Volume XXII Number 11
Wednesday, February 6, 1924.

We believe that a policy devoid of factionalism should govern the administration of student affairs.
We believe that it is the right of the student body to know every procedure of its officers and executive bodies in the exercise of their official duties.
We believe that if the executive committee cannot decide, by use of the ballot, who should occupy student body offices, the decision should rest with the student body.

THE COMING SUMMER SCHOOL

The Utah Agricultural college is to have the most comprehensive summer school of any college in the United States next summer. A faculty which includes the most eminent teachers in the United States and England has been engaged, together with a group of lecturers whose absolute preeminence in their respective fields is unquestioned.

It is safe to say that this year will be the biggest in the history of the college. For years President Peterson and other officials of the college have been planning the mammoth undertaking which is to have its fruition next summer. The culmination of these years of planning is the promulgation of an undertaking which has startled the state and the western part of our nation at its comprehensiveness.

With such a faculty as has been secured, thousands of students should be attracted to the halls of our college. Indeed, it will bring the opportunity of studying at a dozen of the largest universities in the United States with the easy reach of students of western states. The summer school will also be unique in that it will bring together probably the largest group of foremost educators that has ever assembled at one institution.
The summer school is being advertised extensively in the East as well as in our own state and the surrounding state. Civic organizations of the city are cooperating with the college in making the school a success. Students can promote its success by helping make all those with whom they come in contact realize the magnitude of the undertaking and by helping them to appreciate the opportunities for study under the nation's greatest educators which will be present at the college next summer.

WOODROW WILSON

A noble man has passed on. In the death of Woodrow Wilson, America loses not only one of her most beloved statesmen whose ideals will have an everlasting effect in guiding the destiny of the nation, but a man who received his early training in the American college and who occupied the position of a college professor and college president previous to his ascent to the presidency.

The biography of our former president is a story of an obscure graduate of a law school who gained recognition as a professor of political economy, a college president, and a man of literary genius, and then through political fortune came to be the chief executive during eight of the most tumultuous years of world history.

His books are studied throughout the colleges of the land. His ideals are worthy of emulation. His statement, "We must be impartial in thought as well as action," will ever guide the leader who has the good of mankind at heart.

U.A.C. Summer School To Be Well Advertised

(Continued from page one)
It is true that these attractions have existed in the past but this year they will be supplemented by such a faculty as has never before been gathered within the confines of a western state. Dr. R. A. Winslow, Editor of the Journal of Education of Boston, who has been through Utah, declared while here that "The Agricultural College of Utah next summer will have the most elaborate program, scholarly and professional, that has ever been presented at any educational institution between Chicago and California." It is this outstanding program which we believe will combine with the natural beauty of the Utah to bring many teachers west for their summer schooling.

Tackler Saves Youth From Drowning

(Continued from page one)
That the tidal wave rushed in toward the edges of the pool drenching every thing in its path. After several struggling attempts he succeeded in grasping the boy by the hair. When they came to the surface the spectators began to realize what was taking place and helped to lend a helping hand. They handed Shepherd's body, realizing that he was in a critical condition, and began to render first aid immediately. After a few minutes of artificial respiration and rubbing of the epidermis he regained consciousness. Further examination showed he had been badly bruised about the head, a large lump having arisen. A few hours later he was rejoicing over the fact that he was still alive and had had the experience of being

DEBATERS RECEIVE CONGRATULATIONS

The following congratulatory letter was received by Dr. W. L. Wankles, chairman of the debating contest:
Dr. W. L. Wankles,
U. A. C., Logan,
Utah.

My dear Dr. Wankles:
The very successful outcome of the recent debate between ourselves and the U. of T. and the B. V. U. is most gratifying to me. I congratulate you and the members of the respective debating teams. It is another proof of the fact that our respective schools have shown as they come along are maintaining the high standard in this activity that has been maintained by the college since debating became a fixed annual activity. Having been a member of one of the two successful teams of 1918, I have followed ever since that time with a great deal of interest the progress of the college along this line, and I am sure that there is a good deal of credit due to the high grade work done by our teams during the past few years since you have been with them.
I trust that you will think the message with the wonderful success you have started with. Again congratulating you, I am
Yours sincerely,
ROBERT L. JUDD.

Messages of Support Pour Into College

(Continued from page one)
The opportunity presented by the U. A. C. National Summer School, is for professional and business men and for citizens in general, as well as for our teachers and our students. Heavy support and encouragement are coming from colleges and university presidents who feel that the bringing of this group of distinguished American leaders, will stimulate scholarship in the western state to a marked degree. It is considered a responsibility to bring twenty or thirty great teachers here rather than have hundreds of students in America in search of these authorities.
Already, the support coming from throughout the west for the National Summer School movement has demonstrated the feasibility of such an educational venture. We have been greatly inspired in our efforts by the wholehearted support which has been extended by officials of the state of Utah, by the press of Utah and surrounding states, by leading educators within Utah and by educators throughout the nation.
"We expect comparatively modest results the first year. With continued support from Utah and neighboring states, however, there is no reason why in a few years we should not draw several thousand students from all sections of the country to our summer school." This statement of the National Summer School movement has demonstrated the feasibility of such an educational venture. We have been greatly inspired in our efforts by the wholehearted support which has been extended by officials of the state of Utah, by the press of Utah and surrounding states, by leading educators within Utah and by educators throughout the nation.

AMONG THE POST GRADUATES

GEORGE F. KNOWLTON '23
George made college in three years with summer school. He majored in Entomology and is doing research work on the same problem in Utah and by educators throughout the nation.
He has been an active member of the Rifle Club, Ag. Club and Rugby Club and was an officer of Ag. Club in 1922-23. He is president of the Ag. Club this year.
George has worked his way through school since he was in the seventh grade. He has farmed and sold shoes. As a knight of the grip he has few peers. At present he is assistant in the Zoological department, and for the Experiment station in Entomology.
George is a Phi Beta Rho.

City Superintendent of Schools O. C. Pratt of Spokane was made an honorary member of Phi Delta Kappa educational honor society by the State College of Washington chapter, the national convocation at Chicago ratifying the act. A Bachelor exchange professor from London University was the only man in the west so honored.

Transportation Head Speaks To Students

Keen interest and much appreciation was shown by students of Logan when Dr. John W. Gorby, representative of the National Transportation Institute, spoke to the students Friday by John W. Gorby, representative of the National Transportation Institute.
Mr. Gorby gave his first lecture at the Logan Chamber of Commerce, Thursday night, February 1st, on the subject of "The Transportation Institute to students of business administration and transportation." His first lecture in Logan was given at 12:30 in the cafeteria.
Mr. Gorby proved to be a forceful lecturer and a well informed man on transportation problems. The institution profits much by visits of men like him.

Fourth Annual Scout-masters School Meets

(Continued from page one)
morning at the Chamber of Commerce rooms, and students gathered in the tabernacle, a general meeting at which scouts from all over the valley were in attendance, was held.
SPECIAL FACULTY DETACHED
In addition to the committee on boy scout activity which has general supervision of the school, the following special faculty is cooperating with the school officials to make the course instructive: Dr. George J. Friar, deputy chief scout executive, national council of the Boy Scouts of America, Salt Lake; Charles N. Miller, regional scout executive, Los Angeles; Charles Webb, swimming instructor, Denver; and official representative of the National Red Cross, Salt Lake; Oscar A. Kirkham, scout executive, Salt Lake; G. E. Hammond, field executive, Salt Lake; President E. G. Peterson; Dr. V. C. Coulter, Prof. Edmund Folsom, President of the Hamilton, Logan High School; Dr. Ira M. Hawley; Dr. George E. Hill; Joseph B. Jensen; C. B. Johnson; Rolfe V. Johnson; Victor Lindblad, scout executive, Logan; Howard McDougall, George Nelson; Louis Nelson, Henry Oberhauser; Henry Peterson, president of the Utah Educational Association; William Peterson of the Utah experiment station; E. L. Richards; Joel Rickard; Orson Ryan, representative Logan city schools; Dr. George Stewart and Wallace J. Vickers. Those in charge of the scout camp are: Joe Barrows, Victor Lindblad, and Rolfe V. Johnson.

Hikes will be taken by the scout-masters the fore part of the week to study the deer and animals in the mountains.

President Coolidge Is Fraternity Man

The last vice president of the United States have been college fraternity men.
Two were inducted into fraternal life while students at their chosen institutions; the other three, educated at universities where chapters of national fraternities did not exist, found time later, in the midst of busy careers which reached a climax in the office of chief magistrate of the country, to become honorary members of five fraternities.
In the persons of President and Mrs. Calvin Coolidge, however, the Greek-letter world possesses for the first time a president for a fraternity and severity "White House."
The quiet unassuming Vermont farmer youth who entered Amherst in 1891, intent upon his studies and caring little for extra-curricular activities, failed to attract the attention of fraternities at the Massachusetts college until he was a junior. Then he accepted one of the first bids—after his now proverbial calm consideration—from the newly founded chapter of Phi Gamma Delta. Both in his first act of college, he has rendered valuable service to his fraternity.

A Real Riddle
Teacher—If Shakespeare were alive today, wouldn't he be looked upon as a remarkable man?
Student—Sure, he would; he would be more than 100 years old.

FIFTY APPLY TO

COACH AT OREGON

University of Oregon—With over fifty applicants for the position of varsity football coach to consider, the athletic committee of the university council is hard at work discussing the merits of the respective men.

They desire to select a man for the position whom they consider will be able to cope with the athletic condition of this state here. As soon as the athletic committee reaches a decision in regard to the coach, it will make its recommendation to the executive council, with the object of giving that man a satisfactory contract.

University of So. California Wins Cal. Championship

U. S. C.'s debating squad became the champions of California and the victors in the triangular debate contest between California, Stanford and U. S. C. when they won from the Stanford debaters by a 209 to 99 vote in Boyard Auditorium Wednesday evening. The new addition of the form of debating was used.

It was U. S. C.'s second victory, the negative team defeating California at Berkeley a week ago.

One of the largest gatherings known to a home forumic contest assembled to judge the merits of the present original syndicalism law and the audience by its vote declared that the law should be repealed.

Writing humor with sound logic and showing an unusual aptitude to put down the leading contestants at their opponents. Bill Barber and Jerry May proved to the debate fans of Southern California that they are leaders in the art of convincing speech. No one can express the real intensity of the debate for the real reason to end it was a match of reasoning and wit which kept the audience constantly in a pleasant state.

SOCIETY

ALPHA DELTA KAPPA

After the dance Saturday night at the Beta House, members of the chapter gathered at the chapter house to enjoy a midnight supper. Five couples were present. After the supper, continuous dancing was the feature.

Clarence Stover, Mabel Christensen and "Bride" Pao from the U. of I. were dinner guests at the Beta House Saturday afternoon.

The Kappa Omicron chapter of the Theta Chapter of the Theta House last Tuesday night. An unusually "jumpy" evening of dancing and playing games was spent. Last refreshments were served.

As soon as the athletic committee reaches a decision in regard to the coach, it will make its recommendation to the executive council, with the object of giving that man a satisfactory contract.

University of So. California Wins Cal. Championship

U. S. C.'s debating squad became the champions of California and the victors in the triangular debate contest between California, Stanford and U. S. C. when they won from the Stanford debaters by a 209 to 99 vote in Boyard Auditorium Wednesday evening. The new addition of the form of debating was used.

It was U. S. C.'s second victory, the negative team defeating California at Berkeley a week ago.

One of the largest gatherings known to a home forumic contest assembled to judge the merits of the present original syndicalism law and the audience by its vote declared that the law should be repealed.

Writing humor with sound logic and showing an unusual aptitude to put down the leading contestants at their opponents. Bill Barber and Jerry May proved to the debate fans of Southern California that they are leaders in the art of convincing speech. No one can express the real intensity of the debate for the real reason to end it was a match of reasoning and wit which kept the audience constantly in a pleasant state.

James E. Blachman was a guest of the Delta Nu during the week end and James is teaching in Madrid.

Harold Farrott of Pi Zeta was a guest at the chapter house Sunday.

"Boater" single life is short as he is being married the 16th of this month in Los Angeles to Miss Ruth Piggly, also of Ogden.

University of Oregon—With over fifty applicants for the position of varsity football coach to consider, the athletic committee of the university council is hard at work discussing the merits of the respective men.

They desire to select a man for the position whom they consider will be able to cope with the athletic condition of this state here. As soon as the athletic committee reaches a decision in regard to the coach, it will make its recommendation to the executive council, with the object of giving that man a satisfactory contract.

CLUB NOTES

BOTANY CLUB

Last Thursday evening the Botany Club met at the chapter of the Beta House. Initiation speeches were given by new members which were interesting as well as educational.

Garr Cutter gave an interesting talk on the development and management of track gardens. Mr. Cutter is a track gardener.

John Landon gave a lecture on his subject, "Honey plants and their uses." It was a new subject and was very interesting.

Paul Boyce gave a special talk on the preservation of wild flowers. He urged the club members to act and to help preserve our rapidly disappearing species.

John Landon gave a lecture on weeds and their distribution. Obnoxious species were mentioned and their characteristics were given.

Carl Frischman explained some experiments which have been done on the length of day as it affects the flowering and fruiting of plants. The results and development of these experiments were also given. The next meeting will be held in the near future.

Aggie Hoopsters

Meet 'Y'

Cagers in Provo

This Week

Aggie Cagers Journey To Provo This Week For Hoop Battle With B. Y. U.

Next Friday and Saturday the Aggies will invade the Cougars camp at Provo, all for a two game tussle and a hope for double victory. The Aggies have high hopes for their coaches on the week end, for it will as Coach Romney's men in better condition, than has been the case the past two weeks.

Hammond, by the class he has shown in his daily workouts, will no doubt enter the contest in the pivot position. An all state center for two years, "Cy" and Irvina seem to be the Aggie backbone for scoring. Cy did not play in the last two games and his entry will strengthen the team considerably. Irvina, who sprained his ankle in Friday's game may be able to play in the games at Provo, but it is doubtful if his injury will permit him to play his usual brand of ball. Lunt, the third Aggie man out because of a sprained ankle will be ready to hold down one of the main positions should he be called upon to do so. The task of reading a book is all that is keeping

"Cy" Crowther the lucky Aggie high star, from obtaining his eligibility papers, but we can rest assured that he will be able to hold his share of the reins next Friday and Saturday should he be called upon to show his "stuff", before the young fans. These four men put a tremendous amount of strength in Coach "Dickie" and from it he should be able to "Climb" but with the addition of the men from the injured list the team appear quite equal. It seems a tradition that the Aggies and Cougars should always put a "rip" and "Tuck" game regardless of comparative "dope" and the coming game promises to be no exception.

If the Aggies win both games they will head the other two schools in the race. If they win one and lose one, they still must be content to remain behind B. Y. U. If they lose both, a tie with the U. of U. or second place will result.

Should luck favor us so that all men are in good condition, Hammond will probably start at center. Webster, and Saunders guards and Irvina, Robinson, Lunt or Crowther forwards.

The B. Y. U. will probably start Everett and Dixon forwards, Lunt, self center, and Packard and Anderson or Taylor guards. This combination works easy and effectively and should give our farmers plenty of trouble if our anticipated victory is to be realized.

No. 1 Pocket KODAK

Series II

To make a picture, pull down the camera bellows, insert the lens, insert the spring into position—look in finder, and "click" the shutter. No focusing.

And this pocket camera can be carried with a few rolls of extra film in your pocket.

Instantaneous exposure of 1/25, 1/50 and 1/100 of a second, bulb and time action, and continuous automatic attachment.

Ask to see it at our Kodak counter.

Our weekly song hit is entitled: **SAVE THE SURFACE AND YOU HAVE ALL. BY MOST GIRLS.**

ODE TO TONY LUNT
There was a young fellow named Tony
He lived on strine beans and
The girls say they are sure
That Tony is just
But, Ye Gods, no wonder he's
lousy

Business is picking up said Joe Hertzman as he stooped for more Hertzman scrap paper.

Tarbus says that when you see a man with a cane you can be sure he is crippled except on Tuesdays.

THE FACULTY CLAIMS THAT STUDENTS ARE THROWING TOO MUCH TOGETHER AT THE U. A. C. DANCES.

If I was you
And you was me
Think what a helluva
Guy I'd be

Last weeks vote for major contest was a dead heat between four Profs., the contest taking place in chapel.

Here's not to the girl who takes a kiss
Then runs and tells her mother
But here's to the girl who takes a kiss
And holds for another.
—Martha Thatcher.

Tarbus knows a guy so dumb, they had to burn down the school house to get him out of the first grade.

That's a real squeeze said the co-ed as she wedged her foot into the dancing pump.

That was the most unlabeled cut of all said Wendell Alvord as he observed Emma Miller's hair.

Example of a dumb question: Why doesn't a sorority house need a night-walker?

THE PHI KAPSA HAVE BEEN HOLDING LISTENING IN PARTIES SINCE THEY GOT ON THE SAME PARTY LINE AS THE SORORITIES.

I am afraid I'm going to get shot said the soldier as he pulled the flask out of his hip-pocket.

Frances—Do you still love me?
Verlie—Heavens, how long have you been paralyzed?

Band Planning On Taking Trip

(Continued from page one)
valuable help in putting over the songs, and producing a peppy atmosphere.

The Business Manager, Malcolm Merrill, is working on a trip. He has received several communications from towns of Southern Idaho, all of them being favorable to a trip. Several trips have been planned in the past, but have never materialized. A tour by the band would be something new and would add to the prestige of the College.

"Did Harold propose last night?"
"No, he is like an iron glass."
"And how is that?"
"The more time he gets, the sadder he gets."

Walk Away From Utes First Night With 37-23 Score—Lose By Small Margin Sat. Night

UTAH COLLEGE LEAGUE
Win Loss Pct.
B. Y. U. 2 9 1.000
Utah Aggies 1 1 .500
Utah 2 2 .333

"Sit for one and a half a dozen for the other" was the verdict of the "Shilling Series" played here last Friday and Saturday. In the first encounter the "Red Devils" in rapid fashion, 37-23, "Shilling" outfit, held a slight margin early in the first half, which rapidly increased until Utah's chances were completely shot to pieces.

More hard luck struck the squad when Lorraine Ivins, was removed from the game with a badly sprained ankle in the second half. Webster for Ivins, and Kirk for Robinson, were the substitutes named during the game. Both men fitted in like veterans, and outplayed the opponents in every phase of the game.

The performance of Newell Saunders was of the highest type. The Davis High contributing, led forward to a single field goal, sped down the floor for three scores from remote and difficult angles, and displayed a beautiful floor game. Howard Woodside teamed with Saunders and Cecil Baker, team revealed a winning article of ball.

For Utah, Thel Collet stood head and shoulders above his team-mates. Collet led the scoring column on both occasions.

Saturday the Utah contingent came back strong and did the unexpected, winning out only by a narrow margin of five points 32-27. This time coaches' new combined led the game and held Hammond and Ivins, the nucleus of our attack.

Saunders was again the best man in the blue and white lineup, while Collet of Utah repeated his stellar performance of the night before.

Utah's win Saturday night put the standing of the team in the same position as they were last year at this stage, by means of defeat and victory, which was by exactly the same teams. Last year Utah lost the two opponents to the B. Y. U. following the loss of Ivins, after which they came back strong and made their first step to the State title by a close win over us in the Desert.

Should the Utah quint just play through the season in this fashion by gradual improvement, the "A" and "Y" teams are going to be forced to the limit to avoid a repetition of last year's disaster.

Friday's box score:

U. A. C. (37)
G. T. P. P.
Ivins, Jr. 4 2 10
Robinson, Jr. 1 0 2
Baker, C. 2 2 9
Watkins, Jr. 2 2 6
Woodside, Jr. 0 2 2
Kirk, Jr. 2 4 10
Webster, Jr. 1 1 2

TOTALS 13 19 11 37

U. of U. (23)
G. T. P. P.
Olson, Jr. 0 2 11
Dixon, Jr. 1 0 2
Jones, Jr. 0 2 10
Collett, C. 4 3 15
Watkins, Jr. 0 2 2
McMurray, Jr. 0 0 0
Pett, Jr. 0 0 0
Neely, Jr. 0 1 1

Aggie Candidates For Olympic Honors Begin Training For Tryouts

Aggie candidates for the United States 1924 Olympic team are already beginning to round into shape for the state tryouts, to be held in Salt Lake this spring. The Farmer tracksters undoubtedly have one of the strongest groups of individual performers that have ever competed under the "A" to compete in the field and cinder-path events. Henry Webster, Anton Lunt and Hy Morrison, for the track and field events, and Jack Croft and Frank Oberhansley in boxing and wrestling are the talented amateurs drilling hard under the blue and white colors.

Henry Webster, Pole-vaulter of Rocky mountain conference, and Anton Lunt, high jumper, are the high lights of the Aggie candidates. Webster shattered both the state and Rocky mountain conference inter-collegiate pole-vault records in last year's meets. In the state meet at Salt Lake, Webster cleared the bar at 11 feet 11 1/2 inches, establishing a new state record.

Anton Lunt, the silver medalist at Boulder, Webster raised the mark 10 1/2 feet 1 1/2 inches for a new conference record. Of the Utah collegiate state field and track meets, the Utah state meet, the Rocky mountain conference meet, two dual meets with U. and Y. teams, and several meets under the colors of Utah, Webster has participated in. The young vaulter has never been better than each year of participation the Aggie vaulter has succeeded in raising his mark by several inches, and believes he can repeat in clearing a higher mark this year.

His story of Anton Lunt's athletic career as a high jumper runs similar to Webster's, showing a line upward, almost each year over the one previous. At the state high school meet in 1922 Lunt cleared out 5 1/2 inches, while last year at the Boulder meet "Tony" cleared 6 feet 3 inches for the first place in the conference record.

Both are good candidates for the 1924 Olympics. Both are put for basketball with the line of being in "A" condition for the tryouts.

Hy Morrison, at the 120-yard high hurdles is one of the best over to perform in the state event. Last year Morrison succeeded in setting out Anderson of Utah in the event, which is no minor feat as Anderson was rated one of the high-class hurdle runners in the country, by Utah officials.

Frank Oberhansley, middleweight wrestler, has been going through the daily grind, along with Croft in the Smart gym, Oberhansley, Paul, Jr. 0 0 0
Wood, Jr. 2 1 1

TOTALS 12 14 8 25

U. A. C. (27)

Baker, C. 1 2 13
Saunders, Jr. 2 2 17
Woodside, Jr. 0 2 2
Lunt, Jr. 0 2 11
Robinson, Jr. 1 2 0

TOTALS 10 21 7 27

Referee: Simmons
Umpire: Watson.

Rifle Team Is Victor Over Cornell

The U. A. C. Rifle Team registered its first win of the season when it defeated the University of Cornell Team by a score of 2197 to 2018.

The results were received last Saturday and was somewhat of a surprise inasmuch as the scores of both teams were unusually low.

Harlowers of Cornell was by long odds the high point man of the team, shooting a score of 219.

Deschamps of the U. A. C. was next high with 335 and Don Parkinson was third with 321. The Women's Rifle Team of the U. A. C. is evidently much better than that of the men as their female sharks defeated the U. A. C. Girls' team in a match the week before.

Much interest is being manifested in the match between the U. A. C. Rifle Team and the Girls' Rifle team which will be held in the near future. This far, the girls have made a much better record but the injured end form displayed by the Men's team indicates that the battle for supremacy will be a keen one.

The scores of the U. A. C. Cornell match are as follows:

U. A. C.
Louis Deschamps 335
Don Parkinson 321
Freeman McKinnon 324
Waldo Osmond 322
Alvin Sennels 322
Angus Woodruff 321
F. W. Thompson 219
Theron Webster 312
Gideon Kennard 303
Robert Holt 285

TOTAL 2197

Student Body Pays Tribute to Memory of Woodrow Wilson

(Continued from page one)

with the dress of European immigration, but very few of the less desirable elements are "transmutable" to make their way to the international country. Thus we are becoming the one remaining stronghold of the real American blood and ideals.

In conclusion, the speaker made an earnest plea to students everywhere to take the responsibility of carrying forward the ideals of true Americanism. He spoke of the need of broad-mindedness and of an appreciation of the fact that the truths of science—appreciation, the truths of religion, and all other real truths from whatever source they may come.

That every dog should have his day. We will admit it right; But is there any reason, pray, To give each dog his right?
