Either the United States civil ser-
vice will find Wendell Alfred in the
ranks shortly after the close of the
school in June, or the Practical In-
stitute of Technology at Chicago
university will find him registered
as a student.

Mr. Alfred has taken two civil
service examinations in natural sci-
ence and chemistry, and his hand-
writing and book both rank to the
first in the employ of the government.
He has made plans to study "Maths
and Meat Packing" at the Chicago
school. His major is to be announce
at the graduation exercises.

Although tempted to enter the
field of business as a profession,
Frank Cimila has definitely decided
to go to work for the Van Allen Can-
ning Company of Ogden after re-
ceiving his B. S. degree in Commerce
this spring. Frank has been doing
field work for the Van Allen com-
pany during his last two summer va-
cations and expects to enter the of-
fice this spring.

Although baseball offers plenty of
opportunity for summer amuse-
ment, according to Frank, it offers nothing
for the serious student. Thus the
reason for the above decision.

Utah Senior Honorary Society Ejects Five to Membership

Five senior men and two senior
women were recently elected to the
Honorable club, honorary activity or-
ganization of University of Utah
seniors.

Merrill Benson, Calvin Bohrer,
John K. Edmunds, Merrill Pans,
Bob Goodell, Ruth Stewart and Hel-
en Bradley were the students chosen
by the committee. Selections
were made after long deliberation
by the committee and with the best
of consideration in the history of the
organization.

From five to seven senior stu-
dents are chosen annually to this or-
ganization, which is purely honor-
ary in character. The students de-
signated will receive gold medals
with the Bechtel insignia on award
day this year.

Activities only are considered in
the Bechtel club selection. The main
bar of activities, however, is not
shown in connection. The amount
of work in such activity, the benefit
derived by the student body from
the activity, and the general atti-
tude of the student toward his
fellows are factors in the selection.
The student, chairman of the
committee.

The difficulty of selecting the
seven students most prominent in
activities among the year's gradu-
ates was stressed by the three
members of the committee. The
tasking for the club was more pleu-
rant this year than for many years
past, thereby making competition
the keenest in history, he declared.

\$5,000 IN CASH PRIZES OFFERED FOR ORATORY

Trout Speeches on Constitution Scheduled for April 9; Winners Pay Own Expenses

Outs for the National Intercollegiate Oratory Contest, scheduled for Friday, April 9, according to Miss Donna Davis, head of the Public Speaking department. Trout speeches will be held in the afternoon at 2:30 p. m. and the evening at 7:30 p. m. \$5,000 in cash prizes will be offered for speeches made more than ten minutes in length and on the United States constitution, emphasizing either the prohibition of Washington, Hamilton, Jefferson, Madison, Franklin, Madison, Webster or Lincoln in it. Speech prizes in all will be \$1,000 for the first, \$750 for the second, \$500 for the third, \$250 for the fourth, \$125 for the fifth, and the seventh \$100. The other five range in between those two figures.

The United States constitution is a subject of great importance to every major nation and representative of each college in each region will compete on April 9 in a group or not more than eight each, to determine the finalists for their particular region.

As outlined in a circular from the better American Federation, the purpose of the intercollegiate Oratory contest is to increase interest and respect for the constitution of the United States. The movement was started in 1923 and proved so successful that it was decided to continue on the same plan. It is hoped that they will continue to be the means of turning college thought and enthusiasm toward the great and unending business of government, and, particularly to constitutional government.

Winners in each college or university will pay their own traveling expenses at all stages of the contest. The seven national finalists will receive of course, substantial cash awards ranging from \$500 to \$2,000 as mentioned above but are expected to use as a part of their traveling expenses.

Grapplers Easily Annex Division Championship

MANY TALKING SPRING BASEBALL

This spring, starting within the next two weeks, an intercollegiate series of basketball games will be played on the campus. Any organization may enter its team. It is hoped that the various clubs, classes and other "club" groups will all respond. Coach "Doc" Romney, manager of the football team, will again take charge of the basketball team. "Butter" will be the cry as we will see in a few more days. At this time of the year the desire of all to be in the open air, to play tennis, golf, and other outdoor sports, is a national sport, and is played by everybody, old and young alike. These games will afford an outlet for any surplus energy on the part of the students.

Romney Names Eight for Award

Coach Romney selected eight men to receive letters and trophies in recognition of their intercollegiate championship. They are: C. C. Forward, forward; Warren Hawley, forward; Harold Williams, forward; Glen Worthington, center; Newell Sanders, captain, and guard; Addison Martin, guard; Ellis Wade, guard; Robert Gibson, guard.

The eight men that brought to Logan the best basketball team of the intercollegiate region will be eligible for basketball next year. Prospects for a repetition of this season's performance appear good, especially in view of the continued improvement of other and younger members of the squad.

Warren Hawley

Merrill of Young University Ruled Out When Together With Walker, Was Protested.

Garner 14 1/2 Points "U" Fails to Score

Another championship game of the College was played in the evening of the Aggie grapplers' victory in the Western Division of the Rocky Mountain Conference Championship wrestling held at Provo. The Aggies captured 14 1/2 points, the B. Y. U. finished second with 9 1/2 points and Montana State tallied third. The U. of T. failed to score. In the preliminary rounds of the Aggie pinned Thompson of Montana, while Packard won easily over the Utah entry. Pratt went so true in cutting Corbett of Y. to the mat. Peterson was defeated by Croft of the B. Y. U. and Nuffer was thrown by Christensen of Utah Walker and Goddard drew (A).

In the finals, Packard (A) kept to his pinning tactics and had three men in 4 1/2 minutes. Croft (Y) ran up matches at a tough mat in Stanley of Montana who dominated him. One of the best matches of the meet, eleven, the Aggie mat artist, defeated Saver of the U. Stevens had a real job on his hands with this man because of the difference in weight. Saver being over six feet.

Leavitt (Y) and Walker (B) battled 12 minutes to a draw, both putting up a good fight. The 17 1/2 match was a slow affair, won by Knudson (Y) by sliding on top of the Utah

man Christensen the entire time. The A. C. heavyweights, Pratt, again ably demonstrated that he was second to none in the art of making the mat and his opponents shoulders were protested because of changes of position. Merrill was ruled out. Exceptionally good work was done by Pratt, Theodore Stevens of the Aggie squad. The rest of the team made a creditable showing also.

Coach George Nelson is well satisfied with the showing made this year but prophesies even greater things for next year.

Newell Sanders

Four of Last Eight Teams in H. S. Tournament Coached By Former Aggie Athletes

L. D. S. high school of Salt Lake to play the final night four to the state basketball championship of Utah, when they defeated the last Ogden five by the score of 17 to 16 in the finals of the state tournament played last Saturday evening.

Notation should be made that the last eight teams in the tournament to play the final night four were coached by former Aggie students and athletes: Coach Dixon, Kapelle, coaching Ogden led his men thru to the last night, Thomas McMillan of Brigham, Jack Croft of South Cache and Ralph Richardson of Salt Lake were the successful battlers.

Engineers and Freshmen Entertain in S. B. Today

Student body meeting today in the combined direction of the Engineers' club and the Freshman class. March 17 is a frolic day for the Engineers' club and the Freshman class. The celebration will come to a close with a dance in the evening at the Blackbird.

The Engineers promise much in the way of entertainment. The Freshman contribution has not been made public.

Barnard Golf Makes Debut

Barnard golf is to make its initial debut in Aggie circles soon and all those interested should begin practicing as soon as the courts are in condition. They will soon be put into shape by Coach Jensen, who has the tournament in charge. Coach says that the tennis will be open to everybody and that medals will be given to the winners of both singles and doubles. Definite plans are to be made known next week.

There was considerable fine made before the matches when Walker of the A. C. and Merrill of the B. Y. U. were protested because of changes of position. Merrill was ruled out. Exceptionally good work was done by Pratt, Theodore Stevens of the Aggie squad. The rest of the team made a creditable showing also.

Coach George Nelson is well satisfied with the showing made this year but prophesies even greater things for next year.

Warren Hawley Tops West Hoop Scorers

Warren Hawley, brilliant Aggie forward during the present season, whose great scoring ability was a big factor in bringing to Logan the best basketball honor it has experienced, was found again to be the leader of the Rocky Mountain series, having scored 107 points in the district round off by Hawley and displays his consistency in the scoring department throughout as he was the high scorer of the Western division. His scoring record was made in points but was closely followed by Worthington who made 102 points, and by Peterson who scored 92 and 18 respectively. For Colorado, Piper was the leading scorer with 14 points followed by Brown who counted 13 points.

The complete summary of scoring in the western division of the Rocky Mountain conference for the season of 1925 follows:

Hawley, U. A. C.	107	148	Williams, U. A. C.	11	123
Hartwig, M. S. C.	61	29	Wade, U. A. C.	7	14

PROSPECTS BRIGHT FOR WEST. DIVISION SWIMMING TITLE

Meet in Local Pool on Saturday; Team Down to Serious Daily Training.

The swimmers are training daily in the water each night, and so great has been the agitation that a considerable quantity of cold water must be put in the pool each day to keep the temperature down to normal. Phillips has overcome his longshoreman into the water while swimming. Richards the plunger is clearing thru the water for speedily. Parkinson is making the originator of the breast stroke, the frog, look like a novice at swimming. CROSS COUNTRY RUN IS BIG TALK

As the sun goes down on the present basketball season, individuals are expecting the approach of the next major sport illuminated by the light of track stars.

Some of the individuals who have been working out indoors the past season, can now be seen taking their daily heart in the outdoors. It is expected that many others who desire to get in shape will also be seen there.

As a season opener, the cross country run will take place on April 2. This annual event brings forth in the neighborhood of eighty football players who wish to show that their heart is in the right place for their school's activity and for the love of the outdoors.

As incentives for this event, each individual finishing the race is presented with a prize in recognition given by the different Logan merchants, while as a crown, the fraternity with the highest score is presented with a large rosette given by Alvin Adams and Guy Carlson. The biggest gift is to be left for the official track, a prize given to the winner of his race who has not won it previously.

Even though this event is somewhat few days off those who intend entering should round into shape shortly. Choosing the likely winners for this event is almost impossible except to the sweater, Norton looks best to date. Others who will furnish fodder for the fire are: Reed, Earl State High School winner, Farris and Tolman of Idaho who has made good marks on this State, with many others some of whom will undoubtedly be dark horses.
