POWERFUL IDENTIFICATION AT LOS ANGELES

First Week's Registration Approaches the One Thousand Mark

Figures Show Twenty Percent Increase In New Students Over Last Year

Greatest Increase Found In School of Agriculture.

MEN OUTNUMBER WOMEN

Splendid Showings Are Made in Schools of Commerce And Arts And Science.

Twenty per cent more new students are registered at the College now than were registered at the same period last year according to a report just issued from the office of the registrar. There is also a slight increase in the number of old students returning compared with last year's figures. In view of the fact that the College opened two weeks earlier than usual this year, the great increase in new students is regarded as an indication of an unusually successful year from the standpoint of registration.

A check of the registration figures shows that on Wednesday evening there were considerably more than nine hundred students registered. A large number completed registration yesterday and many more are expected to register next Monday and the succeeding days. Monday, October 1, the latter date is the one on which the College would have opened if the policy of other years had been followed. According to Dean F. (Continued on Page Four)

L. D. S. INSTITUTE SOON COMPLETE

New Building to Cost Fifty Thousand.

MODERN EQUIPMENT

Will Open For Winter Registration.

The new \$50,000 seminary building, located on the street North of the Smart gymnasium, will be completed about the middle of November. The brick laying has almost reached completion and work on the roof has already commenced.

In structure, design and the equipment the building is to be strictly modern. It contains three classrooms, ranging in capacity from sixty to one hundred, an assembly room which will seat three hundred, men and women's rest rooms, offices, reception rooms, and a large living room.

Furnishing of the building are to be of finest quality. A fireplace, rugs, upholstered chairs, settees, and other furnishings (Continued on page four)

Buzzer Program For Year Under Way

Where have you been this summer? And where are you now? These are the questions that the Buzzer has started from this year with the firm belief that this year the book will be a real live story of college activity, with enlarged life section.

Mr. Arthur L. Marble, registering for the first time at U. A. C. is here to take charge of photography work. Mr. Marble is former editor of the Weber Normal "Acorn", and the Boxelder "Boomerang". Having been staff photographer for those papers for some time he is well equipped to help enlarge the snapshot section.

Call on him to take your picture or for advice on the ones you take.

We need your contribution, and you may hand it in at the Buzzer office.

Laurea Bernhard Editor

Freshman Students Enjoy Fine Programs

Meetings Held On Friday, Saturday and Monday—Three Socials.

An extensive registration program calculated to welcome to the College the freshmen and new students numbered approximately three hundred, began with the first student assembly last Friday. President E. G. Peterson and Prof. Henry Peterson, in addresses, stressed the democratic ideals of the school and the importance of entering into the friendly activity of the student body at the beginning of the year. Invocation by Prof. W. H. Henderson and a piano solo by Miss Lucien Rogers completed the program.

Friday evening, Dean Dancy held a reception for freshmen girls in the girls dormitory. The following freshmen girls, with their parents, were present: Margaret Smith, Laura Nelson, Edna Smith, Evelyn Reed, Laura Lee Parker, Bernice Boyle, Ruth Bennett, Josephine Smith, and Esther Jackson. Sherbet and wafers were served to about sixty girls.

During the time of the girls reception, the freshmen fellows were having a rousing get-together in the gymnasium. The program consisted of stunts, and peanuts were features of the evening.

Saturday morning, the freshmen assembled in the chapel and were addressed by President Peterson, Dr. N. A. Pedersen, and (Continued on Page Three)

Tuesday Evening Is Date For Great Football Rally

Hotfire and Palama Parade to Start. Ceremonies—Dance at Palador.

A riot of fun is promised next Tuesday evening with the staging of the premier pep rally of the year. The football boys leave Wednesday for California, and they are going to get one rousing send-off from the whole student body in the form of a parade with the Legion Drum Corps.

The first feature will be a student parade beginning at Hotel Eccles around seven o'clock. Even the Legion will park themselves in their loaded palamas, and every able-bodied college man is expected to go and dance. The parade will walk up main and center streets and gather finally at a huge bonfire. There will be fireworks, and a few short talks by the snappiest leaders in Logan and everybody will yell the school yell and sing the school songs. Finally, the entire student body will proceed to the Palais D'Or and dance the remainder of the evening. Be there.

Jesters Meet Today To Discuss Plans

"The Jesters," a dramatic organization at the College will meet today to discuss plans for the coming year.

The club expects to meet at frequent intervals this year to study and produce plays of James M. Barrie, George Bernard Shaw, Eugene O'Neill and other modern dramatists. Plans are under way for their first big party. This organization was famous last year for its successful parties and entertainments. The "Jesters" produced "Mildred Dress" for Little Theatre last fall.

Freshman students who are interested in dramatics and who have taken active part in high school dramatics may hand their applications for consideration as members of "Jesters" to Professor Myers Mrs. Bell or to any of the officers of the club. Application cards should include the play and the part taken in it in dramatics and also the present position as controller, in charge of the budget for the coming year.

DRUM CORPS CALIFORNIA

Twenty-six Men Will Leave Wednesday For Los Angeles.

ARRIVE THURSDAY

Corps Will Drill and Play At The Game.

The Pipe and Drum Corps of Logan Post No. 7 will accompany the Utah Aggie football team to Los Angeles. The Corps made up largely of Aggie graduates and former students, has appeared frequently with the Aggie teams in important games. It has not only contributed to the general spirit but the Aggie performance of games won when the Drum Corps was present all about ninety percent.

The Logan Corps is one of the finest organizations of its kind in the country. They have taken part in National Legion Conventions on several occasions and have always scored remarkably well, particularly in view of their somewhat limited size. In 1925 at the National Convention in St. Paul the Logan Corps in competition with 72 other Drum Corps from all parts of the country was awarded fifth place. At Omaha the Corps was given seventh place, only eight points separating first and sixth place. The Logan Corps is the only one west of the Rocky Mountains to place in the first ten in national competition since 1925.

Members of the Corps who will make the trip and who will be Wednesday are: O. W. Edwards, manager and trumpet; Glen Earl, drum major; E. C. Peterson, cornet; master and trumpet; Arnold McCullough, Charlie Kohn, and Le Hansen, color guard; Asa Calder and Horace Taylor, bass drums; H. B. Johnson, B. Bateson, Percy Smith, Antone Peterson, Ray Peterson, William Garrett, Don Edwards, J. Edwards, W. W. Merrill, and Mill Bader, drums; and Vanez Wilson, Scott Dunlop, Grant Peterson, O. Lester, and C. C. Batt, Layon Earl, and Dr. E. L. Hansen, trumpet.

Local Score Club Joins Spur Society

Petition Accepted—Installation To Take Place In The Near Future.

The Score Club, recently organized girls' pep club which was very active during last year's athletic season, has been accepted by the Spur Society, national pep society which corresponds to Intercollegiate Knights. The chapter will be installed here in the very near future. An equal number of freshmen girls are chosen annually from each sorority on the campus, with an added number of non-sorority girls all of whom seem to best represent the college ideals of good sportsmanship, and participation in school activities.

There is a chapter of Spurs at the University of Utah, and the addition of the club here should be an asset to the College.

Wilford J. Merrill Is Campus Visitor

W. J. Merrill, graduate of the Utah Agricultural College and former secretary to President E. G. Peterson, made a visit to the college recently. Mr. Merrill who is now engaged in business in New York City is spending two weeks in Utah, visiting friends and relatives.

Following his connection with the College Mr. Merrill studied for two years at Harvard University receiving his B. A. degree. Since that time he has been employed by the Royal Baking Powder Company. His present position is controller, in charge of the budget for the coming year.

California Professor Praises Utah Art

Professor Lee Randolph Also Lauds The Utah Agricultural College.

"The Argus" a journal of art published monthly at San Francisco, contains an important article in the September edition by Professor Lee F. Randolph, director of the California School of Fine Arts and a member of the visiting faculty at the last session of the Utah Agricultural College Summer school. Professor Randolph writes on "The Art of Utah" "It is very optimistic about the present state of art in Utah and about its future here. He points out some of the contributions all ready made by some of Utah's leading artists and closes with the statement that many more are to rise from this soil. Professor Randolph concludes that Utah will be in the vanguard of creative work when the West finally establishes itself as a art center."

Speaking of the agencies which are encouraging in this section Professor Randolph gives great credit to the various educational institutions of the state. He especially compliments the Utah Aggie, Utah State College, Brigham Young University, and the University of Utah for their art work in this splendid institution. In the activities of Springfield and the Springfield High School. Referring to the Utah Agricultural College, where he spent the past summer, Professor Randolph adds: "I have seen the high scholarship and its importance in the development of agriculture. What amazed me is that the college has a live and progressive art department, ably directed by two talented and talented artists, Professor Calvin Fletcher and Professor Harry Peterson."

A. W. S. Reception For Women Students

Wednesday, Sept. 26

Ivy Smith, Blanche Larsen, Dallas Johnson Named As Committee For Function.

At the first official meeting of the A. W. S. committee for the year, plans were laid out for the annual reception of the Associated Women Students, given under the auspices of the council at the old building. The reception will be held at the Dormitory, as has been the custom of preceding years, on Wednesday, September 26, between the hours of three-thirty and five-thirty.

This reception is for the purpose of acquainting the new freshmen girls with their big sisters, or orienting them, socially, with their new environment, and of inspiring them a broader acquaintanceship. Designed as (Continued on Page Four)

New Path To College Now Open For Heavy Traffic

A new pathway leading southwest from the front of the main entrance of the college to the old building, now under construction, has been recently constructed on the U. A. C. campus.

The property joining the college on the south has been added to the campus and the construction of this new scenic pathway together with the tearing down of the old buildings that were on the property has been one of the major improvements of the Aggie campus this year. The work was under the direction of Emil Hansen, landscape gardener.

According to Professor P. V. Cardon, chairman of the campus committee, the entire campus at the head of Fourth North street will ultimately be converted into a more beautiful and inspiring entrance to the College. A beautiful building of some kind will probably be erected on the site. The road north of the college, entering the campus from the West will not doubt be fixed up and marked at some time in the future.

Gridders Are Working Overtime In Preparation For Strenuous Battle

Aggie Mentor Faces Task of Filling Gaps.

LARGE SQUAD

Trojans Promise to Have Formidable Line-up.

Aggie platoon artists are working overtime each day under Coach Romney in an effort to form an aggregation that will make a favorable impression against Howard Jones' steam roller eleven of Southern California when the two teams meet in the Coliseum at Los Angeles on the 29th of this month. The highly touted coast team, which from reports is stronger than ever, is greatly favored to bowl over the smaller Utahns. This explains largely why the Aggies are laboring so diligently, as Romney is trying to keep the score of the Trojans as low as possible. The officials engaged to preserve law and order on the field of battle are all men of experience and they should aid in making the game a first class event. Ralph McCord will referee, Bob Evans umpire. Gillette will act as head referee and the redoubtable Field Hanna will perform as field judge.

In the Aggie camp the outlook at this time is not as optimistic as might be. To fill the gaps left by his last year's stars, Romney has willing recruits working their hands off to outdo each other but they are new men and comparatively inexperienced. "Smiling Dick" Logan has already begun his task of holding these newcomers among his veterans to (Continued on Page Three)

Coach Romney

For nine seasons Coach E. L. "Dick" Romney has coached Utah Aggie football teams. In that time his teams have scored a percentage of just a shade better than 97. Only one team in the conference, Colorado Aggies, has scored more victories over Romney's teams than the Aggies have scored over them. He still has a 4-3 edge over Utah.

He gets one of his biggest tests this season when he has to build a team with eleven "young" men, most of whom are new regulars. Even at that we believe he will come through. Lack of material would be the verdict if he doesn't, and the boys would never allow that to be given.

Library Fund Drive Reaches First Mark

New Goal Is \$100,000—Drive to Be Conducted Among College Funds.

With \$30,000 already pledged in the Annual Library endowment Fund drive, a campaign will be started in the next three weeks to raise the fund to the \$100,000 mark, according to G. P. Barber, alumni secretary. Unlike the campaign of last year, which was conducted almost entirely among alumni of the College, this year's drive will be among the many friends of the College who are not listed on the alumni roster, supplemented by contributions from alumni who did not sign on the dotted line last year.

Considerable enthusiasm was (Continued on Page Two)

Housing Facilities Many According To Coach J. R. Jensen

Coach Joseph E. Jensen has had the housing problem of the students in his hands for the past ten years and reports that he has recently been able to find more places for students requiring room and board. If anyone in school is having difficulty in getting located for want of information, Coach Jensen is the man to see.

Placing students who come to Logan for exposure to education does not lack its complications. One student insisted on having a room from whence he could walk to school in ten minutes. After having had his request granted Coach Jensen had to find a room that he was able to cover the distance in five minutes. He applied for other quarters. Another student applied for a room for both a room and a barn. His desire was satisfied and he is now en route to school. The work was the purpose of making his way through school. A goodly number of the students are "bachelors" as has been the case in past years.

Professor Henderson, of the Seminary Department, is attempting to introduce something new to the College system by organizing a Collegiate Sunday School. Until the new Seminary building is completed it will be held every Sunday morning in the Fifth ward amusement hall. Realizing that students like to take advantage of the one opportunity in the week to sleep late, the hour has been set thirty minutes later than other Sunday Schools, therefore, it will not commence until 10:30 a. m.

Professor Henderson, who will speak next Sunday has not yet announced his topic, but it will probably discuss the relationship of religion to biology. Speakers at following meetings will be selected from among the finest than other Sunday Schools, therefore, it will not commence until 10:30 a. m.

FIRST CHAPEL HELD WEDNESDAY

President E. G. Peterson Talks To Students.

AMERICAN IDEALS

Dr. Linford, Marjorie Lamb On Program.

In the opening chapel exercises of the year President Elmer G. Peterson was the speaker, the subject being "The Great American Influence." President Peterson pointed out very effectively the more potent phases which constitute the great inheritances that we possess.

America has government schools which everyone is content (Continued on Page Four)

College Sunday School Begins Next Sunday

This year, Professor Henderson, of the Seminary Department, is attempting to introduce something new to the College system by organizing a Collegiate Sunday School. Until the new Seminary building is completed it will be held every Sunday morning in the Fifth ward amusement hall. Realizing that students like to take advantage of the one opportunity in the week to sleep late, the hour has been set thirty minutes later than other Sunday Schools, therefore, it will not commence until 10:30 a. m.

Volume XXVII, Friday, September 21, 1928. Number 2

The Initial Week

DURING the opening week of school students have been evincing joy upon returning to the institution, everyone has had an opportunity to part with between fifty and seventy five dollars registration fee, between three and four hundred new comrades have been partially initiated to college life, and the majority of students seem to be associated with quite a friendly attitude. All this is just as it should be.

The Utah Agricultural College is an institution of high ideals of which we are truly proud. It gives us occasion for joy upon returning. The opportunity which we all enjoy on registration day that of parting with that earned summer's wages helps us to appreciate our opportunities and make the most of them. The friendly spirit is the essence of our democratic spirit and should be cultivated.

Let us endeavor to promote the welfare of the College and thereby reap collective profits as well as individual. The old adage, "You get out of a thing no more than you put into it", is just as applicable to College life as any other field of endeavor. Now we buckle down to work.

Support Your Paper

STUDENT LIFE wishes to call an important item to the attention of its readers, which if heeded should add materially to the general effectiveness of the paper and at the same time advance the interests of the various College organizations.

In the columns of this organ should be reported all phases of College activity. The activities of the Student Body, faculty, individuals, fraternities, societies, clubs, class organizations, and every single organization on the campus should be represented if Student Life is to fulfill its mission. In accomplishing this purpose let every organization on the hip appoint a representative to submit to Student Life, not later than Wednesday of each week, any activities or items which might promote the welfare of the organization and be of general student interest. Consistent and enthusiastic representatives should be selected to handle this responsibility. It would be to our mutual benefit.

HOOVER, SMITH, AND THOMAS

Straw vote returns are becoming the diet of the newspaper reader. Another presidential year is quite evidently upon us and the most bitter struggle for this high office since 1916 is the prospect that there is some reason to believe that the enthusiasm and interest on both sides may surpass even that of previous campaigns. Several colleges and universities throughout the country will shortly be conducting a student poll. The University of California in Hoover's own state conducted a poll during the Summer Session in which the main finding seemed to be that Governor Smith was making great headway in getting votes of many who had voted for Coolidge in 1924. That seems to be the most definite thing about this whole election to the present thing, the fact that this will not be another complete submergence of the democratic party and its candidate. The lives of both these men, former Secretary Hoover and Governor Smith, should be a stimulus to the young men and women of the country. Both men have risen from obscurity to well deserved prominence, one on the Atlantic and the other on the Pacific coast. Governor Smith is the first of his immigrant stock to be nominated by a major party for the presidency. Coming from the sidewalks of New York his present position is an even greater tribute to his ability in view of the fact that our political parties have usually favored those of rural beginnings.

Norman Thomas, the socialist candidate for the presidency, completes a trio of great figures who began their lives in an environment of comparative poverty. Thomas was born in Marion, Ohio, but is not a member of the Ohio gang.

The Eternal Touch

Cochran Romney of the college looked up questioningly at the man who had entered his office and now stood regarding him gravely.

"And what can I do for you?" he inquired.

"I don't suppose you remember me," the visitor began, and seeing the look of doubt on the coach's face, went on: "I am Anderson of the class of '19. The year I left school I was very hard up and you gave me ten dollars. And I told you that when I had made good I would come back and remind you of it and pay it. So—"

"Go on," said the coach, bawling at him.

"Here I am. You don't happen to have another ten-spot on you, do you?"

Bobby: "Do you play football, Uncle?"

Aged Uncle: "No, lad."

Bobby: "Well, what did Daddy mean when he said that we could get a big automobile when you kick off?"

Give me the ready hand rather than the ready tongue.—Garibaldi.

THE FOG HORN

By Edgar A. West

There is a fog upon the lake,
And through the misty gray
There comes the roar the fog
horns make
To warn the ships away.

Beware! beware! the fog horn
means
The rocks and shoals are near.
Across the waters by the tones
For sailors to hear.

Through fog the sailors cannot see
Where all the dangers lie,
And so the car becomes to be
The servant of the eye.

Oh, would there were a horn to
When pleasure blinds the sight,
To warn us of impending doom
And guide us to the right!

Sergeant Callahan: "Why did you fail to salute me yesterday?"

Johnny Christopherson: "I am very sorry, sir, I did not see you."

Sergeant Callahan: "Good. I was afraid you were mad at me."

"Who is this guy Tentative, that sorority girls are always having dates with?"

BULLETIN BOARD

Student Body Today

The first student body assembly will be held today at 1:00 o'clock. President Lund Johnson, who is in charge, has arranged an entertaining program and all students are urged to be present.

Applications for the following member and assistant managers must be filed with the Executive Council not later than Monday noon, September 24: Manager of Socials and of Dramatics, Assistant Manager of Socials and Dramatics, Assistant Manager of Student Life and Assistant Manager of Football.

Lost.—One gold Ever Sharp pencil. Return to Student Life office.

LIBRARY FUND REACHES FIRST MARK

(Continued from Page One) manifested in alumni ranks during commencement last June, when the officers of the Alumni Association were able to announce that \$50,177 in cash and pledges had been received during the twelve months period from July 1, 1927 to June 1, 1928. With this tangible evidence of loyalty upon the part of Aggie alumni, it was felt that the campaign would be assured of the enthusiastic support of citizens of the state who have the welfare of the College at heart.

Dr. George R. Hill, '02, president-elect of the Alumni Association, will be in Logan sometime this week to confer with members of the Library Fund executive committee regarding plans for the campaign, and immediately following this meeting, steps will be taken to put the campaign in operation. Mr. Hill announces that the details of the drive have not as yet been worked out, but that the same strict economy that characterized last year's operations will be in force this year, in fact, an effort will be made to raise funds even more economically than was done last year, by means of considerable volunteer help and with less expenditure for literature.

UNDER THE "A"

Lloyd Theurer, last year graduate of the U. A. C. is principal of the Junior High School at Fort, Idaho, this year.

Melvin Bankhead is back to school this fall after an absence of three years. While attending school he was an active Episcopian.

Owen Alder, last year freshman who discontinued school at the termination of the winter quarter, is back on the campus this fall.

Leticia Blair, Aggie and Sorosis, and June Larsen, Theta, will register at the University of Utah this fall.

Neoma Reynolds, elected last spring to be secretary of the sophomore class this year, is attending school in California.

Ella Cranney, Theta, who has been teaching school is again "among those present" on the campus.

Margaret Dunkley and Emma Perucha, Thetas, who have been absent for a year are back on school again.

Poster Merrill, Delta Nu who attended the "A" two years ago but who was enrolled in the State Teachers' College at Chico, California, last year, is back among the Aggie ranks.

Alpha Davis is teaching in her home town, Malad.

Miss Ruth Bell, a former Aggie and a member of Zeta Chi Sorority will return to the Carnegie Institute in Pittsburgh this fall where she will complete her course in dramatic art.

Miss Verna Bunker, who has been attending the B. Y. U. for the past two years, is registered at the A. C.

Mary Henderson, associate editor of "Student Life" last year, is teaching Physical Education in the Junior High School at Malad, Utah.

Mr. Charni Parmar of India has been attending summer school at the U. A. C. and will continue his work here this year.

Merrill Johnson, Aggie Student Body president of last year, bid his friends good-bye last Sunday and boarded a train bound for Boston where he will attend the school of Commerce at Harvard University.

Helen Bullen, former Aggie and Beta left Logan Sunday for Boston where she will attend the conservatory of music during the school year.

Another who will leave the college ranks to preach about is Russell Humphreys, Delta Nu and member of the Community Players. Russell was very active in the dramatic field last year.

Mary Ballantyne, Theta, who took out her degree last year is now head of the Foods department in the Cedar City High School.

Florence Beckstead, last year Aggie, is now teaching in the Burley Junior High School.

A. G. Cranney, graduate is private secretary for the state Prison and Game Commission.

Henry Rampton, Delta Nu, is seed raiser for the state capital.

Scott Wilson, last year's editor of Student Life, is teaching English in Delta. His brother, Don, is back at school after a tour in the Panhandle circuit.

We have just been informed that one Aggie is studying at Wilmington, D. C. George Harris and Roland Monson are working on the police force. They are clearing the school grounds.

Chester Swygard and L'Grand Shilling are back doing graduate work.

Edith Woods, Sophomore of last year, is attending the Columbia University.

Ruby Stringham, 23, Sorosis and prominent Aggie, is teaching foods at the Fillmore High School.

Helen Pett, former library assistant, is doing secretarial work in Palo Alto.

Leonard Rampton and Pratt Alfred are back again after a years absence.

Bonnie Adamson, 23, who has been attending in student affairs during the last four years is teaching in the home economics department in the Arimo High School.

Emma Green, 23, is teaching home economics at the Tropic High School.

Mr. and Mrs. Alton Hansen, graduates, entered the ranks of fond parents when a baby girl arrived at their home, Sept. 14. They are leaving soon to spend the winter in Chicago where the father is studying medicine. Mrs. Hansen was formerly Miss Ora Packer Theta.

GRIDDERS ARE WORKING OVERTIME

(Continued from Page One) form a scrappy, winning team to enter the R. M. C. race. Captain "Alek" Smart is showing his old stuff at halfback. The Trojans have such elusive gentlemen to watch as "Joe" Call, "Zeus" Worthington, "Red" Wade and "Snowball" Welch who have shown ability in late scrimmages that will cause Jesse Hibbs, the great Trojan tackle, plenty of trouble. The forward wall is quite a problem to Romney. With "Bully" Gardner at center, "Doug" Bergeson, guard, and "Ed" Jensen, end, the only regular linemen back there remain four real jobs to handle. "Bob" Dahle and "Cy" Phillips are locking horns energetically for the end position. Ken Vanderhoff, the flaming red of "Jerk" Saker and "brick" Sorenson is scintillating back and forth for line assignments. "Gob" Judah, "Joe" Day, and Tonenals' Layton are showing line talent. The squad of 46 men must be reduced almost half by next Thursday, the day the team

leaves for California. This has acted as a stimulus to harder work and the result is Romney eleven at the beginning to present the speed and precision of a fighting Aggie team.

Jones Trojans have been one of the leading teams in the country for several years and this year indications point to a greater team than ever before. True, the great Morley Drury of all American fame will be missing, but the speed of Don Williams and Harry Edelson causes by smiles in the ranks of the coaching staff. Big Jesse Hibbs most feared tackle on the coast has a husky band of bruders to bolster the Trojan steam roller. Lamar, sophomore, is showing great stuff, other leading candidates for regular positions are Thomas Saunders, Tappan, Boren, Hoff, Anthony Barraker, McCaslin, and Galloway, all last year lettermen.

This California contest will give the Aggie coach a true indication of Aggie strength and should put the team in real trim for the regular conference season, which commences October 13. The unusually hard schedule finds the Aggies pitted against the toughest teams in the race.

The schedule with results of the same games played one year ago follows:

1927	U. A. C. Opp.
Sept. 29, U. of Southern California at Los Angeles	
Oct. 6, Montana Mines at Logan	
Oct. 13, Denver U. at Denver	
Oct. 19, Wyoming U. at Ogden	42-0
Oct. 27, B. Y. U. at Provo	22-0
Nov. 3, Colorado A. C. at Fort Collins	0-6
Nov. 10, Western State at Logan	39-0
Nov. 17, Montana State at Logan	6-13
Nov. 29, Utah U. at Salt Lake	0-0

Happiest Years of His Life
"Father, did you enjoy your self when you were a freshman at college?"
"Did I? Why, those were the happiest years of my life!"

SOCIETY

The marriage of Miss Mary Bennett, daughter of Mr. and Mrs. John F. Bennett, and Kenneth E. Smith, will take place Saturday, September 22, in the Salt Lake Temple. A large reception will follow at the Bennett home in Salt Lake City.

Both "Beck" and Mary are graduates of the A. C. Mary is a member of the Bonous Sorority, and last year's president of the Sigma Chi. "Beck" is a member of the Phi Kappa Iota fraternity and was Major in the local R. O. T. C. They expect to make their home in Salt Lake City.

Miss Norma Watkins 26 and A. J. Merrill 27 were married Thursday in the Logan Temple. Both were students at the A. C. Miss Watkins being a member of the Sorosis Sorority, and Mr. Merrill a member of the Delta Nu Fraternity. The young couple are leaving at the end of the week for Chicago where the groom is studying law.

The farewell party for Willis Hayward, who is leaving in the near future for the German-Austrian mission, will be held in the first ward hall tonight at seven-thirty. Willis has been a prominent student in college life. He is a member of the Sigma Chi Fraternity, and has a host of friends who will wish him good luck and success in his labors.

All sorority and fraternity houses announce a satisfactory quota of tenants. The Sigma Chi and Delta Nu houses have been renovated and the Pi Kaps are moving from their quarters on the hill to the old Jones hospital at 261 E. 3rd.

A successful and pleasant school year is anticipated by all of the campus societies.

If at first you don't succeed remember that all co-eds aren't the same.

FRESHMAN STUDENTS ENJOY FINE PROGRAMS

(Continued from Page One) Dean F. L. West.

At 8:30 Saturday evening, the faculty sponsored an informal dancing party in the gym for freshmen and new students. A number of old Aggies turned out and helped to make a real "get acquainted" party for the fresh.

Meet me at Fitter's.
