the judges, Attorney H. L. Mulliner, Attorney W. R. Skeen, and Principal C. H. Anderson.

This has been an unusually successful year in forensics at the Agricultural College. In addition to the above debates, they won a unanimous decision from Montana State College, thus winning two by unanimous decisions, and losing the other by a narrow margin on a two to one vote.

Miss Vernon Appointed News Editor

Miss Aldyth Vernon was elected news editor at the meeting of Student Life Staff Wednesday. This position was opened by the creation of the Intercollegiate News Service.

Miss Vernon's duty will be to select the vital news items and send them to the other members of the service in the mountain states. The news sent to the University of Utah will be segregated and the items that may interest the coastal colleges will be sent to the University of California and the University of Redlands.

Miss Vernon has had considerable experience in Journalism which will well fit her for this position.

"All in favor of that motion say 'aye,'" said the old fashioned gentleman as he gazed upon a couple doing a modern dance.—Washington Review.

MANY NEW SHIFTS IN MILITARY DEPT.

Only Two Companies Remain—
Remainder of Work to Be on
Range—Sponsors Are
Interested.

Due to a large number of new recruits continuing school it was necessary at the drill period last Tuesday to reorganize what was formerly three companies into two. Half of "Company A" was turned over to Company B, and the rest of Company A was consolidated with Company C forming a new Company A. Clifford Stevenson will be Captain of the new Company A. Homer Fornoff, John Orme and Justice Stevens will be Lieutenants. Captain Owen will remain in charge of Company B with Gordon Croft, Boyd Larsen and Herschel Bullen for Lieutenants. Amanda Chamberlain and Fern Whiteides will be the Sponsors.

When the two companies were formed an appearance was made that would equal old war veterans. The new formed companies began work by going thru considerable platoon and company drill then Major Harte took the Battalion and some battalion movements were executed in fine order.

Major Harte gave a brief talk congratulating the men on their work and said that next Tuesday the Battalion will be divided into firing squads and most of the military work in the future will be done in target practice on range and in working out real military problems.

The Sponsors Club is showing a great deal of interest in rifle shooting and drilling. They met last Wednesday and made plans for active work. It is to be regretted that Miss Thelma Nunnally and Maude Price have discontinued school, the cadets appreciated very much their services as sponsors.

Major Francis Hayes, Captain Ova Courtneyman, and First Lieutenants Merv Kilpack and Bill Bowman have discontinued school thereby severing relations with the cadet battalion.

TENNIS TOURNAMENT TO BEGIN MONDAY

Prize to Be Given

If the weather permits, the tennis single tournament will begin on Monday afternoon. Mr. Percy Smith, former Aggie, and enthusiastic tennis fan from down-town, has generously offered a racket for the winner of the men's singles. In order to be eligible for competition in the tournament it will be necessary to register with Mr. Merrill in the President's office, and pay the club fee of \$1.00. There will also be a ladies' single tournament, and a prize for the winner will be announced later.

It is hoped that those who are interested will do all they can to make this tournament a success. Those who get started early will have a decided advantage when it comes to picking the school teams.

HARD TO PORTRAY RAD MAN WHO LOOKS GOOD

The hardest of all screen villains to play, according to actors who have undertaken such parts, is the bad man who, the audience is supposed to believe, is good. This sort of part is most expertly handled by Arthur Nelson Millett, in "Drag Harlan," starring William Farnum, according to persons who have seen the picture. Millett is seen in the role of a rancher who champions the cause of a helpless girl under the guise of friendship, when in reality he is one of the most despicable villains imaginable, even in motion pictures.

"Drag Harlan," is the announced attraction at the Lyric Theatre on Monday and Tuesday.

BATTLE BETWEEN TWO GRIZZLY BEARS SHOWS PHOTOGRAPHER'S SKILL

A vicious battle between two grizzly bears is one of the chief features in "The Courage of Marge O'Doone," Vitaphone's special production based on the powerful novel by James Oliver Curwood, which will be shown at the Lyric theatre on Wednesday and Thursday. Special precautions were taken to make the screen play true to the type of the Canadian Northwest.

One bear appears throughout the entire picture as the companion of Marge O'Doone and protects her from harm. It is this bear, Tara, that has the thrilling fight with a wild and vicious grizzly. The two bears were kept separate until the time for the fight, and neither before had seen the other. David Smith, who directed the picture, has made a specialty of animal scenes.

Vera Mortenson who is playing leading role in "LAST PARADISE" to be presented Friday, March 25, Nibley Hall. Admission 50c, 75c, and \$1.00.

GREAT SCANDAL UNEARDED

It is with the deepest regret that the editor of this column is forced to disclose the following news, however painful the disclosure may be; it had to come sooner or later.

Dick Remney, the Aggie Mentor, has been convicted of living a double life, assuming the title of Ira Dern in his second make up. Dick has been known to be "covered" at times but nothing has ever leaked out concerning his wrestling abilities. Here is his picture and the caption which it merits.

HAIR TO THE CLAMP
Here is Ira Dern, Salt Lake's favorite in the match tonight with August Sopp of Colorado. He is one of the prominent claimants for the world's middleweight title.

Small Sum Raised For Student Relief

\$224 have been collected from the students of the U. A. C. for the relief of students of Europe. The American Relief Administration with Herbert Hoover as chairman, instituted a campaign some months ago for the assistance of the students attending European colleges under distressful circumstances. That they might continue their studies and so fill the need in their country for trained men and women to build up the devastated industrial and economic life, large sums of money were needed and the colleges of America were called upon to assist.

The U. A. C. responded by devoting one day and student body meeting Feb. 9 for this purpose. It is interesting to note that \$66 of the amount obtained was given by last fall's football squad out of \$500 fund given it by the Board of Trustees for the purpose of getting awards for the men who won the 1920 state football championship.

The \$224 has been sent to the Relief Administration by Treasurer of the college, J. L. Coburn.

Scholarships Available

Three annual scholarships valued at \$115 each will be available to Juniors or Seniors of the Utah Agricultural College through the generosity of the late Mrs. Johanna Johanson of Logan. The beneficiary may be either male or female under thirty years of age. The basis of award are scholarship, needs and general possibilities of the applicant. These scholarships will be available in March 1922.

Applications must be in the hands of the committee not later than Saturday, March 26, 1921.

JAS. H. LINFORD,
JOHN L. COBURN,
Committee

LOGAN HI WINS STATE HOOP TITLE

Basketball fans from all parts of the state that attended the High School Basketball Tournament were served a real feast consisting of four days straight of hard fought and cleanly played games.

The Deseret Gymnasium was packed with 3,500 routers. The backers of each team were formed into groups and the cheering was as competitive as was the actual playing of the game.

One marked feature of the tournament was the satisfied flavor that it left with every one as they left the gymnasium Saturday night.

The only unjust thing in connection with these splendid games is the selections of all state and all tournament teams. When teams are so evenly matched it is almost impossible to say that one is composed of better players than another. It is the custom to pick such mythical teams, however, and we are sure that the players that got so chosen are well deserving of the honors even though others may have warranted being selected.

The Logan High School went thru the four nights winning four games and not losing a single one. The Logan team was by far the best team when it came to shooting baskets. The four men, Schaub, Nibley, Crowther and Woodside are all able to hit the hoop consistently from any angle on the floor. The team showed that it had been well coached and the offensive work as well as the defense was of a high order. On the defense Gibbons was a tower of strength, only allowing the men that he guarded seven baskets during the entire four games played. They are a clean and hard fighting team and this fact won favorable comment at the games.

Davis County High was represented by a team that played excellent basketball.

East Side won three games and lost one. The lone loss was to the Cache Valley team on the third night by the score of 23-26.

The Boxelder quint was the fourth team to finish all four nights of play. They showed an excellent brand of ball but their playing ran in spurts. The many games, one after the other, seemed to tell on the Brigham lads.

This week end the scrappy Little Logan team will play the Greeley H's team of Colorado for the championship of Utah and Colorado. The Greeley team has a good record this year and the games should be hard fought. We are all anxious to see the Logan boys bring back the bacon and feel sure that they will do so.
