REV. C. C. WILSON CHAPEL SPEAKER YESTERDAY

Places Emphasis On Value of Religion And Value of Writers Upholding Religion

"Man ever was an omniscient being in a Paradise on earth; he ever to reach that dominion," was the theme emphasized by Rev. C. C. Wilson of Ogden, speaker, at the chapel exercises yesterday. He brought this theme to the students as an interpretation of the Greek word "divinization" can only be saved through the weakness and alliance of the young people of today.

But the speaker went on to show that there is no such modern world as the world of today. The most sacred ones, he became, thus, the world of the past. He said that the world of the past was a world of faith and hope, and that the world of today is a world of doubt and despair. He said that the world of the past was a world of faith and hope, and that the world of today is a world of doubt and despair.

Rev. Wilson maintained that the world of the past was a world of faith and hope, and that the world of today is a world of doubt and despair. He said that the world of the past was a world of faith and hope, and that the world of today is a world of doubt and despair.

He said that the world of the past was a world of faith and hope, and that the world of today is a world of doubt and despair. He said that the world of the past was a world of faith and hope, and that the world of today is a world of doubt and despair.

THE PROFESSIONS of the society made an informal call at the chapter house.

THE action of the trustees, who are elected by the Georgia Baptist Convention, was based on the grounds that "in a written expression of his views as to Christianity, he (Dr. Fox) shows that he is out of harmony with the principle on which we hold the Christian church to be founded."

"We grant to Dr. Fox," the resolution of the Board continues, "a perfect right to liberty of opinion in the matter of his religious beliefs, but we do not think he has either the legal or the moral right to hold the beliefs he chooses and at the same time to teach in Mercer University."

"That settles it," said the driver as he drove the speaker about the dusty road.

Students of Mercer U. Disapprove of Action of Board of Trustees

(New Student Service)

A mass meeting, at which the excitement became so great that a student strike almost resulted, was held October 11 when the undergraduates of Mercer University (Ga., Georgia) discovered that the professor of biology of that institution, Dr. Percy who in his class-room had explained the theories of evolution, had been asked to resign.

Resolutions were immediately passed by the student body expressing their appreciation of Dr. Fox, and asking the Executive Committee of the Board of Trustees to reconsider their action.

AGGIES MEET WYOMING U. IN FINAL HOME GAME TODAY

FARMERS NOSE OUT YOUNG U. GRIDDERS IN CLOSE FOUGHT CONTEST AT PROVO LAST FRIDAY

Brilliant Work of Knowles Is Deciding Factor of Game—Heavy Field Makes Fast Game Impossible—Y Uses Aerial Attack

The brilliant work of "Butch" Knowles brought victory to the Aggies last Friday. "Butch" was the only Farmer able to penetrate the Cougar defense consistently.

The game was played on a heavy field, making a fast game impossible. The Aggies probably suffering from a dose of over-confidence did not play their usual brand of ball. Knowles' punting was decidedly on the decline and a kick out of bounds resulted in the first "Y" score. Puntbacks due to the wet weather were frequent and twice while with in the twenty yard line the Farmer could not get a chance to score, for cause of them. At another time, fifteen yard punting spoiled the Aggie chance. Instead of Knowles' Gardner and Hendricks were the best performers from Louisa.

The Cougar team, such as the field with a arms determination to win and their name does them justice. The Frontier assumed a forward passing attack, with the use of well covered and hand in. As the majority of passes were good for from six to twenty five yards.

The Farmers forward wall was unable to hold consistently against Knowles' husky punting, but the result that Dixon, Manner, and Parkard charged through the holes for substantial gains of the over covered yardage.
