Student Leadership Workshop Slated Oct. 3-4

LCDR Charles Brendler, conductor of the U. S. Navy Band, which will appear in Logan Monday evening at the fieldhouse, at 8:15 p.m.

Third Logan Concert Set by Navy Band

BY PAT WILLIAMS

Appearing here for the third time, the United States Navy band, under the baton of Charles Brendler, will play in the Utah State college fieldhouse Monday at 8:15 p.m.

LCDR Brendler has been with the band since 1917 when he came to fill a clarinet vacancy. In 1947 he was appointed Lieutenant Commander. He is assisted by Richard Townsend.

Approval of the President of the U. S. has enabled the band to make its first personal appearance tour since World War II.

President Calvin Coolidge signed the special act of Congress in 1925 which recognized this band as the permanent representative band of the U. S. Navy.

Soloists Named

A matinee for Cache Valley school students will be played Monday afternoon in the fieldhouse.

Featured soloists for the occasion will be Gordon Finlay, cornet; Frank Scimoeille, cornet; Harold Wendt, cornet; Homer Phillips, trombone, and Ben Mitchell Morris, tenor.

The band is under the sponsorship of the USAC Ilyceum bureau and the Cache Valley City Music.

Civic music members will be admitted free. Students and faculty members will be admitted by activities cards.

Selections Listed

The band, consisting of about 50 members, will play the following selections:

"Colas Breugnon Overture," "On The Trail," "Romeo and Juliet Fantasia," "The Wind Jammers," "Air Varie," "South Pacific Selection," "The Stars and Stripes Forever," "Hungarian Rhapsody No. 1," "Syncopated Clock," "Chicken Reel," "Tenor Solo," "Graduation Ball," and "Anchors Aweigh."

Cheer Leaders To Tryout Wednesday

Attention would-be Cheerleaders: Cheerleader tryouts, sponsored by the Booster Committee, will be held Wednesday, Oct. 1, at 3 p. m. in the main auditorium. Those wishing to try out will be viewed by members of the council and their names submitted to that group for consideration and selection.

"From all indications it appears that the athletic program at Utah State college is to enjoy a banner year. However, despite this spirit shown in grid circles, the Student Council is fearful of one dark spot manifesting itself—'what will the attitude of the students at large be?' Are they stirred or injected with a bit of the old school spirit?"

"The enthusiasm put forth by the student body has far reaching effects. Not only does its whole hearted support increase its own enjoyment of the various tussels, but community and state spectators are attracted when sparks of life are generated from our campus," commented Larry Porter, chairman of the Booster committee.

"We sincerely hope that the incoming freshmen will feel no fright in presenting themselves at this gathering as we are in hopes that the line up for this year will contain some new blood, vim, and vigor," he said.

Sen. Douglas To Speak Wednesday Cadets, Take Note

BY GEORGE MITTON

Sen. Paul Douglas, Democrat of Illinois, will speak at Utah State college Wednesday, Oct. 1, at 12 noon in the main auditorium.

The appearance of Sen. Douglas is sponsored by Pi Sigma Alpha, political science fraternity, in cooperation with the Cache County Young Democrats organization.

Demo Points

Senator Douglas, recent speaker at the Democratic national convention, is expected to outline points of the Democratic presidential campaign.

The senator served in the Marine Corps in World War II, and is a former professor of economics at an Illinois university. He has come to prominence in the Senate since the war, and also was considered for some time as a possible presidential candidate.

Several Speeches

His appearance here will be the first of several speeches on campus by political leaders. Pi Sigma Alpha, along with Student Life, and the county political parties, will bring both Republican and Democratic candidates to campus.

Among those who will speak here are Averell Harriman, Mutual Security Administrator, who will speak Saturday night in the fieldhouse, and Sen. Robert Taft, of Ohio, who will be here in October, plus many state candidates.

SEN. PAUL DOUGLAS
... Speaks Here.

Campus Sessions Designed To Improve Abilities

BY JAMES MORTIMER

Designed to improve the abilities of student leaders in campus organizations, sessions of the First Annual Leadership Workshop will be held Friday and Saturday, Oct. 3 and 4 on the campus.

Manager Named For Student Life

IVon R. Wall, senior student in business administration, has been appointed to serve as Student Life business manager, according to Monte Merrill, chairman of the publications council.

Mr. Wall succeeds Rex Gardner in the business position. During the summer, Mr. Gardner was drafted into military service.

A returned missionary of the Church of Jesus Christ of Latter-day Saints, Mr. Wall is also a married man. He is the husband of the former Janice Bevan of Tooele, an Aggie graduate of 1952.

Mr. Wall began his activities as business manager with this issue of the 'Life.

He is a son of Mr. and Mrs. John E. Wall of Logan.

Meanwhile, Student Life is looking for a photographer. Pond Reese, who was to have fulfilled the job, was taken into the Army during the summer. Anyone interested in applying for the photographic duties may contact editor James Mortimer, or Mr. Merrill.

IVON WALL
... 'Life Manager.

Under the general direction of Nora B. Thurgood, chairman of the executive committee, and vice president of the student body, meetings will get underway at 1 p. m. Friday.

"The reason for this workshop is twofold," Miss Thurgood noted. "First to get the viewpoint of student leaders, as well as a cross section of other student opinion, and secondly, to acquaint all student leaders and to discuss mutual problems."

90 Organizations

It is planned that officers of all 90 student organizations will be in attendance.

Aiding Miss Thurgood with arrangements have been Bonnie Reese, and Bob Turley, Faculty advisor is Prof. Don C. Carter.

Other meetings Friday will include an officers' session at 2 p. m. Miss Thurgood will talk on organization of a Presidents' Club, while Dick Merrill will discuss the social calendar, and Arnie Gilbert, student finance officer, will speak on "Financial Operation of Organizations."

Three Discussions

Three discussion groups will be held from 3 to 4 p. m. Deon Hubbard, student body president, will discuss student government organization. Miss Reese will speak on the union building administration and uses of the building, while Phil Sorenson of the council will talk about the awards system at Utah State.

With Janice Burton in charge of arrangements, a dinner will conclude Friday's activities.

Presidents' Breakfast

Saturday, presidents of clubs will attend a presidents' breakfast at 7 a. m. Discussion groups will reconvene at 9 a. m., and run until 10:30 a. m. A closing meeting will be held beginning at 10:30 a. m., and the football game pitting the Aggies against Wyoming University will be enjoyed at 2 p. m.

General secretary for the workshop will be Vera Stevens, student body secretary. The recommendations and findings of each discussion group will be recorded, and then incorporated into a permanent record.

Copies of the record will be filed in the Student Personnel office, and in the Student Council office.

Working with the committee is Gary Richardson, who is in charge of arrangements for the Presidents' breakfast. Several faculty members also are aiding the students in the workshop.

Get Appointments

Appointments to have Buzzer class pictures taken will be made during registration this year, according to Darrell Deem, Buzzer editor.

Pictures will be taken on campus, and will cost \$1.50 each.

CAMPUS CHARIVARI

Collegiate 'Loaf' Discussed; Pentagon News Reported

BY GEORGE MITTON

This column is designed to keep you well informed on the little things that are so important in college life. Things that don't make the headlines, but deserve comment. In short, good reading material for people who have nothing better to do.

There is something stimulating about registration, when everyone is filled with enthusiasm and school spirit. To the freshmen we say "welcome," and offer a few sage words of timely advice.

You are about to begin your education in earnest. You are to become "college-bred," which has been defined as a four-year-old loaf made with father's dough. Learning to struggle through registration is an important part of your college career. Don't let the lengthy lines discourage you—they serve a useful purpose. When standing in line you can't get lost. But make sure you're in the right one. Last year someone stopped to read the bulletin board and started a new line that extended to the third floor of the main!

Fair Game

Aggie graduate Ross P. Game, who filled this space with knowledge in last year's Student Life, sends a dispatch from Fort Lee, Va.

Several former Aggies, now officers in the army, are currently associated with the Quartermaster school at Fort Lee. Among them are Duane Christensen, Elmer Erickson, Ivan Summers, Henry A. Summers, Bill Voll, Frank Pond Reese, Russ Linford, DeVon Chatterton and Mark Carver.

Lt. Jimmy Garrett, former Aggie grid star, is now playing with the Fort Lee football team.

Brass Hat Highlights

Mac "Delphinium Patch" Gardner, former Student Life columnist and Managing Editor, is now stationed at the Pentagon in Washington. He sends us some ground floor information on conditions at headquarters. Lieutenant Gardner is encouraged at the prospects of early advancement. It seems that recently a Western Union boy went into the Pentagon to deliver a telegram, got lost for three days, and came out a Lieutenant Colonel.

With typical Gardnerian punniness he submits the following:

Indian Chief Shortcake died and chieftains from tribes all over the country came to attend his funeral. After the speeches and all, a couple of the top brass went up to the deceased's wife and told her that they would take care of laying the chief away for his trip to the Happy Hunting Ground. But she shook her head. "Uh, uh," she said, "Squaw bury Shortcake."

Genii—Us

And then there was the fellow who found a bottle on the beach and opened it. Smoke poured out and formed into an apparition with a tan rabbit under one arm. Truly the genii with the light brown hare.

Little Man On Campus

by Bibler

"Men, we lost a great game; the other team just got all the breaks, that's all."

"My brother's job as a trimmer in a candle factory keeps him busy Saturdays and Sundays."

"Doesn't he work during the week?"

"No, he only works on wick-ends."

Fastest way to become a man about town is to run into a speeding train.

A draftee claimed exemption on the grounds of poor eyesight—and brought his wife to prove it.

LIFE EDITORIAL

New Aggie Spirit Accompanies Large Student Enrollment

There's been a new birth on Aggie campus—just who the parents are, we can't definitely say, but the bouncing new arrival is very evident.

Walking from the Main to the 'Bird, or over to the library, or watching the Aggie football boys workout, this new arrival seems to be everywhere present.

What is it? A NEW AGGIE SPIRIT!

Many trite sayings could be pulled out of the hat about this old subject of school spirit, but we don't need to. About all you have to do is just be on campus, and you can't help but feel the new feelings.

Perhaps it's an anticipated larger enrollment that is causing the new spirit. Could be. Undoubtedly the "new deal" in Aggie football has had something to do with it. John Roning and the boys, at this writing, are unbeaten, unscored on, and on top of the league ladder. Let's hope they stay there, eh what?

With this apparent burst of new spirit, many opportunities will present themselves for students. The first opportunity will be Tuesday when new debaters report out to Dr. Rex Robinson in room 359 of the main building.

Debaters are but one representative of the campus, but an important one.

Another big opportunity for showing school spirit will come Wednesday, when cheerleader tryouts are held in the main auditorium, beginning at 3 p.m.

Under the direction of Larry Porter, these important persons will be selected. With enthusiastic football players, anxious to win, students should select carefully the persons they want to be the actual leaders of campus spirit.

These are only two phases of school life at Aggeland. Others will come along.

The birth of this new spirit has been accomplished. It's continued life will depend upon campus organizations, and students of Aggeland. There are boundless possibilities for aiding and abetting the growth of this campus.

You, the students, can you prove yourself? We at Student Life will try our "darndest" to give the kind of a paper that will create school spirit, but unless the students themselves rally around campus activities, and show intentions to participate and carry forward, this seeming burst of spirit which has characterized the pre-school days will be worthless.

How about it? What are you going to do?

"Best Thing In My Life"

Welti Begins Sponsor Work

By EILEEN GIBBONS

Alice Welti, who was named Honorary Sponsor Colonel of the ROTC at school's closing last spring, says "It's about the best thing that ever happened to me."

Her appointment to the highest rank is the Sponsor Corps was announced at June commissioning exercises for graduating ROTC cadets.

Alice, a senior, added this title

to that of Open House queen and attendant to Miss Utah State. She also has served on the Sponsor staff, on Agathon and Military Ball committees, and as a member of Chi Omega sorority.

"But the title means more than honor," says Alice. "It is a responsibility and a challenge."

She announced Wednesday that any new girl at the USAC who is a freshman or transfer student is

eligible to apply for the Sponsor Corps. She must be new at Utah State fall quarter.

An expected 130 applicants will be screened October 7, the new Sponsor Colonel announced. Sixty of those chosen by the screening committee will go before advanced ROTC cadets sponsors on Oct. 16. Cadets only will vote, and will select approximately 20 girls to make up a complete corp of 75 girls.

An honorary sponsor colonel is chosen yearly by a committee made up of senior sponsors on the sponsor staff, the sponsor advisor, and representatives from the faculty of the Military and Air Science and Tactics departments.

The Sponsor Corps is a service organization to which girls are elected as new students and in which they remain throughout their college life. The girls also provide half-time entertainment at football and basketball games and take courses in military science.

Essay Competition

Members of the senior class are urged to compete for \$5,000 in cash prizes offered by the National Council of Jewish Women for the best essays by fourth-year college students on the subject of "The Meaning of Academic Freedom."

The contest opened Sept. 15, and while entries will be accepted until Dec. 31, 1952, contestants are requested to submit their efforts as early as possible.

Essays of 2,500 words maximum, should be mailed to Essay Contest, National Council of Jewish Women, One West 47th Street, New York 36, N. Y. First prize will be a \$2,500; second, \$1,000, and third, fourth and fifth, \$500.

Alice Welti, new commander of the Aggies Sponsors, who already has distaff activities planned. (Student Life photo by Geo. Mitton.)

Outdoor Party Opens Events For Lambda Delta Sigma

Lambda Delta Sigma's first big event of the 1952-53 school year will be an outdoor party at Willow Park on October 6.

All members, friends, and interested newcomers at Utah State are invited to attend the party and become acquainted with the social fraternity, according to Dr. W. W. Richards, director of the L.D.S. Institute of Religion. Details as to time and place of meeting for transportation to the park will be announced later.

Lambda Delta Sigma is a religious social fraternity for all students who maintain the standards of the organization. They are the same as the standards of the L.D.S. Church, but students need not be members of the Church to belong to the fraternity. They must, however, take either a sec-

tarian or non-sectarian classes at the Institute.

Application for membership in Lambda Delta Sigma will be received during registration. Dr. Richards said. Blanks will be provided and all students interested in the fraternity should indicate it when they register by making application at that time.

Pledging is scheduled for Oct. 13, and applications should be submitted soon enough to be passed on by that date.

Chapters for men, women, and married couples make up Lambda Delta Sigma and all activities are included in a nominal membership fee.

Interested students should watch for announcement of Lambda Delta Sigma's first meeting, said Dr. Richards. It will probably be held Oct. 3.

OUT-OF-STATERS

Police Explanation Given For Cars

Information regarding procedure for students with cars bearing out-of-state license plates was recently submitted to Pres. Louis L. Madsen by police chief Eli Drakulich. The information is contained in the following letter, which is printed verbatim as chief Drakulich submitted it to President Madsen:

Dear President Madsen,

In reference to our conversation regarding students who are attending school at U.S.A.C. as non-residents, driving with out-of-state license plates, please be advised that these students may now obtain a temporary permit which will be good for the school year in which it is issued, then to be renewed.

The permit will give the student full driving privileges in Utah without the necessity of registering his car in the state.

Requirements are as follows: The student must apply in person, swear that he is not gainfully employed, swear that his car will not be used to take any passengers for hire, and prove that he is a bona fide non-resident student.

The non-resident statement must come from the registrar of the school, together with a certificate stating that the student is accepted for the quarter, and is registered to attend.

The car of the student must be registered in his home state in full compliance with that state's laws.

There is no fee for the permits, but they must be obtained in person from the State Tax Commission in the basement of the courthouse.

When the student has met all the requirements mentioned, a sticker is issued, to be attached to the windshield of the car.

It must be surrendered if the car is sold, or if the student ceases to be a student, or becomes gainfully employed.

The automobile so registered is not subject to Utah automobile inspections.

In checking with the Tax Commission I find that only five permits have been issued for the year and to avoid any unpleasantness and delay in checking of out-of-state cars being used solely by bona fide non-resident students I recommend that all out-of-state students make application for permits.

Your cooperation and assistance in this matter will be greatly appreciated.

Very truly yours,
Eli J. Drakulich,
Chief of Police

Skidmore Named Student Advisor

Dr. C. J. Skidmore has been named student counselor for the school year 1952-53, USAC officials announced Wednesday. He has been appointed on a temporary basis to replace Dr. Robert L. Egbert.

Dr. Skidmore, assistant professor of sociology, will be responsible for all orientation students and will spend one-third of his time with the Student Personnel office as chairman of the Personnel and Guidance Committee.

He will retain connections with the Sociology department as instructor and marriage counselor. Dr. Skidmore came to Utah State three years ago.

Assisting him in counseling students will be James Harris, a graduate student in psychology.

Cop: "You're about the worst driver I ever saw. I'm arresting you for driving through a red light; going the wrong way on a one-way street; hitting 50 miles an hour in the middle of town and you didn't pay any attention to my siren for ten blocks."

The offender's wife leaned across her silent husband, smiled sweetly, and said: "You mustn't mind him officer, he's drunk."

Aggies Invited To Police Ball

Aggies are being invited to attend the annual Logan City Policeman's Ball, with a special rate offered them.

The Ball will be held Friday, Oct. 3, at 9 p. m. in the La De Sa Ballroom. Students of Utah State, with their studentbody cards, will be admitted for 50 cents.

Money raised by the Ball will be used to defray certain expenses of the department, plus aiding needy families at Christmas time.

Attendant: "Your doctor is outside with a flat tire. What shall I do?"

Service Station Owner: "Diagnose it as deflation of the perimeter and charge him accordingly."

Band Positions Are Available

Students wishing to enroll in the Aggie marching band must do so before Oct. 1, reported John Phillip Dalby, director.

Those interested can contact Prof. Dalby in Main 34.

The band will participate in all home games and the games to be played at Ogden (College of Pacific, Salt Lake (U. of Utah) and Fresno, Calif. (Fresno State college).

Seventy-five members reported September 2 to prepare a show for the College of Pacific game.

"Band is taught daily at 1 p. m. instead of the time listed in the schedule," Dalby stated.

WELCOME BACK AGGIES

Who is he?

This chap represents thousands of young, red-blooded sons of great American families. He is ready to stand on his own, to carry his share of responsibility. He is preparing for a bright future and desires to train further toward his success. He wants peace, security, and a full life for his family and home. If need be, he is ready to defend his rights and his country. When called on to serve in defense of American liberties, he will be fully trained and equipped to fly and fight with the U. S. Air Force.

This is what he will do—

Today's college man will plan to stay in school and graduate if at all possible. If he is faced with early entrance into military service and possesses at least two years of college, he will enlist as an Aviation Cadet in the U. S. Air Force and choose between becoming a Pilot or Aircraft Observer. After a year of the world's best instruction and training, he will graduate into a real man-sized job and wear the wings of America's finest flying fraternity. Commissioned a Second Lieutenant in the U. S. Air Force, he will begin earning nearly \$5300 a year. His future will be unlimited!

How he qualifies—

He is between the ages of 19 and 26½ years, unmarried and in good physical condition, especially his eyes, ears, heart and teeth. After he has graduated from a recognized university or college, or has earned at least two years of college credits, he is eligible to enter the Aviation Cadet Training Program and will receive immediate processing for assignment to training. By sending for an Aviation Cadet application now, this Most Important Young Man in America Today will help bring about a peaceful tomorrow.

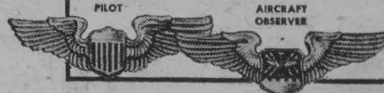

WHERE To Get More Details

Visit your nearest U. S. Air Force Base or write direct to Aviation Cadet Headquarters, U. S. Air Force, Washington 25, D. C.

200 High School Journalists Attend Meet

Nearly 200 Utah and southern Idaho high school journalism students and advisers attended the second annual journalism workshop sponsored by Utah State college Friday afternoon and Saturday.

Nineteen high schools were represented at the workshop, which drew about 60 percent more students than did the meetings a year ago, reported Dr. Carlton Culmsee, dean of the school of arts and sciences and head of the journalism division. Dean Culmsee was general chairman of the conference.

Moler at Dinner

At a dinner meeting Friday evening in the college cafeteria, Murray M. Moler, intermountain manager of United Press Assn., stressed the importance of freedom of the press as known in the United States.

Mr. Moler recounted many of his experiences as a war correspondent and warned against the evils of communism and other forms of government that suppress freedom of the press, distort the news, and use the newspapers and radio as instruments of propaganda.

The importance of straight, factual news reporting was also emphasized in the concluding session Saturday by Theron Liddle, managing editor of Deseret News-Telegram, who spoke on the subject, "Journalistic Freedom Means Responsibility."

Freedom Stressed

Mr. Liddle, who is Utah-Idaho chairman of a committee concerned with freedom of the press, laid much of the blame of undue government censorship onto poor handling of news by certain segments of the press in the past.

"There has been too much bad reporting and writing, too much biased reporting and slanting of the news by certain groups," he said, emphasizing, however, that the great majority of American newspapers are doing a good job of news presentation and are making an honest effort to serve the public.

He advised the high school journalists to learn early the fundamentals of good reporting if they would be successful in the newspaper business.

Get The Facts

"Learn to get the facts, to present those facts as plainly and clearly as possible, and remember that journalistic freedom depends partly upon journalists presenting the news in a truthful forthright manner and letting the public draw its own conclusions."

Strengths and weaknesses of high school reporting were discussed Saturday morning by Ray Nelson, managing editor of Logan Herald-Journal, who offered suggestions to the young journalists for improving the quality and interest of their school papers.

Better Annuals

In three sessions Saturday for yearbook staff members, Prof. Everett Thorpe of the Utah State art department, Harrison Conover, manager of the Art City Publishing Co., and Arthur Anderson of the David W. Evans Advertising agency instructed the high school groups on ways in which they might do a better job with their annuals, on such matters as meeting copy deadlines, dummied their pages more attractively, and using art work and photographs to best advantage.

Usable Pictures

Delegates especially interested in photography, on either newspapers or yearbooks, heard a lecture by Bert V. Allen, head of the Utah State photography depart-

ment, on how to get "A Useable Picture in Every Shot."

A clinic on newspaper makeup and headlines was conducted by Prof. S. P. Andersen of the jour-

nalism division. James Mortimer, editor Student Life, and John Stewart of the News Bureau. Several high school newspapers were analyzed for the group.

Greek Workshop Set Friday To Sunday

BY BETTE REESE

An annual workshop for Sorority officials will commence Friday with a banquet for sorority and fraternity officers and guests, at 6:30 p.m. in the college cafeteria, according to Joan Munk, president of the Panhellenic Council.

The workshop will continue through Sunday.

Speakers at the dinner will

be President Louis L. Madsen, Dean Leah Farr, newly-appointed dean of women; Preston Thomas, president of the Interfraternity Council, and Miss Munk.

Honorary guests will include Dr. W. W. Richards of the LDS Institute, and Dean and Mrs. Joseph N. Symons. Chairman of banquet arrangement is Jan Eggen.

"The purpose of the three-day conclave is to solve common problems and to promote further harmony among the campus sororities," Miss Munk commented.

Saturday's agenda includes a general meeting in the Commons Building for sorority officials. They will read the constitution and introduce the recently-published National Panhellenic Council Manual.

Roundtable discussions for the respective divisions of the workshops will be conducted by Bonnie Reese, heading the presidents; Naomi Jacobsen, treasurer; Ruthie Nielson, pledge trainers; Margaret Sutton, rush chairmen, and Ila Schoonover, house managers.

Concluding at a Sunday morning meeting, the members of Panhellenic will vote on previously-introduced proposals.

A few thousand feet remained in the ascent of Mt. Tallier as a family group struggled toward the summit. Leading the climb was Hans, then came Fritz, and last, their mother, all three roped together. Suddenly the rope behind Fritz broke, causing him to yell: "Look, Hans, no Ma."

Institute Ready For Classwork

An invitation to Utah State college students to participate in the 1952-53 program and activities of the Logan LDS Institute, adjacent to the college campus, was issued today by Dr. W. W. Richards, Institute director.

"We hope students will acquaint themselves with the Institute at the beginning of fall quarter, so that they can take full advantage of its offerings, rather than waiting until later in their college life," Dr. Richards said.

Extensive Offerings

The Institute has an extensive offering in both LDS and non-sectarian classwork. Twelve hours of credit in the non-sectarian classes are accepted by Utah State toward a college degree. A student can graduate from the Institute with 18 hours of credit.

Fall quarter registration at the Institute will be conducted at the same time as that of Utah State, Friday and Saturday. Schedules of classes and other literature will be available to all interested students.

In addition to classwork, the In-

stitute is headquarters for several religious and social activities for college students.

Starting this year, a sacrament service will be held each Sunday evening in the Institute chapel, Dr. Richards announced.

As in past years, Sunday school and Priesthood meeting will be held each Sabbath morning, and Mutual Improvement Assn. meeting each Tuesday evening.

40% Participate

More than 40 percent of all LDS students attending Utah State last year took classes at the Institute, Dr. Richards reported. There were 126 LDS stakes represented in the enrollment. An additional 30-40 percent of the LDS students at Utah State participated in extra curricular activities at the Institute.

Lambda Delta Sigma, LDS social fraternity, has its national headquarters there. Dr. Eugene E. Campbell, a member of the Institute faculty, is national president. Third member of the faculty is Prof. Wendell O. Rich.

More than 500 Utah State students last year belonged to Lambda Delta Sigma, which has chapters for men, for women and for married couples.

Renovations, Painting

The Institute is also local headquarters for Delta Phi and Beta Pi, returned LDS missionary fraternities.

Several renovation projects are now being completed at the Institute, Dr. Richards reported. A new curb and gutter and sidewalk have been added to the grounds.

New lighting fixtures, painting and refinishing of most of the inside of the Institute have given it new attractiveness.

The chapel, library, lounge, offices, classrooms, game room and Lambda Delta Sigma room have all undergone changes. A trophy case has been added, plus additional cabinet and storage space.

"We are about ready to start what we believe will be one of our most successful years," Dr. Richards concluded.

Veterans Should Plan To Pay First Expenses

Veterans attending school under the Korean GI Bill are advised by the Veterans Administration to make arrangements for enough money of their own to tide them over for about two months after they begin school.

The reason, VA explained, is that under the law, GI education and training allowances can't be paid until sometime after a veteran actually completes each month of training. Therefore, one month of the delay will be caused by the veteran completing his initial month of training.

Submit Certificate

The law also requires that both the veteran and his school or training establishment submit a certification to VA—after the end of the month—to the effect that the veteran actually was enrolled in training during that period.

This, too, takes time, so VA urged veterans, schools and establishments to get the certifications in as quickly as possible after the end of the month to keep the time at a minimum.

Finally, after VA receives the certifications, it must compute how much GI allowance each veteran is entitled to, and must mail out the payments. This process, VA said, normally will be kept down to 20 days from the date VA receives the certificate.

Allow Two Months

Because of all these factors, post-Korea veterans would be wise to allow for two months before they can expect a check from the Government, VA said. Afterward, of course, checks will come regularly each month, so long as they remain in training and their certifications are in order.

A veteran who starts GI training after the 20th of a month will have to wait several days longer for his initial payment, VA pointed out. The reason is that VA can't process his certification until after he has completed his first full month of training. Payments for both periods—the complete month and the few days of the preceding month—will be included in his first check.

Allowances Given

The allowances for veterans training full-time in schools and colleges under the new Korean GI Bill are \$110 for those without dependents; \$135 for those with one dependent, and \$160 for those with more than one dependent. Allowances for part-time training, on-the-job training and institutional on-farm training are somewhat lower.

The GI allowances are paid directly to veterans, and are the only payments made under the new Korean GI Bill. They are for the purpose of assisting veterans in meeting the costs of their training.

Aggies Face Toughest Foes In Pacific, Wyoming 'Pokes

BY ANDY HAYS

It will be rough sledding for the Utah State gridders on the next two Saturdays. Why? Because the Aggies will face two of the best football powers in the western circuits in College of Pacific Saturday night at Ogden and Wyoming, the conference favorite, at home on the following Saturday afternoon.

Saturday night's tussle will be played on the Ogden Municipal field beginning at 8:00 p.m. under the ranc, Pacific looms as a heavy favorite to win this non-conference tilt tomorrow based upon their size and speed and the company that the Tigers keep in their schedule.

Pacific Rugged

The Stockton based Pacific opened against California last week and story, COP tallied 17 first downs and 34-13. But that isn't the whole and 329 total yards against the Bears, one of the ten top teams in the land. Pacific led during the first quarter, 6-0, and trailed by only 13-6 at the half. Texas Tech, Santa Clara, Marquette and San Diego Navy are some of the remaining foes.

Burt Delavan, a 228 pound tackle and senior, anchors the huge Pacific line that averages 214 pounds offensively and 217 defensively. A half-back by the name of Tom McCormick will be the man to stop by the Utags as he has averaged 6.3 yards per carry in his two years at COP. He was the fourth leading ground gainer in the nation last year.

Paul "Babe" Dinan, Utah State's all-conference back, Don Gillespie, first string quarter back, and Charlie Hatch, first string end all will be out of action tomorrow. Gillespie is lost for the remainder of the season. Dinan and Hatch until next week.

Line-Ups Same

This means that the starting line-ups for the Pacific game will be the same as was listed against Montana last week.

George Hotchkiss and Matt Tronetti at ends, Rod Coster and Darwin Brown at tackles, Dave Kragthorpe and Eli Keolanui at guards, Lew Edwards at center, Barry Flenniken at quarter, Earl Lindley and Jack Hill at the halves, and Del Ray Campbell at full.

Defensively, the Aggies will put Joe Cippola and Ralph Cavallucci at ends, Dale Gardner and Larry Montgomery tackles, Dale Jasper and LaMont Lamb guards, Wendell Hess and Russ McGraw linebackers, Junior Bybee and Tom Lorenz at half-backs, and Bud Paul, safety.

Wyoming, although hurt by graduation, should have a much improved club over last year with Harry Geldien and Chuck Spaulding, two all-conference backs, in the same back field. With these two Buckaroos in the same back-field it will be a mighty potent 1-2 punch.

The game a week from tomorrow will be the first Aggie home appearance of the season.

Farmers Top Grizzlies, 7-0

BY ROD JENSEN

Utah State can thank the sensational line bucking of fullback DelRay Campbell, a robust defense and all-around gifted second half for its 7-0 squeeze over Montana last week.

And the Aggies and Coach John Roning are ready to heap praise on just about everyone, for the Missoula triumph gave Utah State a momentary grasp on first place for the young Skyline conference chase.

Coaches, however, were none too pleased with the showing of the Farmers against the bigger Montana Grizzlies. The game made it evident that much work is necessary to get a smooth of-

total, registrar W. H. Bell reported.

In welcoming the faculty to the initial meeting of the new school year, Pres. Louis L. Madson expressed optimism on the prospective enrollment and the college's program for 1952-53.

Each Dean then reported, and introduced new faculty members in his school.

sive attack.

The game story was simply this: Utah State had a better second half than Montana's brilliant first half showing.

Coach Eddie Chinake's Silver-tips just about pushed the Aggies out of Dornblaser Stadium before the intermission gun ended the one-sided half.

But after Roning's halftime oratory, the Ags responded brilliantly and proceeded to make the game a complete reversal of form in the last 30 minutes played deep in Montana territory.

A three-yard smash into the line

by Campbell gave Utah State its victory with 45 seconds remaining in the third quarter. Two eye-lifting catches of passes thrown by Earl Lindley and Barry Flenniken to end George Hotchkiss, set up the pay-off play.

Twice in the first half, the Bruins penetrated deep into Aggie land—once to the 10 and again to the 17. But each time faulty field goal attempts squelched the drives. A severe case of fumbleitis hampered the Aggie offensive considerably. The Farmers fumbled five times, recovering only once. Excellent punting, however, was a big factor in Utah State's success.

Optimism Voiced At Faculty Meet

Reports indicating an increase in enrollment, a successful season in athletics, early completion of the new student union building, and sound financial condition, gave an optimistic tone to the initial faculty meeting last Monday.

Applications for admission received to date indicate that fall quarter enrollment will be several hundred greater this year than in 1951, perhaps exceeding a 4,000

Traffic Regulations Arranged for Campus

A plan for enforcing campus traffic regulations has recently been prepared by Harold Wadsworth, superintendent of Buildings and Grounds. It will be effective Sept. 29, and has been approved by the campus traffic committee, Student Council, Trustees, and the Logan City Commission.

Regulations are as follows, Mr. Wadsworth noted:

1. All cars of students, faculty, and employees will display a numbered decal on the top center of the windshield. These decals will change each school year and will be given free at the time of registration, at which time a 1, B, M. card will be filled out, registering the car.

Get Decals

2. Violation tickets will be given for cars parked on the campus without a valid decal, and for cars parked out of place.
3. Cars will be parked in designated parking areas. Cars must not park along curbs painted red, yellow or otherwise marked for no parking.
4. Maximum speed on the campus in 20 m.p.h. but in certain areas is more restricted for purposes of safety. Appropriate signs indicate permissible speeds.
5. These regulations will be enforced by college authorities with full cooperation from the Logan City Police department.

Violation of these regulations calls for a fine of \$1 paid at the secretary's office within 48 hours of the offense.

Student Cooperation

"It is our hope that students will cooperate with us so that we can iron out our campus traffic difficulties," Mr. Wadsworth noted.

Parking areas will be assigned to students this year by classes. Each class will have a different decal color.

Areas are as follows:

1. Seniors—year-old building and animal husbandry buildings north of first three rows, east of parking (blue decal color).
2. Juniors—east of the TUB, east of rural arts, across the highway south of Lund hall, and west to 9th east. (Red decal color).
3. Sophomores—West and south of the stadium.
4. Freshmen—west of stock judging pavilion, south east of stadium, across the highway 80, south of the campus from 7th east to top of hill.

Not Available

These are the colors not available to student parking:

Along the curbs painted red, or yellow, or fire hydrants, restricted parking areas, as marked, and visitor parking areas.

Traffic tickets will be issued for: speeding, reckless driving, parking in wrong areas, parking any place on the campus without a numbered decal displayed on the windshield, parking in "no parking" areas, parking within 10 feet of a fire hydrant, parking on campus without a valid decal.

Students who believe that a violation notice is in error may appear before a student court of three members, which has the authority either to uphold the decision of the traffic officer and require the fee to be paid, or to cancel the fee.

Scholarships Offered

Dean J. N. Symons indicated this week that students interested in fellowships for graduate study at the University of Cullon, India, or in Latin America, or in scholarships for study (undergraduate or graduate) in Mexico should contact Dr. Marian Nielsen. Dr. Nielsen also represents the student personal office in caring for the Fulbright program.

The young lover was obviously feeling out a heavy line trying to impress the beautiful young girl at his side. "Those warm lips. And those beautiful eyes! Where did you get those eyes?"

The girl, unimpressed: "They came with my head."

Three Socials Planned For Aggies

If you are a newcomer interested in making acquaintances, or a former Utah State interested in renewing them, you won't want to miss the three big socials planned for school's opening weeks.

So states Dick Merrill, socials chairman, in announcing dances slated for this Friday, Oct. 10, and Oct. 17.

An informal "Get Acquainted Dance" for all students will open activities Friday at 9 p.m. at the Lade's. Excellent music and refreshments will be given from 2-5 o'clock.

On Friday, Oct. 10, a student-body dance will be held at the Lade's, with admission by student-body cards.

Utah State's annual Harvest Ball is scheduled for Oct. 17, according to Gary Richardson, chairman. Completed plans will be announced later.

Faculty Social On Wednesday

New members of the college faculty will be honored at a Faculty Assn. party Wednesday evening, Oct. 1, in the Logan LDS Institute of Religion.

Games, dancing and refreshments will be included, according to Dr. C. Jay Skidmore, association socials chairman.

Several other social events have been planned for the association members and their partners during the 1952-53 year. Dr. Skidmore said.

Annual reception for all college employees and their partners was conducted Monday afternoon in the Commons building, following the first faculty meeting of the year.

In the receiving line were President Louis L. Madsen, the deans and directors, Dr. Kenneth R. Stevens, president of the association, other executive officers and their partners.

Forensic Meeting Slated Tuesday

A meeting for all interested in debate and forensic work will be held Tuesday at 4 p.m. in room 339 of the Main building, according to Dr. Rex Robinson, director.

Dr. Robinson, who invited all to participate in the meeting, stated that he was particularly interested in students who have not taken part in previous debate work. "Freshmen and sophomores are welcome," he stated.

The debate squad is not selected by tryouts and anyone desiring to participate may do so, Dr. Robinson explained.

Proposition for debate this year is: "Resolved: That the Congress of the United States Should Enact a Compulsory Fair Employment Practices Law."

The national discussion question will be: "How Can We Best Combat the Threat of Communism?"

First tests for the debaters will come Oct. 30, and 31, at Brigham Young University, at the Rocky Mountain Forensic League Tournament. Other trips planned include trips to Denver twice, Lincoln College, at McMinville, Ore., University of Redlands, Calif., and others yet unscheduled.

Dr. Robinson, whose office is Main 376, is interested in talking with any student interested in forensic work.

AWS Secretary

There is now an opening in AWS for the office of secretary. Students wishing to apply for this position can get applications from the student body office. The deadline is October 5.

Col. Hill Heads Air Science Unit

LT. Col. Robert J. Hill has assumed duties as professor of air science and tactics in the Air Force unit at Utah State, Col. Karl C. Frank, ROTC coordinator announced.

Col. Hill has had two years experience as instructor of Air Science and Tactics at Oregon State College, Covallis, Ore.

A veteran in the European Theatre of Operations during World War II, Lt. Col. Hill is a bomber pilot with over ten years duty.

He is a graduate of the U. S. Military Academy, class of 1938, and has attended the Air Command and Staff School of Air University.
