Girls Chorus Shows Remarkable Possibilities

Last Wednesday in the student body meeting the girls chorus made its first public appearance. The song they sang was full of expression and was rendered exceptionally well. If they keep on with their good work they will be able to represent this school on the outside, according to Prof. Johnson.

When they reach that state of perfection there will be a good opportunity for them to be heard in Logan and other cities, but this all depends on the work of the girls and its definite plans will be made for the time being.

Professor Johnson states that he has prospects for better girls chorus this year than ever before.
