Catastrophic (CAT) Coverage level is fixed at **50%** of your average yield and **55%** of the price election.

Cost of Crop Insurance

The Agricultural Risk Protection Act of 2000 raised the subsidies for federal crop insurance premiums substantially. For CAT coverage, growers pay an application fee of \$100 per county with 100% of the premium being subsidized. Higher coverage levels are subsidized at lower rates but USDA pays at least 50% of the premium. For more detailed information about

the amounts of coverage and premiums, please contact a crop insurance agent.
