# Stadium

High School Stars  
Twinkle In Stadium  
Track Opener Today

Visitors to Initiate Aggie Stadium to Spring Field Contests.

Today marks the first mammoth track and field meet to be held in the stadium. High school athletes will compete on the track and field in the second regional meet. Interest is running high especially among high school students and alumni, in anticipation of the out come of the meet. Ogden, Davis, Weber, Box Elder, Bear River, Fremont, Ogden, North Cache and South Cache will all enter teams for the first place honors. Season for season records established last year are sure to be before the onslaught. Logan high won the meet last year with a margin of one and one half points over Ogden. Preston by winning the division recently is a good bet to win today. Logan, Davis and Ogden will be strong contenders. Clark and Yount of Davis, Eanes, Kowallis, Rich and Turley of Logan, Merrill Smith, Kidd and Larsen of Preston are expected to be in the line up for the today's session. The meet will be directed by Coach E. L. Romney.

# CADETS APPROVED IN SPRING REVIEW

Inspector Wadill Pleasured With R. O. T. C. Appearance.

Major Edmund G. Wadill of the United States Army, made the official annual inspection of the Aggie R. O. T. C. unit Wednesday afternoon. The inspector was greatly impressed by the appearance and activities of the cadets and their high morale. He was particularly impressed by the appearance of the cadets at the college according to Major Wadill, the department of military science and tactics at the college. Major Wadill said that the students demonstrated thorough knowledge of the basic principles of military drill and tactics. He commended the work of the band.

At 10:15 a. m. the battalion, band and military sponsors assembled on the college quadrangle for regular review and inspection. Under the command of Cadet Captain Stark was inspected in the movements of the band. Cadet Major Rollins took charge of the sea coast artillery platoon work. For the first time in the history of the institution the sophomore class carried out the complete plotting room work without the assistance of advanced students. The inspector was well satisfied with the plotting facilities and arrangements. Drill of the band and air corps was also inspected. Barker with first year advanced students acting as position markers and basic students operating the gun. Under the command of Alma Rollins, major of the 135 mm gun was given. Major Wadill was well pleased with the condition of the guns and commented on the interest displayed by the students.

Major Wadill is in charge of R. O. T. C. training for corps area and has been inspecting schools of the western states since February. Yesterday he inspected the military unit at the Park City High school, today the unit will inspect the school of Salt Lake City. From there he will go into Montana and Wyoming.

Mr. and Mrs. Edwin Orme of Tooele with their daughters were Logan visitors over the week end.

# Notice Seniors

Students who expect to complete the requirements for graduation in the Summer Session 1928 should make application for graduation at the May 18th session. This purpose may be obtained at the Registrar's Office.

# Program of Day's Activities

- 8:00 A. M.—Meet visitors at train with autos.
- 9:00 A. M.—Registration in hall—Main Building.
- 9:30-12:00 A. M.—Scholastic, tennis, horse show and stock judging contests.
- 9:30-11:30 A. M.—Tour of campus.
- 12:00-1:00 P. M.—Lunch and band concert.
- 1:00-2:00 P. M.—Assembly.
- 2:30 P. M.—Region No. 1 Track and Field Meet at U. A. C. Stadium.
- FURTHER INFORMATION can be secured from your program or the bulletin board in Main Hall.
- VISITORS—Don't be afraid to ask for favors from any Aggie student.
- We want to make this day complete in every way.

# STUDENT SCENE OF SPRING FEST

One Thousand Participate in Yearly Musicale Sponsored By College.

The Sunfest Festival at the U. A. C. will be held this spring in the beautiful setting of the college stadium. The time for the appearance of the Festival will be from 9:30 a. m. to 11:30 p. m. Engaged in the direction of the production are: Albert J. Southwick, Frank Baugh and Superintendent Louis Peterson, all of the Logan city schools. President Peterson of the College will again be honored chairman; Professor Gates will have direct charge of the production.

It is expected that nearly a thousand people will take part in the festival, including students of the elementary schools, high school and college. One or two artists will be employed for solo work. The orchestra will be aided by professional musicians from Salt Lake City.

# Boys Hold Spot Light

National Boys week, a country-wide annual activity of the Boy Scouts of America, was observed at the college. Seven days of varied entertainment has been planned for Logan's future tax payers. Belatedly, a general meeting and scout council last Sunday, a citizenship day Tuesday, sports and contests Wednesday, fire captain's entertainment Thursday, and U. A. C. High School Day today, the week will end with a general assembly on Saturday at the Logan Fair grounds.

# Nothing But Straw

Hamilton, N. Y. By New Student Service.—While collegiate life may go merrily on its way, it is becoming evident that the regulation of states, by the restricted, of necessity, to straw elections. The research division of the College Trust's department of history and politics has discovered that election law in many states practically disfranchises 15,000 college students because they are not citizens of the state to which they belong. If he is registered the student may vote in the election of states, by mail. But usually he is not. The United States constitution to register. Only six states permit registration as well as vote by mail. The Federal Bureau of Education has estimated that 15,000 students are disfranchised by the regulation of states. Of these, the research workers at Colgate estimate that 12,000 are eligible to vote.

In the meantime Hoover continues as the favorite candidate in the numerous straw votes being conducted by the Independent. The results will be reported later.

# Award Day May 18th

Official award day at the U. A. C. will be held on May 18, according to Dean W. L. Wadsworth. The committee on awards and honors. At this time scholarship, athletic and other awards other than athletic will be made.

June Larson and Elythe Johnson of the week end. The their own week end.

# Freshmen Make Choice Of Their Class Leaders In Wednesday Election

Richards, Abbot Lead; Juniors Name Judah, Valentine For Office.

Officers for the Sophomore and Junior classes for next year were elected this week. In general the contests were close as some very capable candidates were up for consideration. The Freshmen class elected Frank Richards as their three year representative and treasurer. Herbert Griffin for president. The Freshman president for this year, was re-elected to hold that position. George Judah, for president of the Junior class for next year, Delone Valentine was elected vice president and Herbert Griffin for secretary. Orpha Fayor was elected from five candidates as a representative to the executive committee. Ann Peterson will represent the Junior class next year on the A. W. S. council.

# Co-Ed Graduate Chosen To Give Class Farewell

Phyllis Johnson First Girl Veterinarian For Long Period

Miss Phyllis Johnson, an English major in the school of Business Administration, has been named to the scholarship committee to act as valedictorian of the 1928 graduates. Miss Johnson is a first Aggie girl for many years to enjoy this distinction. Other members of the graduating class who were considered for the honor are John Benson, a 1927 summer school graduate, Roy Zollerger and Gwendolyn Smith. Miss Johnson was valedictorian of the 1927 graduates. She is a member of the B. Y. C. in 1925.

# Engineers Active

Mr. Barker, a representative of the Portland Concrete Association will lecture on the Highway construction. Thursday at 2:00 and 7:30 p. m. and Friday evening at 7:30 p. m. The lecture will be descriptive and comprehensive to those not studying engineering. Special attention is extended to any members of the student body who are interested in highway construction. These lectures will be very instructive.

# A Senior Class Warning

Reports from the secretary's office show that at least twenty percent of the graduates are delinquent in responding to the call for cap and gown measures. Monday May 7 is positively the deadline for this work to be completed. No senior will be permitted to take part in the graduation exercises unless he is properly capped and gowned.

Dr. Greeves has recently published a bacteriology for use in the school of medicine. The book is of a popular nature, supplying a great need in its field.

# EARL C. WALTER IS ANTI-MOCK FETE

Student Bidders Awarded Prizes For Judgment.

# STOCK SHOW

Educational Aspect Large in Matching Values.

Following in the tracks of leading agricultural schools of the nation, the Aggie club has with the hearty support of faculty members, arranged the details for a new event for this section of the country.

Club members from the president to the last member into membership have worked commendably in helping to work out the details of a week-end show and mock auction sale.

This mock auction sale promises to be a new and interesting amusement with our nationally renowned auctioneer at the black Col. Earl C. Walter, who by the way needs no introduction in this section of the country. It will also have an educational aspect for all who participate in the bidding and the general educational aspect. The educational aspect is that a committee consisting of the annual husbandry and stock and Col. Walter will appraise the animals listed for the sale. When the animal goes to the ring the students will bid on the animal and the one bidding the highest will receive a prize. The whole sale besides being a display of valuable animals will be the match-making of one student's best judgment. The fact that the mock auction sale is new to most of us in this section, and with the assistance of Col. Walter it promises to be the biggest event of the day.

# Woman's Privilege

"When women take over all the habits and practices of men they will be sure to bring about the downfall of the human race. The charm they strive so hard to procure," thinks one university professor, "is anything worth it in the Emerald of the University of California."

Another believes that "As for as right goes girls have as much by Lewis and it is crawling down the drain." "I don't know if you do," says a woman who is a member of the "I am not getting by with an number."

But another professor says, "Years we put woman on a pedestal and respect her a great deal, now she has climbed down it and is crawling down the drain in the dirt at man's feet."

"A girl does everything in the world to make herself attractive, she wants pretty clothes and she wants to be admired. She insists upon being well groomed and she wants to be admired and spoils it all. Smoking is a very unbecoming thing, and any girl who looks forward to losing her natural prettiness."

Says The Emerald in summing up the whole discussion, "After all it comes back to the same old story, a woman's right to be as she pleases."

# Seniors Annual Day Four-Year Climax Set For Early Date

Campus Functions in Forenoon—Campus Party to Follow.

May 16 has been officially set apart as Senior Day. The committee in charge, namely Serge Benson, Louis Bolander and Polly Rich are busily arranging a program for the entire day, which will consist mainly of various campus functions to be carried out during the forenoon, the annual Senior Chapel to be held at one o'clock, after which the entire class will depart for the wild and woolly mountains where they will be entertained for the rest of the day and evening.

The chapel program is being arranged by a committee consisting of Dean Edwards, chairman, Helen Broadhead, Lyle Skanich, Helen Stevens and Elvin Evans with co-conveners, Walter and the classes last will and testament of the class program consisting of Byrle Floyd, chairman, Merrill Johnson, Addington Mastindale and Ovis M. Gowan.

The seniors feel and hope that this function will be such a success that it will be established as an annual senior affair to be held by the seniors in the future, attending classes as a fitting climax to their four years of class studies.

# Buzzer Approaches Satisfactory End

Grand Superior Promised in New Year Book.

Daily the 1927-28 Buzzer approaches nearer to a state of completion. At the present time 150 pages have been proof read and returned to the Buzzer press. Early next week the editor is expected to complete the book with the purpose of completing printing arrangements and making the final proof. The book is an exact date for the appearance of the Buzzer, and from all indications we have not long to wait.

The Buzzer of this year is to be larger, contain new sections not found in the Buzzer of last year, and in many ways more completely satisfying and worthy of college students. The staff is preparing a new year book which will soon appear.

# No Alihi

University of Minnesota's best students do not work their entire day in the school. They do not, by virtue of his dual task, establish himself as the better student. The faculty of that institution was responsible for overturning the current fiction about the school. No numerous are the working students in the school who refuse to accept the employment in place of study. This may be due in part to the use of social excess as a dodge. Employment by students in the school is an excuse daily, that fifteen percent of the students who take jobs do so as a means of escape from the familiar "I'm working my way through school."

While the faculty members were willing to pay adequate tribute to the working students, the students themselves were unwilling to be urged prompt him to assume a burden, they are willing to take on the burden of the task, who are said to be numerous, have helped create this attitude.

# Granite Hi Home Ec Writes Thanks to A. C.

Salt Lake City, Utah, April 27, 1928. Dear Dr. Peterson, I wish to express to you our sincere appreciation for the most cordial reception extended to us on our recent visit to the College. Aggies tell about our dear U. A. C. to many a people. It would be made to be made before summer vacation and the college bookstore would sell them. It would be very interesting to be penant-shaped about 10 inches high and 12 inches long.

# One Thousand Prospective Aggies Guests of Campus; Contests Feature Program

# PLANS READ FOR CAMPUS CO-ED DAY

Activities to Include Spring Dance Festival—Carlisle and Gowan Direct.

Girls to Edit Special Number of Student Life.

An exceptionally varied and interesting program is promised for May 15th, date set for the annual spring festivities of the Associated Women Students, known as Co-ed Day. Each year the A. W. S. sponsors a number of activities of different kinds, the most important of the spring quarter being this Co-ed Day. The program is the main of a track meet and dance and other events under the direction of Mrs. Carlisle and Miss Gowan, and in which will appear the best athletes and most talented dancers from students of the College.

The Score Club, campus pep organization, is sponsoring a number of events. A special student body meeting, and a number of other events, are being made to the exact nature of the entertainment, well known to the students. The idea that it might be well for students to get as much as possible.

A special issue of Student Life will be published for the occasion, edited and put out entirely by the girls.

# Geologists Visit Ogden Canyon

Two truck loads of historical geology enthusiasts made a trip to Ogden Canyon last Saturday to study the rock formations in that territory. Forty-one students and one professor accompanied by Professor Reid Bailey of the Geology department. The group left at seven o'clock Saturday morning and was gone all day returning at five o'clock in the afternoon.

# Wanted: A. C. Stickers

Editor of Student Life, U. A. C.

Could you please publish my how written on another paper entitled "The Aggie and the Student Body" in the Student Life. I surely hope you will have the same opinion as I stated and also I hope you will speak with the head of the book store, U. A. C. and realize it. Thanking you in advance, Yours truly, M. SUZUKI.

"I wish I had U. A. C. stickers on my coat and trousers before starting from Logan," said my friend. Almost every college and university has its own stickers for pasted on. Before summer vacation many students get as much as a paste on their suit cases before going home. On the way home they will surely find that the beautiful U. A. C. stickers on their suit cases and might ask them something about our college. This should be a chance to tell them how U. A. C. is.

And also many students will attend the summer session of the U. A. C. and will surely find the stickers of U. A. C. because many of them will come from very far and will be sure to find the Aggies tell about our dear U. A. C. to many a people. It would be made to be made before summer vacation and the college bookstore would sell them. It would be very interesting to be penant-shaped about 10 inches high and 12 inches long.

# WELCOME TO SENIORS

With a thousand high school seniors as guests of the U. A. C., the sixth annual high school day is now in progress. Students from twelve different schools of northern Utah and Southern Idaho make up today's guests. For their entertainment, and to acquaint them with the institution, every possible stimulant is being applied.

The visitors were met this morning at the train by Aggie, by a special committee headed by Merrill Johnson and Elvin Evans. Following their arrival at the College, the games registered in the student body were held directly afterward contests were held in the fields of astronomy, art, automobile mechanics, book-keeping, botany, a bra-making, drama, English, French, German, engineering, English, forestry, music, Spanish, and stock judging. The winners will be announced, and the awards given in the chapel program.

Shoes pitching, and a stock show, sponsored by the Associated Women Students, will be held from 9:30 until 11:30, immediately following the contests. There will be a tour of the campus, followed by a committee consisting of Henry Bolander, Lyle Skanich, Miss Kewley, Merrill Johnson, Sidney Stock, Dave Haight, and other members of the staff.

Lunch will be served to high school seniors, and athletes competing at twelve o'clock. The special feature of the day will be the starting at 1:00 o'clock a special student assembly will be held. Contest work is expected to be more important this year than in previous years. More contest work is offered and more prizes are given. In some cases a \$25 scholarship will be awarded to the winners, and in some cases a third place will be given.

# Institute of Music Part of Summer Work

Hollis Dann of New York U. Will Head Faculty of Capable Musicians.

Dr. Hollis Dann of New York University one of America's best instructors in music, will head the institute of music to be conducted from June 15 to July 27 at the U. A. C. annual session. Other members of the faculty include Joseph May, Amey, methods, teacher of Chicago; Lucy Gates Brown, director of the Utah Grand Opera company; and a number of other head of community recreation of Salt Lake City. William Peterson, a student of the University of Utah, will give instruction on the violin. Samuel E. Clark and Mrs. Walter Peterson will give instruction in the piano. J. Southwick will give special lessons.

Eva Johnson a Theta of last year was the week end guest of Ella Benavise.

Orpha Davis and O. P. B. a Sweeten were expected to attend a business Sunday.

# Aggies' Take Note

At the regular school meeting on Wednesday, May 10th, the students will be asked to indicate their interest in the following program. Yes or no on their attendance card. The following program is being presented by the student executive committee to work with the students in the student body. The student executive committee will be held in the student body. The student executive committee will be held in the student body. The student executive committee will be held in the student body.

## Seniors! Today Is Yours

YOU, WHO are our guests for today, are probably aware that this is very different from your regular school days. As fine and illustrious as your high school may be, you should realize that you are the guest of a higher institution—a state school which is authorized to train high school graduates in vocations which they choose to follow. But, as formal and austere as the institution may seem to you, just remember that we expect you to become one of us today. Not only will you meet with your school friends, but with alumni of your school, and seniors of other schools, many of whom may join with us in singing our Alma Mater next year.

Become familiar with the Institution, ask questions about the student body, do anything but fail to have a good time. Welcome! Thrive welcome; and may your stay be profitable!

## High School Senior! Where Will You Be?

IN 1920 it was estimated that of 1000 pupils who entered public high schools, 725 reached the second year, 525 reached the third year, 449 reached the fourth and 418 graduated. Of those who graduated less than half continued their education, one-third going to trade schools and the other two-thirds going on to a college or university, 135 of the original 1000! Not only that, but disconcerting records show that although the college has taken on a much room growth as regards enrollment, the relative proportion to high school entrants is about the same or perhaps less; from 1890-1922 the number of high school students entering college was reduced by one-half.

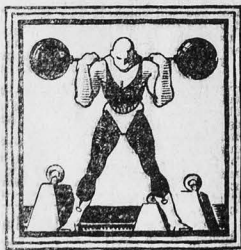

When next year school starts will you be among the 135? It is wisest and best to think seriously of your entering college. Perhaps you will have established yourself in a gainful occupation. At any rate don't let a high school diploma suffice for you and eliminate you from further advancement.

## Self Government For Aggie Students

DO YOU FAVOR an extension of our present form of self-government? You will have your chance for approval next Wednesday when the question will be put before you. Of course, this is largely a matter of personal opinion and students may wager pro and con on the merits of self government. With due regard for previous sentiment which may have been created through this column, this weeks editor strongly advocates more complete self-government on the part of college students. The "honor system" is an ideal for student life. An ideal built upon sentiment, tradition, and conduct. Can students so shape their conduct as to justify self-government? The faculty of this institution is willing to give them this opportunity if they so desire it. All the arguments against an honor system fall before the personal element of manhood and womanhood. There is nothing so basic in the lives of any of us as to not warrant giving this system a square deal. If "shepherd dogs" can be trained from the wolf breed, surely no one will intimate that students, with a capacity for clear perception, will have to submit themselves to animal tendencies even below that of the four footed creature. The ideal is good; it may take a while to become perfected, but with it may come other changes to break down the stereotype of our curriculum.

## WOMEN UTILIZE LEAGUE FUND

Loan Fund Established By Faculty Women's League in 1918.

Organized to Assist Women Through School Year.

Just ten years ago, in 1918-19, the U. A. C. Faculty Women's League established a Loan Fund to help college girls (preference being given to Senior girls) through school. The interest rate established in the beginning was 4 per cent for the first year. If for any reason it has been impossible to return the money at the end of the first year, the interest rate is automatically increased to 8 per cent for the second year.

The first deposit to this Fund by the League in 1918-19 was \$50. Each year something has been added to the Loan Fund. Prior to November, 1923, the Loan Fund had been increased solely through the Treasury of the Faculty Women's League, together with what interest had accumulated up to that time. In November, 1923, however, the first Loan Fund party was given to further increase the Loan Fund, since that time annual loan fund parties have been given, which have considerably increased the amount in the fund. In 1923-24 a special appeal was made to the U. A. C. Alumnae. From which \$32.00 was realized.

At the end of 1926-27 the total deposits made to the Girls' Loan Fund amounted to \$1237.67. During the present year (1927-28) the deposits amounted to \$140.75 and the interest to \$69.94. For the 10 year period 1918-19 through 1927-28 the Fund represents a total of \$1369.03 in deposits and a total of \$207.61 in accumulated interest. The fund given, which makes a grand total of \$1576.64 in the Loan Fund at the present time. The Fund now reached proportions whereby it is earning of itself an annual income of approximately \$65.

## BULLETIN

A. W. S. meeting Monday at 1 in chapel. Louise Shepherd will give report of convention and plans for Co-ed day will be discussed.

The Engineers are leaving on their general inspection of engineering projects in northern Utah. Dean R. B. West, Professors O. W. Israelson, Powell Feldman and L. M. Winsor are among the faculty representatives. The plans are to leave Hotel Eccles at 7 a. m. May 10. All interested in taking this trip see Dean R. B. West or Willis Tingey for further arrangements.

Gladys Tyson spent the week end in Brigham.

ual income of approximately \$65. At this time the entire Fund is out in twenty-three loans, leaving no balance. However, money will be available again in the fall to the girls when notes signed in the fall of 1927 fall due.

Since the establishment of Girls' Loan Fund 88 notes have been issued, which means that over \$4000 has been available during this 10 year period to lend and refered to girls who have needed financial help to finish their school work. No one has signed the notes with the girls; it has been purely a matter of their own honor, and no girl has ever failed to pay both principal and interest both promptly and gladly.

A detailed report of the Girls' Loan Fund as of May 3, 1928, is given elsewhere in this issue of Student Life.

## Explanation

In justice to manager Kathryn Yergensen of the Yergensen Teachers' Agency and to the Mountain States Teacher's Agency, Student Life wishes to explain an error that appeared in the last number of the campus paper, due to an oversight of both the printer and the Student Life management. Miss Yergensen's picture appeared by mistake in an advertisement of the Mountain States agency. The Yergensen advertisement appears this issue in its correct form.

Monday evening the Gamma Xi Gamma sorority held final initiations for the following girls: Ada Stannard, Bernice Guinney, Virginia Mauchant, Ruth Olson and Ruth Petersen after which refreshments were served to twenty-five girls.

The following girls motored to Provo Saturday where they spent the week end visiting friends: Connie Benson, Lucile Olson, Donna Benson and Marie Anderson.

Miss Ada Stephens spent the week end as a guest at the Gamma chapter house.

Miss Greta Frederickson spent the week end visiting with friends and relatives at Richmond.

The Sigma Theta Phi sorority held final initiations Saturday evening for the following girls: Maurine Gamette, Alta Crane, Marian Bennion, Ethelene Ashton, Leona Orme, Mabel Welling. Following the initiations a banquet was served at the chapter house. Pink and lavender sweet peas and lavender candles decorated the table.

## When Dad was a "Modern Youth"

BICYCLES, stereopticon lectures, and the "gilded" youths with their horses and cars; at night the midnight oil burning in student lamps while the gas lights glared and flickered across the campus—the gay nineties when Dad was in college seem primitive to us to-day.

Now it's sport roadsters, the movies, and radios. At night the MAZDA lamp replaces the midnight oil in dormitory rooms, while modern

street lighting sheds its friendly glow over the campus.

Without electricity we would have none of these improvements. To-day's marvel of electrical invention becomes to-morrow's accepted utility. In the coming years, by taking advantage of new uses of electricity you will be able to go so much farther that the "teaching twenties" will seem just as primitive as the "gay nineties".

Scientists in the research laboratories of the General Electric Company keep G.E. a leader in the field of electrical progress. Skilled G.E. engineers develop each latest invention. The G.E. factories carry out the engineers' designs with high-quality material and expert workmanship.

## Under The "A"

Merrill earned sophomore and  
member of the Alpha varsity bas-  
ketball team discontinued school  
this week end.

The chief trouble of the stu-  
dent is that he is afraid. There is  
something about the method of  
education that destroys the oppo-  
site element, which is not exactly  
course, but which we do not un-  
derstand. The method of life is  
the big item in your make-up.  
That is why a bookkeeper makes  
money. He is afraid. Dr. C.  
C. Elliott, president of Purdue Uni-  
versity.

Spiritual Comfort  
"I believe that if a man is head-  
ed for hell, he will reach it whether  
he belongs to a fraternity or not."  
—The Rev. R. R. Marshall, Presby-  
terian Church, Chicago.

Two editors of the Tower, lit-  
erary magazine of Dartmouth Col-  
lege, have resigned because New  
England laws by which they are  
governed differ with them on the  
question of what is immoral in  
literature and what is not. After  
having three of their stories re-  
jected, the editors decided that  
the law wins every time. The  
Dartmouths commented that the  
decency of New England, which  
throws into bold relief the in-  
equal elements of sin, is a par-  
asitic fungus of hypocrisy.

The Omega Tau fraternity  
party given Thursday, April 26, at  
their new home at 55 East 4th  
North was an outstanding party  
of the year. Mr. and Mrs. Char-  
les Myers were faculty guests.  
Thirty-four couples were present.  
The first part of the evening  
was spent in dancing. Then the  
party moved to the lawn behind  
the house, which was decorated  
with Japanese lanterns. The rug  
covered walks, the booths and  
shrubbery, and the canal that glit-  
tered by, afforded a wonderful  
scene in the colored lights. After  
a short program refreshments  
were served.

The entire evening was filled  
with life, movement and color,  
and everyone had an enjoyable  
time.

Last Saturday night twenty four  
members of the Fraternity club to-  
gether with their partners gather-  
ed at the Eccles Hotel to partici-  
pate in the first annual banquet  
and dance of the club. President  
Llewellyn McKay and Executive  
Secretary Alton C. Melville of the  
Fraternity organization were present  
and gave speeches in which they  
announced the election of one of  
the 40 Fraternity as University  
student body president.

Toasts were responded to by  
different members of the club  
during the banquet, and the  
evening ended in a successful  
dance. One of the special fea-  
tures of the evening was the en-  
tertainment furnished by Miss  
Margaret Edwards. Miss Edwards  
gave two of her original composi-  
tions that she has previously given  
over K. P. 1 Los Angeles.

Minor sports are attracting a  
great deal of interest on the  
campus at present. The golf bug  
struck the hilltop camp and as  
a result we notice a big schedule  
under way, including close to  
thirty players. Harvard golf ar-  
tists also are working out with  
unusual interest and from in-  
dications some close and hard  
fought title will be shared this  
spring. Nathan Greene has been  
selected by Coach J. J. J. to take  
charge of the sport. It is prob-  
able that a single tournament  
will soon be run off.

Are modern fighters getting  
back to the old time methods of  
training? Among the various re-  
ports resulting from Jack De-  
lane's sudden and unexpected  
trip to Shadow came the distur-  
bing rumor that the handsome  
French Canadian came into the  
ring intoxicated and had been  
ignoring the bottle just about as  
much as punching the bag up  
in his home town Bridgeport,  
Conn. Jack was asked "what  
about it" by reporters. To which  
Jack modestly replied that he  
never took anything more intoxi-  
cating than a glass of beer after  
workouts.

Miss Knott and Miss Gowans  
were dinner guests of the Theta  
Wednesday.

How Come?  
If an efficiency expert can show a  
pickle manufacturer how to make his  
business double its earnings, then why  
doesn't he go into that line himself?

# Farmers Open Track Season With Utah University Tomorrow

## Spilled Ink

BY GEORGE D. NEILSON

Tomorrow afternoon in Salt Lake, Coach Romney's Farmers track and field team will give the Farmers their first real opposition of the year, and from all indications they will be forced to the utmost by the Utes in the initial dual contest in Utah this spring. The Crimson Trackers squelched the Brigham Young Cougars by several points, and reports now have it that the Indians are out to add another scalp to their belt.

Local fans and wisecracks, however, can see nothing but victory for the Aggies for four seasons straight. Romney and his hilltop athletes have cinched the honors in the Rocky Mountain conference meet and already they are pointing to a fifth consecutive title. It usually follows that a potential conference winner takes everything in its path and it is on this assumption that the Farmers are being counted on to come through with flying colors in Saturday's competition.

Utah university tracksters at the annual Colorado relays held in Boulder last Saturday, left with two new meet records to their credit. Byron Grant, bettered the previous mark of 5 feet 8 3/4 inches held by Johnson, Colorado Aggies, when he cleared the bar at 6 feet 2 inches in the high jump, and the Utah medley relay, composed of Burton, Gillette, Jensen and Long, shattered the previous mark of 3:49 seconds, when he did the distance in 3:44 seconds. Colorado university won the meet. It gathered 12 points, just twice as many as Wyoming university and Colorado Aggies, both tied for second place.

Logan mat fans are slated to witness one of the greatest exhibitions of wrestling ever staged in these parts, tomorrow evening when Coach George Nelson of our own school tangles with Ed "Strangler" Lewis, world's heavy weight grappler. The local post of the American legion is sponsoring the bout and preparations have been made to seat approximately 1200 fans in the armory, where the mat will take place. Lewis is making an extended trip throughout the mountain and coast states, meeting all heavy-weight mat men with a reputation.

One of the best track and field meets of the entire season is scheduled for this afternoon with thirteen high schools of Region No. 1 competing. The college is sponsoring the annual affair, which will be held in the stadium beginning promptly at 2:30 p. m. Trials in the century, 220 yard dash, 220 yard hurdles, shotput, broadjump, discus and javelin will be conducted in the morning commencing at 10:30 a. m. Seven men will qualify in all of the events, except the hurdles which will include six.

## SPRING BALL SERIES ENDS SECOND WEEK

Pi Kaps and Epsilons in Vanguard With Two Wins—No Losses Each.

Rogers, Omega Tau Mound King, Has Edge on Other Twirlers.

### HOW THEY STAND

| Played     | Won | Lost | Pct.  |
|------------|-----|------|-------|
| Pi Kaps    | 2   | 2    | 1.000 |
| Epsilons   | 2   | 2    | 1.000 |
| Sigs       | 2   | 1    | .500  |
| Delta Nus  | 2   | 1    | .500  |
| Non-Frats  | 2   | 1    | .500  |
| Omega Taus | 2   | 1    | .500  |
| Phi Kaps   | 2   | 0    | 1.000 |
| Gamma Phi  | 3   | 0    | 1.000 |

Interest is waxing hot in the intermaral baseball series, which finishes its second week of play today. One game is played each day beginning at 4 p. m.

So far, the Pi Kaps and Epsilons are heading the list with two wins each and no losses. It appears that these two teams will have a bitter battle for first place. However, they may be counted upon to receive plenty of strong opposition from such teams as the Non-Frats and Sigma Chis.

The biggest upset since the beginning of the series was the overwhelming defeat of the Non-Frats by the Epsilons last Wednesday. The Non-frats, which are considered one of the strongest teams on the campus, were the victims of a terrific batting onslaught by the Epsilons in a virtual merry-go-round encounter, which ended with the latter on the long end of a 12-4 score. One of the best games staged so far was between the Omega Taus and the Non-Frats. This was a real pitcher's dual between H. Adamson of the Non-Frats and Harry Rogers of the Omega Taus. However, Rogers had weak support, and the game ended 3-2 for the Non-Frats.

An outstanding feature of the games played so far is the excellent pitching that has been exhibited. Harry Rogers looks to be one of the best twirlers uncovered as yet. This youngster is capable of putting so much speed and curve on the ball that even the catcher often has difficulty in placing his glove in front of it.

## MYERS, AG. FROSH TAKES QUARTER IN 'Y' CARNIVAL

According to reports from Provo, the "Y" relay carnival held last Saturday was, by odds, the most successful yet. Athletes from Utah high schools, junior high schools, junior colleges and freshmen from the Cougar, Crimson, and Aggie camps participated in the activities.

Of the Aggie entries into the meet, Meyers performance in winning the 440 yard dash was outstanding. Rasmussen of the "Y" did some good running in the short races.

This meet is becoming more popular each year and bids fair to be the outstanding invitational meet in the western division.

Professor Edlefson has accepted a scholarship for the University of California and expects to do research there in physics and colloidal chemistry.

## TRACK AND FIELD RECORDS REGION NO. 1

## MEXICAN ATHLETICS

"I'll have to marry that girl now."  
"Why?"  
"Well, she named her goldfish after me, and you know what that means."

A bootlegger is a man who can live off four percent.

A kiss that speaks volumes is seldom a first edition.

"If you were the last man on earth I'd prefer to marry an ape."  
"Does that mean you don't love me?"

"My gun let out a roar, and there lay a dead bear ahead of us."

"How long had it been dead?"

"Officer stop that man."

"Waifer?"

"He's a bootlegger!"

"Nevermind, there will be another one along in a minute or two."

"Coat checked sir?"

"No. It's all one color."

He—I can't see how you get into that bathing suit."

She—"Your darn rights you can't."

Man is made of dust and woman settles him.

"You look familiar."

"Well, I might be."

"Would you consider it improper if I kissed your hand?"

"Not improper, but decidedly out of place."

Absent-minded Prof. meeting his son—Hell-o, George, how is your father?

+++++ In the parlor there were +++++

+++++ three. He, the parlor lamp, and +++++

+++++ she. Three is company, no +++++

+++++ doubt. So the little lamp went +++++

+++++ out.+++++

It takes a lot of jack to get a jill of whiskey.

"I went to church last night."

"Any luck?"

"Didja fill your date last night?"

"I sure hope so. She ate everything in sight."

"Going to the big horse show?"

"Naw. I ain't got no horse."

Lindys Look Ends

Only 29 of 159 girls in South Hall at the University of Missouri would marry Colonel Lindbergh, if they had the chance. Eleven of the 29 were ready to marry the airman without hesitation; fifteen wanted to "date him" first, and three felt that "it wouldn't be bad at all" to stand beside so famous a man. Of those who voted negatively, 63 were in love with someone else; 17 said the Colonel is too popular; twelve did not care for his type; six were afraid he might be killed any minute, and three refused to marry a famous man and be known only as his wife.

Valley in Ocean

One of the deepest known spots in all the oceans is Nero Deep in the vicinity of Guam. Waters here have been sounded to a depth of 80,000 feet without finding bottom.

## HOME NETMEN WAIT FINISH OF UTE-Y GLASH

Outcome of State Neighbor Contest Holds Aggie Fate in Balance.

Provo Cougars in Line For Quick Championship.

STANDING OF THE TEAMS  
B. Y. U. .... 2 0 1.000  
U. of U. .... 1 1 .500  
U. A. C. .... 0 2 .000

SCHEDULE  
May 4, B. Y. U. vs. University of Utah at Provo.

May 11, University of Utah vs. Utah Aggies at Logan.

May 18, Utah Aggies vs. B. Y. U. at Logan.

May 24, 25, 26, Conference meet at Salt Lake.

When the University of Utah tennis team takes the courts against B. Y. U. in Provo this afternoon they will determine whether or not the Aggies are still in the state championship race. A victory for the Cougars this week over Utah would crown them state champions in three consecutive wins. If Utah wins she will be tied with B. Y. U. for first place and while the Aggies are in the cellar at present they would then have a possibility of going into a triple tie with the Utes and Cougars for the championship.

Victories over the Utes and Cougars in the home courts and the two remaining scheduled games of the season would do the trick, giving every team two victories and two defeats. However, if B. Y. U. defeats Utah this afternoon the title goes to them without any further dispute. The Aggies came within an ace of winning over the other two teams last week end but just missed the punch to put over the winning points. Against Utah they had tugged away two matches, lost one and were losing the fourth. When Fred and Cowley took the court in the deciding event it was the general opinion of followers that the Aggies would emerge on top. However, the young Utah freshman with a consistent upset the dope and gave Utah the match winning over his opponent in straight sets.

In Provo the following day the deciding conflict was being played between Lund Johnson, Aggies, and Paul Holt, Provo. Cannon, Aggies, won his singles; Johnson and Saxer, Aggies, won a doubles match; Dixon and Porter Provo, defeated Cowley and Christiansen in the doubles, and Dixon won over Cowley in the singles. When Captain Johnson of the Aggies took the court against Holt of Provo chances looked bright for the visitors. Holt won the first set, Johnson came back in the second with a brilliant driving game and copied the set, decisively only to see the young Cougar turn him down in the third and deciding set. The Aggies were nosed out on both occasions by a hair's breadth.

With one week remaining before the next Aggie match the local net men are determined to put in some hard licks and get revenge on their opponents. With out doubt the two outstanding men in the state at present are "Chick" Blevins of Utah and "Sanky" Dixon of Provo. While the Aggies have a well balanced team in Johnson, Cowley, Cannon, Christiansen, Cowley Saxer and Brechley they have been unable to hold their own in the play off singles against their opponents. Cannon of the Aggies has a perfect record with two victories in the lone singles.

It is believed that with one more week of good weather the Aggies will be greatly improved and the last two games of the season in Logan should uncover some first class tennis. The opponents will have the advantage of placing their men as they wish against the Aggies but the locals are endeavoring to develop two doubles teams that will cause their opponents trouble in the first two matches of each event.

Sorosis sorosis entertained at a house party Thursday night. Refreshments were served to 50 members and alumni.

Margaret Pearson spent the week end at her home in Brigham.

## He Only Did His Stuff

Our Laureate Gets Worse Each Week

### HAWLEY THROWS THE HAMMER

Fat Hawley steps into the ring. He burns in his eye. He grasps the hammer with both hands. And heaves a man-sized sigh. He throws back his sturdy shoulders. The handle firmly grips. The fans get close behind the leaser. He spins around upon his toes. And starts the dizzy whirl. The hammer raises from the ground. The dust begins to swirl. He spins once, he whirls again. The hammer's pull is great. It jerks Fat Hawley cross the ring. At an awfl speedy rate. His arms shoot up, his grip released. It is a noble pose. The ball begins to take the air. The fans yell. "There it goes!" It describes a near parabola. As Saxer would point out. The spectators holler to their friends. "Heads up! Look out! Look out!" The hammer finally hits the earth. For ball and earth must meet. The man runs out with measure. To measure of the feet. Fat Hawley stands with easy smile. Upon his handsome phis. The man with the tape, reads and gasps. "Two hundred feet! Gee whizz!" Fat Hawley quietly leaves the ring. His friends, Skunk, Zeus, and Tuff. Shake his two hands, but Hawley says "I only did my stuff."

—Bill Walther

## Crimson Meets Blue In Primary Track and Field Mixer at Salt Lake

Coach Romney will send an untied aggregation of track and field stars against Utah tomorrow. Untried in the honor of it will be the first taste of collegiate competition this year.

Dope is only relative in the best of analyses and against Ike Armstrong's tribe which sprang surprise by scalping the "Y" the Aggies are sure of real competition. Utah boasts an array of track stars although they are weak in the field events. Long, freshman sensation, Grant, another freshman, Jack Burton, Gillette, Jensen and Briggs are sensational performers.

Against Grant in the hurdles will be pitted Glenn Worthington the Aggie ace, and although Grant has been heralded as phenomenal, "Zeus" should hold his honors in both hurdle races. Burke, Robinson and Williams should score heavy in the half mile and two mile races and while Burton is conceded an edge in the quarter mile, Meyers should come through in very good time.

Long is booked to beat Worthington. Stewart, Meyers and Gillespie in the century and 220 yard dash by University backers but local fans can't see it that way. The unexpected is expected to come in this meet.

Warren Hawley looks good for the hammer and shot, and Smith and Phillips are sure point winners in the javelin. Nothing exceptional in either school has been uncovered in the discus and we can only hope for the best. Gudmundson and Call show fair in the high jump and Smith and "Goody" are ambling out well in the broad jump. Small, Call, Harris and Tate should score heavy in the vault. Second and third places will

## Pill Chasers Sign For Sure-Enough Four-Hole Tourney

Thirty-five enthusiastic golfers have signified their intentions of starting an honest-to-gosh golf tournament on our four-hole course.

The matches which start this week bring out some of the best cow pasture pool talent in the school. King Stewart, promoter of the scheme, will defend his imaginary crown against such dangerous contenders as Bill Smith, Daken Broadhead, Reed Johnson, Sharon Tate, Prof. R. Arnold, Henry Daines, Art Layton, and others.

The games will be nine holes long and the contestants may use any club they desire, whether it be a tack hammer or a combination mangle-nublick. The idea of the thing is to get around the course and drop the ball in all the holes with the least number of strokes. The winner will be decided by the process of elimination.

The Sorosis sorority held final initiation Saturday night for the following: Armita Hogan, Muriel Hogan, Ruth Smith, Evelyn Parkinson, Jean Pedersen, Claire Hulme, Naomi Reynolds, Augusta Madison, Audrey Bergeson, Millie McNeil, Thelma Johnson. After initiations they entertained at a banquet at the Bluebird. Faye Pedersen acted as toastmaster. Delone Valentine, Blanche Boudreau, Naomi Reynolds responded with toasts.
