Anniversary Aggie "A" Promises Spectacular Features

O'clock Wednesday Morning to See All Students Working

Final plans are being completed for the Aggie "A" which will be on display all day from time next Wednesday, April 27.

All men and boys will report eight o'clock at the main building to have their names checked and to be their work assigned. There will be several groups arranged for special forms of work, including college clubs and organizations.

Some of the special projects that will be undertaken include: attending to the main building, from the fountain down to the main building from home economics building, adding more of the in front of the institute, and a general clean up of the campus including the corner of 4th and 5th streets.

All men will work from 8 to 12 o'clock, and a total of 1200 will be on duty. During lunch between 12 and 1 o'clock a hand concert will be given.

At 1:30 o'clock there will be a special program by the Water club, which will be followed by a hand concert between the two organizations.

Following the hand race and horse race more entertainment is being planned in the form of a track event, a ball game between the "A" and "B" teams, and a chess match.

At 5 o'clock the day will be closed with a special dance at the Palace.

P. V. Cardon Gets Leave of Absence

Among the leave of absence granted for the year 1932 and 33 is that of P. V. Cardon, graduate of the Utah Agricultural Experiment Station.

Cardon, who has been granted, however, upon condition that he will continue to do the executive head of the experiment station. Outstanding Presidential Candidates Outline Program

Reuben Haslem— Appreciating the high standards and traditions of this institution, and the responsibilities of its Student Body President; I will, if so appointed, maintain an open mind concerning all student body problems, and let publically waive any decision, only as it be for the welfare of the student body as a whole. I am in favor of co-operating with the administrative heads in attaining a higher standard of scholarship and in encouraging more genuine student interest. I believe the student body should retain and broaden its influence in the school, which is highly important factor in promoting the democratic spirit of our "AGGIES."

Ray Lillywhite— The greatest qualification of an executive is to be able to work harmoniously with his other officers and with the Student Body.

I greatly approve of the system and general purpose of the present administration, however, it is my idea, whether elected or not, to work for more democracy, greater feeling of equality, greater and more extensive participation in student affairs, both scholastic and athletic, by non-social groups of the campus, and at the same time, to continue and increasing the growth and advancement we have made, at Utah State.

Lloyd Harris— As a candidate for the presidency of the Student Body of Utah State for the school year, 1932-33, I stand for:

1. A full social program which will provide activities for the Student Body as a whole at low cost.
2. Unified Student Body support of all activities with the school.
3. The distribution of appointive offices among all the students of the Student Body, on the basis of personal qualifications and not according to the "Spoils System."

Postage Stamp To Honor Institute Of Labor Day

To encourage tree planting and to commemorate the 100th anniversary of the birth of Sterling Morton of Nebraska, who instituted Arbor Day in 1872, the Post Office department is issuing a special postage stamp, containing the date 1872-1972 and a picture of a tree.

President E. G. Peterson of the Utah State Agricultural college calls attention to the purpose of the stamp, stating that it is particularly to direct the attention of the youth of our country to the economy for tree planting.

The stamp will be available at the post office after April 22nd.

An extensive program of tree planting has been started by the forester's club of the college this year. The program was started by Professor E. G. Peterson, Under the direction of Professor E. G. Peterson, the forestry department several rows of trees have been planted on the campus, including rows around the barn and pastures.

In connection with the tree planting program, the association of some dozen trees made by Professor E. G. Peterson, Under the direction of Professor E. G. Peterson, the forestry department several rows of trees have been planted on the campus, including rows around the barn and pastures.

FESTIVAL CHOSEN AND ANNOUNCED BY WELTI

The "Saint Cecilia Mass" by Franz Werfel was chosen for presentation at the sixth annual festival of the Utah State Agricultural college. It will be given as a part of the commemorative exercises of the college, May 27.

The festival will be the musical production of the year as it is a brilliant conclusion to the work of Professor Welty, who is leaving in June for a particular study in New York.

Over a hundred music students of the college will take part in the production. The chorus has been organized by the school and principals for the production will be announced in the near future.

Vice Pres.'s Platform Ardis Larsen—lone Tabet—

Ardis Larsen— A liberal promotion of democracy, a broad conception of Student Government, a conception of direct judgement, and the election of true "Aggie" patriots—these are the ultimate qualities for which a Student Executive should strive.

The president, even in a particular, should cooperate with the student body in the most minute activity, without of course, submerging his own individuality in the process. Through suggesting plausible remedies for existing conditions he can bring his own ideas may be brought to his attention and consideration.

Should I be your choice for vice president, these are the conditions I will be proud to fulfill.

lone Tabet— My ideal of a Student Body Executive is one who possesses, namely, the power of deliberation without impartiality, the ability to govern without displaying egoism; one who shows by his actions that he is proud of the opportunity to serve his fellow students and will continue to always their best interests.

My goal is my ideal to be achieved, and I believe if I am elected to the office of Vice President; if not, then I think my ideal will help me just as much to become a better Aggie Student.

I shall endeavor to attain this goal, and I believe my loyalty as an AGGIE will still be paramount.
