VOLUME XXII. NUMBER 8.
WEDNESDAY, NOVEMBER 14, 1923.

We believe that a policy devoid of factionalism should govern the administration of student body affairs.

We believe that it is the right of the student body to know every procedure of its officers and executive bodies in the exercise of their official duties.

We are pledged to a policy which will give each organization and individual the representation in "Student Life" which it merits.

We believe that the student body will get better service and more efficient officers if the editor of "Student Life," the business manager of "Student Life," the editor of the "Buzzer" and the business manager of the "Buzzer" receive compensation for their services, and we believe that such compensation should be paid from student body funds.

"RINGING THE CHIMES"

It has been the custom in years past for the graduating classes of the College to be the donors of various distinctive gifts to the Institution. In 1914 the Senior class decided that a set of chimes would be an appropriate gift but the cost was prohibitive. They invited the Junior class to cooperate with them and the Juniors decided to do so. The Senior class gave \$700 toward the purchase and the Junior Class gave a promissory note of like amount.

The chimes were purchased during the summer of 1914. Their cost was \$1800. The College paid the difference between the amount furnished by the classes and the price paid. The College also paid for the expense of installing them. They were played during that fall and for some time thereafter, but they haven't been used in recent years for any purpose.

The reason for this is due to the fact that it has been suggested that they fell into disrepute due to the opposition of the Music Department. Others have said that objection was made to them by people living in the vicinity. On the other hand several people both students and business men, think that something should be done with them. If they are not entirely harmonious possibly something could be done to regulate them.

Clear, melodious chimes are a desirable acquisition to any school. Those who have heard chimes in other cities have been impressed with their great value. It seems deplorable that with so much money invested in them at the College that nothing is done either to use or improve them. The subject offers field for investigation.

THE U. A. C. FACULTY WOMEN'S LEAGUE SCHOLARSHIP CUP

The U. A. C. Faculty Women's League is to be commended for their recent decision to give a loving cup to the society maintaining the highest average scholarship throughout the school year. The provision of a cup similar to the Wanless trophy is indeed timely. It is just as important to provide a stimulus for scholarship among the sororities as it is among the fraternities, in fact, the purpose of both of the donors of these awards, namely to give an impetus to group study, is admirable. Much more can be accomplished when there is a definite goal in mind, an all-important something toward which to strive, than when no incentive, no motivating force, is present.

Professor Gardner Becomes Member of U. of Cal. Council

cause a member of the graduate committee in charge of Professor Gardner's thesis for the purpose of obtaining the thesis.

The Graduate Council will send Professor Gardner to his own school, the U. A. C. for his final work on his doctor's degree.

The letter to Professor Gardner requesting him to direct Professor Israelson's thesis work was written by Dean Charles B. Lipman of the Graduate School of the University of California and reads, in part, as follows:

"The subcommittee of the Graduate Council appointed to take charge of guiding Mr. Israelson's work has requested that you be

made a member of the subcommittee. The Graduate Council of the University of California would feel itself honored if you could find it possible to undertake the task of serving as a member of the subcommittee and particularly during the next academic year to supervise and guide the thesis work proper which will be done by Mr. Israelson while in residence at Logan."

DEBATE TRYOUT HELD LAST FRIDAY

Ku Klux Kollege Kommones Klasses

PULVERISO UNIVERSITY KKK-KLAVES ORGANIZED

A special dispatch to "Student Life" from Pulveriso University, Idaho, states that since the purchase of that institution by the Ku Klux Klan there has been something happening every minute on the historic campus. On registration day a new riot was precipitated when the Imperial Klug Klan of the student Komklave requested that a Jew had been "sacred" in one of the main buildings. Order was with difficulty restored when it was finally discovered that the intended victim was not attempting to register, but that he was merely an innocent traveling salesman from the firm of Goldstein and Levy, wholesale dealers in pajamas and night shirts, and that his business at the Kollege was to present his company's bid for a concession to supply the students with the said pajamas. He was released after a solemn warning to hasten after his business by mail in the future. After some discussion the fellow was selected as the official winner.

Lynd 'em Kookoo, lynd 'em!!
Hang 'em high!
Hang 'em up!
Lynd 'em! Hang 'em!
Lynd 'em! Hang 'em!

A bold trip for the collection of laboratory specimens was conducted last week by Klug in Advanced Americanization. Although the excursion was made in the dead of night according to the most approved Klan technique, it is thought that someone must have given the plan away, for while the students reached their destination they found the black belt of the city previously deserted so that only a few old and rheumatic specimens were taken. The professor was very indignant and made it plain that a rigid investigation will be carried on. He warned all present that disaster was likely to overtake students caught discussing school affairs above a whisper.

Unless a few scores are captured soon for experimental purposes the Professor of Advanced Americanization is afraid that some of the weaker appearing freshmen may have to be substituted to avoid the suspension of lab work in this important study.

The Credentials Committee has refused the application of Chief Wild Wolf, a graduate of Carleton, who had applied for admission to the graduate school. The report of the Credentials Committee has revealed the fact that the chief was only 93.95 expressed recent that it was impossible to admit the chief but added, "We do not feel that we can safely depart in the slightest degree from our requirement of 100% Americanism."

The suggestion that a football team be organized was finally vetoed when it was discovered that the game could not be successfully played in the dark, and that the risks forbade the use of brass knuckles and bawling knives. The students insisted that a more manly form of recreation be organized, and the KKK was requested to organize Kat 'O Nine Tails and Tar and Feather teams in the several Klans.

Students Judge Dairy Products at Portland Show

(Continued from page one)

This being the first year that our school has entered a team for judging dairy products, it cannot be expected that we receive high honors, but nevertheless, it is felt that with a year's experience which has acquainted our students with the standards used by the judges, we will rate second to none in future contests.

Following the judging, our representatives were banqueted in the famous Multnomah Hotel and were later taken to various charmingly decorated tables of the city. They also attended the Pacific International Livestock Show, on November 21st.

ALUMNI

JAMES R. BURRACK '03

Mr. Burrack graduated in the School of Commerce and as a side issue, he was a master of Tennis.

Mr. Burrack took part in dramatics while here, playing the role of young Marlow in "The Storms of the Sea." He was a member of the Commercial Club, Library Editor of Student Life, Cadet Captain, and a charter member of Sigma Alpha.

After leaving the U. A. C. Mr. Burrack has been connected with the Machinery and Hardware business. He is now manager of the 36-40-42 Hardware Co. at Fairbanks, Alaska.

Though a graduate of '03 and having lived in extreme north, he still holds claim to the U. A. C. and enjoys "Student Life."

ERNEST PETERSON '10

Mr. Peterson has his B. S. degree with a major in Agronomy. He was active in football as a back, quarterback and represented the U. A. C. against the H. Y. U. in the triennial debate of 1909. He was a dramatic member the following year, was President of his class when a sophomore and a member of the Psi Zeta Psi fraternity.

Since leaving the school, Mr. Peterson has occupied the position of Manager of Pacific Refrigeration Company and is now County Farm Bureau agent at Vernal, Utah.

LOUIS W. HAY '19

Mr. Hay majored in Economics while at the U. A. C. and made himself known through school activities. He participated in intercollegiate debate in '17 and was a member of the freshman team in '18. He also branched out into dramatics, was a member of the Bookworms, Campus and Agave clubs, the Phi Kappa Phi Fraternity, and Sigma Xi national society, and was student body president in 1918-19.

Since his graduation, Mr. Hay has attended a junior school here, was principal of the Wellsville Junior High School and is now Principal of Vernal Academy at Vernal, Utah.

ANSEL E. PALMER '17

Ansel E. Palmer is a graduate from the school of agriculture. While here he won his official "A" as Manager of Dramatics. He also won the Hendricks medal in 1915, was a member of the Compositum Club, As. Club, and Alpha Chi Omega Fraternity. He was on the Executive Committee of 1915-16, and graduated at the close of the year he graduated.

Mr. Palmer is now backing the Compositum Club at Lehigh, Pa. He is assistant superintendent of the Dominion Experimental station.

Aggies To Meet The Wyoming Gridders At Laramie Next Sat.

The Wyoming cowboys are the next opponents of the Big Blue machine. "Dick" George Nelson, Wade Hatch, a faculty representative and the entire football squad will board the train for Laramie tomorrow.

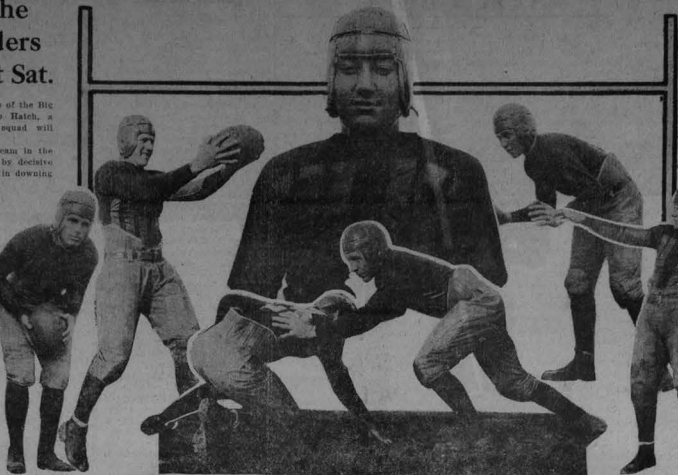

The cowboys are undoubtedly the weakest team in the conference this year, having lost every contest by decisive scores. Our boys should have very little trouble in downing Corbett's machine. However, the Laramie boys are improving rapidly and credit is due them for building up a team upon poor prospects. In time, they will undoubtedly be strong contenders for the conference championship.

After coming out of Monday's combat in a somewhat crippled condition, the team will probably line up differently in the Wyoming game. Providing the Wyoming boys do not prove to be real contestants, the second string men will get a chance to show their stuff, and participate in a conference game.

The team will return home Sunday, ready to resume practice in preparation for the final contest of the year—Aggies vs. the Red Devils—in the final and feature classic of the year.

The following men will board the train for Laramie tomorrow:

Woodside, Love, Layton, Webster, Croft, Gardner, Jeff, Thomas, Anderson, Erickson, Knowles, Ledwitham, Jackson, Cowley, Woolley, Park, Hendricks, Gardner, Clark, Kirk, Mortenson, Ritter, Barker, Thain, Blanchard, and Berrett.

Aggie Gridders

Trounce B. Y. U.

(Continued from page one)
comes on two successive down and kicking goal. His last score and the most thrilling of the day came with the kick-off in the second half, after Croft had scored previously on a recovered fumble. Running with the ball on his fifteen yard line, he raced eighty-five yards through a broken field easily evading the tackle of safety man. Croft had little difficulty in picking up a fumble and showing his heels to the adversary as he deliberately sped for the Farmer

fourth touch down, whereby Thomas added the extra point with a drop kick. Erickson who required Thomas as kept up the latter's good work by scoring the last six points and also the seventh. The Farmers did not answer any points the last quarter, due to the many substitutions Ramsey made, sending in practically a new team.

Up until the substitutions were made the Providence had not made a first down. They did manage to obtain three however: two of them because of passes and the third as a result of a "let" longest gain, an end run by Dixon.

Ramsey showed plainly that he is taking no risk of incurring injuries for the two remaining games by re-

moving his stellar players from the game. "Butch" was relieved quite early in the game, as was practically the entire team during the third quarter. Aside from bruises not a man received an injury and all should be in fine fit for the Wyoming game at Laramie next Saturday.

As for the vainglorious, let us say that they play as close a game as could be expected. But two penalties were chalked up against them and though realizing they were being humbled by a better machine, their sportsmanlike spirit forbade them from playing any other game but a fair one. It must be remembered that as the infants of the conference, they have played one of the hardest schedules ever attempted by a team, holding the crack Utah team to a fifteen to nothing score and the Colorado Aggies to a fourteen-six win.

In "the" Young, "Pitt" Hinceley, and "Buck" Dixon they have three requisite players.
The line up and summary:

Ag. Club Ball To Be Held On Nov. 24

The date of the Annual Ag Club Ball has been set for Saturday, November 24th. This function has always been one of the greatest social events in past years and we are promised that this one will surpass, if possible, all former affairs in this line.

The committee in charge of the Ag Club Ball for this year is headed by George Knowlton, president of the club and has the following additional members in charge of various phases of the work: Decorations, Hobart Bartlett; Advertising, Pratt, Thurner; Floor, Leroy Schack; and Refreshments, Garr Outler.

Tickets are to be had now from Ag Club members and since there is always a big crowd at the Ag Club Ball the following should secure tickets and "date up" to avoid being disappointed.

Guests—May I sit on your right hand?
Hostess—Am I sorry, but I want to eat with U.

TENNIS TOURNAMENT NOW IN FULL SWING

The first round matches in the U. A. C. Fall tennis tournament were completed today. Judging from the entry list, the Aggies will have a strong delegation in the Spring inter-collegiate race to defend their state title. Among the ranks are few letwin men of last year's squad, and numerous younger stars.

Wes. Howell and Carl Hammond, State and Intermountain doubles champions are being looked up to, to lead the "Aggies" next Spring. Moose Rich, who teamed with Bill Merrill holds the four-sometime championship. Rich plays a consistent brand of ball in either the singles or doubles. Weston Vrazo and Ernest Elder are the other letwinners back on the recent books. The results of the first round matches are as follows: Moose Rich defeated Hamlet Palfy, 6-4 6-1; Verle Fry won from Nathan Green 6-4; Jakobus Merrill defeated Laphone Peterson by default; Joe Haverd defeated Horace Colter, 6-4 6-1; Don Parkinson won from James Quigg by default.

Hammond, Howell and Rich are referred to No. 1 chance in the tournament. When two of these court generals meet, tennis followers are assured a dual worth climbing the hill to see.

Frosh Will Play "U" Dinglings In Salt Lake City November 23

Frosh Coach Harris is putting forth every effort to have his team in peak of condition for their next big battle. The Aggie Frosh are scheduled to meet the U. of U. Freshmen on the Crimson field in Salt Lake on November 23.

Harris is making some changes in his line up. Fans who have witnessed his new arrangement are sure it will work more effectively. Cap Saunders will have his try on the line, with Hookstead back in the game and Stearns starting a position where he can show his ability to do around the field and to make rapid runs.

The Frosh have agreed to excuse the members of the team from their laboratory periods earlier, so they will all be out for practice on time. There is yet two weeks time for hard drilling before the game which should give the Aggies sufficient time to work on their weak places. Harris expects to knock home the long end of the score. But from all indication the young Farmers will have a real game on their hands when they step on the Crimson field.

The University Frosh have an unusually strong team this year. This is shown by the fact that they triumphed easily over the Brigham Young University Freshmen and have won practically every game this season. Last Monday they met the Brigham Young College croqueters in Ogden's Armistice day classic and walked off with a 5-0 victory over Coach Crookston's footbalists. According to fans who witnessed the game, the University displayed a stellar brand of footbal.

The rising prominence of the German attempt at world domination as far as the aspirations of nations. He emphasized the rapid growth of the American nation as a result of her adherence to the ideas of the founders of the republic. "The success of this nation and of the Agricultural College, in the long run depends upon the way in which we, the people, carry into perpetuity the ideas of the founders," said Mr. Bullen.

Patriotic music for the occasion was furnished by the College Military Band under the direction of Professor Joseph Smith and by the band and quartet under the direction of Professor C. R. Johnson. Following the program the entire school assembled in front of the Main Building where a flag-raising ceremony was conducted.
