Other Business

Change the CIP code for the Ph.D. in Economics program to 45.0603 (Econometrics and Quantitative Economics). It is currently 45.0601(Economics, General). – Mateja Savoie-Roskos

This one will be okay if we don't shift from the four- or five-star designation. Trying to figure out how we prioritize these changes and need to see if it would affect performance funding. Should we consider a more formal process? Possibly set up a form in Curriculog for CIP code changes.

Motion to approve CIP Code Change made by Mateja Savoie-Roskos. Seconded by Jared Colton. CIP Code Change approved.

TABLED: Change the CIP Code for the Master's in accounting program to 52.1399 (Management Sciences and Quantitative Methods, Other). It is currently 52.0301 (Accounting). – Brad Lindsey | Chris Skousen
The department was seeking a STEM designation, and it turns out that some institutions have received the STEM designation. However, the CIP code requested is not a four- or five-star job designation. The designation would be removed with the change. This can affect the institution's performance funding and that is why this item is being table.
