BRILLIANT ARMY OF CANDIDATES A "A" DAY Now Scheduled For Next Tuesday

Much Postponed

TWENTY-NINE ELECTED TO PHI KAPPA PHI

MOST IMPORTANT COLLEGE HONOR

Asset After Graduation Selections Based on Scholarship And Campus Citizenship.

The campus chapter of Phi Kappa Phi National Scholarship honor society, has announced the election of twenty-nine new members taken from the class of '27 and the ranks of the graduate students. The announcement, made by the Chapter officers, and a list of the new members, follows:

The officers of Phi Kappa Phi take great pleasure in announcing herewith the high scholarship students of the 1927 graduating class of the College. There is no honor in college life quite so important as having been elected to this national scholarship honor society. The Phi Kappa Phi Phi is a badge everyone in the United States of high intellect and superior mental achievement. It is perhaps the most desirable single recommendation that can be given in honor of a graduate student. One of the first questions about a candidate is: Does he belong to Phi Kappa Phi?

The successful candidates from the 1927 class are as follows:

School of Agriculture:
Undergraduates: Byron G. Cox, Andrew Gardner, Robert H. Hall, Ianthus Wright.
Graduate: Harold M. Price.

School of Agricultural Engineering:
Undergraduates: Gerald Christiansen, Orion Pully, Dice Reamsnyder.
School of Basic Arts and Sciences:
Undergraduates: John Ahrensold, Floyd Clark, Merrill Darby, Albert Jensen, Donald Jeppson, Beattie Austin Merrill, Golden P. Wright, Claude Zohli.

School of Commerce:
Undergraduates: Elmer J. Burnett, Hagen Cooney, Norman Froberg, Caroline M. Hendricks, Leah Moutson, Evan D. Murray, Sterling Rease, Joseph N. Symons.

School of Home Economics:
Undergraduates: Lucile Harris, Edythe Johnson, Ora Packer, Bertha Steiner, Graduate: Harriet Morgan.
The basis on which candidates (Continued on Page Three)

Receipt of Tardy Grades Places Six More on Rolls

Due to the fact that several of the faculty members were tardy in handing in the grades for their students of last quarter several names had to be left off the honor rolls. Since the publication of the honor rolls the remainder of the grades have come in with a few exceptions. The following are to be added:

"A" Roll:
Marley, Ott
Merrill, Beattie
"B" Roll:
Barcoy, Irwin
Hart, S. R.
Kingsford, Kenneth
Lawrence, George.

ABBAS KHAN TALKS ON PERSIAN ART

Abbas Khan lectured to a large group of Baux Arts students April 12 on Persian Art. He briefly outlined the contributions that Persia has given to advance civilization, then explained the place Persia holds in Art and told the Guild something of the different phases of it. Mr. Khan's work is a dealer in Persian Art and has collections in Los Angeles, Pasadena and New York. Mr. Khan became qualified to lecture on his country's art through association with his uncle.

Questions Put Prexy "Fritz" Hors de Combat

Prexy "Fritz" Christensen was wandering about the main hall Tuesday noon hour in a semi-comatose condition, superinduced by the perfect flood of questions poured upon him from all sides about the date of "A" Day.
He had just stopped uncertainly at the fountain, hands pitifully twitching, lips breathing some vacant phrase when that irrepressible little Freshman yelp, "Botta" peared steps up and in that gentle, confidential voice of his, whispers, "Are we gonna have 'A' Day?"
Fritz staggered slightly and blindly reaches out for something to hold to.
"C. Lester Pook" he crookes as he falls into the midst of a bery of beautiful girls made up of Patty Parker, Edna Wilson, Le Ora Tardet, Thordy Watkins, Hazel Cook and Damaris Sutton.
Due to the first aid measures as quickly applied, the prey is now up and taking nourishment.

Karl Young Granted Senior Standing at Oxford on 'A' Degree

Announcement Only Establishes Standing of College More Securely.

The announcement has recently been made at Oxford University that Hertford College of the University has accepted the degree of Karl Young, graduate of the College, as qualifying him for senior standing. This is the first time that the degree of the College has been accepted as the requirement for entrance to any of the Colleges in Oxford University. This recognition will serve to establish the standing of the College even more securely as only degrees from the most standard colleges and universities in America are accepted by Oxford University.

Following closely on the action which placed the Utah Agricultural College on the list of accredited universities, this announcement serves to emphasize the fact that the courses and credit of this institution are standard in every respect.

Mr. Young graduated from the college with the class of 1924 and was chosen last summer by the Oxford Committee as the Rhodes scholar from Utah. He has been in England during the past winter but he will enter Hertford College with the opening of the next session. He will continue his work in England.

Men's Pan-Hellenic Presents Table Gift

Perhaps the most beautiful addition possible to the living room of the home economics cottage was made last Saturday by the Men's Pan-Hellenic which presented a mahogany davenport table. The table is hand carved in modern American Italian Renaissance design with gold work blending with the walls of the room.

Even more expressive was the sentiment which accompanied the table which shows that the members of the Men's Pan Hellenic appreciate the purpose and ideals of those who made the cottage possible and realize the benefits to be derived from such an environment and such associations as the cottage affords.

"In sympathy with the spirit of improvement," Presented by Men's Hellenic, represented by Sigma Chi, Phi Kappa Alpha, Phi Kappa Phi, Delta Nu, Alpha Delta Epsilon, Alpha Gamma Phi and Omega Tau. All members of Men's Pan Hellenic are invited to visit the cottage and see the table.

200 Cottonwood and Ash trees are being planted along the prominent drive of the U. of Wyoming campus as part of a beautification.

Candidates Appear To Be Uniformly Well Mollified; Wage Spirited Campaign

Following the custom prescribed in a student body constitution, election of student body officers for next year will take place day after tomorrow—one week after nominations, which were held last Friday. Voting will begin at 5 o'clock A. M. and continue until 4 p. m. and will be by Australian ballot. Each voter's name will be crossed from a student body roster as his vote is cast, and the votes will be numbered.

Only two candidates materialized for President: Merrill Johnson and Howard Linford. Johnson has been Executive Committee member for two years, was Junior Prom chairman and was in charge of "A" Day last year. Linford has played Freshman football, two years of varsity football, and has been on the basketball and track squads three years. He is football captain, and was on the Prom Committee.

There are three candidates for vice-president: Raby Strincham, a member of the Executive Committee, and has officiated on "A" Day and A. W. S. committees and as class vice-president; LeRoy Edwards is a member of "A" Day Committee of the A. W. S. council, was on the Prom Committee and was in charge of the recent Carnival Ball; Horace Swenden has been secretary of the Student body during the past year.

LeRoy Skanechy, Clifton Vernon, and Scott Nelson will contest for Student Life Editor. Skanechy is an associate editor at present; Vernon was associate editor at the B. Y. C. and has been correspondent for the student paper for a couple of years; Nelson was editor of last year's Buzz; and Allen, Lilly-white, editor of last year's B. Y. C. Annual.

Nora Blood will serve as secretary, without contest, as there is no other candidate.
There are six candidates for Executive committee from whom three will be selected. They have all had executive and committee experience of various sorts. They are: Horace Adamsen, Daken Broadhead, Charles Griffin, Vernal Harris, Serge Benson, and Alvin Morgan.

Otis Marler is cheer leader by acclamation and Alma Pond and G. H. Bingham will fight it out for song leader.

Dr. Cowles to Bring 20 Graduate Students

Dr. Henry C. Cowles, nationally known authority on Baux, who is coming to the College for the third time as a member of the National Summer School faculty, plans to bring with him this summer twenty of his graduate students in Baux. The facilities for the summer school are so abundant in the vicinity of the college and Logan that Dr. Cowles was prompted to make this move. The visiting graduate students will come from the University of Chicago, Dr. Cowles stamping ground during the winter term.

OSTLER TALKS ON HAWAII

Danahy Ostler will talk to the Oremopolis club Thursday evening at 7:30 p. m. in the faculty room on "Hawaii." The election of the club's officers for next year will be held during the same meeting.

DRILL DELAYED

SALT LAKE CITY, April 20 (By RMIPA) The University of Utah, taking the affirmative of the question: Resolved that military training should be elective at landgrant colleges, defeated the University of Arizona in a debate held recently.

President

BUDGET SYSTEM

For a general administrative policy for 1927-28, I favor the retention of budget system as they are now practiced.

There should be appointed or elected by the Executive Committee a standing Budgetary and Finance Committee, a Program Committee for Student Body meetings, and a Committee on all Student Body awards. The Budgetary and Finance Committee would check up on departmental officers and endeavor to bring closer cooperation between them and the Student Body Officers. Committees for such activities as "A" Day, Athletic Banquet, Per rallies etc., should not have more than one Executive Committeeman on them.

The present method of issuing class cards through the Secretary's Office should be continued.

The constitution should be lived up to or changed. The A. W. S. should receive more financial contribution from the Student Body Organization.

Sincerely
MERRILL JOHNSON

PROMOTE HARMONY

All of us are interested in promoting a spirit of harmony and cooperation in student body affairs. If we are to realize our aim we must seek to do away with the things which cause discord.

In trying to solve the problem, I see a need for two departments from our past administrations: (1) A more equitable distribution of the benefits of student body funds as between men and women students of the institution; and (2) the creation of a greater incentive for Junior College students to remain in the school by allowing them a part share in committee work and other matters of student body conduct.

If elected to the position of Student Body President, I shall do all in my power to uphold traditions and assist for continued progress toward a higher standard of education.

HOWARD LINFORD

S. L. Editor

MORE FEATURE STORIES

Of all creatures, the student editor of a periodical is least loved, hardest worked, most criticized, and unhappy. Yet, because the editorship of "Student Life" presents boundless opportunity for an interesting portrayal of campus life, of bringing unknown students forward, of getting jokes on the prods and snatching lightly suppressed scandal, I gladly pledge my services to the cause.

I believe that "Student Life" should have more feature stories—that all strenuously long, dusty news accounts be made shorter and more room provided for those of the spicy, local interest type. I do not believe in an over-critical, censorious, pessimistic and unconditionally destructive editorial policy; rather, I should favor one of democracy, encouragement, and constructive criticism.

SCOTT NELSON.

PRESENT POLICY UPHELD

The Student Life publication this year has been recognized as one of the best college weeklies in the country. As a member of the staff I can say that to maintain the policy of the present editor, that of facts, news, accuracy and devoid of cheap journalism, gave weight to those that are of value as news and not for the publicity of any organization, and when right, condemn when wrong and not sacrifice the character of the paper by too much humor, is the policy for which the paper now stands.

(Continued on Page Three)

LIBRARY FUND PLANS NEAR COMPLETION

COMMITTEE TO ENLIST STUDENT SUPPORT

Contributions Solicited

Contact to Be Maintained With Friends Thru Local Chapters

The plan whereby it is expected to raise an endowment fund of at least \$50,000 for the improvement of library facilities at this institution is approaching completion, according to Dr. B. L. Richards, chairman of the Library Endowment Fund committee of the college alumni association, which is fostering the movement. Serving on the committee with Dr. Richards are: Dr. George Stewart, Dr. W. W. Henderson, Dean Gay B. West and Prof. P. V. Cardon. George P. Barber, an alumnus of the college, now teaching in the Box Elder High school, has been elected executive secretary to assume general direction of the endowment fund drive. Mr. Barber will establish an office at the College sometime in May, and thereafter will devote his entire time to the work of the endowment fund committee.

The committee's plan is founded on the belief that every person interested in the future of the Utah Agricultural College is interested in helping to establish at this institution a library in every way adequate to meet instructional requirements. Before the close of the present school year therefore the committee hopes to place in the hands of every student, faculty member, alumnus and friend of the institution information that will enlist the support of everybody in helping to complete the library fund drive in the shortest possible time.

Pending a fuller announcement of the committee's plan of action, it may be said that the plan contemplates organization of local chapters of the alumni association wherever membership in a given locality justifies organization. Elsewhere, in Utah as well as in other states, contact with individual members will be maintained. Similar supporting organizations among students and faculty members will be formed and the matter of enhancing the work of these organizations through the enlistment of citizen groups is under consideration.

While making this announcement, the committee wishes at the same time to state that contributions to the library endowment fund need not wait on completion of the plan for conducting the drive. The receiving end of the plan is already in working order, and checks made payable to the U. A. C. Library Endowment Fund will receive proper attention if placed in the hands of any member of the committee.

A. W. S. and W. A. A. Elect 1928 Pilots

The Associated Women students held election for the coming school year on April 11.

Naomi Broadhead, present vice-president of the council was elected pilot. Linda V. Vroom was the one credit candidate for vice president and Gladys Hessel led in the voting for secretary.

Virginia Wardleigh as president and Ruth Zollinger as vice president of the Women's Athletic Association were elected by acclamation.

The other candidates on the ticket were Helen Holmes, Alta Hirst and Louise Shepard.

Ruth S. Delms, an authority on dancing, told Harvard undergraduates recently that modern dancing is little more than a "Raging duel."

Movie Muddled College Boys Snitch Signs

College humor seems to have not begun its campaign to correct the current misapprehensions regarding just what the typical college man is like and how he acts, a while too soon. Several weeks later the President's shingle vanished, to be followed shortly by the Secretary's. The deepest mystery surrounding their disappearance flared one night Joe Haverts Sr. happened to see on a dark, downy 5th floor when he glanced by chance through an open window in a residence which he knew to be occupied by college boys—there, on the wall, gleamed whitely the two wash room signs quietly disappeared. Perhaps this same room, with the movie clothing motif in its decorations, harbors the two missing shingles and the several faculty waste baskets which strayed more recently?

Worley and Broadhead Represent Aggie Coeds At A. W. S. Convention

Left Monday for National Sessions at University of Illinois.

The U. A. C. will be represented at the national convention of A. W. S. being held at Urbana, Illinois, this week.

Erma Worley and Naomi Broadhead left Ogden late Monday evening for the convention. Miss Broadhead, as president-elect, is being sent partially by the local organization. Miss Worley is attending the convention at her own expense, and will probably report the results of this year's activities on our campus regarding the taking over of society feature status.

The convention is held annually, one year being national, the next one, sectional. Last year it was held at the U. of California, southern branch at Los Angeles and 300 girls attended. This year it is national in scope and many more will be present. It is being held at the U. of Illinois.

Due to conditions here, our delegates will arrive a day late, those from the U. and B. Y. C. having left Sunday. However, Miss Worley and Miss Broadhead intend to make up for lost time upon arriving.

Following the convention they plan to spend a few days in Chicago with Jesse Anderson, an Aggie of last year, who is enrolled at the Art Institute. They will return about April 29.

Bows and Arrows Appear On Campus

Archery has made its appearance upon the campus. The A. W. S. is believing along with others that this gentle pastime made famous by William Tell, is the optimum kind of exercise for girls, have presented the girls of the school with a \$10 archery set—bows, arrows, target, quivers, everything.

Polly Rich and some other female athletes were giving the set a tryout last evening as we went to press. The sport promises to be a great drawing card for spectators. You should have seen Dick Bonney's face upon beholding all his hard work and money tied up behind the firing range; he came upon them completely unawares, not even Ralph Farver was working out.

All roads who are interested—all of you then—see Polly Rich—she has the new sport in charge.

Give every candidate for every job sober consideration—then vote for the best one.

ONLY SLIGHT CHANGES IN DAY'S PROGRAM

BIG CEMENT PROJECT IS PLANNED FOR

Peters to Talk

Afternoon Program Includes Games, Court and Dance.

"A" Day, which was once scheduled to be held last Wednesday and which had to be postponed indefinitely on account of the weather, has finally been set for next Tuesday, April 26.

The program for the day remains practically the same as it was outlined in the last issue of Student Life.

Everyone is to report on the campus ready for work and equipped with tools to work with at 5:00 a. m.

The Freshmen are to take the frontage from the center walk south to and including the amphitheatre. They are to bring rakes and shovels.

The Sophomores are to put in a stretch of concrete sidewalk from the main tennis courts north to the barns. They should provide themselves with square and round mouth shovels.

The Juniors are to clear the rocks from the back paths, put in culverts and repair the sandstone by the car larns. Juniors should bring picks and shovels.

The Seniors are to put in a retaining wall and walk at the Home Economics Cottage and level grounds around the green houses. Seniors will need picks, shovels and rakes. The Engineers are to clear up behind and around the Mechanical Arts buildings. They will need rakes and shovels.

The Faculty will take the frontage north from the center path. The (Continued on Page Four)

University And U. A. C. Glee Clubs To Appear Jointly

As was indicated earlier in the month, the Utah University Glee club and the Utah Agricultural College Glee club will appear in two joint concerts.

The first concert will be given at the East Side High School in Salt Lake City this Saturday, April 16. The second concert will be given in the Logan Tabernacle April 30.

In each concert the clubs will sing two numbers, ensemble and the remainder of the program separately.

Twenty-four Aggie glee-men will make the trip to Salt Lake. The orchestra will not go along. Admission to the concerts will be 50c.

Student Entertainers to Visit High Schools

Plans are being completed for the carrying out of scheduled trips of student representatives to the various nearby high schools, the purpose being in addition to advertising the U. A. C. to create an interest in the annual High School day to be held at the college some time during May. Several groups of college students, accompanied by faculty members, are to make these trips putting on short, entertaining programs at the high schools between Logan and Salt Lake on the south and central Idaho on the north.

Entertainers have not been prepared yet and the dates of the trips will depend on the date set for High School day. The programs will consist of musical numbers, readings and short speeches. The groups coming from our own campus will consist of members of the student body who will spend approximately two weeks in covering the designated territory.

COMPULSORY CHAPEL GOING

Having attended compulsory chapel for four years we could hardly help being intrigued by the hope that the following news item raised up in us.

WHITTIER, Calif., April—20 (I.P.A.)—Without a dissenting vote the student body of Whittier college has expressed its approval of a plan for voluntary chapel, this action to go into effect immediately after Easter.

Recommendations were made that a chapel fund be created to be placed at the disposal of the chapel committee, that Friday be regarded as the day for emphasizing student activities and dramatic programs, that Wednesday be voted largely to religious and devotional programs, and that on each alternate Monday there should be a program of music or other artistic entertainment. The experiment at Whittier is expected to be watched with interest by other institutions which require compulsory chapel.

It seems to us that some such sort of an arrangement is inevitably coming to every progressive American college campus. Why can't we be in the vanguard and enjoy the additional freedom such a move would afford? How much longer must students be subjected to preachments and oft repeated exhortations toward which they are at best apathetic? Not long, we believe. The pioneers are already on the field.

It always warms our heart to see a faculty member burst in to print. It is a fairly reliable sign that he doesn't completely forget his subject from 5 p. m. to 8 a. m. the next morning.

"A" Day came very nearly by a May Day.

Hot Air Abundant
Hyperborean Track
Gridiron Idol
Thetis Rollin' Along

The atmosphere of elections is conspicuously abundant when one studies the college halls these days. Banners, posters, cartoons and cards are all filled with kind words of praise for the many candidates. Next week at this time the "collegiate" virtues will have been forgotten and again they will assume the role of the every day student. To the defeated as well as the victors should go the glad hand of the student body for their having been chosen as candidates. It is a manifestation of a confidence placed in them by their fellow students.

Our track team is becoming acclimatized. Down on the field the other night, Romney was using ice-cream for relay tactics. He suggested that a skill event be substituted for the relay as five or six of the runners have been lost in the snow this spring. One "A" man forgot it was track practice and started fancy skating.

Rockne, the Notre Dame coach of mysterious football, will be a college Prof. here this summer. These high school and college coaches should receive a lot of credit from the exponent of the runningback game. And won't the little fellows in Logan hang around to get a peek at this monarch of football coaches?

Thoughts while riding:
An man remarked that he hoped summer came on Sunday this year so he could go fishing—why they still call the summer school a summer school—a student said our larger age was the mother tongue because father never got a chance to use it. Just 5 or 6 more chapels before school is out.
On Boy?

Coed Rush Season Over

Last Pledged Saturday

Bid System Successful

The formal rush season for sororities is over for another year. It closed with the pledge pledging last Saturday. Forty-eight bids were accepted, mainly by Freshman girls.

The first bid day came as a climax to a spirited rush season, the climax, that for winter quarter required a type which decided before the day arrived.
Thinking this season has "gone back" to the spring of 1921 for its precedent, and according to those in charge, seems to have proved entirely successful. The pledged members had to complete successfully a minimum of 24 hours with no less than 12 merit points in A and B grades.

The fact that very few girls were left ineligible to this last ruling is considered an additional honor to the system and the Pan Hellenic mode of rushing.

The following are the newly pledged members, some of whom are already experiencing cordoned privacy:
Signs Theta Psi: Melvina Hefeker, Arto Bolin, Iris Lee Mason, Geneva Schaub, De Etsa Holmgren, Trixie Peck, Fannie Spencer, Phillip Peterson, Thia Parks, Mary Ballan, Gene Gonsie, Edith Parkinson, Lucille Owen, Rita Hill.

Beta Delta: Annie Pearson, Margaret Pearson, Helen Hyde, Owen Klay, Lola Hansen, De Lone Sorvén, Leah Pownham, Wanda Holbrook, Margaret Hargrove, Maxine Floyd, Sarah Mearns, Veda Bartlett.

Sorosis: Maurine Ballard, Lucille Rankham, Thelma Pedersen, Orpha Blair, Arlene Valentine, Laura Faylor, Katherine Christensen, Cecilia Christensen.

Zeta Chi: Rosella Law, Mabel Dunn, Mary Hease, Bernice Hansen, Myrle Marshall, Ruth Bell, Geraldine Thornley, Helen Hargrove, Emma Holbrook, Anna West, Greta Fredericksen, Marguerite Lamb.

Speed hikers are one form of athletic activity participated in by the feminine sport enthusiasts at Montana State College. Our thirty co-eds have taken part in two short hikes preliminary to a mile and three mile hikes to be held later in the season.

Letters To The Editor

Nomination Speech Ambiguity Corrected

Editor of Student Life.

Dear Sir:
I would like to correct a mis-understanding which has arisen over a statement that I made while nominating Scott Nelson for Student Life Editor. Due to the fact that I used the common notation 198, some students apparently received the impression that I meant insufficient fraternity instead of insufficient funds. I am sorry that my ambiguity resulted in this misunderstanding, but it was not my purpose to criticize the Delta chapter, our National Journalistic fraternity.
Yours truly,
ROLAND MONSON.

Under The "A"

The Zeta Chi sorority continues at a progressive five hundred party Thursday afternoon at the home of Miriam Maycock. Eight tables were attractively decorated with spring flowers. Fruit salad and dairy fruit sandwiches were served. Twelve girls were guests of the sorority. Jessie Larsen and Donnetta Cox were house and silver. Miriam Maycock and Alta Harsel were in charge of arrangements.

Miss Margery Gowan spent the week end at her home in Salt Lake City.

The Phi Kappa Iota announce the wedding of John Christopherson.

Eern Owen was a dinner guest at the Pi Kappa Alpha house. Monday noon.

Revelyn Hodges entertained the Gamma Xi Gamma sorority at a bridge luncheon Wednesday afternoon at her home on Third North. Prizes were given to Gladys Smith and Florence Groves. Fifteen guests were present.

Howard Tanner and Harry Todd spent the week end at their homes in Salt Lake and Ogden, respectively.

"Dick" Stratford and "Brick" Smith attended the Military ball at the U. of U. last week.

Elnor Wood, Mearge Davies, Ned Ham, Naellia, and Stevens of the U. of U. were week end guests at the Pi Kappa house.

Arta Holm was a week end guest of Veda Moss at her home in Wyndham.

Itha Parks, Geneva Schaub and Margaret Hansen were dinner guests at the Theta house Sunday.

Pink Joffa, "Hot" Sanders and John Christopherson spent the week end in Salt Lake City.

Florence Burton of Nephel, spent the week visiting friends in Logan. She was a guest of Glenn Worthington.

Miss Lucile Blair spent the week end visiting her aunt, Miss Johnson, in Salt Lake City.

California Debate Commands Interest

Last Thursday's non-decision debate, in which Alden Lillywhite and Leland Skanich of the U. A. G. met the University of Southern California in town in the Aggie stadium still is a leading topic of student discussion. Sylvester and Donkey of California upheld the negative of the house. "Resolved that the only of new ideas which will be realized."

The question itself is at present one of deep significance, while the manner of debate, carried on in Oregon style, or by a process of cross-examination featured as something new and interesting.

The coast orators, clever, quick-thinking, and commanding the humorous side of the situation, were ably met by the Aggie defense, and the debate, as it progressed drew increased attention and applause from the audience.

The Oregon type of debate, new in the forensic field, has rapidly come to replace the old style, cut-and-dried, stereotyped form. The non-decision idea, along with a choice of questions more pertinent to the interests of college people have overcome much of the fear of boredom and lack of enthusiasm in debating contests which threatened the field.

Dr. Vickers and his committee are already planning the debate schedule for next season.

THE ROYAL SUCCESSION
"Most professors," President Little is quoted as saying, "teach their positions through a curious process. After securing their Master's degree, they write a thesis on some such subject as 'The Suspectors of Henry VIII,' and then are qualified to teach. A thesis subject is by definition a subject about which no one has ever cared to write before. 'This type of man is then put in charge of a group of freshmen. Some time some one springs up among the freshmen with the declaration that the suspectors of Henry VIII are the most important things in the world. Immediately the professor picks him out from the bag of ignorance in which the rest of the freshmen lie and starts him on the path to another professorship.' —Detroit News.

Le Roy Star and Kenneth Robinson were Delta Nu visitors last Wednesday evening. They attended the Fraternity annual party.

Herb Adamson was a campus and House visitor of the Delta Nu Fraternity Saturday.

Last Wednesday the Delta Nu Fraternity held its annual Easter formal at the Echoes Hotel. Leland Olson was in charge of arrangements.

Tuesday evening the University of Southern California Debaters were dinner guests at the Delta Nu Fraternity house.

The girls at the Home Economics Cottage entertained at an Easter breakfast, Sunday morning, in honor of the local board members of the college. A silver basket of daffodils formed a centerpiece for the table. Small corsages were at each place as favors. Those present were: President and Mrs. E. G. Peterson, Mr. and Mrs. F. P. Chang, Mr. and Mrs. Weston Vernon, Mr. and Mrs. R. E. Dornston, Mr. and Mrs. John G. Griffin, Mrs. Winston, Miss Elizabeth Lyman and Miss Alice Kewley.

Mr. and Mrs. Rutledge, Dr. and Mrs. Wynn and Margareta Folmer went to Fielding Sunday, to represent the Peace Society of the U. A. U. which took charge of the Sunday evening church service. A talk on "China" was given by Mr. Rutledge.

The home economics cottage received a beautiful carved brass tray as an Easter gift from the Clio club Saturday. The tray is very interesting in design and color and completes the color scheme used in the dining room of the cottage.

Co-ed Carnival Pleases "Outside" Refreshments Wallop
A. W. S. Triumph Again

The crowd, the music, and the decorations all helped to make the Co-ed Carnival, held last Saturday night in the Smart gymnasium, a "right down good party."

The decorations were in black and white with sympathetic coloring from whistles and horns.

The music, furnished by Denny Lewis and his Nite Hawks, went well with the punch and tellpops, even the biggest punch came from the refreshments said to have been served outside, and the booth where one took three shots at five of the august profs, was most exhilarating.

The committee, with Leah Edwards as chairman, might feel regret for the work it took to make the party so successful.

OR COSMETICS
As the neuritic said the psychopath, "I won't know I'm famous until my picture appears with a cigarette ad."

For Which We Give Due Thanks
An editorial in the "Stanford Daily" explains that we need not worry about shortening our lives by kissing a professional authority is quoted as saying that the best stimulation is healthful. Murray.

CLIQUE NOT NEEDED

WORK FOR SCHOOL
I'm an Aggie and proud of it. I believe in looking for the best, preparing for the worst, and taking what comes. So, no matter what my position is, next year I mean to work my best for my school.

CLIQUE NOT NEEDED
If elected to the position of Student Body Vice President, I shall do my utmost to please all.

CLIQUE NOT NEEDED
I believe that factions, cliques, and similar organizations have no place in the student body, as they tend to kill the democratic spirit which should exist.

CLIQUE NOT NEEDED
I believe that all appropriations for activities should be based on the practical value which students receive from such activities.

CLIQUE NOT NEEDED
If the responsibility of this office rests upon me, I shall work earnestly to further the welfare of the student body.

CLIQUE NOT NEEDED
Signed
RUBY STRINGHAM

S. B. PARAMOUNT
My policy, if I am elected to the position of Vice-President will be as follows:

1. Student body affairs para-

CANDIDATES WAGE SPIRITED CAMPAIGN

(Continued from Page One)

stands, and for which I stand in order that the college paper may maintain its present standing.

CONSTRUCTIVE CRITICISM
Student Life is the paper of the Student Body. No organization should hold a controlling hand where the student body is the recipient of the news. A college paper can be and should be made up of news of interest to all students.

It has a definite function in that it must exercise a careful presentation of student opinion, calling for a serious analysis of problems in which the institution is involved.

I present a platform calling for constructive criticism as the best means of pushing worthy objectives to the front and remedying the undesirable. I further advocate conservative enthusiasm and the giving of each of the paper departments its proper place and weight. Students, I ask permission to edit your paper next school year.

CLINTON VERNON.
Buzzer Editor

DIGNIFIED TREATISE
The Buzzer is the real reflector of school activities and accomplishments. If the students of this institution see fit to elect me as editor of the 1927-28 Buzzer, I shall be very desirous to make it as constant with our program as possible.

A yearbook is an embodiment of originality in all school affairs. It should combine a clever organization with a dignified treatment of the school life. If elected I will strive to put a year book before the students well deserving of the name "BUZZER."

"DAVE" HAIGHT
CONSIDER THE STUDENT BODY

"Platform," more or less, are seldom believed and never followed. Still, in the list of predictions, promises, prophecies, and precepts I have advanced, there is an element of truth and sincerity.

It should be my policy as "Buzzer" editor to first of all consider the wishes of the student body as the basis of my work. Next in importance, I believe, is the need of keeping the year book, and consequently the students, free from the discomforts of indebtitude.

I should select my staff members on the basis of willingness, ability, and experience; my hope should be to adequately portray every phase of campus life; and my aim—to get the book out on time.

ALDEN LILLYWHITE
FITTING THEME

The Buzzer should be a reflection of school life and spirit, a faithful portrayal of the college year. I believe that the Buzzer should be as well as a true picture of the spirit of the yearbook that unity of composition is important.

CHARLES GRIFFIN
EQUAL RIGHTS

If it is your pleasure to elect me to the office of executive committee, man I will consider myself as a representative of the student body; and to fulfill your wants will be my desire.

I believe it is the privilege of all students and organizations to enjoy equal rights in the student body.

I believe in a just distribution of student body funds.

I believe that funds should be provided to send an A. W. S. representative to the convention each year.

ALVIN W. MORGAN
Secretary

INFORMATION FILES
If I am elected to the position of Secretary of the Student Body, I will keep accurate records of the proceedings of all meetings of the executive committee and Student Body. I will promptly answer all correspondence and keep up-to-date files of information. With the same precision and accuracy, I will champion and safeguard "Student Traditions" and "Aggie Democracy."

MONUMENT TO PROUD AFFAIRS
2 young students in 100 active lines.

1. Fair apportionment of funds.
2. Monthly financial reports from classes, Student Life, and Buzzer.
3. A. W. S. I believe the A. W. S. should be one of the strongest organizations on the campus. It should serve as a body aimed for service, bring them in close contact with each other, and function as a social center for every A. C. Co-ed. I will do all that I can to promote the development of this association.

HORTENSE SWENSDEN
Candidate for Vice President.

Ex. Committee
UNBIASED JUDGMENT

As a candidate for election to membership on the executive committee for 1927-28, I hope to have the opportunity of serving you with unbiased judgment in all student problems. I realize the importance of the office and will work earnestly to do my part.

BONNE ADAMSON
GREATER COOPERATION

If I am elected to the Executive Council, it will be my purpose:
1. To attempt a judicious expenditure of Student body funds.
2. To secure a greater cooperation between faculty and student body for the purpose of furthering the general welfare of the institution.
3. To maintain the present social equality which is characteristic of our student body.
4. To maintain and advance, if possible, the position now occupied by the A. C. in furthering its activities. I would consider myself merely as a representative of the student body, and as such, use a policy of fairness and equity in all matters pertaining to it.

SERGE BENSON
ADEQUATE CONSIDERATION

It seems to me that the interest of the Executive Committee somewhat lags shortly after the beginning of each school year. Consequently motions are introduced to the council without due reflection on their importance, while other motions are killed without being given the consideration they merit.

JUST AND FAIR
I believe in supporting the activities that are truly representative of the entire student body and aim in favor of a democratic administration.

I think that the student body council should not be influenced by any group of groups, but should rather be "just and fair" to all organizations.

CHARLES GRIFFIN
