AWS Officer-Balloting Today

FRANCES SHOUP

... Prexy Possibility

Voting will be conducted today for officers of the Associated Women Students organization. Booths are set up in the main hall, and all women students may cast their ballots until 5 p.m.

Vying for the presidency of the organization are Francis Shoup, and Palma Lundahl. Miss Shoup has served this year as vice president of the organization, and Miss Lundahl has been a class representative on the AWS council.

Candidates for the office of vice president are Julene Bunker, La Rue Farnes, and Joan Lee Wilson.

Three are vying for the position of secretary. They are Mary Rhodes, Orma Linford, and Jaileen Allen.

Retiring officers of AWS are Mary Helen Tweedie, president, Miss Shoup, vice president, and Miss Wilson, secretary.

The president-elect and Miss Tweedie will attend the national AWS convention, at Columbus, Ohio, April 2 to 5.

Last Saturday 45 AWS representatives from Utah State, Brigham Young university and the University of Utah held their first tri-school meet in the Aggie Union building.

Climaxing the conference was a summary report of the three schools on suggestions and improvements that will help set up next year's AWS activities.

Three topics under discussion were: freshmen orientation program, social events and educational activities.

Strong and weak points of the programs of each school were compared. Similar major problems were discussed and probable solutions suggested.

Miss Tweedie was the presiding officer during the conference. Tentative plans were drawn up for other tri-school AWS conferences. The first one is scheduled during fall quarter and another a year from now.

A luncheon was served in the cafeteria during the conference. On the luncheon program were Mark Bell and Diz Hurd who sang their version of "How Much is that Hound Dog in the Window?" and Sidney Reading who gave a humorous reading.

Aggie Photo Clinic Features Jo Reid and George Baker

Jo Reid, a professional model, originally from Salt Lake City, will model for 90 minutes Thursday evening for amateur and professional photographers.

Miss Reid's modeling will be a part of a photography clinic to be conducted by the college photo department, under the direction of Bert V. Allen.

Contest Continues For Fountain Name

STUDENT LIFE'S contest for naming the fountain room of the Union building is still open, with deadline for submitting names April 2.

As yet, no western names have been submitted by individuals or organizations. Since it is planned to have cactus plants in the room, a western name might be appropriate. Also, names which would lend themselves to treatment in mural paintings should be submitted.

Any who have submitted names already, and who desire also to submit a western entry, may do so. All entries should come to STUDENT LIFE, Box 75, campus.

George Baker, noted photographer will accompany Miss Reid and present a lecture and demonstration on photographing models and taking portrait shots.

Photo Dept. Sponsors

The photography department, in connection with Ansco film company is sponsoring the clinic. Mr. Baker is field representative for Ansco, and Miss Reid is their model.

The lecture and demonstration will begin at 8 p.m. in the lobby of the union building, and last for about an hour, following which Miss Reid will model for Aggie camera fans.

Mr. Baker is considered one of the top photographers of the west. He has taught at the Fred Archer school of photography, and was photo editor of the Los Angeles Times. He also wrote a photo column for the Deseret News magazine section for several months.

Magazine Cours

Miss Reid has appeared on several national magazine covers, and has modeled for Ansco for about two years.

All are invited to attend the clinic, Mr. Allen stated. "And you don't even need a camera for admittance," he said.

Memo For Would-Be Candidates

(Editor's Note: With studentbody elections only two weeks hence, the following editorial concerning elections is being reprinted from the Notre Dame SCHOLASTIC, by request. Certain minor changes to fit our local situation have been made in the editorial.)

Although studentbody elections are only two weeks away, the notices have gone up on the bulletin boards of the nominating procedure and the requirements for the candidates. Because that time is approaching, perhaps a few remarks directed toward potential candidates would be in order, admitting that said remarks are based only on observations and not on experience.

To begin with, we think the predominant emotion of your term of office if you are elected, will be frustration. You will work and work, talk and talk, going back and forth between administration and students. You will finally convince all necessary people that what you are proposing is correct and should be done. Then you will find out that most of your classmates won't even notice what you've done, or if they have they will just shrug it off.

The first time you make a plea for any kind of united action, unless it be to cheer at a pep rally, you will find that people are difficult to jolt. As long as they get three meals a day and get to down-town Logan often enough to avoid a complex, don't expect them to follow your fiery cross of reform.

Our first recommendation to you, then, is to realize that you can't change this particular world. It will be your job to try to modify the world somewhat in the way you see fit, but keep your feet on the ground.

You will find that being a studentbody officer consists in much more than sitting around waiting for a BUZZER photographer to take your picture for the officer pages of the yearbook. You will be attending every council meeting, serving on countless committees, making arrangements for everything from student trips to keeping the cafeteria open on Sunday mornings. But the people who make use of the arrangements you have made will think everything happened spontaneously.

Your main function, it would seem, will be that of a buffer and a scapegoat. You will be a buffer between the studentbody and the administration. You will take orders from both sides, try to keep both sides satisfied, and if you have any time left, try to carry out worthwhile programs and activities. And, make no mistake about it, you will be the scapegoat when a plan to serve beer in the union building is vetoed.

But, and make no mistake about this either, you'll be much better off if you don't try to push beer for the union building, or anything similar. It might be very logical to you, but that veto power is always there. You will make much more progress if you do all things gently, for, while radical revolutionary talk will endear you to the troops, it usually won't accomplish anything, and it will possibly ruin your chances of accomplishing anything else.

However, in spite of all the above, you will reap much enjoyment and satisfaction from service as a studentbody officer. That satisfaction will come in part from a picture in the BUZZER, and another line on a job application, but there will be much more. You will get experience in getting along with all kinds of people, which is always valuable, and you will know more, and understand more, about the inner workings of a university than the great majority of your compatriots.

But, most of all, we think, you will have the satisfaction of having tried to improve your lot, and you will have earned the right to gripe. It takes no intelligence to sit around the room and expound on what's wrong with this and that. It does take intelligence—and ambition, perseverance, and fortitude—to try to correct this and that. Talk is very cheap, and talk which will not be backed up with action has no validity. Only constructive criticism, from someone who is willing to act on his beliefs, carries any weight. The rest is just a rattling, and an empty wagon can do as well.

In any event, think before you run. After all, you will get your picture in the BUZZER.

Movie Cooperation Noted

Movies in the union building are now in their sixth week, and response has been gratifying to this cultural project.

In showing films in the building, one more function of the union building has been realized. In this venture, we are glad to note that strong cooperation exists between the local movie operators of Logan, and the union building movie committee.

Plans are now being discussed for joint projects between the Union building and the theatre operators, and final arrangements, it is reported, will be announced soon.

In the past, local theatre operators have given their support to college programs, and this cooperation and support has been appreciated.

Time For A Change In

HUBBARD'S CUPBOARD

BY DEON HUBBARD

The editors of Student Life a week ago recommended that the Student Council prepare legislation to amend the constitution and abolish the representation by school, and charged that it has not worked, or is it democratic.

To these charges I cannot agree. However, I do agree that the present organization of student government at Utah State

could be better. I have been aware of this and had hoped to set machinery in motion for a reorganization, but discovered it was something much too complicated to make hasty recommendations or bring about changes that may throw us in chaos.

(home sweet home) In other words the present organization must continue to function as well as possible until a better system or organization is presented.

I should like to point out what I believe is wrong with the present organization and make some general recommendations which would need a great amount of

study. A masters thesis could well be written on student government at Utah State.

My limited study of political science and experience has taught that there are three divisions of a democratic government: legislative, executive, and judicial.

The present student council at Utah State is all three. This I believe is bad. I believe it is quite impossible to have one body representative enough to legislate, small enough to be executive, and have the qualifications and the time to be judiciary. All this is what has been attempted in our one council.

The idea of trying to be representative came with the election of councilmen from the various schools. In an attempt to bring the class officers into the program they were made appointive officers of the council this year.

The pressure of multiple jobs along with academic responsibilities have caused several resignations on the council this year. The responsibilities must be spread out just a little more.

A body which is chiefly executive, as the present council is, has all it can do to perform the necessary executive tasks from day to day, and keep the ship afloat and in reality has little time to devote to big and important long range programs. This could be done by legislation

worked out by committees of a legislature.

A part of the purpose of student government should be to teach principles and operations of government and democracy. Principles are as important as the accomplishment of the task itself.

With the cooperation of the political science department and with the approval of the administration it seems now probable that an organized class in the study of student government will be taught next fall quarter. It is also possible that credit hours for participation in student government will be given. This would help relieve some of the academic pressure on student officers and give them training in student government administration.

Student Elections

(Continued From Page One)

year, chairman Richardson pointed out, and urged all candidates to abide by the rules.

Voting May Be Easy

There is a possibility that the voting process may be made much easier, Richardson reported. Action taken by the student council Tuesday opened the way the use of IBM cards for voting.

A committee was designated to investigate the possibility to using the IBM cards, and if the report of this committee is favorable, the cards probably will be used.

Voting in the primary election will be conducted April 8 in the lobby of the union building. The final elections will be conducted in the main auditorium. This switch of the primaries to the union building was necessitated by previous assignment of the auditorium on April 8.

The council has authorized limited campaigning this year, because of damage done last year to walls of buildings. Each candidate will be limited to one campaign item per building. This item must be hung by screw-eyes furnished by buildings and grounds, on designated areas. Unlimited campaigning will be permitted on the campus, subject to the rules.

Agathon Fashion Show Builton Modern Theme

"Agathon," Utah State college's educational fair, presents "Fashion Show ala Moderne," according to co-chairmen Neeltje Eggen and Alice Welti.

While this may not be the actual name of the Agathon fashion show, the whole theme is centered around modern art, verse and original modern clothing designs made and modeled by girls in the home.

making department. Included for the Aggie Joes are everything from modern sport wear to formal dinner wear.

The fashion show, which was a main Agathon attraction last spring, will be on "High School Day," Friday, May 1, at 1 p.m. Under the supervision of Prof. Mignon Perry and Prof. Florence Gilmore, the chairmen have available the complete homemaking department.

Chairman Welti

Neeltje and Alice have a lot in common. They are both seniors majoring in clothing textiles and related arts, both are affiliated with the Alpha Chi Omega sorority, both are members of the ROTC sponsor corps and both are Lagan girls.

Alice is sponsor Colonel and co-chairman of the Military Ball. She was Snow queen during winter quarter. She is assisting in the decorating of the ladies' lounge in the Union building.

Last year she was Open House queen and attendant in Miss Utah State. For the last three years she has been a Buzzer personality.

In her sorority she has held various positions such as vice president last year and rush chairman this year.

Chairman Eggen

Neeltje is a Lt. Colonel in the sponsor corps and is on the entertainment committee for the Military Ball.

While a freshman she was Miss Utah State and a contestant in the Miss Utah contest, she was singing the top ten finalists.

Neeltje was a well-known Buzzer personality. She has modeled in all of USAC's fashion shows since she was a freshman. During the summer while working at Z.C.M.I.'s in Salt Lake City, Neeltje also modeled in several fashion shows.

This year Neeltje is costume chairman of the dance contest for Alpha Chi. In past years she has been social chairman and has held other jobs connected with the dance contest.

Neeltje played a role in the fall quarter play, "The Corn is Green."

Alice and Neeltje named the rest of the committee as: Ruth Ann Simmons, program; La Dawn Larsen, models; Carol Bird, publicity; and Marcell Fitzgerald, accessories.

You Can Sing!

Chorus classes are open to all students. No previous experience is necessary, according to Prof. Welti, head of the vocal music division.

The general impression that only certain students may enroll for chorus is wrong, says Professor Welti. Only in connection with Meistersingers and Chansonnets are experience and audition required.

Chorus is listed as Music 26, section 1, for men, and Music 26, section 2, for women.

Gounod's "St. Cecilia Mass" is being studied this quarter. Characteristic of Gounod's music, the mass is beautifully melodious and rich in harmonic blending, says Professor Welti. Students are invited to participate.

College Hosts Social Confab

Utah State will host the Utah Conference of Social Work tomorrow, Dr. C. Jay Baldwin, chairman, announced.

The conference will be held in the Union building. Opening session will be at 10 a. m. Topic for discussion is "Understanding the Child."

A luncheon meeting will be held at 12:15 p. m. in the Commons area. "Marriage and Family Counseling," will be the theme of discussions during the luncheon. At 2:30 p. m., another session will be held in the Union cafeteria area. Counseling session will be at 7:30 p. m. in the LDS Institute. Topic of discussion is "Parent's Role in the Mental Health of the Child."

Consultant for the conference is Dr. Hans Huebner, regional consultant for U. S. department of health.

Fellowship Set

April 1 is the deadline for submitting applications for the Donald Kirk David fellowship program to Harvard University. Dean Joe Whitesides announced Thursday.

The fellowships are provided for graduates of all divisions in the Harvard Graduate School of Business Administration. They provide \$2,000 to \$3,000 annually for two-year periods.

Complete information on the fellowships are available from Dean Whitesides.

Seen choosing the best in dress for the Agathon Fashion Show are its busy co-chairmen, Alice Welti, left, and Neeltje Eggen.

Poetry Festival Themed Around Life of Jesus

Theme of the 1953 Poetry Festival, "Jesus in the World's Poetry," will be introduced by Gwendolyn Thornley and Mary Jane Handy of the speech and drama department. The festival will be held Saturday, April 25.

Professor Thornley and Miss Handy will set the stage for student readers whose selections of poetry about Jesus will further develop the theme. Musical selections will be sung by Miss Handy, accompanied by Elrod Stock, and the cantata will be presented by Professor Thornley.

Student readers representing high schools and colleges in Utah will present the story of Jesus in the world's poetry, with selected poems from the 1953 syllabus. Purpose of the festival theme is to acquaint students with what some of the great poets have said about Christ, says Professor Thornley.

Utah State students who wish to participate in the festival may contact Miss Thornley this week for further information.

President's Club Scheduled

The next President's club meeting is scheduled for Wednesday at noon in the browsing room of the Union Building. There the presidents will report the opinions of their organizations concerning the changing of the college name and also discuss the possibilities of a West-

ern Week at the college.

All presidents are urged to be in attendance.

"Unity through co-operation" is the code of the club and the presidents of all campus organizations make up the memberships.

Meeting once a month under

the chairmanship of Nora B. Thurgood, the members discuss informally those problems pertinent to the members of their clubs and the studentbody in general.

Goal of the club is the unity of all organizations on campus through the intelligent exchange of ideas and beliefs by these representatives of the individual clubs.

First established by former studentbody president Gary Theurer in 1951, the President's club is a comparatively new group. Besides monthly discussion meetings lecturers frequently are invited to come before the group to express their views.

Ex-speakers include President Louis L. Madsen, Dean Daryl Chase, Prof. J. C. Skidmore and Prof. Wendell B. Anderson.

IF YOU CAN WIN

THESE WINGS YOU CAN EARN OVER \$5,000 A YEAR AFTER GRADUATION

Important facts about the opportunities for YOU as a Commissioned Officer—Pilot or Aircraft Observer— in the United States Air Force

Must I be a college graduate to take Aviation Cadet Training?

No. But you must have completed a minimum of 60 semester hours or 90 quarter hours toward a degree. In addition, under the new Aviation Cadet training program, you must be between the ages of 19 and 26½ years, unmarried, and in good physical condition—with high requirements for eyes, ears, heart and teeth.

How long before I get my commission?

60 calendar weeks. You will receive the finest aviation training in the world—training that not only equips you to fly modern military aircraft but prepares you for executive and administrative work as well. At the completion of your training, you will have acquired a commission as a 2nd Lieutenant and the coveted silver wings of the United States Air Force.

Where do I take my training?

Pre-flight training will be at Lackland Air Force Base, San Antonio, Texas. Primary, basic and advanced training will be taken at any one of the many Air Force bases located throughout the South and Southwest.

What happens if I flunk the training course?

Every effort is made to help students whose progress is unsatisfactory. You can expect extra instructions and whatever individual attention you may require. However, if you fail to complete the course as an Aviation Cadet, you will be required to serve a two-year enlistment to fulfill the minimum requirement under Selective Service laws. Veterans who have completed a tour of military service will be discharged upon request if they fail to complete the course.

What pay do I get as an Aviation Cadet? And after?

As an Aviation Cadet you draw \$109.20 a month pay. In addition, you get summer and winter uniforms, flight clothes, equipment, food, housing, medical and dental care and insurance . . . all free. After you are commissioned a 2nd Lieutenant you will be earning \$5,300.00 a year—with unlimited opportunities for advancement.

Are all Aviation Cadets trained to be Pilots?

No. You can choose between becoming a Pilot or an Aircraft Observer. Men who choose the latter will become commissioned officers in Navigation, Bombardment, Radar Operation, or Aircraft Performance Engineering.

Do Aircraft Observers get flying training, too?

Yes. Aircraft Observer Cadets receive approximately 200 hours of "in the air" instructions. The primary phase of Aircraft Observer training is the same for all branches (navigation, bombardment, etc.). The basic and advanced phases of training vary, depending on the specific course you pursue.

What kind of airplanes will I fly?

You will fly jets. The Pilot Cadet takes his first instructions in a light, civilian-type plane of approximately 100 horsepower; then graduates to the 600 horsepower T-6 "Texan" before receiving transition training in jets. You then advance gradually until you are flying such famous first-line aircraft as F-86 Sabre, F-89 Scorpion, B-47 Stratojet, B-50 Superfortress. Observer Cadets take flight instructions in the C-47 Dakota, the T-29 Convair, and the TB-50 Superfortress before advancing to first-line aircraft such as the F-89 Scorpion, B-47 Stratojet.

Will my commission be in the Regular Air Force or Reserve?

Aviation Cadet graduates, both Pilots and Aircraft Observers, get Reserve commissions as 2nd Lieutenants and become eligible to apply for a regular Air Force Commission when they have completed 18 months of active duty.

How long must I remain in Service?

After graduation from the Aviation Cadet Program, you are tendered an indefinite appointment in the United States Air Force Reserve and are called to active duty with the United States Air Force for a period of three years.

What recreation and leisure time will I have as a Cadet?

Discipline will be rigid—especially for the first few weeks! However, it is not all work. You'll find swimming pools, handball courts, movies and other forms of recreation on the post.

Where will I be stationed when I get my commission?

You may be stationed anywhere in the world . . . Hawaii, Far East, Europe, Puerto Rico, elsewhere. During your tour of duty, you will be in close touch with the latest developments in new flying techniques. You will continue to build up your flying experience and later should have no difficulty securing a CAA commercial pilot or navigator rating.

Your future is assured if you can qualify! Here's what to do:

- 1 Take a transcript of your college credits and a copy of your birth certificate to your nearest Air Force Base or Recruiting Station. Fill out the application they give you.
- 2 If application is accepted, the Air Force will arrange for you to take a physical examination at government expense.

SPORTS

IT'S A HIT! Baseballers are getting the feel of things in daily practices now being held. It looks like baseball is king again and the Aggies will soon be seen in action in the springtime sports.

Batmen Have Good Hurlers In Practice

BY GARY R. BLODGETT

Utah State's baseball nine will journey southward this weekend for a pair of non-conference tilts with Branch Agricultural and Dixie colleges of Southern Utah.

The Aggie diamondmen will leave Aggie land early Friday morning in time for an afternoon game with B. A. C. in Cedar City Friday afternoon. Saturday the States will move on to St. George for an afternoon date with Dixie College.

Coach Ev Faunce is still uncertain as to whom will make the trip but indicated he plans on taking a half-dozen chuckers, a starting nine and a couple of utility men.

Early Season Outlook

In an early spring outlook, it seems as though the pitchers have a slight edge over the hitters. In an inter-squad game Monday the Aggie chuckers had the batsmen well under control, giving up but a few hits in the nine-inning affair.

"Lefty" John Dawson, Dick Lewis and Don See were the most impressive in early season drills. Ray Hlavaty, last year's winning est pitcher, has been bothered by a sore arm and in Monday's contest was hit often in the few innings he worked.

A couple of gridders—Rod Coster and Dale Jasper—look to have the inside track with the receiving chores.

Infield and Outfield

In the infield it will look something like this: either Dave Schelton or John Dawson, who, incidentally, are pitchers, will double at first base.

Around the keystone will be hopefuls Pete Sparreboom and Ben Yokomiza. The latter is a returning letterman, and a good prospect as an outfielder.

Holding the inside track for the shortstop position is Lou Gehring. Floyd "Shot" Davis seemingly has the edge over Dick Hodges and Dix Cloward for the hot corner.

Utah State's complete roster: Catchers—Ballard Larson, Rod Coster and Dale Jasper.

Pitchers—Ray Hlavaty, Don See, Dave Shelton, Dick Lewis, Bob Millard, Arlie Haws and John Dawson.

Infielders—Don Budge, Junior Waniler, Pete Sparreboom, Ben Yokomiza, Floyd Davis, Dick Hodges, Dix Cloward, Lou Gehring, Barry Flennigen and Paul Brown.

Outfielders—Jim Harris, Fred Larson, Dean Wilcox, Dick Holt, and Chad Orton.

Spring Scrimmage Now Underway

A 20-day spring grid drill schedule opened last Monday for the Utah State Aggies. Beginning March 23, the practice session will continue until April 17.

Coach John Roning hopes to climax the workouts with two night inter-squad games. The first contest will be held April 10, with the second wrapping up the schedule April 17.

With the single-platoon system going into effect this year the State gridders will have their work cut out for them—and it will be daily, except Saturday and Sunday, from 3:30 until 5:30 and will consist of hard, rugged drilling, commented Coach Roning.

Some 60 gridders, among them 22 lettermen, flocked to the stadium for football duty.

Returning lettermen:

Ends—Ralph Cavallucci, co-captain; George Hotchkin, Charlie Hatch and Matt Troncel.

Tackles—Carl Ebbert and Lamont Lamb.

Guards—Dave Kragthorpe, Darwin Brown, Reese Whitaker, and Ken Latimer.

Center—Lou Edwards.

Backfield—John Karnick, Perry Brady, Junior Bybee, LeRon Johnson, Earl Lindley, Jack Hill, Tom Lorenat, Kent Harris, Del-Ray Campbell, co-captain; and Tom O'Malley.

Spring Has Sprung

Spring footballers shape up on the bags as they run over some of next fall's rough and tumble tactics. Climax of spring practice is the annual intersquad game held in the stadium.

Tennis Team Starts Spring Drills

Aggie racquet men are on the courts getting into shape for the upcoming tennis season. Prospects for this season are not too bad and not too good according to tennis coach Gordon Porter. Coach Porter also said with a grin on his face, "But I promise we won't finish lower than last year."

At present there are about 15 men out for tennis and there is a possibility that a few more will turn out. Sid Jones, one of the bulwarks of last year's squad is out for now recuperating from an appendectomy.

Lee Hales, top point getter for the net team last year, will probably not be on this year's squad according to Porter. He is involved in graduation difficulties and it is unlikely that he will turn out.

Members of last year's team that are attending the practice sessions now are Roscoe Mason, Bruce Clyde, Phil Flammer, and Glen Peterson who was on the tennis team two years ago and earned his letter at that time. All others mentioned are also letter-men.

Freshmen out are Don Larson, Ivan Christiansen, Kent Payne, Clinton Hales (Lee's brother), Ken Woodward and Don Wortely.

There will be six matches this year and probably a few men will go to the conference meets held in May.

"At present our greatest hindrance is a lack of courts to practice on and to hold our meets on when we have them here," stated Coach Porter.

Sightin' In

BY LARRY MONROE

I had my first experience with the new glass bedding for rifles that is being used the other day.

The idea is a pretty good one though, and I hope that glass bedding works as well as its makers say it will. The theory is that you remove a lot of the wood around the barrel and other points of crucial bedding and fill the hole with plastic. Then fit the barrel in before the plastic hardens and then plastic molds itself to the shape of the barrel. Thus you have a perfect bedding job, I guess.

New Pistol

I see that Ruger Arms company makers of the popular little Ruger pistol is now putting out a new model. It is a replica of the old Colt single action in .22 caliber. The thing looks and works just like the old Colt. Considering the present popularity of the single action Colt, the new job should be popular. I don't know

The Dance Contest planning committee looks over this year's trophy which will be awarded to the winner. Committee members are, left to right, Nena Rae Hawkes, Carol Elater, Miss Lois Downs, JoAnn Calderwood and Helen Clark. The Dance Contest will be held the evening of April 8.

Campus Dance Groups Prepare For Spring Dance Festival

BY CAROL BIRD

The evening of April 8 will usher in Utah State's 23rd annual dance contest with seven women's organizations blending their talents to make it an enjoyable evening. This near professional entertainment each year draws a capacity crowd to the fieldhouse.

Each of the seven groups may enter three of the five types of dance. They include tap, modern, folk, social, and character. The group amassing the highest overall point total will win a large trophy which is now in the possession of the independent students.

The planning committee are: faculty supervisor, Miss Lois Downs; assistant intramural manager, Miss Helen Clark; student co-chairmen, Carol Slater, Ogden, and Ila Schoonover, Burley; and intramural president, Palma Lundahl, Logan.

Working on operations for the contest are JoAnn Calderwood, Coalville, programs; Carol Bird, Logan, publicity; Nena Rae Hawkes, Logan, invitations; Deon Johnson and Bernie Tomlinsen, Ogden, stage direction; and Carol

why someone hasn't thought of it before this. More people should think of more things more often.

The only other new thing around here is the nice spring weather. It's good weather to keep your powder dry in. See you.

Rae Brown, Logan, practices and rehearsals. Andy Hayes of South Bend, Indiana, will be master of ceremonies and the Corps of Sponsors will provide ushering. The scorers will be Professor Ina Doty and Eulalia Miles.

The General Chairmen of each group are conducting regular practices for the coming event. Margaret Fletcher is chairman for the Independents, current champions. She is teaching the tap and character dances and Gertrude Hippa is in charge of folk dancing.

Lambda Delta Sigma is entering character and social with Annice Benson as their chairman.

Carma Browning, Kappa Delta's general chairman is in charge of social and modern practices. Mary Davis is teaching tap.

At the Alpha Chi house, we find Valena Meyrick, general chairman, teaching tap while Nena Ray Hawkes is working on modern and Palma Lundahl on folk.

Joan Lee Wilson is Chi Omega general chairman. Working with her are Ruth Green, Vira Beth Robson, and Miley Furgis on character, folk, and modern, respectively.

The Theta U's plan to enter character and folk dancing. Margaret Shneider is in charge of them both.

Yvonne Rippon is Sigma Kap-

pa's general manager. Her tap chairman is Diane Corey, character chairman is Pat Jensen, and social dance chairman is Gail Christopherson.

Complete costuming and stage properties are also in the making and should add much in the way of color and interest.
